

The Antichrist's Partner In Crime – The False Prophet

And all that dwell upon the earth shall worship him, whose names are not written in the book of life of the Lamb slain from the foundation of the world.
Revelation 13:8

The Council on Inclusive Capitalism with the Vatican

Making its world debut in December 2020 while operation Covid-19 was in full assault, the [Council on Inclusive Capitalism with the Vatican](#) was opened for business. Encircling the Pope are her [Guardian Members](#) committed to [changing Capitalism for good](#).

This inclusive council is staffed by exclusive corporate executives who seem hell-bent on making capitalism "moral again". [Lynn Forester de Rothschild](#), co-founder of the Council and heir of the legendary

Rothschild Banking Dynasty stated, *"This Council will follow the warning from Pope Francis to 'listen to the cry of the earth and the cry of the poor' and answer society's demands for a more equitable and sustainable model of growth."* Lynn Forester de Rothschild, one of the world's wealthiest women, is enamored with Pope Francis and his famous environmental encyclical (letter) known as LAUDATO SI'.

The Berean Beacon has continually warned of the dangers of Pope Francis's LAUDATO SI' and its environmental agenda starting in our [May 2017 newsletter](#) and in our articles, [Pope Francis the Fox](#) and [Francis the Fox Pushes the Great Reset with Rome's Climate Agenda](#). It is sobering to observe the purveyors of the world's fake-fiat monetary system falling under the spell of the Pope's lying signs and wonders.

One of the primary reasons Ms. Rothschild partnered with the Vatican was for the "moral leadership" Pope Francis provides. It does seem odd that the world's elite financiers have found moral leadership in a man whose past is clouded with accusations of covering up [murder](#) and [pedophilia](#). Pope Francis, also known as Jorge Mario Bergoglio, was the Archbishop of Buenos and was intimately involved in *Operation Condor*, South America's "Dirty War". At the time of the "Dirty War", Francis was [Head of the Society of Jesus in Argentina](#), better known as the Jesuits. Eventually, the war claimed over 30,000 lives to torture and murder.

Should this group of corporate moralists concern you?

In recent news, Roman Catholic, Joe Biden nominated [Ajay Banga](#), a "Guardian Member" of The Council on Inclusive Capitalism, to head the World Bank. Mr. Banga was President and Chief Executive Officer of MasterCard and a [devoted follower of Pope Francis](#), he stated, *"This Council under the direction of His Holiness Pope Francis, has been created to help define that path. Together, we will help provide capitalism the guide rails that it needs to make our world more equal and sustainable."*

Being a disciple of the Pope's environmental religion, [Ajay aims to spend 'trillions' on climate change!](#) In regard to Ajay's claim of providing the guide rails to capitalism, is he referring to the credit card

debt that has enslaved the average American family? Under his leadership at MasterCard, Ajay has helped facilitate a mountain of debt [totaling \\$986 billion](#), the highest ever in world history. His co-labor in building this massive credit card debt is AL Kelly, Chairman and CEO of Visa Inc. [Al is also a "Guardian Member"](#) of The Council on Inclusive Capitalism. One should ask, is it moral to enslave the poor? Scripture tells us *The rich ruleth over the poor, and the borrower is servant to the lender.* Proverbs 22:7

What in the world is ESG and where did it come from?

Soon after the release of Pope Francis's environmental encyclical [LAUDATO SI'](#), corporate puppets were being summoned to the Vatican in order to corral them under the governance of the [Holy See](#). A call was sent out to [financial and oil executives](#) to meet with the Pope. On June 8th and 9th, 2018 a meeting was held with Larry Fink, the CEO of BlackRock. [BlackRock](#) is the world's largest investment firm, with more than \$3 trillion in assets and hoarding the controlling shares of the world's corporations. Larry Fink issued a letter to shareholders emphasizing his firm's focus on [environmental, social, and governance \(ESG\)](#).

ESG is an investment strategy that has emerged from Pope Francis LAUDATO SI. This strategy is being used to "encourage" organizations to "act responsibly." The diabolical ESG agenda promotes progressive leftist ideology using economic coercion to subvert the democratic processes. ESG works by scrutinizing a company's "**environmental**" footprint, its stance on "**social**" issues, and its internal corporate "**governance**".

The resulting effect of ESG is the abnormal focus on the progressive "Environmental" green agenda and its misguided investment strategies. The "Social" aspect pressures companies to adhere to the political demands of the perverted left in order to maintain a positive investment status, even if the political issues have nothing to do with the company's business. Finally, "Governance" is a shift in a company's focus that puts politics over profits. A company now has to be concerned about the diversity and political activism of board members along with an obsession over CEO pay.

By twisting the arms of CEOs and executive boards, BlackRock is able to force compliance to the dictates of the Papacy. It all becomes quite obvious when you follow the money. A real-life example of the Pope's ESG policy is the recent debacle with Anheuser-Busch and their transgendered beer, "Bud Light". The secular media clearly understands the controlling influence of BlackRock. The [New York Post stated](#), *"Assets manager BlackRock, along with Vanguard and State Street Bank are among the top shareholders of most American publicly-traded corporations (including Nike, Anheuser-Busch and Kate Spade) — and big supporters of ESG initiatives like the CEI."*

This perverted form of religious capitalism is spilling over into society with daily stories like, [Texas Businessman Testifies How Bank Tried To Coerce Him To Promote ESG](#). Another outrageous example of the intrusion of the Inclusive Council was when corporate muscle was used to exclude the will of the people regarding Georgia's New Voting Law. Fellow ["Guardian Member"](#), [Kenneth Frazier](#), CEO of the New Jersey-based pharmaceutical company Merck, chimed in to voice [his opposition to the will of the people](#). The citizens had passed a law to safeguard their local elections.

Corporate WOKE policies are the fruit of the Vatican alliance with [BlackRock and Big Oil](#). Larry Fink, under the tutelage of Pope Francis, is charting a new course for capitalism. They are abandoning Shareholder Capitalism for Stakeholder Capitalism which has no concern for return on investment. It seems as though there is a purposeful intent to destroy what remains of our Christian culture. Monetary losses are irrelevant as the underpinning of WOKE corporations will be unlimited financial bailouts using fiat currency. [Ajay Banga has told us](#), *"Businesses must work to earn stakeholders' trust"*. What is radically changing are the sound business practices that made America great. Historically a business had to earn the trust of shareholders and the loyalty of customers in order to be successful. The Pope's ESG policies will lead to a collapse of Capitalism and thus fulfilling the Council's claim of **changing Capitalism for good!**

The Council for Inclusive Capitalism is being used worldwide to

educate, monitor and enforce compliance with the Vatican's ESG policies. The Council for Inclusive Capitalism is the school for ESG, the evidence is clearly [posted on the Council's website](#). The Vatican holds the reigns of the corporate beast and if the Evangelical Church remains silent we will see the end of free markets, the middle class and the ascension of the Antichrist in our midst.

You might say, “what can I do about this?” Christian, you can pray against the Antichrist, you can write your representatives asking to restrict the hands of corporate fascist who are operating in complete submission to the Roman Pontiff. You can rally your Church to boycott businesses that promote the perversion that is surfacing as a result of the Vatican’s ESG policies. Corporations that fuel the false narrative of racism and gender dysphoria are fomenting division in our nation. This is the same game that Jesuit Jose Mario Bergoglio (Pope Francis) played to **stoke the fires** in Argentina in the 1970’s. Unless the Christian Church storms the gates of hell, these same tactics will lead to another dirty war but this time in the streets of North America.

Woe unto them that call evil good, and good evil; that put darkness for light, and light for darkness; that put bitter for sweet, and sweet for bitter! Isaiah 5:20

Blessings
