

## Biden says ‘New World Order’ is coming and ‘America Must Lead It’

President Joe Biden delivers the 2022 State of the Union Address, March 1, 2022.

But that is not Joe Biden! Who delivered the State of the Union Address on March 1, 2022? I am totally convinced that this is not Joe Biden and it is the actor Arthur Roberts. How long can they fool the public in this scam and does anyone even care?

While addressing the Business Roundtable on Monday, President Joe Biden said there is *“going to be a new world order”* that must be led by the United States. But with the rise of Russia, China and Germany, will America be the one to lead this “new world order”?

*“You know we are at an inflection point, I believe, in the world economy — not just the world economy, in the world. Occurs every three or four generations,”* Biden said. *“As one of the top military people said to me in a security meeting the other day, 60 million people died between 1900 and 1946, and since then, we’ve established a liberal world order and that hadn’t happened in a long while.”*

*“A lot of people died but nowhere near the chaos, and now is the time when things are shifting. There’s going to be a new world order out there. We’ve got to lead it, and we’ve got to unite the rest of the free world in doing it,”* he continued.

Biden’s use of the phrase *“new world order”* caused an uproar on Twitter, with many suggesting that the president was referring to a globalist effort to change the world economy.

*“..there could be a new world order out there, and we’ve got to lead it.’ – Joe Biden,”* independent journalist Drew Hernandez tweeted. *“Out in plain sight, Biden openly telling you he listens to globalist military advisors.”*

While the *“new world order”* has been attacked as a conspiracy theory, the World Economic Forum (WEF) – which is self-described as an “International Organization for Public-Private Cooperation” – has repeatedly adopted the phrase to describe a desired change in the global economy.

One WEF article from 2018 entitled *“We must work together to build a new world order. This is how we can do it,”* claims that the West has been resisting a *“change in the international order”* through *“intransigent denial, while zealously clinging onto what we inherited from the Cold War.”*

The article asserts that the West’s denial is based on *“the need to defend a certain ‘way of life’ against a different one.”*

*“That murky definition was coloured with the principles of freedom, democracy and human rights, but there were parts of the so-called ‘Western bloc’ that did not fall within these principles at all,”* the article said.

*“China, on the other hand, prefers to promote and soften its growing international influence by referring to ‘cooperation’, and a ‘win-win’ approach under a globalist outlook,”* it added. *“China’s use of infrastructure-for-resources loans in Africa, as well as the Belt and Road Initiative (BRI) have been put forward as a new regional and globalist ‘win-win’ strategy.”*

During Russia’s first invasion of Ukraine in 2014, then Secretary of State John Kerry said Vladimir Putin was behaving *“in a 19th-century fashion,”* as though we’ve progressed beyond the age of dictators and large-scale wars. The National Review writes about Kerry’s statement, *“The truth is that Putin is behaving in a 19th-century, 20th-century and a 21st-century fashion.”*

The Biden crime family, as Outkick founder Clay Travis put it, is *“everything that the Democrats told us the Trump family was for five years.”* The media spent those five years covering up Biden crimes, but now, many talking heads are beginning to wonder if we’re about to see the indictment of Hunter Biden.

President Biden, the former Senator from Delaware, addressed the Business Roundtable on Monday afternoon, where he called for America to bring in the New World Order. Do you remember the day when such talk was called “Conspiracy Theory”?

Well, we’ve finally reached the point, here on Day 736 of “15 Days To Flatten the Curve”, where there’s no longer any point to pretend that the New World Order is not behind every single bit of the end times intrigue we have all been experiencing across America and around the world. So ‘trojan horse’ Joe Biden’s look alike stood up on Monday and gave a speech full with words like “*false flags*”, “*cyberattacks*”, and of course, Russia, Russia, Russia!! And one more thing, Biden called for America to bring in the New World Order.

***“And I heard a man’s voice between the banks of Ulai, which called, and said, Gabriel, make this man to understand the vision. So he came near where I stood: and when he came, I was afraid, and fell upon my face: but he said unto me, Understand, O son of man: for at the time of the end shall be the vision.”*** –(Daniel 8:16,17).

Everything that we have witnessed, watched and waded through over the past two years has all been driving to one, unavoidable conclusion, the installation of the New World Order. But in order to get to that point, economies have to be collapsed, people need to be put in a perpetual state of fear, and the lesson must be taught that only your government can save you. We watched as the entire world was told that only by a receiving an injection from the government can you be kept safe from the ravages of the virus they created and released in the Wuhan lab. What is the Mark of the Beast but the ultimate injection from the government? Joe Biden told you yesterday that America must bring in the New World Order, I believe him. It’s out in the open now, the New World Order will use Phase 3 of the Plandemic to get the job done. World War 3 is on the door steps of Europe and coming up fast.

*"The problem for Biden is that Putin is not winning his war in anything like the quick and easy fashion that the White House and other world powers apparently expected ... Luckily, the White House has a playbook for situations in which the contradictions between appearance and reality threaten to overwhelm the ever-changing storylines about who is responsible..."*

*"The playbook, like the Iran deal, is a legacy of the Obama administration, and a variation on an age-old incantation: “Blame the Jews.”*

### **"BLAME THE JEWS"?**

For the Russian invasion and the brutalization of the Ukrainians?

That logic sounds as convoluted as the old Jewish '*blood libel*', the "*Jews killed Christ*". How is this logic even possible?

*"... the Biden administration is trying to put Israel in the line of fire by pushing Jerusalem to mediate between Kyiv and Moscow. The point is to position Israel to catch the blame if Putin doesn't relent, or the stubborn Ukrainians prove unwilling to surrender ..."*

Why would the Israeli government even consider such a dangerous diplomatic gesture?  
Two Reasons:

- 1) Israel has a great many native Ukrainian Jews living in the beleaguered nation
- 2) Russian troops are already at the Golan Heights!

Russia has a *"date with destiny"*! Over 2,500 years ago, God foretold that Russia would lead a consortium of nations against Israel -(Ezekiel 38-39). Let us look at one verse in the famous prophecy in Ezekiel 38-39, that so graphically portrays a Russian-led invasion of Israel in the 'Latter Days', after Israel comes back to her land. As describing the situation where God foretells that He will bring Russia into judgment by causing her leaders to get the idea of staging an attack on Israel, God lists the nations that will be joining in the attack. These are the nations joining Russia in this infamous attack:

- 1) Attacking from the North of Israel
  - \* Persia -- Modern Iran
  - \* Gomer -- Eastern Europe
  - \* House of Togarmah -- Modern Turkey
- 2) Attacking from the South of Israel
  - \* Cush -- Modern Ethiopia
  - \* Libya -- still Libya today

We know, from Biblical prophecy that God has guaranteed that Israel will never again be defeated once she is nationally reborn. If Israel is defeated in this Next Great War, you can throw away your Bibles and start believing in other gods and religions!! But, we know, from Daniel 12:1, that God will command Israel's National Archangel, Michael, to *"stand up"* to defeat Israel's enemies. We also know, from Obadiah 15-19, that the House of Esau [the Palestinians] will be annihilated in a Last Days' War. Other prophecies that demand fulfillment are the ones calling for the destruction of Damascus, Syria's capital, of Jordan, and of Egypt.

Then, when Israel defeats her massive, combined enemies, because of God's protection, then Russia will decide that she can no longer depend upon any combination of Arab armies to destroy Israel. Russia will conclude that she must directly invade

Israel to destroy her. When she begins to march her armies, and the armies of her allies, Russia will likely repeat this Arab terrorist threat against American cities; again, the United States will decline to intervene.

I believe that the fulfillment of this Bible prophecy is beginning to take shape, in front of our eyes and in our daily news. There can be no doubt now: the nations of the world ARE being drawn to the Middle East and to Jerusalem, just as God foretold. And, these developments are occurring at the same time as all the other prophecies are taking shape, all over the globe, all pointing to the soon appearance of Antichrist!!

The End of the Age is very near. Since late 2019, I knew that we were in the Days of Sorrows, and while I did share my thoughts and beliefs on this phase of the transition to what Joe Biden's "stand-in" has merely confirmed the Bible's words. Those of you who read my posts can easily verify that I have been both blunt and to the point on what has been occurring over the past two years+. The only thing that is different from what I have said is the time factor. In 1967, following the 6-Day War, I thought events would have moved much faster than they did. Back in those days, I was listening and studying the writings and messages from the likes of David Breese, Hal Lindsey, J.R. Church, Grant Jeffrey, Chuck Missler and Hilton Sutton. One by one the events began to unfold to where we are on the precipice of the Rapture. In Blessed Hope #96 posted March 22, 2022, I reminded folks to be watchful of Nisan 10, Passover April 11<sup>th</sup> through the 15<sup>th</sup> as a potential Rapture date.

Hilton Sutton's famous statement was "*As the bombs are descending, the saints will be ascending*" and as we see Putin shred the Ukraine infrastructure and more than three million refugees pour into Poland and nearby former Soviet states, the world sits by impotent to do anything about Putin suggests the idea of a New World Order will be no better than the Old World Order.

Ok, so President Biden acknowledges that there is a New World Order out there and he wants to lead it!

The trouble is, Russia's Putin and China's Xi have recently declared that they intend to lead the coming New World Order!

NEWS BRIEF: "*China's Xi and Russia's Putin Claim They're Leading a 'redistribution of power in the world', 'American Defense News', 8 February 8, 2022*

*"The two leading authoritarians of our time have declared unprecedented common cause, perhaps even a de facto security alliance, with aspirations of shaping a new world order to replace the one fashioned by the United States and its partners after World War II."*

At this point, these two dictators used a term very popular amongst New Age leaders for decades.

*"So, they publicly released the entirety of their audacious, 5,300-word joint statement in English this weekend, declaring that 'a trend has emerged towards redistribution of power in the world'."*

This term "*redistribution of power*" is a Marxist/Leninist/Communist term.

It literally means that the Government is going to seize all monetary assets in the country, reducing everyone to that peculiar brand of control where the only income you will have upon which to live will be that which the Government doles out.

So, President Biden desires to lead Western nations into the same New World Order of which Xi and Putin mentioned. Who is going to win this contest? And, what will decide who wins?

World War III.

Furthermore, the New World Order is defined as the "*Kingdom of Antichrist*"!

And, he is waiting at the wings, waiting for this final war to bring him to the world stage!

Therefore, the spirit empowering these New World Order advocates is the spirit of Antichrist. The symbolism of the All- Seeing Eye of Lucifer hovering over the unfinished pyramid on the back of the Dollar Bill to the coming prophesied Third Temple on the Temple Mount in Jerusalem! The Masons have been steadfastly determined since 1782 to seize control of the Temple Mount so they could resurrect Solomon's Temple for use by their Masonic Christ!

Since this was the plan in 1782 when the Seals were created, the Masons made sure that the symbolism of the unfinished pyramid directly tied into their plan to rebuild Solomon's Temple.

Then, the Masonic Christ (Antichrist) is planned to be the "Living Stone" to top off the unfinished pyramid! And, all this End Times' prophecy will be coming to fruition in our lifetime!

3. President Biden is proving to be so incompetent that strong forces are calling for his impeachment and removal.

NEWS BRIEF: "Biden's Handlers Are Preparing to Eject Him (and Kamala)", American Greatness, March 20, 2022

*"Biden's appalling performance as president would sooner or later—and probably sooner, given the ostentatious nature of his multifaceted failure—lead to his removal as president. "*

*"... the people who put Joe Biden in power—I cannot name them, but I know they are the same people who keep him in power—do not care about inflation, rising gas and food prices, COVID lockdowns or mask mandates, the porousness of our Southern border, the threat of war with Russia, or the myriad other issues that worry ordinary voters. I am quite certain, in fact, that the word “voters” brings a vaguely contemptuous smile to their faces.”*

*"They are not troubled by the suffering of the people, indeed, they approve of a certain amount of suffering. Suffering produces dependency; and dependency, in turn, is like an insurance policy for those who cater to it: the bureaucrats who fill the troughs that feed the populace. The point, of course, was never to end the dependency but to manage in such a way as to perpetuate and expand it. Joe Biden is an errand boy, a figurehead,"*

The time is quickly speeding by, and are bringing with it the demands to remove Joe Biden from the White House.

*"... the Biden Administration is seriously underwater and there are no lifelines in evidence. The issue is never the issue. I suspect that Joe Biden is being prepped for ejection."*

The Elite cannot afford to jettison Biden as long as they need the President to be bumbling, incompetent and hopeless. Who else could be counted upon to order the U.S. military to stand down when the planned wars break out?

4. Russia continues to use a powerful and never-before-used weapon: A hypersonic missile!

NEWS BRIEF: "Russia strikes Ukraine with new hypersonic missiles: Here's how they work.", Space.com, 3/22/2022

*"Russia claims to have used its Kinzhal hypersonic missiles for the first time, in its invasion of Ukraine — perhaps heralding a new era when these super-fast weapons could come to dominate warfare."*

The United States is reportedly years behind the Chinese and the Russians in the development of hypersonic missiles. They travel so quickly that our defenses cannot stop them.

*"Russia announced on Saturday (March 19) it had used the Kh-47M2 Kinzhal missile system — its name means 'dagger' in Russian — to destroy a (underground) weapons depot in western Ukraine ... the Interfax report said this was the first time that the Kinzhals have been used in combat in Ukraine; Russia has never admitted using the missiles anywhere else."*

And, then, Russia used another type of hypersonic missile!

NEWS BRIEF: "Russia 'unleashes second hypersonic missile' dubbed the Sizzler into Ukraine from warship in the Black Sea", Newsbreak, 3/20/2022

*"RUSSIA claims it has launched a second deadly hypersonic missile at Ukraine, capable of traveling five times the speed of sound. The powerful Kalibr cruise missiles were launched from ships in the Black Sea off the coast of Crimea at Ukrainian military infrastructure."*

The planned use of nuclear weapons is next!

If Russia planned her campaign with the intention of intimidating her opponents, using this type missile makes a lot of sense. No one living in the entire European Continent can now feel safe from these missiles, especially if some are outfitted with tactical nuclear weapons.

5. Is the Ukraine conflict simply the "Cuban missile crisis in reverse"?

NEWS BRIEF: "Ukraine Conflict: Is it the Cuban Missile Crisis in Reverse?", The Epoch Times, March 21, 2022

*"The prevailing narrative blames President Vladimir Putin for Russia's invasion of Ukraine. While Putin is undoubtedly responsible for the humanitarian disaster that is unfolding in Ukraine, this narrative fails to consider the role that successive American administrations and NATO may have played in this tragic situation."*

*"The United States would never tolerate Canada or Mexico asking to join a military alliance with Russia and allowing weapons of mass destruction to be installed within its borders ... Imagine the outrage in Washington if China built an impressive military alliance and tried to include Canada and Mexico in it. Logic aside, Russian leaders have told their Western counterparts on many occasions that they consider NATO expansion into Georgia and Ukraine unacceptable, along with any effort to turn those countries against Russia."*

*"In this sense, Ukraine is the political, geographical, and diplomatic equivalent of the Cuban Missile Crisis in reverse."*

Why is Ukraine so very important to Russia?

*"To Russia, Ukraine can never be just a foreign country. Russian history began with Kyivan-Rus. The Russian religion spread from there. Ukraine has been part of Russia for centuries. The Russian Black Sea Fleet—Russia's means of projecting power in the Mediterranean—is based in Sevastopol, Crimea..."*

*"With 46 million people, Ukraine is the largest of the states that had split away from the Russian Federation, in 1991. About half of the Ukrainians speak Russian. The Russian Orthodox religion spread from Ukraine, and even celebrated anti-communist dissidents*

*like Aleksandr Solzhenitsyn insisted that Ukraine is an integral part of Russia. Indeed, for 500 years it was."*

But, more to the point:

*"... as British author and journalist, Peter Hitchens correctly points out: "We've used Ukraine as a battering ram against Russia. Ukraine is the victim of our militancy. We've done the shouting, they get bombed."*

"Who could possibly disagree?"

6. The most Liberal media -- Bloomberg -- has a suggestion as to how far you should go in changing your life-style to combat Inflation.

Let your household pets die!

NEWS BRIEF: "Bloomberg News: Let Your Pets Die to Fight Inflation", Breitbart News, 20 March 2022

*"Bloomberg News published an article last week offering tips for working Americans who are struggling with inflation — and among them is the suggestion that people allow their pets to die rather than paying for expensive medical treatments."*

Israel leads Mediterranean war exercise with NATO in shadow of the Ukraine war.

Israel leads Mediterranean war exercise with NATO in shadow of Ukraine war. Israel's Noble Dina naval exercise, March 2021. (IDF Spokesman's Unit). Five countries are participating in the annual "Noble Dina" drill; Russia held drills in the same area last month, By Batya Jerenberg, World Israel News

Israel is currently leading its annual naval exercise in the Mediterranean with forces from four NATO countries in an area where Russia drilled just before it invaded Ukraine last month.

Called "Noble Dina," the multi-national force expanded from its original Greek, American and Israeli participants to include Cyprus and France. In past iterations, the five-day drills held with helicopters, ships and submarines have practiced areas as search-and-rescue, port defense and maritime security.

Israel's participation in this year's exercise was thrown into doubt as Jerusalem is trying to maintain a low profile during the war in Ukraine. Practicing naval and air tactics with countries from the European alliance could anger Russia, although NATO has made clear that it would not directly intervene in the fight, since Ukraine is not one of its members.

However, NATO countries support Ukraine unequivocally, having already taken in millions of refugees and supplying Kviv with arms, medical aid and financial support over the course of the almost-monthlong war.

As a major non-NATO ally that has developed close ties to Russia — due to its influence in Syria and the huge number of Russian Jews (close to one million) who have immigrated to the Jewish state — Israel is treading a careful line, trying not to anger either side.

After careful consideration, IDF chief of staff Lt. Gen. Aviv Kochavi decided to go ahead with the exercises, Israel Hayom reported Monday. The IDF announced that some of the Navy's Squadron 3 missile boats are participating in the five-day event, as is a submarine and other forces, together with *"missile boats, airplanes and helicopters of the parallel navies."*

Anti-submarine tactics, simulated battles between ships and search-and-rescue operations are all part of the military agenda, which will end this weekend.

The IDF considers these drills of the utmost importance, as the forces gain useful insights in tactics and strategy from each other while strengthening the level of international military cooperation in an area quite close to the Jewish state.

Perhaps one of Kochavi's considerations was that Russia held military exercises in the same eastern Mediterranean Sea Basin, right before its invasion of Ukraine. In mid-February, a cruiser, frigate and destroyer from its Northern Fleet drilled together with nuclear-capable bombers and fighter jets that had flown in especially for the exercise from Russia to the country's air base in Syria. Do you think this went unnoticed by Putin and his general staff? Not a chance, and perhaps it is a point of inflection for Putin to execute this war against Israel!

According to the *'Military Times'*, it marked *"the biggest Russian naval deployment to the Mediterranean Sea since the Cold War."*

Former Israeli Ambassador to Russia and Ukraine Zvi Magen told JNS at the time that this training *"could form a challenge for NATO's underbelly" and create "a new front against the West in the Middle East."*

Rest your troubled minds, there is a New World Order coming and you can count on it not being led by Joe Biden or his stand-in doppelganger. The leader of this New World Order is the Creator Himself, Jesus Christ!

Praise God folks. God continues to do miracles in ways that even I had not considered in my life since February 23<sup>rd</sup>, 2022.

Blessings,
