

# Depopulation

## #1 Global Issue Since 1968

### Part 15

Investigations in the early 1990s uncovered a planning apparatus operating outside the control of the White House whose sole purpose is to reduce the world's population by 2 billion people through war, famine, disease and any other means necessary. This apparatus, which includes various levels of the government, is determining U.S. foreign policy. In every political hotspot - El Salvador, the so-called arc of crisis in the Persian Gulf, Latin America, Southeast Asia and in Africa - the goal of U.S. foreign policy is population reduction. The targeting agency for the operation is the National Security Council's Ad Hoc Group on Population Policy. Its policy-planning group is in the U.S. State Department's Office of Population Affairs, established in 1975 by Henry Kissinger. This group drafted the Carter administration's Global 2000 Report, which calls for global population reduction, and the same apparatus is conducting the civil war in El Salvador as a conscious depopulation project.

*"There is a single theme behind all our work-we must reduce population levels,"* said Thomas Ferguson, the Latin American case officer for the State Department's Office of Population Affairs (OPA).

"Either they [governments] do it our way, through nice clean methods or they will get the kind of mess that we have in El Salvador, or in Iran, or in Beirut. Population is a political problem. Once population is out of control it requires authoritarian government, even fascism, to reduce it."

"The professionals," said Ferguson, "aren't interested in lowering population for humanitarian reasons. That sounds nice. We look at resources and environmental constraints. We look at our strategic needs, and we say that this country must lower its population-or else we will have trouble."

"So steps are taken. El Salvador is an example where our failure to lower population by simple means has created the basis for a national security crisis. The government of El Salvador failed to use our programs to lower their population. Now they get a civil war because of it.... There will be dislocation and food shortages. They still have too many people there."

**Civil wars** are somewhat drawn-out ways to reduce population, the **OPA** official added. *"The quickest way to reduce population is through famine, like in **Africa** or through disease like the **Black Death**,"* all of which might occur in El Salvador. **Ferguson's OPA** monitors populations in the Third World and maps strategies to reduce them. Its budget for FY 1980 was \$190 million; for FY 1981, it will be \$220 million. The [Global 2000](#)

[Report](#) calls for doubling that figure. The sphere of **Kissinger** In 1975, **OPA** was brought under a reorganized *State Department Bureau of Oceans, International Environmental, and Scientific Affairs* - a body created by **Henry Kissinger**.

The agency was assigned to carry out the directives of the **NSC Ad Hoc Group**. According to an **NSC** spokesman, **Kissinger** initiated both groups after discussion with leaders of the **Club of Rome** during the 1974 population conferences in Bucharest and Rome. **The Club of Rome**, controlled by Europe's **black nobility**, is the primary promotion agency for the genocidal reduction of world population levels. The *Ad Hoc Group* was given "high priority" by the **Carter** administration, through the intervention of National Security Adviser **Zbigniew Brzezinski** and Secretaries of State **Cyrus Vance** and **Edmund Muskie**.

According to **OPA** expert **Ferguson**, **Kissinger** initiated a full about-face on U.S. development policy toward the Third World.

*"For a long time," Ferguson stated, "people here were timid. They listened to arguments from Third World leaders that said that the best contraceptive was economic reform and development. So we pushed development programs, and we helped create a population time bomb."*

*"We are letting people breed like flies without allowing for natural causes to keep population down. We raised the birth survival rates, extended life-spans by lowering death rates, and did nothing about lowering birth rates."*

That policy is finished. We are saying with [Global 2000 Report](#) and in real policy that you must lower population rates. Population reduction and control is now our primary policy objective - then you can have some development."

Accordingly, the *Bureau of Oceans, International Environmental, and Scientific Affairs* has consistently blocked industrialization policies in the Third World, denying developing nations access to nuclear energy technology - the policies that would enable countries to sustain a growing population. According to **State Department sources**, and **Ferguson** himself, **Alexander Haig** is a "*firm believer*" in population control.

*"We will go into a country," said Ferguson, "and say, here is your goddamn development plan. Throw it out the window. Start looking at the size of your population and figure out what must be done to reduce it. If you don't like that, if you don't want to choose to do it through planning, then you'll have an **El Salvador** or an **Iran**, or worse, a **Cambodia**."*

According to an **NSC** spokesman, the **United States** now shares the view of former **World Bank** President **Robert McNamara** that the "*population crisis*" is a greater threat to U.S. national security interests than "*nuclear annihilation*."

"Every hot spot in the world corresponds to a population crisis point," said **Ferguson** who would rename **Brzezinski's arc of crisis doctrine** the "arc of population crisis." This is corroborated by statements in the **NSC Ad Hoc Group's** April 1980 report. There is, "an increased potential for social unrest, economic and political instability, mass migration and possible international conflicts over control of land and resources," says the **NSC** report.

It then cites "*demographic pressures*" as key to understanding, "examples of recent warfare in **India, Pakistan, Bangladesh, El Salvador, Honduras, and Ethiopia**, and the growing potential for instability in such places as **Turkey, the Philippines, Central America, Iran, and Pakistan.**"

Through extraordinary efforts, the **Ad Hoc Group** and **OPA** estimate that they may be able to keep a billion people from being born through contraceptive programs.

But as the *Ad Hoc Group's* report states, the best efforts of the **Shah of Iran** to institute "clean programs" of birth control failed to make a significant dent in the country's birth rate. The promise of jobs, through an ambitious industrialization program, encouraged migration toward "overcrowded cities" like **Teheran**. Now under **Ayatollah Khomeini**, the "clean programs" have been dismantled. The government may make progress because it has a program, "to induce up to half of **Teheran's** 6 million residents to relocate, as well as possible measures to keep rural migrants from moving to the cities." Behind the back of the President, **Ferguson** and others involved with the **OPA** and **NSC** group maintain that the **United States** will continue a foreign policy based on a genocidal reduction of the world's population.

"We have a network in place of cothinkers in the government," said the **OPA** case officer. "We keep going, no matter who is in the **White House.**"

But **Ferguson** reports that the "*White House*" does not really understand what they are saying and that the President "thinks that population policy means how do we speed up population increase.

"As long as no one says differently," said **Ferguson**, "we will continue to do our jobs. "

This was reported in the Executive Intelligence Review of March 10, 1981, and was part of the Club of Rome run by General Alexander Haig and Dr. Henry Kissinger through the National Security Council. They drafted President Carter's Global 2000 report as well.

In a report in 2006, a top scientist gave a speech to the Texas Academy of Science in March, 2006 in which he advocated *the need to exterminate 90% of the population* through the airborne Ebola virus. **Dr. Eric R. Pianka's** chilling comments, and their enthusiastic reception again underscore the elite's agenda to enact horrifying measures of population control.

**Pianka's** speech was ordered to be kept off the record before it began as cameras were turned away and hundreds of students, scientists and professors sat in attendance.

Saying the public was not ready to hear the information presented, Pianka began by exclaiming, *"We're no better than bacteria!"*, as he jumped into a *doomsday Malthusian rant* about overpopulation destroying the earth.

Standing in front of a slide of human skulls, **Pianka** gleefully advocated airborne **Ebola** as his preferred method of exterminating the necessary 90% of humans, choosing it over AIDS because of its faster kill period. Ebola victims suffer the most tortuous deaths imaginable as the virus kills by liquefying the internal organs. The body literally dissolves as the victim writhes in pain bleeding from every orifice.

Ebola Patient (Intensive Care)

**Pianka** then cited [the Peak Oil fraud](#) as another reason to initiate global genocide. *"And the fossil fuels are running out,"* he said, *"so I think we may have to cut back to two billion, which would be about one-third as many people."*

Later, the scientist welcomed the potential devastation of bird flu and spoke glowingly of China's enforced one child policy, before zestfully commenting,

"We need to sterilize everybody on the Earth."

At the end of **Pianka's** speech the audience erupted not to a chorus of boos and hisses but to a raucous reception of applause and cheers as audience members clambered to get close to the scientist to ask him follow up questions. Pianka was later presented with a *distinguished scientist award by the Academy*. Pianka is no crackpot. He has given lectures to prestigious universities worldwide.

One horrified observer was able to make notes on the speech and our gratitude goes to Forrest M. Mims for bringing this sickening display to the attention of the world.

Throughout history elites have invented justification for barbaric practices as a cover for their true agenda of absolute power and control over populations. Up until the 19<sup>th</sup> century, the transatlantic slave trade was justified by saying that the practice was biblical and therefore morally redeemable in nature, despite the fact that no such bible passage exists.

From 1932 until 1972, [the Tuskegee Study Group](#) (pictured below) deliberately infected poor black communities in Alabama with syphilis without their consent and withheld treatment as the diseased rampaged through the town killing families.

In 1951 the **Israeli** government used US government provided [technology to irradiate 100,000 Jewish children in a mass atomic experiment](#) with an entire generation of Sephardi youths used as guinea pigs. 6,000 died immediately after the experiments and the rest suffered for the rest of their lives with debilitating illnesses and cancer.

**Pianka's** doomsday warning of the population bomb, for which **Mims** claims he presented no evidence whatsoever, is complete *pseudo-science*. Populations in

developed countries are declining and only in third world countries is it expanding dramatically. Industrialization itself levels out population trends and even despite this world population models routinely show that the earth's population will level out at 9 billion in 2050 and slowly decline after that.

"The population of the most developed countries will remain virtually unchanged at 1.2 billion until 2050," states a United Nations report.

[Conservation International's own study revealed that 46% of the earth's surface was an untouched wilderness](#), that is land areas not including sea. It is commonly accepted that the entire world population could all fit into the state of Texas and each have an acre of their own land.

Think about the magnitude of Pianka's statements. He wants to **kill** nine out of every ten members of your family and he wants to kill them in one of the most painful and agonizing ways imaginable.

If **Pianka**, or 'The Lizard Man' as he likes to be called, is so vehement in the necessity of culling the human population will he step forward to be the first one in line? Will he sacrifice his children for the so-called greater good of the planet? We somehow doubt it.

Will the students who so enthusiastically greeted his ideas go home and kill themselves for the cause if it is so righteous?

It was noted how **Pianka** presented his argument with the kind of glee that you would see in a demented serial killer before dispatching his victim. This is an attitude we have encountered again and again. To discuss killing 90% of the world's population via a horrific plague is sick enough within itself but you would at least expect its advocates to be serious and sober in their approach to the subject. The opposite seems to be the case, where the subject is aired in a context of lighthearted lip-smacking and hand-rubbing as if the individual was about to sink his teeth into a T-bone steak.

This window gives us a clear view of exactly why these deranged bastards encompass this ideology. They love death and their lives are motivated by dark influences very different to you or me.

**Pianka's** approval of *how the Chinese police state effectively controlled their population* tells us that this rhetoric is just the glue that holds together the true agenda of the elite. A staged bio-attack blamed on terrorists could be the perfect cover for enacting the program of population reduction and the usurpation of our remaining freedoms.

In the 21<sup>st</sup> century the elite are concerned that from over 6 billion people might spring a new elite to challenge their stranglehold on the reign of power. This is one reason for desire to cull the population down to a manageable level. Another is control over the behavior of the existing serfs and herding them like cattle into the slaughter house.

As we have documented, members of the elite are quite open in their feverish lust to commit mass murder and ethnic cleansing. In the foreword to his biography *If I Were An Animal*, [Prince Philip](#) wrote,

*"In the event that I am reincarnated, I would like to return as a deadly virus, in order to contribute something to solve overpopulation."*

[National Security Memo 200](#), dated April 24, 1974, and titled "*Implications of worldwide population growth for U.S. security & overseas interests*," says:

*"Dr. Henry Kissinger proposed in his memorandum to the NSC that "depopulation should be the highest priority of U.S. foreign policy towards the Third World." He quoted reasons of national security, and because (t)he U.S. economy will require large and increasing amounts of minerals from abroad, especially from less-developed countries ... Wherever a lessening of population can increase the prospects for such stability, population policy becomes relevant to resources, supplies and to the economic interests of U.S."*

**Kissinger** prepared a depopulation manifesto for President **Jimmy Carter** called 'Global 2000' which detailed using food as a weapon to depopulate the third world.

One of the most chilling admissions of deadly intent came from the lips of the late **Jacques Cousteau**, the sainted environmental icon. In an interview with the *UNESCO Courier* for November 1991 the famed oceanographer said:

*"The damage people cause to the planet is a function of demographics — it is equal to the degree of development. One American burdens the earth much more than twenty Bangladeshis. The damage is directly linked to consumption. Our society is turning toward more and needless consumption. It is a vicious circle that I compare to cancer...."*

*"This is a terrible thing to say. In order to stabilize world population, we must eliminate 350,000 people per day. It is a horrible thing to say, but it's just as bad not to say it."*

The Melbourne Age reported on recently uncovered documents detailing *Nobel Peace Prize* winning microbiologist **Sir Macfarlane Burnet**'s plan to help the Australian government *develop biological weapons for use against Indonesia and other "overpopulated" countries of South-East Asia.*

**Pianka**'s ideology is in the same league as Hitler, Pol Pot, and the rest of history's despots who advocated mass extermination and had the temerity to dress it up in a 'noble' Straussian facade.

Few of you will know the name William Cooper was killed on November 5<sup>th</sup> 2001 by law enforcement outside his home in

In one of his videos, William Cooper shared many things about this huge secret agenda. "During my talks in Las Vegas last weekend I revealed a few things about aids that I have been keeping close to my chest. I have already revealed that I saw that AIDS was man made to eliminate the undesirable elements of society while I was attached to Naval Security and Intelligence. I stated this fact in my paper "The Secret Government." Now for the rest of the story.

The first study was made in 1957 by scientists meeting in Huntsville Alabama. That study resulted in "Alternative 3." Another study was made by **the Club of Rome** in 1968 to determine the limits to growth. The result of the study was that civilization as we know it would collapse shortly after the year 2000 unless the population was seriously curtailed. Several *Top Secret recommendations* were made to the ruling elite by **Dr. Aurelio Peccei** of the Club of Rome.

The chief recommendation was to **develop a microbe** which would attack the auto immune system and thus render the development of a vaccine impossible. The orders were given to develop the microbe and to also develop a cure and a prophylactic. The microbe would be used against the general population and would be introduced by vaccine administered by the *World Health Organization*. The prophylactic was to be used by the ruling elite. The cure will be administered to the survivors when they decide

that enough people have died. It will be announced as newly developed. This plan was called [Global 2000](#).

The cure and the prophylactic are suppressed. Funding was obtained from the U.S. Congress under H.B. 15090 where \$10 million was given to the Department of Defense to produce, “a **synthetic biological agent**, an agent that does not naturally exist and for which no natural immunity could have been acquired.”

*“Within the next 5 to 10 years it would probably be possible to make a new infective microorganism which could differ in certain important aspects from any known disease causing organisms. Most important of these is that it might be refractory to the immunological and therapeutic processes upon which we depend to maintain our relative freedom from infectious disease.”*

The project was carried out at Fort Detrick Maryland. Since large populations were to be decimated the ruling elite decided to target the “*undesirable elements of society*” for extermination. Specifically targeted were the black, Hispanic, and homosexual populations. The name of the project that developed **AIDS** is MKNAOMI. *The African continent was infected via smallpox vaccine in 1977.*

The U.S. population was infected in 1978 with the hepatitis B vaccine through the *Centers for Disease Control* and the *New York Blood Center*. You now have the entire story. The order was given by the POLICY COMMITTEE of THE BILDERBERG GROUP based in Switzerland. Other measures were also ordered. The one you will be able to check the easiest is the Haig - Kissinger Depopulation Policy which is administered by the State Department.

To aid you in your research of this CRIME the name of the report was “THE LIMITS TO GROWTH” A REPORT FOR THE CLUB OF ROME’S PROJECT ON THE PREDICAMENT OF MANKIND. In April 1968 the study began in the *Accademia dei Lincei* in Rome Italy. They met at the instigation of **Dr. Aurelio Peccei**. The Top Secret recommendations of the results of the study were made by Dr. Aurelio Peccei who pledged not to use the prophylactic and not to take the cure should the microbe be developed and should he contract the disease.

**Dr. Peccei** was hailed as a *great hero* for deciding to take the same risk as the general population. The public results of the study were published in 1972. The MIT project team that participated in the study is listed below:

- Dr. Dennis L. Meadows, director, United States
- Dr. Alison A. Anderson, United States (pollution)

- Dr. Jay M. Anderson, United States (pollution)
- Ilyas Bayar, Turkey (agriculture)
- William W. Behrens III, United States (resources)
- Farhad Hakimzadeh, Iran (population)
- Dr. Steffen Harbordt, Germany (socio-political trends)
- Judith A Machen, United States (administration)
- Dr. Donella H. Meadows, United States (population)
- Peter Milling, Germany (capital)
- Nirmala S. Murthy, India (population)
- Roger F. Naill, United States (resources)
- Jorgen Randers, Norway (population)
- Stephen Shantzis, United States (agriculture)
- John A. Seeger, United States (administration)
- Marilyn Williams, United States (documentation)

When the study was completed in 1969 U.N. Secretary General U Thant made this statement:

*"I do not wish to seem overdramatic, but I can only conclude from the information that is available to me as Secretary-General, that the Members of the United Nations have perhaps ten years left in which to subordinate their ancient quarrels and launch a global partnership to curb the arms race, to defuse the population explosion, and to supply the required momentum to development efforts.*

*If such a global partnership is not forged within the next decade, then I very much fear that the problems I have mentioned will have reached such staggering proportions that they will be beyond our capacity to control."* **U Thant**, 1969

**MKNAOMI** was developed by the *Special Operations Division (SOD)* scientists at Ft. Detrick, Maryland under the supervision of the **CIA** and for the CIA. A reference to the project MKNAOMI can be found in Fain, Tyrus G., and Katharine C. Plant. *"The Intelligence Community: History, Organization, and Issues."* New York: R. R. Bowker, 1977.

*"I swear that all of the above information is true and correct to the best of my memory and knowledge. I give this information to the people of the world in hopes that someone will have the courage and resources to help me end this madness. The illuminati (the order) are in complete control of most of the world and they have declared war against the general populations of all nations. We must stop them at all costs."*

William Cooper wrote the 1991 book, *'Behold A Pale Horse'* I purchased a copy of Bill Cooper's book in July of 1996 when researching the UFO phenomenon. Milton William "Bill" Cooper was best known for his 1991 book *'Behold a Pale Horse'*. He made it his life's mission to expose the Illuminati and satanic forces behind world events.

On his June 28th, 2001 broadcast, he went on to predict 9/11, adding that the U.S. Government would attempt to use Osama bin Laden as a scapegoat:

*"I'm telling you be prepared for a major attack! But it won't be Osama bin Laden. It will be those behind the New World Order... Whatever is going to happen that they are going to blame on Osama bin Laden, DON'T YOU EVEN BELIEVE IT!"*

Osama bin Laden was CIA agent Tim Osman and died in 2001 — [HERE is the proof](#).

Less than 11 weeks later, his predictions would turn out to be fatally true. With a critical eye, Cooper examined the tense situation and connected the bits of information from his sources. This allowed him to deconstruct the lies fed to the general public and construct his theory.

Naturally, he was a thorn in the authorities' spine. In July of 1998, Cooper was charged with tax evasion. A warrant for his arrest was issued but never executed. As a consequence, he was considered one of America's major fugitives and became a prime target of the U.S. Marshals Service in the year 2000.

Cooper candidly spoke about his situation and became convinced he was being actively targeted by President Clinton's administration and the IRS. As I recall back then, Bill Clinton considered Milton Cooper the most dangerous man in America. Bill Cooper was a member of the Presidential Briefing Team, providing the President the morning briefing on world events.

After the tragic events of September 11 unfolded, Cooper's radio show attempted to expose the massive conspiracy that led to the attacks.

He pointed his finger at the Federal Government, accusing the authorities of planning the terrorist move and duping America's citizens and the rest of the world into believing a fabricated story. This allowed them to sway public opinion in their favor and execute their plan.

In his final broadcast, on November 5, 2011, Bill Cooper talked about planning to write a book detailing his tour of duty in Vietnam. He said he was dedicating it to everyone who had served during the war.

Later that evening, while he was in his home in Eagar, Arizona, the Apache County Sheriff's Department paid him a visit. He had been accused of brandishing a gun around and the police officers had a warrant for his arrest.

However, the officers pulled up in unmarked vehicles, without wearing uniforms, and used trickery to draw him out.

Sources claim the officers positioned themselves in a cul-de-sac often frequented by teenagers who would party and leave trash behind. The officers began making a lot of noise and Cooper came out to confront them, believing they were nothing more than

drunken juveniles. The officers would not identify themselves so Cooper threatened to call the police. As he was heading back inside, shots were fired.

The outcome saw a police officer being killed, but so was Cooper. Nobody knows who fired the first shot and it is unclear whether Bill Cooper carried a gun at the time of his death.

The mystery surrounding Cooper's death has led many into believing it was not accidental, but rather a carefully planned and executed plot to remove an "*undesirable element*."

As I close out this segment, you are getting a bigger picture of what this series has been about, namely reduction of the world's population by any means possible and that will not track back to individuals and countries. There are probably thousand who hold the same view as the global elitists.

I summed up my views in Part 3 of Mycoplasma; and, what makes Mycoplasma a central factor in killing a person is the fact that 5G EMF wireless communications can be electroporated into the cells of humans with such stealth. An invisible killing through the means of invisible wireless communications is a full proof method. We know from the Senator Frank Church hearings in 1975-76 that the CIA had in their arsenal, a "heart" attack gun.

My biggest concern regarding the alleged Covid vaccine is that they may receive an unwanted "gift" that can be the actuator trigger to act the existing Mycoplasma that lies dormant in every single human being in the U.S. and countries that were "Chemtrailed" since 1996. This thinking came from the body of evidence in which the U.S. military exerting "Top Secret" coverage for decades following the U.S. biowarfare people in weaponizing the pathogenic bacterium known as Brucellosis Mycoplasma. It is the perfect "Silent Weapons for Quiet Wars." Keep fresh in your mind that it was what PROJECT MKNAOMI was all about!

We cannot and should not trust the powers at be on anything relative to vaccines. We have precedent of tampering with vaccines. First, is the 98-million American school children who received the "gift" of Simian-40 in their polio vaccine during the 1950s and early 1960s. Second, is the "gift" of Nagalase in children's vaccines, particularly the MMR vaccine common in those with Autism!

In the past few weeks, Dr. Anthony Fauci has been predicting a more viral version of the Covid virus. He knows as many are saying, and his prediction surpasses our ability to comprehend. December aerial spraying of chemtrail poison mix has been at record levels day in and day out.

If you are a skeptic of what I have been sharing, consider this fact. Chemtrails, and also to "Pathogenic Mycoplasma", US Patent No. 5,242,820, issued September 7, 1993. Dr Lo is listed as the "Inventor" and the American Registry of Pathology, Washington,..."
