White House defends slamming half of America as 'semi-fascist,' 'terrorists' despite Biden's unity pledge

White House press secretary tries to clarify that President Biden's remarks were intended for 'MAGA office holders,' not general public that supports Trump

SEPTEMBER SURPRISE:
Biden Declares War On The *Right*
On September 1, 2022—A Day
That Will Live In Infamy

It has never happened before in American history.

A sitting POTUS proclaims that half of U.S. citizens are “semi-fascists” and “terrorists” and “extremists” who need to be identified and politically neutralized.

Biden's meticulously languaged slur, of course, is aimed at "**MAGA Republicans**". Which means that, if you voted for Donald J. Trump in 2020, you are automatically a **MAGA Republican**.

Classic Divide and Conquer Strategy

What the communist-run Democrat party is doing here is driving a wedge deep into the heart of the GOP. By singling out 'extremely dangerous' **MAGA Republicans**, they are giving the old-fashioned pre-Trump Republicans a way out so as not to be associated with such "extreme" and "dangerous" elements.

KEY POINTS: What makes real **MAGA Republicans** so very dangerous to the Democrat Party and NWO globalists is that they are truth-seeking Patriots, especially where it concerns the outright stolen 2020 POTUS election. Of course, being true-blood Patriots also makes them extremely dangerous to the entire *New World Order* agenda. Which is exactly why POTUS Imposter Joe Biden just demonized them — US — is a way never seen in the history of this Constitutional Republic.

Do you see how the countless Bidenites, Obamabots, Clintonistas, Berniacs and Pelosians are doing this just two months before the midterms?! And how the CIA's *Mockingbird Media* has created a 50 state echo-chamber to greatly amplify the many perils visited upon the nation by **MAGA Republicans**?

Clearly this is an exceedingly desperate and highly coordinated strategy by the NWO globalist cabal to create maximum division among all conservatives in the country. In this very stealthy manner, the Democrats hope to peel off as many *Right-leaning* voters as possible particularly in light of how many millions of Democrats are forever quitting the party. In reality, the midterms should be nothing but an unparalleled bloodbath for the Democrat Party.

But why would these Democrat political bolsheviks utilize such scorched earth tactics which will surely inflame the entire body politic?

Why use such a such a brazen, provocative and malicious ploy that could even lead to a very real cold Civil War?

Because the Democrats are so desperate to win the midterm elections across the board that they will attempt to steal every election in sight—THAT'S WHY!

Hence, their primary game plan revolves around sowing seeds of maximum chaos, confusion and conflict between now and Election Day. For only in the fog of war, especially highly incited culture wars, will there be enough distraction for them to get away with the steals as they successfully did during the 2020 election cycle under cover of **OPERATION COVID-19**.

All the DEMs need are a few 'plausible' reasons why so many elections suddenly flipped (after massive vote fraud) to Democrat victories at the very last moment. Therefore, the American people are about to experience "*the greatest gaslighting operation in US political history*" as they are victimized by one choreographed psyop after another, each one designed to enable the communist-run Democrat Party to divide and rule the *Right* without even firing a single shot.

BIDEN: TRUMP THREAT
TO AMERICA
DRUDGE REPORT

Conclusion:

The *New World Order* globalist cabal pulling the strings of the entire Democrat Party knows full well that an all-out civil war really makes no sense in 21st century America, so their blueprint for collapsing the American Republic is being executed through the systematic marginalization and denigration of all citizens who do not subscribe to globalism in all of its multifarious manifestations.

As long as the *Right* can be permanently kept on the defense for the foreseeable future, the *Left* is certain to carry out the NWO agenda by holding the reins of power in both the Executive and Legislative Branches of the U.S. Federal Government.

Fortunately, because of the unrivaled marriage of arrogance and ignorance which has taken place throughout the Democrat Party leadership nationwide, they falsely believe their extraordinarily risky and daffy gambit will see them to victory on November 8th. **It won't.**

However, the *Right* still has to make sure that the *Left's* well-laid plans are foiled at every turn. Remember, the best way to make God laugh is to design a great plan. Wanna make Him really howl: make a 'perfect' yet evil plan.

Let's get busy foiling their plans, Patriots!

That's Not Joe Biden – Let's Go Brandon!

Whoever this doppelganger is, it is not Joe Biden. Joe Biden has an ear lobe whereas this photo shows an ear that blends into his neck. I have shared photos before this poor excuse of an American president. He is stoking the fires, provoking disunity and division for a civil war, to cover for his financial crimes in Afghanistan, China, Ukraine, and elsewhere his drug using son is being covered for by the politicized FBI. It is as if he wants to call in the UN to take over the country for his blunder failures.

Pedophile Joe Biden was clearly the most disgusting speech given by an American career politician in the history of this previously-long-time and certainly-again Constitutional Republic.

Joe Biden gave an odd primetime speech on Thursday that interestingly none of the networks aired live to make a case that half this country are fascists. He did so in front of a deep red background, flanked by members of the military that could easily pass for Hitler's "brown shirts" which was definitely a Hitler tactic. I guess since he was accusing Republicans of fascism he wanted a visual aid to show people what a fascist looks like.

Joe Biden has made a mess of this country with bad policies on the economy, immigration, and crime. There are easily ten threats to Americans that he created but he wants you to think the real danger is a political party who is not in control of any part of the federal government and a guy who holds no elected office:

Too much of what's happening in our country today is not normal. Donald Trump and the MAGA Republicans represent an extremism that threatens the very foundations of our republic," said Biden.

Biden is right that a lot of what's going on in America is not normal but it's all of his doing. He's hoping you don't remember that democrats control Congress and the White House. His stumbling message is one for political scientists to dissect for decades to come.

Biden said that not all Republicans are "MAGA Republicans" but then added, *"There's no question that the Republican Party today is dominated, driven, and intimidated by Donald Trump and the MAGA Republicans. And that is a threat to this country"*

He's talking about all Republicans, which is roughly half of this country. Let that sink in: the sitting U.S. president, as illegitimate as he is, is saying that half of the people he represents are a threat to the republic and the enemy of this country.

Again, this has a very Hitleresque stance to it. Joe Biden and his clinched right hand fist blaming a group of people in this country and saying he has to stop them to preserve the nation. His Nazi-style was reminiscent of Adolph Hitler seen in Germany during the 1930s and 1940s. He was projecting the very thing he called a threat known as Fascism. His speech reminded me of Hitler propaganda speeches the History Channel show of a demented emperor with no clothes.

Thankfully, one patriot interrupted Joe-Joe's speech with a bullhorn.

Let him be known as the HERO of the night. Odds are he is now in the D.C. Gulag.

Biden lied repeatedly about the economy, MAGA Republicans, and the current state of America and he labeled his opposition 'white supremacists.'

One protester chanted: “F*ck Joe Biden!”

Final thought: I recently read that we are already at WAR—that the technical condition is ‘War of Words’—an ‘Information War.’

This may or may not be true, but We Patriots must not be drawn in. If Civil War II is to be, the forces are already arrayed against one another. The last thing needed right now is for any of us to muddy the waters.

Let us remain in our homes, safeguarding our loved ones and our property. If needed, we will become the ever-important backup.

Prepare for the worst; hope and pray for something less so.

Blessings,
