**Dr. Anthony Fauci is continuing Obama’s mission to cripple America
and turn it into a vaccine police state.**

Sunday, April 05, 2020 by: [Mike Adams](#)

([Natural News](#)) Former President Barack Obama had a mission for America: *Destroy it!* And he pursued [that “sleeper cell” mission for eight years](#), whipping up racial tensions, turning America against law enforcement, socializing the medical system and even allowing people like Joe Biden to transfer classified military secrets to China in exchange for financial kickbacks that were laundered through Ukraine.

As we've previously warned, Obama also allowed China to steal the Pentagon's US military personnel records. He even allowed Iran to "capture" a US military drone and a Navy boat, all as part of a grand scheme to make sure Iran acquired US communications encryption hardware. If that weren't enough, Obama then [laundered billions of dollars through international banks](#) to fund Iran's nuclear weapons program, all while lying to America and claiming the "Iran nuclear deal" would *block* Iran's nuclear ambitions (it did precisely the opposite, enabling the program and funding it).

See the full details of Obama's treason in this broadcast video:

Barack Obama is a treasonous traitor who used his eight years in the White House to try to destroy America and enrich its enemies. Now, Dr. Anthony Fauci, who worked as one of the top-level operatives inside the NIH during the Obama years, is attempting to complete the work that Obama started.

The Dr. Fauci suicide pact for America

In the last few days, Dr. Fauci has demanded that the entire nation remain locked down until every last infection is snuffed out. He wants the entire population to remain in quarantine lockdowns, in other words, until no more new infections are detected across the entire country. This is an impossible standard to achieve and would likely result in the whole country being locked down for a year or more, utterly destroying what's left of the US economy.

It should be no surprise this was always part of the plan to destroy personal health freedom and roll out a medical police state run by vaccine zealots. Dr. Fauci is a puppetmaster for the vaccine industry and claims nothing can stop the virus except a non-existent vaccine. As part of the NIH, Dr. Fauci helped funnel hundreds of millions of dollars in taxpayer money into the biological weapons / vaccine industry (it's the same industry, just two different faces). He's currently downplaying hydroxychloroquine + zinc, a combination that has so far achieved an astonishing cure rate among coronavirus patients, because he's trying to position his buddies in the vaccine industry to reap windfall profits from whatever vaccine they come up with, which will of course be heralded as the savior of humankind.

Until the vaccine is ready, Dr. Fauci wants to keep everybody locked in their homes, perhaps for an entire year to come. As Tucker Carlson correctly observes, this is tantamount to "national suicide."

— Andrew Lawrence (@ndrew_lawrence) [April 4, 2020](#)

Dr. Anthony Fauci is a dishonest vaccine propagandist who has previously claimed that MMR vaccines don't cause encephalitis. This is, of course, a flat-out lie that Dr. Fauci continues to push in order to bury the truth about the dangers of vaccines.

Now, Dr. Fauci is spearheading the push for nationwide vaccines, infection tracking and surveillance, and seemingly endless house arrest, a form of nationwide imprisonment that will only be lifted when you are vaccinated (at gunpoint) by an authoritarian government run by the medical police state. This is the end game for the vaccine industry: Turn you into a prisoner until you submit to be jabbed with their dangerous toxins that could contain anything from heavy metals to aborted human fetal tissue.

Imprisoning Americans in their own homes is just another way to destroy America from within. While the nation might be able to recover from a 1-2 month lockdown that halts the exponential replication of the virus, it cannot survive the seemingly never-ending lockdowns that Dr. Fauci is recklessly demanding.

Dr. Fauci's "vaccine greed" will be the destruction of America, if we are foolish enough to follow his catastrophic demands.

Dr. Fauci won't dare mention zinc, vitamin D or anything that works, for fear the coronavirus might be stopped before the vaccine is available.

Ultimately, Dr. Fauci is actively working to suppress information about lifesaving treatments and cures such as hydroxychloroquine and zinc, along with other immune-boosting nutritional solutions like vitamins C and D. Dr. Fauci doesn't want the coronavirus to be defeated until the vaccine comes along, so low-cost treatments are being ignored or trashed. It's all part of his narrative to shape the story line so that vaccines will be the hero and vaccine mandates will be forever enshrined in US law.

That's the goal: Turn the United States into a Big Pharma-run medical police state, where anyone who opposes vaccines is criminalized, arrested and silenced, communist China style. Dr. Fauci has a communist mindset. He's a liar and a tyrant, and his ultimate goal here is to see the coronavirus inflict maximum pain, suffering and death across America so that he can engineer a "vaccine coup" and portray himself as the savior of the nation. Sadly, President Trump played right into Fauci's hands by denying the severity of the virus for far too long, allowing it to replicate to the point where over a hundred thousand Americans might die this year alone. That plays into the contrived narrative of the vaccine zealots who see mass death as their greatest opportunity to push vaccine mandates and steamroll "anti-vaxxers" who question vaccine safety.

If we let the vaccine tyrants win, America will be lost and the people will be left to suffer and die in order to protect an industry of death and destruction (the vaccine industry).

What's the solution? End the lockdowns with these four powerful tools:

I believe we could end the lockdowns by putting four simple things in place:

- 1) Everybody needs to wear a mask.**
- 2) Everybody takes zinc + vitamin D.**
- 3) Hydroxychloroquine must be made widely available to treat serious patients. (And [possibly Ivermectin](#).)**
- 4) The government must start testing asymptomatic people to identify stealth carriers.**

With those four things, we could simultaneously defeat the coronavirus while ending the lockdowns, all without waiting around for a vaccine that might prove more dangerous than the epidemic itself.

Yet because of Trump's lack of understanding, we now have pro-Trump people claiming they *refuse* to wear masks, because they won't be "enslaved" like China. That's foolish. Wearing a mask is the quickest way to help defeat the globalists by halting the coronavirus. Wearing a mask is an act of rebellion against the slavers who hope to keep the coronavirus spreading.

The globalists want America to be destroyed. They want the pandemic to spread, and they want maximum infections and deaths in the USA. To stop their agenda, we need everyone to take zinc and vitamin D while wearing masks (in public) and practicing safe social distancing. That's how we end this as soon as possible and get America back to work and back on track.

Watch and share this important mini-documentary so that we can defeat the Obama-Fauci "death agenda" to destroy America and get this nation back on track.

It is important to add this to Mike Adams report above, that the most important factor in defeating any viral issues is to have a healthy immune system. Mike notes Vitamin D and Zinc. My sources are more specific: Vitamin D3, C, Zinc, and Potassium Iodine.

Who has the power to send the whole world to its room? Only the world central banking cartel.

The Rothschilds. Bill Gates is a cutout. His dad was their lawyer.

The best explanation for this absurd suicidal overkill is occult - our adversary is PURE EVIL. So far, we've been operating on the assumption that the virus "will fade away" (Bill Gates' words) in a month or two. However this scenario assumes the Illuminati simply seek monetary gain. They have a political agenda more important than money. They want total control. They want to leverage their monopoly over credit into a monopoly over everything.

In 1938, Illuminati insider Chaim Rakovsky told his NKVD interrogator that the central bankers created the Communist state as a "machine of total power." In the past, due to many factors, "there was always room for individual freedom. Do you understand that those who already partially rule over nations and worldly governments have pretensions to absolute domination? Understand that this is the only thing which they have not yet reached."

In [a disturbing 90 minute interview](#), Celeste Bishop Solum, who worked for FEMA for 20 years says their goals are the following:

- 1.) Test and register the DNA of every American which will prove a gold mine for the pharmaceutical industry.
2. Force Americans to accept a cocktail of vaccinations, some of which will sterilize them.
3. Inject Americans with serums containing nanoparticles which fuse with human tissue and allow them to control and monitor with a computer. This is linked to the introduction of 5G.

Essentially Americans will need [a certificate called the ID2020](#) if they want to regain their freedom of movement. Only these people will be allowed to attend mass events, like NFL games. Presumably, only these people will be able to work and support their families.

At first, I thought this woman was over the top. But then I read these statements by Bill Gates:

Bill Gates: "Mass public gatherings [might never be allowed unless everyone is vaccinated \(i.e poisoned\)](#)"

Dr. Henry Makow was referencing above a video that Celeste Solum posted last week. [In a TED talk March 24, Gates said:](#) "Eventually what we'll have to have is certificates of who's a recovered person, who's a vaccinated person [...] Because you don't want people moving around the world where you'll have some countries that won't have it under control, sadly. You don't want to completely block off the ability for people to go there and come back and move around. So eventually there will be this digital immunity proof that will help facilitate the global reopening up."

Here, Gates asserts that [everyone needs to be "tested"](#) and we should prepare vaccines for new pandemics.

Yesterday, Gates said that thanks to "social distancing" cases should "level off" by the end of April.

But, [Gates predicted things won't](#) "go back to truly normal until we have a vaccine that we've gotten out to basically the entire world."

Yesterday, Dr. Anthony Fauci [predicted the coronavirus "will become a seasonal event"](#) (like the flu?.) The head of the St. Louis Fed said, [all Americans may need to be tested for Coronavirus](#) before economy can be restarted.

What you are watching is what I refer to as Classical Hegelism. "Problem – Reaction – Solution"

The picture on the next page will help you visualize what I have been writing about for two decades. Karl Marx adopted George Hegel's "Dialectic" – "Thesis – Antithesis – Synthesis" to bring about change into his world of overthrowing the Russian Royal Family and replace it with a Communist system to control society.

The world is being transitioned to the New World Order, now at a rapid pace. Do not even think things are going to return to normal or the way they were before the Corona virus pandemic. In another article I am working on currently, we will be looking at how 5G and AI or Artificial Intelligence will rule humanity. But for now, I will give you a heads up here on Agenda 2030, which was originally known as Agenda 2020.

The United Nations 2030 Agenda decoded: It's a blueprint for the global enslavement of humanity under the boot of corporate masters. Part of their plans, officially dubbed "Post-2015 Sustainable Development Goals," aims to reduce inequality worldwide by forcing individual governments and citizens alike to share their wealth under the guidance of a one world government. The vast percentage of the world were oblivious as to what the UN and the Vatican were planning, even going back to 1996, when I was tuning in to the Globalist agenda. This is basically an over view of the larger plan:

- Western taxpayers will be fleeced so that their wealth can be redistributed internationally and economies are cut down. (CARBON TAX)
- Decided by unknown bureaucrats without asking them.
- Most of the wealth extracted from the productive sector will be redistributed to the UN and Third World regimes — not the victims of those regimes.
- Governments must also seize control of the means of production — either directly or through fascist-style mandates. "We commit to making fundamental changes in the way that our societies produce and consume goods and services," the document states.
- Agenda 2030 document is claiming that today's "consumption and production" patterns are unsustainable, so we'll need to get by with less.
- Maurice Strong, deceased Canadian billionaire longtime UN environmental guru who led the 1992 Earth Summit : *"It is clear that current lifestyles and consumption patterns of the affluent middle-class...involving high meat intake, consumption of large amounts of frozen and 'convenience' foods, ownership of motor vehicles, numerous electrical appliances, home and workplace air-conditioning ... expensive suburban housing ... are not sustainable."*
- We must get by with less because there are now too many people on the planet consuming too many resources. Rationale for accepting UN-imposed scarcity is false.
- The global regime they envision would take good care of us — through universal health coverage, for instance.
- "Achieve universal health coverage," including "vaccines for all." Universal access to "mental health," along with "sexual and reproductive health-care services" —code words for abortion and contraception "

- Soviet dictator Vladimir Lenin made clear that controlled healthcare is the “keystone” of socialism.
- “Children and young women and men are critical agents of change and will find in the new Goals a platform to channel their infinite capacities for activism into the creation of a better world,”
- “By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and nonviolence, global citizenship and appreciation of cultural diversity and of culture’s contribution to sustainable development,”
- The UN openly advocates the use of schools to indoctrinate all of humanity into a new set of values, attitudes, and beliefs in preparation for the new “green” and “sustainable” world order.
- UN’s education agenda also puts sex “education” front and center. “By 2030, ensure universal access to sexual and reproductive health-care services [abortion and contraception], including for family planning, information and education,”
- “To meet the investment needs of the Sustainable Development Goals, the global community needs to move the discussion from ‘Billions’ in ODA [Official Development Assistance] to ‘Trillions’ in investments of all kinds: public and private, national and global, in both capital and capacity.”
- “Children and young women and men are critical agents of change and will find in the new Goals a platform to channel their infinite capacities for activism into the creation of a better world,” the agreement explains.
- “By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture’s contribution to sustainable development,”

- **How much will Agenda 2030 cost? “From Billions to Trillions” released by the World Bank July 2015; “To meet the investment needs of the Sustainable Development Goals, the global community needs to move the discussion from ‘Billions’ in ODA [Official Development Assistance] to ‘Trillions’ in investments of all kinds.**
- **Document states, “We recommit to broadening and strengthening the voice and participation of developing countries [i.e. the regimes ruling those countries] — including African countries, least developed countries, — in international economic decision-making, norm-setting and global economic governance.”**
- **Every one of the 193 UN member governments on the planet — from murderous communist and Islamist dictatorships to those ruling what remains of the “Free World” — vowed to help impose the UN’s controversial goals on their subjects.**
- **So wonderful to some of the world’s most brutal dictators that they could hardly contain their glee. “This agenda promises a brave new world, a new world which we have to consciously construct, a new world that calls for the creation of a new global citizen,” Marxist dictator Robert Mugabe**
- **Robert Mugabe, the genocidal mass-murderer enslaving Zimbabwe who also serves as chairman of the African Union. “I want to believe that we are up to this task that we have voluntarily and collectively committed ourselves to. Our success, and in particular the promise of a new world that awaits us, depends upon this commitment.”**

Over the past three decades you have read and heard headlines of the Sustainable Development philosophy/agenda, but like most people, you could not relate to how that term would impact your lives. The term was for most an esoteric phrase that they did not connect to personally. In retrospect, I saw all this coming as early as 1996; however, it was being delivered in bits and pieces such that putting it all together required time and work few had at their discretion.

After I left the United Methodist Church in 1998, I had time for as this. Get ready to make your “Depature”!

Blessings,
