This Oct. 2020 leak from the inner circles of the Canadian government, *if true*, confirms all of our worst fears. They plan to use the COVID hoax as a pretext to destroy the economy and put everyone in the world under lockdown unless they accept the vaccine.

They want to confiscate all of our property in exchange for a "guaranteed income." And yes, they have a stronger virus planned.

"And that over a short period of time as more Canadians transitioned into the debt forgiveness program, the ones who refused to participate would be deemed a public safety risk and would be relocated into isolation facilities. Once in those facilities they would be given two options, participate in the debt forgiveness program and be released, or stay indefinitely in the isolation facility under the classification of a serious public health risk and have all their assets seized."

"That it won't just be Canada but in fact, all nations will have similar roadmaps and agendas."

I want to provide you some very important information. I'm a committee member within the Liberal Party of Canada. I sit within several committee groups but the information I am providing is originating from the Strategic Planning Committee (which is steered by the PMO).

I need to start off by saying that I'm not happy doing this but I have to. As a Canadian and more importantly as a parent who wants a better future not only for my children but for other children as well.

The other reason I am doing this is that roughly 30% of the committee members are not pleased with the direction this will take Canada, but our opinions have been ignored and they plan on moving forward toward their goals.

They have also made it very clear that nothing will stop the planned outcomes. The road map and aim was set out by the PMO and is as follows:

- Phase in secondary lockdown restrictions on a rolling basis, starting with major metropolitan areas first and expanding outward. Expected by November 2020.
- Rush the acquisition of (or construction of) isolation facilities across every province and territory. Expected by December 2020.
- Daily new cases of COVID-19 will surge beyond the capacity of testing, including increases in COVID-related deaths following the same growth curves. Expected by end of November 2020.
- Complete and total secondary lockdown (much stricter than the first and second rolling phase restrictions). Expected by end of December 2020 - early January 2021
- Reform and expansion of the unemployment program to be transitioned into the universal basic income program. Expected by Q1 2021.

- Projected COVID-19 mutation and/or co-infection with a secondary virus (referred to as COVID-21) leading to a third wave with much higher mortality rate and higher rate of infection. Expected by February 2021.
- Daily new cases of COVID-21 hospitalizations and COVID-19 and COVID-21 related deaths will exceed medical care facilities capacity. Expected Q1 - Q2 2021.
- Enhanced lockdown restrictions (referred to as Third Lock Down) will be implemented. Full travel restrictions will be imposed (including inter-province and inter-city). Expected Q2 2021.
- Transitioning of individuals into the universal basic income program. Expected mid Q2 2021.
- Projected supply chain break downs, inventory shortages, large economic instability. Expected late Q2 2021. -
- Deployment of military personnel into major metropolitan areas as well as all major roadways to establish travel checkpoints. Restrict travel and movement. Provide logistical support to the area. Expected by Q3 2021.

Along with that provided road map, the Strategic Planning Committee was asked to design an effective way of transitioning Canadians to meet an unprecedented economic endeavor. One that would change the face of Canada and forever alter the lives of Canadians.

ECONOMIC COLLAPSE-DEBT RELIEF-PROPERTY CONFISCATION

What we were told was that in order to offset what was essentially an economic collapse on an international scale; the federal government was going to offer Canadians a total debt relief.

This is how it works: the federal government will offer to eliminate all personal debts (mortgages, loans, credit cards, etc.) which all funding will be provided to Canada by the IMF under what will become known as the World Debt Reset program.

In exchange for acceptance of this total debt forgiveness, the individual would forfeit ownership of any and all property and assets forever.

The individual would also have to agree to partake in the COVID-19 and COVID-21 vaccination schedule, which would provide the individual with unrestricted travel and unrestricted living even under a full lockdown (through the use of photo identification referred to as Canada's HealthPass).

Committee members asked who would become the owner of the forfeited property and assets in that scenario and what would happen to lenders or financial institutions, we were simply told: "the World Debt Reset program will handle all of the details".

Several committee members also questioned what would happen to individuals if they refused to participate in the World Debt Reset program, or the HealthPass, or the vaccination schedule, and the answer we got was very troubling.

'PUBLIC SAFETY RISK'

Essentially we were told it was our duty to make sure we came up with a plan to ensure that would never happen. We were told it was in the individual's best interest to participate.

When several committee members pushed relentlessly to get an answer we were told that those who refused would first live under the lockdown restrictions indefinitely.

And that over a short period of time as more Canadians transitioned into the debt forgiveness program, the ones who refused to participate would be deemed a public safety risk and would be relocated into isolation facilities. Once in those facilities they would be given two options, participate in the debt forgiveness program and be released, or stay indefinitely in the isolation facility under the classification of a serious public health risk and have all their assets seized.

So as you can imagine after hearing all of this it turned into quite the heated discussion and escalated beyond anything I've ever witnessed before.

In the end, it was implied by the PMO that the whole agenda will move forward no matter who agrees with it or not.

That it won't just be Canada but in fact, all nations will have similar roadmaps and agendas. That we need to take advantage of the situations before us to promote change on a grander scale for the betterment of everyone. The members who were opposed and ones who brought up key issues that would arise from such a thing were completely ignored. Our opinions and concerns were ignored. We were simply told to just do it.

All I know is that I don't like it and I think it's going to place Canadians into a dark future.

What the Canadian whistleblower's scary account that's unfolding before our very eyes does not reveal is the culling of 90% people in the world. Calculated economic collapse will place most in huge debts. Forfeiting the right to property ownership and acquiescing to mandatory vaccination is the price to pay for debt erasure that'll come via various Globalist fronts like the IMF, WB etc. Concomitantly, mass killing of people,

whose frequency will rise exponentially post 2021 once international travel is shut down and when curbs will be placed on regional travel too will take place using deadly means together with the vaccine, whose ill-effects are likely to manifest in those vaxxed in a year or two, like world war 3, cyberpandemic, weather modification, tectonic weapons, starvation and the like. **The Great Reset is the genocidal paradigm shift that a sinful and unrepenting humanity has asked for and is in many ways reminiscent of the errors committed by the people of Sodom and Gomorrah, that, as the Torah narrates, led to their mass annihilation.** When the overwhelming majority of people fall below a certain minimal standard of morality chaos is followed by mass extinction. The stage is, as a result, set for the NWO elites to easily succeed and impose a draconian North Korea style totalitarian dictatorship in a borderless world with a highly reduced human population.

WHAT TO DO? Clearly the Government has gone rogue. Under Agenda 2030, Harper forfeited out sovereignty to non-elected, non -democratic institutions such as the UN and WTO who are IN CONTROL of our elected representatives. The WTO, incidentally, is essentially a sock puppet for Rockefeller's 'big pharma'. Covid, due largely to the conclusive list of patents that are associated with it, has nurtured a whole medical technocracy, whereas medical personnel put patents and corporate profitability ahead of their ethical duties and responsibilities. Police Officers are expected to enforce Acts and Statutes that are not even legal and stand slim, if any chance of getting convictions in Court. We also need to understand that Ford's overseers' are having a tantrum because there was no 'mad rush' to go out and be a human trial subject by taking the DNA altering VAXXE. The 'third wave' is a third wave of lies and deceit, the recent escalation in Government subjugation is their temper tantrum, over their lack of success with the 'experimental, DNA altering, VAXXE. I urge everyone to increase activities that escalate their well-being and mental fortitude and are prepared to fight every ticket you get. You see, Politics is about showing up for the fight, it isn't necessarily about winning or losing.

Several days ago we saw what they did to a Canadian Church pastor, Some 200 police officers in Alberta, Canada came down and erected a fence stopping the meeting of church worship. What this report from Henry Makow, leaked to Henry from a ranking member of the government has confirmed all of our suspicions going back to, or even beyond late 2019, is true as I saw taking place with the introduction of 5G in Wuhan, China, Seattle, WA, and Milan, Italy.

A new police state has been established just north of the states of Minnesota, Michigan, Ohio, Pennsylvania, and New York. The Province of Ontario is home to over 38% of the population of Canada and is 55% bigger in area than the State of Texas, and it is now acting like a nightmarish police state.

CTV News reports:

The Ontario government is giving police temporary powers to enforce its stay-at-home order and allowing them to stop individuals and vehicles and ask their reasons for leaving their homes.

Solicitor General Sylvia Jones made the announcement Friday afternoon as part of the new measures introduced by Premier Doug Ford's government to stop the further spread of COVID-19.

"We have made the deliberate decision to temporarily enhance police officers' authority for the duration of the stay-at-home order. Moving forward, police will have the authority to require any individual who is not in a place of residence to first provide the purpose for not being at home and provide their home address," Jones said.

"Police will also have the authority to stop a vehicle to inquire about an individual's reason for leaving their residence."

So much for freedom of movement or assembly. Unless the police deem your presence outside your prison cell home essential, you could be in for trouble.

Those who will not comply will be issued a ticket, Jones said. The province has not provided further details on possible fines, but she said under the Emergency Management and Civil Protection Act, penalties for non-compliance are set at a minimum of \$750.

I find the excerpts from the news conference announcing these changes deeply troubling, just looking at the faces and listening to the tone of these authoritarians as they try to justify their seizure of power over the details of ordinary life. George Orwell would recognize them . . .

The United States will see the same Draconian implementation as well. Some months ago it was learned that homeless people in California were being offered a plan to pay off their defaulting mortgages. It was later learned that the agency buying up these homeless properties tied up in legal bankruptcy and foreclosure was the CDC. The same CDC known as the Center for Disease Control and Prevention. The name Center for Disease Creation becomes even more appropriate.

No country has been more jack-boot tyrannical to their people in this global plan than the UK, striking the people of Australia, New Zealand, Canada, and the UK. English people of these countries and in the not too-distant future, the United States will be executing tyranny and containment centers across the Providences for those who resist or fail to cooperate with the rogue government of Canada.

The Ontario government is backpedaling on its enhanced COVID-19 restrictions that allow police to randomly stop and question people for being outdoors. Under the widely criticized rule, police would have been allowed to stop people without cause. The rule has been changed for the fourth time in as many weeks in response to the province's changing efforts to tackle the pandemic.

On Friday, Premier Doug Ford announced public health measures that were in accordance with proposals made by Ontario's Science Table, but angered mayors, police forces, and civil liberties groups. The rule received widespread opposition from the public and 39 out of 45 police agencies in Ontario said they would not abide by the imposition on civil liberties.

Earlier Saturday, the government backtracked on its playground restriction rules following a public backlash.

Make no mistake about what we are looking at. This is endemic to Prince Charles of Wales, and master plan of "Sustainable Development". There is no place to run and hide. It is an either or situation. We were warned decades ago with the erection of the Georgia Guidestones in Elberton, GA. We are witness to government by Fiat. In simple terms we are looking at a coup of the national and regional powers being brought into existence under the Global Reset of Klaus Schwab and his World Economic Forum.
