

# The CIA's Favorite Murder Weapon & Every Cell Tower Has One!

Rohde & Schwarz SZU100A is the favorite murder weapon of the CIA. Why would we state this? Because this frequency multiplier has been used to murder 10's of thousands of people worldwide, in the last 3 years. The device is about the size of a shoebox, and mounted in a cell tower. Anyone on a ventilator, diagnosed with COVID, is attacked until they suffocate to death.

Rohde & Schwarz openly advertises that their equipment is used with **5G** cell towers. All cell towers have these signal generators since cell towers are dual-purpose now. The company is headquartered in Munich, Germany and has USA headquarters in Columbia, MD. Only a handful of companies in the world can make signal generators that reach these frequencies, so they are quite expensive - about \$50,000 for the equipment. Note that it is very unusual to make a signal generator with such a limited frequency range. It is designed for one purpose - for use as a weapon.

The 60 GHz signal can be directed from a cell tower using "digital beam forming," and it blocks the uptake of oxygen in the lungs and the patient suffocates to death. The death is blamed on Coronavirus. A NYC medical doctor discovered this, and posted a video on YouTube:

New York Medical Doctor, Cameron Kyle-Sidell, says many hospital patients are suffocating (hypoxia) - and it was not Coronavirus. It is evident that 5G microwaves (60 GHz) are being used to attack the lungs and block the uptake of oxygen. If anyone wants to view ER trauma doctor Cameron Kyle-Sidell, simply Google his name + YouTube and choose to hear his medical opinions. Dr. Cameron Kyle-Sidell recorded his first YouTube in March of 2020, about the time the WHO declared Covid-19 a Pandemic.

Oxygen absorption versus frequency: Oxygen is blocked from absorption in the lungs, when the molecules are vibrated at these frequencies. Wireless energy is "modulated" from low to high. The potential of 5G is enhanced by its signal beam of point-to-point transmission. Its effects are based upon both distance and signal strength. The chart on the next page illustrates the impact on the human body, particularly the lungs.

Wireless energy or microwave radiation sickness is cumulative, and so wireless telecommunication exposure has grown since the advent of the cell phone in 1996. **5G** faces signal quality issues because of the point-to-point requirements. The Rohde & Schwarz SZU100A signal generator is found in every cell tower standing in America or around the world or by a competitive manufacturer. The telecommunications industry has stated that by 2025 there will be 450,000 satellite orbiting every inch of ground and water of the planet.

1) Targeted Justice reports that more than 200,000 Targeted Individuals in the U.S. are being tracked and attacked with High-Powered Microwave (HPM) weapons, from satellites and cell towers, 24/7. These weapons are controlled from Schriever Air Force Base in Colorado. See our pictures of microwave burns as proof: <https://www.targetedjustice.com/microwave-burns1.html>

This is the same weapon system that was used on the U.S. Diplomats in Cuba, called "Havana Syndrome."

Many famous people are Targeted Individuals: Ed Snowden, Julian Assange, and William Binney. Also, Roseanne Barr, Van Morrison, Randy Quaid, and John McAfee (dec.). They are hit with painful microwave attacks every day.

2) Most people in the world are being precisely tracked by microwave pulses using

Lockheed GPS satellites, operated by the U.S. Space Force, Squadron 2, at Schriever Space Force Base in Colorado Springs. This is the largest satellite operations facility in the world.

3) Panel antennas on cell towers are part of a "global distributed weapon system." The antennas use digital beamforming to create microwave "bullets," that can be very painful, and even lethal.

4) Subliminal messages are directed from Cell Towers, at everyone, 24/7. Schriever Space Force Base is the control source. U.S. Patent 4,877,027. Senators, Congressmen, Judges, and even the President, are being hit with specific subliminal messages to affect their decisions. This is the technology behind "*Mass Formation Psychosis*." (See the Joe Rogan interview with Dr. Robert Malone at 2:37:00)

5) Approximately 1/3 of the global population is "highly suggestible" and easily manipulated by these subliminal messages, because many are effectively in a Deep Trance, even while their eyes are open. These people can be commanded to say or do, almost anything. Many secondary personalities are also involved.

6) The CIA controls and funds this illegal program, with direction from the Council on Foreign Relations (CFR). The program is based on MK-Ultra mind control technology, and the FBI's illegal COINTELPRO.

7) Many people can feel the satellite-tracking microwave pulse, on the top-back part of your head – about one pulse each second. Many people can hear the cell tower tracking "popcorn," by cupping your hands over your ears for 60 seconds.

8) This news article quotes NSA data - as of 2019, there are 200,000 Targeted Individuals in the United States, and more than 5.5 million worldwide. The FBI calls these people "Targets," or "Non-Investigative Subjects (NIS)."

China activated its **5G** wireless energy "smart city" network on October 31, 2019 in Wuhan, China. They activated 10,000 ground-based and satellite-based transceivers, and within four months China reported 21-million fewer cell phone accounts. The number of deaths of **5G** cell phone owners is not fully known, other than it may have been in the millions. Wuhan, China has 12 crematories' and satellite images showed smoke stacks operating 24/7 for eight months. Chinese secrecy will never reveal the death toll from those struck down dead in their footprint. I saw phone video that was aired on the Internet in 2020 by Chinese family members in the U.S. At the time everyone was baffled by what they were seeing from back home in Wuhan, China. Leaks were slow in coming but many citizens figured out what was happening among the Chinese people.

I have been warning people since 2016 about the danger of **5G** microwave radiation poisoning and few took me serious. **5G** and what is referred to as Covid-19 have the same seven major symptoms.

### **DIRECTED ENERGY WEAPONS**

Directed Energy Weapons (D.E.W.) are microwave scalar-beam weapons that are used to attack Targeted Individuals. The satellite-based system is called a Viricator (Patent #4345220) and it produces an invisible, scalar microwave beam of approx. 1/2 inch (1.25 cm) diameter. These satellite weapons and cell tower weapons are controlled from Schriever Air Force Base ([www.schriever.af.mil](http://www.schriever.af.mil)) near Colorado Springs, and can cause excruciating pain, when pointed at someone on the ground. The CIA in Denver runs this illegal program, called an Unacknowledged Special Access Program (USAP). Whistleblowers, such as Ed Snowden and Julian Assange are two of the targets. Mark Lenzi, the State Department's electronic signals expert, has stated that the U.S. diplomats were definitely attacked by microwave weapons. The National Academies of Science recently determined that the microwave weapons are real, and "the most plausible mechanism," for the attacks.

The Covid-19 scandemic was a cover story to create fear and distract the public from the U.S. roll out of **5G** infrastructure during 2020 and ongoing presently. The telecoms are notifying customers that they will no longer support earlier 3G cell phones as of December 31, 2022. They are promoting the new **5G** phones through an aggressive sales and marketing campaign. The company that manufactures the new Apple iPhone

series has had production problems due to alleged Covid-19 sickness among thousands of employees. That story I shared in another article a few days ago but if you value your life, go back to a 4G phone which will continue to be supported for a couple years. The link to my article can be found at:

The world is being depopulated through a global genocide plan in its first phase that began in 2020. The next phase has been launched by declaring a “triple-demic”. The triple-demic is made up of a child issue called RSV + the yearly flu + Covid-19. The third phase will be the ramping up or “modulating” the 5G signal beam. The best guess is that the goal is to “execute” the “modulating” by no later than the end of 2025.

Why wait you might be thinking? Well wireless energy requires power to run the signal generation. Each cell tower is powered by electricity, a diesel generator, or another fossil fuel source; and that costs money for the telecoms and operators of the cell tower network.

The take home point here is that anyone with a **5G** cell phone or **5G** device faces a “kill shot” directed beam of microwave radiation on any day from here on out to late 2025! The indications are that they are already doing selected areas referred to as “kill zones”.

I follow the telecoms regarding how their roll out is proceeding towards completion. 2025 was the global elite deadline and progress suggests it will be completed much sooner. Between Elon Musk’s StarLink system of a planned 42,000 satellites and more than 400,000 satellites by AT&T, Verizon, T-Mobile, DISH, and Hughes there will be no place to run or hide. Just because you can’t see what is occurring does not diminish the harm wireless EMF/EMR energy can do your body. You are 70% liquid, and a being affected by biology, electricity, and chemical factors!

Pray to God that His intervention will be soon! Jesus Christ is your only hope!

Blessings,
