

Convergence

Coming Together - By Daymond Duck

Published on: [June 13, 2021](#)

I recently attended the Mid-America Prophecy Conference in Tulsa, OK.

Here are a few interesting comments (in my words) that some speakers made.

- Satan is the greatest deceiver ever.
- Satan's greatest deception or conspiracy is his effort to replace God and take over the world.
- Satan uses people called globalists to execute his deception or conspiracy, and they are influencing many world leaders today.
- Some people say a threat (aliens) from "outside this world" could unite this world and be used to establish a world government.
- Some consider Satan to be an "outside this world" threat.
- The New World Order (NWO) is not new.
- Nimrod tried to build a godless system of world government and world religion at the Tower of Babel.
- God created nations at the Tower of Babel because a world government is ruled by one power.
- If the world's only power is corrupt, the whole world is corrupt.
- God created nationalism (nations and borders) at the Tower of Babel to protect the world from a corrupt world government and world religion.
- It is possible to conclude from the story of Nimrod and the Tower of Babel that God has always been anti-globalism and pro-nationalism.
- Current events indicate that the stage is being set for a godless world government and world religion.
- Globalists dislike the Bible because it teaches that what the globalists are doing is wrong.
- Christians do not need to be concerned about Covid-19; Christians need to be concerned about the globalist solution to Covid-19 (enslaving the world under a godless world government and world religion).
- God will allow Satan and his globalists to have a godless world government and world religion for seven years, but He will destroy them in one hour near the end of the Tribulation Period.
- Today, orthodox Jews in Israel know that when Israel is back in the Promised Land, Bible prophecy will be fulfilled, and their Messiah will appear.
- Orthodox Jews will be surprised by their Messiah's identity, but they will not be surprised by His coming (they know it is near).

One, on May 26, 2021, pollster George Barna reported that 51% of American adults say they have a biblical worldview, but data shows that only 6% of American adults have a biblical worldview.

This reveals an obvious inconsistency in what people say they believe and what they really believe.

People get a biblical worldview from studying the Bible, hearing sermons, associating with Christians that have a Christian worldview, etc.

There appears to be insufficient Bible study and preaching on a Christian worldview.

Insufficient Bible study and preaching is making it easier for globalists to push their godless world government and world religion.

Two, concerning world government: on June 5, 2021, the G-7 (Group of 7 nations with large economies) agreed to support a minimum global tax rate of 15% on multinational corporations (Amazon, Apple, Facebook, Google, etc.), and more taxes in nations where the multinational corporations sell goods and services.

The G-7 will submit this as a recommendation to the G-20 (Group of 20 nations) in July and push for their approval.

Some nations are already saying 15% is not enough, and they expect to increase this global tax rate in the future.

Some in the UN want a global income tax, and it is a safe bet that after they impose a global tax on multinational corporations, they will enact other global taxes.

Three, concerning the Battle of Gog and Magog: on May 25, 2021, Russia's Defense Minister reported that Russia has deployed three long-range supersonic bombers capable of carrying nuclear weapons to its base in Syria.

Four, more on the Battle of Gog and Magog: in an article published on May 25, 2021, Rafael Grossi, Director Gen. of the International Atomic Energy Agency (IAEA), admitted that it is too late for the U.S. to return to the 2015 nuclear agreement with Iran and that an Iranian nuclear weapon is "Inevitable."

Grossi noted that Iran has 10 times (several other reports say 16 times) the amount of enriched, 60% purity uranium allowed by the agreement and that the only reason for nations to enrich uranium to that level is for use in weapons.

If the production of nuclear weapons by Iran is inevitable, an Israeli attack on Iran is inevitable because Israel is determined to keep Iran from getting nuclear weapons.

Many students of Bible prophecy believe the fulfillment of God's Word is inevitable, and this will wind up triggering the Battle of Gog and Magog.

Five, more on the Battle of Gog and Magog: on June 1, 2021, Israel's Prime Min. Netanyahu said if Israel is "pushed to choose between a lack of friction with the U.S. or defending the country against the nuclear threat from Iran, Israel will choose to confront the Islamic Republic."

Netanyahu believes stopping Iran's development of nuclear weapons is more important than anything, including Israel's relationship with the U.S.

Six, concerning an economic collapse:

In Jan. 2021, Biden stopped construction of America's Keystone XL oil and natural gas Pipeline, putting about 11,000 people out of work on the pipeline itself and about 42,000 people out of work in businesses producing supplies for the pipeline. (23 states are suing Biden for illegally undoing an act of Congress that will benefit the citizens of the U.S. Biden also halted oil and natural gas leases on federal lands.)

In Mar. 2021, Biden imported more than a million barrels of Iranian oil that was on a seized Iranian tanker that was violating U.S. sanctions.

In May 2021, Biden waved U.S. sanctions on Russia, allowing Putin to finish construction of Russia's Nord Stream 2 pipeline to Germany.

On June 1, 2021, it was reported that Biden has temporarily (but probably permanently) blocked drilling for oil in the Alaskan Arctic National Wildlife Refuge.

Biden is helping Russia and Iran produce and sell oil and natural gas at the same time that he is blocking U.S. companies from producing and selling oil and natural gas.

Biden deliberately approved the employment of thousands of Russians and deliberately put thousands of U.S. citizens out of work about the same time on the same kind of jobs.

Perhaps, Biden was telling the truth on Feb. 19, 2021, when he declared he was replacing Trump's "America First" agenda with "Globalism First."

This self-proclaimed "good Catholic" does not realize it, but God intends to use the Tribulation Period to bring an end to the "Globalism First" agenda.

Seven, concerning hyper-inflation and an economic collapse, on June 4, 2021, it was reported that the senior economist at the UN's Food and Agricultural Organization said as of May 2021, global food prices have increased 12 months in a row, and the May increase was the largest increase in more than 10 years.

The rise in inflation will impact the standard of living in lower-and-middle class families.

Eight, concerning a worthless peace treaty: on May 28, 2021, White House Correspondent Bill Koenig (Koenig's Eye View) wrote that the Abraham Accords are taking the world on a path that will lead to the Covenant that will be confirmed by the Antichrist (Dan. 9:27).

Koenig believes the Abraham Accords are causing confusion about ownership of the Promised Land (particularly Judea and Samaria right now).

Since God will drag the nations into the Battle of Armageddon for dividing the land of Israel (Joel 3:2), Koenig believes Christians should oppose agreements that will lead to that.

Nine, concerning tracking all buying and selling, it is common knowledge that equipment and officials know where people are when they have their cellphone with them.

I cannot verify the accuracy of the reports, but there have been at least two reports that say vaccinated people are being tracked over the 5g Internet System.

According to information that I have received, some vaccines have nanochip transmitters in them that can send information (vital signs, GPS coordinates, etc.) on vaccinated people to receivers 24 hours a day, 7 days a week.

On June 2, 2021, Brighteon reported that a new study in Japan reveals that "Lipid NanoParticles (LNPs) containing the mRNA code are widely circulated around the body after vaccination, reaching the brain, spleen, large intestine, heart, liver, lungs and other organs."

According to the report "Labeled 'Pfizer confidential,' the study is known as a bio-distribution study that uses luciferase enzymes and radioisotope markers to accurately track the distribution of Pfizer's mRNA LNPs across the body."

This writer is not qualified to evaluate these reports, but if they are true, they could have major implications for the future Mark of the Beast.

Ten, on June 1, 2021, it was reported that pharmacists usually receive a list of ingredients and information on the drugs they sell, but J & J is not giving out that information on their Covid-19 vaccine.

According to the report, pharmacists can go to a website and get a list of ingredients and information, but J & J is not including this with the shipments because the FDA still has not approved J & J's untested product (it is approved for emergency use, but not as a vaccine).

Eleven, concerning Covid-19 vaccinations: on June 3, 2021, the U.S. Center for Disease Control and Prevention (CDC) reported that 10,262 fully vaccinated people got infected with Covid at least 14 days after their second jab, and about 160 of them died.

Critics say these numbers are grossly understated because they depend upon people voluntarily reporting the facts, and many do not make a report.

One article said the CDC has asked labs to use one test for unvaccinated people and a different test for vaccinated people.

According to the writer, the goal of the different tests is to make it look like Covid-19 is worse among unvaccinated people than it is among vaccinated people.

Twelve, concerning deceit: on June 6, 2021, it was reported that there is proof that Dr. Fauci and several medical elites conspired and used false information to block the use of hydroxychloroquine (an inexpensive and effective drug that some experts say could have saved hundreds of lives) for the treatment of Covid-19.

There were also calls for a Congressional investigation of reports that Fauci lied about the source of the Covid-19 outbreak (perhaps a lab in China that was receiving funds from Fauci and the NIH).

Some officials are saying deceit and lies have been used to unnecessarily close schools, lockdown churches and businesses, force people to buy masks, get expensive vaccinations, give up their rights, etc.

All of the signs of the Tribulation Period and Second Coming seem to be coming together (converging or falling into place).

Are you Rapture Ready?

Finally, if you want to be rapture ready and go to heaven, you must be born again (John 3:3). God loves you, and if you have not done so, sincerely admit that you are a sinner; believe that Jesus is the virgin-born, sinless Son of God who died for the sins of the world, was buried, and raised from the dead; ask Him to forgive your sins, cleanse you, come into your heart and be your Saviour; then tell someone that you have done this.

Blessings,
