**The only thing necessary
for the triumph of evil is
for good men to do
nothing.**

SOTN Editor's Note: That the following factual scathing indictment of the Biden Crime Family has even been published is a testament to the collapse of the rule of law throughout the American Republic. When the FBI, DoJ and C.I.A. provide complete

cover for a VIP global crime syndicate that systematically trades in sex crimes against children, how much lower can the U.S. ZOG sink?!

ZOG = Zionist Occupied Government

That the Biden-Obama-Clinton-Bush crime families form an international RICO-level crime network of human trafficking, with a focus on child trafficking, means that four out of five of the most recent POTUSes were (and are) complicit in the worst crimes against humanity imaginable.

But what makes this sordid state of affairs so deplorable is that the Internet is now replete with hard evidence and conclusive proof of naked criminality and rampant corruption concerning all four presidents. This grim reality sets the stage for all future American presidents to satisfy the same essential prerequisite; otherwise, the Khazarian-controlled U.S. Corporation crime syndicate will find itself in great jeopardy. One thing is certain: in view of the sheer depth and breadth of the traitorous Biden Crime Family and their unmitigated treason, it cannot get any worse. Therefore, the American people are compelled to take the appropriate actions to rid the Republic of this terrible cancer, once and for all. For a failure to do so expeditiously will only plunge the entire planetary civilization into more political chaos, social confusion and military conflict.

Time for Arrests: Pedo Joe Biden's Open Border Child Sex Trafficking Operation Just Lost 85,000 Kids.
Joachim Hagopian

Even with all the appalling crimes graphically depicted on Joe Biden's son Hunter's "laptop from hell," after the FBI silently sitting on it for three years, indictments still have yet been made against the Biden crime family, now publicly known to be steeped in global child sex trafficking, pedophilia and a multitude of treasonous high crimes. But perhaps the sordid atrocities resulting from the wide-open southern border and the extensive criminal partnership between the Biden regime and the Latin American drug cartels involving a booming organized crime industry trafficking drugs and child sex slaves, it may be the final shocking blow to bring down the pedophile Imposter-in-Thief. Earlier in April an 8-year old girl was allegedly found unaccompanied at the border with [67 traces](#) of different DNA inside her from sexual predators. The same day this heinous news emerged, Missouri Senator Josh Hawley confronted Homeland Security Director Alejandro Mayorkas as gatekeeping child crime enabler and operator. The Republican senator grilled Mayorkas, reading from a scathing April 17th [New York Times](#) article titled "As Migrant Children Were Put to Work, US Ignored Warnings":

'Last summer, labor investigators began a major operation at a sanitation company that eventually found that more than 100 mostly Spanish-speaking children were working the overnight shift scouring meatpacking plants around the country. Many of the children had come through the migrant shelter system and been released to sponsors.' *[Turning to Mayorkas:]* You have, at every stage facilitated this modern-day indentured servitude of minor children. Why should you not be impeached for this?

Mayorkas was too dumbfounded to intelligibly respond. With so much incriminating evidence piling up, on Tuesday April 18th, GOP Rep. [Marjorie Taylor Greene](#) accused the Biden family on Twitter of involvement in an international child sex trafficking network, extending far beyond just the US border with Mexico:

Biden crime family participated in human trafficking by soliciting prostitutes from the United States and abroad in countries like Russia and Ukraine.

Her Twitter post allegation included a video with her disclosing:

What I saw was over 2,000 pages of jaw-dropping information. There's basically an enterprise wrapped around Joe Biden involving not only multiple family members – more than we thought there were *[nine now]* – but other people, as well. And just a complete conglomerate of LLC shell companies where money was passing through from foreign countries.

Marjorie Taylor Greene rightfully asserts the American people deserve to know about the Biden "crimes," adding that the House Committee on Oversight and Accountability has a "much bigger investigation to do than thought."

Then just last Wednesday April 26th, Health and Human Services [whistleblower](#) Tara Lee Rodas testified before the House Judiciary subcommittee accusing the Biden administration of serving as “middleman” in a multibillion dollar [migrant child trafficking](#) operation exploiting our open US southern border as the gateway to America’s growing pedophilia epidemic. At the border the US government regularly takes unaccompanied minors as well as children escorted up to the border by known drug cartel coyote traffickers to then place them on planes and buses to be dropped off with sponsors inside the US as part of the trafficking network sexually exploiting children as either sex slaves or child labor slaves or both.

Many of the coyote traffickers fraudulently posing as family members with scant administration vetting facilitates kids becoming lost casualties in the gaping black hole of this international pedophilia system. I’ve written extensively on how the Mexican and Latin American drug cartels are partners-in-crime with the Biden government as the cartels virtually own our unsecured border by deliberate design while the Biden regime handcuffs Border Patrol and INS agents from adequately doing their job to secure both our border and protect children entering the US.

In 2020 which was Trump’s final year in office, only 33,239 unaccompanied minor children crossed the border. But since Braindead illegitimately took over in 2021, 146,926 children were brought in many by cartel traffickers and in 2022, 152,057 minors crossed the border, nearly five times the number under Trump. According to the Customs and Border Protection, in all since 2021, 345,000 unaccompanied minors have entered the US from the southern border out of a total of 3.5 million illegal immigrants on Biden’s watch. Ostensibly under a transparent pretense of Biden’s family reunification program connecting children with family members already living in the US, it’s actually a joint cartel-US government criminal operation that is clearly central to the global child sex trafficking scourge operating in the Western Hemisphere. This is how our tax paid dollars are being atrociously misused, subsidizing the international child sexual slavery cabal.

HHS whistleblower Tara Lee Rodas in her congressional hearing testified that over 85,000 unaccompanied children crossing the border are now totally unaccounted for lost in this demonic multibillion-dollar child sex slavery system – a total disgrace worldwide. In my opinion, [Senator Hawley](#)’s calling on the wrong person and organization to conduct “a full scale” investigation into the mystery of 85,000 disappeared children in FBI Director Christopher Wray, a Deep State entity at war with Christianity. The FBI has been weaponized by Biden to politically persecute those deemed a threat that opposes his autocratic dictatorship, starting with Donald Trump. Hawley’s letter bombards Wray with the lowdown facts that the US government is contributing to and profiting from a modern-day slave trade:

Reporting reveals that HHS loosened vetting processes for sponsors and retaliated against whistleblowers that raised these concerns. As a result, thousands of children have been handed over to modern-day slave traders. They are forced into factory work under punishing conditions. They are forced to make auto parts, process meat in

slaughterhouses, and reroof houses,” the letter continues. They are denied food, education, and sometimes fear for their lives. They suffer sexual violence. In a country that claims to value the rule of law and the protection of children, this is unconscionable. Obviously bringing public attention to this spreading problem and demanding action and accountability is important. We need to know what’s happened to all the kids and hold all guilty parties responsible for the crimes perpetrated, starting with Biden, Harris and Mayorkas on down.

Wanting to increase awareness of this long-neglected epidemic in efforts to end this horror is why I was compelled to write five [Pedophilia & Empire books](#) exposing this despicable abomination going on for far too long. Running a parallel course to the missing migrant children is America’s corrupt US child welfare system that as a [licensed therapist](#) for decades working with youth, I clashed repeatedly with the nation’s largest Child Protective Services agency (CPS) – the LA County Department of Children and Family Services. CPS system too often acts as a pipeline supplying underage victims for the global child sex trafficking industry. I found that children’s court judges and county social workers, burdened with long hours and enormous sized caseloads, regularly make decisions placing children in their care in further harm’s way for yet more abuse.

In recent years a number of county and state CPS heads and children’s court judges function as criminal gatekeepers funneling minors straight into the abyss of CPS-trafficking pipeline. In December 2021 a Milwaukee children’s court [judge](#) received an 8-year prison sentence for possessing child pornography. Several months earlier in August 2022, two children’s court judges in Pennsylvania were ordered to pay back [\\$200 million](#) in what’s been called “kids for cash” scandal where the disgraceful judges sent kids to detention camps for kickbacks. Be it by intentional or inadvertent actions, the deplorable outcome remains unacceptably the same.

Just like top-down intentional federal policies at the unsecured border cannot account for upwards of almost 100,000 lost children, the same horrid outcome applies to America’s thoroughly broken child welfare system as well, where even higher percentages of children go missing. And it’s no different worldwide. It is shamefully tragic that our own government from federal to local plays a centrally crucial role in this organized crime system victimizing millions of children worldwide.

Each year in the US alone, [800,000 children](#) reportedly go missing, globally 8 million disappear. As far back as 15 years ago, the US State Department estimated that [2 million children](#) are globally exploited by the sex trade as the world’s fastest growing, most profitable organized crime. Child sex victims as lucrative commodities in such high demand can diabolically be “reused” over and over again multiple times during the course of a single 24-hour period. In March 2010 Georgia State senator [Nancy Schaefer](#) was brutally murdered for exposing CPS corruption as an anti-sex trafficking crusader. It’s high stakes big business blight on humanity and tragically never been bigger than it is today.

During my more than four-years of extensive research writing the five-book pedophilia exposé, I ran across statistics indicating that child victims trapped in this demonic world of sex trafficking only last about [two years](#) before they're literally used up and dead. Just as egregious, many children are tortured and harvested for adrenochrome extraction that has also risen exponentially in recent years on an industrial scale due to increased demand. Adrenalized blood of young children goes for top dollar on the black market, especially consumed by the Hollywood industry where pedophile vultures have been defiling children for over a century. A [chapter](#) in Book 4 covers this sickening nightmare. Youngblood consumed by showbiz celebs literally slows down their aging process to extend careers years longer in a brutal industry that worships youthful skin-deep appearance, particularly actresses. Just ask [Sandra Bullock](#) who laughingly admitted a half decade ago before a national televised audience, egged on by her gal pal talk show host Ellen DeGeneres, explaining how she and fellow Oscar winning stars like Cate Blanchett regularly use stem cells from cut off foreskin of Korean babies' penises to keep their faces looking so young. Many critics after the controversial airing went viral comparing it to the cruel practice of female genital mutilation and how affable Sandra wouldn't be so publicly coy if her beauty secret was injecting little girl's clitoral foreskin on her face, which many regard as no different.

The widespread practice of both male and female [circumcision](#) involving infants and child minors subjected to non-consensual trauma having foreskin painfully removed from their reproductive organs where nerve cells are most concentrated is no laughing matter. Yet it's inhumanely practiced by cultures around the globe, and then obscenely marketed for profit and pure vanity for vampiric Hollywood parasites. From children's skin tissue to their adrenalized blood, it's an ever so thin line crossed to Satanically addicted Tinsel Town literally feeding off [adrenochrome](#) blood extracted from traumatized young children. Sandra Bullock's buddy Ellen DeGeneres and their glamor town friends have often been accused of being adreno-fiends caught on videos and photos looking like death come over, amidst adreno fix withdrawal abruptly cut off during the 2020 COVID lockdowns.

It's not just guilt by association when so many of these "stars" closest friends are repeatedly linked to pedophilia scandals as close-knit buddies of America's most infamous pedophile-trafficker-blackmailer Jeffrey Epstein, his partner-in-crime Guislaine Maxwell, the Clintons, [Jon Podesta](#), Maria Abromovic, [Harvey Weinstein](#), Lady Gaga, Tom Hanks, [Madonna](#), [Oprah](#), Naomi Campbell, Kevin Spacey, Jared Lito, Steven Spielberg, the list is endless. Hollywood whistleblowing actor [Isaac Kappy](#) paid with his life for courageously outing dozens of these prominent Hollywood pedophiles worshipped as royalty around the world.

2020 was a big year for fake pandemic lockdowns and a turning point for Ellen DeGeneres' career as her staffers went public with claims that she abused them, creating a highly toxic work environment. The judging of Ellen by celebrities was then paraded forth with many [weighing in](#), some for and some against her, ultimately sealing her fate as America witnessed enough to turn on her sagging ratings. DeGeneres'

apparent karmic fall from grace caught up to her a year ago in May 2022 when her [talk show](#) days were finally over after a 19-year run.

Again, another thin stretch is elite's warped social engineering aggressively pushing the transgender agenda today, abusing underage children with hormonal puberty blockers, bodily mutilation and mental illness by a [woke, perverse agenda](#) to culturally and politically [polarize](#) America as a control mechanism. The leftist government takeover backed by the leftist mass media have co-opted the educational and medical systems to avidly promote and profit from this malevolent divide. Increasingly [schools](#) and medical facilities are illegally withholding their despicable child abuse crimes from children's own parents. As a result, a growing number of red states are outlawing gender-affirming surgery on children as no less than a child abuse crime. In the past three months alone, 10 more states have placed [bans](#) on the abusive surgery.

Today's war to destroy both Christianity and traditional family unit can be traced back to two months prior to America's Declaration of Independence. Its part of a [seven point](#) planned Luciferian objective by the Bavarian Illuminati Order, founded on the Satanic May Day [holiday](#) in 1776 by Jesuit Adam Weishaupt and Frankfurt banking dynasty patriarch Mayer Amschel Rothschild as his chief financier.

Shifting tangentially related gears to yet more child predation, several months ago it was exposed that Russian soldiers in [Ukraine](#) are encountering a thriving sex trafficking industry that includes an intricate underground tunnel system and evidence that when a trafficked child's "shelf life" expires after a year or two, so does the victim's life, brutally slashed open for their harvested organs, adding extra revenue to sex trafficking operators. Ukraine has long been a pedophilia [trafficking hub](#).

On New Year's Day 2021, a unit from US Special Ops [Delta Force](#) was dispatched in a predawn raid to the Biden family compound just a few miles from the notorious neo-Nazi Ukraine trafficking port of Mariupol. The soldiers discovered the buildings unoccupied of persons but filled with suitcases stuffed with cash and heroine. Underneath the property, trafficking tunnels running in all directions contained wrist and ankle shackles typically used in child sex trafficking. For many years the Biden crime family has been entrenched in the global pedo-network.

This is yet one more piece of evidence that imposter traitor Biden needs a military tribunal, all 5 or so of his clones and mask wearing doubles. In addition to incestuously taking showers with his abused prepubescent daughter Ashley per her [authenticated diary](#) and at every public photo-op attended, predator Uncle Joe from behind countless little girls is caught on camera compulsively unable to keep his grimy fingers from [pawing](#) over his victims' upper bodies while whispering unsweet perversions in their ears. Biden is also on record for allegations he committed [sexual assault](#) against a young staffer Tara Reide in his office in 1993. Over the decades there exists so much overwhelming evidence that Joe Biden is a full-fledged predatory [pedophile](#).

Moreover, Biden's Treasury Secretary [Janet Yellen](#), former Federal Reserve boss, oversaw the criminal money laundering known as the FTX scandal linked directly to Ukraine, operated by thief Sam Bankman-Fried, son of leftist Democratic Party contributors, Stanford economics professors and very close friends with Yellen during her Stanford prof days, all in cahoots with the corrupt Kiev government notorious as the devil's playground for trafficking of drugs, child sex slaves, human organs, DoD funded bioweapons, and especially illegal arms on Ukraine's infamous black market where most of the West's weapons stockpiles have disappeared... another reason Ukraine forces are being torn up in a Russian meat grinder.

For years through Joe's brother James, the Biden crime family also owned property on [Water Island](#) just eight miles from Jeffrey Epstein's Little St. James Island in the Virgin Islands US territory. And just one day after Joe Biden arrived in the Virgin Islands last December 28th to ring in the New Year, the Virgin Islands Attorney General [Denise George](#) was abruptly fired on the 29th after her December 27th filing of a criminal lawsuit in New York City against Epstein's bank of 13-years, America's largest bank JP Morgan Chase for alleged money laundering the Epstein-Maxwell sexual blackmail operation. AG Denise George had already won \$105 million in damages for her island from a prior lawsuit against the Epstein estate. No doubt the three-day sequence of events – the new court case filed against US largest bank, Biden's arrival and the island governor terminating her the very next day are definitely no random coincidence, just like *Fox News* firing Tucker Carlson the day before Biden announced his 2024 run last week.

The NYC federal judge in the latest Epstein related case recently ordered [Jamie Dimon](#) as JP Morgan's CEO the last 18 years and another senior former Morgan bank executive [Jes Staley](#) (most recently CEO of Barclays Bank) to testify in depositions as witnesses for the upcoming October trial. All this comes after a third JP Morgan exec reported that her [bank knew](#) about Epstein's sex business.

Epstein's [handler](#) and part-time girlfriend Guislane Maxwell, 10 months ago found guilty for her part procuring and sex trafficking underage girls is serving a [20 year prison](#) sentence. Guislane's father -Robert Maxwell, was likely murdered in 1990 for his treachery as an Israeli-British superspy and media mogul. Former senior executive for Israel's Directorate of Military Intelligence [Ari Ben-Menashe](#) disclosed that Robert Maxwell introduced his youngest daughter as daddy's favorite to Jeffrey Epstein back in the mid-1980s. Robert Maxwell recruited the couple for Israeli military intelligence to run a Zionist sexual blackmail operation capturing compromised presidents, prime ministers, royalty and entertainment superstars for the dark side bidding of the international criminal cartel owned by Khazarian mafia bloodline overlords. Two explicit [chapters](#) from my [Book 4](#) are devoted to covering the Epstein-Maxwell child sex trafficking operation, financed by Zionist oligarch Les Wexner, while the Biden-Obama-Clinton-Bush crime families linked to virtually all of America's biggest pedophilia scandals are fully documented in Book 4 of the *Pedophilia & Empire* series that can be freely accessed [here](#).

Both slavery and this worldwide pedophilia operation are sadly larger than ever today because multiple governments are directly profiting from this global scourge, largely coordinated by intelligence services (primarily CIA, MI6 and Mossad), weaponized specifically for blackmail control over selected political puppet leaders, corporate CEOs and mass media influencers. From Book 5 published in July 2021 of my *Pedophilia & Empire* series comes [chapter 13](#) on Latin America's pedophilia epidemic, detailing today's major drug-sex trafficking cartels' booming joint partnership with pedo-criminal Biden's government that due to the open border policy has been allowed to flourish today like never before. Less than six months into the Biden regime, his treasonous agenda to destroy America from within by a globalist engineered migrant invasion was all too obvious.

Joachim Hagopian is a West Point graduate, former Army officer and author of "[Don't Let the Bastards Getcha Down](#)," exposing a faulty US military leadership system based on ticket punching up the seniority ladder, invariably weeding out the best and brightest, leaving mediocrity and order followers rising to the top as politician-bureaucrat generals designated to lose every modern US war by elite design. After the military, Joachim earned a master's degree in Clinical Psychology and worked as a licensed therapist in the mental health field with abused youth and adolescents for more than a quarter century. In Los Angeles he found himself battling the largest county child protective services in the nation within America's thoroughly broken and corrupt child welfare system.
