

Depopulation

#1 Global Issue Since 1968

Part 8

Part 7 of this series is extremely important in the grasping of the historical background to the Biblical understanding of the passage, "**Mystery, Babylon the Great**" of Revelation 17:5. The name written on her forehead indicates her character. "Mystery" may mean that up to this time her true nature and character have not been fully revealed.

According to archeology historian scholar Joan Oates, the name "**Babylon**" was once thought to have originated from the earlier Sumerian name Ka-dinga. This Sumerian name was translated by the Akkadians as **Bab-ilim** and by the Hebrews as **Bābēl**. The city's earlier Akkadian name is now believed to be a secondary, popular spelling of **Babil**, the meaning of which is uncertain. In a later period the name appears in the plural form **Bab-ilani**, "gate of the gods." The Greeks then translated it **Babulōn**, thus the modern name **Babylon** (*'Ancient People and Places'*). It came to symbolize false religion, sorcery, astrology, the occult, human pride, and rebellion against the one true God. In Revelation 17:5, **Babylon** is the name given to the entire godless religious system that has dominated the world and that will climax in the religious system of the Antichrist and his false prophet.

Not only is her cup full of abominations, but she is the mother of harlots and of the abominations of the earth. From her has been spawned all the false religions and false cults that have arisen from the time of the tower of Babel until now. The word "abomination" is used of anything that is detestable in the sight of God, especially everything connected with idolatry, astrology, fortune telling, spiritualist mediums, heathen magic, witchcraft, drug-induced experiences, and the occult. It can well be applied also to all the secular, humanistic, satanic, and new age philosophies and teachings that are spreading today.

John saw the woman drunk with the blood of the saints and the blood of those martyred for Jesus in verse 6. This again identifies the woman as personifying the entire anti-God world religious system. There is nothing in this passage that limits her lust to those who were martyred by Rome or to those who will be martyred during the Tribulation. Throughout history she has pursued and persecuted the followers of God.

Though she is dressed in royal colors and decorated with gold, jewels, and pearls, on the inside she is a "habitation of devils, and the hold of every foul spirit" -(Revelation 18:2; Isaiah 47:12, 13). The false religions of this world have and will continue to persecute true followers of Christ. There have been martyrs all through the Church Age.

Those who kill believers may give no outward indication of the demonic power that motivates them. This is part of the deception of the 5G rollout and the people behind the depopulation agenda. Some may and some may not realize that demonic power is compelling them. But the desire to destroy genuine Christian faith and deny the truth of the Bible is of satanic origin. The whole anti-God system will reach its climax in the religion of the Antichrist and his false prophet.

The vision of the woman on the scarlet beast filled John with great amazement (see Various Versions for several meanings). He wondered what this could mean.

The description of the prostitute continues with special attention to the name written on her forehead. There are seven other references in Revelation to the marking of the forehead. In Revelation 13:16, 14:9, and 20:4 the mark is the Mark of the Beast. Elsewhere it is the seal or name of God -(Revelation 7:3; 9:4; 14:1; 22:4). Placing the name upon the forehead (probably upon a headband) appears to have been a custom of Roman courtesans.

The NIV includes MYSTERY as part of the inscription (following the punctuation of Tischendorf), but it is better understood as indicating that the name is to be understood in a mystical rather than literal sense. The NEB translates, "**Written on her forehead was a name with a secret meaning.**" Only those to whom the meaning is revealed - (vs. 7) will grasp the full significance of the title. In either interpretation the meaning is the same.

The prostitute is Babylon the Great, that great system of godlessness that leads people away from the worship of God and to their own destruction (see before on 14:8). Specifically she is Rome, who, like Babylon of old, has gained a worldwide reputation for luxury, corruption, and power. Not content with her own evil vice, she spawns her harlotry and abominable practices throughout the world. She is the **"mother of whores and of every obscenity on earth"** (NEB). Tacitus describes Rome as the place "where all the horrible and shameful things in the world congregate and find a home." A close examination of doctrine and proclamations by Pope Francis reveals his heresy to the faithful.

Although the Club of Rome was commissioned by the UN in 1968, the choice of the name is very much related or integral to the location name as much as was those who were the decision makers of the group. John Coleman who wrote the book 'Committee of 300' made an interesting statement about the founder of the Club of Rome: "Aurelio Peccei once confided in his close friend Alexander Haig that he felt like "Adam Weishaupt reincarnated." Peccei had much of Weishaupt's brilliant ability to organize and control the Illuminati, and it showed through in Peccei's control of NATO and in formulating its policies on a global scale. Peccei headed the Atlantic Institute's Economic Council for three decades while he was the Chief Executive Officer for

Giovanni Agnelli's Fiat Motor Company.” Adam Weishaupt was a Jesuit professor of canon law.

David Icke has said: *In 1968 came the Club of Rome, headed by the Bilderberger and Freemason, Aurelio Peccei (Committee of 300), the number two at Fiat to the Black Nobility Bilderberger, Giovanni Agnelli. Peccei once said to his friend, the former U.S. Secretary of State, Alexander Haig (Tri-Lateral Commission, Knight of Malta), that he felt like Adam Weishaupt reincarnated. David Icke's remarks appear in his book, 'The Biggest Secret'. "Why should I concern myself with how many die? Even the Christian Bible says what is man that God should be mindful of him? For me men are nothing but a brain at one end and a sh## factory at the other."* –(Aurelio Peccei, Founder of the Club of Rome).

And what is the significance of these quotes and their importance? In the Western Hemisphere, the Jesuits are sometimes called the “Society of Judas,” because of their leading complicity in promoting Latin American terrorism and their alliance with the Church of England and Eastern Orthodox patriarchs in the effort to destroy the Roman Catholic Confession world-wide. In the USA, Dr. Stephen Mumford is the above-ground spokesman for this cause, the de facto representative of not only the Jesuit order, but also Notre Dame University's Father Theodore Hesburgh, and a large, schismatic conspiracy within the ranks of the Church's USA hierarchy.

Vatican II of 1962-1965 revolutionized the Roman Catholic Institution to where it is today under Pope Francis and his counter-part, Jesuit Superior General Arturo Sosa who says the Devil is just a Symbol. *“Pope Francis has been planting Marxists throughout the Church”*, writes George Neumayr, author of a newly-released book *‘The Political Pope’*, in a recent article writes: *“In 2016, the Jesuits, with the blessing of Pope Francis, installed as its general superior a Venezuelan, Fr. Arturo Sosa Abascal, whose communist convictions have long been known.”*

Sosa has written about the “Marxist mediation of the Christian Faith,” arguing that the Church should “understand the existence of Christians who simultaneously call themselves Marxists and commit themselves to the transformation of the capitalist society into a socialist society.” In 1989, he signed a letter praising Fidel Castro.”

Mumford correctly outlined the principal motives for this group of schismatics in an article published in the January-February 1981 edition of the magazine, *‘The Humanist.’* Mumford insists, accurately, that the immediate motive for the Jesuit attempt to destroy the Catholic Church is the Vatican's unchangeable hostility toward the policies of genocide advocated by the supporters of the Club of Rome and of President Jimmy Carter's Global 2000 Report. We know that Pope Francis now supports that policy!

The Jesuit schismatics propose to replace Christianity with the Gnostic doctrine and the so-called Gnostic Bible, a heathen, pantheistic dogma in which man is instructed to subordinate himself to raw nature, and to live with ethical parity in relations to the beasts. Gnosticism, like Aurelio Peccei, and like Adolf Hitler and Jeremy Bentham

before him, like the evil Jean-Jacques Rousseau, Francis Bacon, and Thomas Hobbes, degrades man to a mere beast, with the morals of a beast.

Only a man-beast, Nazi Albert Speer, could have carried Hjalmar Schacht's evil austerity doctrine to the slave-death-camp-system form Adolf Hitler demanded. Only men and women degraded morally to the level of feral beasts could support implementation of the doctrines of the Club of Rome or Jimmy Carter's Global 2000 Report today. Only Gnostics such as Anglicans, theosophists, or of the "Society of Judas" could provide a pseudo-Christian rationalization for replacing Christianity with the hedonistic bio-ethics of David Hume, Adam Smith, Jeremy Bentham, and John Stuart Mill. You are currently witnessing the subjugation of humanity by Marxist-Communist atheists! The Vatican embraces the depopulation agenda today, at least since 2013 with election of Pope Benedict XVI's successor.

We, and our mortal enemies, as typified by leading Jesuits, are both unlike the foolish "little" people. Not only are we, like our opposite numbers, the Jesuits and "black nobility" oligarchists, committed to the shape of future history over generations yet to come; we are knowledgeable that history does not begin anew with each generation. What one generation is inclined or able to accomplish is shaped over preceding generations. Only we, unlike small-minded "little people," recognize that either one master's history as a history of the shaping of reality by ideas, or one is a pathetically ignorant bungler.

The Jesuits, who master history from their vantage-point, and we who master the same history from the opposite standpoint, are both unlike the ignorant fellows carrying PhDs in history from this or that contemporary university of mis-education. We are each working—to opposite purposes—to predetermine the shape of humanity's future in light of knowledge gained from comprehension of civilizations past 2,500 years.

Contrary to popularized mythology, the Jesuits are neither a part of nor product of Western Christianity. The order was created at Venice during the 16th century, to be the new secret-intelligence arm of the powerful family funds of Venice. Through Venice's control over the Hapsburg Emperor, Charles V, the Hapsburgs conquered and looted Rome in 1527, and made the Vatican virtually a prisoner of Venetian-Hapsburg policy during much of the period, until the Vatican was freed through the successful defeat of the Hapsburgs in 1653 by the successive work of Cardinals Richelieu and Mazarin.

Venice and Genoa are not politically, culturally, or religiously products of Western civilization. They were and remain both colonies of the Justinian faction of Byzantium, and have been, more recently together with the Venetian puppet-state of Switzerland, the capital of the Justinian faction of Byzantium ever since the Venetians' Neoplatonic adversary, the Paleologues, rose to power in Constantinople.

Except for recurring, persisting Neoplatonic insurrections within Byzantium, the Eastern Church's patriarchate has not been Christian since the Emperor Justinian. The Eastern, Justinian Church was developed as a form of pseudo-Christianity modeled upon the

Roman Imperial mystery religions. Roman Imperial paganism and Byzantine pseudo-Christianity share the common generic name of Gnosis-Gnosticism.

Every major evil which Western European civilization has suffered since Charlemagne's time has been a direct result of subversions of religious and political life mediated through that Venetian-centered collection of Gnostic oligarchical families. These are typified by the "black nobility" of Italy, Austro-Hungary and Russia's "Black Hundred," all outgrowths of the Byzantine-Venetian-Genoese deployment to establish powerful families of its faction in various parts of the world—such as the anglophile heathens of New York City's Anglican Cathedral of St. John the Divine today.

The 15th-century Golden Renaissance enabled the Augustinian Neoplatonic faction to undermine and weaken the corruption which the Venetians and Genoese had established under the auspices of the 13th and 14th centuries' pro-Aristotle inquisitions. Under this specific circumstance, Venice created a new, more rigidly-designed new order, the Jesuits. To understand the world of the past five hundred one has to begin with a deep study of the Society of [Judas] Jesus, pun intended.

Through the military subjugation of the Papacy in 1527, Venice was situated to impose the Jesuits upon the Vatican as an autonomous power within the Church under its own "Black Pope." This new order, the Jesuits, [Society of Jesus] was based on Gnostic religious doctrine, and modeled, as a secret-intelligence service of Venice and the Hapsburgs, on the Cult of Apollo at Delphi. Hence, the Jesuits themselves emphasize that their method is the "Delphic method," the method of sophistry developed by Aristotle's masters up through the fourth century B.C. Sophistry is the use of fallacious arguments, especially with the purpose or intention of deceiving. The Jesuits are well-known for their persuasive teaching the "flat earth" idea, among naïve students. Jesuits are without doubt experts in this art of deception!

To understand the mind of leading Jesuits, one must focus upon the great struggle of the fourth century B.C. I am trying to be brief in the history background but it is necessary in understanding the evil of the Jesuits. They are a military order, not religious or monastic in focus orientation. They are closely aligned with the CIA [Central/Catholic Intelligence Agency]. There is a 3-part series on this on my web page.

On one side were aligned forces of republicanism, guided jointly by Plato's Academy at Athens, and the Cyrenaic Temple of Amon, the two institutions which cosponsored and guided Alexander the Great. On the opposite side were the Magi of Mesopotamia and the cult of Thebes, with the Delphi Temple of Apollo the principal arm of the Magi (Lucifer-worshippers) in Greece and controlling the Latin city of Rome.

The policy of the Magi was known then as the proposal to create what was termed the "Western Division of the Persian Empire." Philip of Macedon was offered a world-empire to the west of the Euphrates, on condition that he subjugate Greece and cooperate to place the world under a social order called the "Persian Model" and otherwise called the

“Oligarchical Model.” The Cult of Apollo, and its agent Aristotle, were key parts of this plot.

The death of Philip, and the Athens Academy’s and Amon’s successful cooperation to bring Alexander to power, and to destroy the Persian Empire, delayed the “Oligarchical” one-world empire effort for almost 300 years, until the rise of Rome to assume the role earlier intended for Philip of Macedon.

The forces of Western civilization, have beaten back every effort to resurrect the Roman model of Malthusian one-world order until recently. This success is chiefly the result of the work of the Augustinians, of Charlemagne, of the Hohenstaufen, and the Golden Renaissance. The defeat of Britain by the American Revolution was the key event which tilted the balance against 18th-century plans to establish such a new Roman Empire. The force of industrial-capitalist development prevented the Holy Alliance from being consolidated as the kernel of such a new Roman Empire. Now, the damnable “Society of Judas” and the British are back at the same evil effort again, just as the homosexual Pre-Raphaelite cult of Oxford’s John Ruskin and Cambridge’s Benjamin Jowett proposed during the last century.

Either we defeat the Jesuits and their British Masonic allies, or we as a civilization have demonstrated by our unwillingness to do so that we have lost the moral fitness to survive.

The rise of the “post-industrial society” cult over the past 50 years, with its “green fascist” rabble of today, merely signifies that civilization is now approaching the end of a moral and intellectual decay which has been in progress approximately the last hundred-fifty years, since approximately 1871-1876, or the end of the U.S. Civil War.

While it is true, there has been significant technological progress over the past hundred-fifty years, and some important improvement in the political and material conditions of life of sections of the human population; The institutions of cultural and technological progress set into motion during the period 1653-1871 have continued to function, although with eroding efficiency, up into the early 1960s. It is only during the 1957-1981 period that civilization overall has slipped into a condition of accelerating absolute decay. Vatican II is a prime example of the disaster of the Roman Catholic Institution. But before 1965, Protestants were “heretics”, and after 1965 we were referred to as “lost brethren”.

The defeat of the Hapsburgs in 1653 unleashed a generally upward development in European civilization, except in Britain and the Netherlands, where the Genoese and Venetian masters consolidated their grip during the 1660-1689 period of the British monarchical restoration. The high point of this upsurge was the successful establishment of the United States under Federalist principles in 1789. The achievements of the American Revolution threatened to ignite a general upsurge of republicanism throughout much of the world. Jesuits will tell you: Less than a century after the founding of their religious order, Jesuits began arriving on the shores of

America. French Jesuits explored the woodlands of Maine and celebrated, in 1611, the first known Mass on American soil, at the mouth of the Kennebec River. English Jesuits landed in Maryland, in 1634, and established a mission there.

Apart from such subversive Jacobin Zionist collaborators of the British Secret Intelligence Service as Thomas Jefferson, the young United States was a success. The British and Jesuits, together with the Order of Malta, worked mightily to subvert and defeat the influence of the American Revolution, conspiring to destroy the United States early on. France did not recover from the cultural disaster of the period 1815-1851 known as the French Revolution.

Science, exiled from France, moved to Prussia under the patronage of Alexander von Humboldt. The industrialization of the United States, Germany, northern Italy, Japan and Czar Alexander's Russia, up through the period 1871-1876, established the cultural, scientific and industrial institutions of modern European civilization.

The assassination of Abraham Lincoln, by joint efforts of the British Secret Intelligence Service and the Georgetown-based Jesuits, enabled the United States to be subverted from within, and the treasonous Specie Resumption Act of 1876-1879 to be enacted and implemented - placing the major component of U. S. credit and debt at the mercy of the City of London and British agents of influence such as August Belmont and JP Morgan. August Belmont went to work in a Rothschild banking house at the age of 14. In 1837, at the age of 20, Belmont was sent by the Rothschild firm to Cuba. When it became known that the United States had entered a severe financial crisis, Belmont traveled to New York City. A bank which handled Rothschild's business in New York had failed in the Panic of 1837, and Belmont quickly set himself up to fill that void. His new firm, August Belmont and Company, was established with virtually no capital beyond his association with the House of Rothschild. But that was enough. Within a few years he was prosperous in his adopted hometown. And he was determined to make his mark in America. Belmont and JP Morgan were Jewish client bankers operating on behalf of the House of Rothschild.

Bismarck secured the unification of Germany by concessions to London and Vienna (Venice-Switzerland); Jesuits, including some in Protestant disguises such as Friedrich Lange and Max Weber, or Kronecker at Berlin, were permitted to run amok in Germany, harassing German science to the point that Felix Klein and his associates maintained progress only by a tiring, rearguard defense against evils typified by Bertrand Russell and the Viennese hoaxer, Ernst Mach. What I am about to share will shock you but it is important in understanding vaccines as a means of depopulation.

Vaccinations were actually invented by the Jesuit Order by soldier, Francis Xavier as a method to poison the Order's enemies. Edward Jenner was a Jesuit — who taught the medical world how to use the Poisoned Needle. He was the first to associate human diseases with that of animals. This idea paved the way for vaccination which is responsible for the deaths of multiplied millions of people around the world. The idea that humans and animals are related and share the same diseases led to the

theory of evolution which is responsible for the spiritual death of multiplied millions more.

Jesuits introduce inoculation from India using Lady Montague as a smokescreen. Lady Montague wasn't even a doctor. Women doctors did not appear until over 100 years later. In the year 1717, Lady Mary Wortley Montagu was the smokescreen that the Jesuits used to introduce this Indian religious rite into England. Lady Mary was not even a doctor. Inoculation or variolation was given the sanction of the Royal Family when 2 daughters of the Prince of Wales were inoculated. Barbaric as this religious rite was; it was the human disease of smallpox that was injected into the bloodstream. Inoculation was the foot-in-the-door to prepare the people for something far worse. I will share more on the Edward Jenner vaccination program in a later segment. Rest assured behind the coming Covid-19 vaccine agenda you will find the Jesuits close by! More on this near the end of the segment. Jesuits and vaccines are akin to cookies and milk!

The Jesuits were integral in the founding of the United States of America, even signing the founding documents. The Jesuits were integral in the donation of the land for the capital, which was on a land that used to be called New Rome by the previous owner, Francis Pope; and in the states of VIRGINia and MARYland.

The Jesuits were involved in the design of District of Columbia, with all of its Masonic/Satanic symbols; such as the upside-down pentagram, the Freemasonry compass, the owl, etc.; all of which attracts Satanic energy into D.C.

The Jesuits setup educational institutions, such as Georgetown University; to shape the minds of Americans, and to find people to use for their agenda.

The Jesuit caused the Civil War to bankrupt the United States Of America; which lead to the treasonous congressional Act of 1871, which created a new entity called the UNITED STATES OF AMERICA, which is a city-state corporation, which has a new Constitution.

The Jesuits fulfilled their evil Jesuit Oath, by killing Presidents John Adams, Thomas Jefferson, James Monroe, William Henry Harrison, Zachary Taylor, Abraham Lincoln and John F. Kennedy; who had stood up to them.

The Jesuits caused the stock market crash of 1929, so that they could have their people buy up the corporations for pennies on the Dollar.

The Jesuits caused the Titanic (actually it was the RMS Olympic) to sink, killing Benjamin Guggenheim, Isador Strauss, and John Jacob Astor; who were very wealthy and opposed the creation of the Federal Reserve Bank. I could go on and on.....

Since World War I, civilization has been rotting away. It has been a eunuch's culture: the old eunuch has still some of his skills, but not the power to reproduce his kind. As

the viable institutions from the past crumble into age and senility, there is no net replacement for what civilization has thus lost.

Get out of the foxholes and hit the enemy on the flank! It is not sufficient to be aggressive. It is necessary to know where and how to strike. Go back to basics. Go back to those principles which saved humanity from the moral suicide of Roman Imperial law and culture, from the 14th-century Dark Age, from the Jesuit terror which erupted during the 1527-1653 Hapsburg looting of Europe. What are those principles of action which have been proven—over 2,500 years to date—the only efficient modes of action by which mankind can lift itself out of the hell of a new dark age? Only those rules can save us from the nightmare of fascism and its “green fascist” storm-troopers of today led by Pope Francis and the Jesuit Black Pope Arturo Sosa.

In the dialogues of Plato, in the Nicene doctrine, in the writings of St. Augustine, in the great works of the Golden Renaissance, there is repeatedly demonstrated that the principles of natural law associated with the conception of “imago vivo Dei” or “in the image of God” is the only means by which humanity can escape from the kind of Inferno to which the “Society of Judas” and its accomplices seek to condemn mankind.

It is the principle of reason expressed through technological progress in human productive labor, combined with lawful respect for the implicit divinity of the human individual: It is these ideas and related ideas, which alone can enable humanity to survive.

Humanity cannot survive if the leadership of the fight against the Gnostics is left to the judgment of those “little men” who dominate governments and parties of most nations today. For example, you cannot tolerate either the late men, such as General Alexander Haig or a Paul A. Volcker and still not be an accomplice of a greater genocide than Adolf Hitler accomplished. That is considered intolerably abrasive in many quarters, but it is the pure and simple truth. We see this manifested in the nearly four-decades as Director of the NIAID Jesuit Dr. Anthony Fauci and his benefactor William Gates, or Dr. Robert Redfield director of the CDC. Both Fauci and Redfield are Jesuits of the Society of Judas!

The Club of Rome is a conspiratorial umbrella organization, a marriage between Anglo-American financiers and the old Black Nobility families of Europe, particularly the so-called "nobility" of London, Venice and Genoa. The key to the successful control of the world is their ability to create and manage savage economic recessions and eventual depressions. The Committee of 300 looks to social convulsions on a global scale, followed by depressions, as a softening-up technique for bigger things to come, as its principal method of creating masses of people all over the world who will become its "welfare" recipients of the future. The Club of Rome (COR) was established with a membership of 75 prominent scientists, industrialists, and economists from 25 countries, which along with the Bilderberg Group, have become one of the most important foreign policy arms of the Rothschild-controlled Round Table groups.

The 5G that began roll out in late 2019 is part of this massive “Depopulation” agenda to destroy the United States. It is irrelevant as to whether you believe it or not, it will be a reality that awaits merely the change to cold weather. It is part of a larger scheme to reduce the world population by seven billion people. It is a global plan for depopulation but with an objective for national plausibility denial, so that each major power could deny they have anything to do with it. It was part of the 1992 UN Rio Summit Treaty agenda for Sustainable Development and Agenda 21. 105 countries agreed in 1992 to reduce their national populations. As to how that would be achieved was left to the UN and the Club of Rome to decide. I would remind you that both global powers of China and the U.S. were signatories to that treaty to reduce their population.

The scientific world has had a half-century, since 1972 in their quest to develop and create their ultimate dream of a “Silent Weapon for a Quiet War”. The patent below is one of those elements in the larger picture that suggests a diabolical means by which massive population extermination can occur with minimal harm to the infrastructure of a nation. Collateral damage can be selectively targeted with the use of satellite weapons. This was obvious with the Directed Energy Weapons (DEW) used in starting the destructive fires in northern California by exploding the installed “Smart” utility meters, from Rothschild-owned Pacific Gas & Electric. Another coincidence I suppose! Numerous pictures taken at night by residents whose homes were hit by laser beam energy from the sky above have been widely posted on the Internet.

How clearly is the depopulation agenda coming into view? In the interview Dr. Katherine Horton points us to the website deagel.com, a website that monitors the sale and distributions of military weapon technology all over the world. She shows us that plans for genocide are actually reflected in published estimates of depopulation within the next decade. As you can see from the page below, which can be directly accessed [here](#), **the population of the United States is predicted to be 100 million by 2025, down from 327 million in 2017.** Dr. Katherine Horton is a particle physicist. The Deagel Report is alarming in that 227 million people will go missing in the next five years.

For Dr. Horton, this insidious decline in the American population over the next few years is likely contingent upon a successful implementation of the 5G network in the US. But this does not mean her overall message is one of doom and gloom, meant to evoke fear and hopelessness. Rather, as someone who has fought against this authority for the better part of her life, she believes that this rush to roll out 5G is a desperate attempt on the part of the global elite, the ‘criminal cartel’ as she calls it, to hold on to the power they have held since Biblical times:

I want to show what the 5G system really looks like in practice, then I want to show, you know, how the industry is actually gloating with it, they know that this is a weapon, they’re gloating, they’re jeering at us, and they’re making fun of us and then I will show you what this weapon is planned to be used for and is already being used for right now. So what I’m talking about is not just, oh, it’s five years in the future, no, this system is killing people right now. And now, the only question is: the time lag between us ‘realizing,’ accumulating a critical mass, and shutting this system down, and arresting

the criminals—whenever thought of putting this into the mangle, knowing full well [the consequences]—now that time delay pretty much maps out how many people are going to die, ok?

The screenshot shows the Deagel.com website for the United States of America. The page features a yellow header with the Deagel logo and the text "United States of America". Below the header, there are social media links for Facebook (21K likes), Twitter, and YouTube (1.7K subscribers). The main content area displays a table of statistics for the United States, with the year 2017 circled in red. To the right of the table, there is a Google Maps error message that says "This page can't load Google Maps correctly." and a "Do you own this website?" link.

And this crime cartel...they know what they're doing, and their goal is to kill as many people as they possibly can, and that is because they realize that with the population growing and the Internet coming in, they cannot hold the same type of control on humanity—it is mathematically impossible to hold the same type of control on humanity—that they used to have, you know, back in the 1980s, even the 1990s and the control they had up until the 1990s was pretty much the control they had going back to Biblical times, and Babylonian times and before.

The Deagel.com site has been posting those numbers for U.S. population decline since 2008. The brains behind the Deagel Report is a high level member of the CFR or Council of Foreign Relations.

I have looked into this further to find out if Deagel.com is a hoax or legitimate. According to NewsFocus.org, In October of 2015, the internet yielded another interesting nugget of curiosity from its vast mine of information and endless tunnels of deeply hidden data. This one would cause quite the stir.

A website came to light, named Deagel.com. It originated in August 31, 2003, as an international defense oriented website, coalescing extremely sensitive military infrastructure information, referenced from other military organizations, into one site. I first began studying the Deagel.com site in 2006 and followed it ever since on a monthly basis.

The site raised internet concerns when it published predictions for a U.S. population of just 65-million people in 2025, a decrease of over 245-million people!

It has been alleged to have ties with the NSA, NATO, UN, the World Bank, Stratfor Intel, Organization for Economic Cooperation and Development (OECD), Organization for Security and Cooperation in Europe OSCE, as well as the Russian Defense Procurement Agency.

One look at their web site, and you understand how these connections might be possible, because there is a ton of sensitive information detailed on this one site. Since its inception in 2003, the site has expanded into global economic information as well.

The excitement came about as discoverers of the site noticed that Deagel's prediction for 2025 U.S. population is just 65-million people. Since the U.S. is estimated to be just over 327-million right now, that is quite an alarming decrease to be predicting.

As alarm started to spread across the internet, Deagel reportedly tried to say that it had been hacked, and the low U.S. number was the result of that hack, but a careful examination of the web site shows a different story that should raise a "Spock eyebrow" for some.

According to their own website, Deagel has been speculating on population since 2008. (No predictions previous to 2008 were found.) Oh! 2008. The start of the Obama era and the deep state. Since that time, Deagel has been consistently predicting an ever diminishing U.S. population, so for them to suggest that their site was hacked to lower their estimate is extremely disingenuous at the least, and a bald faced lie at the worst.

The interesting thing is, not all countries drop in population. Some do, while others don't. The U.S. appears to show the worst drop of all. That is very alarming and suggests of massive culling of the U.S. population and begs the question of how so? 5G through Electroporation is the perfect Silent Weapon for this Silent War!

China is one of those countries that continually shows growth, according to Deagel.com. According to the site's predictions, China is set to become the new world economic leader. That was determined by the House of Rothschild several decades ago.

Perhaps most surprising of all is the revelation of who is behind Deagel, and to find that answer, 'Whois' was the solution. Early researchers were able to uncover that the person behind the website was none other than a former government insider, Edwin Deagel.

Deagel (spelled differently than the website's name) was Under-secretary of the Air Force under President Bill Clinton. Edwin Deagle is also listed as an active member of the CFR (Council on Foreign Relations). Anyone who is one of the CFR, approximately 5000 key people, is considered a significant or major "player"!

Perhaps **most telling of all is the interesting fact that Deagle is the Director for International Relations for the Rockefeller Foundation, one of the leading eugenic supporters in the world.**

Just as interesting, it appears that once this information became public, in 2015 a concerted effort was made to hide Deagle's name from the 'Whois' information directory.... It is no longer listed, as of October 2015.

Deagle wrote the foreword to the book, '*World Energy Survey*', by Ruth Sivard, 2nd edition (1981), in which she predicted a mass exodus from the U.S.

One thing is clear from looking at Deagle.com... someone with highly placed connections has published a ton of highly sensitive military and economic information onto one website and is making dramatic predictions about world government.

For someone to be able to coalesce this kind of information takes incredible effort and vast government and military resources. It is in the category of the CIA's Handbook on Nations.

To forecast a dramatic drop-off in U.S. population is no small feat. It certainly has garnered a great deal of world attention. And there is no way that 245 million people will be logistically able to leave the U.S. for foreign nations in the short span of just 5 years. That many people moving all at once is just impossible! This brings us back to the easiest solution on the table, 5G EMF at 60-Gigahertz. Problem solved! We have many sources confirming that 5G RF will be beamed transfection through electroporation. The technology already exists to use EMFs to open your very skin pores and inject foreign DNA and whatever else into your bloodstream and cells.

This is an extreme violation of your bodily sovereignty, and it can have long-term effects, because of genetic mutation – changing your very DNA which is the biological blueprint and physical essence of who you are. Bill Gates QuantumDot/Hydrogel ID2020 [Mark of the Beast] even boasts of what it can and will do!

What if 5G mimics electroporation? What if 5G at 60-Ghz can do on a large scale what electroporation does on a small scale? We already know that 5G has the potential to be mutagenic (DNA-damaging). My question is really rhetorical here as we know it can be done with total certainty! It can be targeted at all of us and "modulated" enough to make anyone sick or even kill them at will! With a global space net fence, no one can hide from this global system. The controllers of this 5G network can reach out and touch you wherever you are 24/7/365. Edwin Snowden warned us

The slide below shows what all that can be electroporated (induced) into a target object. This is the direct link by which wireless 5G EMF can be executed against a targeted population group. The right hand column states "humans".

The illustration on the next page below is perhaps the best slide to explain what takes place with electroporation. The science is largely foreign to the average non-scientific mind. In simple terms, human DNA can be modified externally through beamed RF EMF induced from outside the human body, like invisible bullets! Its positive use potential ranges the gamut from gene-therapy, gene-editing, gene-replacement, etc. I have already noted what it can do to dissidents or uncooperative citizens.

Gene replacement therapy differs from gene editing in that it does not directly change, or edit, a person's DNA. Instead, a vector delivers a new, working gene into the nucleus of the cell where it can make the protein the body needs. Both methods offer great promise in the treatment of genetic diseases and are the result of decades of research in the laboratory, in animal models, and in clinical trials with humans.

As is common, what has positive potential value regretfully has its own dangerous implications, and death is one of those. Despite warnings from scientists and concerned citizens about the many dangers that 5G poses to our health and freedom, President Trump recently passed the "Secure 5G and Beyond Act of 2020", solidifying the rollout of 5G over the entire nation. President Trump's actions are of great concern and his waffling on many issues the past three years heighten concern that he will mandate a vaccine for all!

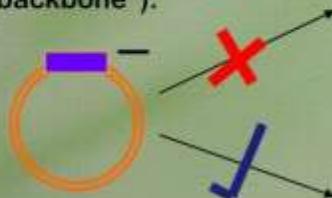

Becoming informed about the dangers of 5G technology is the most important thing you can do during this rollout. With China launching its first 6G satellites already, this is ominous to humanity since we know 5G was first designed as a weapons system.

Electroporation!

The general idea behind electroporation is that by applying a short electrical pulse to the cells, we can alter membrane conductivity and permeability. It is more effective than the CaCl_2 method (chemical competence).

Polar molecules don't normally cross the cell membrane easily because the inside is **hydrophobic**. But electroporation makes pores in the membrane that are **hydrophilic**, enabling DNA to pass through.

DNA is a negatively charged molecule due to phosphate groups (in its "backbone").

The frequencies that 5G uses, especially the 75-100GHz range, interact with the geometrical structure of our skin and sweat ducts, acting upon them like a transmission reaching an antenna, and fundamentally affecting us and our mood. The human body is an electrical antenna, enhanced by more than twenty-five years of aluminum sprayed in Chemtrails breathed in since the mid-1990s! We all are walking antennas from the innocuous spraying of Chemtrails laced with aluminum and barium since 1997.

Within hours of the first paper on electroporation to be posted on the Internet, it was slammed quickly attacked and removed from the Internet, yet there is an abundance of science on the Internet that does confirm it is being used in a number of ways. Various sites have re-posted the report that explains electroporation.

To this writer though, perhaps the most important question might be, who the Deagel site was originally developed for and how this strategic information is used by those meant to receive it.

Given the public alarm over the Georgia Guide Stones, which suggest to many a culling of the earth's population to the designated 500-million engraved on the stones, coupled with the concern over GMO food and government aerial spraying of our skies with toxic chemtrails, (and might I add COVID to this list or other unknown pathogens?) it is no

wonder people are concerned about a predicted drop in population; a couple hundred million or so!

The website provides some quotes from Deagle's forward to the book, *'World Energy Survey'*. You should go read it. Sivard's book laid out what is still concern over the world's and America's fossil fuel usage and Deagle agreed and lauded Sivard.

I have looked into this further to find out if Deagle.com is a hoax or legitimate. According to NewsFocus.org, In October of 2015, the internet yielded another interesting nugget of curiosity from its vast mine of information and endless tunnels of deeply hidden data. This one would cause quite the stir.

A web site came to light, named Deagle.com. It originated in August 31, 2003, as an international defense oriented website, coalescing extremely sensitive military infrastructure information, referenced from other military organizations, into one site.

The site raised internet concerns when it published predictions for a U.S. population of just 65-million people in 2025, a decrease of over 245-million people!

It has been alleged to have ties with the CIA, NSA, NATO, UN, the World Bank, Stratfor, Organization for Economic Cooperation and Development (OECD), Organization for Security and Cooperation in Europe OSCE, as well as the Russian Defense Procurement Agency.

One look at their web site and you understand how these connections might be possible, because there is a ton of sensitive information detailed on this one site. Since its inception in 2003, the site has expanded into global economic information as well. The excitement came about as discoverers of the site noticed that Deagle's prediction for 2025 U.S. population is just 65-million people.

Since the U.S. is estimated to be over 327-million right now, that is quite an alarming decrease of the population to be predicting. As alarm started to spread across the internet, Deagle reportedly tried to say that it had been hacked, and the low US number was the result of that hack, but a careful examination of the website shows a different story that should raise a "Spock eyebrow" for some.

This is from the U.S.'s only website called the "Director of National Intelligence" website. And now, here comes what the DNI really thinks.

- *In A World Without the West, the new powers supplant the West as the leaders on the world stage.*
- *October Surprise illustrates the impact of inattention to global climate change; unexpected major impacts narrow the world's range of options.*
- *In BRICs' Bust-Up, disputes over vital resources emerge as a source of conflict between major powers—in this case two emerging heavyweights—India and China.*

- *In Politics is Not Always Local, nonstate networks emerge to set the international agenda on the environment, eclipsing governments.*

Aging populations in the developed world; growing energy, food, and water constraints; and worries about climate change will limit and diminish what will still be a historically unprecedented age of prosperity.

The World Bank estimates that demand for food will rise by 50 percent by 2030, as a result of growing world population, rising affluence, and the shift to Western dietary preferences by a larger middle class.

Our own government is predicting these very dire conditions. They are concerned about your affluence and your dietary preferences. This is why they are using COVID to destroy the economy.

But didn't the GDP go up by 33% in this last quarter? Isn't the economy coming back? Here's Market Watch to explain: The U.S. economy remains in a deep ditch even after a record-shattering burst of growth during the summer.

How deep? Gross domestic product is about 3.5% smaller now than it was at its pre-coronavirus peak. That's almost as bad as the economy got during the 2007–09 recession, one of the most severe downturns in modern times.

"To put this in context, a 3.5% decline in real GDP would still be the third worst recession in the post-World War II period," said chief economist Gus Faucher of PNC Financial Services. Looked at another way, some \$670 billion in economic activity has vanished — the equivalent of what the U.S. is spending on the military this year.

The human cost is evident in rising business failures and the U.S.'s high unemployment rate. Nearly 11 million of the 22 million people who lost their jobs at the peak of the crisis in the early spring haven't returned to work. And millions of self-employed workers have also been left out in the cold. As many as 5 million of those lost jobs will never come back because of technology and lost markets.

Growth could soften further if the latest coronavirus wave crests higher and leads to more government restrictions, especially in the absence of another major federal stimulus. Most government aid expired several months ago after Congress deadlocked on what to do next. Some 30 states are showing increase in Covid-19 cases, even though the PCR tests are 90% unreliable based on the CDC's own statements.

From this election, there are a lot of people who will want to kill Americans in great numbers. These include your own country and some nations like Iran and China along with the leftist globalists who want to take the world down the road of the green new deal.

Martin Armstrong of Armstrong Econometrics concurs: *"It is highly likely that we are facing a 2022 pandemic that our model is pointing to and this time it will reduce the population as desired by many in this clandestine group. Given that they are already planning to postpone elections [Germany], they will need something far more lethal than what they have introduced so far. **They need a virus that will kill not just the elderly, but otherwise healthy people in the form of a real plague. Then they can argue that the lockdowns are necessary and justify ending the protests.** Will see escalating violence starting in April/May 2021 and we have a Panic Cycle is the Euro during August 2021 when there should be the German elections."*

Martin Armstrong is the foremost econometrics computer modeler in modern history. His computer model points to what I am contending, we only differ in the timing, we differ only by a year at most. My point is Martin Armstrong recognizes the elite have to have a real plague to justify their lockdown, social distancing and vaccines. **Only 5G RF wireless electroporation is able to achieve the lethal objective.**

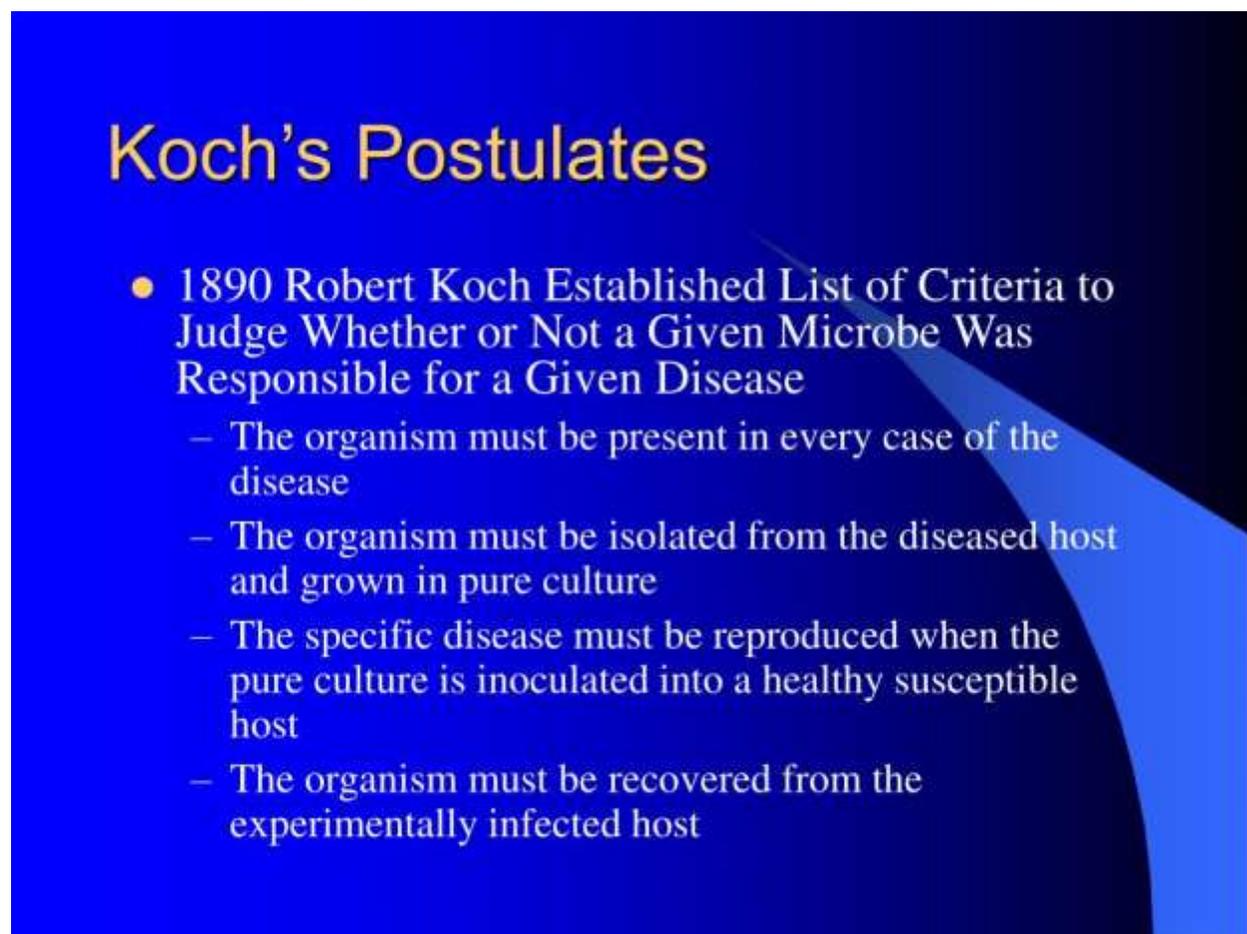

I have followed the work of Martin Armstrong for more than two decades, back to when the government tried to buy, then later stole his computer software, hard drives, and then falsely trumped-up charges and imprisoned him for nearly eight years without a trial or prosecution. Martin Armstrong owned a company Princeton Economics and a global clientele of countries, companies, and wealthy individuals. To ensure the security of his computer software/hardware system, they were equipped with self-destruction software in the event of what took place when he refused to sell his computer forecasting modeling system. His econometrics forecasting was and still is flawless in their projections.

In the fall of 2019, China conducted a mandatory massive influenza vaccine drive ahead of the "peak flu season" in China, which ordinarily occurs during December and January. An October 31, 2019 article states that targets for the authoritarian flu shot mandate included "the elderly, patients of chronic diseases and medical workers." Shortly after the flu vaccination campaign in China, Covid-19 emerged. I have contended since January 15th, 2020 that Covid-19 is not a virus; it was never vetted through the proper protocols of the "Gold" Standard of the Koch Postulates, needed to even call any pathogen as being a virus! Covid-19 is a patsy taking the blame for 5G wireless EMF activated to 60-GHz, an energy level that results in immediate death! Wuhan, China was a Beta-test, "trial run" to see if the ruse could stick and not become exposed.

My most recent article, **"The Booming Business of Recycling Cruise Ships"** posted on November 5th, 2020 corroborates my premise on 5G as the real cause of sickness and death. A booming cruise industry simply does not send 16 cruise ships [equipped with the latest 5G Wireless marine-antenna] to the scrap yards unless they are hiding something from the public! The cruise industry is deeply concerned about "ambulance chasing" law firms smelling blood in the water from 5G and class action suits that will begin to surface.

My suspicion is that since they are talking a two-shot vaccine, the first may be with planting an inactive pathogen but with the second of the two-shot vaccine months later will likely cause a cytokine-storm with an individual's immunity systems, with serious side effects and death. Fear and paranoia becomes an explosive motivation to drive politicians to mandate a series of vaccination programs to cover all bases.

I have read of a half-dozen reports in which research labs have requested slide culture samples and slides of Covid-19 from the CDC. The CDC has told these labs requesting samples for research that they do not have any, which simply means there is no Covid-19 virus. It has been a total lie and a scam perpetuated upon the whole world. In order to identify a pathogen, Koch's Postulates are the basis for calling something a virus. The slide below confirms my case.

Koch's Postulates

- 1890 Robert Koch Established List of Criteria to Judge Whether or Not a Given Microbe Was Responsible for a Given Disease
 - The organism must be present in every case of the disease
 - The organism must be isolated from the diseased host and grown in pure culture
 - The specific disease must be reproduced when the pure culture is inoculated into a healthy susceptible host
 - The organism must be recovered from the experimentally infected host

Wuhan, China was a bait and switch trick to make people believe what they saw was something else, very much like the deception that aluminum airplanes knocked down the World Trade Center on 9/11, rather than by thermite explosives applied in the paint of the interior steel girders structure and invisible directed energy weapons (DEW). I worked in New York City in 1969 when the second tower was in the steel-framing construction stages, and would spend my lunch hour watching iron workers raise the center-core steel-box-framed beams, and

the steel was 5 and 6-inches thick. Aluminum-skin airplanes are no match for a steel-core structure.

We now know the devastating effects Covid-19 had on the elderly and on patients with chronic disease in countries all over the world. Those who died were victims of Hypoxia, lungs starved of oxygen, exactly what 5G does at 60-Gigahertz.

The world has been caught up in pandemic paranoia, politics, and perceptions, and the Jesuits at the CDC, NIAID, NIH, and WHO are leading the charge to do the devil's deeds: ***“The thief cometh not, but for to steal, and to kill, and to destroy: I am come that they might have life, and that they might have it more abundantly.”*** - (John 10:10).

Time is of the essence as the country begins to return into lockdown again. Do not fall for the Jesuit trap of lies. The CIA has been doubling-down on false new cases as the Covid-19 story continues to unravel. The PCR tests are wrong 90% of the time since this began nearly a year ago. Research and learn for yourselves the truth. You need to read the work of others that have been censored in the media or will be censored:

Dr. Judy Mikovits, *‘Plague’* and *‘Ending Plague of Corruption’*
Dr. Arthur Firstenberg, *‘The Invisible Rainbow’*
Dr. Tom Cowan, *‘The Contagion Myth: Why Viruses (Including Coronavirus) Are Not’*
Torsten Englebrecht & Dr. Claus Kohnlein, *‘Virus Mania’*
Dr. Len Horowitz, *‘Emerging Viruses; AIDS & Ebola’*

As I stated above, the public has been caught up in a herd mentality of pandemic paranoia, politics, and perceptions; and when everyone appears to think alike, maybe nobody is really thinking at all. Since December, 2019, I have saved hundreds of medical studies, papers, reports, articles, videos, research; scientific work on 5G wireless technologies, all of which bring into question the controllers of the public narrative on Covid-19.

Furthermore, I have on my web page: www.pastorbobreid.com approximately 100 articles on the topics of wireless energy and the alleged Covid-19 virus. Also, I am not new at the research on either of these broader topics. I have been studying the harm of wireless communications since the media first began reporting on bee colony collapse back in 1996. I have been studying viruses since I first read Dr. Len Horowitz's book noted above in 1997 and monitoring Chemtrail spraying as long.

So that you know I write with a wealth of knowledge and data, I have been studying these topics in order of priority for just over 50 years:

1. The KJV Bible
2. Freemasonry
3. Jesuits/Vatican/Rothschild's

Through a process known as viral interference, a vaccine can create an opportunity for one virus to thrive while aiming to protect a person against another virus. There is strong circumstantial evidence for this phenomenon occurring where receiving a prior influenza vaccine creates an increased susceptibility for coronaviruses. A similar effect was seen in studies involving children in New York City (2018), children in Hong Kong (2012) and adults in the US military (2019). This is important relative to those taking a flu shot yearly, and the cumulative effects of doing so.

In a paper published online in the journal *'Nature'* on October 10, 2019, a researcher with the Armed Forces Health Surveillance Branch Air Force Satellite, reported that receiving an influenza vaccine made individuals 36% more susceptible to coronaviruses. Covid-19 was not circulating during the time period of the study, but it is in the general family of coronaviruses. The study's author concluded that the increased susceptibility to coronavirus was "vaccine derived".

What does the Bible say about vaccines? Biblical arguments against vaccination are valid to the Christian believer. Arguments such as these are fallacious - Aren't vaccines saving lives? We are only using the wisdom God has given us, right?

The Bible contains stories showing how God's people relied on their own wisdom to do what was good in their own eyes, only to find out they hadn't asked their Heavenly Father what He thought.

The golden calf -(Exodus 32-34), King David -(1st Samuel, 2nd Samuel, 1st Kings), and King Solomon -(1st Kings) come to mind. But vaccines? Where does it talk about that?

Let's look at some verses that may bolster the arguments against vaccination for Christians. God doesn't make mistakes: **"And God saw that it was good."** [Not one but four times] Genesis 1:10, 1:12, 1:18, 1:25.

Let's start at the beginning, when God created the Heavens and the earth, and then he created Adam and Eve. Did God create Adam and then realize He made a mistake? Did He miss something in the immune system? Do we really think we can improve on His creation?

That sounds more like pride rather than wisdom to me. God stated that His creation was "good" four times, not just one. His good is just that – entirely good, without blemish.

Human nature is to want to improve on things. We think that we can make things easier and better for ourselves (remember how the tower of Babel turned out?). But the Bible is clear that God has it down – and doesn't need our help.

Will Deagel's and the DNI's prediction come true? I don't know but it does not require a PhD in Microbiology or Electro Medicine to see where this is going. My job is not to predict the outcome, but to warn you of the possible danger. We are not far off before the winter month's season and from inside the Washington Beltway, executing millions

with 5G has a certain appeal given the election chaos of massive voter fraud! If not 5G, think about the need for a two-shot vaccine spread out several months and its potential deception to draw people into a false sense of security. There are no legitimate reasons based on proven science to take any vaccine whatsoever!

Roman Catholic Church Marxist Revolution in Pictures

New Marxist phase of the Jesuits

It is well known that for more than four decades the Jesuits have aligned themselves with the so-called 'preferential option for the poor' and Liberation Theology. Now, they seem to be entering a more clearly defined Marxist phase as the New World Order rises. After four decades those countries that have lived under Liberation Theology are still poverty-stricken countries dominated by Jesuit Marxist theology with no hope!

Indeed, on October 14, 2016, at the General Congregation of the Jesuits that took place in Rome, Fr. Arturo Sosa was elected the new General Superior of the Society of Jesus. *Above* he greets Pope Francis; *below*, one finds him in his typical daily attire.

Fr. Arturo Sosa is from Venezuela and carries in his baggage the protection of communist Hugo Chavez after the latter led a failed *coup d'état* in 1992. Sosa interceded with the government to secure the release of Hugo Chavez from prison in the name of human rights. Later, Sosa supported Chavez when he became President of Venezuela (1999-2013). Only after 15 years of disastrous socialist Chavism - that is, after Chavez' death - did Sosa criticize the movement as illegitimate and despotic.

In 1978, Fr. Sosa wrote the article highlighted in red in the first row below, "The Marxist mediation of the Christian Faith." In it the Jesuit affirms: ***"The relationship ... between the Christian faith and ideologies allows us to admit the legitimacy of a Marxist 'idealization' of the faith. That is to say, it allows us to understand the existence of Christians who simultaneously call themselves Marxists and commit themselves***

to the transformation of the current capitalist society into a socialist society."

Cardinal Sosa goes on to conclude that it is necessary to accept Marxism: ***"If this [that the various Marxist ideas became part of the patrimony of mankind] is a reality on a world scale, then the presence of Marxism is even more important in the 'Third World' and concretely in Latin America. Our culture is penetrated by Marxist elements. Any understanding of the Latin American process cannot avoid taking into consideration the reality of Marxism as an idea that inspires politics, movements and actions."***

The two [white/black] popes are who Dr. Anthony Fauci reports to at the NIAID, as does Dr. Robert Redfield Director of the CDC. Yes, both of these gentlemen are devout Jesuit Coadjutors. They report first to their Superior-General, and not the U.S. government. Do not discount that fact about Jesuits. One of the foundational principles of Jesuit teaching is *"the ends justify the means"*. This teaching contradicts Biblical ethics. People devolve into lawlessness. Leaders sacrifice integrity for pushing their own interests. Dr. Fauci and Dr. Redfield both have closets filled with skeletons from their past vaccine crimes. Although rarely mentioned, the evidence is substantial of their vaccine crimes as is Bill Gates in Africa and Asia.

"Military obedience is not the equivalent of Jesuitic obedience; the latter is more extensive as it gets hold of the whole man and is not satisfied like the other, with an exterior act, but requires the sacrifice of the will and laying aside of one's own judgment." Ignatius wrote in his letter to the Portuguese Jesuits: 'We must see black as white, if the Church says so.'

Dr. Redfield actually confessed that his analyses were deceptive and agreed to publicly correct them. Yet, he did not keep his word:

"Afterward, he continued making his false claims at three subsequent international HIV conferences, and perjured himself in testimony before Congress, swearing that his vaccine cured HIV. Their gambit worked. Based upon his testimony, Congress appropriated \$20 million to the military to support Redfield and Birx's research project. Public Citizen complained in a 1994 letter to the Congressional Committee's Henry Waxman that the money caused the Army to kill the investigation and 'whitewash' Redfield's crimes. The fraud propelled Birx and Redfield into stellar careers as health officials."

Keep in mind the arrival of the so-called Covid-19 vaccine is likely to be rejected by as many as 50% of the U.S. population. President Trump said it would be voluntary, but Drs. Fauci, Redfield, and Birx will likely to apply pressure on the White House for its mandatory injection and things will not go back to normal unless everyone is vaccinated! Their words, not mine!

By choosing a man like Fr. Arturo Sosa, who has openly defended these ideas in the past, the Jesuit Order is taking a step further on the path of the communist Revolution.

A new step that is meant to keep pace with the communist initiatives of Pope Francis - who is also a Jesuit! Remember Josef Stalin was himself a Jesuit and he killed 60 million Russian citizens! Joseph Stalin was a Jesuit. Joseph Stalin was born into a prominent Catholic family in Gori, Georgia. His father was a priest and his mother was a devout Catholic. Stalin was educated by Capuchin monks.

It seems that Stalin was not only a Catholic, but he was an ordained Jesuit priest before he became a ruthless Communist dictator and mass killer of untold thousands. Some believe Stalin was responsible for more death and destruction than Hitler yet the Catholic Church never chose to excommunicate him. The same is true for Hitler who died a Roman Catholic in good standing with the Church.

Stalin's real name was Josef Vissarionovich Dzhugashvili. For obvious reasons, after becoming politically active, he changed his last name to Stalin, which, in Russian, means "made of steel."

He was born to relatively wealthy Catholic parents and attended a church-run school at Gori. He graduated at the top of his class in 1892. He then was accepted as a student at the "Orthodox" Seminary of Tbilisi, Georgia, where he trained as a Jesuit priest.

The history books report that Christianity was banned in Russia under the Communists, but this was not the case with the Jesuits. They not only remained in Russian territory but reportedly helped finance the first and second world wars. But that is another story.

Stalin talked about his conversion to Marxism during an interview with Journalist Emil Ludwig. He said the "Jesuitical methods prevalent" at the seminary were severe and he became "a revolutionary, a believer in Marxism" in protest to "the outrageous regime" he endured at the school.

He said the Jesuits were "*systematic and persevering in working to achieve sordid ends. But their principal method is spying, prying, worming their way into people's souls and outraging their feelings.*" What good can there be in that?

In spite of his feeling about the Jesuits, Stalin remained a star pupil at the seminary and was ordained as a proper Jesuit priest after seven years of study. After his graduation, however, he became "influential and active in coordinating the Georgian Social-Democratic movement in the Georgian underground against the Russian Tsar". He was a secret leader of the Mayday uprising of 1901 and quickly moved up in rank among the revolutionaries.

In the years of turmoil that followed, Stalin was arrested and imprisoned in Siberia numerous times, but each time was mysteriously released and returned to action with the Bolsheviks. In 1917 Stalin and Lenin founded Pravda, the official Bolshevik newspaper in Saint Petersburg, which became a major tool of the revolution.

Lenin and Stalin did not get along even though they were both active in the revolution. Lenin regarded Stalin as a double agent of the Jesuits because of Stalin's amazing "luck" at escaping execution and prison. Then in 1922, after the Bolsheviks won the Civil War, the Rothschild's and American Jesuit Bankers offered to finance the new Soviet Union if Stalin was given a key role. Thus Stalin was made General Secretary of the Central Committee, a springboard to his eventual position as head of the Soviets.

Stalin's promotion set up a final show-down with Lenin. Lenin began planning to have Stalin "eliminated." At the same time, Jesuit Superior General Wlodimir Ledochowski gave an order to Stalin to have Lenin killed. Lenin died of poisoning on January 21, 1924. The official word from Pravda was that Lenin died of syphilis.

Thus Stalin moved into the position of the undisputed ruler of the Soviet Union. Among his first acts was to outlaw the Russian Orthodox Church. Thousands of churches and schools were seized and handed over to the Catholic Church.

It is not very well known but Stalin, like Hitler, launched a deportation of Jews to Siberian death camps, where it is said tens of millions perished. The head of those camps was Catholic Jesuit Cardinal Gregory Agagianian, a former classmate with Stalin at Tiflis. Another strange part of this story is that even though he was a fully ordained priest, Stalin was allowed to marry twice. And there is no record that he was ever defrocked as a priest.

And it should be noted that Hitler also was a practicing Roman Catholic. There seemed to be a strange involvement between both of these evil dictators and the Jesuit Vatican. Hitler modeled his SS troops on the principles of the Jesuits!

As to whether you should allow yourself to receive an unproven mRNA vaccine is your choice but Mike Adams of Natural News.com posted an important detail that you need to be aware of:

(Natural News) The largest looting operation of the year had to be the federal government's \$20+ billion "Operation Warp Speed" vaccination program, a taxpayer-funded gambit that promised a safe and effective Covid-19 vaccine before the 2020 election. Because the emergency vaccine program did not seek consent from American taxpayers, the final distribution plan will similarly coerce compliance and ignore any vestige of individual rights that the American people are still clinging onto.

A 60-Minutes interview with the Army General in charge of the vaccine's distribution finds that the vaccine was already manufactured and stockpiled, long before it was even remotely tested and "approved" by the Food and Drug Administration. The FDA's three phase "gold standard" testing protocol wasn't even observed. The vaccines were manufactured and stockpiled in advance, in anticipation of approval, because vaccine makers get what they want, and they are held to no real scientific standard whatsoever. The vaccine makers also enjoy full legal exemption from liability when their products

injure people. The new vaccines are untested instruments of force just waiting to be unleashed by the U.S. military.

Military targeting 300 million Americans for vaccination.

General Gus Perna spoke with 60-Minutes about the biggest obstacle in the coming months: convincing Americans to get the vaccines. That's right, it's not about science. It's about coercion, about looking at people as if they are manipulatable pawns who have no dignity or self-decision. The final Covid-19 vaccine is not a single dose shot, either. The first rollout requires Americans to submit to two shots, spaced out three weeks apart. Preliminary studies show up to six shots will be needed annually to maintain an illusion of immunity. This is grossly suspicious! Again, let's see the evidence from the studies since the CDC said there are no samples, which confirms there is no virus.

The military is strategizing the most effective ways to distribute the vaccines when they get the final nod of approval from the FDA. The federal government's biggest problem is, admittedly, the American people. More specifically, Perna is concerned about "anti-vaxxers." Anti-vaccine sentiments and vaccine refusal is "what keeps him up at night" – according to the interview.

The military is strategizing a way to vaccinate 300 million Americans, as if consent and self-decision is not part of the process. America is being turned into Big Pharma's plantation, an experimental playground that turns its own military against the rule of law. Basic ethics are being cast aside as concepts like medical privacy, parental rights and informed consent are quashed. Now, Americans as a whole are being viewed as a military target, and those who refuse the shots are being pinpointed as the enemy. (Related: If they can steal the election and put Joe Biden in the White House, then mandatory covid-19 vaccines are next.) **Bingo!**

Covid-19 vaccines were "approved" long before the FDA "approved" them.

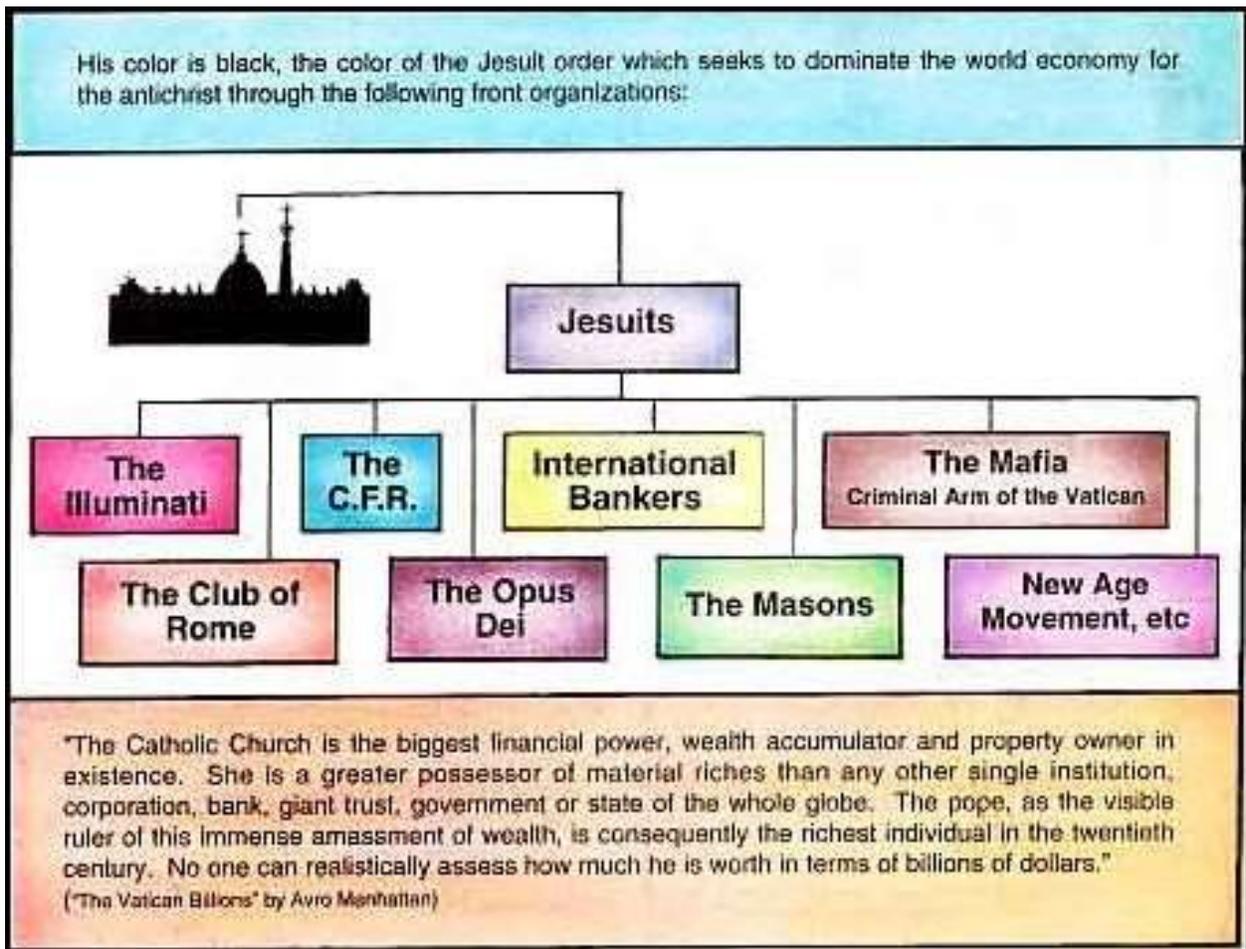

60-Minutes aired footage of the prepared vials rolling down the assembly line in Baltimore. Each vial contains five to ten doses. The assembly line is already pumping the vials out at 400 per minute. General Perna did not disclose which company had already been shadow "approved" to manufacture the doses in advance. The vaccines are most likely the product of Pfizer and Moderna. The two companies are unleashing a new kind of vaccine technology called mRNA therapies. The new experiment deploys foreign code into human cells, hijacking the cellular processes and forcing the ribosomes to produce spike proteins (properties of coronaviruses). The individual immune system is forced to react to this autoimmune virus replication process.

General Perna did not disclose how many vials of the vaccine had been stockpiled before the faux FDA approval is granted. The process is as clandestine and fraudulent as the 2020 voting process. Science and democracy are losing both transparency and accountability in 2020 America. The country is in a dangerous place as pharmaceutical

companies get away with science fraud and are emboldened by the horrid ghost of Josef Mengele, with the power to mobilize the military like a scientific dictatorship modeled after the Third Reich. Even worse, it is assumed that the citizenry is inherently filthy and diseased and must submit as a whole to the experiments, as the military narrows in on the dissenters and demeans non-consenting individuals as if they are some military threat that should be eliminated. One last item on Pfizer, the CEO of Pfizer sold 62% of his stock in Pfizer when it was exploding on the Stock Exchange this week for \$5.6-million. Back in May, two executives of Moderna, sold more than \$30-million dollars of their Moderna stock. Hmm, who do they think we are?

*“Go ye, then, into all the world and take possession of all lands in the name of the Pope. He who will not accept him as the Vicar of Jesus and his Vice-Regent on earth, let him be accursed **and exterminated.**” ~ (From Secret Instructions of the Jesuits)*

Do you remember this photo below from a previous article on the Jesuits working inside the U.S. National Security leadership advising President Obama? Are you aware that President Obama purged nearly 300 high ranking Admirals and Generals into retirement

simply because they were considered a threat to the Obama administration. During his 8 years in office Obama politicized the military by removing high ranking command and staff military as threats to his agenda.

This will be important when the government goes from voluntary vaccination to mandatory vaccination for Covid-19. With all the Jesuits in positions of power, everyone is at risk for extermination. Read the Jesuit Oath on page 31 below. The Jesuit Oath seems more like a Judas in my understanding of God's Word.

Obama surrounded by Roman catholic/ Jesuit Trained Intelligence Leaders

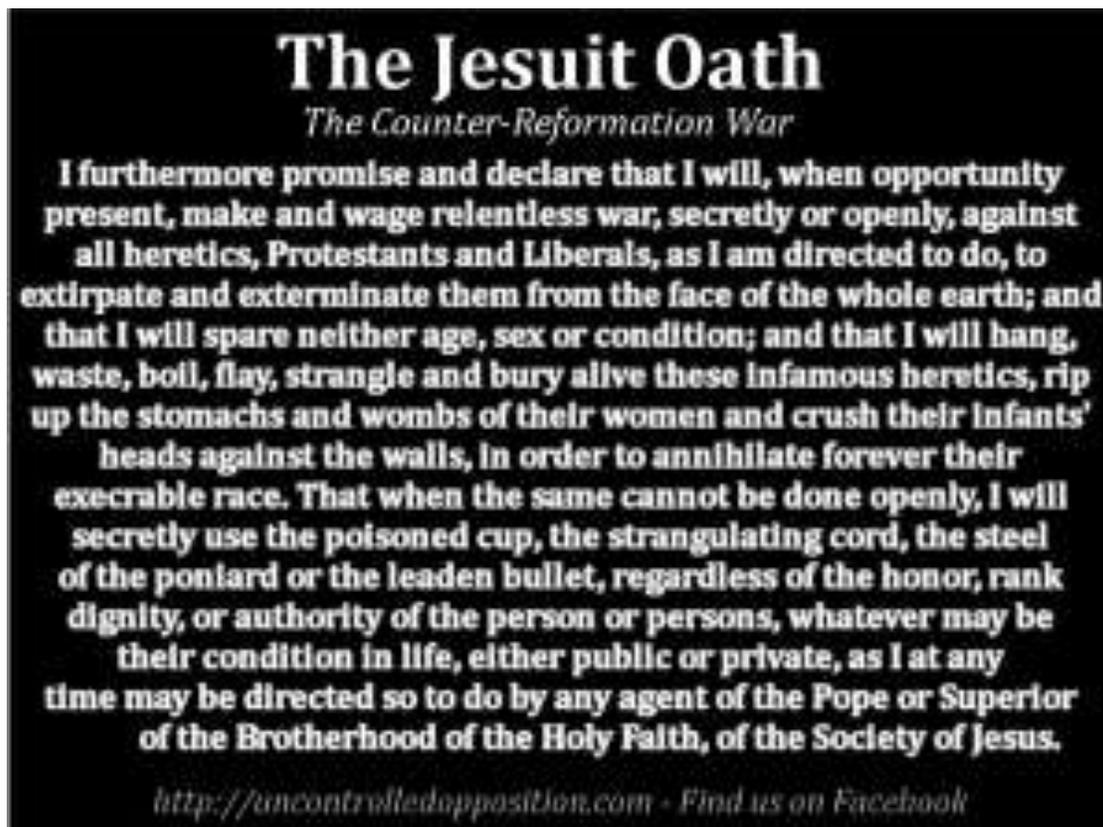

President Barack Obama meets with Director of National Intelligence James Clapper, right (Alma Mater St. Mary's University, Texas), in the Oval Office, Sept. 9, 2010. Also attending are, clockwise from left, Robert Cardillo, DIA Deputy Director (and now Director of National Intelligence for Intelligence Integration and schooled at Georgetown), Deputy National Security Advisor Tom Donilon (Donilon attended La Salle Academy, earned a B.A. at The Catholic University of America in 1977 and is connected personally to the Biden family), Rodney Snyder, Senior Director for Intelligence Program, NSS (Can not find any kind of BIO on him), John Brennan, Assistant to the President for Homeland Security and Counterterrorism (Attended private catholic schools from his youth, is Alma mater at Fordham University and is former CIA), and National Security Advisor Gen. James L. Jones (Alma Mater Georgetown University). (Official White House Photo by Pete Souza)

Ask yourself why there are so many Jesuit-trained world leaders from Georgetown University. Not only are 10% of the U.S. House and Senate Jesuit-trained from Georgetown University, but so are many of the world's political leaders, which should have you asking "What are they really up to?"

What makes this disturbing is that many New World Order researchers claim that the Vatican, through its henchmen the Jesuits are the real controllers of the New World Order.

These Georgetown trained politicians are under the cover of darkness acting out the wishes of the Vatican-led Illuminati, a most devious and diabolical group quickly bringing the United States to its knees with the pope's fascist agenda. Most people are unaware of this military order of the Roman Catholic church, its history, and its ongoing purveyor of evil in the world. If you know nothing about the Society of Judas, then you need to read the oath taken by those known as Jesuits, including Dr. Anthony Fauci and Dr. Robert Redfield!

As a Bible-believing Christian, and a lifetime student of history I urge you not to receive any vaccine being offered to the public in the coming weeks. With Jesuits involved, that warning has an even more dire ominous sign of what deception is about to be hatched on the world. The Bible says a great deal about the "Mark" of the Beast and all of it is bad!
