

# Florida's Answer to Joe Biden & Jacob Rothschild!

Florida Governor Ron DeSantis on Wednesday did not mince words on a congested conference call with Biden and federal health authorities who are seeking to prohibit domestic travel to and from the Sunshine State. DeSantis and Biden exchanged salvos of biting barbs after the criminal president said the federal government had authority to “restrict movement” of the people.

Citing concerns over the widespread proliferation of Covid-19 variants, Biden said he might have to prohibit vehicle and air traffic until the CDC and NIH were confident that currently available vaccinations had a proven efficacy against emerging strains, such as highly transmissible anomalies from the United Kingdom, Brazil, and South Africa.

Also on the call were “Deep State” Dr. Fauci and acting CDC Director Rochelle Walensky, both of whom championed Biden’s idea and told DeSantis that surging cases in Florida threatened to undermine the federal government’s expansive efforts to mitigate spread across the country. Florida, Dr. Fauci said, was the epicenter of Covid-19 mutations, and argued that new variants accounted for between 15-35% of new cases in Florida.

Walensky argued on the call that any attempt by DeSantis to resist a federally mandated travel ban would be immoral, selfish, and possibly illegal.

Biden echoed her words, and he berated DeSantis for having left Florida's economy open during "the dark days of Covid." Moreover, Biden claimed he had unilateral and constitutional authority to protect the nation's health from "rogue politicians" acting in contravention of established health guidelines.

DeSantis's initial reply was brief and blunt: "I will not comply," he said, and then cited the CDC's own statistics showing a nationwide decline in active Covid-19 cases.

Florida had arrested the spread of Covid-19, DeSantis argued, and accused Biden of targeting Republican states that supported Donald Trump.

“Florida absolutely will not comply,” DeSantis repeated. “Instituting a travel ban or restriction of movement would be a gross example of federal overreach with no grounding in law or science. We have Covid-19 in check, and you’re trying to exert unlawful authority over our state and its people,” he chided Biden.

Biden then tacitly threatened to withhold federal funding and to deny Florida access to Covid-19 vaccinations.

“C’mon, man, Florida needs our help, and you need vaccines, which are hard to come by, isn’t that right, Dr. Fauci,” Biden said.

The “Deep State” doctor replied in the affirmative, telling DeSantis that he expects the prevalence of the UK variant to double or triple every week to 10 days.

“Governor, do you want to be responsible for reinfecting the nation? Truth is, we don’t even know how effective current vaccines are against the UK strain.”

DeSantis told Dr. Fauci he trusted his own state health authorities over financially incentivized federal officials.

“How much do you stand to earn from these vaccines, Dr. Fauci? And, Joe, if you continue with this course of action, I will authorize the state National Guard to protect the movement of Floridians,” DeSantis said.

“Address me as Mr. President or President Biden,” Biden said.

“I will not, and you can go fuck yourself,” DeSantis said before hanging up.

In closing, it seems obvious that Team Biden favors perpetual lockdowns and a stagnant economy, keeping Americans imprisoned under a de facto state of medical martial law. This was obviously the position from a post by LifeSiteNews.

WASHINGTON, D.C., February 12, 2021 (LifeSiteNews) – President Joe Biden, in a speech to the staff at the National Institutes of Health (NIH), suggested that Americans will be wearing face masks for the next year and not the 100 days for which he initially requested.

This announcement is a stark departure from Biden’s original plan to have Americans wear masks for 100 days.

Before taking office, Biden told the public: “The first day I’m inaugurated to say I’m going to ask the public for 100 days to mask. Just 100 days to mask, not forever. One hundred days.”

The president promised to mandate wearing “a mask wherever possible ... as the new president, I’m going to speak directly to the American people and say what I’m saying now: We need your help. Wear a mask for just 100 days.”

At the time, Biden went so far as to equate mask-wearing to being a symbol of patriotic duty, stating that a mask is an apolitical action: *“100 days to make a difference. It’s not a political statement, it’s a patriotic act.”*

Biden reiterated the notion of mask-patriotism in his speech to the NIH, in which he admitted, “I know it’s a pain in the neck, but it’s a patriotic responsibility.”

He went on to claim that “People are dying every minute from this pandemic,” and that *“masking is still the easiest thing to do to save lives. We need everyone to mask up.”*

Emphasizing what he sees as a grave duty, Biden said, “We’re in the middle of a war with this virus. It’s a patriotic responsibility!”

“Not only if you care about your family, but if you care about your fellow Americans.”

In concert with vaccinations, Biden claimed that masking will play a significant role “to drive down the numbers (of deaths from COVID) considerably.”

To demonstrate the severity of the “pandemic,” Biden noted that “More people died in the last 12 months than died in all four years of World War II, all four years.”

But conservative estimates put the global fatality of World War II at somewhere between 50 million and 70 million deaths. The more liberal accounts of COVID-19 deaths to date, including those who died with COVID and not necessarily from the virus, estimate around 2.4 people million have died from COVID-19, about 1/20th of the lower end of estimated deaths in World War II.

Be that as it may, Biden yet announced, “That’s why I asked (for masks to be mandated) with the full extent of my authority as President of the United States. I signed an executive order that requires masking on all federal property, on modes of travel, like planes, trains, and buses across interstate commerce.”

“We need everyone to do their part, for themselves, for their loved ones, and, yes, for their country. Mask up America, mask up.”

Biden’s remarks about a year of masking came as the one-year anniversary of “15 days to slow the spread,” a mantra Americans heard repeatedly in March 2020, approaches and as public health “experts” implore people to continue wearing masks even after receiving the much-hyped experimental mRNA coronavirus vaccine.

Hunter's dad has already revoked an executive order signed by President Donald Trump that barred communist China and other hostile foreign entities from gaining access to America's power grid.

Deceptively named the "Executive Order on Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis," Joe Biden's order undoing Trump's brings the United States one step closer to total absorption into the global system of technocratic authoritarianism.

Thanks to China Joe, Beijing now has direct access to a key piece of American national security infrastructure, and all under the guise of combating the ever-present boogeyman known as "climate change," with "public health" and "science" also thrown in for good measure.

Under Trump, Chinese interference with American infrastructure was on the chopping block. Trump had actively sought to ban, replace and set new criteria for bulk power system (BPS) electrical equipment coming from foreign countries, meaning Chinese equipment with possible hidden backdoors would not have been allowed in the United States.

"Foreign adversaries are increasingly creating and exploiting vulnerabilities in the United States bulk-power system, which provides the electricity that supports our national defense, vital emergency services, critical infrastructure, economy, and way of life," Trump's EO read.

"The bulk-power system is a target of those seeking to commit malicious acts against the United States and its people, including malicious cyber activities, because a successful attack on our bulk-power system would present significant risks to our economy, human health and safety, and would render the United States less capable of acting in defense of itself and its allies."

Joe and Hunter Biden are domestic terrorists and enemies of America

Trump's EO went on to delineate that foreign countries and nationals thereof are – or were now that the Biden regime is pulling the strings – prohibited from acquiring, importing, transferring, or installing any BPS equipment in the U.S. To allow otherwise would put the country at needless risk of a cyberattack or other malicious invasion.

Any existing BPS equipment deemed to be in violation of the aforementioned guidelines was slated to be identified, isolated, monitored or replaced, as appropriate – but not under Biden.

No, the Chinese puppet currently occupying the White House is more than fine with allowing his masters to gain a foothold into America's energy infrastructure. Expect rolling blackouts, utility warfare and a possible EMP (electromagnetic pulse) attack under Biden.

Just four days prior to the Biden regime taking over, then-Secretary of Energy Dan Brouillette issued a "prohibition order designed to reduce the risks that entities associated with the People's Republic of China pose to the Nation's BPS."

"The order prohibits utilities that supply critical defense facilities (CDF) from procuring from the People's Republic of China, specific BPS electric equipment that poses an undue risk to the BPS, the security or resilience of critical infrastructure, the economy, national security, or safety and security of Americans," a press release added.

Biden's EO undoes this directive, suspending Trump's for at least 90 days. Biden has also ordered the new Secretary of Energy and Director of OMB to jointly consider "whether to recommend that a replacement order be issued."

The fate of America's BPS, in other words, is now in the hands of Biden's hired lackeys, who almost certainly are working in the best interests of communist China rather than the U.S.

It all makes sense when considering that Hunter funneled millions of dollars into China General Nuclear Power Corp., a state-owned power company that was found to be guilty of stealing American nuclear technology for the Chinese Communist Party (CCP). This was all arranged after Hunter's dad departed from the White House back in 2017.

More news stories about Sleepy Joe's treasonous actions against the United States can be found at [Treason.news](https://www.treason.news).

Joe Biden as this shows has revealed in an assortment of ways that he is loyal to the Chinese Communist Party. Nothing more is as true as his giving the CCP control over the national electrical grid. Ethan Huff of 'NewEnergyReport' validates the ties that Joe Biden and his son have had with the CCP.

Maybe a few more governors will follow the lead of Florida's Governor Ron DeSantis, and put a stop to the lunacy.

An issue that was never addressed during the Democrats campaign, and should Joe Biden become disabled in his office, then you need to be aware of this.

We have her birth certificate should you be a skeptic of Pastor Bob's evidence below. The illegal Vice President Kamala Harris's parents were citizens of India and Jamaica at the time of her birth. There is obviously very little that is genuine about this 2020 election. As long as this lie is allowed to be propagandized as truth we have no reason to trust the leaders of our country and our votes are meaningless and going through the motions of giving credence to those who commit and perpetuate election fraud,
