

Global Population Growth: A Blessing or a Curse?

Part 3

SCoPEX is an acronym for “Stratospheric Controlled Perturbation Experiment,” and it’s the name of a new Bill Gates-funded global genocide experiment designed to eliminate most living humans by collapsing the biosphere. The dangerous SCoPEX plan, which is being masterminded by mad scientists at Harvard, falls right in line with the genocidal dreams of communist Democrat presidential candidate Bernie Sanders, who recently announced his endorsement for expanding mass abortions across Third World nations in order to achieve accelerated depopulation of brown and black people.

Both SCoPEX and Bernie Sander’s eugenics population control scheme are being packaged under the label of halting “climate change,” a false, manufactured crisis invented by globalists to spread mass hysteria and convince the people of the world to surrender all remaining liberties.

“This is not the crackpot plan of a garden-shed inventor,” writes the UK Daily Mail. “The project is being funded by billionaire and Microsoft founder Bill Gates and pioneered by scientists at Harvard University.” Recreating massive volcanic eruptions that caused a global collapse of food crops is planned.

The SCoPEX project seeks to replicate the effects of an apocalyptic volcano disaster such as the 1815 eruption of Mount Tambora, which ejected so much particulate matter into the atmosphere that it produced what was called, “the year without a summer.” Food crops failed across the planet, leading to mass starvation and disease. This is what Bill Gates and today’s mad scientists are working to replicate through artificial means. And yes, it’s all about unleashing mass starvation, genocide and depopulation on a global scale.

The mechanism by which this is achieved is rather straightforward. By ejecting millions of tons of particulate matter (i.e. pollution) into the stratosphere, a measurable amount of sunlight is blocked and prevented from reaching the surface of the Earth, where plants grow. All plants need sunlight and carbon dioxide for photosynthesis, so reducing sunlight — even a little — would devastate plant-based food webs, food crops and ecosystems across the planet. Because marine ecosystems also depend on the photosynthesis that takes place in phytoplankton, the pillar of marine food webs, much of ocean life as we know it today would also collapse, leading to a cascading ecological nightmare that would destroy global food supplies and lead to the mass starvation of humans, land animals and sea creatures.

We aren’t the only ones concerned about the implications of planetary-scale geoengineering and deliberate mass pollution of the skies. Even the UK *‘Daily Mail’*

admits the project generates, *"fears that it could trigger a disastrous series of chain reactions, creating climate havoc in the form of serious droughts and hurricanes, and bring death to millions of people around the world."* The UK *'Daily Mail'* continues:

One fear is that spreading dust into the stratosphere may damage the ozone layer that protects us from hazardous ultraviolet radiation which can damage human DNA and cause cancers. Climatologists are also concerned that such tinkering could unintentionally disrupt the circulation of ocean currents that regulate our weather. This itself could unleash a global outbreak of extreme climatic events that might devastate farmland, wipe out entire species and foster disease epidemics... This dream 'fix' seems to have plenty of potential to become a global nightmare.

Note that this is all being deliberately rolled out in the name of "climate change," which has become the cry of genocidal maniacs like Bill Gates, Elizabeth Warren and Bernie Sanders... people who now openly talk about global-scale eugenics and depopulation as "the only way to save the planet." Warren even claims that humanity only has 11 years remaining on planet Earth before a climate apocalypse destroys everything. So they use this fabricated fear to justify mass murder, essentially telling the world that billions of humans are going to have to die in order to prevent the planet from collapsing. Yet the real collapse is being engineered by these same people who actively seek to carry out planet-scale genocide.

If successful, they will kill 1000 times more people than the Holocaust. We're talking about roughly six billion humans being annihilated by globalists, all in the name of "saving the planet." It's difficult to out-Hitler Hitler, but Bill Gates may yet go down in history as the man who spearheaded a global pollution program that murdered six billion humans. (All in the name of caring about the environment, of course!)

This is no longer a theory; these programs are funded and being rolled out right now. It's no longer a conspiracy theory that the world's political and science leaders want to mass murder humanity: It's now admitted and right out in the open. The experiments are already funded and under way at this very moment. All voices of reason who are sounding the alarm on this issue are censored, silenced, de-platformed and ridiculed. Yet the experiments are under way right now to systematically pollute the atmosphere. Now, thanks to the lunacy of the climate change cult, the goal is to pollute the planet and block the sun, then collapse global food webs and starve out billions of people.

The depopulationists are pushing hard for the elimination of six billion people on planet Earth in order to bring the planet down to what's being touted as its "sustainable carrying capacity of one billion people." That goal is set in stone, as the Georgia Guidestones noted in part 2. 62 people on Earth own half of the world's wealth. 95% of income gains since 2009 went to the top 1%. The population is left helpless, wondering what went wrong.

But this time, the depopulation agenda will be codified by the Vatican. Professor John Schellnhuber has been chosen as a speaker for the Vatican's rolling out of a Papal document on climate change. He's the professor who previously said the planet is overpopulated by at least six billion people. Now, the Vatican is giving him a platform which many expect will result in an official Church declaration in support of radical depopulation in the name of "climate science." This lies behind Pope Francis preaching global warming and climate change and the need to depopulate the Earth.

"The teaching document, called an encyclical, was released on June 18, 2015 at Vatican City." Breitbart.com. reported: *"Perhaps with the exception of the 1968 encyclical on contraception, no Vatican document has been greeted with such anticipation."*

A new Planetary Court to hold power over all nations... one ring to rule them all, Professor Schellnhuber daydreams about a "Planetary Court" guided by a new "Earth Constitution" which would hold power over every nation and government on the planet. As he explains himself in this document on HumansAndNature.org, he's a proponent of an all-powerful, climate-focused world government that would rule over the planet... a literal "science dictatorship" based on whatever "science" the climate change proponents can fudge together each year.

As Schellnhuber says:

"Let me conclude this short contribution with a daydream about those key institutions that could bring about a sophisticated -- and therefore more appropriate -- version of the conventional "world government" notion. Global democracy might be organized around three core activities, namely (i) an Earth Constitution; (ii) a Global Council; and (iii) a Planetary Court. I cannot discuss these institutions in any detail here, but I would like to indicate at least that:

- the Earth Constitution would transcend the UN Charter and identify those first principles guiding humanity in its quest for freedom, dignity, security and sustainability;

- the Global Council would be an assembly of individuals elected directly by all people on Earth, where eligibility should be not constrained by geographical, religious, or cultural quotas; and

- the Planetary Court would be a transnational legal body open to appeals from everybody, especially with respect to violations of the Earth Constitution."

Schellnhunber, in other words, believes a new world government can create "freedom" for humanity by dictating to it with a new Planetary Court guided by an Earth Constitution which will no doubt begin by declaring the planet can only sustain one billion people. The other six billion or so simply have to go. So instead of a Bill of Rights, this new Earth Constitution will be founded on a Bill of Deaths and a global government that might order the extermination of billions of human beings in order to "save the climate."

"In an unprecedented encyclical on the subject of the environment, the pontiff is expected to argue that humanity's exploitation of the planet's resources has crossed the Earth's natural boundaries," reports The Guardian. "...[T]he world faces ruin without a revolution in hearts and minds."

'The Guardian' goes on to report:

The pope is "aiming at a change of heart. What will save us is not technology or science. What will save us is the ethical transformation of our society," said Carmelite Father Eduardo Agosta Scarel, a climate scientist who teaches at the Pontifical Catholic University of Argentina in Buenos Aires.

Make no mistake about it, the Vatican is not just a player in this game, it is the driving force that is bringing in the New World Order. Pope Francis directs the global invasion of Muslims from Africa and the third world nations. He promotes the LGBT+P movement, through the House of Rothschild's control of central banks, who push the perverted policies through their influence in the corporate world. I will deal with this in a subsequent report.

Interestingly, then California Governor Jerry Brown [Jerry Brown is a Jesuit coadjutor] might welcome such a depopulation agenda organized under a new world

government. He recently tweeted about California having too many people, saying, "*At some point, how many people can we accommodate?*" Gov. Brown goes on to say that climate change is the reason the current drought is so much more worse than anything they've seen in the past. [A Jesuit coadjutor is one who is a Jesuit-trained individual who does not wear the clerical collar and garb. Jerry Brown trained for the Jesuit priesthood].

Apparently so, California has too many people, Gov. Brown says, and that means California needs to be deliberately depopulated. If that is true, the new governor has not read the plan and has elected to push the need for open borders to his state to receive the poor from the third world in Central and South America.

With this, the Vatican and Jerry Brown joined the efforts of other depopulation advocates like Bill Gates, who once said that vaccines can help reduce the world population by 10 to 15 percent.

True to that claim, vaccines given to young women have now been discovered to be intentionally laced with sterilization chemicals, according to the Kenya Catholic Doctors Association, a pro-vaccine organization funded in part by UNICEF.

Similarly, a shocking 75% of children given vaccines in a small town in Mexico ended up hospitalized or dead after a recent round of vaccine shots that many have speculated might be part of a depopulation test run.

Fast depopulation vs slow depopulation

Since YOU are one of the targets of global depopulation, you may want to increase your awareness of how it might be accomplished. When it comes to depopulation, there are two approaches considered by the globalists:

SLOW DEPOPULATION: This method focuses on covert sterilization via vaccines, free birth control pills, and "social services" education efforts that try to convince women to have fewer children. The idea is to slowly let the current population of 7 billion die off while the birth rate plummets, causing the total population to shrink over time. You might call this the "non-violent" way to gradually reduce the population over time. Nobody has to prematurely die for this to be pulled off, in other words.

FAST DEPOPULATION: This method involves fast-kill strategies to essentially murder billions of people while blaming it on something else. The most likely candidates include the release of an aerosolized bioweapon (Ebola 2.0?), the insertion of aggressive cancer viruses in vaccines (see the confession of former Merck vaccine scientist Maurice Hilleman for background), global nuclear war, the intentional release of EMP weapons that destroy the power grid, and so on. These are obviously the more nefarious, dastardly depopulation pursuits, and they would obviously consist of global murder on a massive scale. Maurice Hilleman exposed the fact that those vaccinated in the 1950's with the Salk Polio vaccine were tainted with SV40, a cancer causing agent.

65 million young people were given the SV-40 contaminated Salk Polio vaccine. This led to high levels of cancer among the "Baby Boomer" generation.

"Slow depopulation" methods have been tried since the 1970's. They haven't worked. As world population continues to rise, the global power brokers now seem to be experimenting with "fast depopulation" approaches to achieve their goal of eliminating six billion people from the planet.

Deliberate depopulation vs. unintentional depopulation

Another dimension in this discussion emerges in the distinction between "deliberate" and "unintentional" depopulation.

Deliberate depopulation is, of course, the pursuit of actions and policies which are intended to directly and quantifiably reduce the number of humans living on the planet.

Unintentional depopulation is what happens when catastrophe strikes and the systems keeping modern civilization humming along suddenly collapse: a power grid failure, for example, or a runaway genetic pollution of crops that leads to global starvation. The climate change scientists insist that the release of carbon dioxide into the atmosphere will somehow cause the catastrophic collapse of society, leading to the deaths of millions or billions of people.

Accordingly, the globalists see themselves as being compassionate for humanity by invoking deliberate depopulation, thereby preventing catastrophic, unintentional depopulation (i.e. a global die-off following the catastrophic collapse of the global ecosystem). That's how they justify covert vaccine sterilization programs, for example, or talk of eliminating six billion people on the planet. In other words, when they are murdering you and six billion of your brothers and sisters, just remember that in their own minds, they LOVE life and are protecting the ecosystem!

But how, exactly, do you go about eliminating six billion people if you're a globalist pushing for mass murder in the name of climate science? How do they kill six billion people? Twelve monkeys! Killing one person is called murder. Killing six billion people is called "climate science." But how do you pull it off, exactly?

It's easier than you might think. As depicted in the movie "*Twelve Monkeys*", all it takes is the release of a weaponized, genetically engineered virus in any major airport, anywhere in the world. (I'm not saying this is true because it was in a movie. That would be absurd. Rather, in this case, the movie correctly depicts the reality of how easily a bioweapon could be spread by someone with the intent to destroy human civilization as we know it.)

From there, the virus replicates and spreads globally, causing widespread death and depopulation while simultaneously empowering world governments to control their populations with medical police state powers such as forced quarantines, restrictions on travel, forced immunizations, medical checkpoints on highways and so on. It's sort of the perfect police state model if you think about it, and it gives governments the justification to insert medical tracking RFID chips into everybody's bodies at gunpoint.

The U.S. military already possesses biological weapons which could kill one billion or more. It's an undebatable fact that the U.S. military has long engineered and tested such viral bioweapons to potentially use as weapons of war. Mike Adams wrote about the airborne Ebola that ran wild through a U.S. Army medical research facility in 1990, killing an entire building full of monkeys before they "nuked" the building with sterilization chemicals.

While international treaties claim such research has been abandoned, only a fool believes such hollow promises are ever kept. In reality, the research is merely shifted into covert status, continuing as normal on "black budgets." Today, the United States government possesses viral strains which could decimate humanity in less than a year's time... and they could be "accidentally-purposely" released anywhere on the planet without notice.

Of course, if you were going to release a deadly virus to decimate humanity (the word "decimate" means to kill 1 in every 10, by the way, it does not mean to "eradicate"), you would first make sure all your elite globalist buddies received vaccine shots against the virus. Naturally, those vaccine shots would be manufactured without any of the mercury, aluminum, formaldehyde and MSG found in vaccines given to the general public, thereby making them significantly safer. The CDC, of course, would stay completely silent on this pandemic, just as they've maintained absolute silence on the confession of their scientist Dr. William Thompson, who publicly admitted to taking part in scientific fraud at the CDC to hide the links between vaccines and autism in African-Americans.

The public would be left to fend for itself. And in this scenario, guess who would be most likely to survive? People who use medicinal herbs and immune-boosting superfoods and supplements. Those who are wiped out by the weaponized population control virus would largely consist of the elderly, the immune-suppressed, and the malnourished.

That might be precisely who the new "Planetary Court" world government wants to eliminate in the first place, sparing the able-bodied workers who pay confiscatory taxes to governments and produce economic output that can be exploited by the globalist corporations.

So I now throw the question back to the Pope, Professor John Schellnhuber, Bill Gates, Ted Turner and other depopulation fanatics: How exactly are you planning to eliminate six billion people from this planet?

The truly hilarious but tragic part in all this is that the world's masses are already so totally brainwashed by climate propaganda that if you ordered them to voluntarily report to "eco-friendly euthanasia chambers" to save the planet by killing themselves, they'd line up in droves to comply! Heck, they'd buy tickets!

Interestingly, that might not be such a bad idea just to invoke the global Darwin award and invite the world's most idiotic, obedient sheeple to voluntarily remove themselves from the human gene pool in a sort of modern-day mass sacrifice to Gaia. The Aztecs did it, and that worked out just great! (Just ask all the Aztecs that are still around.) What could possibly go wrong?

Do We Dare Trust Him? Ask the Indian Government?

This specimen of a human being is personally responsible for damaging the lives of 48,000 children in India with his polio vaccination program. Bill Gates previous family physician has stated that he [Bill Gates] did not permit his children to be vaccinated, but he has been on the front line to bring his various vaccines to the world's poor. So hypocritical and dangerous, he uses his money to fund programs that are presented as helping the world be a better place to live.

In the next segment, the statistics since 1989, reveal that vaccines are doing the very exact opposite of what they are marketed at. Robert Kennedy, Jr. recently won a legal suit against the government, proving the CDC has never done health and safety testing for the vaccines it requires as part of the schedule of require inoculations for children starting school.

Evidence is happening everywhere that there is a definite austerity, de-industrialization, DEPOPULATION AGENDA that I have compiled on my website where an Orwellian police state dictatorship One World Government is being installed year by year and world population is being reduced from 7 billion to 500 million people to destroy the Old World Order USING ANY MEANS NECESSARY to make way for the NWO New World Order which will be a scientifically high-tech advanced world with free

energy devices, anti-gravity, teleportation, faster than speed of light space travel and normal marriage will not be allowed because scientists and doctors will give people permission to reproduce children, it will be a highly controlled world where all existing problems, social, moral, economic will no longer exist in a lot of ways but what is reprehensible is the brutal mass murder genocide of over 6 billion people to achieve this i believe people want to live out their life in a natural way like most people do.

Do you recall when Pope Francis came to Washington, D.C. and New York to speak at the United Nations a few years back? Few that watched Pope Francis ever paid much notice to what he said and what he meant, largely due to the pope's enunciation.

Here's What Happened – September, 2015 that will change our lives forever.
<https://www.youtube.com/watch?v=jglHg7ZRrlc>

On September 15th, 2015 the Pope addressed a joint session of congress about the NWO One World Government, One World Religion, One World Army, One World Bank.

At 27:25-mins in *“September 25th to 27th, 2015 Agenda 21 will be transformed into the 2030 agenda for sustainability a new universal agenda,”* the Pope will be giving a speech at the United Nations in New York to announce this agenda.

At 30-mins when they talk about ending poverty and hunger they don't tell people that mass genocide of all poor and hungry people is how they are going to end poverty and hunger.

Pope Francis references this UN "2030 Agenda" document that pushes a blueprint for so-called "sustainable development" around the world.

This document describes nothing less than a global government takeover of every nation across the planet. The "goals" of this document are nothing more than code words for a corporate-government fascist agenda that will imprison humanity in a devastating cycle of poverty while enriching the world's most powerful globalist corporations like Monsanto and DuPont.

LIST OF 17 GOALS AND 169 TARGETS of sustainable development:

The Agenda 21 was converted into Agenda 2030

War on terror:

The “war on terror” that never did seem to end turned out to be the perfect tool to rationalize permanent war against all citizens, everyone, War on terror False Flag-9-11-patriot-act 1 anywhere, everywhere, at any time. Essentially setup to kill the human species for the benefit of a tiny group known as the Illuminati, alias globalist, Rothschild Khazarian Mafia, in general the Archon bloodline families, acting in our today’s society as the financial elite.

If you didn’t like Agenda 21 that originally was planned for implementation by 2050 then you really are not going to like the 2030 Agenda, because the 2030 Agenda takes things to an entirely new level.

The original plan for Agenda 21 and was written by Professor Weishaupt when he founded in 1776 the Order of the Illuminati; actually a fascist Nazi organization, which employs as their front men, government leaders, being their visible acting puppet. – Most of our ‘elected leaders sold their soul to the satanic bosses to keep them hidden from the public. Those leaders that commit treason or resign are disciplinary penalized by premature death.

Illuminati and the Agenda:

The Illuminati’s final objective is to obtain the planet for them, and being served by maximal 500 million people that are left alive to act as their serfs, the rest of the existing populace will be exterminated. I noted earlier that 62 people on Earth own half of the world’s wealth.

By recognizing what already is part of our daily live, you will be impressed how far they have succeeded.

- The creation of racism offenses
- Continual change to create confusion
- The undermining of schools and teachers’ authority
- The teaching of sex and homosexuality to children
- Huge immigration to destroy national identity
- The promotion of excessive drinking
- The promotion of drugs abuse
- Emptying of churches – undermining any form of social cohesion
- Legal system with bias against victims of crime
- Dependency on the government or government benefits – and erasing these as is happening now
- Control and dumping down of the media
- Encouraging the breaking down of the family

The points about ‘huge immigration to destroy national identity’ – ‘teaching sex to young children’ – ‘undermining teachers’ authority’ – ‘emptying churches’ – and ‘controlling the media’, are clearly seen everywhere in the western world.

The recent most significant steps forwards were taken at the end of last month, during the 70th United Nations Assembly where all well-coordinated actions toward the one-world government were presented, but yet barely anyone is even talking about it.

The Illuminati-agenda, Basically Agenda 21, has been converted and renamed in a “new universal Agenda” for humanity. Officially now known as the program of Agenda 2030, being hyped as a way to get the whole world to work together to make life better for all of us. And presented as an admirable new agenda the world is waiting for, with more globalization and more centralization!

Under the guise of interest for nation-states, the one umbrella of the New World Order, which must create sustainable life on the planet, and stop climate change. Unfortunately today too many people are too complacent and squarely ignorant to the many warnings that are visible all around them. They still think that authorities are taking care of them, so, above view would be impossible and consequently are dismissed as conspiracy.

However importantly, the Pope gave his stamp of approval for this insidious new Agenda 2030. He is probably the most politically powerful religious leader on the entire planet, and so his endorsement is huge, because hundreds of millions of people follow him with unquestioning faith. But please do not let the Pope’s endorsement fool you. The 2030 Agenda is a tool that the elite plan to use to push us toward a one-world system, to be implemented not later than by the year 2030. Mind you 11 years from now!

The UN says that this new Agenda is “voluntary”, and yet virtually every single-puppet-nation on the entire planet is willingly signing up for it. In the official document that all of these nations are agreeing to, there are 17 sustainable development goals and 169 very specific sustainable development targets.

The program is being hyped for; who wouldn’t want to end global poverty? But look deeper into what the UN is trying to do; you’ll find some very disturbing trends.

Major alarm bells should start going off once stuff like this is read. People are now witnessing the last stages of the rise of the one-world regime, and eventually much of the planet is ultimately going to embrace it.

As Paul McGuire writes in his book “The Babylon Code”

The UN is not asking permission, but issuing a command that the entire planet will commit to 17 sustainable development goals and 169 sustainable development targets designed to radically transform our world by 2030. The UN 2030 plan promoted by the Pope will advance Agenda 21 on steroids. Through a controlled media the mass

populations will be told that this is all about saving the environment and “ending poverty.” But that is not the true agenda of Agenda 21. The true agenda of Agenda 21 is to establish a global government, global economic system, and global religion. When UN Secretary General Ban Ki-Moon spoke of “a dream of a world of peace and dignity for all” this is no different than when the Communists promised the people a “worker’s paradise.” (Emphasis is mine).

Wakeup: Despite many private initiatives by bloggers, independent journalists, truth seekers, revolutionaries, and alternative news sources that for many years are warning about dangers, the discrepancies, the out of control top-down financial and governmental corruption, all engineered by lies, and deception, the suffering of millions of people as result of the unnecessary austerity measures, culminating in today’s deliberately created economic crisis, etc. Too many people still are unworried and ignorant to see these warning signs. – If action is not taken NOW; we the people that live today are responsible for allowing the killing off of the human species in the billions, by not being alert and incompetent to undertake significant proper engagement to stop this agenda.

Agenda 21 was primarily focused on climate change and the environment, but the 2030 Agenda goes far beyond that. The 2030 Agenda addresses in far more depth economics, agriculture, education, gender equality, healthcare and a whole host of other issues. There are very few forms of human activity that do not fall under the goals of the 2030 Agenda.

The Illuminati want a one-world government, a one world economic system and a one-world religion, being implemented by not later than 2030! With each passing day we this coming to fruition. They aren’t going to get there without some major bumps in the road, but this is what we are moving toward. Sadly, we all are too preoccupied with so many other things than the Agenda 2030, so it isn’t seen that all this is starting to happen right in front of our eyes.

Sustainable Development Agenda

The UN’s “Sustainable Development Agenda” is Basically a Giant Corporatist Fraud. It’s not a joke – Saudi Arabia is chosen to head the UN Human Rights Panel! – King Salman killed more than 70 of his close relatives in order to seize the throne; there may be more deaths in his immediate circle over the coming days, intelligence sources predict.

The official significance of the Agenda is expressed as: This Agenda is a plan of action for people, planet and prosperity. It also seeks to strengthen universal peace in larger freedom. We recognize that eradicating poverty in all its forms and dimensions, including extreme poverty, is the greatest global challenge and an indispensable requirement for sustainable development. All countries and all stakeholders, acting in collaborative partnership, will implement this plan...

Innocent wording to take away any suspicion by the public, but it is a blatant lie and a total deception regarding the importance and implications The-Illuminati-Depopulation-Agenda for humanity, everyone living on the planet. – More precisely the UN Agendas 21 and 2030 “sustainable development” is an UN-led program where individuals will be stripped of personal rights and freedoms, cars will become scarce and the masses will be herded into large hellish cities and forced to live in tiny “sustainable” dorm-like apartments.

Further: “The United Nations seeks to co-opt, via individual governments, and eventually, a “one-world government,” confiscate privately held land under the auspices of “sustainability.” Worse still, the UN’s Agenda 21 has even laid out plans for “depopulation” or rather, “population control.”

United Nations

The United Nations is an infinitely corrupt body founded by the Rockefeller family in charge to enforce a new and centralized global order on behalf of the Archon bloodline families. However the Internet has dealt grievous blows to the secrecy that the cabal needs to carry out its centralizing plans. But the cabal still exists without doubt and despite defections controls the world’s money supply and most of its military forces.

The Trans-Pacific Partnership (TPP), the “free trade” agreement between the United States and 11 other Pacific Rim nations, was finalized last week after years of knockdown, drag-out, and behind-closed-door negotiation. Not a single politician that had to decide over its implementation has been allowed to read the content of this agreement! President Trump tore up the agreement; however, it carries no weight with the UN Agenda 2030. But at most, he will only serve 8 years in office. The UN Agenda 2030 awaits the public the day his successor is sworn in at the White House.

This deal is a naked corporate bonanza. “Labor unions, among many others, have lined up to oppose the TPP based on concerns over a number of issues, including currency manipulation, environmental and health protections, food safety, pharmaceutical monopolies, offshoring of jobs, Internet privacy, government transparency and local control,” says RT. It adds, *“Leaked drafts of TPP negotiations have suggested that corporations would be allowed to sue governments in private courts over lost profits due to regulation, elevating corporate entities to the status held by sovereign nations.”*

Global corporations will tap taxpayers’ wallets if regulations cut into the bottom line. And deals will be set up to let that happen!

And last but no least: Fresh off the scene from those epic embarrassments, the UN now wants to tell governments of the world how to censor the Internet. The elite do not announce radical changes overnight. They prefer to make small moves, year after year, through boring technical changes that few notice or understand.”

Democracy:

Democracy Now In preparation for the implementation of the Agenda, and stripping every nation of its sovereignty, since the Cold War and its aftermath, democracy is not how U.S. politicians have used the term. When an American president uses the word “democracy,” he means a pro-American country following U.S. neoliberal policies, no matter if the country is a military dictatorship or its government was brought in by a coup (euphemized as a Color Revolution) as in Egypt, Tunisia, Georgia, or Ukraine.

A “democratic” government has been re-defined simply as one supporting the Washington Consensus, NATO and the IMF, with a privately cabal-owned Central Bank implemented. It is a government that shifts policy-making out of the hands of elected representatives to an “independent” central bank, whose policies are dictated by the oligarchy centered in Wall Street, the City of London and Frankfurt.

Given this American re-definition of the political vocabulary, when President Obama says that such countries will not suffer coups, violent revolution or terrorism, he means that countries safely within the U.S. diplomatic orbit will be free of destabilization sponsored by the U.S. State Department,

Countries whose voters democratically elect a government or regime that acts independently – or even simply use the power to act independently of U.S. directives, will be destabilized, Syria-style, Ukraine-style or Chilean-style under General Pinochet. As Henry Kissinger said, just because a country votes in the communists doesn't mean that we have to accept it. This is the style of the “color revolutions” sponsored by the National Endowment for Democracy.

As blatant examples look at the destruction the US has inflicted in former Yugoslavia, Ukraine, Georgia and South Ossetia, in various African countries, in Afghanistan, in Iraq, Tunisia, Egypt, Libya, and now in Syria that hopefully thanks to Russian intervention could be saved. Most people are too brainwashed by lies and political impotence to do anything about it, while Washington's vassal states in Europe, UK, Canada, Australia, and Japan pretend that this policy of international murder was bringing freedom and democracy!

The UN Reaction from Putin

In his United Nations reply, Russian President Putin warned against the “export of democratic revolution,” meaning by the United States in support of its local factotums. ISIL is armed with U.S. weapons and its soldiers were trained by U.S. armed forces. In case there was any doubt, President Obama reiterated before the United Nations that until Syrian President Assad was removed in favor of one more submissive to U.S. oil and military policy, Assad was the major enemy, not ISIL.

Agenda 21 Program

The Agenda 21 truths cover The Archon bloodlines want us to accept the Agenda 21 program. Unfortunately for the people of the world so far everything is going according to the New World Order Plan. But what is this New World Order Plan?

Agenda 21 is called 'the agenda for the 21st century' and that refers to global fascism/communism. Here is a summary of what Agenda 21 includes: 'Sustainable' development – don't use more than can be replaced – sounds sensible enough at first, until is realized what this and 'biodiversity' really mean in the context of the conspiracy. As, 'Sustainable Development' and 'Biodiversity' is seeking to impose:

- Termination of national sovereignty
- State planning and management of all land resources, ecosystems, deserts, forest, mountains, oceans, and fresh water; agriculture; rural development; biotechnology; and ensuring 'equality' – equal enslavement
- State define the role of business, and financial resources
- Abolition of private property – as it is not 'sustainable'
- 'Restructuring' the family unit
- Children raised by the State
- Telling people what their job will be and where to live
- Major restrictions on movements
- Creation of 'human settlement zones'
- Mass resettlement as people are forced to vacate their land; homes, where they currently live
- Dumbing down education – achieved
- Mass global depopulation in pursuit of the above.

Agenda 21 termed over two hundred years ago – indicates the completion phase during this century. The secret plan of the New World Order is to reduce the world's population to a "sustainable" level "in perpetual balance with nature" by a ruthless Population Control Agenda via Population and Reproduction Control. A Mass Culling of the People via Planned Parenthood, toxic adulteration of water and food supplies, release of weaponized man-made viruses – like AIDS, EBOLA, etc. – man-made pandemics, mass vaccination campaigns and a planned Third World War.

Green is the new red today. Then, Agenda 21 will impose upon the drastically reduced world population a global feudal-fascist state with 'one' World Government, World Religion, World Army, World Central Bank, World Currency and a micro-chipped population. – In short, they will kill 90% of the world's population in order to control all aspects of the human condition and thus rule everyone, everywhere from the cradle to the grave.

The world of Agenda 21

This is the world of Agenda 21. People would exist, not live, in cashless poverty under Agenda 21 while the few that controlled them live in unimaginable high-tech luxury on

for example Greek islands, obtained on the cheap. Children would be owned by the state and brought up in the way that Aldous Huxley foresaw from his inside knowledge in Brave New World. They would be technological bred in genetic caste systems and the idea of biological parents would be a page of the past – symbolically – that is, because history would be deleted.

Parents, were the father and mother... These are unpleasant facts, as I know it. But then most historical facts are unpleasant... In those days... children were brought up by their parents and not in State Conditioning Centers. Wrote Huxley.

Huxley described how these State Conditioning Centers programmed children to accept whatever the State decreed and anyone not conforming Killuminati would be electro-shocked until they did. He described babies crawling towards pictures of flowers and birds only to be shocked because the State didn't want them to like nature. Children in Brave New World are also brainwashed even when they sleep with subliminal messages. Huxley said that eventually the child's mind becomes, through psychological suggestions, the State's mind, or, 'Suggestions' from the 'State'.

How many people are like that today? The constant erosion of parental rights to make decisions about their children, are the stepping-stones to the world that Huxley describes and Agenda 21 demands. As a transition to children being produced technologically by the state, parents would require state permission to have children according to strict genetic criteria. There would be no cars in this Archon world and the only transport would be local rail transit systems connecting homes and work places and high-speed trains between mega-regions.

People need permission to travel on the latter and even then they would be sitting in carriages amid wireless mind control fields and watched by the uniformed thugs of the State. People would work where they are told to work with no choice. The word 'choice' would be deleted from the vocabulary along with others like freedom, just as Orwell envisaged from his inside knowledge.

Robotic humans:

There is a massive attempt to program people to make them easier to control, and to bring an end to any vestige of the spiritual, religious, conscious human. The so-called 'post-human race' is being developed as slaves in the world of Agenda 21.

Archons want a 'machine controlled' world, to be merged with technology into 'robotic humanity', creating sub-human robots with no compassion, empathy, or ability for free thought. The idea is to produce a robot military that will always follow orders and be part human and completely technological. Contracts are already awarded for robots that could search and detain 'uncooperative people'. Watch this short video to understand what is meant, and how far development has come.

Among preparations everyone must make is getting out of electronic currency and into precious metals. Adding silver and gold to your private safe depot is the only way to ensure that your currency will be accepted following the collapse.

It starts with the surrender of national sovereignty of all nations, already fact for the EU-nations, which will culminate in the one-world government, with by the IMF issued world currency that devalues existing fiat currencies with up to 90%. – Imagine that you have to pay ten times more for everything.

Because of the publicity over the Internet, the cabal must speed up this process, as the monetary system is completely failing too, and consequently runs out of their control.

It virtually means the push of the human population into giant “megacities” under arguments to allow nature to recapture much of what has already been settled by humanity. These factually are a blueprint for the transformation of global society and takes away people’s freedom. Now it is of the highest importance to choose either way:

WAKEUP and SHAKEUP

Or otherwise accept a premature death, or indefinite enslavement.

This is a Wake Up Call

To underline the urgency, the Pope announced at the UN the definite implementation of Agenda 21 for an orderly transition of the surrender of national sovereignty of all nations, which will culminate in the one-world government, with IMF issued world currency that devalues existing fiat currencies with up to 90%.

Several Researchers Are Reaching the Same Conclusions Regarding the Future of Humanity. Dave Hodges of CSS, the ‘Common Sense Show’ was speaking about the forthcoming conference that was held in Branson, MO, this past September of 2019. Below are remarks by Dave Hodges:

“The speaking events in Branson are providing a lot of people with paradigm shifting information. I am awestruck with regard to the degree of correlation among and between the various speakers, The following article will highlight the degree of agreement among Mike Adams, Steve Quayle and myself with regard to what is already underway as we are witnessing the end of an age.”

“The CSS Previously Claimed Depopulation of the Earth Was Underway.”

“Four years ago, I first brought up the possibility that mankind was being "terraformed" into extinction through the creation of events and programs designed to end massive loss of life. It was also in the last week I explored the notion, for the 3rd time in last 5 years, that the Earth was being terraformed. I compared the terraforming to the 1997

movie, "The Arrival." I have known about the attempted terraforming of the planet by entities who are not human and I have known it for over 20 years. Vance Davis and myself have decided to tell all. As I previously identified in an earlier article, the terraforming events are:

1. Fukushima, which is far worse than most people realize.
2. The far-reaching effects of the Gulf Oil Spill.
3. GMO's and the destruction of our collective DNA. I am saying that humans are being terraformed.
4. Transhumanism spells the end of humanity as we know it
5. Chemtrails are producing 18% sunlight and this will result in much lower crop yield leading to a global famine.
6. The implementation of 5G that is so severe that humanity will not survive.

"CERN is also a part of this. Some of these terraforming events are opening portals for entry by very evil entities. In the next part in this series, I will detail how each of these six attacks upon humanity is part of a terraforming plot very similar to the movie, The Arrival, in which aliens are heating up the Earth for the purpose of exterminating all life on the planet."

"Both four years ago and again last week, I stated that the present terraforming programs of the planet were an extension of what was already happening in the cosmos and the conflicts in the cosmos had come home to roost on the Earth. When I first met Vance Davis of the NSA, he told me that in his training that there was a war in the cosmos for our soul between the forces of good (God) and evil (Lucifer). The key prize

in this conflict was the human soul but Lucifer could not decipher the code. Therefore, Lucifer decided on a strategy to destroy the human being. The means, as I have previously stated that Lucifer was employing to destroy humanity was the series of false flag attacks which would depopulate humanity. Then the transhumanism age would be ushered in and humanity would be no more. I further stated that I believed in the present time, that every lifestyle that did not end in procreation and live births, would be honored while heterosexuality would be vilified all in the name of depopulation. It is also my expressed belief that the great deception is upon us and these "fakes aliens" are actually servants of Lucifer but will serve the same purpose real aliens in ridding the planet for the purpose of taking over the Earth. As I previously stated, this is why our technology and science are being artificially repressed (eg Newtonian physics vs Hyperdimensional physics). Humanity could easily conquer all resource deficits, but the globalists withhold information in order to manage humanity through artificially created resource shortages."

Mike Adams Takes the Cosmology of the Good-Evil Conflict to Higher Level

"In the past, the Health Ranger, Mike Adams, the founder of Natural News. News Target, has previously expressed the opinion that if and when the first contact with alien occurs, the event may be something other than a celebratory tailgate party. Adams maintains that peaceful, nonaggressive civilizations would likely mind their own business and ignore us like we would ignore an out of the way insect. He previously expressed the belief that aliens would show up on our doorstep, are likely to be very advanced and would likely seek to colonize earth and seize our resources. To prepare for the risk, Adams recommended a planetary-defense initiative and a multi-planet colonization strategy."

"In the past two years, Mike has put considerably more research and more thought on the topic of alien contact. I had a first row seat as Mike presented his views to a sold-out venue. I don't want to steal Mike's coming thunder, so I will limit my comparison to Mike Adams' observations of this phenomena to outline form knowing the Mike is opening a website in which he will be unveiling his observations and discoveries in much more detailed form."

"Briefly Mike shared the same idea as I do with regard to the hostile intent of these evil entities and the goal is the complete destruction of humanity. Mike's ideas, in part, can be summarized, but not limited to, in the following:

The deliberate poisoning of our food through the insertion of several chemicals he identified in the presentation (eg GMO's).

1. The repression of technology in order to enslave humanity (eg faster than light travel FTL).
2. The honoring of any lifestyle that does not result in procreation
3. The banning of anyone who does not embrace the anti-Christian lifestyle.
4. The attack on the food supply and the introduction of cannibalism .

5. The attack of humans through debilitating medical practices (eg unsafe and unproven vaccines).
6. The entities appearing on the planet are from Satan and they intend to wipe out humanity as we presently know it.
7. The reasons behind the domination of our particular planet have to do with geographic location. In a galactic sense, we are the city on the river that is upstream from all other cities.

"There must be cooperation between key members of the global elite and the "fake" aliens. In other words, humanity is being sold out by some of our own. (Editor's Note: This is the cosmic version of Hitler's "Brown-shirt factor". When these useful idiots have completed their capitulation and betrayal of humanity, they will be eliminated like the people they are presently oppressing)."

"Even the most ardent skeptic of Mike's research would have a hard time refuting what was said in his presentation."

"Like Mike Adams and myself, Steve Quayle believes that it is intended that mankind perish from the Earth. I am only going to summarize Steve's research because I know that everything he discussed will soon be available in his various formats. It is Steve's strong contention, which he, in great detail, documents the different types of hostile entities in their various forms. Further, it is clear from Steve's work, that these entities have had great influence over past. Steve's presentation included overwhelming documentation of the influence that these evil entities have had over prior civilizations (eg Native American, Aztecs, et al). The visual documentation that Steve presented at the conference was stunning. I am a veteran of the Independent Media, and I sat spellbound through his presentation."

"The most stunning part of Steve's presentation had to do with the extreme earth-changes and their cataclysmic effects on the people. We are truly bearing witness to the end of the age."

"Steve made an excellent point in reference to the Bible in that in the upcoming days, the average person will never know what hit them and their hearts will fail them."

"Conclusion

"Today, I will be a panelist, at the conference, along with Steve Quayle and Paul Begley as we summarize what we learned this weekend along with where we feel humanity is headed."

"I never thought that last year's conference on transhumanism could ever be topped. This conference came very close. I would strongly suggest that all that could not attend, and that truly desire to share in this life-changing information, should seek to obtain the DVD's of all the tremendous presentations."

The mainstream media is now openly pushing geoengineering and chemtrails as a solution for so-called “global warming,” which is of course a complete hoax to begin with. Globalist propaganda network CNBC has just released a new video (see below) which is a blatant infomercial for chemtrails, touting the benefits of polluting the skies with calcium carbonate and sulfur dioxide, two pollutants that would devastate life on Earth. Matt Agorist from The Free Thought Project published an informative write-up.

The project is called SCoPEX, and it’s being masterminded by the who’s who of eugenicists and depopulation pushers at the highest levels of world government and academia. It’s funded and endorsed by Bill Gates, for example, who openly calls for reducing the human population by billions. We’ve covered this extensively on Natural News, warning how Bill Gates is funding a plan to carry out planetary genocide.

Mike Adams explain in videos at OblivionAgenda.com, this SCoPEX project would pollute the skies across the entire planet, dim the sun, impair photosynthesis and lead to a collapse of the global biosphere. This, of course, would lead to mass starvation around the world as food crops fail and famine sets in. This is the goal of the project, by the way, not an unintended side effect.

The same Alfred P. Sloan Foundation that censored vaccine truth also funding SCoPEX project to commit planetary genocide. In the video, the non-profit organizations involved in funding this SCoPEX project are listed. Among those funding the project at none other than The Alfred P. Sloan Foundation.

Sponsored solution from CWC Labs: This heavy metals test kit allows you to test almost anything for 20+ heavy metals and nutritive minerals, including lead, mercury, arsenic, cadmium, aluminum and more. You can test your own hair, vitamins, well water, garden soil, superfoods, pet hair, beverages and other samples (no blood or urine). ISO accredited laboratory using ICP-MS (mass spec) analysis with parts per billion sensitivity.

You need to get familiar with this name, because Alfred P. Sloan has long sought to carry out the mass murder of human beings. As published on ‘NaturalNews.com’ in 2016:

Industrialist Alfred P. Sloan, as head of General Motors, was a Nazi collaborator, and ardent admirer of Hitler. Sloan’s hatred of blacks was almost as intense as his hatred of Jews. He had a close connection with the eugenics movement which eventually became the Human Genome Project. The Sloan Foundation, together with the Rockefeller nexus, held a long standing interest in population reduction, including their involvement with the introduction of mysterious new vaccines together with the World Health Organization, which has a stated policy of population reduction, as clearly set forth in Agenda 21.

It was also the Alfred P. Sloan Foundation that pressured the Tribeca Film Institute to censor the film VAXXED, which exposed the truth about vaccines and

infertility, spontaneous abortions and the deliberate damaging of children and adults with toxic substances added to vaccines. Sloan and the WHO have been repeatedly linked to vaccines that are spiked with HCG, an infertility chemical.

Also reprinted on 'Natural News':

This seemingly altruistic Sloan Foundation also funded the Community Blood Council of Greater New York, Inc., which allowed more than 10,000 hemophiliacs and countless others to become fatally infected with HIV/Aids. Moreover, The Sloan Foundation held 24,000-53,000 shares issued by Merck and Co., whose president George W. Merck was director of America's biological weapons industry and whose Hepatitis C and polio vaccines have been suspected of transmitting AIDs; and who knows what else.

The Sloan Foundation is currently headed by a globalist named Paul Joskow, member of the Council on Foreign Relations (CFR), a global elite group with deep ties to depopulation advocate Bill Gates, who also awards large grants to numerous websites that agree to publish pro-vaccine propaganda.

So now you know the truth about the SCoPEX project, which will also drop enormous quantities of lead — the heavy metal — onto the world's crops, soils and oceans. This project is nothing less than the mass genocide of humanity, funded by Bill Gates and 14 non-profit foundations as listed here:

J. Baker Foundation
The Blue Marble Fund

OW Caspersen Foundation
Thw Crows Nest Foundation
The William and Flora Hewlett Foundation
Constance C. and Linwood A. Lacy Jr. Foundation
The Open Philanthropy Project
Pritzker Innovation Fund
Ronin Private Investments LLC
The Alfred P. Sloan Foundation
The Tansy Foundation
Teza Technologies LLC
VoLo Foundation
The Weatherhead Center for International Affairs

Watch the chemtrails infomercial from CNBC, which now openly admits they want to pollute the skies, just as we've been warning you for years. That's why we launched Terraforming.news and Geoengineering.news. This is Adolf Hitler times 1000 in terms of the genocide being carried out here (billions of people will die, which is the goal).

Now you know why they have to desperately try to label Natural News "fake news" or "conspiracy." Because yesterday's conspiracy is today's Harvard science project funded by eugenics advocates who want to murder six billion people (or more). Just two years ago, "chemtrails" was derided as a conspiracy theory. Now CNBC is running puff pieces promoting it!

The real agenda is the annihilation of humankind. This is why Mike Adams launched OblivionAgenda.com to explain the truth about the globalist agenda to destroy humanity. It's no longer science fiction; it's science fact.

Are chemtrails real?

Yes, they are. All you have to do is look up. One day the sky is blue. The next day it's crisscrossed with chemtrails. They're so obvious, they're disrupting radar weather maps. I have followed the chemtrails issue since August of 1996 after reading reports of respiratory illnesses in Kentucky. Three years ago in 2015, a video was aired on 'The Real Food Channel' aired a video entitled: **Chemtrails = Coal ash+aluminium. It is part of the waste product of burning coal.**

Who is doing it and why?

Four years ago, I first brought up the possibility that mankind was being "terraformed" into extinction through the creation of events and programs designed to end massive loss of life. It was also in the last week I explored the notion, for the 3rd time in last 5 years, that the Earth was being terraformed.

The simple fact is that coal-burning power plants have to dispose of hundreds of millions of tons of coal and fly ash yearly and there are not a lot of land fields willing to take it. You can watch the video at <https://realfoodchannel.com/chemtrails-coal-ashaluminium/> It answers what all are found in the chemtrail soup mix.

Dietrich Klinghardt MD, PhD., the doctor Big Pharma loves to hate, offers a medical view of chemtrails especially the aluminum aspect. We will share more of Dr. Klinghardt In forthcoming segments.
