

Biden Administration to Deploy Military and Mail 500 Million Covid Tests!

Biden Covid tests by mail will be coming to your door January, 2022.

Joe Biden (or Arthur Roberts) plans to deploy military assets and distribute 500 Million Covid tests by mail amid COVID-19 Omicron Wave. Omicron does not exist except in your imagination. Or if you are in the government that wants to kill you it will be in whatever trick they have planned this time around.

Let me first tell you why they want you dead. Social Security is bankrupt after 2026, but they tell us it is solvent until 2034. They have known this for decades but have decided to get rid of the problem. Since the data on Covid-19 deaths has been compiled the average age of death to so-called Covid-19 was low to mid-70's. The weekly VAERS report confirms this. Last week's "**Mass Murder by Injection**" report was **72.7** years.

Dr. David L. Martin has on his web page this phrase: "WHAT IS THE ECONOMIC VALUE OF A HUMAN BEING IN A WORLD RUN BY MACHINES?"

No one today knows more about this issue than Dr. David L. Martin. I have been saying that Depopulation is the world's greatest issue since 1968. Professor Paul Ehrlich wrote his book *'The Population Bomb'* In 1967, and the UN commissioned the Club of Rome and the Rockefeller family following year to find ways of eliminating humanity through what is commonly known as "Silent Weapons for Quiet Wars".

When Social Security was created in 1935, the life-span for a man was around 59 and a woman around 63. The Roosevelt administration set the age of 65 years to be eligible to collect old age pension benefits was largely unreached way back in the 1930s and 1940s. Life expectancy has improved with sanitation, clean water, health care and general living conditions. Today the life expectancy is in the late 70s. At one time there were 10 workers for every person receiving Social Security benefits. That has declined to where today; it is like a ratio of 3:1 or maybe 2:1.

Recently David Martin speaking at a Red Pill Institute noted that men at the top of the government bureaucracy had decided the government could not meet its commitments to American workers with Social Security, Medicare, and was in a serious problem. Five years ago in 2018, I wrote two articles on the point Social Security will end in October, 2022. So this talk that the Social Security Trust Fund is solvent until 2034 is simply bovine excrement. That should tell you enough to know if you are 70 or older you have a bulls eye on your back. The Covid statistics for 2020/2021 simply confirms what I have been saying for decades!

Omicron, the new trendy variant is everywhere! (Even though it was just "discovered" a couple weeks ago! Sorry, but I mean, it was planned out years ago as part of their brainwashing for control agenda. The word Omicron is an anagram for Moronic!

The stinking sack of bovine excrement (and puppet actor Arthur Roberts) standing in for brain-dead Joe Biden, is planning to mail out at least 500 million COVID-19 tests, starting January 2022, according to the White House. Why 500 million? The country has a population of 331-million, and supposedly 250 million have already got their jabs! They already have the addresses of those vaxxed so it is not that hard to do an address match against their Social Security Master File record number. Believe me it is as easy as a child learning $1 + 1 = 2$.

Well the Supreme Court has not ruled on the Biden mandate, you say. My 5-part series on "God versus the U.S. Supreme Court" will tell why I see the fix is in on that trivial detail! Link to: [God Versus U.S. Supreme Court, Part 1](#)

The White House on Tuesday said it will send the Covid test kits to homes as part of an effort to deal with the Omicron COVID-19 variant, which the Centers for Disease Control and Prevention (CDC) on Monday said accounts for about 73 percent of cases in the United States.

This variant was first reported in Botswana, South Africa three weeks ago has been used as a Segway to stoke the fires of fear as Covid has been a bust for the world elite.

The Botswana director of health said it is nothing more than a cold, but if one Greek letter named virus works, then let's use it again for the play book of tricks!

On a side note, Covid, the Delta variant and Omicron variant (and other variants to come), are scare tactics to force you into getting their job of compliance (All part of their agenda.)

"Today, biden is announcing his Administration will purchase a half-billion at-home, rapid Covid tests, this winter, to be distributed for free to Americans who want them, with the initial delivery starting in January 2022," the White House said in a press statement.

He did so despite his mandate was stopped by the 6th circuit court but when you read my noted article you will know why he is so confident the Supremes will rule on his behalf for the betterment of society.

Additional federal test sites for covid will also be set up across the United States in coming days, starting in New York City, according to the White House, in a bid to help "states that need additional testing capacity."

[Read an interesting post on what covid test kits contain. SPOILER ALERT – DANGEROUS TO YOUR HEALTH.](#)

The biden covid tests by mail appears to reverse a previous White House position on COVID-19 testing. You don't say?

White House press secretary Jen Psaki earlier this month told reporters that the administration won't be mailing test kits to every home.

In the press release, the White House confirmed it will send 1,000 members of the military such as military doctors, nurses, paramedics, and other medical personnel to hospitals in January and February of 2022.

Six emergency response teams with more than 100 staff members are also being sent to Michigan, Indiana, Wisconsin, Arizona, New Hampshire and Vermont, said the White House. Meanwhile, Federal Emergency Management Agency (FEMA) response teams will be sent to add capacity to hospitals in some states, and the federal government is "paying for all of it," the statement added. They are so generous with your tax dollars!

Notice where these six states are located, in the cold north east and north central part of the country. Well not Arizona but Arizona is a state where the elderly call home!

The Federal government is paying for all Covid test kits? Where do you think the Federal government gets its money for the biden Covid tests by mail? That's right – taxpayers...we will be paying for it.

Taxes are illegal by the way, always have been – [Check the U.S. Constitution](#) and Declaration of Independence. The 16th Amendment was never legally ratified, but that never stopped the House of Rothschild and the Vatican and don't forget the Bank of England from creating the IRS collection agency and the IMF to distribute your tax payments that went into a Puerto Rico bank Trust Fund of the IMF.

“This is on top of the 300 federal medical personnel that we have deployed since we learned about Omicron,” the news release said.

The CDC Monday reported that Omicron is rapidly spreading and may be the dominant variant in the country, representing some 73 percent of sequenced U.S. cases. The Delta strain, which emerged earlier this year, makes up about 26.6 percent of infections, while just a week before that, Delta represented 87 percent of cases.

Biden Lays Out New Effort Against Omicron Variant

Get ready....que sad violin music.....and.....read

“I want to start by acknowledging how tired, worried and frustrated I know you are,” The fake Biden began in his address to the nation from the White House. *“For many of you, this will be the first or even the second Christmas we look across the table to see an empty kitchen chair.”*

Pathetic attempt and guilt tripping – doesn't it just tug at your heart strings? The government is murdering people with their "vaccine" and hospitals are in on it.

Did you know hospitals receive \$49,000 for each person [they murder?](#) Fake Biden acknowledged that the highly transmissible omicron variant, which became the most dominant Covid strain in the country Monday, was raising concerns just as travel kicks off at nearly pre-pandemic levels for the holiday season.

"If you're not fully vaccinated, you have good reason to be concerned," The fake Biden said. *"Almost everyone who has died from Covid-19 in the past many months has been unvaccinated. Unvaccinated."* Sorry Joe, vaccines and hospitals are murdering people.

[Read about Covid Vaccine Fatalities and Side Effects HERE](#)
MORE Biden DIARRHEA Of The Mouth

"You're putting other people at risk – your loved ones, your friends, neighbors, strangers," Biden said, to unvaccinated Americans. *"You may think you're putting only yourself at risk. But, it's your choice. Your choice is not just about you, it affects other people. You're putting other people at risk. Your loved ones, your friends, neighbors, strangers you run into, and your choice can be the difference between life or death. The longer the virus is around, the more likely variants form that may be deadlier than the ones that have come before,"* Biden said.

For vaccinated Americans, the message was starkly different. Biden encouraged spending time with family.

"If you are vaccinated and follow the precautions that we all know well, you should feel comfortable celebrating Christmas and the holidays as you planned it," Biden said.

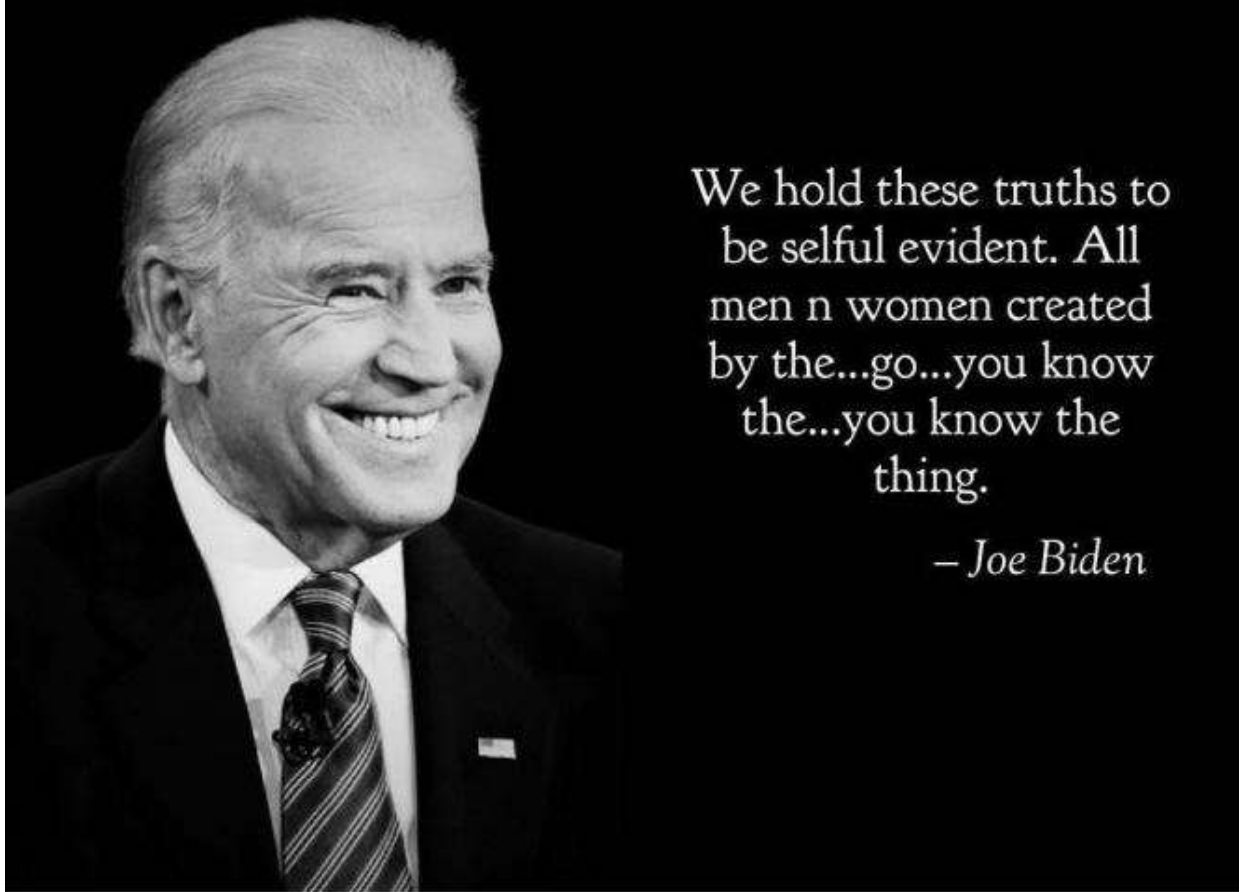

Notice how Biden's right ear lobe is not attached. Why are later photos of Biden showing it attached? An Actor? Where is Biden? Is the Hollywood actor Arthur Roberts the only doppelganger for the brain-dead Joe Biden? Oh, so many questions we have!

Now, those who are completely against their covid vaccine and agenda will NEVER change their mind....NO COMPLIANCE EVER!

Covid variants, fear tactics and mandates will continue until most or all people comply,

Covid Is A FEAR TACTIC

Authorities in South Africa, where Omicron is first believed to have emerged, reported late last week that the hospitalization rate for Omicron patients is about one-tenth of the hospitalization rate that was seen during the early phase of the Delta wave. New York City's chief medical official, Dr. Dave Chokshi, made in a statement, and luckily, total compliance isn't happening.

“Right now, there are about a thousand people hospitalized with Covid-19 across New York City. That’s about a quarter of where we were at the peak of last winter’s wave and less than a tenth of where we were in the spring of 2020,” Chokshi said on Monday, blaming the rise in infections on the “Omicron wave.”

In all of New York City, 1,000 people are hospitalized due to the flu. When was the last time you heard flu cases on the lying news media? That’s right, You haven’t for more than two years. Only Covid exists now...this is what they want you to believe.

On Tuesday evening, Biden or whoever his double is made a televised announcement about the Biden Covid tests by mail initiative. During a news conference Monday, Psaki said the president will not call for additional lockdowns or stay-at-home orders. But wait, remember they said they wouldn’t be mailing out Covid test kits earlier this year?

So what is the point to the Biden Covid tests by mail? It is simply to greatly ramp up the bogus numbers of positive Covid tests via the PCR test, which was never designed to measure Covid. The PCR test was designed roughly 30 years ago to measure the amount of bacteria (and viruses are not bacterial.) Kary Mullis, inventor of the PCR test stated it was not designed to prove anything was a virus. He even called Dr. Death Teflon Tony Fauci a liar, before Kary Mullis suddenly died in August of 2019! Hmm!

Covid is meant to instill more fear into foolish people — and thereby justify another lock down. People need to throw these test kits in the garbage, not wear masks, no do not comply. Those people who will believe government should shoot up their genocidal “vaccine” as often as they’re told, wear masks and stay in their homes.

Anything to get the case numbers up...they are using the fraudulent PCR test again.

And what is all this going to cost the taxpayers and what company gets paid for these tests? At least 11 senators and 34 representatives also held shares in 2020 of another Covid-19 vaccine manufacturer, Pfizer. Two representatives or their spouses held shares of Moderna during the same year that the world went on lockdown in response to the pandemic. At least 75 federal lawmakers held shares of Moderna, Johnson & Johnson, or Pfizer in 2020. Project Veritas should manage to check out of which Democrats financially benefit from the drug company that will make and ship these tests as well as which Democrats in what positions have already benefited by the huge influx of cash to outfits like Moderna, Pfizer, et, al. Sounds like a conflict of interests to my way of thinking. The Supreme Court Justices might want to consider this when they approve the Biden mandate for Covid vaxx shots!

Do as you're told, Billy – we all need to be safe

Of the big three vaccine manufacturers, Pfizer leads with the most money spent lobbying members of Congress during the pandemic. According to OpenSecrets, Pfizer

spent nearly \$11 million lobbying the federal government, including Congress, in 2020. The nonpartisan research organization also reported that Johnson & Johnson spent \$7.9 million on lobbying in 2020. Moderna, which started lobbying the federal government in 2019, has spent \$420,000 on federal lobbying in 2021, an increase from \$280,000 in 2020. Moderna has been around just over a decade and they have not produced a single vaccine until getting in on Covid. Moderna is Teflon Tony Fauci's favorite and he has a stake in Moderna.

The Biden Klan is benefiting wildly from drug company kickbacks – all for a China virus variant whose symptoms, if any, resemble those of the common cold. Brandon [and his handlers](#) are so assured that he can fleece the public without consequence.

Throw This HOAX IN THE TRASH Where It Belongs

Planes, choppers in the skies and the military is being deployed to our towns to pass out Tests? If you see a AC-130 gunship overhead, you best kiss the deck!

Sounds like a Military COUP to many.

Military personnel took an oath to protect the people against enemies BOTH FOREIGN AND DOMESTIC.

Remember, this stand-in for brain-dead Joe Biden has threatened the citizens of this country with harm. His [“winter of misery and death”](#) is indicative of him getting rid of anyone who he sees as a threat using the fraud Covid as a reason. Remember his Obama school buddies saying that 40 million may have to be killed to usher in [the new world order](#).

THERE IS NO OMICRON WAVE!! IT IS NO MORE THAN A MILD COLD.
COVID is history – we are back to the regular old seasonal flu and cold!!
Stop listening to the desperate Marxists in DC! They are losing control and need to keep you scared! They are using FEAR to control – they know there are much more of us than there are of them.

Governments HAVE NO POWER with PEOPLE UNITED!
GOVERNMENTS DO NOT WANT US TO UNITE!

GOVERNMENTS USE FEAR and separation tactics via the lying news media

So let me get this straight. Current statistics place death rates for the CCP virus at 1.6% roughly worldwide, which is about where the flu was prior to the existence of the CCP virus (actually the standard flu was a bit higher.)

So now, the government is sending out military to our hospitals and mailing covid test kits to our doors. How much money do the drug companies make for each one of those Covid tests mailed to us (all on our tax dollars.) The American people will pay for drug companies to ship Covid tests to millions of Americans that will never use them, or don't care, and our military will now have a presence in our hospitals. When will the military start posting troops at the entrance to grocery stores and restaurants? [You see what is happening in Australia now](#)...we have many posts on Australia with more to come.

Bill Gates still doesn't have enough money, Fauci hasn't done enough evil, the media hasn't told enough lies, the democrats don't have enough power, and Satan hasn't blinded enough minds, but [they are all working together to achieve their goals / AGENDA](#).

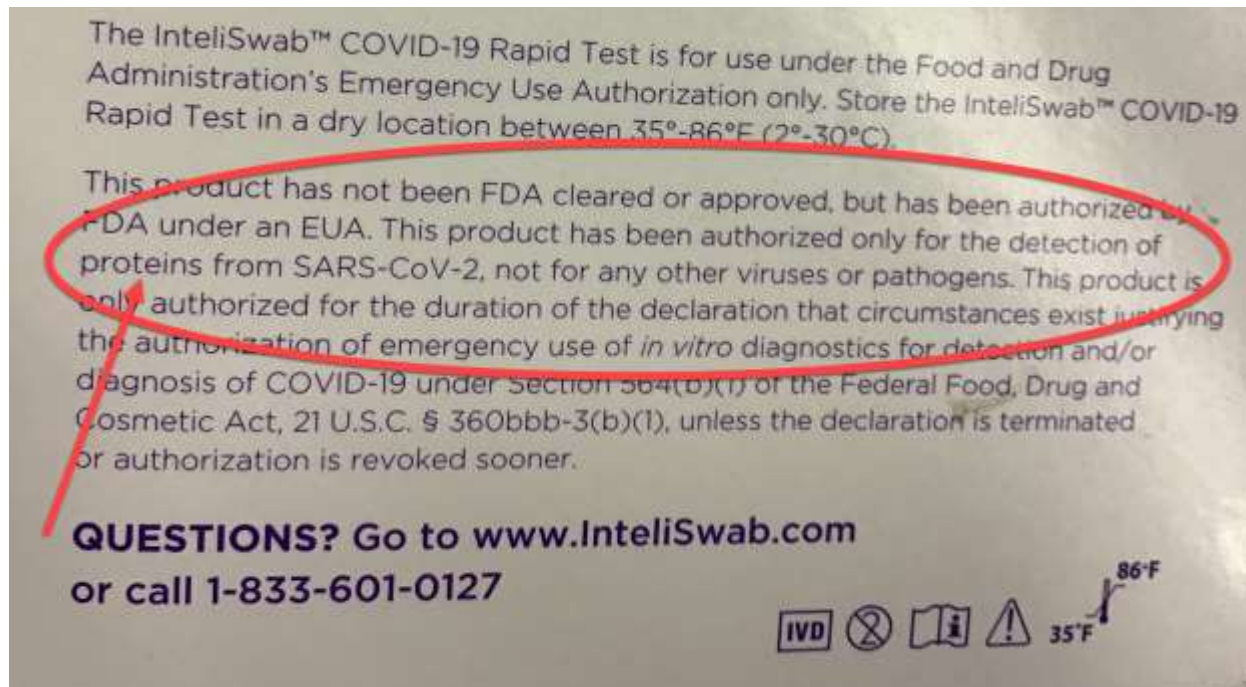

More people are rising together – we need to overthrow the enemy that caused this pandemic hoax and all other problems in the world for generations.

When the government no longer protects nor serves the rights and freedoms of the people, it is the duty of the people to protect themselves while standing under the law.

“When tyranny becomes law, rebellion becomes duty” – Thomas Jefferson

CAUGHT RED-HANDED: COVID TESTS ARE DESIGNED TO PICK-UP "SARS-CoV-2 Proteins" which the mRNA Vaccines tell your body to produce ! ! ! Self-Fulfilling "Outbreak" and total fraud!

Hal Turner posted this below on December 28, 2021. This is just one of three reports about tampering of these test swabs that has been reported, one of which reported a toxic additive in the cotton swab itself. This is not good news whatsoever for anyone doing the mailed test kit!

You've all heard about the latest so-called "variant" of COVID . . . the Omicron Variant . . . allegedly breaking out all over the place, and how there are new tests you can get, even for home use! Turns out, the entire thing is a deliberate fraud. Here's how . . . Below are scanned images of two different Covid home self-test kit boxes. These are available to the general public and some are even being GIVEN away by government so folks can test themselves at home - free!

If you read the box, you'll see it plainly says these "tests" are ***** **NOT** ***** approved by the FDA, but are issued under an EUA (Emergency Use Authorization).

Here. Look:

Here's the other box I have:

- Use at home or anywhere there is a flat surface
- No professional supervision or video consultation required
- No phone or other equipment needed to interpret results

CONTENTS

- Two (2) pouches, each with:
 - Single-use test device
 - Tube with developer fluid
- Instructions for Use in English and Spanish
- Positive Result Reference Card
- Test stand

You will need a way to time the test for 30 minutes (a watch, clock or cellphone).

The IntelliSwab™ COVID-19 Rapid Test is for use under the Food and Drug Administration's Emergency Use Authorization only. Store the IntelliSwab™ COVID-19 Rapid Test in a dry location between 35°-86°F (2°-30°C).

This product has not been FDA cleared or approved, but has been authorized by FDA under an EUA. This product has been authorized only for the detection of proteins from SARS-CoV-2, not for any other viruses or pathogens. This product is only authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of *in vitro* diagnostics for detection and/or diagnosis of COVID-19 under Section 564(b)(1) of the Federal Food, Drug and Cosmetic Act, 21 U.S.C. § 360bbb-3(b)(1), unless the declaration is terminated or authorization is revoked sooner.

QUESTIONS? Go to www.InteliSwab.com
or call 1-833-601-0127

35°F

86°F

I outlined in red where you need to pay close attention. On BOTH test boxes, it is clear these tests are NOT approved by the FDA, but are issued under EUA which stands for Emergency Use Authorization.

Both boxes also CLEARLY tell you what they are designed to look for: "SARS-CoV-2 proteins."

Do you see that on BOTH test kit boxes? The tests look only for SARS-CoV-2 PROTEINS.

Now, you all know there are so-called "vaccines" for Covid and that most of these so-called "vaccines" carry a new technology known as messenger RNA which is referred to as "mRNA." They contain a spike Protein (PEG) which when injected begin to replicate itself.

For over a year, we have all been told that the mRNA vaccines instruct our bodies to manufacture our own spike proteins . . . like the one found on SARS-CoV-2, so that our immune systems will learn to respond when they come in contact with the REAL SARS-CoV-2 disease, right?

Well, there's the fraud. The new tests are looking only for SARS-CoV-2 proteins, while at the exact same time, what did the mRNA vaccines instruct our own bodies to produce? SPIKE PROTEINS!!!! Just like the SARS-CoV-2 protein!!!!

The test kits are picking up the spike proteins that the VACCINES told our bodies to make!!!!

It's a self-fulfilling "outbreak" because all those "positive" tests, are actually picking up the proteins that the mRNA vaccines instructed our own bodies to make!!!!

Then the government turns around and calls it an "outbreak" even though few if any people are actually getting sick, and the whole "lockdown" nonsense starts all over again.

So they lock everything down again, drive out of business what few family-owned businesses that survived the last time. Then government comes in and offers everyone debt relief - after they drove everyone into Bankruptcy with their lockdowns -- if they agree to give up their right to own or possess private property. Government then promises everyone a guaranteed Universal Basic Income (UBI) and thanks to desperate people, in dire financial straits, they get to usher in worldwide Communism, with government owning everything. All thanks to a virus "outbreak" that is nothing more than tests picking up the spike proteins generated by our own immune systems as a response to the mRNA vaccines that they coerced, forced, and threatened everyone to take.

Hey, if their vaccines work so well, why are so many people allegedly infected again? HMMMMMM. Maybe because the vaccines don't work. OR . . . because what they are CALLING the Omicron outbreak is actually nothing more than the new tests picking up what the vaccines instructed our own bodies to manufacture: Spike proteins. This becomes a self-fulfilling fraud.

They call the vaccine-generated proteins a new "outbreak." Then what? Oh, wait, a BOOSTER SHOT VACCINE. And then what? New tests a few more months from now and . . . wait for it . . . oh, gee, another outbreak. Why? Because the BOOSTER caused your body to generate more spike proteins. Then what? Another booster. . . . for another test . . . and on and on and on we go.

In the meantime, the people making the vaccines are getting uber rich by selling boosters. The test companies are getting rich from the morons testing and re-testing themselves, the government gets to declare "new outbreaks" every few months, then grab all private property in return for debt relief and UBI, and **the freedom of the people . . . is gone forever.**

STOP GETTING TESTED if you are not sick.

Omicron is nothing more than the spike proteins generated by the vaccines. There is no actual "outbreak."

Go out and live your life normally. Visit friends, family, and loved ones for New Years. DO NOT BE AFRAID. This latest Covid thing, is **a manufactured lie.**

Yes, some people are being hospitalized . . . with the FLU . . . because it's . . . FLU season!

Don't believe the lies being put forth by CDC and NIH. **They earn cash money from vaccines they help develop.** It is in their financial interest to keep jabbing people. If it never ends, neither does their cash flow!

We're being lied to and defrauded out of our freedom. Stop being a sucker and think for yourself.

If these test kits are testing for "proteins" from the SARS-CoV-2, and the vaccines told your body to generate spike proteins like the ones from SARS-CoV-2, then the only thing these tests are picking up are the proteins that the vaccines told your body to make.

Self-fulfilling and phony outbreak, and total fraud designed to wreck you financially, steal your freedom and change our entire economic system to one of complete government control.

In another report from Brian Shilhavy, Editor of Health Impact News, reported that Sodium Azide is found inside home Covid test kits. Which even in minute amount can cause organ damage. He posted this report on December 24, 2021.

DANGER! CAN CAUSE DEATH

"You are currently viewing Sodium Azide inside home Covid test kits. Which even in minute amount can cause organ damage"

by **Brian Shilhavy, Editor, Health Impact News**

Greg Reese of [Infowars.com](https://infowars.com) recently published a report that reveals a lethal drug called Sodium Azide that is included in Abbott's BinaxNOW Covid-19 Home Test Kit has a history of killing people even in small doses.

The [instructions for the test kit](#) warn that this is a "hazardous" ingredient that is not to be touched, but that warning does not state that it could cause death or organ failures.

Greg produced this report as a warning for those who travel and may be rushed to take this test, which is authorized to be used with children as young as 2-years-old.

But since he published this report a few days ago, the Biden Administration has since stated that they are [invoking the Defense Protection Act to spend \\$3 BILLION to purchase and make available a half billion of these COVID home testing kits for all Americans](#).

Why would they include such a dangerous drug in these home test kits?

One obvious reason is that these test kits are NOT approved by the FDA, but only given emergency use authorization (EUA), so the manufacturer is not responsible for any "accidents" that might happen causing organ failure or death.

In addition to the obvious problems that these tests cannot possibly be accurate since [the Omicron variant is fake to begin with](#), and that if used wrongly they have lethal consequences, the other problem is that you need to scan a QR code that is then sent to a “telehealth proctor” and now your private health information will no longer be private, but part of their database.

Blessings,

Pastor Bob, EvanTeachr@aol.com
