COVID-AIDS COVER-UP IN FAUCI E-MAILS EXPOSES "NATIONAL SECURITY 'CRIME' SYNDICATE" HUMANICIDE

"[S]omeone who hears the sound of the horn but does not take warning, and a sword comes and takes him away, his blood will be on his own head. . . . But if you on your part warn a wicked person to turn from his way and he does not turn from his way, he will die for his wrongdoing, but you have saved your life. . . . Turn back, turn back from your evil ways! Why then should you die, . . .?" -(Ezekial 33:4-10)

SUMMARY

The 'smoking guns' neglected in Fauci's e-mails woefully evidence a series of crimes, including treason and terrorism in biowarfare, victimizing *We The People* worldwide.

Evidence analyzed here clearly-and-convincingly proves biowarfare is being committed internationally by governments “captured” by a “National Security ‘Crime’ Syndicate” in which Dr. Anthony Fauci operates as a deranged bureaucrat.

This “parade” features humanicide in accordance with profitable depopulation objectives schemed by Big Tech’s “transhumanists.”

With artificial intelligence (“AI”), why sustain “useless eaters”?

The gross black-outs in this analyzed section of Fauci e-mails also evidences “tampering” in violation of Title 18 U.S.C. § 1519. This is the “low hanging fruit”. Lacking attention thereto compounds impressions of gross negligence and reckless impropriety within the Justice Department that evades its investigative duty and transparency.

Key agents in government, the military, academia, and industry are identified herein. They are named in-and-around this most censored section of Fauci e-mails. Redactions protecting these parties’ complicity evidence an organized criminal conspiracy to fraudulently conceal crucial AIDS science tied to COVID’s evolutionary virology, mRNA vaccinology, and competing remedies that bolster immunity with little to no risks.

In this context, all safe and effective competing ‘natural remedies’ and medicines have been unfairly and deceptively restrained from trade enriching stockholders in the public/private National Security Crime Syndicate.

Fauci’s e-mails provide clear-and-convincing evidence of racketeering by co-conspiring agents in the CIA, FBI, NSA, academia, British intelligence, Eastern Communist and Western Capitalist businesses and military communities. These stockholders in the public/private racket have leveraged the COVID pandemic for unjust enrichment and their elite’s protection. They have, thus far, secured their National Security Syndicate’s geopolitical and economic interests in population control without widespread discovery necessary to arrest their fascistic subversions.

Putting this intelligence in the hands of those willing and able to oppose these demons can help save lives.

INTRODUCTION

Fauci E-mail Redactions Evidence Racketeering

“Silence is often evidence of the most persuasive character,” ruled [U.S. Supreme Court Justice Louis Brandeis](#) when convicting an illegal immigrant pleading his Fifth Amendment right to remain silent. The man had entered the U.S. illegally to distribute propaganda advocating for *“the overthrow of the Government of the United States by force or violence.”*

Similar ‘silence’ persuasively evidencing the overthrow of health science and global governments, including the government of the United States and China, by the makers of COVID-19 and related media propaganda is shown on pages 3125 thru 3135 of Dr. Anthony Fauci’s e-mails.

These e-mails were obtained, curiously at the same time, by *CNN*, the *‘Washington Post’*, and *‘BuzzFeed’* on or about June 1, 2021. The same media followed-up with their own show of ‘silence’ and diversionary propaganda. As in Judge Brandeis’s case, all of this involves threats to America’s existence (along with that of the “Free World”). Additional symptoms of this “systemic disease” include violence in the streets and skyrocketing crimes and murder rates. Drug cartels dominating politics, illegal immigration, and the “border crisis,” are all cloaked by complicit media agents and networks tripping over criminal evidence like ‘elephants under their carpets’; each deploying deceptive propaganda.

No news sources have, to date, revealed what this most heavily 'silenced' (i.e., redacted or censored) part of the Fauci e-mail 'dump' contains, except yours truly in this article.

Does stupidity, or complicity, best explain this delinquency and secrecy? You decide.

Regarding the lab origin of COVID-19, and Fauci's complicity therein, the media and politicians are recklessly neglecting and diverting from the obvious 'elephants'—the "smoking guns" in Fauci's e-mails — the National Security 'Crime' Syndicate's ['Achilles' heel](#).'

This saga is reminiscent of the irony, tragedy, and wisdom in [The Emperor's New Clothes](#). That famous folktale by Danish author Hans Christian Andersen is about a "vain emperor" who got exposed before his subjects. The emperor paraded through the streets like Fauci has done, and continues to do, metaphorically 'nude'. A single child shouts in the crowd the obvious to no avail. The 'sheeple' don't hear, keep silent, and the parade keeps marching.

The 'silence,' censorship, gross 'redactions,' and key correspondence in Fauci's e-mails from January 31 thru February 2, 2020, evidences the National Security Crime Syndicate's most important cover-up. These e-mails evidence panic in Fauci's 'inner circle.' Panic over emerging scientific evidence of COVID-19's lab origin, and 'gain-of-function' AIDS-virus spike protein transmission device in the military bioweapon.

This silenced section of Fauci's e-mails provides the "smoking gun" that shot civilization and the global economy in the heart and soul.

"[T]he National Security Crime Syndicate leveraged the so-called 'moratorium' to transfer suspicion to China from America, foment divisive politics, and covertly enrich its enterprise in 'defense spending.' "

This section of e-mails evidences beyond reasonable doubt the organized criminal enterprise that hatched COVID-19. That is the same cartel I have studied and vetted for a quarter century. That is the same 'racketeering enterprise' that imposed HIV/AIDS upon mostly gay and Black communities during the early 1970s. (You can review that history in this author's award-winning, best-selling, book, [Emerging Viruses: AIDS & Ebola—Nature, Accident or Intentional?](#)) Old business joins new business here to evidence the same-old criminal malfeasance in the globalists' 'pattern-and-practice' of committing genocide, now 'humanicide.' Here the corporate-fascists are evidenced incriminating Fauci's superiors.

These covert 'operatives' in the international intelligence communities, and their 'smoking guns,' leverage two intertwined diseases, HIV/AIDS and SARS/CoV. These plagues were combined in the "COVID-19 Coup." If that were not true, Fauci's minions' panic starting January 31, 2020, would not have occurred. Nor would this evidence be available in his telling e-mails.

This is a global cause for unprecedented alarm, best explaining the near complete silence, secrecy, and gross redactions of this incriminating evidence surrounding the cabal's emergency "teleconference" held on Sunday, February 1, 2020.

That series of e-mails, and urgent teleconference, shows a 'meeting-of-the-minds' to cover-up crucial science. This evidences malicious intent to conceal scientific documents under federal (White House) investigations at that time. That alone is a felony per 18 U.S.C. § 1519.

Evidence begins with the urgent e-mail that Fauci sent to Francis Collins, the Director of the National Institutes of Health (NIH), shown below:

From: Fauci, Anthony (NIH/NIAD) [E]
Sent: Sun, 2 Feb 2020 11:26:13 +0000

The Indian paper is really outlandish. Agree about Jon Cohen's nice summary.

Subject: More on evolution of coronavirus

In case you haven't seen, attached is the Indian paper claiming HIV sequences have been inserted into 2019-nCoV, which has been roundly debunked.

I found Jon Cohen's piece in Science to be a pretty useful summary:

<https://www.sciencemag.org/news/2020/01/mining-coronavirus-genomes-clues-outbreak-s-origins>

FC

Here, at 5:58 in the morning of Sunday, Feb. 2, 2020, Fauci's presumed superior, Francis Collins, wrote: *"In case you haven't seen, attached is the Indian paper claiming HIV sequences have been inserted into 2019-nCoV."* Collins added, *"which has been roundly debunked."*

Collins's allegation that the "Indian paper . . . has been roundly debunked" is *false*. If this was true, then Collins would not have: (1) urgently contacted Fauci before 6 a.m. on a Sunday morning to discuss spin-strategy; and (2) used the words "pretty useful" in

characterizing “Jon Cohen’s piece in *Science*” that did not address the substance of the “Indian paper” by authors [Preshant Pradhan, et. al.](#)

The Collins-directed NIH purportedly oversees Fauci’s enterprise—the National Institute for Allergies and Infectious Diseases (NIAID). But the truth is both have always been overseen by the U.S. Navy, and the U.S. Central Intelligence Agency (CIA), both of which are intertwined with the National Security Agency (NSA) and Council.

Dr. Fauci’s oversight by the so-called ‘Deep State’ intelligence community supposedly began in April 2000, according to the *Washington Post*. This was when infectious diseases, beginning with HIV/AIDS, were deemed [threats to “National Security.”](#)

The massive redaction of this section of Fauci e-mails was committed not by Fauci, nor Collins, but by intelligence agents in this alleged National Security Crime Syndicate.

The FBI is falsely rumored to be dutifully investigating these matters, and therefore sections of these e-mails evidencing crimes were presumably redacted.

But this is not reasonable, responsible, or dutiful as I explain and evidence below. I examined evidence showing the FBI complicit in the crimes, and [reported this previously.](#)

Aiding and abetting a deadly racketeering enterprise by *willful-blindness* is a crime.

Fauci’s e-mails urgently discuss plans to gather a group of submissive science scholars, commercial investors, and “teleconference” experts in the field of evolutionary virology. The urgent question was how to respond to, spin, or cover-up the AIDS virus spike

protein genetic science published by the esteemed “Indian paper” authors [Preshant Pradhan, et. al.](#) On January 31, 2020, this group of Indian and Asian researchers published their shocking genetic analysis.

The teleconference took place 48 hours after this incriminating and potentially disastrous genetic science paper was published.

The “Indian paper” could have spoiled all of the plans and commercial benefits of the ‘plandemic.’ Therefore, it had to be ‘neutralized.’ The National Security Crime Syndicate organized the “scientific” teleconference to do that planning on Sunday, February 2, 2020.

A week later, I wrote the [White House](#) about the urgent findings of the targeted paper by [Pradhan et. al.](#)

These “Indians” initially published their analysis online to help scientists in the fight against “n2019-CoV.” Their study showed the “Uncanny similarity of unique inserts in the 2019-nCoV spike protein to HIV-1 gp120 and Gag.”

Censorship and undeserved disparagement followed by acts of the teleconferees. They could not afford to have Pradhan et. al. prove the AIDS virus envelope gene was attached to the coronavirus/SARS recombinant.

I was appalled that this vitally important science was being suppressed. So I [alerted](#) President Trump’s Director of the [Office of Science and Technology Policy](#), Kelvin K. Droegemeier who called for an investigation.

The “Indian paper” could have spoiled all of the plans and commercial benefits of the ‘plandemic.’ Therefore, it had to be ‘neutralized.’

THE “INDIAN PAPER” AND “SMOKING GUN” CENSORSHIP

Evidencing international commercial crime, and the ‘smoking gun’ censorship harboring it, Fauci e-mail correspondence with Harvard’s Dean Daley (shown below) is most revealing. This exchange occurred on Sunday February 2, 2020. It came one hour before Fauci wrote Collins, “*the Indian paper is really outlandish.*”

Fauci and Collins agreed to use Jon Cohen's defective 'Science' article to deflect from Pradhan's solid science. Cohen's 'pseudo-science' was no match. That was obvious to anyone with some amount of viral intelligence.

Fauci, Collins, Harvard Medical School Dean **Geroge Daley**, **Jeremy Farrar** in England, and their minions, had a 'meeting of the minds.' They decided to conceal, or tamper with, the urgent scientific evidence presented in the "Indian paper."

[Pradhan et. al.'s](#) group of nine scientists were not easy to discredit. Pradhan was affiliated with IBM. His group analyzed the genetic sequences in the CoV/SARS attachment apparatus enabling the novel coronavirus to jump species to humans. The India-based scholars concluded:

"The finding of 4 unique inserts in the 2019-nCoV, all of which have identity/similarity to amino acid residues in key structural proteins of HIV-1 is unlikely to be fortuitous in nature."

Dear Tony,

Alan Garber, Harvard's Provost, and I met yesterday with a team led by Jack Xia, the CEO of China's Evergrande Company, and Dr Jack Liu, Evergrande's chief health officer, who stated they were acting on behalf of Dr Zhong Nanshan, China's key point person on the coronavirus outbreak (see below). [REDACTED], and they arranged a conference call for tomorrow morning EST with Dr. Zhong.

While I have been mobilizing efforts of our community to react to the virus and to this request, I am not naïve to the challenging politics of such a relationship. I do not want to complicate or duplicate efforts already underway, and am writing to request whatever information you are willing to share on your current efforts to coordinate a response.

If a phone call is more facile, please do not hesitate to try my cell: [REDACTED] anytime today.

Sincerely,

George

In

other words, COVID-19 was undoubtedly a lab virus. No other reasonable presumption could be made from the “Indian paper” data and ‘pre-publication.’

That sent the syndicate’s ‘inner circle’ into a tizzy. If they didn’t discredit Pradhan’s science, Fauci would be especially incriminated since he was the “AIDS Czar” for the U.S. Government.

Fauci had worked closely with **Dr. Robert Gallo**—the “[Man that Created AIDS](#)”—developing the false AIDS origin “bat” narrative. By Gallo’s and Fauci’s collaboration, Fauci’s patents, AIDS science, and drug ‘cocktails,’ a booming industry was formed.

 Sir Jeremy Farrar, Director of the Wellcome Trust (Image: REUTERS)

Consequently, a protective propaganda campaign needed to be urgently coordinated at all levels of the scientific media syndicate. This was the purpose of the Sunday, February 2, 2020 “teleconference,” and Jeremy Farrar’s leadership therein.

THE “TELECONFERENCE” FOR COORDINATING DAMAGE CONTROL WITH THE UK AND CHINA

At 10:32 that Sunday morning, Dean Daley, who had obviously already heard of the commercial crisis posed by the “Indian paper” that threatened their financial interests in the world of COVID/SARS/AIDS science, sent Fauci the e-mail shown below.

Therein, Daley responded to the crisis requiring ‘coordination’ for ‘damage control.’ He stated he is, “*writing to request whatever information you are willing to share on your current efforts to coordinate a response.*”

“There is no real ‘coordination’ of this response,” Fauci defensively and *falsely* replied that night. That was hours after the teleconference wherein attendees had already agreed to ‘coordinate’ their efforts, statements, and publications. This can be known (i.e., proven) by the groups subsequent sham “science” as I [detailed previously](#) and summarize below.

Fauci and his paymasters decided to deny any-and-all science linking COVID to HIV’s ‘gain of function’ spike protein bioweaponry. *“[W]e do not know who is doing what until we are told—just like you have done here,”* Fauci replied to Dean Daley.

“[A] protective propaganda campaign needed to be urgently coordinated at all levels of the scientific media syndicate. This was the purpose of the Sunday, February 2, 2020 ‘teleconference,’ and Jeremy Farrar’s leadership therein.”

One day earlier, on Saturday, February 1, Fauci’s subordinate, deputy “HIV/AIDS Czar,” **Hugh Auchincloss**, sounded the alarm that coronavirus ‘gain of function’ financing by Fauci’s cohorts was important in the context of the “Indian paper” HIV/AIDS concealment operations.

“[G]ain of function [HIV/AIDS Spike protein gene experiments] have since been reviewed and approved by NIH,” deputy NIAID director Auchincloss wrote Fauci.

Auchincloss, having considered his Harvard Medical School service in association with Dean Daley and their mutual concerns about coordinating their damage control, Auchincloss wrote the following e-mail:

The paper you sent me says the experiments were performed before the gain of function pause but have since been reviewed and approved by NIH. Not sure what that means since Emily is sure that no Coronavirus work has gone through the P3 framework. She will try to determine if we have any distant ties to this work abroad.

Hugh Auchincloss, M.D., serves as NIAID Principal Deputy Director. In this capacity, Dr. Auchincloss is responsible for the following:

- Providing leadership for all NIAID research planning and implementation activities, including helping to prepare and support a strategic vision for NIAID
- Overseeing an extensive portfolio of basic, clinical, and applied research, as well as product development for biodefense, HIV/AIDS, infectious diseases, and immune-mediated disorders

His recent leadership activities include spearheading the development of the Institute's strategic plan and chairing the NIAID Research Initiative Committee, an internal governance group that has designed and implemented a more efficient approach to planning, developing, and approving NIAID initiatives. Currently, Dr. Auchincloss is leading an NIAID initiative to design and implement changes in the Institute's clinical research infrastructure, which will be flexible and available for domestic and international clinical research on HIV/AIDS and other infectious diseases. Additionally, Dr. Auchincloss is part of an NIAID senior leadership group responsible for reviewing all aspects of HIV/AIDS research policy, including the evaluation of "test and treat" strategies, analysis of results of pre-exposure prophylaxis (PrEP) clinical trials (including microbicide trials), and coordination of future HIV/AIDS vaccine clinical trials.

Solidly evidencing China's concerns "abroad," coordinated complicity in the cover-up, and heavy allied commercial conflicts of interest and political influence, Dean Daley wrote the following to Fauci:

"I am not naïve to the challenging politics of such a relationship [between the "Indian paper" science and commercial interests in the vaccine industry and more]." Daley clarified, "I have been mobilizing efforts of our community to react to the virus and to this request [for coordination of response], . . . I do not want to complicate or duplicate efforts already underway."

Thus, the *coordination* that occurred within and beyond Fauci's and Harvard's spheres-of-influence is solidly evidenced.

Organized crime is, likewise, evidenced by Daley and his coordination of actions between Fauci and China's leading science officials.

Four hours after Collins urgently wrote Fauci to spin the narrative from the "Indian paper" to Cohen's superficial article, Dean Daley revealed his Harvard connections to China; and coordination among well-known Chinese intelligence agents and agencies coordinating commerce with the U.S. and U.K governments.

Daley had administered a "[high-profile Chinese partner\[ship\]](#)" with China's Evergrande Group for \$115 million. The SARS-CoV-2 work involved the "Chan School of Public Health and Guangzhou Institute for Respiratory Health. The 'dual function' commercial/military collaboration studied the virus *purportedly* "in an effort to develop therapies against infections . . . , and to prevent new ones."

The Chinese side of the initiative was led by Zhong Nanshan, head of the Chinese 2019-nCoV Expert Taskforce and the scientist who isolated the suspicious SARS virus in 2003. (Nashan is also director-general of the "China State Key Laboratory of Respiratory Diseases," according to [news reports](#).)

Daley wrote Fauci, "*Alan Garber, Harvard's Provost, and I met yesterday with a team led by Jack Xia, the CEO of China's Evergrande Company, and Dr. Jack Liu, Evergrande's chief health officer, who stated th[e]y were acting on behalf of Dr. Zong Nashan, China's key point person on the coronavirus outbreak (see below) [redaction], and they arranged a conference call for tomorrow morning EST with Dr. Zhong.*"

Most likely, this redaction concealed the names of the main officials in the US/UK/China National Security Crime Syndicate who coordinated their commercial, "scientific," and propaganda interests with Dr. Zhong Nashan.

This evidence defies claims of exclusive Chinese liability for the pandemic. This evidence proves the US/UK and Chinese governments coordinated business dealings and incentives to cover-up and discredit the AIDS virus gain-of-function splicing revealed in the "Indian paper."

Alternatively, agents and agencies identified in these e-mails compel the presumption of a concealed 'end game' motive of great interest to "Dr. Zong," the Chinese military, and the UK subversives coordinated by Jeremy Farrar and the World Economic Forum elite.

Harvard and China's Special Interests in the Syndicate's Investments

It is public knowledge that the Pfizer and Moderna mRNA vaccines feature more than genetic material; more than even the concealed genes from HIV-1 weaponizing the SARS-CoV-2 spike protein.

Worse than the ravages of injecting spike protein antigens warned against by Harvard's famed mRNA vaccine technology developer, Robert Malone; and worse than the neglected 'antigenic complexes' formed throughout the bodies of gullible consumers, the actual "game changer" has been concealed.

These most "novel" vaccines include "hydrogels" suitable for nano-bioelectronic data-mining-surveillance and "frequency therapeutics" akin to whole body, mind, and 'spirit' subversion. These 'pharma-electro-genetic' innovations evolved from the public/private investors panicked by the Indian paper. These agents, agencies, and most advanced military biotechnologies are of great interest to the National Security Crime Syndicate and its Anglo-Chinese totalitarian influence.

This scientific knowhow was pioneered by Harvard and MIT agents with co-funding from the UK, China, and U.S. Governments (among others), including the DARPA and BARDA agencies. The financiers of this industry prospered especially the Charles Lieber Lab at Harvard and the partnering Robert Langer Lab at MIT.

There is no doubt that Bill Gates and Jeffrey Epstein's cronies in the [CIA](#) and [Mega group](#) were major investors in these advancing biotechnologies, especially promising

massive commercial data-mining and brain-Cloud merging. These are keys to the ‘transhumanism’ movement. They are also essential in the “Fourth Industrial Revolution (‘4IR’)” as espoused by World Economic Forum founder, and Bill Gates partner, Klaus Schwab.

Central to the biocrime’s syndicate, [Robert Langer](#) operates as Moderna’s co-founder. In addition, Langer’s **Acuitas Company** is partnered with the CIA’s **OpGen Company**. These are major entities “behind the Pfizer and BioNTech vaccine,” according to [public knowledge](#).

Langer’s partner is **Pieter Cullis**, the co-founder of Acuitas Therapeutics. This group is instrumental to the Pfizer and BioNTech vaccine as well. The [CIA’s OpGen](#) Company and Robert Langer’s Acuitas Company are vicariously partnered in Moderna and Pfizer/BioNTech’s commerce.

Geopolitical, financial, and biological engineering to advance ‘transhumanism’ must be presumed by these facts.

So to must the ‘[Great Global Reset](#)’ spurred by these powerful special interests who could (and did) conceal the CoV/SARS/HIV-1 recombinant biotechnology—especially the “spike protein” (i.e., “S-protein”) that provided “gain of function,” profit to insiders, and the potential for bioelectronic population subversion as urged by the Gates/Schwab/Communist/Socialist/Elitist oligarchy.

“Central to the biocrime’s syndicate, [Robert Langer](#) operates as Moderna’s co-founder. In addition, Langer’s Acuitas Company is partnered with the CIA’s OpGen Company. These are major entities behind the Pfizer and BioNTech vaccine.”

PROTECTING VESTED INTERESTS OF THE “NATIONAL SECURITY ‘CRIME’ SYNDICATE”

Protecting vested interests in the National Security Crime Syndicate is epitomized by Dr. Peter Daszak’s complicity with Fauci. These two men obviously conspired to cover-up the lab virus’s origin and its “gain of function” bioengineering. Evidence for this crime is shown on page 1150 of the Fauci e-mails.

The “Indian paper” prompted Daszak to protect his interests in [EcoHealth Alliance that received and funneled Department of Defense](#) grants (not simply NIH and NIAID money) to Wuhan for said CoV/SARS/HIV-1 lab mutations and hyper-weaponization. Much of Daszak’s financing was for (supposedly) “SCIENTIFIC RESEARCH COMBATING WEAPONS OF MASS DESTRUCTION.”

Yet the lab virus gain-of-function weapon for **mass depopulation** was precisely what Daszak and his Chinese collaborators co-created in Wuhan.

Daszak’s EcoHealth Alliance received millions of dollars beginning in 2017, when Fauci and his crime bosses fraudulently contrived a “moratorium” on weaponizing bat viruses for gain-of-function.

Given the crime syndicate’s hate of Trump, Fauci’s January 2017 [Georgetown University lecture](#) stating his fore-knowledge that the Trump Administration would suffer

an unprecedented plague compounds suspicions and criminal evidence. It is most reasonable to presume the so-called “moratorium” that shifted that gain-of-function covert COVID operation from the University of North Carolina to Wuhan was contrived to do precisely what we now witness—the political ‘blame game’ and military saber-rattling between the US and China, both controlled by the Syndicate’s multinational banking cartel.

In other words, the National Security Crime Syndicate leveraged the so-called “moratorium” to transfer suspicion to China from America, foment divisive politics, and covertly enrich its enterprise in “defense spending.”

Daszak Diverted From His Knowledge of the Early History of AIDS and Ebola, Both Falsely Blamed on “Bats” Rather Than Bioweapons Labs

The focus on ‘novel’ immune-suppressive ‘gain-of-function’ viruses began in the 1960s with the [Special Virus Cancer Program](#). That program, by 1972, sourced HIV/AIDS. This is known to doctors Gallo and Fauci et. al., albeit fraudulently denied and lamely discredited.

Daszak and his cohorts in bio-crime extended such fraudulent concealments with [Ebola](#), and more recently [COVID-19](#).

These suspects repeatedly tampered with critical scientific evidence. They coordinated censorship and whistleblower disparagement campaigns. They financed their bio-crimes through ‘captured’ government agencies and made fortunes at the expense of human lives.

Evidencing such defensive evasion and scientific fraud, Daszak wrote Fauci, *“I just wanted to say a personal thank you on behalf of our staff and collaborators, for publicly standing up and stating that the scientific evidence supports a natural origin for COVID-19 from a bat-to-human spillover, not a lab release from the Wuhan Institute of Virology.”*

“[T]he [‘Great Global Reset’](#) [was] spurred by these powerful special interests who could (and did) conceal the CoV/SARS/HIV-1 recombinant biotechnology—especially the ‘spike protein’ (i.e., ‘S-protein’) that provided ‘gain of function,’ profit to insiders, and the potential for bioelectronic population subversion as urged by the Gates/Schwab/Communist/Socialist/Elitist oligarchy.

More on Daszak and EcoHealth Alliance: Ties to the CIA’s Profitable In-Q-Tel

The important role Daszak played in the obvious “COVID-19 Coup” is superseded by military and industrial actors that are also identified in the Fauci e-mails (albeit censored by the complicit media).

The [link here](#), and graphic below, evidences Daszak's [long-term vested interests](#) in this cartel—the well-evidenced 'National Security Crime Syndicate.' Following Daszak et. al.'s "National Security" cover-up of the [lab origin of Ebola](#), and the [2014 Ebola Zaire re-emergence \(from a refrigerator\)](#), the screenshot below shows Daszak as the co-author of a *Nature Communications* article from 2014 showing Google.org financed the main parts of the Daszak/EcoHealth Alliance/NIH/USAID co-funded study of an Ebola-like virus alleged to be prevalent in African bats (i.e., vesicular stomatitis virus. Actually, Ebola's immediate predecessor was a vesicular stomatitis lab virus mutant re-named "[the Marburg virus](#)" as meticulously researched and evidenced in [Emerging Viruses: AIDS & Ebola—Nature, Accident or Intentional?](#)).

For years, USAID, as well as the NIH, its subordinate agents at the NIAID, and by extension presumably Daszak's EcoHealth Alliance too, operated under the influence of the U.S. Central Intelligence Agency ("CIA") as they continue to do.

Evidence for henipavirus spillover into human populations in Africa

Olivier Pernet¹, Bradley S. Schneider^{2,*}, Shannon M. Beaty^{1,3,*}, Matthew LeBreton², Tatyana E. Yun⁴, Arnold Park^{1,3}, Trevor T. Zachariah⁵, Thomas A. Bowden⁶, Peta Hitchens⁷, Christina M. Ramirez⁸, Peter Daszak⁹, Jonna Mazet⁷, Alexander N. Freiberg⁴, Nathan D. Wolfe² & Benhur Lee^{1,3}

Zoonotic transmission of lethal henipaviruses (HNVs) from their natural fruit bat reservoirs to humans has only been reported in Australia and South/Southeast Asia. However, a recent study discovered numerous HNV clades in African bat samples. To determine the potential for HNV spillover events among humans in Africa, here we examine well-curated sets of bat (*Eidolon helvum*, $n=44$) and human ($n=497$) serum samples from Cameroon for Nipah virus (Niv) cross-neutralizing antibodies (Niv-X-Nabs). Using a vesicular stomatitis virus (VSV)-based pseudoparticle seroneutralization assay, we detect Niv-X-Nabs in 48% and 3–4% of the bat and human samples, respectively. Seropositive human samples are found almost exclusively in individuals who reported butchering bats for bushmeat. Seropositive human sera also neutralize Hendra virus and Gh-M74a (an African HNV) pseudoparticles, as well as live Niv. Butchering bat meat and living in areas undergoing deforestation are the most significant risk factors associated with seropositivity. Evidence for HNV spillover events warrants increased surveillance efforts.

Contrary to popular misconceptions, the CIA, from its inception, has served primarily to secure business operations for the power elite. Today, the CIA engages its own for-profit arm called [In-Q-Tel](#).

Despite the general agreement that COVID was “bad for the economy,” Wall Street did fine. Insiders made vast fortunes. The secret intelligence held by leaders in the National Security Crime Syndicate afforded the greatest opportunities for investing and money-making.

In-Q-Tel was founded by Norm Augustine, a former CEO of the mega-military contractor, Lockheed Martin. Michael Crow served as In-Q-Tel’s first CEO at the request of the Director of Central Intelligence, [George Tenet](#). Crow thus became chairman of the board for In-Q-Tel—the CIA’s venture capital arm.

In-Q-Tel’s mission has been, purportedly, to identify and invest in companies developing cutting-edge technologies that serve the United States. Nevertheless, it is poised and active serving the “National Security (Crime) Syndicate.”

Origins of the corporation can be traced to [Ruth A. David](#), who headed the [Central Intelligence Agency Directorate of Science & Technology](#) in the 1990s, and promoted the importance of rapidly advancing information technology for the CIA and its business allies in the corporate sector.

In-Q-Tel, therefore, engages with entrepreneurs, growth companies, researchers, and venture capitalists to deliver technologies that include the most advanced methods of data mining, materials sciences, and health sciences.

Pfizer and Moderna's mRNA vaccines, for instance, intertwine such investments. Their related developments, including the nano-bioelectronic silver, copper, or gold lipid hydrogel devices used to deliver their genetic "payloads," were largely financed by the DOD's Defense Advance Research Programs Agency ("DARPA"), and pioneered at MIT and Harvard.

Former CIA director [George Tenet](#) explained, "We [the CIA] decided to use our limited dollars to leverage technology developed elsewhere. In 1999 we chartered ... In-Q-Tel. ... While we pay the bills, . . . CIA identifies pressing problems, and In-Q-Tel provides the technology to address them."

"These suspects repeatedly tampered with critical scientific evidence. They coordinated censorship and whistleblower disparagement campaigns. They financed their biocrimes through 'captured' government agencies and made fortunes at the expense of human lives."

Typically, after the CIA's investments in start-ups mature, "The Company" transfers its assets to enterprise insiders. This assures loyalty and precludes discovery. This is how the National Security Crime Syndicate continuously operates "above the law."

Tying In-Q-Tel to Big Tech, on November 15, 2005, In-Q-Tel sold 5,636 shares of [Google](#), worth over \$2.2 million. The shares were a result of Google's acquisition of the CIA's start-up, [Keyhole, Inc](#), their satellite mapping software now known as [Google Earth](#).

In August 2006, In-Q-Tel had reviewed more than 5,800 business plans and invested approximately \$150 million in more than 90 companies. In 2016 it was funded with at least \$120 million per year primarily from the CIA, as well as the [NSA](#), [FBI](#), and [US Defense Department](#).

The CIA's In-Q-Tel also helped finance Peter Theil's [Palantir Technologies](#) – the U.S. military's chief data integration, search and discovery contractor, providing management know-how and secure "public/private" collaborations (i.e., criminal complicity).

In-Q-Tel also helped finance [Nanosys](#) – the nanotech components company intertwined with Microchip Biotechnologies. They provide data mining and intelligence analysis instruments for biodefense, including OpGen – the microbial genome analysis system.

According to [The Washington Post](#), "virtually any U.S. entrepreneur, inventor or research scientist working on ways to analyze data has probably received a phone call from In-Q-Tel or at least been Googled by its staff of technology-watchers."

Consequently, the National Security Crime Syndicate is evidenced by the actions of its agents and allied agencies, including the:

CIA/In-Q-Tel/Google/USAID/NIH/NIAID/USAID/DOD/DARPA/BARDA/CDC/FDA and alleged public interest organizations such as EcoHealth Alliance.

These nefarious interests, connections, and activities are apparent in the Fauci e-mails scrutinized by this author. Their collaborative investments featured information programs, propaganda 'smoke screens' about viruses emerging from "nature," lucrative outbreaks and experimental vaccines causing more and more deadly side effects. Add data-mining in healthcare using "novel" bio-electronic technologies such as the hydrogels injected into people's bodies, monitoring and/or altering more than the naive masses can conceive, and you have a recipe for totalitarian control over civilization.

SOLID EVIDENCE OF THE "NATIONAL SECURITY 'CRIME' SYNDICATE" IN FAUCI'S E-MAILS

Five weeks after the infamous "Teleconference," Fauci received an e-mail from Dr. Starnes E. Walker, a retired high-ranking official in the National Security Crime Syndicate. Walker's correspondence provides a wealth of intelligence as to who in the cartel is actually administering the bio-crimes.

Typically, 'compartmentalization' in this criminal organization is used to evade discovery. Officials are given information on a "need to know" basis only. Dim bureaucrats, thereby, remain clueless about their complicity in the organized crimes. The rest are complicit by willful-blindness.

The Fauci e-mails illuminate this darkness by vetting the names of the suspects, their positions and functions within the syndicate, and their importance or influence in the crime gang concealing the COVID/AIDS connection and the importance of the "Indian paper."

For example, Dr. Walker, a member of the Homeland Security Experts Group, MITRE, engaged in "Global Strategy Officer-Defense & Homeland Security/Intelligence" with the ANDE Corporation, solicited Fauci concerning the syndicate's commercial advancements in genetic testing for infectious diseases.

Therein, secret censors redacted Walker's identity as the source of this correspondence. But despite their gross redactions (i.e., evidence tapering) in the Fauci e-mails, they made a costly mistake. They overlooked Walker's name (and position in the National Security enterprise) on the second and third pages of Fauci e-mails dated March 7, 2020, as shown in the next section.

You can read about Walker's connections to several of the most powerful officials in the shadow-government's military, biotechnology, 'biodefense,' National Security, and genetic data-mining industry.

Dr. Walker's e-mail to Fauci on March 7th takes investigators into the 'lion's den' of the National Security Crime Syndicate, behind the "COVID Coup," and much of the world's most murderous acts.

Walker made known he worked with Fauci and the highest-ranking bio-intelligence insiders, including Dr. Joshua Lederberg.

“History Repeats When You Don’t Learn History”

Lab virus outbreaks repeat when their sources remain a “mystery.”

I wrote about Dr. Joshua Lederberg 25 years ago. I was appalled that Lederberg eventually caved to political and financial pressures. He first championed moratoriums against bioengineering dangerous lab viruses. I evidenced his unethical conduct in [Emerging Viruses: AIDS & Ebola—Nature, Accident or Intentional?](#) Lederberg was presumably pressured to ‘shut up.’

Lederberg had privately analyzed what I later published—Ebola’s true source in an ancestor lab virus, not a “bat” as Dr. Daszak’s of the EcoHealth Alliance falsely reports.

Lederberg knew that Ebola’s immediate” predecessor was the Marburg virus. That plague emerged simultaneously in three European *vaccine production facilities* in 1967. It was hard to pin that on “nature.”

So the syndicate concealed that knowledge most effectively. Officials hid the fact that Ebola’s mother—Marburg—came from a shipment of ‘vesicular stomatitis’ infected primates shipped by the NIH’s, NCI’s and U.S. military’s main monkey, chimpanzee and cancer virus supplier. That was Litton Bionetics, a division of Litton Industries.

Litton’s activities, especially with Robert Gallo, were at the heart of the National Security Crime Syndicate’s biological weapons and “cancer prevention” programs.

Litton’s successor, McDonnell Douglas, was also a top military contractor. Those companies manufactured virtually anything the National Security cartel needed for alleged ‘defense,’ actually profit and power.

Tony--
It has been awhile since we have worked together since my time as the senior SES standing up DTRA (with the help of Josh Lederberg M.D. & Dave Franz DVM who you know), at Argonne/UofChicago establishing your NIAID RBL with Olaf Schneewind M.D., and as the DHS Director of Research reporting to SEC Michael Chertoff & U/S Jay Cohen (RADM-ret). Michael & Jay brought me aboard when Jay was our Chief of Naval Research at ONR and I was ONR's Executive Director & Chief Scientist. I know you have your hands very full with the

COVID-19 threat, so I wanted to give you a heads up that a game changer for enhanced detection of COVID-19 has emerged. Thanks to DARPA & DHS S&T sponsorship in years past of ANDE developing a real time Rapid DNA microfluidics system for human identification, the ANDE group has a breakthrough for detection of COVID-19 and to the future, other emerging threat viruses.

As you may know the ANDE system for human identification (e.g. CT & DHS missions) is mature and now deployed operationally/tactically by CENTCOM, DIA, the IC and used most recently by DHS in their recent test bed in El Paso to demonstrate its effective capabilities to determine family relationship in undocumented minors. Additionally ANDE is in use by law enforcement and by officials responding to mass casualty events (CA 2018 Camp Fire disaster, 2019 Conception dive boat fire, and the very recent 2020 tragic helicopter crash) to ID the victims.

The ANDE system now provides 2 hour turnaround with no special training requirements as a stand-alone system for all the above users. Our warfighters and special operators are using the ANDE system now in field forward operations and it meets MIL specs & is the only system certified for data submission to the DoD ABIS/DIA DNA repository and FBI CODIS data base. The

executive summary and a more in-depth document for your teams review. Hope the above is helpful and I stand ready to provide any additional information. I have cc'd Jim Davis (ANDE Chief Federal Officer). Additionally since it has been some time since we have worked together I have attached my bio and that of ANDE's Chief Scientific Officer & Founder, Richard Selden M.D., Ph.D.

Tony thanks for considering this in your very busy life now and I will look forward to seeing you again.

Best regards--

Walker's e-mail to Fauci on March 7, 2020, directly connects to the heart of this crime syndicate that reaches to the 'eye of the pyramid' in Klaus Schwab's [World Economic Forum](#). That entity co-sponsored of the infamous "Event 201" with the Bill & Melinda Gates Foundation.

Event 201 was the "[predictive programming](#)" conference held in New York through Johns Hopkins. These chief suspects and financiers are linked to Walker's promotion of [ANDE—the Aspen Network of Development Entrepreneurs](#). And Walker reveals much more evidence for criminal indictments.

DNA repository and FBI CODIS data base,” Walker concluded with one important section being redacted by someone in the syndicate.

Walker’s E-mail to Fauci Ties the COVID Crime to James Murren, Saudi Princes, and George Soros’s Inside Trading

Dr. Walker’s disclosure that he served as the Executive Director and Chief Scientist for the Office of Naval Research (“ONR”), and reported to Michael Chertoff—the Secretary of Homeland Security under the George W. Bush’s administration; and Jay Cohen, the Chief of Naval Research, exposes Fauci’s criminal ‘inner circle’ controlling the science, public health politics, policies, and economics of the COVID crime.

The leading role of the U.S. Navy in biological weaponry was firmly established by the science that I reviewed in [*Emerging Viruses: AIDS & Ebola—Nature, Accident or Intentional?*](#). I covered the fact that the Navy has always been at the forefront of “public health,” and biological weapons research and developments.

The Navy, working within and through the [*Special Virus Cancer Program*](#), often tested biological weapons with the CIA under projects known as MKULTRA and MKNAOMI. If you look carefully, you will see all of the top public health officials are wearing U.S. Navy uniforms.

Here, in Fauci e-mails, Walker corroborates the complicity of the Department of Homeland Security, the U.S. Navy, and the CIA, in administering the COVID “great global reset” scheme.

In my 2018 book, [*The Las Vegas Deep State Massacre*](#), co-authored with Sherri Kane and J.T. Kong, Michael Chertoff and the CIA played major roles along with Homeland Security’s chief infrastructure corporatist, James Murren—the CEO of MGM Grand Resorts International; Saudi Prince Al Waleed; George Soros, and their associates in In-Q-Tel that capitalized on their foreknowledge of the massacre and subsequent security businesses.

At that time, presumably to the present, CEO Murren of MGM was the leading presidential advisor and sitting member of the Department of Homeland Security's National Infrastructure Advisory Council. As such, Murren and his fellow "inside traders," including Michael Chertoff, leveraged their National Security intelligence positions to profit from the shootings. More than 500 concert-goers were killed or wounded.

Key Suspects in the Las Vegas 'Deep State' Massacre

James Murren Norm Augustine Michael Chertoff

WarOnWethePeople.com

The falsely alleged “lone gunman”—Stephen Paddock—was suspiciously tied to his former military weapons employer, Lockheed Martin. Gambling was Paddock’s underworld activity at MGM. (Recall that In-Q-Tel was launched in 1999 by Steven Paddock’s former employer, former executive of Lockheed Martin, Norm Augustine.)

In [The Las Vegas Deep State Massacre](#), we identified Chertoff as a corrupt lawyer. He was appointed Secretary of Homeland Security. He co-authored the infamous [USA PATRIOT Act](#).

When Chertoff left his Homeland Security post he formed “The Chertoff Group.” He took with him eleven members of the DHS and CIA, including [Reginald Hyde](#)—a key secret agent who helped establish the [CIA’s In-Q-Tel investment group](#).

This is how the CIA, In-Q-Tel, and World Economic Forum elite administer or commercialize pandemics, mass shootings, bio-warfare, cyberwarfare, the DOD and DHS, “national defense,” and related “National Security” products and services.

This is largely the COVID criminal enterprise.

The Chertoff Group quickly became a major player in the world of security systems, technologies, and investment banking. Chertoff’s comrades commanded the mainstream media fear and propaganda campaigns through which they profit from sales of the companies’ goods and services.

[Chertoff’s “Deep State” cohorts against Trump include Ret. Col. Stanley McChrystal](#), owner of the lucrative consulting firm, [the McChrystal Group](#). Aside from administering the “COVID RESPONSE” for large metropolitan city governments, along with their “preparedness” and pro-vaccination propaganda campaigns, the McChrystal Group directs agents to commandeer the social media to disparage and “neutralize” anti-vaxxers. Kane and I made these facts known in our multi-award-winning film, [Un-Vaxxed: A Docu-commentary for Robert de Niro](#).

In [The Las Vegas Deep State Massacre](#), we noted that Anonymous, Google, and their allied trolls disrupting the social media, used military neuroscience, psyops, and “bots” to promote the Chertoff Group’s “security services.” This criminal activity enriched the underworld’s partners, including The Carlyle Group and the Coalfire cybersecurity syndicate.

Chertoff & Carlyle Group Bet on CyberSecurity: Buy Coalfire

THE CARLYLE GROUP

Meanwhile, George Soros, who is widely known for financing America's fall into corporate fascism, radical socialism, and Communism, is no dummy. The Soros Fund invested heavily in The Chertoff Group's Operational Security Solutions (OSS) company. This security systems enterprise was formed by Chertoff and his CIA buddies.

Soros and the syndicate made massive amounts of money from security investments in the aftermath of the Las Vegas Deep State Massacre and COVID-19.

Suffice it to say, the National Security 'Deep State' Crime Syndicate that administered the deadliest mass shooting in American history maintains the murderous mind for planning and administering the COVID Coup.

Fear Pays: Chertoff, Ex-Security Officials Slammed For Cashing In On Government Experience

By Bruce Green

After last month's plot to send bombs from Yemen to the United States aboard a cargo plane, former U.S. Homeland Security chief Michael Chertoff's whistleblower charge was ubiquitous on cable news. Relentlessly warning that the nation needed stronger security procedures, Chertoff patiently repeated his talking points on ABC News's "World News, Tonight," Fox and Friends, CNBC's "Squawk Box," and Bloomberg TV.

Almost unmentioned in these appearances: Chertoff has a lot to gain financially if some of these measures are adopted. Through his private consulting firm, The Chertoff Group, and seats on the boards of giant defense and security firms, he sits at the heart of the giant security nexus created in the wake of 9/11, in effect creating a shadow homeland security agency. Chertoff launched his firm just days after President Barack Obama took office, eventually recruiting at least 11 top officials from the Department of Homeland Security, as well as former CIA director General Michael Hayden and other top military brass and security officials.

FAUCI'S MOST INCRIMINATING AND CENSORED E-MAILS

Experts Lied About COVID's Lab Origin and 'Gain of Function' to Secure Their Positions and Criminal Enterprise

As mentioned above, urgently, on Sunday morning, February 2, 2020, at 10:32, the Dean of Harvard's Medical School, and Professor of Biological Chemistry and Molecular Pharmacology, Dr. Daley, contacted Fauci "to coordinate a response" to Pradhan's revealing "Indian paper."

Dean Daley was already afraid of losing his life, his career, and his livelihood in the wake of the still festering Charles Lieber scandal. That crime story broke a few days

earlier. The FBI had arrested Lieber, age 60, for lying about his role in Chinese espionage.

Lieber was the Chair of the Department of Chemistry and Chemical Biology at Harvard. He had two Chinese students who were illegally “aiding the People’s Republic of China,” the FBI’s press release read. Lieber was charged with lying about “his involvement in the Thousand Talents Plan affiliated with the Wuhan University of Technology (WUT) and Chinese military. Secret agent, “student” Yanqing Ye, lied about her ongoing military service at the National University of Defense Technology (NUDT), a top military academy directed by the Chinese Communist Party (CCP).

Further quoting the [FBI's press release](#), “a search of Ye’s electronic devices demonstrated that at the direction of one NUDT professor, who was a PLA Colonel, Ye had accessed U.S. military websites, researched U.S. military projects and compiled information for the PLA on two U.S. scientists with expertise in robotics and computer science. “Robotics” and “computer science” intertwined Charles Lieber’s work at Harvard with Robert Langer’s lab activities at MIT.

“[A] review of a WeChat conversation revealed that Ye and the other PLA official from NUDT were collaborating on a research paper about a risk assessment model designed to decipher data for military applications. During the interview, Ye admitted that she held the rank of Lieutenant in the PLA and admitted she was a member of the CCP. . . . Ye admitted that she held the rank of Lieutenant in the PLA.”

What a “risk”! Assessing “data for military applications” in Lieber’s and Langer’s data mining field of nano-bioelectronics and robotics. This is central to super-soldiering, Klaus Schwab’s and Bill Gates’s interests in transhumanism, the developing military cyborg industry, and the future of commercial “data mining” in human bodies.

The FBI was “captured” to lie about all of this. The agency did not reveal (they concealed) the aforementioned facts for obvious geopolitical and financial reasons.

The FBI affidavit indicting Lieber said he was transferring car battery technology to the Chinese illegally. But the transfer of nano-bioelectronic vaccine hydrogel knowhow must be presumed from public access science showing Lieber’s close collaborations and co-publications with MIT’s most famous entrepreneur in these fields—professor Langer.

To make matters much worse, the founding director of the Langer Lab, associated with MIT’s Media Lab, had been exposed months earlier for taking money from Jeffrey Epstein’s group of investors, including Bill Gates.

Consequently, Harvard Dean Daley’s e-mail to Fauci to “coordinate” whatever spin the cartel was going to output on the “Indian paper” regarding the lab origin and HIV-infused spike protein of COVID-19, was *URGENT*.

“[P]lease do not hesitate to try my cell (phone number redacted) anytime today,” the Dean Daley wrote Fauci.

Again, this was a Sunday—the day they planned for the ubiquitously-urgent “teleconference.” It was organized by the Fauci-Collins administration of spin-doctors and Jeremy Farrar—the Wellcome Trust Director. Participants included on Farrar’s e-mail to Fauci et. al. included many of the world’s leading experts in evolutionary virology, and Mike Ferguson, a senior fellow at the alleged non-profit [Center for Medicine in the Public Interest](#) (“CMPI”). The CIA is presumed by the evidence to be connected to the CMPI with certain interest in the teleconference.

All the above had a ‘meeting of the minds’ as to how to “coordinate” concealing the most damning science in human history.

That day, the teleconferees decided how they would discredit, disparage, smear and neutralize the science reported by Pradhan et. al. They decided that Kristian Andersen and Bob Garry were best suited to write a fraudulent science paper subsequently published in *‘Nature Medicine’*. That article was used to discredit Pradhan et. al.’s IBM Watson computer analysis that showed four unique HIV/AIDS spike protein genes had been inserted into the CoV/SARS mutant.

That was/is the “gain of function” used to hyper-weaponize Daszak’s bat viruses to deliver mRNA ‘payloads’ of infectivity. In their minds, that required suppression. Fauci and his friends acted to conceal this truth to immunize their criminal enterprise and secure their programs and profits.

The Harvard-China “Evergreen” Enterprise

Notably, at the time the “Indian paper” was published, Harvard was swarming with Chinese military agents and entrepreneurs invested in the COVID scheme. On Fauci e-mail page 3140, Dean Daley informed Fauci that he had met the day before (on Saturday, Feb. 1), with “a team led by Jack Xia, the CEO of China’s Evergrande Company, and Dr. Jack Liu, Evergrande’s chief health officer, who stated they were acting on behalf of Dr. Zhong Nanshan, China’s key point person on the coronavirus outbreak.”

Evergrande is presumably a real estate money laundering enterprise directed by [Hui Ka Yan \(a.k.a, Xu Jianyin\)](#), one of China’s richest industrialists with a net worth of \$30 billion. Evergrande’s projects include “Evergreen Oasis Wuhai” and “Evergreen Spring City,” both sharing the name of the CIA’s infamous front company “[Evergreen](#)”—meaning ‘always making money’.

Quoting another known CIA front called [Wikipedia](#), Evergreen’s “*aircraft supported United Nations peacekeeping operations in 30 countries; flew ‘insect-eradication’ missions throughout Africa; . . . [and] operated helicopters for FEMA following Hurricane Katrina in Louisiana. Commercially, the Evergreen airline helped build the Trans-Alaska Pipeline; and developed and serviced the offshore oil and gas market with helicopter support worldwide via its [Evergreen Helicopters](#) division.*”

Thereby, from Cambridge to China, or Alaska to Africa, the internationally active Harvard scientific business group contacting Fauci on teleconference day helped ‘coordinate’ the spin of the most urgent matters condemning the worlds of science and medicine to deadly and demonic fascism.

As further explained below, the “COVID Coup” and media cover-up, sources from what has been accurately diagnosed as the National Security State’s money-laundering megalopolis that slowly but surely “captured” the international scientific communities, global commerce, geopolitics, and economics.

“[T]he internationally active Harvard scientific business group contacting Fauci the day of the teleconference was solidly evidenced ‘coordinating’ the spin of the most urgent matters condemning the worlds of science and medicine to deadly and demonic fascism.

“I am not naïve to the challenging politics of such a relationship,” Dean Daley cajoled Fauci. “I do not want to complicate or duplicate efforts already underway. . . .”

Fauci freaked. “There is no real ‘coordination’ of this response,” he rebuked Daley to protect his interests and the crime syndicate from conspiracy charges.

Fauci obviously feared someone might intercept or read these e-mails. The flim-flam Fauci cunningly diverted to the “Chief Scientist at WHO,” Dr. Soumya Swaminathan, who was “organizing a meeting” two weeks later in Geneva.

By then, the Indian paper was to be silenced and discredited.

Cover-up Mission Not Impossible But Criminal

“Geeez,” Fauci replied to Courtney Billet about the media “[s]eeking comment on [Pradhan et. al.’s] Indian paper about new Coronavirus”. (See page “3121” of the Fauci e-mails.) Billet was the chief propagandist at the NIH, the Director of the Office of Communications and Government Relations (OCGR).

“Talk about trying to put the genie back in the bottle!” Billet wrote, realizing his job was to do precisely that. *“Yeesh.”*

The “genie” was the lab engineering of the COVID-19 virus containing HIV’s spike protein. The “bottle” was the secret enterprise that had done this to humanity—the greedy and willfully-blind criminal cartel that caused millions of deaths, trillions in damages, and took over the world.

Courtney Billet’s subordinate was assigned to do the dirty work—spin the “genie” and conceal the “bottle.” At the same time Harvard’s Dean Daley sought instructions to “coordinate” the spinning and disappearing act.

Jennifer Routh, the OCGR’s “News and Science Writing” Director, responded: *“We consulted with HHS [i.e., Department of Health and Human Services] and ASF [[Acquisition Services Fund](#) that intertwines business deals with private companies for the U.S. Department of Defense, the U.S. Department of Homeland Security, the U.S. Department of Justice (including the federal courts and the FBI), the Department of Agriculture, and the HHS]. OCGR is going to send a note to the reporter[s] to decline [all media requests for comment on the Indian paper], noting that the paper is not peer-reviewed.”*

“Please let us know if you receive similar requests,” Routh wrote to keep a lid on the scandal. She had already been ordered by [Barney Graham](#), the Deputy Director of the NIH’s Vaccine Research Center, not to answer “without *high-level input*.” (Emphasis added. See Fauci e-mails, pg. “3122”.)

Graham’s presence in the cover-up exposes gross conflicting interests at the NIH and NIAID under Fauci’s leadership. Graham personified the “dual purpose” financing and public/private partnerships between the government and vaccine companies, especially Moderna and Pfizer. Graham co-authored a paper titled “[An mRNA Vaccine against SARS-CoV-2 – Preliminary Report](#).” This provides one astonishing example of such conflicting interests, and even criminal malfeasance.

Exemplifying gross hypocrisy, Graham et. al. reported in the *'New England Journal of Medicine'* (NEJM) that half of the participants who received their experimental vaccine suffered adverse events that "included fatigue, chills, headache, myalgia, and pain at the injection site. Systemic adverse events were more common after the second vaccination, particularly with the highest dose, and three participants (21%) in the 250- μ g dose group reported one or more severe adverse events." Nevertheless, Graham's group concluded, *"no trial-limiting safety concerns were identified."*

Thereafter, the damaging and deadly vaccine was brought to market by Graham's corporate allies, Moderna and Pfizer, and certified for "experimental" use on humanity by the FDA's Emergency Use Authorization (EUA).

What "high-level input" was Graham referencing and requiring to answer reporters questions about the lab virus origin of the Coronavirus/SARS/HIV recombinant?

Obviously, the buck stopped with top brass in the Chinese military, the U.S. Navy, and the allied intelligence communities comprising the National Security Crime Syndicate.

The end result of their criminal cover-up is graphed below. The U.S. Vaccine Adverse Event Reporting System ("VAERS") Data Burden from 1993 to 2021 shows a huge spike in reported deaths and illnesses as simply measured by the extraordinary increase in the annual data file demand in Megabytes ("MB").

The second set of VAERS data shows 389,323 adverse events reported by victims of Pfizer and Moderna mRNA vaccines January 1 thru June 28, 2021. These were unusually serious side effects or deaths.

Curiously, far higher numbers of mainly Pfizer and Moderna vaccine recipients, 503,422 to be exact, reported distressing symptoms resulting from their mRNA HIV/AIDS spike protein intoxications. This VAERS data is shown in the second set of screenshots below.

Divide to Conquer: Media Spins International Blame-Game to Divert Attention from Biowarfare

Western officials blamed China for the pandemic, and the Eastern media blamed the U.S. military, inter alia. The truth in both sides of the story got lost in the shuffle. That was the plan all along. The objective of putting politics before the facts diverts from the bio-crime and shields those responsible.

It was all a BIG LIE. All the official powers of the captured government, military, and science world, planned the COVID pandemic. Weighty evidence for this has been published by multiple sources, including this author's popular "[Coronavirus Predictive Programming](#)" video showing on RevolutionTelevision.net.

Time and again we witness the same syndicate agents, agencies, and institutions complicit in this litany of bio-crimes. The graphic below, for instance, evidences Peter Daszak's co-publication financed by the same federal suspects and private entities repeatedly implicated in suspicious plague outbreaks. Repeatedly, the actual "reservoir" or natural source of the outbreaks remained unknown—hidden.

Prior to the evidence compiled herein, profitable depopulation through this kind of biological warfare is insidious and has been extremely difficult to prove and prosecute.

That's why, unlike other weapons of mass depopulation, lab viruses are preferred, particularly by the "Rockefeller cartel."

Abstract

Bats are reservoirs for a wide range of zoonotic agents including lyssa, henipah, SARS-like corona, Marburg, Ebola, and astroviruses. In an effort to survey for the presence of other infectious agents, known and unknown, we screened sera from 16 *Pteropus giganteus* bats from Faridpur, Bangladesh, using high-throughput pyrosequencing. Sequence analyses indicated the presence of a previously undescribed virus that has approximately 50% identity at the amino acid level to GB virus A and C (GBV-A and -C). Viral nucleic acid was present in 5 of 98 sera (5%) from a single colony of free-ranging bats. Infection was not associated with evidence of hepatitis or hepatic dysfunction. Phylogenetic analysis indicates that this first GBV-like flavivirus reported in bats constitutes a distinct species within the *Flaviviridae* family and is ancestral to the GBV-A and -C virus clades.

Recently, the [Rockefeller Foundation](#) heralded its “international collaboration” with the Federal Republic of Germany’s [WHO Hub for Pandemic and Epidemic Intelligence](#), and the UK’s [Global Pandemic Radar](#), co-financed by Sir [Jeremy James Farrar](#) at the Wellcome Trust and World Health Organization.

“By the end of this year,” the Rockefeller press release reported, “we will transform the global capacity for stopping disease outbreaks in the first 100 days before they can begin to spread.”

What’s the catch?

To do this, extensive data-mining and analysis is required—precisely like those nanobioelectronic vaccine devices pioneered at Harvard and MIT, co-financed by the U.S. DOD.

Sir [Farrar](#), a British medical researcher and director of the Wellcome Trust since 2013, organized with Fauci and Collins the urgent “teleconference.” Farrar e-mailed Fauci about an hour after Harvard Dean Daley checked in. (See “3125”) Farrar too exhibited panic. The UK’s most powerful medical science financier expressed concern about World Health Organization (WHO) director Tedros Adhanom Ghebreyesus, and Tedros’s Cabinet chief, Bernhard Schwartländer, going into “conclave” over the Indian paper, heralding the ‘smoking gun’ HIV/AIDS connection to COVID-19.

Farrar, rather than using the word “lying” to describe what he expected his colleagues at the WHO to do for damage-control, Farrar’s mail to Fauci used the word “prevaricate” to conceal their syndicate’s anticipated fraud. Prevaricating is precisely what the teleconferencers decided they would do together.

Material to the alleged criminal patterns and practices of the chief suspects aforementioned, Farrar served as a professor of tropical medicine at the University of Oxford.

In writing Fauci urgently on “2-2-20” to discuss how all of their colleagues should lie about the Indian paper exposing HIV’s connection to the CoV/SARS lab virus, Farrar implicated Oxford as much as Harvard and MIT.

Oxford Joins Harvard and MIT as Co-Conspirators, Extending Their Pattern of Administering Mysterious Outbreaks

Faced with the same agents and agencies committing these bio-crimes against humanity, the 2015 mysterious Zika virus outbreak and [first Zika virus isolation](#) I tracked to Rockefeller Foundation agents who shipped the pathogen to Yale for “safe keeping.” Yale later sent the Zika virus, under Rockefeller license, to the American Type Culture Collection (ATCC) that sells germs to vaccine makers and bioweapons contractors worldwide.

I subsequently produced a [video slide presentation](#) to inform Hawaii (and later Florida) officials about the public health risks posed by Oxford’s spin-off company called Oxitec. My activism and whistleblowing went for naught.

That start-up company, Oxitec, followed the aforementioned CIA/In-Q-Tel’s pattern-and-practice of privately financing promising, albeit it murderous, businesses. In this case Oxitec had manufactured and deployed genetically mutated mosquitoes to, allegedly, fight Zika and dengue fever in Brazil.

Oxitec, a subsidiary of [Intrexon](#) that owes its allegiance to Oxford, was additionally financed by the [Bill & Melinda Gates Foundation](#), as well as *'New York Times'* investors that profited greatly from the Zika "pandemic."

According to company records, Oxitec manufactured the genetically-mutated mosquitoes tested in Brazil in 2014. Florida fools permitted the same to be done at the time of this writing.

Bill Gates is shown in videos and the above image [loosing](#) upon his audience the little beasts, and [defending Oxitec's mosquitoes](#).

Dengue vaccine partners in Oxford University's ISIS innovations, Oxford's Oxitec, and Intrexon, were also funded by BlackRock and the Evercore Company "private equity" investors. This is one more example of how the National Security Crime Syndicate deploys "novel" genetic biotechnologies to fight infectious diseases emerging from their labs. The suspects regularly invest in unnatural remedies, and dismiss or neutralize all risks that might lower profits.

We see the same pattern and complicity of *'NY Times'* Zika investor, owner Carlos Slim. Much like the *'New England Journal of Medicine'* investors in COVID-19 science, Slim's *'NY Times'* diverted the Zika virus mystery much like the CoV/SARS/HIV source diverts from incriminating facts and solid science.

The [Nature Medicine](#) Remedy in Fraud

The media “spin” that came out of the February 2, 2020 teleconference relied on attendee Kristian Andersen and his subsequent publication in *Nature Medicine* six weeks later. Fauci announced this paper at a White House press conference shortly after the teleconference. Yet, Fauci stealthfully lied about (and concealed) the names of the authors, Andersen and Garry, with whom he plotted the *Nature Medicine* whitewash during the teleconference ‘meeting of the minds.’

During that period, officials at the ‘highest-levels’ of the corrupted governments in the U.S. and China forbid their complicit agents and “scientists” to discuss the matter (other than to discredit the Pradhan group’s report).

At that time, for instance, Tucker Carlson on FOX News reported that anyone advancing the lab origin of COVID “conspiracy theory” was “lying.”

In fact, everyone dismissing the lab source theory at that point was either stupid or ‘prevaricating,’ as Farrar put it.

On March 17, 2020, the news media heralded Kristian Andersen’s smoke-screen “study” in *Nature Medicine*. Andersen worked at The Scripps Research Institute of La Jolla, CA. His co-author and co-conspirator in misrepresenting COVID-19’s “natural origin” was Robert F. Garry of Tulane University in New Orleans. Garry was also an official in Zalgen Labs of Maryland. Their study, titled [“The proximal origin of SARS-](#)

[CoV-2](#)”, supposedly “clearly show[ed] that SARS-CoV-2 is not a laboratory construct or a purposefully manipulated virus.”

This opposition to “conspiracy theories” prompted international ‘fake news’ headlines such as, “[Sorry, conspiracy theorists. Study concludes COVID-19 ‘is not a laboratory construct’.](#)”

In response, this author critically examined the Andersen and Garry et. al. study. I solidly refuted their conclusion. I explained why their team had gross conflicting interests in working with Fauci who had much to hide.

These two grant recipients had huge incentives to misrepresent important facts. Based on Andersen’s conflicting writing to Fauci the day before the teleconference, Andersen, Garry and Fauci committed frank *fraud* and the felony of evidence tampering for their enterprises’ *cover-up*. These covert accomplices in treason and bioterrorism purportedly debunked the lab origin theory placing the nations and global populations at greater risk. Concealing timely exposure of the lab origin and genetic mutations with HIV-1 spike protein genes could have encouraged earlier more varied remedies. By concealing the evidence, and the teleconference plot, Andersen and Garry became accomplices in the wider criminal conspiracy detailed herein; causing massive numbers of people to die.

In Andersen’s e-mail to Fauci on Friday, January 31, 2020, that is the same day the “Indian paper” hit their radar screens, Andersen wrote Fauci concerning “Science: Mining coronavirus genomes for clues to the outbreak’s origins.” In his first paragraph he controverted his ‘*Nature Medicine*’ fraud by stating:

“The unusual features of the virus make up a really small part of the genome (<0.1%) so one has to look really closely at all the sequences to see that some of the features (potentially) look engineered.”

[News breaking](#) at the time of this writing prove gene sequences were initially identified from early victims at the Wuhan Seafood Market, but later censored by NIH officials. These concealed gene sequences are presumably those from HIV-1 also concealed by Andersen and his co-authors. That is, the gain-of-function spike protein “smoking gun.”

Supposedly, this censorship was administered by the NIH directors at the request of the [Small authors](#) who reported them. The bulk of these authors, who allegedly asked Collin’s NIH to delete the scientifically-determined gene sequences, worked for the “China State Key Laboratory” bureaucracy controlled by Harvard’s partner “Dr. Zong.”

This additionally incriminates Harvard principals, Dean Daley and Charles Lieber particularly.

These facts explain why Andersen, Garry et. al. published their lies—the opposite to what they witnessed looked “engineered.” Anderson and Garry followed their

instruction from Fauci, Collins, Farrar and intelligence community officials during and after the teleconference.

Contrary to Andersen's e-mail to Fauci on January 31st, they published in [Nature Medicine](#), "Our analyses clearly show that SARS-CoV-2 is not a laboratory construct or a purposefully manipulated virus." They 'prevaricated' that the lab virus origin theory was "improbable."

Clearly Andersen, Garry et. al. were influenced as to how they should write the article, and how it should deny Pradhan's findings of HIV genes, and the "gain of function" lab manipulation giving rise to COVID-19.

Proof of Andersen, Garry et. al.'s unscientific criminal influence is in Andersen's March 6, 2020 e-mail to Fauci, Collins, and Farrar that states: "Thank you again for your advice and leadership as we have been working through the SARS-CoV-2 'origins' paper. We're happy to say that the paper was just accepted by Nature Medicine and should be published shortly (not quite sure when). . . . Tony, thank you for your straight talk on CNN last night – it's being noticed." (See: "2401")

Fauci replied, "Thanks for your note. Nice job on the paper." (See also: "2401")

Criminal Violation of Title 18 U.S.C. § 1519

Soon after the 'Nature Medicine' fraud and genocidal misrepresentation on the lab origin of CoV/SARS/HIV, I [wrote that Andersen, Garry et. al. violated Title 18 U.S. Code § 1519](#), that precludes the "Destruction, alteration, or falsification of records in Federal investigations . . ." It states: "Whoever knowingly . . . conceals, covers up, falsifies, or makes a false entry in any record, document, or tangible object with the intent to impede, obstruct, or influence the investigation or proper administration of any matter within the jurisdiction of any department or agency of the United States . . . , or in relation to or contemplation of any such matter or case, shall be fined under this title, imprisoned not more than 20 years, or both."

Thus, Andersen/Garry and their criminal cohorts must be brought before a grand jury immediately to administer justice.

Pursuant to this charge of criminal conduct by Andersen, Garry, and their co-authors, the day after the teleconference, on February 3, 2020, President Trump's Director of the [Office of Science and Technology Policy](#), Kelvin K. Droegemeier, [initiated a federal investigation into this precise subject—the alleged laboratory origin of the 2019 coronavirus](#). Droegemeier wrote to the National Academy of Sciences (NAS) President, Dr. Marcia McNutt, to begin this urgent probe. This federal action prompted this author's corresponding "[Intelligence Memorandum](#)" to Droegemeier and Chad Wolf, Acting Secretary U.S. Department of Homeland Security, on February 10, 2020.

Therein, I wrote about Title 18 U.S. Code § 1519 alleged violation. At that time I did not conclude sufficient evidence existed to charge Fauci et. al. with a bio-crime under 18

U.S.C. § 175 “Prohibitions with respect to biological weapons,” and/or 18 U.S. Code § 2332a – “Use of weapons of mass destruction.” Now sufficient evidence for these charges arguably exist. This decision should be made by a state attorney general and grand jury, not untrustworthy (presumed corrupt) DOJ agents.

There is probable cause to presume guilt, and bring the evidence to a grand jury for indictments, for the following facts:

(1) The suspects fraudulently concealed and disparaged the findings published by Pradhan’s group in the “Indian paper.” They concealed the four genes from the AIDS virus spike protein in the SARS CoV-2 previously cultured bioweapon. ‘Mens rea’ (willful intent or ‘scienter’) is evidenced because the complicit agents knew honest disclosure posed an economic threat to their commercial enterprise.

(2) The suspects committed an organized criminal conspiracy to falsify the origin narrative, leverage the media to defraud the public, and lull society into compliance with profitable vaccination, masking, social distancing, objectives, all profiting the multi-national (global elite) corporations active in this National Security Crime Syndicate.

All in all, these co-conspirators lied to discredit science and news reports that said [“Coronavirus Contains ‘HIV Insertions’, Stoking Fears Over Artificially Created Bioweapon.”](#)

(3) The NIH too, coordinated their cover-up. They subsequently censored the spike protein genetic sequences published in the *Small* report in favor of the institute’s Harvard and Chinese partners, including Dr. Zong’s Key Laboratory group known to be controlled by communist China and its anti-capitalist military.

(4) The suspects abused mass media outlets, and deprived the public of alternative medicines and natural remedies, in reckless or malicious disregard of the public’s health and safety.

(5) The suspects arguably violated Title II of “Enhancing Controls on Dangerous Biological Agents and Toxins,” Sec. 201 (Sec. 351A), because the suspects are “reasonably suspected” of “(I) committing a crime set forth in section 2332b(g)(5) of title 18, United States Code (Acts of terrorism transcending national boundaries involving the [“Federal crime of terrorism”](#)).

That means an offense that— *“(A) is calculated to influence or affect the conduct of government by intimidation or coercion, or to retaliate against government conduct” (the latter damaging the Trump administration especially) “. . . II) knowing involvement with an organization that engages in domestic or international terrorism [such as China that helps finance terrorist regimes in the Middle East, for instance] (as defined in section 2331 of such title 18) or with any other organization that engages in intentional crimes of violence [such as the CIA’s ‘spin off’ National Security enterprise known as “The Chertoff Group” (also implicated in the Las Vegas massacre)]; or (III) being an agent of*

a foreign power (as defined in section 1801 of title 50, United States Code);” as was Fauci and complicit agents including Peter Daszak and Harvard’s cohort.

“For purposes of this section, the term “for use as a weapon” includes the development, production, transfer, acquisition, retention, or possession of any biological agent, toxin, or delivery system *for other than prophylactic, protective, bona fide research, or other peaceful purposes.*”

Emphasis is added to the exception that would be used to exonerate the suspects. Prosecution depends on the definition of “peaceful purposes,” versus the intention to commercially manufacture, deploy, and thereby profit (politically and economically) from the development of the hyper-weaponized (i.e., gain-of-function) virus. Profiting from COVID’s “gain of function” biological weapon and disease induction cannot be reasonably construed as “peaceful purposes,” nor “prophylactic, protective, bona fide research” in the United States, or could U.S. financial and technical sponsorship in China, since this research was *prohibited* by official moratorium.

(6) The suspects appear to have also violated 18 U.S. Code § 2332a – Use of a [weapon of mass destruction](#)—“(1) against a [national of the United States](#) while such national is outside of the United States [as occurred in China and elsewhere in December 2019]; (2) against any [person](#) or [property](#) within the United States [as was done throughout the COVID pandemic], and . . . (D) the offense, or the results of the offense, affect[ed] interstate [and/]or foreign commerce, or, in the case of a threat, attempt, or conspiracy, would have affected interstate or foreign commerce; . . . (2) the term ‘weapon of mass destruction’ means— (A) any destructive device as defined in section 921 of this title ; (B) any weapon that is designed or intended to cause death or serious bodily injury through the release, dissemination, or impact of toxic or poisonous chemicals, or their precursors; (C) any weapon involving a biological agent, toxin, or vector (as those terms are defined in section 178 of this title); . . .”

(7) The suspects concealed by redaction of evidence (most heavily from January 31st to February 3rd), Fauci’s e-mails, thus reflecting a secret cabal, or the “[National Security Crime Syndicate](#),” implicating agents in the CIA/DOJ/FBI/FOIA pharmaceutical enterprise.

There was no officially announced criminal investigation. Thus, the redactions evidence obstruction of governmental operations and a violation of 18 U.S. Code § 1519. “Silence is evidence most persuasive.”

(8) The suspects are evidenced committing a ‘pattern-and-practice’ of deceptive trade in science and geopolitics surrounding outbreaks of numerous lab viruses, including HIV/AIDS, Ebola, Zika, HPV, and SARS as this author has documented during the past quarter century.

(9) The suspects operate a “health science racket”—an enterprise that profits from diseases, public deceptions, cultural indoctrinations, academic and governmental (i.e., institutional) impositions, and toxic vaccinations.

(10) The suspects include an identified ‘inner circle’ of agents who acted as co-conspirators in the COVID scheme. Those implicated in this global criminal organization, besides Andersen’s and Garry’s co-author, Andrew Rambaut (a British evolutionary biologist trained at Oxford), include the “teleconference” attendees listed in **Jeremy Farrar**’s e-mail to Fauci on Saturday, February 1, 2020, shown below.

(11) The suspects knowingly and willfully agreed to keep their teleconference discussion secret until they were instructed on further agreements (i.e., ‘meeting-of-the-minds’) evidencing criminal *mens rea*. Farrar, who organized and MC’d the teleconference wrote to the insiders in bold print, “**Information and discussion is shared in total confidence and not to be shared until agreement on next steps.**”

Other cited suspects include:

(a) **Mike Ferguson**, identified in the teleconference list of attendees, is a senior fellow at the alleged non-profit [Center for Medicine in the Public Interest](#) (“CMPI”). He is also a senior advisor and leader of the [BakerHostetler](#) law firm’s Federal Policy team. Under Ferguson’s leadership, the firm has provided government affairs and lobbying services to prosper businesses of all sizes, from global corporations to startup firms.

In 2016, Ferguson joined CMPI, that is described as a “free-market think tank” founded by the [Pacific Research Institute](#). (“PRI”) Under these circumstances of alleged COVID biocrime, with the aforementioned evidence collected, the CMPI and PRI are presumed to be operating as ‘fronts’ for CIA/In-Q-Tel and the National Security Agency to profit from healthcare and population-control commerce. CMPI’s advertised “research agenda deals with clinical outcomes and econometric studies that analyze the value of new medicines and genomic and molecular-based medical innovation,” according to the CIA-edited *Wikipedia*. “**Robert Goldberg**” is listed as the first “[Key people](#)” controlling the New York City based CMPI organization.

Goldberg’s association with **Michael Chertoff** further evidences the “[COVID-19 Coup](#),” and compounds evidence of malice in the National Security Crime Syndicate’s bioterroristic impositions to “destroy America from within.” This unconscionable, treasonous, and deadly healthcare, vaccination, and immigration agenda, such as imposed by the Biden Administration, evidences the crime syndicate.

Goldberg and Chertoff were co-defendants in a [lawsuit](#) brought by Chinese immigrants denied visas. Therein Goldberg is identified as the former “Consul General of the U.S. Consulate General, Consular Section, Guangzhou, P.R. China.”

More evidence of organized crime maximizing profits internationally comes from CMPI's officers having written articles opposing price controls and generic drug supplies from Canada. CMPI members oppose publicly-funded healthcare schemes and restrictions on drug advertising in the European Union.

Further evidencing its CIA connections, the CMPI is also linked to the International Center for Economic Policy Studies (ICEPS), later renamed the [Manhattan Institute](#). “The incorporation documents for the ICEPS were signed by prominent attorney [Bill Casey](#), later Director of the Central Intelligence Agency”.

Further evidencing the cabal's intent to destroy America from within, Former Director of the CIA, General David Patreaus, and former National Security Advisor and Secretary of State, Henry Kissinger; and former Department of Homeland Security Secretary (under President George W. Bush), Michael Chertoff, [opposed Bob Casey \(D-PA\)'s 2016 bill](#) to strengthen immigration policies and border security.

(b) **Edward “Eddie” Charles Holmes** is the co-author with Andersen, Garry, and Rambaut, of the fraudulent ‘*Nature Medicine*’ paper schemed during the teleconference. Holmes is an evolutionary biologist and virologist, and a [National Health and Medical Research Council](#) (NHMRC) since 2012. The Australian professor at the [University of Sydney](#) is also an Honorary Visiting Professor at [Fudan University](#), Shanghai, China (2019–present) as well as Guest Professor at the [Chinese Center for Disease Control and Prevention](#), Beijing, China (2014–present).

In March 2020, Holmes co-authored a paper titled *The proximal origins of SARS-CoV-2*, also published in the [Nature Medicine](#) ‘yellow press’ which debunked speculation the virus may have leaked from a research facility.

(c) **Marion Koopmans** is a Dutch virologist who is Head of the Erasmus MC Department of Viroscience. Koopmans participated in a 28-day mission to Wuhan to investigate the origins of the global COVID-19 pandemic. She was part of a team of experts appointed by the World Health Organization (WHO), along with Peter Daszak, who whitewashed the investigation. Following this WHO mission, “Professor Marion Koopmans,” and [Professor John Watson](#), were invited by the Chatham House, the Royal Institute of International Affairs, based in London, to be debriefed, implicating the Anglo oligarchy in the COVID biocrimes.

(d) [Stefan Pohlmann](#) (a.k.a., Prof. Dr. Stefan [Pöhlmann](#)) is the Head of the Infection Biology Unit, German Primate Center. There, Pohlmann and staff investigates “*how emerging viruses interact with host cells and cause disease.*” Their advertised “focus” is “*on lymphocytic choriomeningitis virus, Ebola virus, and SARS coronavirus. One aim of*

[their] research is to develop cell culture systems that allow predicting transmissibility and thus pandemic potential of emerging viruses.”

This statement of fact further evidences complicity in bio-crimes violating Title II of “Enhancing Controls on Dangerous Biological Agents and Toxins,” Sec. 201 (Sec. 351A), because Pohlmann’s complicity is “reasonably suspected” of advancing biological weapons for mass depopulation.

Pohlmann’s group advertisements make known their business includes development, production, transfer, acquisition, retention, or possession of biological agents, toxins, or delivery systems not for prophylactic, protective, bona fide research for peaceful purposes, but alternatively to generate mutant pathogens to study their gain-of-function pathogenesis.

Pohlmann’s group also [advertises](#) their expertise in developing and researching primate herpesviruses. “The transmission of herpes B virus from macaques to humans can cause severe disease while closely related viruses seem to be apathogenic in humans,” the group reported.

Gross fraud in the development and distribution of herpes virus mutants, including those responsible for human papilloma viruses (“HPV”), cervical cancers, and vaccines claimed to prevent them, was [published by Horowitz](#) on behalf of the Hawaii Department of Public Health that initially censored and illegally concealed from the public record that detailed scientific intelligence report.

(d) **Paul Schreier** is the Chief Operating Officer at [Wellcome Trust](#), and Jeremy Farrar’s companion. He joined Wellcome in September 2019, shortly before the infamous “Event 201” was administered; Six weeks later COVID-19 emerged as planned during that conference.

Schreier, subordinate to Farrar, is responsible for the effective and efficient delivery of Wellcome’s operations. His particular focus is on finance, grants, digital resources and emerging technologies. Before joining Wellcome, Schreier led Hakluyt & Company, prior to which he served as deputy secretary with responsibility for economic policy and strategy in the Australian Department of the Prime Minister and Cabinet. He was a partner with McKinsey & Co; and an officer in the Royal Navy, including a period in Command.

(e) **Patrick Vallance** (a.k.a., Sir Patrick John Thompson Vallance is a British physician, scientist, and clinical pharmacologist who worked in academia and the biotechnology industry. He has served as the Chief Scientific Adviser to the Government of the United Kingdom since March 2018. In 2006, in his mid-40s, he joined Glaxo-Smith-Klein (“GSK”), Pfizer’s owner, as head of drug discovery. Four years later he became head of medicines discovery and development, and in 2012 he was appointed head of research and development at GSK.

Vallance's teleconference attendance ties Pfizer and Moderna's mRNA vaccines to the aforementioned biocrimes. Deceptive science and unfair and deceptive commercial trade by Pfizer is the subject of this author's lawsuit against Pfizer in the Middle District Court of Florida.

This evidence ties Pfizer and Moderna to the National Security Crime Syndicate's 'inner circle.'

Final Note

The aforementioned facts evidencing organized bio-crimes committed by the named suspects in the "National Security 'Crime' Syndicate" will undoubtedly be attacked for debunking. This anticipated response to this article compounds evidence of the crime syndicate's pattern-and-practice of issuing propaganda and diversionary science to commit consumer fraud and indemnify those guilty of pan-genocide or 'humancide.'

We have witnessed this 'standard operating propaganda procedure' for 'damage control' numerous times since HIV/AIDS emerged from Litton Bionetics' lab in-or-about 1970 under U.S. military contracts and Congressional appropriations. (See the author's scientific report in [Medical Hypothesis](#).)

Recently, in the context of dismissing COVID-19's emergence from the Wuhan lab, ignorant or complicit agents have resurrected the old Russian blame game. Propagandists have long argued that Russia's KGB sourced false stories incriminating the U.S. military in the development of HIV/AIDS. In fact, the actual science corroborating this thesis was not advanced by Russian agents at all. This author joined six non-Russians internationally advancing the U.S. military/vaccine industry connection to the AIDS pandemic.

"Ye shall know them by their fruit," (Matthew 7:15–20). The science 'spin doctors' named above are liars and schemers who have killed millions of people. Today, their ravages and damages are mounting because people are cognitively-conditioned to disregard the 'elephant under the carpet' and 'nude emperor' parading on the world stage.

Although many are calling for criminal investigations at the time of this writing, no one has diagnosed the underlying pathology made crystal clear here in this report. The 'regulatory capture' of science, politics, the White House, the Justice Department, the Big Tech media, and all intelligence agencies East and West, by the National Security Crime Syndicate is implicated in the January 31 thru Feb. 3 e-mails of Fauci's e-mails.

A Nuremberg-like trial is well justified by the evidence in hand. Neglecting this necessity and public duty promises worsening depopulation bio-crimes. Such negligence invites the excuse that SARS/CoV-2/HIV will "naturally" mutate and recombine with more deadly viruses from "China," such as H5N1—the bird flu. That virus that kills nearly 60% of humans infected. This dire probability is based on science, and the crime syndicate's

pattern-and-practice, including efforts to censor this author and his intelligence on biowarfare risking civilization's extinction.

[Flu researcher Ron Fouchier](#), in 2013, fought similarly against these deadly powers on these urgent matters. Unconscionable impositions were authorized by the corrupted court.

Fouchier worked to release life-saving intelligence showing how easy and risky it is to hyperweaponize H5N1. The University of North Carolina and Wuhan lab subsequently demonstrated this with COVID-19.

Fouchier, like this author, was precluded by a court from advancing his warnings. In Fouchier's case, the devil-doers flipped his argument. The crime syndicate ruled that the knowhow to produce bioweapons of mass depopulation would fall into the wrong hands.
