

The Corona Virus Serves to Mimic And Mask 5G's Lethality

"Beware of the Q-Tip"

Part 2

**Globalists Are Using A 'Double-Whammy Covid-19 5G Deception' To Usher In
Their 'Brave New World Order'**

**Never Before In History Have So Many Been Put In Grave Danger By Their Satanic, Hidden
Schemes**

The above meme is prophetic in so many ways that the public cannot begin to understand what is about to happen to them. It [the meme] has been on the Internet for a couple years as I can recall. President Donald J. Trump is an enigma in many ways, and I am not to go into the President as this is so much bigger than the President.

However, making that clear, what the meme says is extremely insightful. As the past three years of his presidency, he has been allowed to remain in power to bring about the Zionist Chabad larger agenda for the political state of Israel. Part 1 of this summed up the big picture of how the people of the world will be killed off to bring into line the first New World Order commandment located on the Georgia Guidestones in Elberton, GA.

Population reduction has been the major issue of the Club of Rome since its inception back in 1968. Should you miss the point of that then read the very first commandment on the Georgia Guidestones.

6. Let all nations rule internally resolving external disputes in a world court.
7. Avoid petty laws and useless officials.
8. Balance personal rights with social duties.
9. Prize truth - beauty - love - seeking harmony with the infinite.
10. Be not a cancer on the earth - Leave room for nature - Leave room for nature.

The Guidestones have been defaced several times since erection

The Guidestones gave us a heads up of what was coming, and coming it was in spades. I have been warning anyone who would listen what the end game was, the players involved, and yet my voice fell on deaf ears.

The powers-to-be faked a so-called novel virus, an instrument that was a hoax, gene-spliced into it elements of SARs, Ebola, and HIV, leaked it out in specific places around

the globe, gave it a new name COVID-19, fanning the flames of fear and creating panic around the world. The Coronavirus tests have been exposed as a total lie all over the world...infection numbers wildly exaggerated, death RATES much higher, not 1% but 10%, but actual CV deaths much lower. The coronavirus testing kits being used across the USA and around the world have now been exposed as a total LIE.

Most of them are made in China, and they produce huge numbers of false positives that vastly over-state the number of coronavirus infections among the population. One country got positive readings when they were used on produce and inanimate objects. This means the virus hasn't yet spread very far across the population at large, which means we're far from "herd immunity." It also means the infection fatality rate is much higher than anyone suspected. The perpetrators launched their attack with just four cities: Wuhan, China, Seattle, WA, New York, NY, and Milan, Italy. These four cities were "showcase" model 5G cities. These cities happen to be where the greatest number of so-called Corona virus out breaks are found. They also experienced the greatest number of fatalities from the so-called "Novel" virus.

According to Mike Adams, the Health Ranger, the Coronavirus Case Fatality Rate (CFR) now over 18% for France, 14% for Italy, 12% for Spain, 10% for Mexico and so far 6% for the USA... orders of magnitude higher than the regular flu, as of Saturday, May 9th, 2020.

The Case Fatality Rate (CFR) for the coronavirus is currently tracking at over 18% for France, over 16% for Belgium, 14% for Italy, nearly 12% for Spain, 10% for Mexico, about 7% for Canada and is currently at 6% for the USA, according to a comprehensive chart offered by [OurWorldInData.org](https://ourworldindata.org).

The chart, shown below, reveals how **the coronavirus is orders of magnitude more deadly than the regular flu**, which has a Case Fatality Rate (CFR) below 0.1%, meaning fewer than 1 in 1,000 people who are confirmed and diagnosed with the regular flu end up dying from it. This is [confirmed by CDC statistics](#).

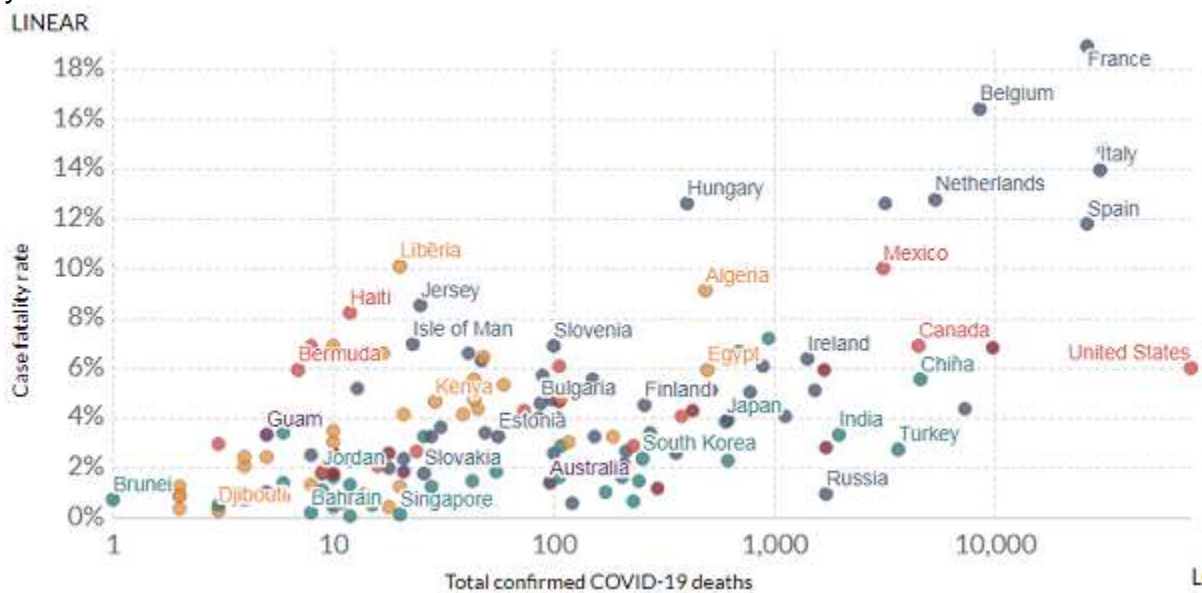

DEFINITIONS: The Case Fatality Rate (CFR) is the ratio of deaths to the number of people who are symptomatic and diagnosed with the illness. The Infection Fatality Rate (IFR) is the ratio of deaths to the number of people who have been infected, even if they never showed symptoms. The IFR for the coronavirus is unreliable because of all the false positives stemming from faulty antibody test kits manufactured in China, which are almost certainly intentionally designed to show high numbers of false positives in order to sow confusion and complacency across America. (Remember: We're in an actual war with China, and they launched the bio-weapon against us. Why wouldn't they also try to confuse America with bad testing kits, too?)

The pro-Trump media has consistently tried to [conflate the Infection Fatality Rate \(IFR\) of the coronavirus with the Case Fatality Rate \(CFR\) of the regular flu](#), to try to dishonestly claim that "the coronavirus is no more dangerous than the flu." Such claims are either the result of 1) Intellectually dishonest people who are trying to downplay the

coronavirus for political reasons, or 2) Mathematically illiterate people who don't know how fractions work.

[At Natural News](#), we have consistently and repeatedly warned that [the coronavirus is far more dangerous than the regular flu](#), and we've warned about the complacency being pushed by conservative and independent media, which will result in a second wave of exploding coronavirus cases across the USA. Our warnings have been drowned out by mathematically illiterate (or intellectually dishonest) "journalists" who are mostly pro-Trump, conservative pundits who are right now inadvertently setting up President Trump to be utterly destroyed by the second wave of infections and deaths that are coming.

Here's the current tracking of Case Fatality Rate (CFR) of the coronavirus. Note that **these numbers are all low** because they assume every person confirmed to have the coronavirus is symptomatic, which isn't the case at all. In reality, for an accurate CFR analysis, we would have to multiply all the numbers shown here by a factor of something in the neighborhood of 1.4. Note that the horizontal axis on this chart is logarithmic. If you're not sure what logarithmic means, Fox News has a job opening for you in their science news division.

Source: [OurWorldInData.org](#).

If the Case Fatality Rate for the regular flu were to be depicted on this chart, it would be shown almost touching the bottom line of the chart, at just 0.096% (not even 0.1%, but lower).

Thus, even based on the numbers shown here, **the CFR of the coronavirus is at least two orders of magnitude higher than the regular flu** for many countries, including Spain, Italy, France, Hungary, Mexico, etc.

The Infection Fatality Rate (IFR) for the coronavirus is entirely unknown because of the problem of huge numbers of false positives from bogus antibody test kits. But the IFR

for the regular flu is 0.025%, or about 1 in 4,000 people dying after getting infected.

We don't trust "infection" numbers for the coronavirus because there are way too many false positives from the bad testing kits that were all approved by the FDA in a mad rush, even when most of them were so bad they would flag false positives from testing papayas and other fresh fruit.

Global analysis of excess mortalities shows that coronavirus deaths are being significantly under-counted. The fact that global coronavirus deaths have been *under counted* by a substantial amount — as detailed in [an exhaustive Financial Times review of excess mortalities](#) — indicates the real death toll from covid-19 is at least 50% higher than official numbers (and may be up to 60% higher).

This the 6% Case Fatality Rate for the coronavirus in the United States is really more like 9-10%. The following FT chart shows the excess deaths from *any* cause for NYC. Note that it's a nearly 300% increase in deaths from any cause, regardless of what's shown on death certificates. This obliterated the *denialism* argument that claims nobody is really dying from the coronavirus, and that it's all just people who would have died anyway:

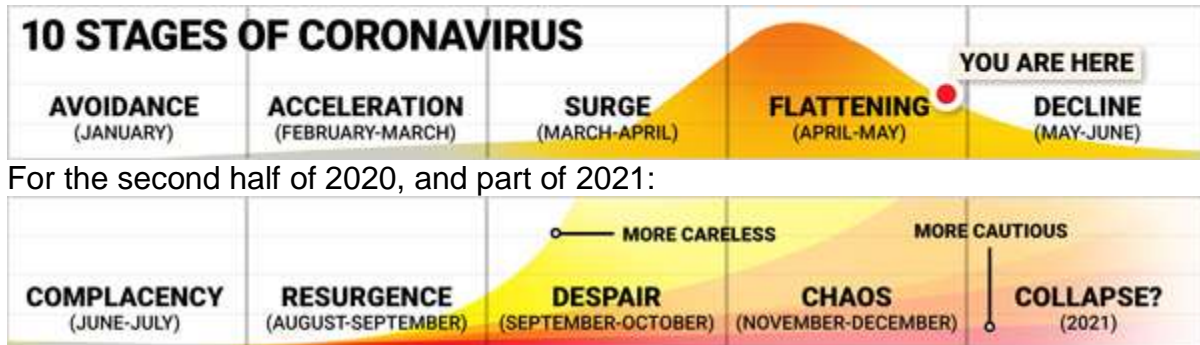

We've separately analyzed the numbers over the last several months, confirming that the real CFR for the coronavirus in the United States really is closer to 10%, which means that **1 in 10 people who are diagnosed and symptomatic end up dying from the infection.**

The upshot of all this is that as US states begin to reopen their economies and the American masses who have been lied to by Fox News, conservative media and pro-Trump independent media begin to spill into the restaurants, stores and barber shops, a second wave of infections and deaths will once again resume. And the results will be

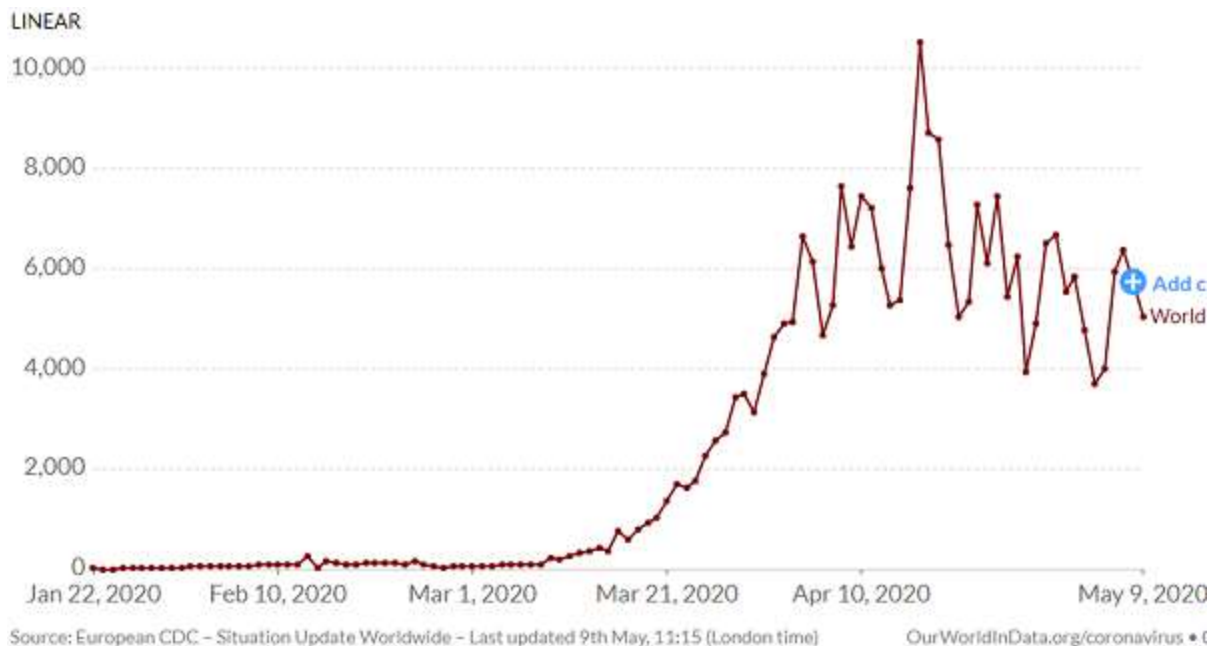

catastrophic for the simple reason that **this isn't just the flu**, and it never was. We've detailed the expected progression [in this article covering the "10 Stage of Coronavirus."](#)

Here's a graphic representation of the 10 stages, five at a time:

For the second half of 2020, and part of 2021:

As you can see from this global chart of confirmed covid-19 deaths, **we haven't stopped the pandemic, we've only paused it**. The exponential explosion has simply been "flattened" but not crushed. Deaths are moving sideways during the lockdown, which means once the lockdowns are ended alongside widespread complacency, the coronavirus will simply resume its exponential growth once again. This chart shows daily deaths:

As anyone who can do math can readily see, unless something dramatically changes course soon, Trump will be utterly destroyed by October and have virtually no chance of winning re-election. Although this is not an official projection, I wouldn't be surprised at all if we see 300,000+ deaths in America by election day. And if all precautions are dropped across that country, that number would be in the millions.

Trump's own supporters are making sure he goes down in flames by spreading the coronavirus through complacency and stupidity.

The mostly pro-Trump indy media outlets claiming the lockdowns were never necessary have now fatally misinformed their own readers, and the lockdowns will be lifted with complacency and denialism. Mark Cuban has already discovered that [96% of Texas businesses are failing to comply with the basic precautions mandated by the state](#). This means **Texas will become a new hub of coronavirus spread**, and it will devastate Houston, Dallas / Ft. Worth and San Antonio, not to mention Austin and other cities.

As we have repeatedly warned, **mathematical illiteracy will lead to catastrophe** when it comes to a genetically engineered bioweapon that spreads along an exponential model. Since very few human beings are able to grasp exponential events, the vast majority of people today are vastly underestimating the severity and danger of this virus, and they may be destroyed by it.

There's no question that if the complacency continues, Trump's credibility will be destroyed long before the election. It turns out that **the coronavirus is the one challenge that Trump can't talk his way out of**. You can bullsh#t the world when it comes to celebrity status or claims of financial assets, but you can't bullsh#t the coronavirus.

To the corona virus, Trump just looks like another piece of human tissue to feed upon.

The Case Fatality Rate (CFR) for the coronavirus is currently tracking at over 18% for France, over 16% for Belgium, 14% for Italy, nearly 12% for Spain, 10% for Mexico, about 7% for Canada and is currently at 6% for the USA, according to a comprehensive chart offered by OurWorldInData.org.

Such claims are either the result of 1) Intellectually dishonest people who are trying to downplay the coronavirus for political reasons, or 2) Mathematically illiterate people who don't know how fractions work.

Mike Adams has examined this issue strictly from the position that this is a new but real virus, he has not addressed the issue that there might be a strong correlation between COVID-19 and 5G technologies. He has also ignored the issue of weaponization of the virus. Scientists in Spain and other countries in Europe have already made a direct correlation studies with the virus outbreak with the debut of 5G 60-Gigahertz EMF. Almost a dozen scientists in India subjected the Corona virus to gene sequencing that showed the virus had been modified for "gain of function", meaning to make it more lethal in its effect. The virus had been one that many researchers were working with the virus for the purpose of making it more viral, thus more lethal, deadly.

When 5G went active in the fall of 2019, it was tweaked, and remotely activated [hijacked] from the Pirbright Institute labs in Surrey, UK. Through satellite up-link they were able to hijack the 5G station base in Wuhan, China, a distance of 6,751 miles. The 5G cell towers were amplified to the 60-Gigahertz energy level, virtually killing thousands, possibly millions. When Wuhan went online, the 5G system was operating at a safe level, likely in the 30-Gigahertz range so as not to cause injury or death. On the next page is an oscilloscope showing what 5G 60-Gigahertz is capable of. It consumes 98% of the targeted individual's lung oxygen, resulting in immediate death. 5G technology is modulated (like fine tuning an AM/FM radio in your vehicle). The

entire Chinese population was vaccinated in 2019. AT&T apparently has been testing the 5G cell tower 2,500-feet from my study as the itching of my skin has been irritating me today, and I had to take a Benadryl to curb the itching of my hands and arms.

In this fake hoax, the public has been subjected to “Predictive Programming” so that when another round of the plan-demic is released in June or July to ratched up the fear factor, the public will be begging for a vaccine. Multiple pharmaceutical companies are publicly stating how many doses of a vaccine they will produce in time for the next fall flu season. The COVID-19 was patented by the CDC and Bill Gates with the Pirbrite Institute in Surrey, UK.

Those people being tested in the Door-to-Door Contact-Tracing program are led to believe they are being tested but in reality, they will be infected. The Q-tip will be laced with the pathogens of the virus that was bio-engineered into a bio-weapon. What is thought to be a saliva culture test via a Q-tip, will give the heath service your DNA while at the same time will give you the pathogens introduced into the virus. The pathogens contain an invisible nano-tube that has a data base to contain whatever they plan to store. The Feds spent nearly \$100B on pandemic readiness, health security in decade leading up to coronavirus crisis. Over the past decade, the U.S. government spent nearly \$100 billion on preparation for major health crises including pandemics, according to a 2018 paper on such funding -- though the coronavirus outbreak still had

Washington and states across the country scrambling to muster supplies and respond when it hit.

Numbers from a paper in the academic journal "Health Security" released in late 2018 indicate that the government spent between \$10 billion and \$12 billion each year from 2010 to 2018 across several agencies on programs that contribute to "biosecurity," the management of "pandemic influenza and emerging infectious diseases," and "multiple-hazard and general preparedness" programs that assist in readiness for and response to different types of health threats, including diseases like the coronavirus.

COVID-19 seems to be the kind of problem the U.S. was preparing for, but a debate has raged in Washington over whether the money was spent effectively.

The White House coronavirus task force said last week it is working to expedite the production of a coronavirus vaccine, but it is still unclear when such a vaccine could become available, with some estimates placing the timeline at about 18 months despite prior plans that aimed for a faster timetable -- at least for unknown flu strains. The Strategic National Stockpile has only helped on the margins, and the Trump administration has had mixed success, at best, in using the Defense Production Act to get domestic industries to produce ventilators, testing swabs and PPE.

TREASURY TO BORROW \$3T FOR CORONAVIRUS RELIEF, ADDING MORE DEBT IN 1ST QUARTER THAN ALL OF 2019

"Our country is unable to meet an immediate need for critical medical supplies and personal protective equipment in the face of a crisis," Scott Paul, the president of the Alliance for American Manufacturing, said in a New York Times op-ed. "The absence of adequate domestic production capacity for things like face shields and respirators, coupled with the frailty of on-demand global supply chains and our utter reliance on them — for everything from the ingredients in our medications to parts of breathing machines — has left us dangerously exposed during an international health emergency."

The slow coronavirus response from all levels of government, particularly the federal government, came despite significant funding over the past decade for programs across multiple agencies, including the Defense Advanced Research Projects Agency (DARPA) under the Department of Defense (DOD); the Centers for Disease Control and Prevention's Emerging and Zoonotic Infectious Disease Programs under the Department of Health and Human Services (HHS); the National Institutes of Health (NIH) Biodefense and Emerging Infectious Disease research program, also under HHS; and others.

The "Health Security" paper, titled "Federal Funding for Health Security in FY2019," also recorded government spending in preparation for nuclear and chemical threats. It also analyzes the president's 2019 budget, data which is excluded as well because presidential budgets do not reflect actual or estimated spending.

The government's struggles dealing with increased hospitalizations and demand on medical equipment were largely cited as reasons why widespread economic shutdowns were needed, as government officials and health experts stressed the need to "flatten the curve" of coronavirus infections in the United States. The resulting economic hardships forced Congress to take drastic measures to prop up the economy and Americans' everyday finances, including the \$2.2 trillion CARES Act, which is ballooning the federal deficit to a projected \$3.7 trillion for 2020, according to the Congressional Budget Office, with three other coronavirus spending bills already passed and another, potentially \$1 trillion-plus, piece of legislation being considered.

New World Order Acolyte Melinda Gates Appears On TODAY Show Pushing Hard For A Global Vaccine While Wearing An Upside-Down Cross

Roman Catholic Melinda Gates in an interview on NBC's May 11th TODAY Show pushing hard for a global COVID-19 vaccine was wearing a bright and shiny upside-down cross around her neck.

TODAY's Savannah Guthrie spoke exclusively to Melinda Gates, who is working to address the pandemic through the Bill and Melinda Gates Foundation. She says there are "a few good candidates" for a vaccine and that the U.S. needs "to start looking at a paid medical leave policy" to help workers on the front lines. She also criticizes the

Trump administration for its response to the crisis: “*We haven’t had leadership at the national level ... it’s chaos.*” This said while wearing a very odd looking upside-down inverted cross around her neck, known in Jesuit circles as the Satanic cross!

Symbolism is very important to groups like the Illuminati, the New World Order and others, as they love to flash you signs of how much smarter they are than you and I are. They like to put their true agenda right in our faces, and dare us to figure it out. All this brings us to an interview the TODAY Show did with Melinda Gates back on November 8th, where we see Melinda wearing an upside-down, or inverted, cross around her neck. Who likes to wear inverted crosses? Satanists, pagans, witches, warlocks, New Agers, most people in Hollywood...you get the idea.

“Christ hath redeemed us from the curse of the law, being made a curse for us: for it is written, Cursed is every one that hangeth on a tree.” –(Galatians 3:13).

The early First Century Christians never used the cross as a sign or symbol for anything, why? Because it was the instrument of the torturous death of Jesus of Nazareth. The cross as iconic symbolism would not appear until biblical Christianity was hijacked by the Romans around 325 A.D. From that point on you see crosses on everything as Rome infused paganism with Christianity. The Bible tells us that the cross is the sign of a curse, and cursed people hang on them. No one in their right minds who believed the bible would want the sign of a curse hanging around their own necks, much less wearing an upside-down cross like the pagans do.

I will let you make up your own mind as to why Melinda Gates chose to wear an upside-down cross on national television. I know she went to Catholic school, and that she and Bill have raised their children as Catholics. But when you look at the millions of dollars they give to Planned Parenthood, an organization that exists to slaughter children in the womb, exactly what kind of Catholic she is gets a little murky, to say the least.

The Roman Catholic Church, is counterfeit Christianity, loves weird occult and pagan symbolism. Over the years we’ve shown you the Vatican Audience Hall that is shaped exactly like a giant snake, and has the freakiest, most nastiest-looking statue right behind here the pope sits. Occult symbolism pervades the Vatican to a very high degree. Melinda Gates is a Catholic, you do the math.

Note all the names of well-known eugenists depopulation crowd on the next page. This photo taken at a PBS Awards ceremony taken 2001 have many of the familiar globalist names linked to the depopulation vaccine agenda. Bill Moyers, Ted Turner, Anthony Fauci, Bill Gates Sr., Tom Brokaw, George Soros, David Rockefeller, Richard Parsons all standing behind major names in philanthropy, and the deep pockets of National Public Radio & Television.

President Trump, Bill Gates, Anthony Fauci, and other have vocally stated that we will have a vaccine soon. Bill Gates has stated that the human race has no choice in this and everyone has to have an electronic passport, showing that we have had their

vaccines. Once the vaccines have been given, the population will be vulnerable as was the case in China once they all had received a vaccine. The globalist powers will be able to reach out and touch someone, i.e., you and at will flip a switch on a person, shutting off their oxygen with a 60-Gigahertz EMF energy bullet, and executed by the nearest 5G satellite overhead.

Cabalist Judaism is a satanic cult that exercises tyrannical control over its members. It is the template for the totalitarian NWO. The Rothschild cartel consists of Cabalist Jews and Cabalist Freemasons who seek to enslave us. They turn reality upside down ('revolution.') Truth, Goodness, Beauty, Justice, are all inverted. Satan replaces God at the apex. The Satanists wear the cross upside down as pictured by Melinda Gates.

99% of Those Who Died From Virus Had Other Illness, Italy Says. More than 99% of Italy's coronavirus fatalities were people who suffered from previous medical conditions, according to a study by the country's national health authority.

After deaths from the virus reached more than 2,500, with a 150% increase in the past week, health authorities have been combing through data to provide clues to help combat the spread of the disease.

Prime Minister Giuseppe Conte's government is evaluating whether to extend a nationwide lockdown beyond the beginning of April, daily La Stampa reported Wednesday. Italy has more than 31,500 confirmed cases of the illness.

The new study could provide insight into why Italy's death rate, at about 8% of total infected people, is higher than in other countries.

The Rome-based institute has examined medical records of about 18% of the country's coronavirus fatalities, finding that just three victims, or 0.8% of the total, had no previous pathology. Almost half of the victims suffered from at least three prior illnesses and about a fourth had either one or two previous conditions.

More than 75% had high blood pressure, about 35% had diabetes and a third suffered from heart disease. The median age of the infected is 63 but most of those who die are older.

The average age of those who've died from the virus in Italy is 79.5. As of March 17, 17 people under 50 had died from the disease. All of Italy's victims under 40 have been males with serious existing medical conditions.

While data released Tuesday point to a slowdown in the increase of cases, with a 12.6% rise, a separate study shows Italy could be underestimating the real number of cases by testing only patients presenting symptoms.

According to the GIMBE Foundation, about 100,000 Italians have contracted the virus, daily Il Sole 24 Ore reported. That would bring back the country's death rate closer to the global average of about 2%.

As the Italian studies show, the virus is nothing more than the common cold; however, those who died were those over 75 and/or had previous serious existing medical issues.

All of this was either an over-reaction upon the part of government authorities or with an ulterior agenda to "Lock Down" and sequester for no apparent reason other than to create a sense of fear and panic.

In Part 1, Dr Andrew Kaufman has stated: "They Want to Genetically Modify Us with the COVID-19 Vaccine." Dr. Kaufman's videos are regularly taken down by YouTube and most of us have to stay alert to where and when he appears on Internet news sites. Dr. Kaufman was quick to note, ***"In an unprecedented way, we see all of the governments around the world, with very few exceptions, all adopting the same policies, all at the same timeframe, right? This tells us that that this is a highly-coordinated effort, internationally and it tells us that there is a group of people or individuals who are directing the governments, essentially what to do."***

It is my educated belief that the U.S. played a significant role in this "Plan-demic" intended to be a Beta-test, preliminary run at the larger event to come. The chances are high in my opinion that the Gates/WHO/COD/NIH will jolt the country with another out break of the so-called CVID-19 virus. Ignorance upon the part of the masses will trigger additional fear and panic, that people will pay for the vaccine without so much as asking what it is. Remember what Zechariah 13:7 says, ***"Awake, O sword, against my shepherd, and against the man that is my fellow, saith the LORD of hosts: smite the shepherd, and the sheep shall be scattered: and I will turn mine hand upon the little ones."*** Matthew 26:31 and Mark 14:27 are prophetic in that the church

today is shepherdless. Since the churches were forbidden to meet, much of the body has become fearful of how the state has waged spiritual warfare on the church, and yet allowed non-essential businesses to continue to operate as fairly routine. The Mark passage states, “And Jesus *said to them, “**You will all fall away, because it is written, ‘I WILL STRIKE DOWN THE SHEPHERD, AND THE SHEEP SHALL BE SCATTERED.’**”*—(Mark 14:27).

Robert F. Kennedy, Jr. wrote last week about Malibu police’s ticketing Point Dume surfers \$1,000 apiece for using the ocean during the quarantine. Was this merely an appalling police judgment at which we will laugh post-quarantine? Or does anyone else feel that this is the first wave of compliance and obedience training for something more permanent? Are powerful state and corporate entities using the current crisis to remove basic rights, and intensify pressures to promote vaccines and surveillance? Does anyone else feel the suffocating darkness of tyranny descending on our nation? And finally, does anyone share my dread that Bill Gates—and his long-time associate Tony Fauci—will somehow be running our Brave New World?

Imagine a world where the government doesn't need police officers to apprehend those surfers or ticket you when you violate social distancing with your girlfriend. Suppose that computers discover your beach trip by tracking your movements using a stream of information from your cell phone, your car, your GPS, facial recognition technology integrated with real-time surveillance from satellites, mounted cameras, and implanted chips. Desk-bound prosecutors or robots will notify you of your violation by text while simultaneously withdrawing your \$1,000 penalty in cryptocurrency from your payroll account. Welcome to Bill Gates' America. It's right around the corner.

5G Strategies

Recently, [Bill Gates announced his financial support for a \\$1 billion plan to blanket Earth in video surveillance satellites](#). The company, [EarthNow](#), will launch 500 satellites to live-stream monitor almost every "corner" of the Earth, providing instantaneous video feedback with only a one-second delay. According to Wikipedia, the company expects its customers to include "governments and large enterprises." **5G Antennas** deploying a vast array of ground-based 5G spy antennas. Through his Bill & Melinda Gates Foundation, [Gates purchased 5.3 million Crown Castle shares](#) currently worth a billion dollars. The Foundation's second-largest tech holding after Microsoft, Crown Castle owns 5G infrastructure in every major U.S. market. It operates and leases more than 40,000 cell towers, 65,000 small cell nodes which are the central infrastructure for 5G and 75,000 route miles of fiber to every major U.S. market that, instead of going to your home, providing you safe, fast, wired internet, has been confiscated to connect 5G cell towers.

5G has almost nothing to do with improving your lives; it's all about **controlling** your life, marketing products, and harvesting your data for Artificial Intelligence purposes.

Big Telecom, Big Data, and Bill Gates are baiting Americans into a digital tyranny-trap with million-dollar TV ads that pretend that their multi trillion-dollar 5G investment is about faster download speeds for video games and movies. But 5G has almost nothing to do with improving your lives; it's all about controlling your life, marketing products, and harvesting your data for Artificial Intelligence purposes.

The 21st century's "black gold" is data. 5G is the infrastructure for [Gates' "Internet of Things"](#)—a world where tens of billions of "smart" devices: cell phones, computers, automobiles, garage door openers, Apple watches, baby diapers and even our living bodies—are wirelessly interconnected to enable Big Data to gather and sell our personal information.

Gates, Elon Musk, Amazon, Facebook, and Telecom are launching the flagships for the new Gold Rush, a teeming fleet of 50,000 satellites and a network of 2,000,000 ground antennas and cell towers to strip mine data from our smart devices. This microwave radiation-emitting spider web will allow Big Data/Big Telecom and Big Brother to capture what happens inside and outside every person at every moment of life. Gates will harvest, control, sort, characterize, analyze, and sell millions of terabytes of personal information from smart devices—private health data, medical records, our shopping

habits, our biometric and behavioral responses to advertising, our children’s ability to learn, our facial expressions, and conversations overheard by Siri, Alexa, and your open cell phone’s microphones. His and other corporations will use these analytics to develop [Artificial Intelligence](#) (AI) and turn you into a predictable, easily-manipulated consuming machine.

Next time you buy a “smart” device, remember the device is not the product—you are.

Surveillance State & Transhumanism

Corporations will use Gates’ 5G surveillance system to sell products and escalate AI capacity. Governments will use it to transition the globe to a totalitarian singularity more despotic than Orwell ever imagined. Silicon Valley titans like Elon Musk, Peter Thiel, and Google’s Chief Engineer Ray Kurzweil talk longingly of “[transhumanism](#),” the process by which humanity will transition to become part-human, part-machine via genetic engineering and surgical implants.

Bill Gates is investing heavily to accelerate this altered reality. His ambition to tag us all with injected [subdermal vaccine data chips](#) seems to be merely a steppingstone toward an all-encompassing surveillance state.

Rewarding Compliance

Microsoft has patented a [sinister technology](#) that utilizes implanted sensors to monitor body and brain activity. It will reward compliant humans with crypto currency payments when they perform assigned activities.

[The Patent, WO \[2020\] 060606](#) has gained notoriety and the nickname “World Order 2020 666.” Microsoft describes this device as a “[Crypto Currency System](#)” and explains that it is “capable of” using body activity data to mine bitcoin in response to compliance with assigned tasks.

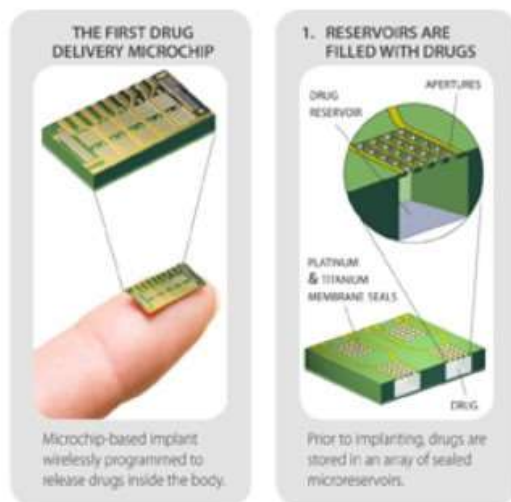

People who agree to install the Microsoft harmful wireless sensors will receive periodic “duty” smart phone instructions to watch a certain advertisement, listen to a specific song, walk down a specific grocery store aisle, or to take a certain vaccine. This chip will collect data from embedded sensors that monitor brain waves, blood flow, and other body reactions. The system will transfer cryptocurrency into the subject’s account after completion of the assigned task. On the bright side, Microsoft’s dystopian invention should be a welcome source of income for the 40% of Americans put out of work by periodic COVID quarantines, by Musk’s [self-driving electronic cars](#), which also rely on the 5G rollout, and by Artificial Intelligence, including robots. Will Gates sell the data we freely give him to companies that will take away our jobs?

Owning Smart Cities

[Maintaining and analyzing the data](#) collected by a 5G infrastructure require massive computers housed in major data storage complexes. To keep control of this infrastructure, [Bill Gates is building his own “smart city” in Arizona](#). [According to KPNX-TV](#), he spent \$80 million on a 24,800-acre plot near Phoenix with the goal of turning it into a “smart city” where everything is interconnected via a wireless grid, including fleets of autonomous vehicles. The 80,000 residents of Gates’ company town will mainly work in data centers.

To consolidate his control over what people hear, learn, and think, Gates bought shares in [Liberty Global](#), one of the largest international television and Internet companies, operating in 30 countries and growing.

Controlling Reproduction

Gates will [even control your body](#), your bedroom, your medicine cabinet and even women’s menstrual and ovulation cycles. He invested approximately \$18 million in [MicroCHIPS](#), a company that among other chip-based

devices, develops birth-control implant chips with wireless on/off switches and chips for drug-delivery that allow a single implant to store and precisely deliver hundreds of therapeutic doses over months or years. The implants will be operated wirelessly by the patient to deliver medication. Knowing of Gates' missionary [zeal for population control](#), however, some customers might worry that the system could be remotely activated as well.

The expansion of the wireless cloud between 2012–2015 was equivalent to adding 4.9 million cars to the roads.

Controlling Climate: Geoengineering

Gates' apparent conviction that God has ordained him to use technology for humanity's salvation is exemplified in one of his most ambitious projects. Gates is funding [Harvard scientists to use Geoengineering to block the sun](#) to reverse global warming and climate change.

That project is a template for both hubris, hypocrisy and risk. The massive expansion of wireless use and the 5G wireless grid—for which Gates is a major player—is the most significant contributor to increased energy consumption. The [expansion of the wireless cloud between 2012–2015 was equivalent to adding 4.9 million cars to the roads](#). 5G is expected to exponentially increase energy use by upwards of [170% by 2026](#). Proposing to use the wireless “smart” grid to combat the carbon footprint with geotechnology is a hare-brained scheme—not a solution for climate change.

Cashless Society

To consolidate global control, Gates has declared war on cash, and the COVID-19 lockdowns have provided governments a convenient pretext for scuttling cash as a health hazard. Gates and his foundation are spearheading the global [shift from a cash economy towards digital transactions](#). Gates and Microsoft are perfectly positioned to profit from a digital payments system. By controlling digital transactions (and removing cash), Gates can control and monitor everything commercial that a country and its citizens do.

Western financial institutions—Mastercard, PayPal, Visa, eBay, and Citi—have long

pushed for a cashless world. Electronic banking allows banks and financial consortiums to levy fees on every transaction.

The Digital Economy will allow the Government to monitor and scrutinize every transaction, to freeze digital accounts, and to block “financial flows” to punish disobedience. Operating in a public-private partnership with government, tech billionaires will not only control the nation but will be able to micromanage the worldwide population. Digitized currency is the ultimate instrument of social control. After all, in a cashless society, survival is impossible without access to the digitized economic system. The poor—lacking bank accounts—will suffer disproportionately.

Trillionaire Borg

While the lockdown is a cataclysm for the world economy, it is [an opportunity for Gates](#). By purchasing our devalued assets at a penny on the dollar, Gates' \$100 billion might make him the world's first trillionaire. But the quarantine is also an opportunity to enlarge his power and dominion. Under Gates' leadership, Microsoft became known as "[The Borg](#)" because of his appetite for total market control. Now, Gates seeks to bring all humanity under his boot. His worship of technology and his megalomania threaten our freedoms, our democracy, our biology, our planet, our humanity, and our souls.

The microwave radiation used for wireless surveillance of the world is not biologically tolerable, especially for developing children. [Thousands of peer-reviewed, published studies abundantly document wireless technology's profound, adverse, physical effects on humans, animals and plants](#). Sickness and environmental degradation from wireless technology is already widespread. Big Telecom control of U.S. and global regulatory agencies and media and Gates' financial control of the World Health Organization have allowed a few billionaires to propagate the patent lie that wireless is safe.

Gates' technological dreams are not biologically sustainable. His Tower of Babel is bound to collapse, with catastrophic impact for lesser humans. It's time to dismantle the Tower before it's too late.

All of this sounds exactly what Dr. Andrew Kaufman was talking about in Part 1 in his interview.

Dr. Kaufman made a significant point in the hour-long interview and that being that all the countries in the world were beginning this program simultaneously in the fall of 2019, which just happened to be the official starting point of 5G globally. Dr. Kaufman states there is no new Corona virus, but there is a new pathogen being called the Corona virus. It is a bio-engineered bio-weapon intended to kill once a person has it.

The indications and data suggests that this is a global plan for depopulation, to microchip the world's population, for "CONTROL" purposes. As I have stated in my series:

Wuhan Was a Test Run for Weaponized 5G

5G + Coronavirus + Vaccinations + Chemtrails = Depopulation Event

was in reality a Beta-test for the Global Elite of the world who direct the New World Order. All of the recent talk by Bill Gates and his ID2020, so-called proof of one's having been vaccinated has been so up front and revealing, it suggests that the process has gone well beyond that which has been revealed since January. The mistake you will make is that to believe the U.S. government would not use the public as "test subjects".

Intuition tells me that you do not want to submit to any door-to-door contact tracing as that which began in New York City on May 9/10th. [New York City Begins Largest Contact Tracing Surveillance Effort In United States in Stunning Harbinger Of What Life Will Be Like After Lockdown.](#)

The public entity, named the New York City Test and Trace Corps, will begin with 1,000 trained medical professionals who will track down suspected cases of the disease, test New Yorkers and trace their recent contacts. The containment strategy aims to get ahead of the disease before it can erupt into a full-scale outbreak that would require shutting society and businesses down again. "The New York City Test and Trace Corps is going to be a dedicated group of trained individuals who will lead the way in creating testing and tracing in a way we've never seen before in this city or this country," de Blasio said. "We want to find everyone who is positive and trace their close contacts," he said.

.....
What they really want is your DNA and to subsequently give you the virus created, and known as COVID-19. The giving of the virus to the public comes in the very test they will administer under the pretense of determining whether one tests positive when they use a Johnson & Johnson "Q-tip" laced with the Corona pathogen. You will think you are being tested when in fact you will be infected!
.....

The Truth About Coronavirus Vaccines: Is This Why Bill Gates Wants Indemnity? Are You Willing To Take The Risk? Not me!

"Vaccines have really never been shown to actually prevent anything. They have proven to cause the very things they are claimed to stop, plus a host of other problems in humans. As Bill Gates works with the Department of Defense and DARPA to develop a vaccine for coronavirus, he's also seeking indemnity to guard himself, much like the like the current Big Pharma companies have received when they have provided vaccines that cause severe problems or even death.... That in itself is clear proof that Bill Gates cannot assure anyone of total protection and safety!!!!!!!!!!!!!!"

There are many issues that require consideration when anyone tells you that you have to have a vaccine to prove you are safe:

1. Since Spanish Flu (actually severe radiation sickness from Sunspot activity compounded by lower immunity from processed foods) an electromagnetic "soup" has been building up across the "civilized" world.
2. 5G leads to electromagnetic overloads within some high electromagnetic areas (such as Wuhan) ripe for radical reduction of human immunity and emergence of a pandemic of radiation sickness.
3. Entire populations but particularly the older elements and not the young, experience a group drop in immunity to all forms of attack including biological.

4. An opportunistic virus whether man made (more likely) or by natural processes exploits the new favorable “petri” dishes (i.e., vulnerable humans).
5. The two in combination (5G “trigger” for an already toxic electromagnetic soup and biological pathogen) lead to a mixed epidemic.
6. Low vitamin C and D3 levels linked with compromised immune function
7. Early government refusal to recognize a confusing problem exists leads to mis-diagnosis including aspirin overload that makes things worse.
8. Subsequent government over-reaction to a problem that is still not understood leads to the ill being crowded together in a buffet of “petri” dishes and there is a mixing of a multitude of viral, bacterial and fungal organism inhabiting the patients together with the much larger majority who are not suffering from viral or biological but rather electromagnetic radiation sickness. This makes it possible for the viral and biological pathogens to spread rapidly across the herded group that has very low immunity associated with its radiation sickness.
8. Through recombination (the exchange of genetic material between the organisms) new forms are created with hosts without any resistance.
9. A new super-organism never intended by nor invented by any biowar laboratory) whether Chinese, U.S., Zionist, or Bill Gates or other) emerges to ravish an EMF immunity-impaired global population.
10. Cruise ships and the new unmodulated satellite-based microwave Internet ecologies turn into kill zones but only for sickness, not for death.
11. This loop will repeat for as long as governments refuse to share information and examine the bio-electrical recombinations that appear to be occurring.

As this hoax of the so-called Corona virus continues to perpetuate and morph people will be unsure as to who is telling the truth. The mainstream media has been in on the hoax to deceive the public. The CIA writes the news network scripts for them as part of Project Mockingbird, which goes back to the 1970's. Since Dr. Anthony Fauci has been the spokesman at the White House Press Room briefings the past two months, then you need to learn about who and what Dr. Fauci really is. I have done 6 segments dealing with the Dr. Fauci's crimes, plus posting a Brass Check TV report on Dr. Fauci's 36 year scam with vaccines. Dr. Fauci and Dr. Birx and Gates and company never never mention the efficacy of basic vitamins such as Vitamin C and D3, or Zinc and Sillennium. 50% of Americans are deficient in these vitamins that maintain an optimum immune system.

Dr. Fauci as it turns out in an American Intelligence Media recent investigation has been working on behalf of the House of Rothschild and the production of bio-weapons. You

might want to consider asking the question, why is the world's richest human being alive interested in bio-weapons and bio-technology to destroy human life?
