

# Africa is only 6% Vaccinated, and Covid has Practically Disappeared... Scientists “baffled”

The majority of people in Africa have not been “*vaccinated*” for the Wuhan coronavirus (Covid-19), and as a result, there is very little covid activity on the continent. The most recent news reports coming out of mainstream media outlets are now saying that the plandemic is practically non-existent in Africa.

This is confusing to people who have been led to believe by these same outlets that getting vaccinated is helping eradicate disease on a global scale. According to the *Associated Press*, life in Zimbabwe continues as normal – people aren’t wearing masks and nobody is vaccinated. People pack the local markets in close proximity to one another, and yet somehow nobody is getting sick. “*Covid-19 is no longer a problem,*” stated Nyasha Ndou, who joked with reporters about how he keeps a mask in his pants “*to protect my pocket.*” He asked “*when the last time anyone had heard of somebody dying from Covid-19 was*”, adding that the only motivation he has for keeping a mask on his person is to avoid potential conflict with local police.

***Last week, Zimbabwe had a mere 33 new occurrences of the Chinese Virus. The majority of these cases are most likely fake because PCR tests are fraudulent and only detect the common cold. In other words, the Fauci Flu appeared to have vanished from Zimbabwe without any sort of vaccine or injection.*** Maybe the Fauci Flu is really a manifestation of wireless energy at levels the human body was never intended to deal with.

**The only areas of the world seeing mass disease and death are those that have adopted vaccines as their main form of healthcare.**

Zimbabwe is not an exception. According to the AP, the majority of Africa has not experienced the influx of deaths that was initially predicted by those lying about the *plandemic*. In fact, the complete opposite happened. If the media and government hadn’t continuously said there was a new virus, many people would have never known it existed. The virus only exists because people are being brainwashed and threatened.

Life today would be similar to life before 2020, if it weren’t for the internet, television, and governments pushing lies. “*Africa doesn’t have the vaccines and the resources to fight Covid-19 that they have in Europe and the U.S., but somehow they seem to be doing better,*” said Wafaa El-Sadr, chair of global health at [Columbia University](#) about another “strange” factor in the African equation. El-Sadr and others do not understand why countries that have chosen not to vaccinate their citizens are doing better than those countries where vaccinations are mandatory. While the AP has deemed this an

enigmatic situation, our readers know the truth. Only a tiny fraction of Africa has received “*the jab*” for the Chinese Flu. And yet the continent remains “*one of the least affected regions in the world*” when it comes to the *plandemic*. The so-called “*experts*” are having difficulty coming up with a reasonable explanation. It is clear to anyone with common sense that getting injections increase your risk of illness or death.

***“We went into this project thinking we would see a higher rate of negative outcomes in people with a history of malaria infections because that’s what was seen in patients co-infected with malaria and Ebola,” added Jane Achan, a senior research advisor at the Malaria Consortium.***

***“We were actually quite surprised to see the opposite – that malaria may have a protective effect.”***

Now I must interject into this report that Africa has little to no **5G** either! During the so-called Covid infection worldwide reports of a virus were not mentioned other than to note that South Africa and capitals of some oil producing states in Africa were recording few sporadic outbreaks. Throughout all of 2020, Africa as a continent remained free of any signs of the so-called Corona virus. **Correlation does not prove causation, critics will argue, but the global data is distinctively biased on behalf of my point.**

**Africa is made up of 54 sovereign states, and has a population of 500,000,000 people. Zimbabwe’s 33 cases defies any and all explanation since its population is 14,862,924 according to the Worldometer site. Statistically speaking, this is a joke, if you don’t mind my humor.**

**The **5G** “revolution” is underway in Africa—but it remains a long way off from reality.**

**To gauge the progress of **5G** networks in Africa, consider this stat: **5G** connections will account for only **3%** of the total mobile connections on the continent by 2025.**

While the rest of the world races to make the technology become the standard, it is pretty clear that mass adoption of the **5G** networks is not yet on the cards in Africa.

In fact, the **5G** networks launched by Vodacom and MTN in South Africa are the only ones in operation across sub-Saharan Africa. But even this has happened ahead of schedule with the South African government assigning temporary spectrum in the wake of the coronavirus pandemic, ostensibly to boost broadband connectivity with millions working from home amid a national lockdown. Deployment remains in infancy stages elsewhere on the continent with trials conducted in Gabon, Kenya, Nigeria and Uganda so far.

**5G** networks come with the promise of even more speed and capacity than currently exists. On a granular level, it will mean faster connectivity for mobile users and wider capabilities for businesses and governments to operate digitally. For more context,

while it takes 22 minutes to download a high-definition movie on a 4G network, it will only take 32 seconds on a **5G** network. As an illustration of the deepened capacity: **5G** networks are also projected to be able to service a million devices within a square kilometer—100 times more than 4G networks can handle in the same area.

But, as data from the [GSMA Mobile Economy report](#) shows, 3G will remain the most dominant network (58%) for the 1.05 billion mobile connections projected in Africa by 2025. *“The focus in the near term for operators and other stakeholders is to increase 4G uptake,”* the report states. Indeed, 4G connections are expected to account for only 27% of mobile connections by 2025—up from 4% today.

But despite low growth and deployment rates for **5G** networks on the continent, key progress will be scored on other fronts over the next five years. Mobile network operators are expected to rapidly scale up **5G**-related investment across Africa, laying the ground for faster deployment rates in the future. While **5G** currently accounts for less than 10% of capital expenditure for telecoms, increased investment will see it grow to account for more than half of operators’ capacity by as early as 2024.

Regardless of the networks powering them, mobile connections in Africa remain on pace for continued growth: sub-Saharan Africa is expected to add 130 million new subscribers by 2025 with half of that growth spurt coming from Nigeria, Ethiopia, Democratic Republic of Congo, Tanzania and Kenya. The continent’s strong focus on mobile will also see 475 million people using mobile internet in Sub-Saharan Africa by 2025 while smartphone connections will almost double to reach 678 million by the end of 2025.

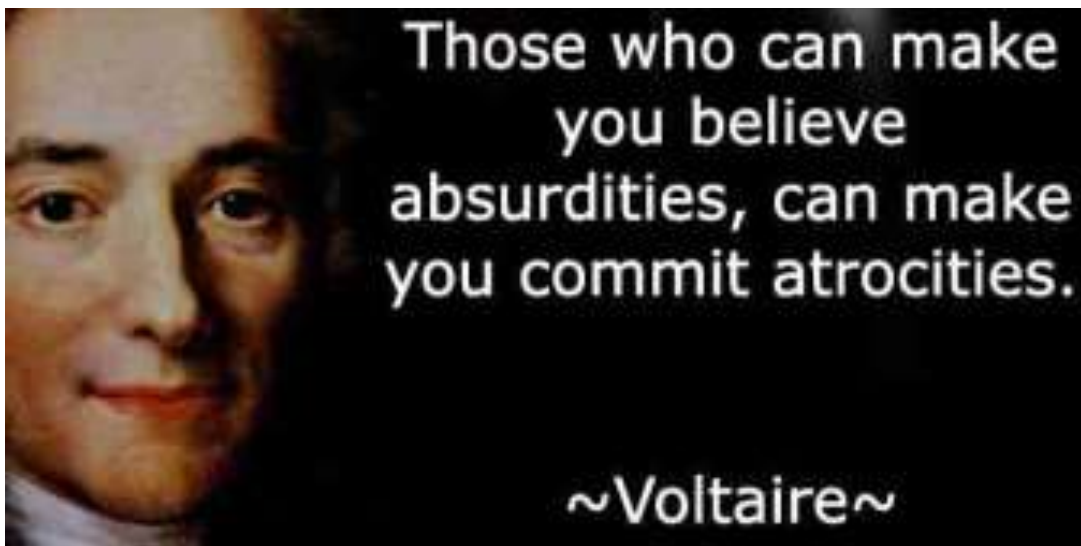

The data I have presented does support my contention here that correlation does confirm causation, and mainly because of it is centered on a single continent of Africa. If using this statement above - **“To gauge the progress of **5G** networks in Africa, consider this stat: **5G** connections will account for only 3% of the total mobile connections on the continent by 2025.”** [What does that tell you about where Africa probably is in 2022?](#)

In over a hundred articles that I have written just on **5G** alone it seems to me that the world has been deceived on multiple levels of how **5G** radiation poisoning being hidden through a scandemic of being a novel rogue virus. This bovine excrement has to stop and people need to exercise some “critical thinking” weighing both the evidence and the fact we have another Petrie Dish case example of disinformation to mask the truth!

Why do so many folk go rushing, lemming-like to the clifftop’s edge when some global airhead pooh-bah comes up with yet another harebrained scheme?

Is it now Klaus Schwab and his ilk trying to appeal to the “minimalist” in you?

What was once ‘Room with a view’ is now ‘Silo with a view:

When politicized medical absurdities are accepted as medical science, atrocities are committed in the name of science. Changing the names of things does not change the objective reality of that thing, it changes the minds and hearts of individuals responding to that thing. So, when parents surrender their authority and common sense to the "experts," and are convinced that biological sex is fluid and gender is a choice (absurdities), the parents commit atrocities against their children with the help of their doctors and therapists who are ideologues, not doctors or therapists.

Here is another report this morning about how the cruise industry scam using a non-proved virus to hide their stupidity or dishonesty, perhaps both, about 5G causing health issues for their cruise patrons.

## Blocked By Bali: Queen Elizabeth Experiences COVID-19 Outbreak With Hundreds Infected

By [Jim Walker](#) on November 27, 2022

A number of news outlets in Australia are reporting that the *Queen Elizabeth* cruise ship is experiencing a COVID-19 outbreak. The country of Bali took the extraordinary step of blocking the Cunard ship from calling at port.

Neither the cruise operator (Cunard) nor ship owner (Carnival Corporation) would disclose the number of infected passengers or crew members. The [Sydney Morning Herald](#) reported that Cunard admitted “*there was an ‘elevated level of transmission’ on board, but declined to provide case numbers.*”

The ‘*Sydney Morning Herald*’ states that authorities in Indonesian requested the Queen Elizabeth to abandon the Balinese leg of its 17-day tour, following a COVID-19 outbreak on board.

*“The Queen Elizabeth left Sydney on November 15, stopping at Airlie Beach, Cairns, Port Douglas and Darwin, but will cut short the final week of its tour and head straight to Fremantle.”*

ABC News in Australia reports that the “*WA (West Australia) government said it had received information that 10 to 15 percent of the people on board are COVID-positive.*”

With nearly 2,100 passengers and a crew of around 1,000, that means that between 310 and 465 people on the Cunard ship were positive for COVID-19.

The Australian newspaper added that *the “abandonment of the ship’s Bali tour follows the berthing of the ‘Majestic Princess’ in Sydney earlier this month, carrying 800 COVID-positive passengers and crew.”*

There has been a trend of cruise ships calling on Australian ports in the last month with a significant number of passengers and crew members positive for COVID-19:

[Majestic Princess](#) – 800 infected guests (Sydney);

[Quantum of the Seas](#) – 400 infected guests (heading toward Queensland)

[Coral Princess](#) – 290 infected guests and crew (Fremantle);

[Grand Princess](#) – 200 infected guests (Melbourne);

[Ovation of the Seas](#) – 129 infected guests and 2 crew member (New Zealand)

[Majestic Princess](#) – 116 infected guests (Tahiti).

The only reason that I can think of for the continued infections, death and disinformation has been summed by Stefan Stanford of the news site 'All News Pipeline'. His post for Sunday, November 27<sup>th</sup>, 2022 tells it like it is.

**- Living Under A Medical Dictatorship Will Be The 'New Norm' If Biden And The Globalists Get Their Way**

**[By Stefan Stanford - All News Pipeline - Live Free Or Die](#)**

*"In war, truth is the first casualty." — Aeschylus*

While we'll never get this news from the evening news nor the mainstream media, according to research being done by Edward Dowd, a former expert Wall Street analyst and BlackRock portfolio manager, [there is a staggering amount of 'excess mortality'](#) as 2022 nears its close, with over 2,400 EXCESS Americans DYING each day following the rollout of vaccine mandates.

With [Dowd warning Mike Adams in this story](#) that comes out to an alarming 900,000 EXCESS Americans dying in a year, as Dowd explains, *excess mortality is running about 32%. Around 7,700 Americans routinely die each day, and **32% of that comes to 2,400+ deaths per day. That's only counting America.** Global deaths are, of course, far higher. **Credible estimates of global deaths from covid-19 vaccines have been compiled by other analysts and experts, and they claim that at least 20 million people have already been killed worldwide from covid-19 vaccines, making the scale of this "vaccine holocaust" more than triple the size of the historical Holocaust atrocity.***

And while quite ludicrously, according to one medical journal, [anti-vaxxers are causing the deadly blood clots in vaxxed people](#) by scaring them about all of the now-proven vaccine dangers, if that's actually the case, then why didn't all of the medical tyrants scare all of the 'anti-vaxxers' into deadly heart attacks and strokes with their endless medical tyranny, lockdowns, mask mandates and abuse?

With all of these 'excess deaths' happening now at a time when [we've argued 'genocide' is being carried out by the globalists](#) upon those they see as 'useless eaters,' take close note that this is also happening at a time when [bioweapons expert Dr. Francis Boyle warns the American people should be going into a major RED ALERT](#) with a new World Health Organization pandemic treaty being finalized, a treaty that would overrule the US Constitution and unleash a medical dictatorship here in America according to Dr. Boyle.

Warning us that if signed into law by Fuhrer Biden, future pandemics would unleash the kind of 'medical boot stomping upon human faces dictatorship' we're now witnessing in China at the mere mention of a pandemic, as [Brian Wilson had elaborated upon in this ANP story](#), these global eugenicists truly believe they are at war with the rest of us, with our 'elimination' their 'end game,' thus making the words of warning of [Greek tragedian Aeschylus](#) hit that much closer to home.: "*In war, truth is the first casualty.*"

While the shocking list of illnesses and diseases seen above might seem like an outtake from a science fiction disaster movie, it is quite alarmingly a list of illnesses and diseases that US military members are now seeing catastrophic increases of since the rollout of the vaxxes if we are to believe US military whistleblower Lt. Col. Dr. Theresa Long as heard in the 1<sup>st</sup> video at the bottom of this story, '*Died Suddenly*'.

Testifying in Idaho back in September and warning us that United States military readiness has been put in jeopardy by the rollout of the vax and the govt forcing U.S. military members to get it, as we all know by now, the vax sure isn't stopping people from getting COVID and evidence is showing now that the more boosters one gets, the more likely they'll also be getting COVID at some point in the future.

And as we ourselves can see in that alarming video, previously young and healthy people are now dropping dead all across America and the world with the mainstream media still neglecting to report upon the '*dying suddenly*' outbreak, not all of this is such a huge surprise to ANP readers, where we've been reporting on the globalists '*depopulation agenda*' for years now, compared to much of the rest of the population who would never believe that there are those who want to 'eliminate' a hefty portion of us.

Yet this video also points out the work of one Thomas Malthus, *an 18th-century British philosopher and economist noted for the Malthusian growth model, an exponential formula used to project population growth.* **The theory states that food production will not be able to keep up with growth in the human population, resulting in disease, famine, war, and calamity.**

Much of what the [globalists depopulation agenda](#) is based upon, them killing off the majority of us 'useless eaters' so that there will be enough food and supplies for the rest of THEM to survive, take note that they're more than happy to 'eliminate' the rest of us, as long as their own lives and agendas continue.

So why, if we are to believe the whistleblowers in that video, would U.S. leadership put U.S. military readiness in jeopardy by forcing our young men and women in uniform to take an unsafe vax? No doubt something reeks to the core surrounding practically everything surrounding [this perfect storm barreling down upon America](#).

*“The vaccine was not brought in for COVID. COVID was brought in for the vaccine. Once you realize that, everything else makes sense.” ~ Dr. Reiner Fuellmich*

And with life insurance company executives, morticians, embalmers and doctors testifying in that video that they're witnessing something they'd never seen before in all of these 'excess deaths' now happening across America and the world, many of them largely due to all of the mysterious massive blood clots being seen in the blood of the vaxxed, why isn't the MSM reporting upon all of this unless they're 'in on it'?

The important excerpt below comes to us directly from this Mike Adams story at Natural News titled ["RED ALERT: New WHO pandemic treaty in final stages, would overrule the US Constitution and unleash medical dictatorship, warns Dr. Francis Boyle"](#) within which we're warned of what's to come to us in our near futures if we stay on the same tyrannical path that we're now on.:

*“Today we bring you a truly bombshell interview and critical story about the WHO’s new pandemic treaty which is specifically written to overrule the United States Constitution and all domestic laws in every nation, worldwide. How do we know this? Because treaty expert Dr. Francis Boyle studied the proposed treaty language and lays it all out in today’s hard-hitting interview (see below). He’s the author of the Biological Weapons Anti-Terrorism Act of 1989, and an expert in reading and writing treaties. And today, he issues his strongest warning yet made public.”*

*Dr. Boyle is the author of a recent book entitled, “Resisting Medical Tyranny,” and in today’s interview, **he openly warns that this new WHO treaty — dubbed “WHO CA+” — is designed to unleash a global medical dictatorship that would overrule your local doctors, hospitals and clinics, forcing them to follow WHO directives on things like masks, quarantines, social distancing and economic lockdowns.***

*In essence, **the new WHO pandemic treaty turns the entire world into a China-style medical police state where sovereign nations, states and individuals themselves have no recognized health freedom rights whatsoever.***

*Stated another way, **if Biden signs this treaty, what China did to its own people during COVID lockdowns will soon be coming to America.***

*Joe Biden reportedly intends on signing this treaty as quickly as possible, once the final language is completed. And from that day forward, **governments around the world merely need to unleash their own cooked-up biological weapons on their own people to set the provisions of this treaty into motion.** Dr. Boyle specifically told me in the interview that **governments are unleashing “Nuremberg-level crimes against***

**civilians,” and that this new WHO treaty grants genocidal governments the “teeth” they need to lock down, imprison or exterminate their own populations.**

**Dr. Boyle is calling for a worldwide alert and asks that this interview be widely shared to help sound the alarm.**

So with time proving to those paying attention that these vaxxes are nothing but weapons of extermination being used by eugenicists within global government against the world's population, with a global expert on biological weapons telling us that 'governments are unleashing Nuremberg-level crimes upon civilians' and this new WHO treaty will allow them to kill off even more of humanity, who will hold the mass-murderers accountable for their genocide-level crimes upon humanity? The clock is quickly ticking towards 2025 and [Deagel's forecast of way less than 100 million Americans living here by then](#), a gargantuan drop of more than 225 million from 2022's population.
