

# Creeping Rothschild Globalism!!

The global government is getting even closer to eroding your most cherished rights... The freedom to make your own health decisions is not far from becoming history. In as short as a year from now you could be a slave to another UN Treaty. One thing you can be sure of is that the globalists do not rest in their quest for global governance. This long-range agenda did not begin in 2020; if you are a student of history then you know it has been around for centuries.

The World Health Organization (WHO) has created an international 'Pandemic Treaty' that will dictate health care policies around the world – by overriding the laws of 194 member countries. Which means...

- *They'll order you* and your loved ones to get the CVD jab (plus never-ending boosters), and *tell you* what your vaccine passport *permits* you to do.
- *They'll decide* what punitive damages you must pay if you don't submit.
- And, *they'll censor* any information that threatens their authority.

Think you can fight them?

The WHO – and all United Nations agencies – is unelected and unaccountable. They have full diplomatic immunity. Which makes them untouchable.

And it's been that way since 1946 when the *Convention on the Privileges and Immunities of the United Nations* was established.

According to Shabnam Palesa Mohamed, a member of the steering committee of the World Council for Health, the 'Pandemic Treaty' gives the WHO:

*"... An inordinate amount of power to make decisions in sovereign countries as to how people live and how they deal with pandemics, from lockdowns to mandates over treatment."*

In November 2021, health ministers from the WHO's 194 member states met to 'strengthen the agency's ability to address pandemics'.

According to WHO director-general Tedros Adhanom Ghebreyesus, *"Surely countries can agree on the need for a binding pact on the threat of pandemics. I'm encouraged that there is now a broad consensus for the need for such an instrument."*

They'll vote on the treaty at the World Health Assembly in 2023. If passed, all member states will be bound by it.

Of course, if another pandemic mysteriously appears before then, the WHO could forcibly implement it.

If you think the Covid mandates have been unbearable, wait until we're ruled by a global health dictatorship.

That's why it's crucial that we speak out now.

Share this news with everyone you know, and encourage them to stand up for their medical freedom.

2022 is a turning point. Next year, it will be too late. The World Health Organization cannot be trusted with your health. The following examples are cases in point.

On April 15 2022, the World Health Organization issued a global alert about a new form of severe acute Hepatitis with an unknown etiology (cause) affecting previously healthy children in the UK over the last month.

Cases have also been notified in Spain and Ireland. Tests have excluded all previously known Hepatitis viruses. 74 cases have been found so far, with more expected. The WHO alert said:

*"The clinical syndrome in identified cases is of acute hepatitis with markedly elevated liver enzymes, often with jaundice, sometimes preceded by gastrointestinal symptoms, in children principally up to 10 years old. Some cases have required transfer to specialist children's liver units and six children have undergone liver transplantation. As of 11 April, no death has been reported among these cases and one epidemiologically linked case has been detected."*

The announcement comes after the UK Health Security Agency (UKHSA) recently detected higher than usual rates of liver inflammation (hepatitis) in children. Similar cases are also being assessed in Scotland.

Hepatitis is a condition that affects the liver and may occur for a number of reasons, including several viral infections common in children. However, **in the cases under investigation the common viruses that cause hepatitis have not been detected.**

The WHO discussed a possible role of the Covid-19 virus in the outbreak:

*"Severe acute respiratory syndrome coronavirus type 2 (SARS-CoV-2) and/or adenovirus have been detected in several cases. The United Kingdom has recently observed an increase in adenovirus activity, which is co-circulating with SARS-CoV-2, though the role of these viruses in the pathogenesis (mechanism by which disease develops) is not yet clear...."*

*“While some cases tested positive for SARS-CoV-2 and/or adenovirus, genetic characterization of viruses should be undertaken to determine any potential associations between cases.”*

**There are other possible causes of hepatitis.**

These include *autoimmune hepatitis* and hepatitis that occurs as a secondary result of **vaccines**, medications, drugs, **toxins**, and alcohol.

Autoimmune hepatitis is a disease that occurs when your body makes antibodies against your liver tissue.

Autoimmune conditions are known to be associated with both Covid-19 viral infection and Covid-19 vaccination.

A case reports paper published at PubMed in September 2021 entitled [Auto-immune hepatitis following COVID vaccination](#) described two cases of auto-immune hepatitis following Covid-19 vaccination.

No investigation of Covid-19 vaccination as a possible complicating factor in the development of the new form of hepatitis has yet taken place, but it's the very first place they should be looking.

It was assumed that the Covid-19 vaccine's spike protein would remain at the injection site and last up to several weeks like other proteins produced in the body.

But as we all know assumptions make an ass out of you and me, and Pfizer's own study shows this is not the case and that spike proteins circulate in the body following mRNA Covid-19 vaccination, and the highest concentration ends up in the liver.

*“The greatest mean concentration outside the injection site was observed in the liver, with values of 27.916 µg equiv lipid/g (equivalent to 21.5 % dose) in males and 30.411 µg equiv lipid/g (equivalent to 18.4 % dose) in females”*

The Japanese regulatory agency's bio-distribution study of the Pfizer vaccine shows that the contents of the Covid-19 injection travels from the injection site, through the bloodstream, and ends up in various organs such as the liver, spleen, adrenal glands, and ovaries for at least 48 hours after injection.

The World Health Organization has proved to be just as inept and impotent as it is corrupt and rife with incompetence when it comes to public health. The chief example of this is the very fact that its director-general Tedros Adhanom Ghebreyesus is not a medical doctor and has no medical qualifications. His role as director-general came mostly with the endorsement plug of Xi Jinping, head of the CCP. Tedros was a terrorist leader in Ethiopia. While all eyes are on the WHO during this pandemic, it pays to take a look at the person at the helm.

- Tedros Ghebreyesus (or Tedros as he prefers) is not a medical doctor despite the appellation. He is the first WHO director-general not to have a medical degree.
- As Ethiopia's health minister, he is accused of covering up three cholera outbreaks, calling them cases of watery diarrhea.
- He was the third most important person in the terrorist organization, Tigrayan People's Liberation Front (TPLF) and is said to have played a key role in the kidnapping of a prominent dissident as well as other atrocities.

Two African countries – [Burundi](#) and [Tanzania](#) – had Presidents who banned the WHO from their borders, and refused to go along with the Pandemic narrative. Both Presidents died unexpectedly within months of that decision, only to be replaced by new Presidents who instantly reversed their predecessor's covid policies.

Less than a week after the death of President Pierre Nkurunziza, the IMF agreed to forgive [almost 25 million dollars of Burundi's national debt](#) in order to help combat the Covid19 "crisis".

Just five months after the death of President John Magufuli, the new government of Tanzania received \$600 million dollars from the IMF to ["address the covid19 pandemic"](#).

It's pretty clear what happened here, isn't it?

Globalists backed coups and rewarded the perpetrators with “international aid”. The proposals for the Pandemic treaty would simply legitimize this process, moving it from covert back channels to overt official ones.

Another example that should cause serious concern was a news report from a few days ago when it was learned that the Chinese [Wuhan Lab Allowed to Destroy 'Secret Files' Under Its Partnership With US National Lab, Agreement Shows](#) | Dated 21 April 2022 | The Wuhan Institute of Virology (WIV) has the right to make a partnering U.S. lab wipe all data arising from their collaborative work, a legal document reveals. A memorandum of understanding (MOU) of cooperation, signed between the Wuhan lab and the Galveston National Laboratory at the University of Texas Medical Branch, makes it obligatory for each of the two labs to delete "secret files" or materials upon the request of the other party. *"The party is entitled to ask the other to destroy and/or return the secret files, materials, and equipment without any backups,"* states the MOU obtained by U.S. Right to Know, a nonprofit investigative research group focused on public health, through a freedom of information request. The MOU focused on promoting research and training cooperation between the two labs. It was signed in 2017 and stays in effect through this October.

Then In Europe Five Green MEPs are suing the European Commission over its ultra-secretive vaccine contracts, arguing that the heavily redacted versions released by the EC *"made it impossible to understand the content of the agreements,"* in a [statement](#) published Friday, April 22, 2022.

*"Secrecy is a breeding ground for distrust and skepticism, and it has no place in public agreements with pharmaceutical companies,"* Margrete Auken, a Danish MEP involved in the suit, declared, adding that *"the European Commission's refusal to provide transparency on its vaccine contracts affects the public's confidence in the EU's ability to obtain the best possible outcome for its citizens."*

The MEPs are demanding the details of the contracts the EC signed with vaccine-makers BioNTech, Pfizer, Moderna, AstraZeneca, Johnson & Johnson, and Novavax, including price per dose, advance payments, conditions for vaccine donations, liability, and indemnification matters.

*"Purchases made with public money should come with public information, definitely in matters of health,"* Dutch MEP and party to the lawsuit Kim van Sparrentak said in the group's statement, noting that *"confidentiality under the guise of trade secrets only fuels uncertainty and fear."*

In addition to Auken and van Sparrentak, the MEPs signing on to the suit are Tilly Metz (Luxembourg), Jutta Paulus (Germany), and Michele Rivasi (France), the chair of the parliament's committee on Covid-19.

The lawsuit, filed in the European Court of Justice in Luxembourg, comes as EC President Ursula von der Leyen revealed that every EU member state would be

required to adopt EU Digital Covid Certificates, a digital health passport issued to those with proof of vaccination, a negative PCR test, or proof of recovery from Covid-19. While the validity period for such certificates was due to lapse at the end of June, the EC is not only renewing it another year, but making it mandatory for all 27 EU countries from July 1. Only 15 are currently using it, according to von der Leyen.

The move comes despite many EU states winding down their Covid-19 restrictions, moving away from some of the stricter measures imposed in the first 18 months of the pandemic. Germany, which had initially sought to require all citizens over the age of 60 to receive a Covid-19 vaccine, has been forced to axe those plans after they were voted down in the Bundestag, though the country's health minister has warned that the government may re-impose mask mandates, as he expects infections to increase in the fall.

In response to the lawsuit, the EC has insisted it cannot reveal the contracts it signed with the vaccine-makers back in 2020, claiming "*the commission is in the business of respecting contracts.*" At the time, EU lawmakers who wanted to see the contracts were prohibited from taking notes and forced to sign non-disclosure agreements.

Much of the world seemed to be headed for mandatory Covid-19 vaccination six months ago. However, the realization that despite their manufacturers' initial promises, the vaccines were no magic bullet – not only incapable of stopping the spread, but incapable of preventing further infection – has cooled public fervor for mandates. Health concerns and complaints of discrimination against the unvaccinated have also contributed to the backlash. However, the manufacturers, as well as most officials, continue to insist that the vaccines are "*safe and effective.*"

I have to say that I was on top of the globalist agenda long before the WHO declared the Covid-19 a 'pandemic'. I knew of Klaus Schwab being a member of the Rothschild family years before that. He was a recruit of Dr. Henry Kissinger decades ago.

**THE ROTHSCHILD, WORMS, SCHWAB FAMILIES ARE EUROPEAN JEWS DESCENDED FROM THE DIASPORA OF KHAZARIANS, ORIGINALLY PAGAN SEMI-NOMADIC SILK ROAD HORSEMEN AND TRADERS—NOT SEMITIC PALESTINIAN OR ISRAELI—WHO CONVERTED IN [737 A.D.](#)**

Zionist groups have worked hard in their propoganda to explain that the 9.5 million, largely Ashkenazi, Jews in Europe before WWII were/are descendants of the Levant (today Syria, Lebanon, Jordan, Israel, Palestine and Turkey southwest of the middle Euphrates).

Ashkenazi Jews make up 90% of the Jews in the world. Here is one example of this misdirection is Avotyaynu Online, posted on Mar. 22, 2020, obscuring their misdirection in indecipherable geneticist shop-talk ("Their study found no particular similarity between Ashkenazi Jews and Caucasian populations.).

However, their Ashkenazi DNA tells a dramatically different story.

On Jun. 21, 2017, "Frontiers in Genetics" published "The Origins of Ashkenaz, Ashkenazic Jews, and Yiddish." They concluded that even the term "Ashkenaz" has its origins in four villages in Turkey. This area was the southernmost Eurasian steppe that comprised the Khazarian Empire.

**The Khazarian Empire, 650-950 A.D. The origins of Ashkenazi Jewry in Europe.**

The Khazarian hypothesis that European Jews descended from Khazaria is confirmed by DNA analysis. We believe this strongly supports the origins of Ashkenazi Jewry in Europe as Khazarian. Various attempts to totally discount this analysis in favor of a semitic (Levant) origin narrative are unconvincing, and suspiciously propagandistic.

Are the Jews of the 12 Tribes of Israel actually their spiritual enemies since they are only crypto-Jews at best? The history confirms this to be the case and yet most sources would mislead one into seeing no difference whatsoever.

The fraud and treachery of this family is off the charts.

**“Y-chromosomal analyses yield high similarities between European Jews and Caucasus populations rooted in the Caucasus (fig. 7) in support of the Khazarian hypothesis.” (p. 69)**

Eran Eliaik. (Dec. 12, 2012). The Missing Link of Jewish European Ancestry: Contrasting the Rhineland and the Khazarian Hypotheses, *Genome Biology and Evolution*, Vol. 5, Issue 1, Jan. 2013, pp. 61–74. *Genome Biology and Evolution*.

## **Rothschilds & Schwabs are German Frankist blood cousins, like Charles**

They embrace Meyer Amschel Rothschild-funded Sabbatian Frankism (Jeffrey Epstein’s cult) at the time of the American Revolution to enslave humanity through debt and debauchery

The Rothschild's have totally hidden their real family name "Bacharach," their depraved Frankist religion, and their Khazarian nomadic roots. Then, they moved in their crypto-Bacharach family Fifth column into America in the exodus of their fellow Khazarian Jews from Odessa and climate region in the 1880s.

Their sinister promotion of British Zionism and a new world order in conspiracy with the Pilgrims Society must be evaluated in a whole new light.

Are the Jews of the 12 Tribes of Israel actually their spiritual enemies since they are only crypto-Jews at best? The history confirms this to be the case and yet most sources would mislead one into seeing no difference whatsoever.

The fraud and treachery of this family is off the charts.

See [Eran Elaik. \(Dec. 12, 2012\)](#). The Missing Link of Jewish European Ancestry: Contrasting the Rhineland and the Khazarian Hypotheses, *Genome Biology and Evolution*, Vol. 5, Issue 1, Jan. 2013, pp. 61–74. *Genome Biology and Evolution*.

Victor Rothschild's "Uri Feibesh [zur Bacharach]" was the son of father [Eichanan Ben Zur Bacharach Zur Roten Rose \(1496-1550\)](#) and mother **Fogele Rose "Tzipora" Bacharach (born Worms Haas-Grotwohl) (1505-1550)**. Eichanan had alias names Elchanan ben Uri, Han, Hon, Hane, Elkan, Elchanan Bauer.

Eichanan was the son of father [Uri Feibes \(Fajsch\) Zu Bacharach \(1475-1588\)](#) and mother Zu Bacharach (nee Zur Roten Rose (ca. 1496-1550)).

ROTHSCHILD DELETED "BACHARACH" FROM THE FAMILY NAME

Lord Victor Rothschild dropped the "Bacharach" part of Uri Feibes name? This is evident fraud.

We will not delve further into the Bacharach family name other than to say it has been a family with a strong rabbinical heritage.

The change from "Bacharach" to "Rothschild" is suspicious since the Bacharach name would normally be retained, and since Mayer Amschel would otherwise have thought so little of his Bacharach family heritage as to name it after a house instead!

Now the Rothschild's must be unwound and prosecuted as satanic oppressors of humanity. They control around 185 sovereign state central banks of the world, all but seven or eight national banks. Prince Charles of Wales is the anointed heir to the English throne but is secretly in line to be the King of the World, referred to in the Bible as the anti-messiah or the Antichrist. Prince Charles is the head member of [The Order of the Garter](#) which is the **parent organization over Free Masonry, worldwide**. When a Mason reaches the 33rd degree, he swears allegiance to that organization, and thereby to the Queen. The Most Noble Order of the Garter, the garter itself is made of blue velvet edged with gold. It bears the motto "*Honi Qui Mal Pense,*" which is

embroidered in gold about its circumference. This translates into modern language as *"Woe Be Unto Him or Them Who Thinks Evil of Us."*

The Order of the Garter is the core of the Committee Of 300 (aka Olympians). Queen Elizabeth II is the leader of this organization. In essence, Freemasonry is a two-tiered structured secret society, the lower degreed lodge members who are there for fraternal social and business reasons, while the 30<sup>th</sup> through the 33<sup>rd</sup> degrees are largely from those of royalty, power brokers and world leaders.

Its members include most if not all of the royal British family along with, many peers of the realm including Lord Rothschild, as well as other European nobility, and a slew of other wealthy individuals scattered across Europe and America.

These elite own businesses on every level, especially the oil and banking industry. George Bush was a recent member who was knighted by the Queen on December 20, 1993, as a Knight Grand Cross of the Most Honorable Order of the Bath.

**"Y-chromosomal analyses yield high similarities between European Jews and Caucasus populations rooted in the Caucasus (fig. 7) in support of the Khazarian hypothesis." (p. 69)**

Eran Eliaik. (Dec. 12, 2012). The Missing Link of Jewish European Ancestry: Contrasting the Rhineland and the Khazarian Hypotheses, *Genome Biology and Evolution*, Vol. 5, Issue 1, Jan. 2013, pp. 61–74. *Genome Biology and Evolution*.

Klaus Schwab and his World Economic Forum began modestly in 1971 in Switzerland and have grown to the point that a thousand leaders await their invitation to the yearly gathering at Davos, Switzerland.

**Klaus Schwab. Founder of the World Economic Forum. Just so we know who we're dealing with...**

The world is being subsumed into The Great Reset of Klaus Schwab's World Economic Forum largely oblivious to the fact it is the subtle enslavement to the House of Rothschild of what will be the Antichrist New World Order.

Most people today are unaware of the fact that 1971 and Klaus Schwab came along at the same time as the founding of the Club of Rome, and the world's focus had begun to hone in on *'The Population Bomb'* by Paul Ehrlich of Stanford University.

This grand plan was let out of the closet, so to speak, by Dr. Richard Day who was a Professor of Pediatrics at Mount Sinai Medical School in New York back in 1969. He also served as Medical Director of Planned Parenthood Federation of America and was a profound atheist and an insider of the New World Order.

Dr. Day gave a lecture to the Pittsburgh Pediatric Society in 1969 where he let the hushed cat out of the bag. His lecture was subsequently taped and those tapes were finally transcribed.

Basically, the agenda is to corrupt morality, encourage unrestricted sense gratification, and eliminate or ridicule religiosity, spirituality, common sense, and the concept of right or wrong.

How we conduct ourselves and what we impart to our children and loved ones will determine our integrity one way or another.

In this article, I will simply list the agendas to be followed in forthcoming articles with more elaboration of creeping globalism.

Suffice it to say that the powers to be want our world to go to hell in a handbasket so they can dictate activity, consciousness, and work toward ultimate control over each and every one of us.

The introduction to Dr. Day's lecture began with:

*"Is there a power, a force or a group of men organizing and directing change? Everything is in place and nobody can stop us now."* Even Bill Clinton made vague reference to this group of men manipulating society towards an end goal in his second inaugural address. *"People will have to get used to change"*.

The real and stated goals are as follows:

- Population control
- Permission to have babies
- Redirecting the purpose of sex - sex without reproduction and reproduction without sex
- Contraception universally available to all
- Sex education as a tool of world government

- Tax funded abortion as population control
- Encouraging homosexuality as a means of population control
- Families to diminish in importance
- Euthanasia and the "demise pill"
- Limiting access to affordable medical care makes eliminating the elderly easier
- Planning the control over medicine
- Elimination of private doctors
- New difficult to diagnose and untreatable diseases
- Suppressing cancer cures as a means of population control
- Inducing heart attacks as a form of assassination
- Education as a tool for accelerating the onset of puberty and evolution
- Blending all religions. The old religions will have to go
- Changing the Bible through revisions of key words
- The churches will help us
- Restructuring education as a tool of indoctrination
- More time in schools, but not learning anything
- Controlling who has access to information
- Schools as the hub of the community
- Some books would just disappear from the libraries
- Changing laws
- Encouraging drug abuse to create a jungle atmosphere
- Promoting alcohol abuse
- Restrictions on travel
- The need for more jails and using hospitals as jails
- No more security
- Crime used to manage society
- Curtailment of American industrial pre-eminence
- Shifting populations and economies - tearing social roots
- Sports as a tool of social change
- Sex and violence inculcated through entertainment
- Travel restrictions and implanted I.D.s
- Food control (my comment - "hello [Monsanto!](#))
- Weather control (my comment - the [HAARP project](#) and hurricane Sandy)
- Know how people respond and make them do what you want
- Falsified scientific research
- Terrorism

- Financial control
- Surveillance, implants, and televisions that watch you
- Home ownership a thing of the past
- The arrival of the totalitarian global system

I'm sure by now you are aware of how much of this has already been implemented.

Below, each of the above topics is explained as to how Dr. Day presented them. We obviously have more to fight against than the non-labeling of GMO foods.

The tapes were [recorded and transcribed](#) by Dr. Lawrence Dunegan, a former student of Dr. Day. The comments below are those by Dr. Dunegan. I have listened to the tapes several times since they were first released.

## **The Plot to Control and Reduce the Population**

### **NEW DIFFICULT TO DIAGNOSE AND UNTREATABLE DISEASES**

Next heading to talk about is Health and Disease.

He said there would be new diseases to appear which had not ever been seen before. Would be very difficult to diagnose and be untreatable - at least for a long time.

No elaboration was made on this, but I remember, not long after hearing this presentation, when I had a puzzling diagnosis to make, I would be wondering,

"is this was what he was talking about? Is this a case of what he was talking about?"

Some years later, as AIDS ultimately developed, I think AIDS was at least one example of what he was talking about. I now think that AIDS probably was a manufactured disease.

### **SUPPRESSING CANCER CURES AS A MEANS OF POPULATION CONTROL**

He said. *"We can cure almost every cancer right now. Information is on file in the Rockefeller Institute, if it's ever decided that it should be released.*

*But consider - if people stop dying of cancer, how rapidly we would become overpopulated. You may as well die of cancer as something else."*

Efforts at cancer treatment would be geared more toward comfort than toward cure.

There was some statement that ultimately the cancer cures which were being hidden in the Rockefeller Institute would come to light because independent researchers might bring them out, despite these efforts to suppress them.

But at least for the time being, letting people die of cancer was a good thing to do because it would slow down the problem of overpopulation.

### **INDUCING HEART ATTACKS AS A FORM OF ASSASSINATION**

Another very interesting thing was heart attacks.

He said, *"There is now a way to simulate a real heart attack. It can be used as a means of assassination."*

Only a very skilled pathologist, who knew exactly what to look for at an autopsy, could distinguish this from the real thing. I thought that was a very surprising and shocking thing to hear from this particular man at that particular time.

This, and the business of the cancer cure, really still stand out sharply in my memory, because they were so shocking and, at that time, seemed to me out of character.

He then went on to talk about nutrition and exercise sort of in the same framework. People would not have to .. people would have to eat right and exercise right to live as long as before. Most won't. This in the connection of nutrition, there was no specific statement that I can recall as to particular nutrients that would be either inadequate or in excess.

In retrospect, I tend to think he meant high salt diets and high fat diets would predispose toward high blood pressure and premature arteriosclerotic heart disease.

And that if people who were too dumb or too lazy to exercise as they should then their dietary .. their circulating fats go up and predispose to disease.

And he said something about diet information - about proper diet - would be widely available, but most people, particularly stupid people, who had no right to continue living anyway, they would ignore the advice and just go on and eat what was convenient and tasted good.

There were some other unpleasant things said about food. I just can't recall what they were. But I do remember of .. having reflections about wanting to plant a garden in the backyard to get around whatever these contaminated foods would be. I regret I don't remember the details .. the rest of this .. about nutrition and hazardous nutrition. With regard to exercise.

He went on to say that more people would be exercising more, especially running, because everybody can run. You don't need any special equipment or place. You can run wherever you are.

As he put it, "*people will be running all over the place.*" And in this vein, he pointed out how supply produces demand.

And this was in reference to athletic clothing and equipment. As this would be made more widely available and glamorized, particularly as regards running shoes, this would stimulate people to develop an interest in running and .. as part of a whole sort of public propaganda campaign. People would be encouraged then to buy the attractive sports equipment and to get into exercise. Again .. well in connection with nutrition he also mentioned that public eating places would rapidly increase.

That .. this had a connection with the family too. As more and more people eat out, eating at home would become less important. People would be less dependent on their kitchens at home. And then this also connected to convenience foods being made widely available - things like you could pop into the microwave. Whole meals would be available pre-fixed.

And of course. we've now seen this... and some pretty good ones. But this whole different approach to eating out and to .. previously prepared meals being eaten in the home was predicted at that time to be brought about - convenience foods. The convenience foods would be part of the hazards.

Anybody who was lazy enough to want the convenience foods rather than fixing his own also had better be energetic enough to exercise. Because if he was too lazy to exercise and too lazy to fix his own food, then he didn't deserve to live very long. This was all presented as sort of a moral judgment about people and what they should do with their energies.

People who are smart, who would learn about nutrition, and who are disciplined enough to eat right and exercise right are better people - and the kind you want to live longer.

## **EDUCATION AS A TOOL FOR ACCELERATING THE ONSET OF PUBERTY AND EVOLUTION**

Somewhere along in here there was also something about accelerating the onset of puberty.

And this was said in connection with health, and later in connection with education, and connecting to accelerating the process of evolutionary change.

There was a statement that,

*"we think that we can push evolution faster and in the direction we want it to go."*

I remember this only as a general statement. I don't recall if any details were given beyond that.

### **BLENDING ALL RELIGIONS...THE OLD RELIGIONS WILL HAVE TO GO**

Another area of discussion was Religion. This is an avowed atheist speaking.

And he said,

*"Religion is not necessarily bad. A lot of people seem to need religion, with its mysteries and rituals - so they will have religion. But the major religions of today have to be changed because they are not compatible with the changes to come.*

*The old religions will have to go. Especially Christianity. Once the Roman Catholic Church is brought down, the rest of Christianity will follow easily.*

*Then a new religion can be accepted for use all over the world. It will incorporate something from all of the old ones to make it more easy for people to accept it, and feel at home in it. Most people won't be too concerned with religion.*

*They will realize that they don't need it."*

### **CHANGING THE BIBLE THROUGH REVISIONS OF KEY WORDS**

In order to do this, the Bible will be changed. It will be rewritten to fit the new religion.

Gradually, key words will be replaced with new words having various shades of meaning. Then the meaning attached to the new word can be close to the old word - and as time goes on, other shades of meaning of that word can be emphasized and then gradually that word replaced with another word. [The period since this was first revealed has averaged one new Bible translation per year.]

I don't know if I'm making that clear. But the idea is that everything in Scripture need not be rewritten, just key words replaced by other words.

And the variability in meaning attached to any word can be used as a tool to change the entire meaning of Scripture, and therefore make it acceptable to this new religion.

Most people won't know the difference; and this was another one of the times where he said, *"the few who do notice the difference won't be enough to matter."*

## **"THE CHURCHES WILL HELP US!"**

Then followed one of the most surprising statements of the whole presentation:

He said, *"Some of you probably think the Churches won't stand for this," and he went on to say, "the churches will help us!"*

There was no elaboration on this, it was unclear just what he had in mind when he said, and *"the churches will help us!"*

In retrospect I think some of us now can understand what he might have meant at that time.

I recall then only of thinking, *"no they won't!"* and remembering our Lord's words where he said to Peter, *"Thou art Peter and upon this rock I will build my Church, and gates of Hell will not prevail against it."*

So .. yes, some people in the Churches might help. And in the subsequent 20 years we've seen how some people in Churches have helped. But we also know that our Lord's Words will stand, and the gates of Hell will not prevail.

## **RESTRUCTURING EDUCATION AS A TOOL OF INDOCTRINATION**

Another area of discussion was Education.

And one of the things; in connection with education that remember connecting with what he said about religion was in addition to changing the Bible he said that the classics in Literature would be changed. I seem to recall Mark Twain's writings was given as one example.

But he said, the casual reader reading a revised version of a classic would never even suspect that there was any change. And, somebody would have to go through word by word to even recognize that any change was made in these classics, the changes would be so subtle.

But the changes would be such as to promote the acceptability of the new system.

## **MORE TIME IN SCHOOLS, BUT THEY "WOULDN'T LEARN ANYTHING."**

As regards education, he indicated that kids would spend more time in schools, but in many schools they wouldn't learn anything. They'll learn some things, but not as much as formerly. Better schools in better areas with better people - their kids will learn more. In the better schools learning would be accelerated.

And this is another time where he said, *"We think we can push evolution."*

By pushing kids to learn more he seemed to be suggesting that their brains would evolve, that their offspring would evolve .. sort of pushing evolution .. where kids would learn and be more intelligent at a younger age. As if this pushing would alter their physiology. Overall, schooling would be prolonged.

This meant prolonged through the school year.

I'm not sure what he said about a long school day, I do remember he said that school was planned to go all summer, that the summer school vacation would become a thing of the past. Not only for schools, but for other reasons.

People would begin to think of vacation times year round, not just in the summer. For most people it would take longer to complete their education. To get what originally had been in a bachelor's program would now require advanced degrees and more schooling. So that a lot of school time would be just wasted time.

Good schools would become more competitive. I inferred when he said that, that he was including all schools - elementary up through college - but I don't recall whether he said that. Students would have to decide at a younger age what they would want to study and get onto their track early, if they would qualify.

It would be harder to change to another field of study once you get started. Studies would be concentrated in much greater depth, but narrowed. You wouldn't have access to material in other fields, outside your own area of study, without approval.

This seem to be more .. where he talked about limited access to other fields .. I seem to recall that as being more at the college level. high school and college level, perhaps. People would be very specialized in their own area of expertise.

But they won't be able to get a broad education and won't be able to understand what is going on overall.

### **CONTROLLING WHO HAS ACCESS TO INFORMATION**

He was already talking about computers in education, and at that time he said anybody who wanted computer access, or access to books that were not directly related to their field of study would have to have a very good reason for so doing.

Otherwise, access would be denied.

## SCHOOLS AS THE HUB OF THE COMMUNITY

Another angle was that the schools would become more important in people's overall life.

Kids in addition to their academics would have to get into school activities unless they wanted to feel completely out of it. But spontaneous activities among kids.. the thing that came to my mind when I heard this was - sand lot football and sand lot baseball teams that we worked up as kids growing up.

I said the kids wanting any activities outside of school would be almost forced to get them through the school.

There would be few opportunities outside.

Now the pressures of the accelerated academic program, the accelerated demands, where kids would feel they had to be part of something - one or another athletic club or some school activity - these pressures he recognized would cause some students to burn out.

He said. *"the smartest ones will learn how to cope with pressures and to survive. There will be some help available to students in handling stress, but the unfit won't be able to make it. They will then move on to other things."*

In this connection and later on in the connection with drug abuse and alcohol abuse he indicated that psychiatric services to help would be increased dramatically.

In all the pushing for achievement, it was recognized that many people would need help, and the people worth keeping around would be able to accept and benefit from that help, and still be super achievers.

Those who could not would fall by the wayside and therefore were sort of dispensable - *"expendable"* I guess is the word I want.

Education would be lifelong. Adults would be going to school. There'll always be new information that adults must have to keep up. When you can't keep up anymore, you're too old. This was another way of letting older people know that the time had come for them to move on and take the demise pill.

If you got too tired to keep up with your education, or you got too old to learn new information, then this was a signal - you begin to prepare to get ready to step aside.

## **"SOME BOOKS WOULD JUST DISAPPEAR FROM THE LIBRARIES..."**

In addition to revising the classics, which I alluded to a while ago .. with revising the Bible, he said, *"some books would just disappear from the libraries."*

This was in the vein that some books contain information or contain ideas that should not be kept around. And therefore, those books would disappear. I don't remember exactly if he said how this was to be accomplished. But I seem to recall carrying away this idea that this would include thefts.

That certain people would be designated to go to certain libraries and pick up certain books and just get rid of them. Not necessarily as a matter of policy - just simply steal it. Further down the line, not everybody will be allowed to own books. And some books nobody will be allowed to own.

## **CHANGING LAWS**

Another area of discussion was laws that would be changed. At that time a lot of States had blue laws about Sunday sales, certain Sunday activities. He said the blue laws [Sunday laws] would all be repealed.

Gambling laws would be repealed or relaxed, so that gambling would be increased. He indicated then that governments would get into gambling. We've had a lot of state lotteries pop up around the country since then.

And, at the time, we were already being told that would be the case.

*"Why should all that gambling money be kept in private hands when the State would benefit from it?"* was the rationale behind it.

But people should be able to gamble if they want to. So it would become a civil activity, rather than a private, or illegal activity.

Bankruptcy laws would be changed. I don't remember the details, but just that they would be. And I know subsequent to that time they have been.

Antitrust laws would be changed, or be interpreted differently, or both. In connection with the changing anti-trust laws, there was some statement that in a sense. competition would be increased. But this would be increased competition within otherwise controlled circumstances. So it's not a free competition.

I recall of having the impression that it was like competition but within members of a club. There would be nobody outside the club would be able to compete. Sort of like teams competing within a professional sports league .. if you're the NFL or the American

or National Baseball Leagues - you compete within the league but the league is all in agreement on what the rules of competition are - not a really free competition.

### **THE ENCOURAGEMENT OF DRUG ABUSE TO CREATE A JUNGLE ATMOSPHERE**

Drug use would be increased. Alcohol use would be increased. Law enforcement efforts against drugs would be increased. On first hearing that it sounded like a contradiction. Why increase drug abuse and simultaneously increase law enforcement against drug abuse? But the idea is that, in part, the increased availability of drugs would provide a sort of law of the jungle whereby the weak and the unfit would be selected out.

There was a statement made at the time:

*"Before the earth was overpopulated, there was a law of the jungle where only the fittest survived. You had to be able to protect yourself against the elements and wild animals and disease. And if you were fit you survived.*

*But now we've become so civilized - we're over civilized - and the unfit are enabled to survive only at the expense of those who are more fit."*

And the abusive drugs then, would restore, in a certain sense, the law of the jungle, and selection of the fittest for survival. News about drug abuse and law enforcement efforts would tend to keep drugs in the public consciousness.

And would also tend to reduce this unwarranted American complacency that the world is a safe place, and a nice place.

### **ALCOHOL ABUSE**

The same thing would happen with alcohol. Alcohol abuse would be both promoted and demoted at the same time. The vulnerable and the weak would respond to the promotions and therefore use and abuse more alcohol. Drunk driving would become more of a problem; and stricter rules about driving under the influence would be established so that more and more people would lose their privilege to drive.

### **RESTRICTIONS ON TRAVEL**

This also had connection with something we'll get to later about overall restrictions on travel.

Not everybody should be free to travel the way they do now in the United States. People don't have a need to travel that way. It's a privilege! It was kind of the high-handed the way it was put. Again, much more in the way of psychological services would be made available to help those who got hooked on drugs and alcohol.

The idea being, that in order to promote this - drug and alcohol abuse to screen out some of the unfit - people who are otherwise are pretty good also would also be subject to getting hooked. And if they were really worth their salt they would have enough sense to seek psychological counseling and to benefit from it.

So this was presented as sort of a redeeming value on the part of the planners. It was as if he were saying, *"you think we're bad in promoting these evil things - but look how nice we are - we're also providing a way out!"*

### **THE NEED FOR MORE JAILS, AND USING HOSPITALS AS JAILS**

More jails would be needed. Hospitals could serve as jails. Some new hospital construction would be designed so as to make them adaptable to jail-like use.

This is the continuation of Dr. Day's lecture in 1969 to finally speak openly about the "powers" and the "haves" plan to control and reduce the population.

There is one more part to finish his heinous, impersonal, atheistic ramblings. Unfortunately, his ramblings are the plans propagated by the Rockefellers, early, and to the Gates in modern day.

After presenting his final criminality I will finish with an epilogue, which will put it all in perspective and in your hands to deal with.

### **TRAVEL RESTRICTIONS AND IMPLANTED I.D.**

Travel, instead of being easy for old folks, would become very restricted.

People would need permission to travel and they would need a good reason to travel. If you didn't have a good reason for your travel you would not be allowed to travel, and everyone would need ID.

This would at first be an ID card you would carry on your person and you must show when you are asked for it. It was already planned that later on some sort of device would be developed to be implanted under the skin that would be coded specifically to identify the individual (hello microchips).

This would eliminate the possibility of false ID and also eliminate the possibility of people saying "Well, I lost my ID."

The difficulty about these skin implants was that the ID was stated to be getting material that would stay in or under the skin without causing foreign body reaction whereby the body would reject it or cause infection, and that this would have to be material on which information could be recorded and retrieved by some sort of scanner while it was not rejected by the body. Silicon was mentioned. Silicon at that time was thought to be well tolerated.

It was used to augment breasts. Women who felt their breasts were too small would get silicone implants, and I guess that still goes on.

At any rate silicon was seen at that time as the promising material to do both: to be retained in the body without rejection and to be able to retain information retrievable by electronic means.

## **FOOD CONTROL**

Food supplies would come under tight control. If population growth didn't slow down, food shortages could be created in a hurry and people would realize the dangers of overpopulation.

Ultimately, whether the population slows down or not the food supply is to be brought under centralized control so that people would have enough to be well-nourished but they would not have enough to support any fugitive from the new system. In other words, if you had a friend or relative who didn't sign on, and growing one's own food would be outlawed.

This would be done under some sort of pretext. In the beginning I mentioned there were two purposes for everything - one the ostensible purpose and one the real purpose, - and the ostensible purpose here would be that growing your own vegetables was unsafe, it would spread disease or something like that.

So the acceptable idea was to protect the consumer but the real idea was to limit the food supply and growing your own food would be illegal. And if you persist in illegal activities like growing your own food, then you're a criminal.

## **WEATHER CONTROL**

There was a mention then of weather. This was another really striking statement.

He said, ***"We can or soon will be able to control the weather."***

He said, ***"I'm not merely referring to dropping iodide crystals into the clouds to precipitate rain that's already there, but REAL control."***

And weather was seen as a weapon of war, a weapon of influencing public policy (does the HAARP project ring a bell?). It could make rain or withhold rain in order to influence certain areas and bring them under your control. There were two sides to this that were rather striking.

He said, *"On the one hand you can make drought during the growing season so that nothing will grow, and on the other hand you can make for very heavy rains during harvest season so the fields are too muddy to bring in the harvest, and indeed one might be able to do both."*

There was no statement how this would be done. It was stated that either it was already possible or very, very close to being possible.

## **POLITICS**

He said that very few people really know how government works.

Something to the effect that elected officials are influenced in ways that they don't even realize and they carry out plans that have been made for them and they think that they are authors of the plans.

But actually they are manipulated in ways they don't understand.

## **KNOW HOW PEOPLE RESPOND - MAKING THEM DO WHAT YOU WANT**

Somewhere in the presentation he made two statements that I want to insert at this time. I don't remember just where they were made, but they're valid in terms of the general overall view.

One statement:

*"People can carry in their minds and act upon two contradictory ideas at one time, provided that these two contradictory ideas are kept far enough apart."*

And the other statement is,

*"You can know pretty well how rational people are going to respond to certain circumstances or to certain information that they encounter."*

So, to determine the response you want you need only control the kind of data or information that they're presented or the kinds of circumstance that they're in; and being rational people they'll do what you want them to do.

*"They may not fully understand what they're doing or why."*

### **FALSIFIED SCIENTIFIC RESEARCH**

Somewhere in this connection, then, was the statement admitting that some scientific research data could be - and indeed has been - falsified in order to bring about desired results. And here was said, *"People don't ask the right questions. Some people are too trusting."*

Now this was an interesting statement because the speaker and the audience all being doctors of medicine and supposedly very objectively, dispassionately scientific and science being the be all and end-all... well to falsify scientific research data in that setting is like blasphemy in the church... you just don't do that.

Anyhow, out of all of this was to come the New International Governing Body, probably to come through the U.N. and with a World Court, but not necessarily through those structures. It could be brought about in other ways. Acceptance of the U.N. at that time was seen as not being as wide as was hoped. Efforts would continue to give the United Nations increasing importance.

People would be more and more used to the idea of relinquishing some national sovereignty. Economic interdependence would foster this goal from a peaceful standpoint. Avoidance of war would foster it from the standpoint of worrying about hostilities. It was recognized that doing it peaceably was better than doing it by war. It was stated at this point that war was *"obsolete."*

I thought that was an interesting phrase because obsolete means something that once was seen as useful is no longer useful. But war is obsolete... this being because of the nuclear bombs war is no longer controllable. Formerly wars could be controlled, but if nuclear weapons would fall into the wrong hands there could be an unintended nuclear disaster. It was not stated who the *"wrong hands"* are.

We were free to infer that maybe this meant terrorists, but in more recent years I'm wondering whether the wrong hands might also include people that we've assumed that they've had nuclear weapons all along... maybe they don't have them. Just as it was stated that industry would be preserved in the United States - a little bit just in case the world wide plans didn't work out; just in case some country or some other powerful person decided to bolt from the pack and go his own way, one wonders whether this might also be true with nuclear weapons.

When you hear that... he said they might fall into the wrong hands, there was some statement that the possession of nuclear weapons had been tightly controlled, sort of implying that anybody who had nuclear weapons was intended to have them. That would necessarily have included the Soviet Union, if indeed they have them. But I recall wondering at the time, *"Are you telling us, or are you implying that this country willingly gave weapons to the Soviets?"*

At that time that seemed like a terribly unthinkable thing to do, much less to admit.

The leaders of the Soviet Union seem to be so dependent on the West though, one wonders whether there may have been some fear that they would try to assert independence if they indeed had these weapons. So, I don't know. It's something to speculate about perhaps... Who did he mean when he said, *"If these weapons fall into the wrong hands"?*

Maybe just terrorists. Anyhow, the new system would be brought in, if not by peaceful cooperation - everybody willingly yielding national sovereignty - then by bringing the nation to the brink of nuclear war. And everybody would be so fearful as hysteria is created by the possibility of nuclear war that there would be a strong public outcry to negotiate a public peace and people would willingly give up national sovereignty in order to achieve peace, and thereby this would bring in the New International Political System.

This was stated and very impressive thing to hear then... *"If there were too many people in the right places who resisted this, there might be a need to use one or two - possibly more - nuclear weapons. As it was put this would be possibly needed to convince people that "We mean business." That was followed by the statement that, "By the time one or two of those went off then everybody - even the most reluctant - would yield."*

He said something about *"this negotiated peace would be very convincing"*, as kind of in a framework or in a context that the whole thing was rehearsed but nobody would know it. People hearing about it would be convinced that it was a genuine negotiation between hostile enemies who finally had come to the realization that peace was better than war.

In this context discussing war, and war is obsolete, a statement was made that there were some good things about war... one, you're going to die anyway, and people sometimes in war get a chance to display great courage and heroism and if they die they've died well and if they survive they get recognition.

So that in any case, the hardships of war on soldiers are worth it because that's the reward they get out of their warring. Another justification expressed for war was, if you think of the many millions of casualties in WWI and WWII, well. suppose all those people had not died but had continued to live, then continued to have babies.

There would be millions upon millions and we would already be overpopulated, so those two great wars served a benign purpose in delaying over-population. But now there are technological means for the individual and governments to control over-population so in this regard war is obsolete.

It's no longer needed. And then again it's obsolete because nuclear weapons could destroy the whole universe. War, which once was controllable, could get out of control and so for these two reasons it's now obsolete.

## **TERRORISM**

There was a discussion of terrorism. Terrorism would be used widely in Europe and in other parts of the world. Terrorism at that time was thought would not be necessary in the United States. It could become necessary in the United States if the United States did not move rapidly enough into accepting the system.

But at least in the foreseeable future it was not planned. And very benignly on their part. Maybe terrorism would not be required here, but the implication being that it would be indeed used if it was necessary.

Along with this came a bit of a scolding that Americans had had it too good anyway and just a little bit of terrorism would help convince Americans that the world is indeed a dangerous place... or can be if we don't relinquish control to the proper authorities.

## **FINANCIAL CONTROL**

There was discussion of money and banking. One statement was, "*Inflation is infinite. You can put an infinite number of zeros after any number and put the decimal points wherever you want*", as an indication that inflation is a tool of the controllers.

Money would become predominately credit. It was already... money is primarily a credit thing but exchange of money would be not cash or palpable things but electronic credit signal. People would carry money only in very small amounts for things like chewing gum and candy bars. Just pocket sorts of things.

Any purchase of any significant amount would be done electronically. Earnings would be electronically entered into your account. It would be a single banking system.

May have the appearance of being more than one but ultimately and basically it would be one single banking system, so that when you got paid your pay would be entered for you into your account balance and then when you purchased anything at the point of purchase it would be deducted from your account balance and you would actually carry nothing with you.

Also computer records can be kept on whatever it was you purchased so that if you were purchasing too much of any particular item and some official wanted to know what you were doing with your money they could go back and review your purchases and determine what you were buying.

There was a statement that any purchase of significant size like an automobile, bicycle, a refrigerator, a radio or television or whatever might have some sort of identification on it so it could be traced, so that very quickly anything which was either given away or stolen - whatever - authorities would be able to establish who purchased it and when.

Computers would allow this to happen. The ability to save would be greatly curtailed.

People would just not be able to save any considerable degree of wealth. There was some statement of recognition that wealth represents power and wealth in the hands of a lot of people is not good for the people in charge so if you save too much you might be taxed. The more you save the higher rate of tax on your savings so your savings really could never get very far.

And also if you began to show a pattern of saving too much you might have your pay cut. We would say, *"Well, you're saving instead of spending. You really don't need all that money."*

That basically the idea being to prevent people from accumulating any wealth which might have long range disruptive influence on the system. People would be encouraged to use credit to borrow and then also be encouraged to renege on their debt so they would destroy their own credit.

The idea here is that, again, if you're too stupid to handle credit wisely, this gives the authorities the opportunity to come down hard on you once you've shot your credit. Electronic payments initially would all be based on different kinds of credit cards... these were already in use in 1969 to some extent. Not as much as now.

But people would have credit cards with the electronic strip on it and once they got used to that then it would be pointed out the advantage of having all of that combined into a single credit card, serving a single monetary system and then they won't have to carry around all that plastic.

## **SURVEILLANCE, IMPLANTS, AND TELEVISIONS THAT WATCH YOU**

So the next step would be the single card and then the next step would be to replace the single card with a skin implant.

The single card could be lost or stolen, give rise to problems; could be exchanged with somebody else to confuse identify. The skin implant on the other hand would be not losable or counterfeit able or transferrable to another person so you and your accounts would be identified without any possibility of error.

And the skin implants would have to be put some place that would be convenient to the skin; for example your right hand or your forehead. At that time when I heard this I was unfamiliar with the statements in the Book of Revelation. The speaker went on to say, *"Now some of you people who read the Bible will attach significance to this to the Bible,"* but he went on to disclaim any Biblical significance at all. This is just common sense of how the system could work and should work and there's no need to read any superstitious Biblical principles into it.

As I say, at the time I was not very familiar with the words of Revelations. Shortly after I became familiar with it and the significance of what he said really was striking. I'll never forget it. There was some mention, also, of implants that would lend themselves to surveillance by providing radio signals.

This could be under the skin or a dental implant... put in like a filling so that either fugitives or possibly other citizens could be identified by a certain frequency from his personal transmitter and could be located at any time or any place by any authority that wanted to find him. This would be particularly useful for somebody who broke out of prison. There was more discussion of personal surveillance.

One more thing was said, *"You'll be watching television and somebody will be watching you at the same time at a central monitoring station."* Television sets would have a device to enable this. The T.V. set would not have to be on in order for this to be operative.

Also, the television set can be used to monitor what you are watching. People can tell what you're watching on TV and how you're reacting to what you're watching. And you would not know that you were being watched while you were watching your television. How would we get people to accept these things into their homes? Well, people would buy them when they buy their own television.

They won't know that they're on there at first. This was described by being what we now know as Cable TV to replace the antenna TV. When you buy a TV set this monitor would just be part of the set and most people would not have enough knowledge to know it was there in the beginning. And then the cable would be the means of carrying the surveillance message to the monitor. By the time people found out that this monitoring was going on, they would also be very dependent upon television for a number of things.

Just the way people are dependent upon the telephone today. One thing the television would be used for would be purchases. You wouldn't have to leave your home to purchase. You just turn on your TV and there would be a way of interacting with your television channel to the store that you wanted to purchase.

And you could flip the switch from place to place to choose a refrigerator or clothing. This would be both convenient, but it would also make you dependent on your television so the built-in monitor would be something you could not do without. There was some discussion of audio monitors, too, just in case the authorities wanted to hear what was going on in rooms other than where the television monitor was, and in regard to this the statement was made,

Any wire that went into your house, for example your telephone wire, could be used this way.

I remember this in particular because it was fairly near the end of the presentation and as we were leaving the meeting place I said something to one of my colleagues about going home and pulling all of the wires out of my house.. except I knew I couldn't get by without the telephone.

And the colleague I spoke to just seemed numb. To this day I don't think he even remembers what we talked about or what we hear that time, cause I've asked him. But at that time he seemed stunned. Before all these changes would take place with electronic monitoring, it was mentioned that there would be service trucks all over the place, working on the wires and putting in new cables.

This is how people who were on the inside would know how things were progressing.

### **HOME OWNERSHIP A THING OF THE PAST**

Privately owned housing would become a thing of the past. The cost of housing and financing housing would gradually be made so high that most people couldn't afford it. People who already owned their houses would be allowed to keep them but as years go by it would be more and more difficult for young people to buy a house.

Young people would more and more become renters, particularly in apartments or condominiums. More and more unsold houses would stand vacant. People just couldn't buy them. But the cost of housing would not come down. You'd right away think, well the vacant house, and the price would come down, and the people would buy it.

But there was some statement to the effect that the price would be held high even though there were many available so that free market places would not operate. People would not be able to buy these and gradually more and more of the population would be forced into small apartments. Small apartments, which would not accommodate very many children.

Then as the number of real homeowners diminished they would become a minority. There would be no sympathy for them from the majority who dwelled in the apartments and then these homes could be taken by increased taxes or other regulations that would be detrimental to home ownership and would be acceptable to the majority.

Ultimately, people would be assigned where they would live and it would be common to have non-family members living with you. This by way of your not knowing just how far you could trust anybody. This would all be under the control of a central housing authority.

Have this in mind in 1990 when they ask,

*"How many bedrooms in your house? How many bathrooms in your house? Do you have a finished game room?"*

This information is personal and is of no national interest to government under our existing Constitution. But you'll be asked those questions and decide how you want to respond to them.

### **THE ARRIVAL OF THE TOTALITARIAN GLOBAL SYSTEM**

When the new system takes over people will be expected to sign allegiance to it, indicating that they don't have any reservations or holding back to the old system.

*"There just won't be any room", he said, "for people who won't go along. We can't have such people cluttering up the place so such people would be taken to special places".*

And here I don't remember the exact words, but the inference I drew was that at these special places where they were taken, then they would not live very long. He may have said something like, *"disposed of humanely"*, but I don't remember very precisely... just the impression the system was not going to support them when they would not go along with the system.

That would leave death as the only alternative. Somewhere in this vein he said there would not be any martyrs. When I first heard this I thought it meant the people would not be killed, but as the presentation developed what he meant was they would not be killed in such a way or disposed of in such a way that they could serve as inspiration to other people the way martyrs do. Rather he said something like this. *"People will just disappear."*

Just a few additional items sort of thrown in here in the end which I failed to include where they belong more perfectly. One: The bringing in of the new system he said probably would occur on a weekend in the winter. Everything would shut down on Friday evening and Monday morning when everybody wakened there would be an announcement that the New System was in place.

During the process in getting the United States ready for these changes everybody would be busier with less leisure time and less opportunity to really look about and see what was going on around them.

Also, there would be more changes and more difficulty in keeping up as far as one's investments. Investment instruments would be changing. Interest rates would be changing so that it would be a difficult job with keeping up with what you had already earned. Interesting about automobiles; it would look as though there were many varieties of automobiles, but when you look very closely there would be great duplication.

They would be made to look different with chrome and wheel covers and this sort of thing, but looking closely one would see that the same automobile was made by more than one manufacturer. This recently was brought down to me when I was in a parking lot and saw a small Ford - I forget the model - and a small Japanese automobile which were identical except for a number of things like the number of holes in the wheel cover and the chrome around the plate and the shape of the grill. But if you looked at the basic parts of the automobile, they were identical.

They just happened to be parked side-by-side where I was struck with this and I was again reminded of what had been said many years ago. I'm hurrying here because I'm just about to the end of the tape.

Let me just summarize her by saying, all of these things said by one individual at one time in one place relating to so many different human endeavors and then to look and see how many of these actually came about... that is changes accomplished between then and now [1969 - 1988] and the things which are planned for the future, I think there is no denying that this is controlled and there is indeed a conspiracy.

The question then becomes what to do?

I think first off, we must put our faith in God and pray and ask for his guidance. And secondly do what we can to inform other individuals as much as possible, as much as they may be interested. Some people just don't care, because they're preoccupied with getting along in their own personal endeavors.

But as much as possible I think we should try to inform other people who may be interested, and again... put our faith and trust in God and pray constantly for his guidance and for the courage to accept what we may be facing in the near future. Rather than accept peace and justice, which we hear of so much now... it's a cliché.

Let's insist on liberty and justice for all.

The Plot to Control and Reduce the Population - Epilogue

First and foremost, what Dr. Day spoke openly about in 1969 started in Hitler's day.

Despite his losing the war, the Rockefellers, Prescott Bush, I.G. Farben and other "haves" decided to push forward.

Twenty-two years after Dr. Day's lecture, which would be in 1991, two of Day's buddies, Randy Engel and Dr. Lawrence Dunegan had a chat about it. After their thoughts we'll get to modern day atrocities.

When discussing cancer cures they talked about numerous cancer cures sitting at the Rockefeller Institute and withheld from the public and the medical profession.

While Dr. Day spoke about this, he also said,

*"You will forget most or much of what I'm going to tell you tonight".*

Why would they forget? Do you think a huge sumptuous meal and unlimited alcohol would have anything to do with that? Even then people were dumbed down.

When talking about changing the image of the doctor it was to turn them into a high-paid technician rather than a professional who exercises independent judgment on behalf of his independent patient.

Looking at today's physician, for the most part you see a "hooker" for the Big Pharma "pimp" treating a symptom endlessly with toxic, synthetic chemicals instead of trying to dig for the cure. And what does this lifetime of filling the body with endless toxic chemicals do? It shortens the life span.

Then they compared the Americans to the Europeans and said that the Americans were too trusting and never ask the right questions while the Europeans were more skeptical and more sophisticated.

The Americans had a lack of discernment and were easily tricked because they were too trusting. In other words, if you want someone to do something and you know that initially he might balk at it because it's against his morals or religious beliefs, you have to substitute another reason that will be acceptable.

And then, after he accepts it, it will be a done deal and there would be no turning back.

In this vein, look how quickly so-called AIDS education was introduced and ultimately accepted. If a group wanted to introduce the concept of sodomy or initiate sex earlier and earlier in children and that was the reason given, most parents would not go for it. So, you change the reason and it's accepted.

And the new reason was to protect the children from AIDS. So now that education is available from K to 12 grades. But, it is a great boon to the homosexual network because they now have access to the kids from their earliest years.

You see, the emphasis on youth was stated explicitly because people beyond a certain age are set in their ways and they are not likely to change or discard their values.

But the kids are pliable and can be molded in any direction you want to point them in. So, you target the young because they will be around a lot longer than the old fogies that will be dying off anyway.

Dr. Day recognized homosexual activity as a bizarre abnormal behavior, but that activity was just another element in the law of the jungle because,

*"people who are stupid enough to go along with it are not fit to inhabit the planet and they will just go by the wayside. And if you are dumb enough to be convinced by the promotion of homosexuality you don't deserve a place and we'll be rid of you soon enough. The people who will survive this are also smart enough not to be deluded by our propaganda".*

The guy was a true humanitarian.

From this promotion of homosexuality came the concept of downgrading or eliminating God from the equation altogether.

The concept of not being able to see Him led to the propaganda of doubting His existence. After all, since God heartily denounced, rejected and punished homosexual behavior, if you can Him out of the picture than anything goes. Wait and see how long it will be before pedophilia emerges big time.

Actually, pedophilia exists right now in the Catholic Church. And what happens when a priest is found to be a pedophile? He is sent to another parish.

When Dr. Day attacked religion, because he was an atheist, he advocated creating "*our own religion*", because in doing so they could then define what religion is.

And their target - the Roman Catholic Church.

*"Once that falls, the rest of Christianity will be easy".*

Along these lines there was an article in the '*Honolulu Star Advertiser*' on November 11, 2013 about a church service in Los Angeles made up of atheists finding camaraderie without religion.

*"The movement dovetails with new studies that show an increasing number of Americans drifting away from any religious affiliation".*

The Pew Forum on Religion & Public Life released a study last year that found 20 percent of Americans say they have no religious affiliations, which was an increase from 15 percent in the last five years.

Maybe the concept of abandoning religious or spiritual values has not encompassed all of society, but as you can see it is growing. And what fruit does a Godless society bear? Chaos, control and reduction.

Regarding the Bible, Dr. Day said the plan was underfoot to change wording. As he put it, *"Words are weapons"*. An example would be changing the word *"alter"* to *"table"* or *"sacrifice"* to *"meal"*. When you change words, you change ideas and thoughts.

Take the word *"gay"* for example.

Years ago it meant *"happy"*. Today, it's a pervert and never used in any other way. Then we have *"sex education"*. Is that not just a euphemism for conditioning? And why was the word *"homophobe"* created? The answer is obvious.

That being the case, why has the word *"heterophobe"* never been used in the mainstream media? *"Pimps. Hookers and Tricks!"*

Let's look at the reason for promoting abortion: when you kill them off early you will left with *"oldies"* that will die sooner with fewer behind them. Does this not blend in perfectly with population reduction?

So the concept of sex without reproduction was greatly emphasized. Hello birth control pills, abortions at will, and sense enjoyment *"ubber alles"*.

Hitler said, *"Deutschland ubber alles"* (Germany over all others).

Now it's sex over morality...

The subject of population control was easily solved. The use of microchips solved that issue. By implanting microchips population control is simplified. Everything about an individual will be public.

Their money, their sex lives, their contacts, their thoughts will be made available for the *"haves"*.

Try to buck the system and your plug gets pulled. At that point you will have no life. But the *"haves"* will be exempt from that and will have their privacy reserved. No one else!

When it comes to music the young and the old have different tastes. The old like it quiet and the young like it loud and busy. The problem that this creates is turmoil in the family because of the sound variations in the house. So, in rebellion the youth take to the streets or vacate the house causing family dissention and distancing.

To implement these changes the *"New Authority"* would have to present itself and its ideas.

What better time than in the winter on a weekend. The reason for this is that in the winter people are less apt to travel and on the weekend government agencies are closed making it so no one would be able to question anything.

Also, an agreement would have to be signed. Sign and you're good. Don't sign any you will get any electrical impulses in your bank accounts, no impulses to pay your electric bills or your mortgage or buy food. So, when the impulses are gone, so is your livelihood and means of existence.

Your expenditures, through electronic surveillance would be tightly watched.

If you spend too much money at your supermarket someone would come to you and say,

*"How come? What are you doing with all this food? You don't look fat. You don't have that many people to feed. We know you are not entertaining. What are you doing with all that food?"*

God forbid you reply,

*"I have seven people in my basement who object to the New World Order and I'm feeding them".*

Then you would be told that they do not belong there and you cannot feed them, and since you are sympathetic to them maybe your allegiance isn't very trustworthy either.

Look what happened in China when they wanted to enforce the *"one child family"* concept. All education for the second child was cut off, and food rations were cut, and if someone found a way around that the government instituted compulsory abortions and compulsory plugging in of the IUD's.

In the USA we have Planned Parenthood espousing *"freedom of choice"*.

Really? One of the medical directors of Planned Parenthood, Dr. Allen Gootmacher, said,

*"Well, if people limit their families and do what we say, fine. But, if we need compulsory population control, we're going to have it".*

The New World Order is not supportive of homeless people living in boxes on the street.

In keeping with the actions of the Nazi's and the Communists, people came in the middle of the night and by morning all those people were gone. Where did they go? Don't ask. After all, when a person lives in a box he is littering.

So, a truck comes at night and removes the litter. If you ask questions you draw attention to yourself. So, you mind your own business and step over the starving man on the street that didn't play ball.

I was recently visiting a high school buddy who lived in a retirement home in New Jersey. I noticed that the exit was convoluted and not simple. So, here's this little retirement community with one exit and entrance, no young people, and a hassle to get out of. Why? Maybe to minimize the times someone leaves so they stay home longer.

So, for everyone reading this, make sure that your kids see their grandparents frequently no matter how much that entails. If you see someone infrequently you forget they exist. If you forget they exist, love is lost. When that happens and you tell your child his/her grampa or gramma died, the last thing you want to hear is , "*Who*"?

Back in the late 30's and early 40's, manure was the fertilizer and the soil, being rich in sulfur, kept people healthy.

The Rockefeller, under the guise of enabling the farmer to plant more crops and less time shoveling shit, switched to the petro-chemical fertilizers and killing all the sulfur in the soil. Illnesses abounded.

Then the food companies got involved and figured out if they could extend shelf life they could make more profit. This opened the door to synthetic chemicals being added to the food.

The pharmaceutical industry paid for more advertising and the mainstream media began running more drug ads in the newspapers and on television. That was unheard of in the 40's and early 50's.

Enter the biotech industry supplying us with heavily pesticide and insecticide sprayed foods telling us they were safe. Does anyone remember the Viet Nam war and the use of Agent Orange, which left enormous amounts of people dealing with illnesses and kids born with birth defects for the rest of their lives?

Yet, Monsanto says that the corn-fields in the U.S. sprayed with 2-4-D, Agent Orange's active ingredient is safe to eat.

Back in the 50s, fluoride used to be disposed of in lead-lined drums as a toxic waste product to the tune of millions of dollars a year. That was easily fixed.

A PR campaign was undertaken and now it is dumped into the water supply as a dental cavity panacea and those polluters rake in millions of dollars a year.

There's a couple of interesting facts about fluoride:

NYC and Boston have been fluoridated since the 60's and experience a dental cavity rate 4 times higher than the national average.

How come no one spends time teaching people about how to brush and floss the teeth or how the ingestion of sugar leads to cavities?

In the year 2000, Hawaii's Dental Chief, Dr. Mark Greer, said on Hawaii Public Radio that the toxicology tests proved that fluoride was safe and effective.

The problem with that statement is that the only independent toxicology report on fluoride was done by the National Research Council in 2007.

They found that fluoride, in excess of .8ppm, was extremely detrimental to one's health (at present, in addition to fluoride in the water supply and people ingesting foods sprayed with fluoridated water, people are getting 8ppm on a daily basis).

In 2003, we had a fluoride hearing in Honolulu. I followed Dr. Greer in testimony. I said that Dr. Greer was multi-faceted and that he missed his calling. He should have been president of the Liar's Club.

I then said I called our Dental Chief and liar in front of at least 300 people and said that I open a defamation of character lawsuit.

I then asked if there was a lawyer in the house and if there was, I begged him to take the case because in trial Dr. Greer would have to present the toxicology report he referred to, which does not exist.

Ten years later, except for the military bases, no fluoride in Hawaii's water supply and no lawsuit.

So, here we are.

All the things that Dr. Day spoke about get implemented little by little. But, we have three things we have no control over and three things we have control over.

We have no control over getting old, no control over dying, and no control over karma. What we have control over is being healthy, being fit, and actually having a relationship with God.

The vaccine industries have grown exponential in recent years with vaccines to inject foreign chemicals and super viruses into the general population to further weaken immune systems.

The Russians call this a rainbow effect of many small poisons to weaken a population but not draw undue attention to yourself and what you are really doing to harm the population.

The depopulation movement made a major breakthrough with the military research of creating super viruses as biological weapons. These tailor made viruses can probably be triggered or activated by several means and can lay dormant for many years. These man made super viruses were first tested and used against the homosexual community in America as they were deemed socially undesirable.

Next impoverished African blacks in the third world were targeted. I call this the Second Great Holocaust of man.

This Second Holocaust has been blamed on the homosexual's themselves and a dozen other causes in the media as part of a smoke screen to keep the real cause, the obvious cause, secret from the populations.

Because if the populations knew the truth they might think they were next and rebel. The Second Holocaust is ongoing today in Africa and within the worldwide homosexual community with the man made Aids viruses.

The Third Great Holocaust is a worldwide weakening of immune systems through the many rainbow effect of chemical, pesticides, food additives, food irradiation, genetically engineered corn and soy products, drugs, and especially modern vaccines that are laced with chemicals and biological materials to slowly kill most of the population.

The flu viruses can be administered at any time directly into a person by any vaccine and later triggered by another super virus injection. This is the military science of genetic warfare created in our own laboratories for supposedly defense purposes.

The logic was that since this new deadly genetic engineering of super virus is now available we need to know more about it to counter any super viruses from our enemies. This logic provided the funding to create and perfect biological genetic warfare in the world today.

Only a few hundred scientists in the world understand the science of this genetic biological warfare. But most all of them are concentrated in a few countries of America, China, and Russia, and Germany. The worldwide depopulation movement has almost completely taken over this military science and made it their own private area of domination and control.

The rainbow effect of depopulation may actually stimulate population growth in some cases as the body's natural instinct for survival is stimulated. Many people in ill-health are driven to reproduce before they die because of this natural instinct to survive the human species.

To call the coronavirus "the Wuhan flu" or the "China virus" is an affront to the Chinese.

More accurately, it is the Rothschild virus, with the dynasty pulling the strings of the Communist Chinese, to provide cover for the global economic bubble, punish the world for resisting its global control with yet more oppressive measures, and pit the West against China as part of yet another all too predictable divide-and-conquer strategy.

All was on track for Rothschild's new world order until evidence was uncovered in London concerning the illegitimacy of Queen Elizabeth II, which, in turn, exposed, the illegitimacy of all the Rothschild puppet governments around the world. And just like that, a scheme centuries in the making, was poised to unravel, resulting in massive arrests and prosecutions for all concerned.

The Rothschild agenda had been exposed during the Clinton Administration.

As a Rothschild bloodline, President Bill Clinton failed to act upon it - though he teamed up with Congressman Tom DeLay to help secure China's membership in the World Trade Organization.

Both were determined to champion corporate America's interest in Communist China over the welfare of the United States and its people.

The stealth war against the people - the '*Silent Weapons for Quiet Wars*', which had been launched with the coronation of Queen Elizabeth II - was now out in the open and moving ahead at rapid speed, to implement the agenda before the agenda could be derailed.

The second Bush and Obama Administrations furiously rammed through the agenda to fundamentally transform the United States, with Hillary Clinton poised to preside over its collapse as President.

And then God intervened, with Donald Trump beating all odds to become President, giving humanity a second chance. Just like that, the Rothschild's who had paraded themselves around like the second coming of Christ, were on the offensive. They were not about to go quietly.

Public records reveal that the United States issued a patent for the coronavirus (along with a prospective vaccine) to the Pirbright Institute, a UK-based research organization, which is funded by,

the Wellcome Trust - the Bill & Melinda Gates Foundation - the European Commission - World Health Organization (WHO) - the Defense Advanced Research Projects Agency (DARPA), an agency of the Department of Defense for emerging military technologies. A Chinese lab in Wuhan, which received money from the federal government at Dr. Anthony Fauci's direction, was carrying out research on bats around the time of the outbreak.

This provided Bill Gates and others a cover along with plausible deniability. However, the patent had been approved before then. The very financial interests that funded the Institute also promoted and funded the global coordinated government and media response. After having patented the coronavirus and its vaccine, the same entrenched network solicited billions of dollars for vaccines, research, and other remedies for the coronavirus cure. The sponsors had a vested interest in applying military technology to vaccines to turn a profit and solidify the Crown's control of Rothschild's ill-gotten empire.

Lady Lynn Forester de Rothschild:

Virtue signaling with the Vatican to convince the people to entrust her family with control and ownership of the entire world, recommending Inclusive Capitalism so that the dynasty can ration out the wealth they have stolen in exchange for putting an end to Rothschild-backed Antifa and BLM riots and allowing everyone else a universal basic income.

The antecedent to the Wellcome Trust is Burroughs, Wellcome & Co, which supplied experimental vaccines to the British during the Second Boer War, which killed over 60,000 people.

The Pirbright Institute was named after Henry de Worms, 1st Baron Pirbright, and a Rothschild whose cousins were employed at N.M. Rothschild & Co. Pirbright's great grandfather was Mayer Amschel Rothschild, the patriarch who established the dynasty.

Pirbright was employed with the East India Company, the imperialistic Rothschild force that financed the British Empire through the slave and opium trade, and which sponsored the secret Skull and Bones society at Yale University, which has produced Presidents and other statesmen who advanced the deep state agenda and groomed Mao Tse-tung to lead the Chinese Communist Revolution that resulted in between 40 and 80 million deaths.

In 1880, Henry Solomon Wellcome, an American-born British entrepreneur, founded Burroughs Wellcome & Company, a pharmaceutical company that eventually formed Glaxo Smith Kline, which is currently working with China's Clover Biopharmaceuticals in a clinical-stage vaccine to combat the spread of coronavirus.

If the people refused to comply, the Rothschild-controlled Crown had methods to enslave humanity through nanotechnology that could control subjects at a cellular level, enabling them to override free will to direct a person's decision making and actions through radio frequencies, evidenced by rats guided through mazes via energy directed at computer chips implanted in their paws.

Through **5G** technology, the public could be robotized with technologically-enhanced vaccines, fulfilling a sick transhumanist agenda that would separate man and his soul from his Creator for eternity. Instead of seeking God's will, the people would be controlled by Rothschild.

In place of a creative, free thinking human would be an automatized drone who served the so-called elites until he outlasted his usefulness at which point he would be terminated.

Is it any wonder that Bill Gates, the public face of Her Majesty's medical agenda, has taken to the media gleefully discussing his plans for population reduction, sterilization, and vaccines?

The coronavirus pandemic gave rise to imposed lock downs which have destroyed lives, stripped citizens of their civil liberties and wealth and supported corporate fascism.

As the world fell to ruin, the Rothschild's promoted the Great Reset which had been launched at the World Economic Forum - that of de-industrializing the world, preventing people from having independence or driving cars.

Their food was to be rationed and GMO-lab created while people were ushered into techno-gulags, working from home, limited in their ability to reproduce or travel, tracked and traced, monitored and rationed, and dependent upon guaranteed income, with opportunities for self-employment and entrepreneurship eradicated and replaced with Rothschild-controlled monopolies.

In place of the foot perpetually stamping on the face of humanity would be a mask stifling its free speech. Somehow the people would be "happy" in their servitude, the Rothschild's and their agents promised.

Klaus Schwab thinks he is entitled to control your own life and decide the fate of humanity since he was knighted by the illegitimate Queen Elizabeth II, worked for the Rothschild-created United Nations, and appointed himself head of the World Economic Forum

Supporting WEF founder and Kissinger protégé Klaus Schwab in this endeavor is Lynn Forester de Rothschild, who founded Inclusive Capital Partners. Rothschild has partnered with the Rothschild-controlled Vatican to promote, through endless virtue signaling, including everyone in an economy so that no one is left out.

Instead of returning the wealth the Rothschild's have stolen from the world for generations, they have decided to offer a guaranteed income which can be taken away if one inspires a negative social credit score based upon Rothschild's AI algorithms.

Having destroyed small businesses, the Rothschild's will offer employment in their taxpayer-sponsored mega-corporations. Instead of promoting wellness, the Rothschild's have incentivized sickness to enhance profits for their pharmaceutical companies.

While the populations of homeless grow on the streets of what used to be the land of plenty, the Rothschild's are driving refugees and needy immigrants across the nation's

borders, with innocent babies filmed being abused and hurled across walls, an agenda supported by Rothschild-affiliated organizations, like the International Rescue Committee whose advisory group includes such people as,

Tim Geithner, President Barack Obama's Secretary of Treasury

Laurence Fink, the CEO of Blackrock who oversees massive federal government bailouts for Rothschild's taxpayer-subsidized Big Business

Winston Lord, who helped craft Rothschild's China policy, which has placed the United States at the mercy of Communist China

According to Rothschild's website, members of the Council for Inclusive Capitalism seek,

*"actionable commitments aligned with the World Economic Forum International Business Council's Pillars for sustainable value creation - People, Planet, Principles of Governance, and Prosperity - and that advance the United Nations Sustainable Development Goals."*

The group promotes more *"sustainable growth"* to answer to *"the cry of the earth"* and the *"cry of the poor"* after the dynasty has plundered trillions in assets, polluted the planet, and destroyed economies, governments, and societies worldwide.

Socialist author H.G. Wells envisioned a dystopian future for humanity based upon plans devised by the Rothschild's who commissioned his works. He predicted the Great Reset and Inclusive Capitalism before Lynn Forester de Rothschild or Klaus Schwab were even born.

### **The Open Conspiracy**

The Rothschild agenda for depopulation has been decades, even centuries in the making. British writer H.G. Wells laid out the Rothschild-Kalgeri plan in 1928 in *The Open Conspiracy - Plans for World Revolution*. His books were commissioned by the Rothschild's. They provide the step-by-step plan the Rothschild's and agents have followed in their quest for world domination, much of which has come to fruition:

The Open Conspiracy will appear first, I believe, as a conscious organization of intelligent, and in some cases wealthy men, as a movement having distinct social and political aims...

A One World Government and one-unit monetary system under permanent non-elected hereditary oligarchs who self-select from among their numbers in the form of a feudal system as it was in the Middle Ages. In this One World entity, population will be limited by restrictions on the number of children per family, diseases, wars, famines, until one billion people who are useful to the ruling class, in areas which will be strictly and clearly

defined, remain as the total world population. There will be no middle class, only rulers and servants...

All laws will be uniform under a legal system of world courts practicing the same unified code of laws, backed up by a One World Government police force and a One World unified military to enforce laws in all former countries where no national boundaries shall exist.

The system of Creeping Globalism will be on the basis of a welfare state; those who are obedient and subservient to the One World Government will be rewarded with the means to live; those who are rebellious will simply be starved to death or be declared outlaws, thus a target for anyone who wishes to kill them....

Privately owned firearms or weapons of any kind will be prohibited.

Only one religion will be allowed and that will be in the form of a One World Government Church, which has been in existence since 1920 as we shall see.

Satanism, Luciferianism and Witchcraft shall be recognized as legitimate One World Government curricula with no private or church schools.

All Christian churches have already been subverted and Christianity will be a thing of the past in the One World Government.

To induce a state where there is no individual freedom or any concept of liberty surviving, there shall be no such thing as republicanism, sovereignty or rights residing with the people. National pride and racial identity shall be stamped out, and in the transition phase it shall be subject to the severest penalties to even mention one's racial origin.

Each person shall be fully indoctrinated that he or she is a creature of the One World Government with an identification number clearly marked on their person so as to be readily accessible, which identifying number shall be in the master file, subject to instant retrieval by any agency of the One World Government at any time.

Non-elite masses will be reduced to the level and behavior of controlled animals with no will of their own and easily regimented and controlled. The economic system shall be based upon the ruling oligarch-ethical class allowing just enough foods and services to be produced to keep the mass slave labor camps going.

All wealth shall be aggregated in the hands of the elite members. Each individual shall be indoctrinated to understand that he or she is totally dependent upon the state for survival.

Industry is to be totally destroyed... Only the elites shall have the right to any of the earth's resources. Agriculture shall be solely in the hands of the elites with food production strictly controlled.

As these measures begin to take effect, large populations in the cities shall be forcibly removed to remote areas and those who refuse to go shall be exterminated. Euthanasia for the terminally ill and the aged shall be compulsory.

No cities shall be larger than a predetermined number as described in the work of Kalgeri. Essential workers will be moved to other cities if the one they are in becomes overpopulated. Other non-essential workers will be chosen at random and sent to underpopulated cities to fill quotas.

At least four billion useless eaters shall be eliminated by the year 2050 by means of limited wars, organized epidemics of fatal rapid-acting diseases and starvation.

Energy, food and water shall be kept at subsistence levels for the non-elite, starting with the White populations of Western Europe and North America and then spreading to other races.

The population of Canada, Western Europe and the United States will be decimated more rapidly than on other continents, until the world's population reaches a manageable level of one billion, of which 500 million will consist of Chinese and Japanese races, selected because they are people who have been regimented for centuries and who are accustomed to obeying authority without question.

From time to time there shall be artificially contrived food and water shortages and medical care to remind the masses that their very existence depends on the goodwill of the (elites).

After the destruction of housing, auto, steel and heavy goods industries, there shall be limited housing, and industries of any kind allowed to remain shall be under the direction of (elites).

The United States will be flooded by peoples of alien cultures who will eventually overwhelm White America, people with no concept of what the United States Constitution stands for and who will, in consequence, do nothing to defend it, and in whose minds the concept of liberty and justice is so weak as to matter little. As I key this into my computer, 7,000 illegals are ready to rush the southern border when the Biden administration removes Trump's Act 42. Last year, border officials experienced a record number of border encounters, with over 2 million people coming to the border. However, more than a quarter of the individuals who came have repeatedly tried to cross into the United States. According to CBP, the recidivism rate was at 27% for fiscal year 2021. Since Joe Biden became the illegal president, more than a million illegals have been allowed to enter the southern border, flown around the country to new residences using U.S. Air Force flights and chartered air lines under the cover of night.

Back to the Open Conspiracy of the Creeping Globalism, those who break the law will be instantly executed.

There shall be no cash or coinage in the hands of the non-elite. All transactions shall be carried out by means of a debit card which shall bear the identification number of the holder.

Any person who in any way infringes the rules and regulations of the (elites) shall have the use of his or her card suspended for varying times according to the nature and severity of the infringement. Such persons will find, when they go to make purchases, that their card is blacklisted and they will not be able to obtain services of any kind.

Attempts to trade old coins, that is to say silver coins of previous and now defunct nations, shall be treated as a capital crime subject to the death penalty. All such coinage shall be required to be surrendered within a given time along with guns, rifles, explosives and automobiles. Only the elite and One World Government high-ranking functionaries will be allowed private transport, weapons, coinage and automobiles.

If the offense is a serious one, the card will be seized at the checking point where it is presented. Thereafter that person shall not be able to obtain food, water, shelter and employment medical services, and shall be officially listed as an outlaw.

Large bands of outlaws will thus be created and they will live in regions that best afford subsistence, subject to being hunted down and shot on sight. Persons assisting outlaws in any way whatsoever, shall likewise be shot.

Outlaws who fail to surrender to the police or military after a declared period of time, shall have a former family member selected at random to serve prison terms in their stead.

Rival factions and groups such as Arabs and Jews and African tribes shall have differences magnified and allowed the wage wars of extermination against each other. The same tactics will be used in Central and South America. These wars of attrition shall take place before the take-over of the One World Government and shall be engineered on every continent where large groups of people with ethnic and religious differences live....

Ethnic and religious differences shall be magnified and exacerbated and violent conflict as a means of settling their differences shall be encouraged and fostered. All information services and print media shall be under the control of the One World Government.

Regular brainwashing control measures shall be passed off as entertainment in the manner in which it was practiced and became a fine art in the United States.

This is the plan as envisioned by the Rothschild's should the public wish to accept it.

A century later, the world is facing, crypto-currencies, v-passports, social credit scores, track and trace technologies, lethal pandemics, "sustainable" smart cities, forced vaccinations linked to societal participation, manufactured, corporate-sponsored racial wars and social unrest, deindustrialization of society, efforts to eradicate automobiles, forced dependency upon the state, destruction of supply chains and privately owned farms, the culling of the elderly and weak, pillaging by mega-corporations in a rapidly encroaching corporate fascist state.

Rothschild-backed nonprofits flooding White countries with refugees while fomenting hatred against whites and Christians, the erasure of America's history, customs, and traditions fact-free media that is steeped in bias, propaganda, and misinformation; the rejection of God, and a virtue-less society where human life is stripped of its value and morals are in short supply...

The Rothschild-affiliated elite are wanting to "build back better"... This can be achieved by, restoring integrity to our governments, values to society, and God to our hearts.

Building back better amounts to establishing governments and institutions separate from Rothschild's, true Republics that answer to we the people with international relations based upon good will, friendship, human rights and rule of law rather than exploitation, plunder, war, and betrayal.

With integrity restored, universities, hospitals, media, and societal institutions can once again serve the public interest rather than profit motive at the expense of all else. A global financial system totally independent of the corrupt, illegitimate elites can be created based upon sound, economic principles, with the backing of hard assets.

Rule of law, human rights, and constitutional protections can replace the eternal boot to the head as prognosticated in Orwell's chilling dystopian novel, 1984. The rights conferred upon the people are not granted by the Rothschild's, but given freely by God, whose world is full of abundance, not scarcity.

The Rothschild's, the ultimate purveyors of misery, mayhem, and maliciousness,... should be consigned to the dustbin of history, to serve as a cautionary tale, lest history be tempted to repeat itself.

To be healthy we should adhere to a plant-based diet centered around organics and avoiding GMOs at all costs. So, if soy, corn or cotton products do not say "organic" or "non-GMO", you must not eat them.

Also, plant-based foods leave the body in two to four days, while flesh based foods leave the body in four to seven days.

My question is,

if flesh foods stay in the body up to seven days, where do all those poisons go?

If eating a plant-based diet not centered around organics you will need to detoxify your system.

The options are chlorella and spirulina or organic sulfur crystals, which you can read about below. But, the point is to take responsibility for yourself and get out from under your doctor's grip with toxic, synthetic chemicals.

To get fit, those long things below your waist are legs and putting one in front of the other is called walking and this is the simplest form of exercise. An hour a day keeps the doctor away...

Connecting with God is easy. In Psalms it constantly tells us His names will save us. He has millions of names that all refer to aspects of his personality.

Wake up! You are a part of the greatest genocidal murder plot in recorded history, far more heinous than the holocaust. You are just a cog in the wheel for the rulers of planet Earth. They won't need you after the infrastructure breaks down, your usefulness will be over.

Blessings,

Pastor Bob, [EvanTeachr@aol.com](mailto:EvanTeachr@aol.com)  
[www.pastorbobreid.com](http://www.pastorbobreid.com)
