

Genocide of Humanity by Snake Venom Poisoning!

Part 1 of this story aired a year ago however I do not know if I saved it or shared it. The video is part 2 of "Watch the Water". It is an interview with Stew Peters of the Stew Peters Show and Dr. Brian Ardis.

They called it a conspiracy. They ignored the evidence.
But they can't change the truth.

Dr. Bryan Ardis returns in this closing chapter to 'Watch the Water', reinforcing the research behind the [groundbreaking documentary](#). Click on the link to the left and find out how the government and the public health / pharmaceutical industry have conspired to depopulate the world.

From venom peptides to blood clots, Dr. Ardis and Stew dive deep into how the Covid-19 bioweapon was made.

I will retrieve Part 1 for posting but this is a must view program.

The following link is a second source to additional ways being used through graphene oxide nano-particle poisoning and **5G** Wireless Energy between Attorney Reiner Fuellmich and Dr. Robert O. Young. Link below is equally important in this state-sanctioned genocidal murder!
