

Here's the Covid Game Plan for Global Genocide and Enslavement of Humanity

Anatomy of the Covid *Plandemic* International Crime Scene

Submitted by The Armchair Covid Crime Investigator on June 10, 2021
State of the Nation

What follows is the shockingly intentional step-by-step criminal conspiratorial plot to commit global genocide and seriously debilitate populations around the globe via various type of COVID-19 bioweapons and the ensuing Covid *Super Vaccination Agenda*.

Given the sheer depth and breadth of this worldwide scheme to deliberately kill and/or injure as many human beings as possible, it's clear that every major government,

globalist institution, Fortune 1000 corporation and nongovernmental organization (especially healthcare), which is controlled by the *New World Order* globalist cabal, had to have had foreknowledge of this highly complex criminal scheme. Therefore, each remains an unindicted co-conspirator in the greatest crime spree ever to be perpetrated against the entire human race.

Now, here's what these inconceivably brazen, desperate and reckless Covid criminals meticulously planned out in advance with great attention to the malevolent details.

1) First, the Covid perps quite stealthily and strategically launched a series of bioweapons across the planet in major metro areas where the military deployment of 5G had taken place throughout 2019.

2) Then, they purposefully labeled the sophisticated bioweapon — SARS-CoV-19 — in order to mislead governments everywhere as well as to confuse and confound the international healthcare community. It's not a coronavirus and has never been isolated scientifically; but is more likely a mix of different pathogenic micro-organisms that includes a bacterial, parasitical and/or viral component.

3) Next, they knowingly distributed a highly defective COVID-19 PCR Test Kit that was guaranteed to give numerous false positives as well as false negatives. Those kits were mysteriously stockpiled around the world for rapid dissemination prior to the first release of COVID-19 in Wuhan, China. The long contaminated nasal swabs were also used to either vaccinate the test victim or transmit COVID-19 to them.

4) In the meantime, the top controllers of this extremely complicated bioterrorist operation were determined to prevent any COVID-19 treatment plans, remedies and/or protocols from being approved by any government on Earth. There has never been such a highly coordinated campaign to dismiss proven treatments for a deadly contagion in world history.

5) By quickly and effectively banning the use of successful medications for COVID-19 throughout the world community of nations, they set the stage for fake vaccines to be developed and administered in record time. The various injections, shots and jabs contain gene-altering capability and have multiple detrimental effects on the human bio-organism having nothing to do with the prevention of COVID-19.

6) The various highly experimental Covid injections, each of which has a undisclosed different purpose, were manufactured prior to the manmade pandemic that began in January of 2020. They were then distributed to pre-selected nations to be administered to certain bloodlines in order to produce, as yet, unknown adverse effects.

7) In spite of an extraordinary death toll and rate of vaccine injury caused directly by the Covid shots, the global mainstream media (MSM) was directed not to report that vital data to the general public. Instead, the MSM has been used to trumpet the fake success of the 'vaccines' and sell them to every person on the planet like there's tomorrow.

8) In this way, unaware and uninformed folks were deceitfully coerced and compelled to receive an unapproved 'vaccine' that was categorized as "Emergency Use Authorization" ONLY. This universal pattern of deceit — "vaccine by uninformed consent" — was integral to the roll-out of vaccination programs worldwide.

9) Even children are now being jabbed with the exceedingly dangerous and deadly COVID-19 'vaccines' with many of them experiencing heart inflammation, among other serious symptoms and medical ailments. The often fatal blood clot only become more evident by the day as do other serious adverse effects that are occurring after vaccination with increasing frequency. All the while, the MSM reporting on the real risks remains virtually nonexistent.

10) Particularly throughout the early stages of this preplanned pandemic, the standard medical response was not to issue treatment guidelines for COVID-19 prior to hospitalization. This immense institutional failure is completely without precedent in both scope and magnitude. Deliberately withholding vital treatments and appropriate medications was the real linchpin in this plan to commit genocide.

11) Once a hospitalization occurred, the medical protocols which were routinely administered became the primary cause of death, not COVID-19. Physicians around the world complained as never before in history that the medical treatments were a HUGE part of the problem; and certainly not part of the solution. The planned result was a culling of the global population via medicine whereby iatrogenic death (and Covid illness) has occurred in record numbers.

12) Just like the Spanish Flu Pandemic of 1918, it has clearly been the premeditated medical response that is responsible for the high mortality rate among the elderly and those with multiple comorbidities. Back in 1918, it was the deadly combination of aspirin and morphine that contributed to the deaths of upwards of 100 million people worldwide. Today, both ventilators and heavy sedation have been systematically utilized in hospitals to kill countless COVID-19 victims.

13) Everything points to a similar genocidal playbook being used in 2020 and beyond in the interest of depopulating the planet and bringing the Covid-vaccinated under complete control. The crucial issue here is that only 10% of vaccine deaths and injuries are normally reported, so we know that the COVID-19 mortality rates and Covid injection injuries are actually much, MUCH worse than being reported.

The preceding list of examples of gross medical malpractice, criminal acts of governmental negligence and nefarious schemes perpetrated by the WHO, B&MGF and *Big Pharma*, especially the catastrophic roll-out of the COVID-19 'vaccines', confirms the transparent intent to commit global genocide. This NWO cabal-conducted black operation and sinister psyop also demonstrate the strong intention to carry out the stealthily unfolding of the GREAT RESET (a global implementation plan to enslave humankind) in the wake of the Covid manmade catastrophe.

The above report was one of a series of reports released more than a year-and-a-half ago, but few people paid attention to the information posted. As we approach the end of 2022, we can tally up all the evidence such as all-death causes excess death rates, the clot shots, blood clots, and in hind sight, the report proved to be 100% accurate.

This past week Senator Rand Paul of Kentucky called out Dr. Anthony Fauci as being responsible for 7-million deaths through his voice to the American people. The evidence is that Senator Rand Paul had been given enough evidence in early 2020 to make a criminal referral to the Justice Department on Dr. Fauci. He literally did nothing with the evidence provided to him by Dr. Larry E. Martin of M:CAM. Dr. Martin provided Senator Rand Paul of Kentucky with 4,000+ pages of patents, containing all the data necessary to prosecute Dr. Fauci more than two years ago. I myself mailed many reports to which the Senator could have followed-up on pointing to the criminal activity of Dr. Fauci by many whistle blowers and former colleagues of Dr. Fauci.

Hiding in Plain Sight

The lab origin of SARS-CoV-2 was published in 2015 [By John Leake | Courageous Discourse | December 3, 2022.](#)

One of the most striking features of the corrupt pandemic response is that its innumerable elements of fraud, deception, malfeasance, unconstitutionality, and negligent homicide are NOT concealed. Because these criminal elements are not reported by the mainstream media, they remain unknown to most people. Like pebbles tossed onto a recently mown lawn, they are not immediately visible, but would be to anyone who looks a little closer.

This is not actual concealment; it's just a matter of not drawing attention to something. Nevertheless, such systematic omissions result in ignorance for those accustomed to obtaining their information from the mainstream media. This ignorance is reinforced by the consumption of daily mainstream news, which diminishes awareness of any particular story that develops over a period of time.

A stunning form of this deception by omission is when public officials, scientists, and the media pretend not to notice extremely harmful and even criminal conduct that is detectable for anyone who bothers to look. Public officials and news reporters have no excuse for not looking because it's their job to look. Their omissions are analogous to a police investigator choosing not to look at a video surveillance recording of a bank that has just been robbed by a man not wearing a mask. Those who have committed dangerous and even criminal acts are, in this way, allowed to hide in plain sight

A striking example is the histrionic debate over whether NIH grant recipients conducted Gain-of-Function research on bat coronaviruses. The pinnacle of such theater were the jousting matches between Senator Rand Paul and Dr. Anthony Fauci at Senate Health Committee hearings, at which Dr. Fauci vehemently insisted his agency did NOT fund Gain-of-Function research on bat coronaviruses. Apart from Senator Paul, few in the Senate, and few if any in the mainstream media, questioned Dr. Fauci's assertions.

And yet, to see that the NIH was, in fact, funding Gain-of-Function research of bat coronaviruses, one need only to read the 2015 paper titled [A SARS-like cluster of circulating bat coronaviruses shows potential for human emergence](#) by Veneet Menachery, Zhengli-Li Shi, Ralph Baric, et al. This study plainly states that the authors conducted Gain-of-Function research on bat coronaviruses in order to make them infectious to primary human airway epithelial cells.

Dr. Zhengli-Li Shi, AKA "Bat Woman" and collaborator with Dr. Ralph Baric

Towards the end of the paper, the reader comes to the following section:

Biosafety and Biosecurity

Reported studies were initiated after the University of North Carolina Institutional Biosafety Committee approved the experimental protocol (Project Title: Generating infectious clones of bat SARS-like CoVs; Lab Safety Plan ID: 20145741; Schedule G ID: 12279). These studies were initiated before the US Government Deliberative Process Research Funding Pause on Selected Gain-of-Function Research Involving Influenza, MERS and SARS Viruses (<http://www.phe.gov/s3/dualuse/Documents/gain-of-function.pdf>). This paper has been reviewed by the funding agency, the NIH. Continuation of these studies was requested, and this has been approved by the NIH.

Note that the reason for pausing Gain-of-Function research was the determination that its risks outweighed its potential benefit. The legalistic assertion that this particular Gain-of-Function research was authorized to continue flies in the face of the risk assessment. Such research was, in 2014, deemed to be too dangerous for mankind, and in fact (as we now know) it was too dangerous. That Professor Baric's research was approved before this negative risk assessment was made is immaterial.

The 2015 paper and other documents show that Ralph Baric and his Chinese colleague, Zhengli-Li Shi, were indeed engineering SARS-like bat coronaviruses in a lab at the Wuhan Institute of Virology in order to make them highly infectious to humans. Today we learn that Dr. Andrew Huff, former EcoHealth Alliance vice president and scientist, has just published a book titled '[The Truth about Wuhan: How I Uncovered the Biggest Lie in History](#)'.

We welcome Dr. Huff's report, though we suspect that he won't reveal anything we don't already know.

Senator Rand Paul is not likely to go far with his statements, and to do so would track the crimes against humanity to the doors of the Washington, DC crime center, like DARPA, CIA, NSA, NIH, NIAID, the Pentagon, CDC, The U.S. signed on to the 1992

UN Climate agenda known as Agenda 21, and in that agreement, those who voluntarily signed the agreement were committed to reducing their population, and they were not obligated to say how they would achieve those goals. The U.S. chose to deploy a massive program of aerial spraying in the form of a number of labels, the most recent being "The Dimming" of the Sun.

The whistle blowers who revealed this in the little book below told how dangerous these chemicals are. The U.S. government wants us dead and so Senator Paul is in a bind as to indicting Dr. Fauci has a bigger dilemma he is not likely to touch!

Blessings,
