The Lab-Leak Theory: Inside the Fight to Uncover COVID-19's Origins Throughout 2020, the notion that the novel coronavirus leaked from a lab was off-limits. Those who dared to push for transparency say toxic politics and hidden agendas kept us in the dark.

Thursday, June 10, 2021

Part 1 of this story behind the story of the imaginary Covid-19 virus has provided a narrative that has confirmed that the U.S. not only funded bioweapons development in direct relationship with the CCP, and that it is the tip of the iceberg of U.S. bioweapons warfare that goes back to the 1950s. It obfuscated the lies that Dr. Anthony Fauci spoon-fed the American morning news reports for months. It went into considerable lengths to hide and cover for the esteemed Jesuit Dr. Fauci. It is further evidence that some leaders of this country are working closely with an adversary in the CCP of China.

These are serious claims and are corroborated from various sources. One of those insightful sources is Jeff Rense in a post on his site 'Rense.com'. The text is in full here below:

China's BioWar On America Has Been Long Planned And Is Ramping Up All The Time - Read China's Own 2005 Statement About The BioWeapon War On America

By Jeff Rense 6-8-21

Reverse Speech master David Oates is doing speech reversals on the Chinese Ambassador for this week's Tuesday program. I received this from him...

On Jun 6, 2021, at 10:02 AM, David Oates wrote:

I'm still doing reversals on the Chinese Ambassador - got 40 so far and still going - they are DYNAMITE! Better plan for 2 hours again. This is the con that I have been talking about since January of last year. This show may start World War Three depending on who is listening.

My reply to David...

Below is about half of the speech by the Chinese Communist Party Vice Chairman in charge of the Chinese military and their national military policy. The current Ambassador you are reversing is of the same mindset. They haven't changed their agenda one bit.

There was no accidental 'leak'. I now believe the entire outbreak in China may have been to COVER the beginning of the BioWar against America. Think about it. China

was completely back to normal many months ago and booming again. Whatever alleged vaccine program over there could be far different than what is being given to Americans AND White Western Christian European nations. They could be giving their people the antidote for Covid-19 and/or many other protectants, rather than these OBVIOUS BioWeapon spike protein 'vaccines' Americans and Europeans are being given.

How many of the 5 million Chinese who LEFT Wuhan AFTER the outbreak began actually came to the U.S.? A LOT.

Many went to Iran first (remember, Iran was hard hit) and then on to Northern Italy where the 'virus' broke out there as the 'Italian Strain' in a big and sudden explosion. This is BioWarfare.

The Chinese who swarmed Northern Italy largely as 'tourists', especially the Lombardy region, were talked about back then in the 'news' but were very quickly 'forgotten' by the media. We saw what happened first in Iran, then in Italy and then Europe...all possibly, easily, launched and spread by Chinese Communist 'travelers'.

Many of the five million were 'students' and, REMEMBER, they came straight back to their U.S. Universities and jobs in February. Trump made a big show about shutting down a few Chinese CCP Airlines but NOT the great majority of Asian air carriers that were flying people out of China like giant Japan Airlines, All Nippon, Cathay Pacific (S Korea), Philippine Airlines, China Airlines (Taiwan), Hong Kong Airlines and then there were the U.S. carriers, American Airlines and Delta, etc. Trump's 'ban' from Feb 9 to March 27 accomplished nothing.

Keep in mind, the 'Coronavirus' is a highly-contagious spike-carrying BioWeapon system. Many of those five million Chinese who left and spread around the world were infected carriers. Many are card-carrying CCP and PLA members pretending to be 'students' but are really spies and could have infected millions here in the West. How many of them 'died' of 'coronavirus' here in the US? Never seen or heard of more than a few very early on. Note this story from Fox News...

From Fox News, April 5, 2020

"About 430,000 people have flown on direct flights from China to the United States (in the three months) since Chinese officials first disclosed the outbreak of what is now the novel coronavirus to world health officials on New Year's Eve, according to a new report published Saturday. Most of the Chinese travelers flew into airports in Los Angeles, San Francisco, New York, Chicago, Seattle, Newark and Detroit in January. Thousands came DIRECTLY from the city of Wuhan in the Chinese Hubei province, where the coronavirus originated, the *'New York Times'* reported."

Here is the point. The Deagel.com projections show, conclusively, that Western White Christian Europe and the United States are the only nations taking enormous population

and GDP declines in the next 3 and 1/2 years...by 2025. NO OTHER countries are significantly hit. That clearly tells us that the BioWar NOW being fought by the CCP is being done so primarily against the U.S. and all Western WHITE Christian nations.

The CCP and its Zionist influencers are in lockstep. Who backed Chairman Mao? Who created the Bolshevik overthrow of Russia in 1917? Note how Zionists created and controlled BLM and Antifa Communists, aided and abetted by the Zionist dominated U.S. 'news' and entertainment media which is blatantly waging war on whites. Whether it be in TV commercials or movies or sitcoms, Whites are obviously targeted and under fire. All of this is borne out by the Deagel.com projections which show those enormous drops by 2025. The U.S. is supposed to be down from 330 million to 99 million and Great Britain down from 77 million to 14 million...with similar drops in GDP in both nations...and the rest of Western Europe is to be similarly hit.

Here now is the second half of the 2005 BioWar speech by the CCP Vice Chairman of the Chinese military machine...

CCP General Chi Haotian's Incendiary Speech on the Necessity of Using Biological Weapons to Kill 200 Million Americans
(This is the second half)

"Would the United States allow us to go out to gain new living space? First, if the United States is firm in blocking us, it is hard for us to do anything significant to Taiwan and some other countries! Second, even if we could snatch some land from Taiwan, Vietnam, India, or even Japan, how much more living space can we get? Very trivial! Only countries like the United States, Canada and Australia have the vast land to serve our need for mass colonization.

Therefore, solving the 'issue of America' is the key to solving all other issues. First, this makes it possible for us to have many of our people migrate there and even establish another China under the same leadership of the CCP. America was originally discovered by the ancestors of the yellow race, but Columbus gave credit to the White race. We, the descendants of the Chinese nation, are ENTITLED to the possession of that land! It is historical destiny that China and United States will come into unavoidable confrontation on a narrow path...and will fight.

In the long run, the relationship of China and the United States is one of a life-and-death struggle. Of course, right now is not the time to openly break up with them. Our reform and opening to the outside world still rely on their capital and technology. We still need America. Therefore, we must do everything we can to promote our relationship with America, learn from America in all aspects and use America as an example to reconstruct our country. Only by using special means to 'clean up' America will we be able to lead the Chinese people there. Only by using non-destructive weapons that can kill many people will we be able to reserve America for ourselves.

There has been rapid development of modern biological technology, and new bio weapons have been invented one after another. Of course, we have not been idle and in the past years we have seized the opportunity to master weapons of this kind. We are now capable of achieving our purpose of 'cleaning out' America all of a sudden. When Comrade Xiaoping was still with us, the Party Central Committee had the perspicacity to make the right decision not to develop big aircraft carrier groups and focused instead on developing lethal bioweapons that can eliminate mass populations of the enemy country.

*Biological weapons are unprecedented in their ruthlessness, but if the Americans do not die then the Chinese have to die. If the Chinese people are strapped to the present land, a total societal collapse is bound to take place. According to the computations of the author of *Yellow Peril*, more than half of the Chinese will die, and that figure would be more than 800 million people! Just after the liberation (led by Communist Chairman Mao), our yellow land supported nearly 500 million people, while today the official figure of the population is more than 1.3 billion. This yellow land has reached the limit of its capacity. One day, who know how soon it will come, the great collapse will occur any time and more than half of the population will have to go.*

It is indeed brutal to kill one or two hundred million Americans, but that is the only path that will secure a Chinese century...a century in which the CCP leads the world. We, as revolutionary humanitarians, do not want deaths. However, if history confronts us with a choice between deaths of Chinese and those of Americans, we'd have to pick the latter because, for us, it is more important to safeguard the lives of the Chinese people and the life of our Party.

The last problem I want to talk about is of firmly seizing the preparations for military battle. The central committee believes, as long as we resolve the United States problem at one blow, our domestic problems will all be readily solved. Therefore, our military battle preparation appears to aim at Taiwan, but, in fact, is aimed at the United States. And that preparation is far beyond the scope of attacking with aircraft carriers or satellites. Marxism pointed out that violence is the midwife for the birth of the new society. Therefore war is the midwife for the birth of China's century. " (End)

Here is the entire speech by Comrade Chi Haotian... <https://rense.com/general96/speech-by-comrade-chi-haotian.php>

Hold this in your memory as I share a report from Clif High from his You Tube report from a week ago. You will see that the current crisis had roots actually going back to 1972 and earlier. I was working on Part 1 of this series when Alexandra Bruce host of 'Forbidden Knowledge.com' brought to light something from Clif High's video of this past weekend. Alexandra says:

"As you know by now, I am a huge fan of Clif High's and I just find him incredibly amusing and brilliant. His latest video is over an hour long but nine minutes in, for about

10 minutes, he gives what is, in my opinion the best explanation of what's going on with China and their alleged role in the release of the COVID virus that I've heard yet and the upshot of what's happening is potentially great news for the whole world.

As we've been learning in recent years, our own leaders are mind-bogglingly depraved Satanists who have done everything short of nuking us, in order to destroy the United States, Europe and all of Western Civilization.

Rockefeller protégés, Henry Kissinger, Richard Nixon and George Herbert Walker Bush initiated the largest transfer of wealth and technology in known history when they "opened up" China in the early 1970s. Then, Warren Commission member and the first unelected US President, Gerald Ford appointed Bush as the first defacto Ambassador to the People's Republic of China.

The plan, as we know from the Georgia Guidestones and from Silent Weapons for Quiet Wars (SWQW) was to exterminate the majority of the global population, to economically collapse the West and to move the global center of power to China, from where the surviving humans would be physically and mentally controlled by swarms of nanoscale brain implants, 5G, the Internet of Things and the Human Brain/Cloud Interface.

The good news is that the CCP no longer wants to go along with this Globalist plot, not because they have any affection for the West but, as Clif explains, because they don't want to become the Globalists' next sacrificial victims. He says, **"The CCP basically told the Globalists, 'You're not coming in with this bullsh*t' – the pedophilia, the Satanism, the Luciferianism, all of that sh*t."**

I saw this a couple of weeks ago, when senior CCP member, Chen Ping proudly bragged on video that China had won the trade war, the science and technology war and especially the biological war against the US but he also rejected the Globalists and excoriated "...the liberal, America-worshipping cult within China," and how "their worship of the US is actually unfounded," due to "...the failure of the neo-liberalism-led globalization of the past four decades led by the US and the UK. Therefore, the development and modernization model of the US and Europe is not worthy of China's imitation and repetition."

Clif says here that, "When the Globalists traded North America, the EU and Australia, New Zealand to the CCP, they thought that they were getting a good deal but the CCP reneged on them. CCP are double-dealing bastards. That's 100% true, always. Xi may be a nationalist, in supporting his version of China but he's a double-dealing bastard and is doing genocide and is not a good guy – he's not working with Trump.

"He's working with Trump as a 'Fellow Traveler' but not anybody that's trustworthy or anything like that. They both have their own agendas that are anti-Globalist but that's about as far as it goes...the Globalists were in the process of shifting over – but hey! Crash!...Major laws being put in by Xi; the Globalists can't

move and so, it's all coming apart. And so, someone there releases COVID to screw Xi."

[Clif believes COVID was deliberately released by the Globalists from China \(presumably, via Obama, who re-authorized gain-of-function research in January 2017 and Fauci, who funded it at the Wuhan Institute of Virology\)](#), "Because Xi Jinping basically has cut them off at the knees; bought-out Hollywood...and has put up blocks to prevent the Globalists from eroding the Chinese social order that supports Xi and the Han Chinese."

So, if the CCP is no longer in alliance with the Globalists, it looks like the plan to nano-chip the remaining non-genocided human population might not jump off as planned, which may be what we're seeing, with the controlled demolition of Anthony Fauci.

This is definitely better news than if they were a unified front and their plans were 100% on-track!

TRANSCRIPT OF 10-MIN PASSAGE

"The Globalist elite made a deal through the senior Bush to move and merge the Globalist elite out of the Western world, to collapse the Western world and sell us – all of the Western World – all of Western Europe, Australia, New Zealand, Britain, Canada, and America – all of this to China.

It didn't include South America and it didn't include Africa. China is pursuing both of those on its own. The CCP had made a deal with the Globalists and in exchange for North America, plus Europe, plus Australia, the Globalists were going to be able to move into Asia and China.

And they [the Globalists] would move out of Europe and move out of the United States and just sort of collapse it all. There'd be mass chaos and then the Chinese would come on in and own everything. This is the plan. This was the plan that had been signed-off on and initiated on by Bush.

When [Bush went over to China](#), when China was "opened up", so to speak, in the early days and Kissinger and Bush went over there on their first two trips, it was acknowledged by the Chinese that in one trip over there, the Bush family set up 700 factories, set up ownership on 700 factories. It wasn't just them, it was set up for our political elite, the people we call the Globalists; the power brokers, the ones that are trying to do all this sort of thing; the Uniparty, the Republican entrenched establishment and the Democrat entrenched establishment in this country – Conservatives and Socialists and Germany and Europe and Britain and down into Australia.

So those elites set up 700 factories...in a single trip. So they knew then that they were doing all of this. This was back in 1972 – pre-1972. And then, Nixon creates the

Petrodollar and starts us off in this whole process. All of this was designed. All of this was planned-out.

It's come to the point, now where we're living in the maturing of that and it's all breaking down. The narrative is breaking down...mainly, because the powers that be, the Globalists and the CCP, they split. They're broken-up. The CCP basically told the Globalists, 'You're not coming in with this bullsh*t' – the pedophilia, the Satanism, the Luciferianism, all of that sh*t.

The CCP didn't want...to have their society corroded out from underneath them, the way the elitists are doing here and have done with all the Communist revolutions, where they come in and they erode and corrode the society until it collapses and then the Leftists rise out on top on the heap, in the power vacuum that arises, as the society collapses. This is the plan, here, in the United States.

So Antifa, BLM, the people that run this, their goals are not productive. Their goals are destructive. They want to destroy banking, they want to destroy money, they want to destroy the infrastructure, they want to destroy power, they want to destroy the roads, and they want to destroy tourism. They will do all of this, to destroy all of that, in order that that may occur, because they will get no power otherwise. It's a kamikaze thing. It's a burn-out kind of an issue. They're going to do this or die, because if they don't do this, they feel they will die, anyway.

So these people, in my mind are irredeemable. They need to be re-educated and given some pathway that is not destructive. Some of them will be 100% irredeemable and they won't be able to be re-educated and won't be able to be reached and won't be able to recover their lives.

But the 'Revolution' is not going to happen in the way that the Cultural Marxists and the Globalists and so on thought. Because here's the real problem for everybody now. This gets way complicated:

The CCP is headed by this guy named Xi. Xi doesn't want his power taken away from him by the Globalists, the Powers That Be, our 'power elite'. He doesn't want these bastards in his country, because he knows that they will erode and take away from the CCP – they will do to him just what they're doing to us. They don't have any allegiances to any nationalities or peoples or anything.

And this is the tricky part: the Chinese, the CCP, they're primarily Han Chinese. That's a racial group. That's what Xi is. He comes from what's known as the Shanghai Group. The Shanghai Group is basically a mob, a crime family within the CCP and it powers a lot of the CCP, itself. We could think of it as the DNC, relative to the whole Democratic Party. This is a bloc that is very powerful...Xi's the head of it. And it's all Han.

And these people are fiercely, fiercely Han, they're fiercely racist. And they know the Globalists are not racist. They know the Globalists want to destroy all the

racess, they want to put everything under this weird-a** Luciferian, kissin' the Devil's a** kind of weird-a** sh*t.

*And so Xi ain't havin' it. And he suckered them. He took every f***ing thing he could get out of them, knowing all the time that he was never going to allow them to do the penetration that would allow them to undermine him. And so he set things up that wouldn't allow the Globalists to come on in and undermine himself.*

And now, it's finally come out to the point, where they [the Globalists] were actively attempting to move over to Asia now, as the terribleness starts up here, in the Western World. A lot of it has been fueled by the release of the bioweapon. That was a deliberate release, in my opinion.

Now, here's where it gets really murky...The Globalists invented COVID. They did it in the United States, they moved it over to China – and it was NOT a lab leak. It was deliberately released, in my opinion by the Globalists from China to screw Xi, because Xi Jinping basically has cut them off at the knees; bought-out Hollywood, bought-out all of the entertainment things and has put up blocks to prevent the Globalists from eroding the Chinese social order that supports Xi and the Han Chinese.

Now, the Han Chinese are not a majority. They're outnumbered by all of the other types of Chinese people [\[This is incorrect. The Han make up 92% of the People's Republic of China and 18% of the planetary population. I don't know how he could have gotten this so wrong\]](#)...The Han Chinese have a big issue, because of breeding strategies, basically, between competing power blocs within the Chinese population. This is why they do things like genocide against the Uyghur people...so they can keep power for the CCP.

When the Globalists traded North America, the EU and Australia, New Zealand to the CCP, they thought that they were getting a good deal but the CCP reneged on them. CCP are double-dealing bastards. That's 100% true, always. Xi may be a nationalist, in supporting his version of China but he's a double-dealing bastard and is doing genocide and is not a good guy, he's not working with Trump.

He's working with Trump as a 'Fellow Traveler' but not anybody that's trustworthy or anything like that. They both have their own agendas that are anti-Globalist but that's about as far as it goes. But now, they figure they've destroyed the remnants of populism in the United States and the Globalists were in the process of shifting over – but hey! Crash now, big moves, big problems. Major laws being put in by Xi; the Globalists can't move and so it's all coming apart. And so, someone there releases COVID to screw Xi."

I have viewed Clif High's hour-long video twice since last weekend and he came closest to what the real truth is, in my opinion. What stuck with me was Alexandra had a transcript of the ten-minute segment which ties together the segment from 'Rense.com' and what 'American Intelligence Media' (AIM) revealed in late January of 2020.

Collectively, these sources corroborate “the story behind the story” in one of the most fascinating thrillers of geopolitics and espionage.

In my own investigation of the roll out of 5G in the four model “Smart” cities of Wuhan, China, Seattle, WA, New York City, NY, and Milan, Italy, the roll out of 5G on October 1st, 2019 was not without its own issues. The roll out of 5G was only a partial activation of those base and secondary stations that had been finished for the debut to the global public. The roll out of 5G technologies is no minor event, and it represents a potential market of \$17-trillion dollars in profits to the telecoms and their investors.

My own research led me back to the Rothschild-owned and operated Pirbright Institute in Surrey, UK. CIA and MI6 agents operating in Wuhan, China were tasked to start a war between the China and the U.S. It was in how they would achieve this that would make the narrative for a Tom Clancy novel hero Jack Ryan. CIA/MI6 agents were in Wuhan for the World Military Games operating undercover of participants.

The “farm” as it is known at Pirbright Institute has 25 satellite dishes, one of which is a 5G transceiver. The Pirbright Institute is an animal biolab where “Hoof & Mouth” disease broke out a number of times over the past half-century.

Henry Wellcome set up his vaccine research facility in Pirbright, which is there to this day, it is where the Coronavirus was developed and patented. Henry Wellcome, Bill Gates, Richard Rothschild are all named “assignees” on a 2015 patent for Covid-19. The Wellcome Foundation was licensed to produce vaccines on a “commercial” scale at Pirbright as far back as May 3, 1961. New Information proves that The Pirbright Institute (owner of CORONAVIRUS) and Wellcome Foundation/Trust have been one and the same since at least the 1960s.

The Great UK-U.S. Pilgrims Society Pharma-to-Eugenics Shell Game

The Coronavirus patent is held by the British company The Pirbright Institute.

Pirbright has a secret vaccine partner—Merial—who built a vaccine plant just 220 miles from Wuhan, China

In 2007, an outbreak of foot and mouth disease was traced back to this Institute.

Its former name as The Institute for Animal Health was changed to The Pirbright Institute, as form below shows 18 October 2012.

Note: The Pirbright Institute’s 2018 annual report does not even mention Merial.

Merial’s (aka Merck, Schering Plough, Boehringer Ingelheim, Sanofi-Aventis) Nanching, China vaccine plant is a short 221 miles (357 km) four hour drive to Wuhan, China, the alleged site of the current Coronavirus outbreak.

Cobbett Hill Earthstation Ltd is the owner & operator of one of the UK's leading independent Teleport facilities. It offers an extensive range of satellite communication services to the corporate, media, maritime, NGO, military and government sectors. Core services provided include internet, voice, data and broadcast using primarily C-Band and Ku-Band frequencies.

Cobbett Hill provide a non-stop service provision, offering customers 24/7/365 operation and support, using the most advanced VSAT platforms available to match the quality & performance of digital terrestrial circuits.

Focused primarily on the provision of C-band and Ku-band services (though approval for Ka and X-band services are in place), Cobbett Hill has a reputation for the design & bespoke building of end-to-end satellite communication solutions and unparalleled support services.

The Teleport is located near Guildford, 30 miles south west of London in the UK. The facility covers approx. 7 acres on a larger site of 187 acres and currently houses about

50 antennae. A new Network Operations Centre was recently constructed and planning has been approved for a 100% increase in office space and technical center.

The Teleport is connected by geographically diverse redundant fiber and boasts redundant, secure power supplies, including 2 generators, Redundant UPS and a Green Technology Wood Burning Generator.

The location of the Teleport provides exceptional arcs of visibility to the South, East & West and provides potential to access up to 150 geostationary satellites.

The Teleport in Surrey, UK is 7,000 miles from Wuhan, China, but just a click of the computer mouse away. Do you know what that means?

As its low-orbit satellite passed over Wuhan, China, the CIA/MI6 agents “modulated” the benign signal strength up to the lethal point of a signal strength of 60-GHz. Anyone with a new 5G model cell phone became a vector target and likely killed them instantly. The CCP are not about to reveal this fact, but it was reported in a Chinese business report of a trade newspaper that the national phone system had 21-million fewer accounts in February, 2020. That little innocuous fact raised big questions.

As cell phone users know, even when your cell phone is off, it is still sending out a ping that will connect you to the nearest cell tower when you go to use it. In the picture above is the Cobbett Hill satellite command center located on the “farm” of the Pirbright

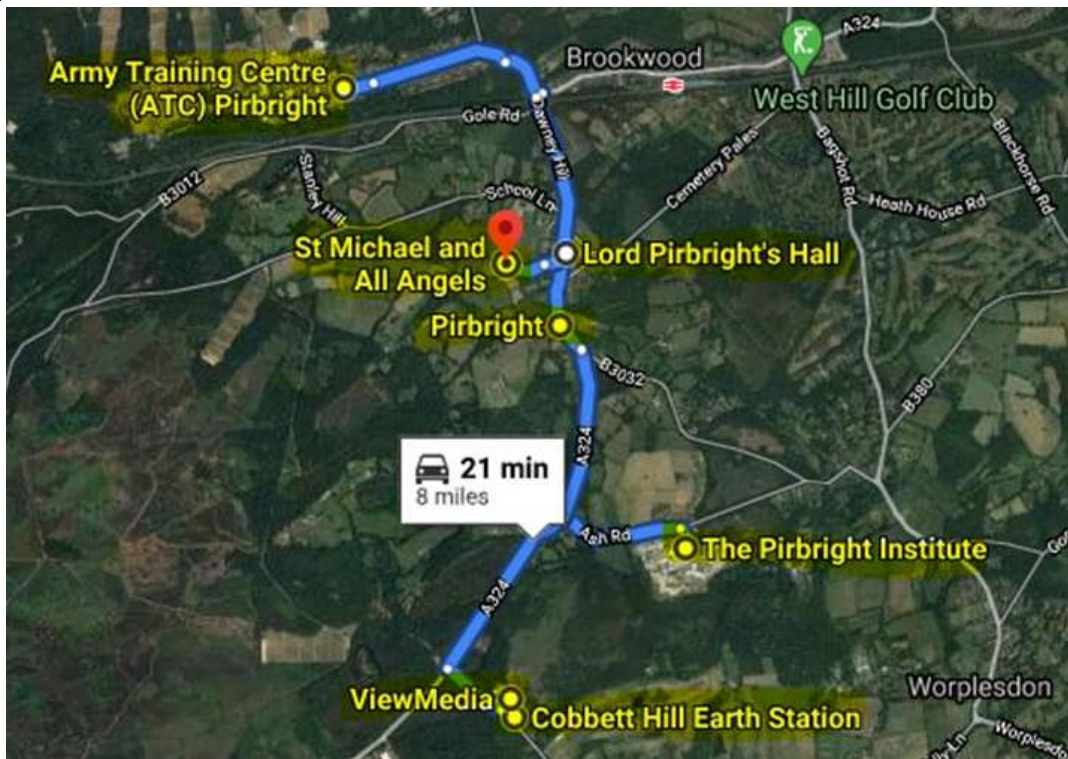

Institute located in Surrey, UK, about 25 miles from London. The satellite receivers are clustered on the “farm” shown in the picture below.

WHAT DO VACCINES & THE WIRELESS EARTHSTATION TELEPORT AT PIRBRIGHT HAVE IN COMMON?

The above photo is the property of The Pirbright Institute Cobbett Hill Earth Station—a satellite teleport that boasts “more than 25 antennas with active operations on 13 satellites” using C and KU-band antennas that are powerful enough for (DEW) directed energy weaponry.

A ‘signature’ 5G antenna transceiver is visible in the above photo. It sits on the roof of a small building in the lower left corner set between two large satellite antenna dishes. By magnifying the building, one can see two cooling fan elements beneath the 5G antenna cover.

“Cobbett Hill is located only 25 miles from central London in the UK, and occupies a seven-acre secure compound on nearly 200 acres of land. Currently, it houses more than 25 antennas with active operations on 13 satellites plus spare capacity enabling quick turnaround times on even short-notice customer requirements. Due to the locations historical use by the British Ministry of Defence it has blanket planning permission for unlimited antenna installations within the 200 acres and operate within an RF exclusion zone preventing any local interference.”

Trigger words projecting secret underground government and conspiring-corporate activity include: “quick turnaround times,” “blanket planning permission,” “unlimited antenna installations within the 200 acres,” “RF exclusion zone preventing local interference,” “seven acres on 200 acres,” and “historical use by the British Ministry of Defence.”

We return to the question of why the Pirbright Institute—the patent holder of CORONAVIRUS—is situated on the same Ministry of Defense property as the Cobbett Hill Earthstation with massive array of powerful, weapons-grade antennas and dishes. And, that is only what we can see from satellite images.

As with most secret government labs doing often questionable and illegal research, these facilities are probably massive underground.

On paper, QinetiQ sold Cobbett Hill in 2004, but this appears to have been a shell game to hide the fact that the government flipped the property in order to avoid scrutiny. Given the fact that former C.I.A. director George Tenet was a QinetiQ director on Oct. 24, 2006 (see also QinetiQ 2006 Annual Report) along with former Deputy Chief of the Joint Chiefs of Staff Edmund P. Giambastiani, Jr. (Oct. 08, 2008), who is believed to still be a director, continued use of Cobbett Hill for illegal intelligence activity is sure. Such facilities are difficult to build and are not easily replaced.

The Pirbright Institute records show that it is heavily financed by Wellcome Trust, Bill Gates, the European Commission, the World Health Organization and U.S. DARPA. In addition to Wellcome, the pharmaceutical AstraZenica provides vaccine research funding also. All of the familiar names pushing Vaxxes!

HOW DO WIRELESS TECHNOLOGY AND VACCINES GO TOGETHER?

Researchers all know that stress increases disease.

Imagine a Coronavirus specially constructed to lie dormant in a person’s body until it is triggered by the right radio frequency. It could have been a parasite, a fungus, a not so well-known such as Mycoplasma, which by the way can be activated through Electroporation of 5G wireless energy, the process of beaming wireless energy into the pores of humans.

Imagine nano-tech devices that can hide inside a vaccine and be triggered by wireless transmissions passing through into your body.

Imagine 5G technology that, on command from Cobbett Hill Earthstation, can trigger nano-tech devices in all the bodies of the citizens in an entire city.

Is this farfetched? Not at all!

“Directed Energy Weapons” (DEW) are openly disclosed by the military. While their propagandists are quick to say the tech is non-lethal, but the assertions are not believable given their history of lying. Their own descriptions indicate the ability to stun, dazzle, blind, deafen, scream at “or even kill” at people while they think they are hearing the voice of God.

5G technology disperses these capabilities to be able to deliver signals to all people in a target area or group at the same time.

The Pirbright Institute appears to be using the Cobbett Hill satellite teleport facilities to communicate with their Pilgrim Society minions worldwide. Perhaps Nellie Ohr’s shortwave set was actually communicating with Qinetiq at Cobbett Hill and the Pirbright Institute.

ARE THE C.I.A., MI6 & DARPA BUILDING BIO-WEAPONS LIKE CORONAVIRUS VIA QINETIQ, SERCO AND THE PIRBRIGHT INSTITUTE?

One thing is certain:

The American and British Pilgrims Society, newspapers, intelligence, tech and banks must confess that they are using Crown-controlled QinetiQ and SERCO to get over \$18 billion in U.S. defense contracts to build bio-weapons at The Pirbright Institute, Wellcome Trust, AstraZeneca, Crown Agents and Senior Executive Service (SES) to kill us.

In conclusion, the author of the Biological Weapons Anti-Terrorism Act of 1989 (BWATA), international law professor Francis A. Boyle indicates that the University of North Carolina was involved with the Coronavirus outbreak in China.

The Bill and Melinda Gates Foundation heavily finances both The Pirbright Institute and the University of North Carolina.

The evidence is overwhelming that the Pilgrims Society (which is often called the Deep State, Senior Executive Service, Crown Agents, shadow government) is manipulating the public to achieve its new world order objectives. The public does not know about the Pilgrims Society, a group that goes back to the days when the sun never set on the worldwide British Empire. Think of the Cecile Rhodes Round Table Groups.

The evidence is also overwhelming that the Pilgrims Society strategy, perhaps conceived long ago by Henry (Rothschild) de Worms, 1st Baron Pirbright, has been stealing and weaponizing patents since about the 1880's.

The patents being stolen are focused on vaccines, wireless technology, communications, computers, propaganda, mind control and educational delivery systems.

Michael McKibben and Douglas Gabriel has given the (AIM) community a history lesson that explains the coronavirus plandemic; Who is behind a global plan of genocide is explained and exposes high-level planetary rulers like the Rothschild's and the Queen of England.

(Jan. 30, 2020)—The Coronavirus outbreak was just declared a health emergency by the World Health Organization (WHO). Tellingly, WHO is one of the Coronavirus creators, as we will show below.

The Coronavirus was invented by [The Pirbright Institute](#) at its posh, well-appointed laboratories located in Woking, Surrey, England just outside London's M25 outer belt.

George J. Tenet, former C.I.A. director became a Crown director in QinetiQ Group Plc on [Oct. 24, 2006](#) soon after leaving his post at the C.I.A.—while retaining his Top Secret U.S. security clearance. He was mentioned 13 times in the [QinetiQ 2007 Annual Report](#). QinetiQ shares Ministry of Defense satellite communications property adjacent to The Pirbright Institute in Surrey, UK. Normal corrupt business? Traitor? Seditious? All the above?

See also: [Footnote 1 for QinetiQ Annual Reports \(2002-2019\)](#).

SERCO, a Crown-controlled UK company, runs the U.S. Patent Office. Stay tuned. More on SERCO's sister Crown-controlled company QinetiQ (pronounced 'kinetic') coming. Hint: former C.I.A. director George Tenet was a Crown QinetiQ director soon after leaving the C.I.A. and while still retaining his Top Secret clearances.

SERCO formed The Pirbright Institute that submitted their Coronavirus invention to the U.S. Patent, having received funding for this work from Bill & Melinda Gates Foundation (Microsoft), Wellcome Trust (fake sold to GlaxoSmithKline), the European Commission (EU), World Health Organization (WHO), Defra, and DARPA.

In just 17 months, the SERCO-managed patent examiner Bao Q. Li issued the Coronavirus [U.S. Pat. No. 10,130,701](#) to Pirbright with almost no objections (that means it was probably a rubber stamp). This process normally takes three or more years.

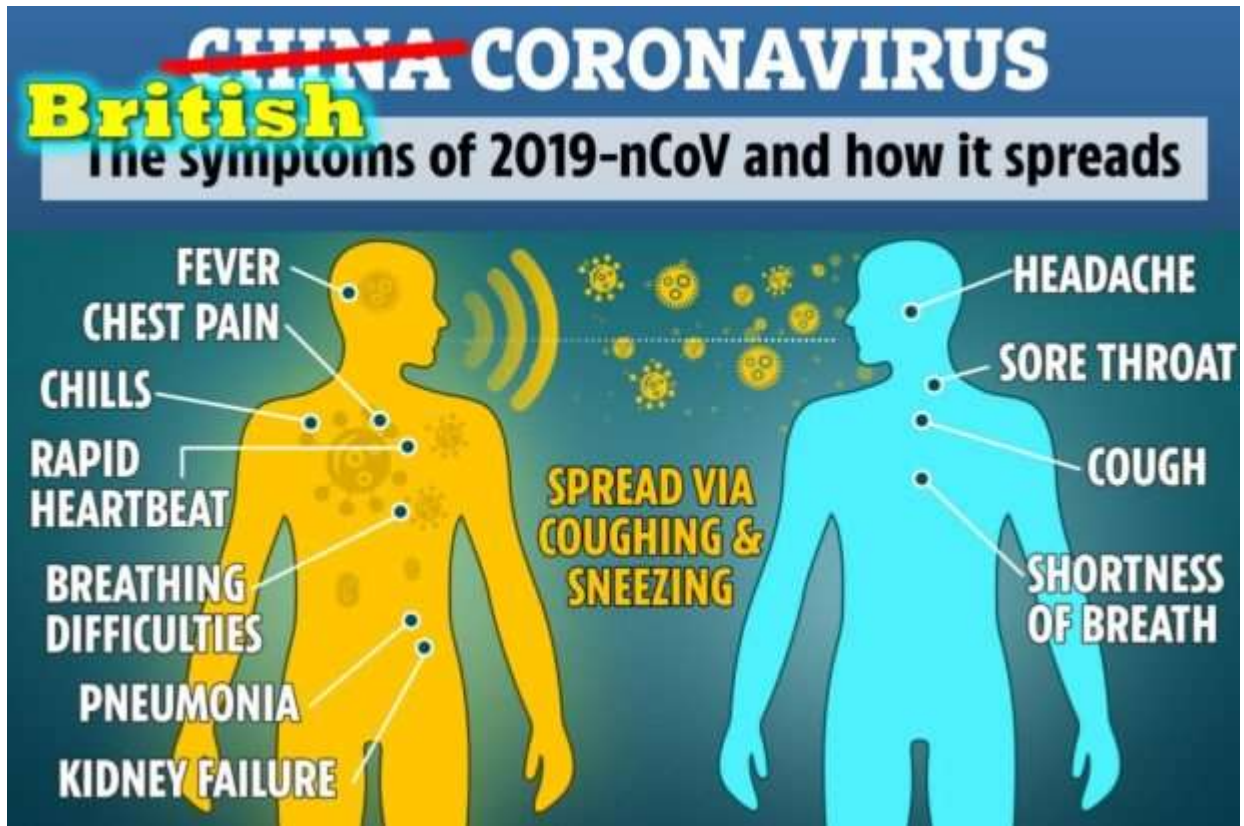

Neither Pirbright nor the U.S. Patent Office disclosed their conflicts of interest in the issuance of this Coronavirus patent.

On the British side, everything about this Coronavirus tracks back to the Crown, the eugenics-loving Pilgrims Society, Crown Agents and her corrupt Privy Council courtiers (British Pilgrims Society suck ups).

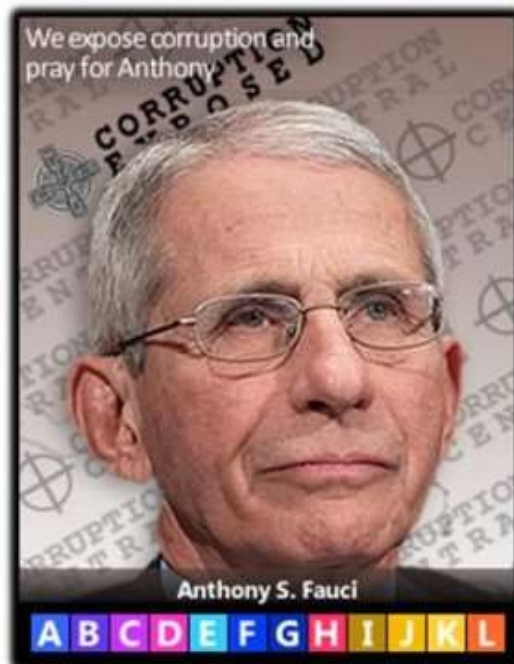

On the American side it illustrates the seditious nature of activity at the U.S. Patent Office, the Senior Executive Service (SES), Crown Agents, OPIC, USAID, a corrupt DoJ, Chief Justice John Roberts, FBI, C.I.A. and NSA (American Pilgrims Society suck ups).

The Coronavirus is not Chinese in origin. It is a man-made British-U.S. Pilgrims Society bioweapon invented by Wellcome Fund, Wellcome Trust, Bill Gates, DARPA, UN, WHO and EU, among others, in Pirbright, Woking, Surrey UK by [The Pirbright Institute](#) holds [U.S. Patent No. 10,130,701](#). This proof comes from their own hand.

The Brits worked in cooperation with the Chinese just as Dr. Fauci and others worked with the Chinese. But as Clif High above states, the Chinese were engaged in a double cross of the Brits and the U.S. NIAID and NIH as well.

Dr. Anthony S. Fauci Running Damage Control for The Pirbright Institute

CDC propagandist Anthony S. Fauci, MD received major funding from The Bill and Melinda Gates Foundation—who also funded the Coronavirus patent holder The Pirbright Institute (UK)

Fauci just recently received [\\$100 million grant from Gates](#). That amount likely was doubled from what is known from the Gates Foundation grants documents.

The Gates Foundation is also a major funder of The Pirbright Institute (UK) with DARPA, The Wellcome Trust (UK), DARPA, WHO, EU, DERA
[The Pirbright Institute \(UK\) is the patentee of the CORONAVIRUS U.S. Pat. No. 10,130,701](#)

Is Anthony S. Fauci, MD running damage control for the British Pirbright Institute (Merial China), DARPA, EU, WHO, British DERA, Wellcome Trust and the Coronavirus outbreak?

Did Fauci disclose his Coronavirus conflict of interest to President Trump?
Was Fauci lying to President Trump?

I have noted in previous articles that Richard Rothschild and Bill Gates patented the Covid-19 in 2015. Throughout the past 18 months, not once in any of the reports has this ever mentioned the fact that there is a financial relationship between Bill Gates and Dr. Anthony Fauci is again not a commonly mentioned fact.

Here is definitive proof that **Anthony S. Fauci, MD** and **Bill Gates** are engaged in a massive conflict of interest regarding the Coronavirus outbreak and Gates' association with the Pirbright Coronavirus patent?

The threads of these crimes against humanity are numerous and my research suggests that this was a UK Pilgrim Society plan to eliminate the two most powerful economies in the world. By provoking a war between China and the U.S., the plan was to have each country point fingers at the other as the one responsible for launching a biological war through the release of biological weaponized pathogens into each other's country's general public. 5G technology became the instrument by which they executed their grand plan to use "Directed Energy Weapons" and to activate the "modulation" of the wireless communications systems in China's "Smart" city of Wuhan.

Dr. Charles M. Lieber, of Harvard biowarfare and chemistry, was busted hauling the virus, cure, and vaccine to China just before the breakout, then arrested on his return to the U.S. A judge granted him a release after a \$1 million bail. The U.S. Patents for this process are, or were, until recently owned by the Queen of England, granted by her ownership of the U.S. Patent office management contract through SERCO. Dr. Fauci and the bureaucrats at the CDC are still singing the same old song....calling for another mass influenza immunization program!

Dr. Charles Lieber invented the Nanotube delivery system for Covid-19 illustrated below on page 20. We do not have enough knowledge of how this delivery system operates since the FBI confiscated Dr. Lieber's documents, files, computers at Harvard.

There are currently 75 patents with coronavirus in the title. The Coronavirus patent is one of 11 patents awarded to The Pirbright Institute. These titles described the uniqueness of each claim (a requirement). For The Pirbright Institute U.S. Pat. No. 10,130,701 to be allowed the name simply “CORONAVIRUS” means what it says. Also remember, British SERCO manages the patent approval process at the U.S. Patent Office, the possibility of fraud is heightened, especially considering that SERCO’s sister company QinetiQ—both controlled by the Monarch’s Golden Share giving 100% veto power over operations—essentially approved the patent to themselves. This is evidence of fraud. A copy of the patent issued to Bill Gates and Richard Rothschild is included in one of my articles on the Covid scandemic.

Keep in mind, when we reference the UK, it is owned and controlled by the Rothschild’s and are family through marriage with the larger Royal Family, i.e., Prince Charles of Wales, and his mother the Queen Mum! As the cumulative evidence indicates in my series **“The Satanic Talmud and the Synagogue of Satan – part 5”**, Prince Charles is the Biblical Antichrist, and it would be in his plan to reduce the world’s population through any means whatsoever, but particularly technology that few people know it exists, or understand its potential and implications. They have performed one of those feints of getting people focused on some imaginary virus while they turn up the modulation of wireless energy and how it can and will kill through electroporation by beaming energy directly into the human body from Directed Energy Weapon via satellite to that little 5G cell phone on your person.

Dr. David Carpenter says that 5G was never tested by the telecom industry and that even your 4G cell phones are a potential vector weapon of mass destruction. When I tell people that I am usually met with a blank look, a you got to be kidding me look! The illustrations on the following page describe key points. A vector weapon is like a “Ray” gun. In biology, traditionally in medicine, a vector is an organism that does not cause disease itself but which spreads infection by conveying pathogens from one host to

another. Species of mosquito, for example, serve as vectors for the deadly disease Malaria.

A vector is a quantity or phenomenon that has two independent properties: magnitude and direction. The term also denotes the mathematical or geometrical representation of such a quantity. Examples of vectors in nature are velocity, momentum, force, electromagnetic fields, and weight. A “DEW” or Directed Energy Weapon can be an invisible vector that can harm or kill. Think of the low-orbit 5G satellite as a DEW platform. In the case of the California wild fires of the past couple years, individuals captured what appeared to be blue laser lights and fires igniting virtually simultaneously.

The Dangers of Wireless Radiation and How to Protect Yourself was the title of an article written by Conan Milner and Peter Sullivan which appeared in the *‘Epoch Times’* on April 12, 2019 and Updated on January 31, 2020.

Silicon Valley is probably the last place you’d expect to hear health warnings related to your cellphone. But that’s where you’ll find Peter Sullivan, a man with a mission to help the public understand how their devices cause real harm.

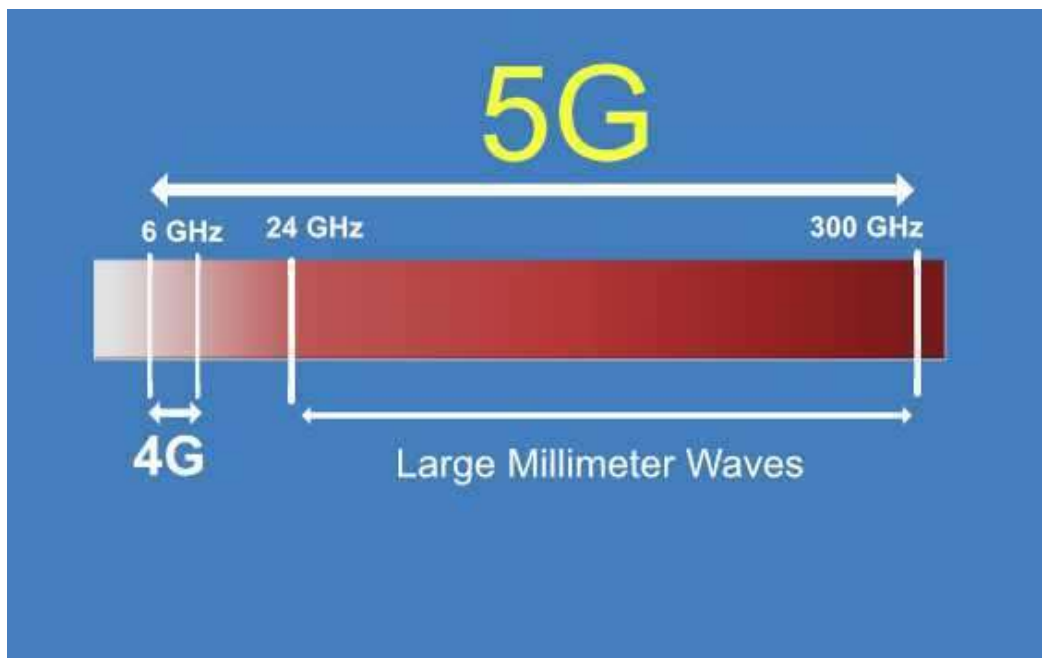

Sullivan started out as one of the biggest fans of a technology he now does his best to avoid. He attended graduate school at Stanford University in Silicon Valley, and later worked as a software designer, rubbing shoulders with people who would go on to design the devices that shape our [wireless](#) world. Living on the cutting edge, Sullivan became one of the earliest adopters of wireless technology, but he also got sick from it long before most people knew it was possible.

His illness—now known as [electrosensitivity](#)—and the realization that it was caused by wireless radiation exposure, pushed Sullivan to find answers. While government regulators and the telecom industry insisted that the level of microwave radiation flowing from his phone was safe, Sullivan talked to several top scientists who found strong evidence showing otherwise.

Some of these scientists can be seen in a film Sullivan produced in 2017 called [“Generation Zapped.”](#) This eye-opening documentary tells of the manipulative tactics the telecom industry uses to sell the public a technology despite overwhelming evidence that it was harmful.

Today, Sullivan’s full-time job is spreading the word about the dangers related to electromagnetic frequency (EMF) radiation, urging people to keep their devices off or at a distance whenever possible. He also funds research at Harvard, Stanford, University of California–Berkeley, and several leading environmental health nonprofits in an effort to provide a better picture of a technology we all use because most of us assume it’s safe.

The Epoch Times talked to Sullivan about the problems associated with wireless radiation exposure, and what we can do to protect ourselves from it. Answers have been edited for clarity and brevity.

The Epoch Times: It seems like people are just starting to realize the dangers related to wireless technology, but you've been looking at this for the past 10 years. What gave you a head start?

Peter Sullivan: I basically got to experience what people are experiencing now about 10 or 15 years ago, because we were on the cutting edge in Silicon Valley, and getting a lot of different exposures.

My brain was saying, *"All this stuff is good,"* but my body was having some really serious problems. I had to learn the hard way on this one that our assumptions about the safety were just totally false.

At first, I thought I had food allergies. Then I determined I had high levels of mercury. But even after detoxifying myself, cleaning up my diet, and doing all these things, my health just kept going down. I got really skinny. My teeth were cracking. My body was demineralizing. I felt spacey and weak, and I'm not a weak person. I was a Navy pilot. I ran marathons. I did triathlons, so I'm not used to being weak, but I got physically and mentally weak.

I got to where if I put a cellphone next to my head, I could feel it, and it didn't feel good.

I didn't think there was any research out there about this, but I got invited to a session at the Commonwealth Club in San Francisco where there were some scientists talking

about wireless exposure. So I started looking at the research. Thousands of these studies show harm.

The Silicon Valley folks aren't clued into this, but the telecom industry, the FCC, and U.S. government really know about this issue, but they've sold the spectrum anyway. They're basically using tobacco tactics. Did you read the article from [The Nation](#) about this? They did a six-month investigation about how the industry has been covering it up.

The Epoch Times: How does wireless radiation impact our bodies?

Mr. Sullivan: I think the most important thing people should know is [Dr. Martin Pall's work](#) on the calcium channel. He has shown that these frequencies and fields can impact the calcium channel in our cells. Calcium channels are really fundamental to brain development, the immune system, T-cell function, the blood-brain barrier, the gut-brain barrier—they're really a central factor.

The number one risk factor for autism is a calcium channel variation. From twin studies we know that the genetic component of autism is only about 38 percent. The rest is environmental, so we're looking for environmental factors that can have an impact on the calcium channel. Dr. Pall has spoken about this at autism conferences.

Variations in calcium channel functioning are associated not just with autism, but with ADHD, depression, anxiety, and schizophrenia. People with these variations are at a higher risk.

Calcium channel variations also increase the risk factor for electrosensitivity. But even if you have very normal calcium channel function, you can become electrosensitive with a high exposure. It still gets overloaded at some point, and especially as we add in more things like 5G.

So some people can get completely overloaded by wireless, but it's not just the wireless. It's really a combination of multiple things in the environment. Dr. Lisa Nagy says that people will frequently have mold exposures that can damage the calcium channel, and then that makes them more susceptible. Some people have toxic exposures. Some people have dental risk factors, like mercury fillings or infected root canals that also make them more susceptible. So you really have to lighten the load of all of these factors to stay ahead of the game right now.

The Epoch Times: We live in a world where lots of factors conspire against us.

Mr. Sullivan: And that's what we're looking at with autism. We went in thinking it was just going to be one gene, and one environmental factor. But it turns out it's multiple genes but along the same pathway, and multiple environmental factors that are affecting that single pathway.

Of course, that pathway is also a target for drugs. So if folks are taking calcium channel blockers for their heart or their mental health, EMFs are working against those drugs. At some point you're going to start having to control these exposures, and having a reality check on this whole thing. Some problems are not going to be solved by adding more drugs. We need to start removing interference factors to really restore our health.

The Epoch Times: I've read that supplementing with [magnesium](#) can help with the disruption of the calcium channel.

Mr. Sullivan: Dr. Pall and others have found that magnesium is a natural calcium blocker. It down-regulates the calcium channel. If you are low in magnesium, your calcium channel becomes hyperactive. When the calcium channel gets excited, it's telling your nervous system that something important is going on so we should stay alert.

The problem is, we're not meant to be in that state all the time. It's a very stressful state to be in. You can think of it like a cell danger-mode state. It consumes a lot of energy, and it's exhausting. The body is not meant to stay in this fight-or-flight state all the time.

Many of the doctors that I've talked to have been recommending a certain form of magnesium that gets into the brainstem and the brain more directly. It's called magnesium threonate. It's been shown to really help with brain connections.

The Epoch Times: It's amazing that the disruption of this tiny cellular mechanism can result in all these different problems.

Mr. Sullivan: Dr. Pall says the calcium channels are most dense in the heart, the nervous system, and brain. We are starting to see the effects on both mental health and physical health. People need to understand that the primary symptom of EMF exposure is sleep disturbance. Next is headaches, attention issues, anxiety, and memory issues.

The one that blows my mind the most is sperm damage. Dozens of studies show that these frequencies and fields can damage sperm. So a cellphone in a pocket of a man who is about to become a father is a major concern that needs to be investigated. People need to understand that when they put a cellphone in their pocket they're playing genetic Russian roulette. They're taking all these good genes that have gone through the test of time and they just randomly flip them. That's going to be really challenging to reverse.

The Epoch Times: What should people do to reduce their exposure to wireless radiation?

Mr. Sullivan: The first thing is to clear out devices close to you in your sleep environment. These exposures undermine sleep, and they undermine your melatonin production and your depth of sleep.

It's very common right now for people to use their cellphone as their alarm clock and they're charging it and having it right next to them all night.

Some people are even using fitness trackers that have a constant wireless exposure, like a Fitbit, to track their sleep. We also tell people to turn off their Wi-Fi at night, or turn off their cordless phone base station. Don't have a tablet or modem anywhere near you at night. These will all disrupt sleep. Sleep is really fundamental to your health and mental health, and of course child development.

An important one for children: We tell parents to turn off the baby monitor at night. At minimum, move it across the room.

In general, create space around your sleep environment and your work environment. The strategy should either be to turn it off, or move it away. If you can't turn off the device, move the device away from you. If the device can't move, like a smart meter, then you move away from the device.

Distance makes our exposure signal rapidly drop off. Every time you double the distance, the exposure drops off by 75 percent.

People should never, under any circumstances, touch the cellphone to their head when they're talking on it. The FCC has never tested that configuration. Every phone has a warning which says that it's tested with a space between itself and the body. They are not tested directly next to the body as most people are using them. Even if they're just close, there is a risk of them going over the FCC limit, which is already not a biologically based safety limit.

I also have a wireless safety card on my website ClearLightVentures.com. This card shows you some basic solutions for some of the most common sources of wireless radiation. It has a little bit of the science, and a little bit of the health effects on one card. I give these away to parents. When people see this in writing and they see that there is science there and see that there are solutions in place, then they start taking action.

The Epoch Times: I think a big reason people don't take wireless radiation seriously is because they can't see it.

Mr. Sullivan: That's right. It's invisible so it's hard for people to get a sense of it. One of my jobs is to make the invisible visible for people. We've gone to a couple of autism conferences where we've given people an experience. We set up a 10 foot by 10 foot canopy, kind of like a farmer's market tent, but the sides are covered. It's basically a wireless clean room. We tell people who enter it to turn off their phones, their Apple watches, or whatever you've got that's emitting a wireless signal, then you go into this room.

On average, between 85 to 95 percent of the people will feel a difference when they step into that room. The most common thing they report is feeling calmer. This calcium channel interference stops and the body starts unloading.

We've had some people who have had so much exposure for so long that they get a little nauseated when they step into this environment.

The Epoch Times: What is this tent made out of?

Mr. Sullivan: It's made of a shielding material that blocks and reflects wireless radiation. And shielding is one of the strategies people can do to limit their exposure, but I recommend people do all the free and easy stuff first before they buy anything new.

The Epoch Times: So shielding is a more advanced level.

Mr. Sullivan: Yes, and to do it right you may need a professional to help you so that it doesn't reflect it back and make your environment worse. People should put most of their attention on exposure reduction.

The Epoch Times: Is testing your environment important? And if so, how do you do it?

Mr. Sullivan: You can buy a consumer level meter from companies like [LessEMF](#) or [Safe Living Technologies](#). I actually recommend a couple of meters on my [website](#).

You can also get people who will measure this for you. Search for EMF experts. Sometimes they're called building biologists or environmental consultants. They are trained in this and they will come in and give you a one-time assessment.

The Epoch Times: What are some other things people should know about wireless radiation?

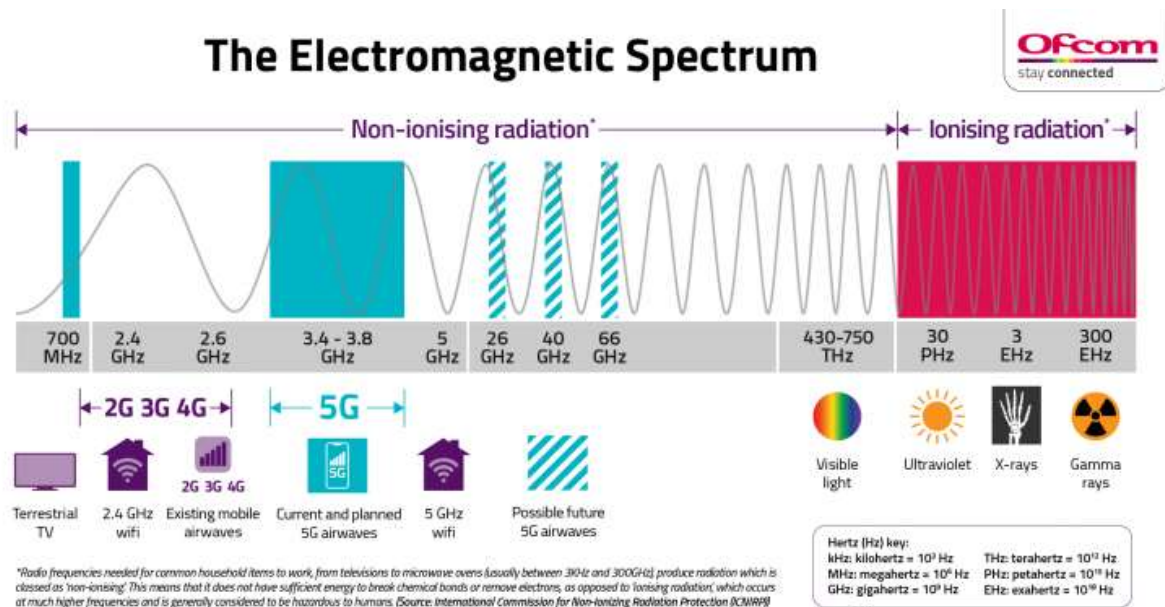

Mr. Sullivan: People should also know that it has failed safety testing many times at various levels. Of course, the newest level, 5G, is not being tested again. So people should demand that these devices be tested before they use them and before their children use them.

Wireless safety needs to be a market requirement just like automotive safety. People should start actually looking at science and not just taking industry talking points at face value.

The electromagnetic spectrum is an important guide to what we are dealing with. Even the once-thought distinction between "non" ionizing and ionizing radiation is being re-considered since, after two decades of cellular communications there have been many studies indicating a cumulative effect of low-levels leading to cancers. In the chart

below on page 27 you will see three columns of diagonal radiation. These are in the highly dangerous GHz where animal tests have revealed harmful effects and death.

Although this chart would seem to indicate 5G as being safe or relatively harmless, it is misleading at best. Electric utilities such as PG&E first began introducing “smart” electric utility meters a decade ago and have encountered these so-called “smart” meters exploding and burning down homes and apartments. They operate in the 4 GHz energy level and are just at the level bordering 5G cell phones. I have viewed multiple videos of individuals complaining of effects from “smart” meters at their homes and apartment complexes. The electrical utility industry plans to equip the nation in the next few years with the “smart” meters.

It is functionally possible to upload a source of electricity from a cell tower to a low orbit satellite, which then can be directed as a vector to a designated space or land target by knowing the GPS coordinates. This was the conceptual essence of President Reagan’s “Star Wars” project of the early 1980s. That energy beamed to a low orbit satellite can be used to start a fire in a California tinder-dry forest, or it can be beamed at GPS coordinates as a DEW or directed energy weapon.

The technology today enables the vector to be able to hit a target within a one-square foot area. Insiders in the electrical industry were reporting that social distancing during the Covid lockdown of 6-foot distance was intended to tweak this method of satellite vectoring or targeting. As any hunter or military person knows the importance of sighting or scoping your weapon, it is just as important in tweaking the satellite signal beam. Since 5G wireless energy uses millimeter band spectrum fine tuning is critical. In the 5G wireless EMF communications, the use of millimeter wave band spectrum requires calibration to close tolerances. With that comes increased lethality.

The charts on the previous pages show energy level of operation. My point is that that energy level can be “modulated” into lethal ranges up to including instant death! The possession of a 4G LTE or 5G phone assures your being a potential target for a 5G vector in an extermination event! The missing 21 million Chinese telephone accounts reported in February, 2020 are proof of this possibility. Crematoriums in Wuhan and nearby operated 24/7 for months, as revealed in satellite photos taken during the events in Wuhan, China.

Whether you are aware of it or not, a later model 4G LTE cell phone and most certainly the new 5G cell phone becomes an EMF vector, a “ray” gun of sort if you will. When one has high-speed internet or 5G wireless installed into your residence, your life will be over relatively in short order. 5G will become like an invisible electric fence to keep you locked down on your residence, exactly like the electric fence people install to keep their pets from straying or running off.

Wireless routers – as well as Bluetooth and similar wireless systems – give off electromagnetic radiation in the low-gigahertz frequency. This level is considered potentially dangerous to people. And the danger is compounded by several factors: Just like the wireless signals themselves, the EMFs can pass through walls. Not so with 5G due to their innate weakness, a need for a seamless point-to-point link. A 5G signal can be obstructed by trees, buildings, fog, rain, snow, dust, sleet, sea mist, and even clouds. It is this weakness which necessitates where operated it will require higher energy levels to overcome weather/climate issues.

Since January, 2021, I receive two or three promotional offers almost weekly for the new (5G) high-speed Internet. They are deceptive in that they are not fully 5G, but

enhanced 4G LTE. Wherever 5G is being promoted by AT&T, T-Mobil, Hughes, Verizon, or DISH, it will be a minimum of two years before fully activated service is available in most areas. 5G satellites are launched into orbit nearly weekly, and as these saturate the atmosphere with microwave wireless energy, 5G sickness will increase to a point where it becomes so obvious that denials by the telecoms will be futile. Unfortunately, when that occurs, human life will be so damaged to be unlikely able to recover and result in the Extinction Level Event, that Dr. Pall calls it.

I have shared a good bit of this information as far back as on February 24, 2020 in a related article on 5G wireless communications. The last few pages of this article are a summary of that report proving that Covid-19 was not a novel virus, it was merely symptoms of 5G wireless energy.

Being man-made in a British Pirbright Institute laboratory in Pirbright, Woking, Surrey, England, (in a posh bedroom community in southwest Greater London) it is evidently meant to scare the public into agreeing to forced Big Government inoculations. Historically, flu vaccinations are ineffective since they inject tiny pieces of *last year's virus* into one's bloodstream.

Why? It kills people and lowers the population—their eugenics goal. They are playing God. Didn't you get the memo that you are nothing but an expendable carbon unit, and are not beautifully and wonderfully made in the image and likeness of God?

With the British coronavirus, they invented the virus first (which presumably means they already have the vaccine), then introduced it into the public in far off China to scare people into paying billions of dollars to the vaccine makers—in this case The Pirbright Institute funders.

This *modus operandi* to use propaganda to insight panic to move markets and make money is totally criminal. Since our courts are enriching themselves off this scam too, it behooves We the People to step in a stop this profligacy.

Corona 5G Smartdust Bioweapon Exposed!! Chinese Given Mandatory 5G Digitized Vaccines!! Diamond Princess Cruise Ship Specifically Designed With 5G!! They Are Digitizing The Human Body!! Wuhan Is Test Run For Weaponized "Virus"!!

The Chinese were all given mandatory vaccines last fall (2019). The vaccine contained replicating, DIGITIZED (controllable) RNA which were activated by 60Ghz mm 5G waves that were just turned on in Wuhan (as well as all other Countries using 60Ghz 5G) with the "smart dust" that everyone on the globe has been inhaling through chemtrails. That's why when they say someone is "cured", the "virus" can be "digitally" reactivated at any time and the person can literally drop dead.

The Diamond Princess Cruise ship was SPECIFICALLY equipped with 60GHZ 5G. It's basically remote assassination. Americans are currently breathing in this "smart" dust through chemtrails. Think of it like this..... add the combination of vaccines, chemtrails (smart dust) and 5G and your body becomes internally digitized and can be remotely controlled. A person's organ functions can be stopped remotely if one is deemed non-compliant. Wuhan was a test run for ID2020. The elite call this 60GHZ mm 5G wave the "V" wave (Virus) to mock us. Trump has created a space force in part to combat this weaponized technology. We need to vehemently REJECT the attempted "mandatory vaccine" issue because our lives depend upon it.

WHO Is Danger To World!! WHO waits 2 MONTHS before telling the WORLD it no longer uses the word PANDEMIC

The 5G Syndrome Maps Perfectly with Coronavirus Outbreaks. By that I am saying that studies in Europe and elsewhere have shown a direct correlation between Covid-19 symptoms and 5G Hot Spots.

There's a LOT of hard evidence now emerging the further away we get from the original crime scene in Wuhan, China and as the coronavirus pops up around the world in 5G Hotspots that indicates this pandemic is being manufactured for multiple reasons. **The primary reason, however, was intended to provoke a war between China and the U.S.** The globalist crowd planned to remove the two super economic powers of China and the U.S. Provoking a war would enable the Illuminati to "divide and conquer" all smaller nations with greater ease such that they can be controlled through the UN/Vatican/UK global government.

Based upon Clif High's commentary, and other sources, it would appear that this war began with a biological attack in advance. That could have been a reason my AOL censor blocked my downloading the 'Vanity Fair' article in a nano-second. It reflects a lack of or a breach of national security measures to have failed to anticipate a bioweapons attack. Vaccination of health care and first responders plus the military

would virtually degrade the nation's ability to respond to the next phase of this war. We now have clear indication that those vaccinated will begin to die within six months after being vaccinated, and most dying inside of two years. At this point, few are aware that the Rothschild plan to provoke this war has really been underway for at least a year already.

Dinesh D'sousa has raised many questions about whether the release of the virus "bioweapon" was "accidental" or "intentional". Dinesh D'sousa brilliantly raises questions in his podcast EP 107. I have listened to his rational as to how the Chinese think and are known to behave. This pod cast is extremely important relative to getting to the bottom of the real issues at stake. Dinesh D'sousa is an Indian-American and a staunch conservative political commentator.

As we are seeing in the controlled media, there is a daily drum-beat of press promoting the anti-Asian, anti-Russia message to build support for a larger war beyond the biological phase. There are news articles about suing China for damages as a result of the Covid-19 economic losses, etc.

As it turns out, those nations with the most advanced 5G roll-outs have the highest incidence of COVID-19 cases, both infection rates and death rates. People will believe their governments that 5G radiation sickness is the alleged Covid-19. That narrative was derailed when Dr. Robert Redfield suggested the virus could have come from a lab, and then when Dr. Rand Paul pressed the issue in Dr. Anthony Fauci's testimony where he perjured himself two weeks ago. The genie is out of the bottle as they say!

In those countries that have permitted the (IoT) Internet of Things build-outs where the 5G power grids are the most developed, the coronavirus infection rate has been taking off.

What's really interesting is that Africa has thus far shown very few cases. As of this weekend there were only 3 medically acknowledged cases on the entire continent. Which begs the question: How do the Third World countries in Africa avoid such a contagious strain of the coronavirus given the pervasive lack of proper sanitation and necessary hygiene?

In light of how deeply involved the Chinese are with development projects all over Africa, it's quite curious how that infection number is still so low. Perhaps it's directly related to the absence of 5G roll-outs in the vast majority of African nations.

Before those nations suffering the greatest number of coronavirus infections to date are further investigated — China, South Korea, Italy, Iran, Japan, Singapore, Hong Kong, Germany, United States, France, Spain, Kuwait — another curious development ought to be looked at closely.

The Proof is still in the Cruise Ships

The single best proof of the quite obvious 5G-Coronavirus linkage are the various cruise ships that have seen an inexplicable mushrooming of coronavirus cases, even after all the passengers were quarantined.

Many of the biggest cruise lines now advertise the fact that they have the latest and greatest 5G technologies in place. The most advanced cruise ships actually possess the best examples of what the Internet of Things (IoT) will look like in the future ... if the build-outs proceed unimpeded by the very serious health concerns and safety issues.

KEY POINT: Cruise-goers, by and large, love to stay connected with the folks back home. They especially enjoy texting their many photos-by-smartphone back to family and friends. Businessmen have a need to stay in touch with the office as other passengers want to stay abreast of all the breaking news in 2020. Hence, every cruise ship will eventually become a 5G-IoT paradise if they're not already.

What really happened on the quarantined cruise ships is that those folks were likely quite vulnerable to the flu bug for a variety of reasons. Then, when they entered the fully operational 5G space* on the ships, their immunity was profoundly weakened so that they would be susceptible to any influenza strain, including the Wuhan coronavirus—COVID-19.

*The cruise lines have literally put their 5G technology on super-steroids as seen in their promotion: MedallionNet™: The Best Wi-Fi at Sea.

5G Nations

It has also been astutely observed that those nations with the most pervasive and powerful 5G networks fully functioning are those that have suffered the biggest outbreaks of the coronavirus to date. Why should anyone be surprised at this wholly predictable outcome?

The following excerpt comes from: CORONAVIRUS BOMBSHELL: This proves it should be named "5G COVID-19"

The importance of viewing the coronavirus COVID-19 as a "Telephone Disease" is that by doing so it explains some perplexing mysteries about the spread of this disease—such as why this disease has struck the Gulf nations and monarchies in the Persian Gulf region, but becomes explainable when one notices their ongoing 5G revolution—most particularly in Iran, where this country is completely blanketed to its smallest village with 4G technology coverage—but who are now putting the finishing touches on rolling out 5G technology throughout their entire nation in the coming weeks—finishing touches that included Iran activating their Chinese bought 5G technology for testing—that was immediately met by Iran having more coronavirus cases and deaths of any nation outside of China—and whose Vice President is one of seven of their top government officials now infected.

The Coronavirus COVID-19 disease outbreak begins to spread in Persian Gulf nations and monarchies activating 5G technology.

Both 5G Demonstration Zones such as Wuhan, China and floating 5G cruise liners are correctly considered 5G Hotspots. These 5G Hotspots, for the uninitiated, are really KILL ZONES because many folks will die early and the longer they bask in those dangerously high levels of 5G radio-frequencies and microwave radiation the sooner they get sick and die.

This brings us to the single most perilous aspect of the military deployment of 5G—KILL ZONES.

All the scientific evidence available in the public domain now indicates that wherever 5G infrastructures is located in the greatest concentration generating the most powerful EMFs and microwaves, those 5G Super-Hotspots will effectively function as kill zones.

As follows:

5G Super-Hotspots: You better know where the “kill zones” are located!

In order to fully grasp the highly destructive and deadly potential of these rapidly emerging 5G Super-Hotspots, the following video exposé presents a scenario where the most powerful “directed energy weapons” will be located within these 5G kill zones.

5G WEAPONRY: Microwave Radiation Technology Being Deployed as Depopulation Warfare, Full Spectrum Dominance & Total Human Control

Which bring us to the primary purpose of this article—5G Syndrome.

5G Syndrome is a relatively new disease that has yet to go fully mainstream because of how its official recognition would immediately terminate the ongoing 5G roll-out.

Exactly what are the symptoms of 5G Syndrome?

There are many, and they manifest differently in each victim of this insidious disease. Wireless energy reacts differently with human and animal life forms.

Of course, a good number of typical flu symptoms mimic 5G Syndrome.

But what's most important is that these two illnesses — Influenza and 5G Syndrome — will mutually sustain each other. In that way, it can be quite confusing to accurately tease out which symptoms are associated with which disease.

In other words, if you have the flu, your exposure to 5G will make it much worse. Likewise, if you have a case of full-blown 5G Syndrome, you will be much more susceptible to getting the flu, and if you do, it will be significantly worse.

Back to the primary symptoms. The best medical reference that we have at this point, since 5G Syndrome is still a relatively new medical phenomenon, is another disease known variously EMF Hypersensitivity Illness and Electrohypersensitivity (EHS).

What follows are just a few of the most common symptoms that are frequently experienced by people who know they have EHS. (Also, see the preceding diagram.)

- Nausea, headaches and migraines
- Ringing in the ears
- Numbness in the face or other body parts
- Dry eyes and sight problems
- Inability to concentrate and unexplained fatigue
- Depression
- Tachycardia and cardiac arrhythmia
- Hyperactivity and insomnia
- Redness and rashes
- Dryness in the throat and mouth
- Swollen sinuses and symptoms rhinitis

(Source: Electrohypersensitivity: What you need to know about the allergy of the 21st century)

There are several other symptoms that are also being recognized as the direct result of intensive EMF and microwave exposures. As follows:

- Headaches, migraines
- Chronic exhaustion
- Inner agitation
- Sleeplessness, daytime sleepiness
- Tinnitus
- Susceptibility to infection
- Nervous and connective tissue pains, for which the usual causes do not explain even the most conspicuous symptoms

(Source: Electrohypersensitivity: What you need to know about the allergy of the 21st century)

KEY POINT: It's essential to correctly comprehend the difference between 5G Syndrome and 5G flu. While there are several similarities, it's the differences that really matter. Hence, every smartphone user and IoT enthusiast is compelled to contemplate any new health conditions or unusual symptoms or inexplicable sickness, particularly those that have been chronic and/or long term. See: CORONAVIRUS SPECIAL REPORT: Worldwide Outbreaks of 5G Syndrome and 5G Flu Driving Pandemic.

Conclusion

The Wuhan coronavirus pandemic has awakened many to the reality of 5G Syndrome.

Perhaps it took all of humanity to get freaked out by a scary frankenvirus — COVID-19 — in order to wake up to this extreme and growing danger in our midst—5G technology and the slowly emerging IoT.

With this crucial understanding, at least now we know what we're really dealing with. So, the best thing informed people can do is pass the word around: It's really 5G and your smartphone that is causing the current pandemic, not necessarily the coronavirus or even any of the many other flu bugs circulating around the planet in 2020.

Now many folks will naturally get a bad case of one of the many types of influenzas, or even the coronavirus itself, and they will need to take that illness/disease very seriously. If they are elderly or infirm or suffer from other illnesses, they especially need to follow the best advice out there. For the sake of prevention, there is this sage advice: Here's How Everyone Can Avoid Getting The Coronavirus.

For other alternative treatments and holistic approaches, excellent guidance such as this can be followed: Natural Protection Strategy Against Viruses, Including the Coronavirus.

Lastly, it's important to note that the 5G Syndrome angle presented here is only one of several perspectives concerning what is really an ongoing series of bioterrorist attacks being carried out in 5G-intensive zones. The perpetrators are continuing the bio-attacks wherever they must cover up an epidemic of 5G syndrome so that the worldwide military deployment of 5G is not jeopardized by disclosures about the extremely serious health dangers and safety hazards.

Do you see how they do it?

The New World Order globalists are very clever, aren't they?

This "CORONAVIRUS HOAX" does not mean there is not a highly contagious bioengineered coronavirus that is being released as a bioweapon in the nations that have experienced the ongoing bioterrorists attacks. It means that these stealthy bio-attacks were meant to cover up the raging epidemics of 5G Syndrome in those specific locations. So, the coronavirus is quite real just as SARS and MERS, Bird Flu and Swine Flu were real. But, the Wuhan coronavirus was specifically bioengineered in order to create and hype a global pandemic around COVID-19. Again, the hoax aspect does not refer to a non-existent coronavirus; that a frankenvirus is quite real indeed and being cunningly used as a decoy.

As the virus scam narrative unravels like a cheap Chinese suit, we have further evidence of UK's involvement of creating the Vaxx. The article is entitled "[How Peter Daszak Funded Chinese Scientists To Insert Spike Proteins Into SARS Virus To Create "Killer Coronavirus"](#)".

Posted today, June 9, 2021, the report deals with a UK citizen, EcoHealth Alliance President Peter Daszak – who collaborated with the Wuhan Institute of Virology on research funded by Dr. Anthony Fauci's National Institute of Allergy and Infectious Disease in a startling video admitted in 2016 how his Chinese colleagues [inserted Spike Proteins into the SARS virus to create "Killer Coronavirus"](#) that could infect humans. This self-confession ties Dr. Anthony Fauci to the Pirbright Institute, Bill Gates, Richard Rothschild, and others involved in the virus created as a cover to hide the use of 5G in an attempt to provoke the war between China and the U.S.

The toasting photo above shows Peter Daszak (right) and the Dr. Shi, Bat Lady (center)

Daszak made the admission (watch below) at a 2016 forum discussing [“emerging infectious diseases and the next pandemic,”](#) explaining how their funding of gain-of-function research at Wuhan Institute of Virology created a “Killer Coronavirus”.

While describing how his organization sequences deadly viruses, Daszak describes the process of “insert[ing] spike proteins” into viruses to see if they can “bind to human cells” as being carried out by his “colleagues in China”:

“Then when you get a sequence of a virus, and it looks like a relative of a known nasty pathogen, just like we did with SARS. We found other coronaviruses in bats, a whole host of them, some of them looked very similar to SARS.

So we sequenced the spike protein: the protein that attaches to cells. Then we... Well I didn't do this work, but my colleagues in China did the work.”

“You create pseudo particles, you insert the spike proteins from those viruses, see if they bind to human cells. At each step of this you move closer and closer to this virus could really become pathogenic in people.”

The (WHO) team investigating the origins of COVID-19 in Wuhan, Peter Daszak (a UK citizen) also has a conflict of interest, due to his ties with the Wuhan lab at the center of the inquest. It was recently revealed in the Fauci Files how Peter Daszak collaborated with Dr. Fauci and [top British scientists to cover-up the Bioweapons Research](#) that they funded in China.

There are several reasons for the 5G – Covid-19 hoax, but the primary one remains front and center the big one! A war between the two countries, China and the U.S., as exposed by the Clif High report from last week, was the real reason. [The Vaxx portion](#)

is to kill as many people as possible because there is a global financial problem that the world cannot get out of unless they destroy the existing Fiat money system and billions of people in the process.

A top Indian Virologist has made a sensational claim that China was ready with the COVID-19 vaccine even before the pandemic officially began. An eminent Indian virologist has raised the flag on the possibility of China having developed the vaccine in advance to be prepared in case of the virus outbreak or a leak — an indicator of the deadly virus being engineered in the lab.

This could have helped China curtail the spread right from the early days. China, with the largest population in the world at 140 crore, (1.4 billion), recorded just 91,300 Covid-positive cases and 4,636 deaths since December 2019. It is ranked 98 on the list of countries in the order of cases recorded, he said.

The virologist, Dr. T Jacob John, former professor & head of the department of Clinical Virology, Christian Medical College, Vellore, said as reported by Indian Express:

“There are some mysteries about the Chinese episode (the suspected leak from the Wuhan Institute of Virology). China’s Covid-19 pandemic was unique in the world. That means they are hiding something... or they are different...or China had prepared for this in advance. Everything is not what meets the eye.”

He cited the example of a young Chinese scientist applying for a license for SARS-CoV-2 vaccine “as early as February 24, 2020”, just two months after the pandemic broke out.

“It is far too early to work on a vaccine in just two months. They must have started at least a year earlier,” said Dr. John.

“That young man (the scientist) is dead. There are too many loose ends. China seems to be covering up something, just like any criminal would cover up.”

Dr. T Jacob John said, *“There is smoking gun evidence in molecular biology that point to the possibility that it is a lab-manipulated virus.”*

We have in the course of our research compiled a long list of people engaged in coronavirus research assassinated or just dropping dead in mysterious circumstances.

Interestingly, as reported by GreatGameIndia, Indian biologists from Kusuma School of Biological Sciences, Indian Institute of Technology (IIT) Delhi, had detected four AIDS virus gene insertions in SARS-CoV-2 virus’ spike protein which is its weapon to attach to the human cells and gain entry into the body.

“Last year a group of Indian scientists discovered that coronavirus was engineered with AIDS like insertions. Now, Fauci Emails reveal that it was Dr. Anthony Fauci himself

who threatened the Indian scientists and forced them to withdraw their study"
!https://t.co/4fF7T6zotr
— Prashant Bhushan (@pbhushan1) June 7, 2021

After GreatGameIndia published the results of the study, it attracted heavy criticism to an extent that the authors were forced to retract their paper. Now, Fauci Emails reveal that it was Dr. Anthony Fauci himself who threatened the Indian scientists and forced them to withdraw their study linking COVID-19 to the AIDS virus.

Meanwhile, two of the top scientists leading Britain's response to the Covid-19 pandemic colluded with Dr. Fauci in a cover-up of the COVID-19 bioweapons research also known as "Gain-of-function" experiments to peddle a natural origin theory of the coronavirus.

The West is sleepwalking to its doom. Most people don't even realize that the financial crunch returned in September 2019. That \$12 Trillion has been added to the economy by the Fed and the Government. Obsessed with 'the virus', or 'racism', or 'Bitcoin', we can't be sure which.

1.25-billion people will die from the Vaxx due to the Spike Protein (PEG) introduced into the Vaxx by Pfizer and Moderna. The Vaxx does not have a "stop" switch and when the human body encounters something as simple as a cold, it will be unable to differentiate from something as minor or something far more serious. The immune system will in effect, burn itself out fighting the Spike Protein and death incurs from exhaustion.

It will all come with a great show, declaring victory and 'problem solved', but only months later, the first signs of money scarcity will start hitting the economy.

The Great Reset WEF style is just the distraction. We will not be eating bugs because of 'Climate Change', but because we'll be going hungry. Nor is the Lockdown the cause of the problems, it's just Martial Law to keep everybody locked up while they get financially destroyed. It's being used to transition society to 'The New Economy'. New Lockdowns will be coming, when Plandemic-2, 'The Bio Terror Attack' hits. The recent 'exposure' of the 'lab made' 'virus' is just the cover story, paving the way for a future Lockdown. They have been talking more viral variants coming from South Africa for weeks at this point in time.

But there is no virus. There are only Bankers. And the restart of the Crunch 21 months ago signaled their final offensive en route to a World Currency and World Government.

What I am about to share is complex banking language and I will need to explain it at the close, and so the man on the street will not understand what is taking place.

The Fed sold a record \$503 billion in Treasury securities (June 8th, 2021) this morning via overnight "reverse repos" (RRP) to 59 counterparties, and thereby took in \$503 billion in cash from the counterparties. These overnight RRP's will mature and unwind

tomorrow. Yesterday's record \$497 billion in overnight RRP's matured this morning and were replaced by this new and even larger flood.

"Reverse repos" are the opposite of "repos." They drain cash from the market and are liabilities on the Fed's balance sheet – money the Fed owes the counterparties.

A similar phenomenon, but on a smaller scale, occurred starting in 2014 as the U.S. financial system was awash in cash following years of QE. And at the end of the quarter, particularly at the end of the year, RRP balances spiked. The phenomenon declined as the Fed began shedding its assets from late 2017 to 2019. But this time overnight RRP's spiked beyond those levels during the middle of the quarter – with June 30 coming up:

By having drained \$503 billion in cash from the market via these overnight reverse repos, the Fed has undone the liquidity effect of 4.2 months of QE, which continues at a rate of about \$120 billion a month.

The coming "technical adjustments" to the Fed's administered interest rates have profound implications. It's not like tightening down a bolt on a piece of machinery.

The Fed's offering rate currently for overnight reverse repos is 0%, meaning that counterparties are handing their cash to the Fed, and get Treasuries as collateral, for 0% return. The offering rate is decided by the FOMC. The Fed offers these reverse repos to keep the reverse repo rates from falling into the negative as the tsunami of liquidity needs to find a place to go.

The Fed could get a handle on this liquidity phenomenon by tapering asset purchases and eventually reducing its balance sheet. That's how the phenomenon was resolved last time.

This reverse repo offering rate is now getting lined up for what the Fed calls a "technical adjustment," namely an increase of something like 10 basis points, either at the next FOMC meeting or at an in-between Zoom meeting before then.

The Interest on Excess Reserves (IOER) could also be subject to this type of "technical adjustment." The Fed is currently paying the banks 0.1% interest on cash they put on deposit at the Fed. Those "reserves," as that cash on deposit at the Fed is called, now stand at \$3.8 trillion. Think of the House of Rothschild as owner of \$3.8 trillion of U.S. debt. Think a little further, of the House of Rothschild as quietly cashing out of their holdings in the U.S. Federal Reserve System.

The FOMC may also hike the IOER by some basis points. This would help raise the floor of the effective federal funds rate to where it trades closer to the middle of the Fed's target range, (0.00% to 0.25%). The effective federal funds rate has been around 0.06% when it should be around 0.12%.

So New York Fed President John Williams, whose outfit handles the Fed's trading activities, prepared the markets for this type of "technical adjustment" to the Fed's reverse repo offering rate and the IOER in an interview with Yahoo Finance last week. He emphasized repeatedly that the reverse repo system *"was working really well,"* and *"exactly as designed,"* that there were *"really, no concerns about that."* And he also shed light on where this tsunami of liquidity came from that the Fed took in: the "banking system."

So he explained: *"When we thought about and set this up [the reverse repo facility] a long time ago, we wanted to make sure, in a situation where we're making asset purchases for our monetary policy goals, that the matching increase in liabilities would be distributed in the financial system efficiently and well. And a lot of it shows up in the banking system as reserves, but also some of it can show up through the overnight reverse repo facility."*

"And we have seen that get used quite a bit recently. We expected that to happen. It's working exactly as designed. Really, no concerns about that. It's a system that was put in place so that we didn't have problems [INAUDIBLE], and we're not having them," he said.

"So to me, it's working really well, and the fact that funds are flowing between the banking system and the overnight reverse repo, this is kind of what we would expect to happen in this kind of circumstance," he said.

"And we actually, going back to earlier days, we've made adjustments, technical adjustments to these administered rates and these programs, specifically to make sure they're working well. And for me, achieving the FOMC's goal of having the federal funds rate trading well within the target range," he said.

"So we have the ability to adjust parameters of our administered rates or other parts of our program so that they work really well and keep interest rates where we want. So we can do that if that's called for," he said

"We have the ability to tweak it, if you will, to make sure it's achieving exactly what the FOMC is looking for in terms of short-term interest rates," he said.

So these administered rates may be in for some "technical adjustments" upward at or before the next FOMC meeting. And this would be underlined by some taper talk. And meanwhile, the Fed is starting to [sell its holdings of corporate bonds and corporate bond ETFs](#). What does all this financial talk mean for holders of U.S. assets? I quoted Bo Polny in my most recent Blessed Hope #61. [Bo predicted a stock market crash for this week into the weeks just ahead.](#) Just below is what I wrote in Blessed Hope #61:

"Biblical cycle expert and financial analyst Bo Polny predicted in November of 2020 the stock market (DOW) would "top out in May 2021 at around 33,000 to 34,000 and then crash in June." So far, half of the prediction is spot on, and we are waiting for the crash.

Polny says, “The greatest financial event in human history is not and will not happen on a Trump watch. I repeat, the greatest financial event in human history is not going down on a Trump watch. It’s going to go down under the current, whatever you want to call him. Trump is a builder. The builder comes in to fix things.”

“What’s the timeline on this “greatest financial event in human history”? Polny says, “All hell breaks loose next week. . . . There are all these events, mini events, that are all culminating in God’s perfect orientation and God’s perfect timing to create the absolute perfect storm, and then he pulls the trigger. Remember this: When the Red Sea opened and closed, that entire event happened in one day. By the end of the day or the next day, everything was 180 degrees different. Mark my words, we sit here today, and by the end of this year, everything will be 180 degrees different. Most likely everything is going to happen in the next 90 days. We are living in a Biblical year. It’s the year of Jubilee, and we are about to see acts of God.”

The information in Part 2 is huge, not to mention complex, and I suspect not something that everyone can understand but there is an emerging picture here and I will try to synthesize it into a way that makes sense. This issue has virtually dominated my waking hours since November of 2019. The order or sequence of events here sum up what we have been finding humanity embroiled in:

1. The Anglo-American-Zionist Pilgrim Society and [Jesuit-Vatican] is in the process of bringing into the world a new Global One-World Government. A cashless society and a global political order along with a world religion is part of this New World Order agenda.
2. This cabal fronts for the Black Nobility families located in Europe and elsewhere. They rule through surrogates or client states.
3. This cabal needed to destroy the two largest economies of the world, i.e., China and the U.S. in order to rule the world through “Divide and Conquer” and the use of the Hegelian Dialectic or “problem-reaction-solution”.
4. A Trump Presidency was not part of the Globalist Plan.
5. Fifty years ago deals were cut between the Globalists and China. Dr. Henry Kissinger and George H.W. Bush orchestrated the process of moving U.S. manufacturing to China. The House of Rothschild moved significant amounts of its wealth from the U.S. to mainland China by the end of the 1970s.
6. China played along in the process to get all they could and have since double-crossed the Anglo-American-Zionist Pilgrim Society [Jesuit-Vatican].
7. China has been planning for a decade to launch a war against the U.S. They chose as their spear a biological attack first. Dinesh D’sousa had a pod cast EP107, today that adds further meaning and emphasis to what I am sharing in this article.
8. The cabal were decades ahead of the Chinese in the area of satellite technology, wireless communications, radar technology, cyber warfare, directed energy weapons, and this resulted in their perfecting the 5G technology as a DEW.
9. Using the 2019 world military games in Wuhan, China as part of the debut of their “smart” city technology, the cabal placed CIA/MI6 agents posing as US/UK

military participants at the world military games to hijack the new Chinese 5G network base station through a satellite passing over Wuhan, China, then they activated a “modulation” of the 5G energy level to sicken and kill masses of people.

10. The CCP reciprocated with the release of their “bioweapon” being developed with the help of U.S. money and direction by Dr. Fauci’s obsession with the “gain-of-function” of the NIAID, and Dr. Lieber from Harvard. Dr. Lieber was a double-agent for the UK Rothschild Pirbright Institute and the Chinese CCP. Dr. Fauci is likely to be a double-agent as well, with Pirbright Institute and the CCP in some fashion as well. Dr. Fauci was most definitely running interference as director of the NIAID and his ties to the CDC and NIH.
11. The Pirbright Institute and its “assignees” hold ownership shares in the Covid-19 virus since 2015. They or their CCP counterparts, or perhaps both, released at least 3 different strains into the countries with recent 5G installations. Since Covid symptoms mimic 5G radiation sickness, it became a perfect cover to keep investigators confused until long after pieces of the puzzle could be solved.
12. To follow the outbreak of Covid, the globalists have a series of measures designed to topple the U.S. Dollar: a hot war between China and the U.S.; a weather war to cause drought in the U.S., excess rain in China that is intended to break the Three Gorge Dam in China. This weather war destroyed 70% of China’s agricultural season in 2020, and caused deformation in the Three Gorge Dam. Farmers and ranchers in CA have been paid not to produce this year; and reservoirs are being drained and their water let to drain into the Pacific Ocean.
13. The House of Rothschild has begun a process of cashing out their assets of the Federal Reserve. This will result in reduced liquidity in the markets and economy and lead to a financial crash, inflation, and starvation.
14. The FED’s action of June 8th, 2021, and cashing out \$503-billion dollars will result in a stock market crash in a matter of weeks to a few months. We will see additional periodic cashing-outs spread out over the summer. The domino effect will result in tighter credit terms of lending, bankruptcies of banks, businesses, and academic institutions closing. Basel III Accords kick in this fall in which require banks to hold larger reserves. Loans may be called in on demand if needed on a call basis.
15. The Biden crime family will be impotent to react from the tsunami effect of a series of crises, and will have to surrender to the power of the Globalists and the New World Order of the Antichrist and his lieutenants.
16. Do not expect former President Trump to save us, he can’t!
17. In all of this, depopulation is connected to every aspect of the entire issue. The world’s #1 problem since 1968 has been a growing population. Although the Chinese are known for their lack of concern about human life, the U.S. differs only in the subtlety employed to hide its ways of reducing the population. The Globalists plan is to get rid of all but 500-million.
18. A third of man (2.5 billion) will die in what likely is the consequence of an ongoing war between China and the U.S. –(Revelation 9:15, 18).

This, I am sorry to say is the way the U.S. is being taken down! This pretty much covers the Big Picture. I have summarized the high points framing this Satanic agenda. Now that the genie is out of the bottle, we will soon see the dominos falling in the order I have presented here, or very close to it.

The Pentagon gave \$39 million to a charity that funded controversial coronavirus research at a Chinese lab accused of being the source for Covid-19, federal data reveals. The news comes as the charity's chief, British-born scientist Dr. Peter Daszak, was exposed in an alleged conflict of interest and back-room campaign to discredit lab leak theories.

The charity, EcoHealth Alliance (EHA), has come under intense scrutiny after it emerged that it had been using federal grants to fund research into coronaviruses at the Wuhan Institute of Virology in China.

The U.S. nonprofit, set up to research new diseases, has also partly funded deeply controversial 'gain of function' experiments, where dangerous viruses are made more infectious to study their effect on human cells.

A political storm broke when former president Donald Trump canceled a \$3.7 million grant to the charity last year amid claims that Covid-19 was created in, or leaked from, the Wuhan lab funded by EHA.

But federal grant data assembled by independent researchers shows that the charity has received more than \$123 million from the government – from 2017 to 2020 – and that one of its biggest funders is the Department of Defense, funneling almost \$39 million to the organization since 2013.

Exactly how much of that money went toward research at the Wuhan Institute of Virology is unknown. The charity's head, Daszak, has been accused of orchestrating a behind-the-scenes 'bullying' campaign to ensure the blame for covid-19 did not fall on the Wuhan lab he funded.

All of this chicanery speaks to why God destroyed His creation once before, Jeremiah 17:9 ***“The heart is deceitful above all things, and desperately wicked: who can know it?”***

Today's report from Mike Adams, the Health Ranger confirms further what I am reporting in Part 2:

([Natural News](#)) Today's Situation Update podcast (see below) focuses on what I learned from JR Nyquist in a horrifying interview conducted yesterday (also posted below, separately).

JR Nyquist's website is [JRnyquist.blog](#) and everything there is worth reading.

Nyquist is a high-IQ researcher who has interviewed dissidents and whistleblowers from Chinese and former Soviet regimes, and he studies internal documents of these regimes to understand their geopolitical strategies and goals.

Nyquist warns that the long-term plan has always been for China to invade and conquer the continental United States by launching attacks from Mexico, while Russia plans to attack and take Alaska, then proceed to conquer Canada, which won't be difficult since Canada has disarmed all its own citizens with fascist gun control initiatives.

What has changed recently in all this, however, is that **China has sharply accelerated its timetable of attacking America** due to emerging revelations about the origins of the [covid-19 biological weapon](#), which was developed under the supervision of the communist Chinese military.

China now knows it must attack and attempt to destroy America before these investigations show China deliberately built the bioweapon after infiltrating the NIH, Pentagon, Universities and scientific establishment in America to funnel taxpayer dollars into the Wuhan virology gain-of-function research projects. (Which also involved a transfer of intellectual property from U.S. universities to China.)

Accordingly, China is preparing a multi-faceted assault on America that JR Nyquist warns may be "months away," not years. That attack, if it is not stopped in time, is likely to consist of:

- Cyber warfare attacks on the U.S. power grid, pipelines and food production infrastructure targets.
- Nuclear weapons attacks on military installations.
- EMP attacks on the power grid to plunge America into darkness and chaos.
- Renewed bioweapons attacks using high-fatality strains of super bioweapons that China has already developed.
- Lastly, kinetic attacks with invading troops and occupying forces, with China initiating its attacks along the U.S. / Mexico border and moving northward.

The Bible provides us a basic outline of the Big Picture, and so what I have done here is to assemble and order the pieces of this puzzle in a way that one can be aware of what is going on in our world. Trust not in your own understanding; recognize your need for a Saviour. Repent of your sins and ask for God's deliverance. He will soon be fulfilling His promises, and Revelation 3:10 is the "life saver" promise for His believers.

"Because thou hast kept the word of my patience, I also will keep thee from the hour of temptation, which shall come upon all the world, to try them that dwell upon the earth."
