

# How Much Proof Does It Require to Convince You That Your Government Wants You Dead?

If you are still not convinced, look at all these patents for the diseases they have been trying to kill us with.

These criminals are especially dangerous now because they are facing the bankruptcy of their main enforcement tool, the United States of America Corporation.

This is now coming out in public. Brian Moynihan, the Chairman of Bank of America told CNN: *"We have to be prepared for [a U.S. sovereign debt default]"*

<https://edition.cnn.com/2023/02/06/investing/bank-of-america-ceo-brian-moynihan-debt-default/index.html> .

BOA is one of the top shareholders of the Federal Reserve Board and its' U.S. Corporation subsidiary so, he has inside knowledge.

Another group of insiders, the Rothschild family, also made a move by delisting Rothschild & Co. *"This was a compromise to keep what is occurring within The Family a private matter. There is serious reconstruction taking place and it is being overseen by the white hat alliance. It looks like a mutual agreement has been reached,"* a Mossad source says. He notes *"the Rothschild's said in their press release that Macron is 'their boy.'"*

In a show of confidence that strengthens the Rothschild family's grip on its Paris-listed investment bank, the financial dynasty said Monday it plans to take Rothschild & Co. private.

Rothschild & Co., best known for its deal-making division that once employed French President Emmanuel Macron, has grown over the last three decades beyond pure advisory for mergers and acquisitions and into wealth management, private equity and debt financing.

That development, formerly led by David de Rothschild, 80, and now by his son Alexandre, means the family doesn't need as much access to capital from the public equity markets, the family holding Concordia said in a statement.

*"Furthermore, each of the businesses is better assessed on the basis of their long-term performance rather than short-term earnings,"* Concordia added.

*"This makes private ownership of the Group more appropriate than a public listing."*

The announcement didn't come as a shock to some analysts.

The family doesn't need as much access to capital from the public equity markets, the family holding Concordia said in a statement.

*"They're getting big in the private equity business and they want to make the most of it for themselves,"* the analyst said, adding that volumes traded on the stock had been low.

*"With interest rates rising, better to do it now rather than later if they need bank financing."*

At a time of slower M&A activity and falling advisory fees, taking the family-held firm private would shield its activities from the day-to-day scrutiny and pressure from the markets.

Revenue from deal-making at the five largest U.S. banks slumped 53% in the fourth quarter from a year earlier, according to data compiled by Reuters.

In Europe, investment banking income at Deutsche Bank and UBS Group dropped 71% and 52% respectively in the last three month of 2022.

80-year-old David de Rothschild.

Under the current take-private plan, Concordia, Rothschild & Co.'s largest shareholder is poised to file a tender offer for the investment bank's shares at 48 euros each, Rothschild said in a statement. Concordia is the No. 1 vehicle of the family holdings in the company, with a 38% stake.

The price represents a premium of 19% compared to Rothschild & Co.'s closing stock price on Friday of 40.25 euros, and a 34% premium to the volume-weighted average share price of the last four months.

Rothschild's shares surged 16.5% in morning trading to 46.9 euros per share, valuing the group at 3.6 billion euros (\$3.88 billion).

The private ownership plan will be submitted to shareholders on May 25, the investment bank said, adding that an exceptional dividend of 8 euros per share would be paid if Concordia follows suit with its buyout offer.

The Rothschild family owned close to 55% of the bank's shares and 69% of exercisable voting rights at the end of last year, according to the bank's website.

Rothschild & Co. posted revenue of 2.2 billion euros for the first nine months of 2022, with gains across all business lines from deal advisory to wealth and asset management, as per its latest earnings report.

Alexandre, left, with father David de Rothschild

However, the group warned of a “more challenging year” ahead, with lower deal activity and declining assets under management impacting fee income.

Rothschild & Co. said it would provide further details on the private ownership plan on February 13, when it reports full-year results.

Rothschild & Co. was first listed in Paris under the name Paris-Orleans in 1838. Listed rivals in the financial advisory business include Lazard, Perella Weinberg Partners and Evercore.

An objective look at the facts, however, shows that what is really happening is that the Rothschild's are bankrupt and facing lynch mobs. The entire nation of France is in open revolt with demonstrations in over 300 locations after their puppet Macron announced he was stealing people's pensions.

In Paris alone, 500,000 demonstrators marched against Macron.

The Rothschild's are also facing daily demonstrations of hundreds of thousands of people in their colony Israel as the Jews rebel against the Satanic Khazarian Mafia overlords.

They have also been systematically kicked out of Africa, meaning they can no longer plunder that continent. Malian Foreign Minister Abdoulaye Diop, speaking for many African countries, said his country replaced French troops with Russian private security

because: *“As for France, we have come to all the conclusions,”* he said. *“This cooperation failed to meet the aspirations of the Malian people,”* he added.

<https://tass.com/world/1572851>

The Rothschild's and their partners in crime the Rockefeller's are also being kicked out of the Middle East and elsewhere.

In the Middle East, Russian Foreign Minister Sergei Lavrov has been creating a massive anti-Khazarian Mafia alliance that now includes Turkey, Iran, Iraq, Syria, Egypt and Saudi Arabia.

Just last Sunday, February 12th, Russian Ambassador to Saudi Arabia Serge Kozlov announced *“Russia and Saudi Arabia have stepped up efforts to expand military-technical cooperation.”*

Saudi Arabia's former rival Iran, whose country was just simultaneously attacked by Azerbaijan, Israel, Ukraine, is now part of the planetary liberation alliance. Their President just went to China. *“The Governor General of the Central Bank will accompany him with the aim of strengthening cooperation between the two countries in the banking field and negotiations in line with the opening of foreign exchange,”* an Iranian source says.

Khazarian Mafia slave driver Netanyahu *“actually linked the topic of the Russian-Ukrainian conflict and the current aggravation of Israeli-Iranian relations,”* Russian government sources say.

You can be sure he has knowledge of the Khazarian Mafia attack on Turkey with scalar earthquake weapons that killed over 50,000 innocent civilians. This was part of a failed attempt to intimidate Turkey back into obedience to the Khazarian Mafia.

Russia also has such weapons but, unlike Khazarian Mafia-controlled countries, they do not carry out mass murders of civilians. However, any further such attacks are likely to force them to retaliate by simultaneously destroying Tel Aviv and Geneva, FSB sources warn.

All this turmoil is taking place because the U.S. Corporation missed a January 31st payment deadline and was given until this week to come up with the funds or be cut off. What this means for the financial markets is that some sort of mega black swan event is likely. This may well involve a complete shutdown of the stock and bond markets as well as of the U.S. government. This would be followed by a chapter 11 bankruptcy reorganization of the United States. Bankruptcy usually leads to a change in management. Also, the U.S. may well be merged with Canada and Latin America as a result of this reorganization,

However, different sources had different views of what will happen. A Secret Space Program source says *“You will know by the Ides of March.”* Asian Royal family and

Polish intelligence sources also expect some sort of major announcement in March. A Canadian Secret Intelligence Service source expects something radical to happen on February 17th. Meanwhile, the head of MI6 is keeping radio silence.

We can be sure though that China is definitely not planning to finance the U.S. any longer. Their government just put out a list of 20 countries the U.S. has invaded since World War II ended. China urges all countries to *“Never forget who the real threat to the world is. Was there outrage in the Western community about the United States? Were there loud cries of accusation? Have sanctions been imposed on the United States at least once?”*

The Chinese have refused money-begging visits from U.S. Treasury Secretary Janet Yellen and Secretary of State Anthony Blinken. They are also not taking phone calls from Secretary of Defense Lloyd Austin.

Even without Chinese money though, we must keep in mind the KM has also been very good at kicking the can down the road in the past. They may well have been able to access some funds from the Red Cross for *“Turkey earthquake disaster relief.”* Remember Haiti? The Clintons raised 500 Million and only built 6 homes.

In any case, we shall just have to wait and see how and when the U.S. financial system implodes. Implode it will though; that is a mathematical certainty. The U.S. National Debt is at \$31.4 Trillion dollars.

However, what we do not have to wait and see for is the ongoing and very visible takedown of the Khazarian Mafia power structures worldwide.

In Denmark, over 50,000 people came out to protest the government increasing the defense budget so they can pump more weapons into Ukraine.

In the Netherlands, the office of the national broadcaster NOS was pasted over with stickers with the names of those who died from anti-coronavirus vaccines.

In Switzerland, activists forced the government to hold a national referendum to protect the use of cash. *“Getting rid of cash...also carries a huge danger of totalitarian surveillance,”* FBS (Free Switzerland Movement) president Richard Koller said.

Similar mass demonstrations are taking place in Spain, Peru, and England etc. It is a full-blown slave revolt.

Of course, the Khazarian Mafia is not going quietly into the night. They are still trying to start World War III. They used Pulitzer Prize-winning journalist Seymour Hersh to provide detailed proof US Navy divers laid bombs that destroyed the Nord Stream 2 natural gas pipeline under the Baltic Sea last September. The Khazarian Mafia has been trying for several years to provoke a war between the U.S. and China or between the U.S. and Russia.

<https://nypost.com/2023/02/08/seymour-hersh-claims-us-navy-behind-nord-stream-2-pipeline-explosion/>

This was an obvious attempt to give Russia an excuse to start World War III. However, it will fail because the Russian, U.S. and Chinese militaries have agreed not to start all-out thermonuclear war no matter what provocations the Khazarian Mafia comes up with.

However, more limited war is a certainty. On that front Polish PM Morawiecki says *"Poland is ready to take joint responsibility for the formation of a New World Order. Poland is ready to become one of the key links of a post-Imperial Europe."*

Polish intelligence sources say the country has closed its border with Belorussia and that Polish troops are fighting Ukrainian troops inside Ukraine. This means the partition of Ukraine has begun in earnest.

There is also a war brewing in Australia. A source there reports:

*"The situation in Australia is very bad now. Prices for food, petrol, and household supplies are going up weekly. The citizens are losing their minds. All the vaxxed people have lost control. They are causing fights in supermarkets for no apparent reason. The police stand by and watch. There are car accidents every day in Melbourne."* He calls these incidents "vaxidents."

He believes that there will be a revolution soon as the citizens can't endure much more of the *"turning of the screws against the people"*.

He adds *"Australia may be the catalyst that starts the worldwide revolution. Housing is at a standstill as the interest rates went from 3 % to 6% and people cannot make ends meet anymore. So banks are not making housing loans."*

To understand what kind of government the Australians are dealing with take a look at this video from the Khazarian Mafia-controlled Australian government as usual. Is this a real person? Looks and sounds like a demonically possessed human robot.

The demon-possessed people are in other Western governments as well. Maria Leptin, president of the European Research Council, told the WEF that efforts to vaccinate the entire population should not be regarded as a scientific endeavor but as a war. WEF slave Castrudeau is thus still trying to force vaccines on Canadians.

Their Satanic servant Lula for his part says Brazilian citizens can only get financial assistance from the government if they are vaccinated.

This comes even as evidence the vaccines are harmful has become undeniable. That is why we need to take these people down.

If you are religiously inclined, it seems the Khazarian Mafia in Brazil has provoked divine intervention because the statue of Christ the Redeemer statue in Rio de Janeiro was struck by lightning multiple times, after Lula's vaccine announcement.

Okay, with that mention of otherworldly stuff, let us end with another look at project blue beam. We note this old article about the 1965 Gemini IV mission capturing a mystery white cylindrical-shaped object. Just in time for all the reports about cylinder-shaped UFOs being shot down.

<https://knowledge-time.com/this-is-the-famous-recording-of-the-gemini-iv-its-the-truest-extraterrestrial-ufo-recording-in-history-8305/>

Now China is in on the Blue Beam propaganda. As per China's state mouthpiece The Global Times, their government is about to shoot down a UFO in eastern Shandong Province on Sunday.

<https://www.express.co.uk/news/world/1733892/china-UFO-beijing-airspace-US-warplane-shoots-down>

*"The MSM and governments are making an effort to let us know about it, indicating that it benefits them to let us know about it. They are definitely covering up something very big that is about to happen."*

There is a World Government Summit just beginning in Dubai and remarks made may provide you of what is on the door step.

Globalists have been gathering at the World Government Summit in Dubai to discuss advancing plans for a single global government.

World leaders and powerful elites have been flocking to the event this week to pitch ideas for expanding globalism by uniting sovereign nations' governments.

During a panel discussion at the summit, Professor Arturo Bris from the IMD World Competitiveness Center argued that a "shock" is needed to shift global society away from the current "world order."

He insisted that the "transformation" of the "world order" "cannot be gradual."

Bris told attendees that elites and world leaders need to address how to use a "shock" so the world can "go through this transformation."

*"How is this transition going to happen?"* Dr. Bris asked

*"I totally agree that the world order, the way it is built today, doesn't make any sense,"* he explained.

“That is not in line with the economic powers like India, Brazil, or Germany. They don’t have a massive role in the international order.”

*“But to me, the big question is how we are going to go through this transformation.”*

*“It cannot be gradual,”* he asserted.

*“It has to be, has to be, driven by a part, by a certain shock that will happen.”*

*“So now we will reconsider this entire...”*

Elsewhere at the event, World Economic Forum (WEF) founder and Chairman Klaus Schwab addressed attendees on his vision for a global government to **“master”** the human race.

As Slay News reported, Schwab has called for elites attending the World Government Summit in Dubai to come together globally in order to **“master”** advanced technologies.

He warned the summit’s attendees that the world could **“escape our power”** if they don’t act swiftly.

Schwab highlighted how *“fourth industrial revolution technologies”* will play a role in his “Great Reset” agenda.

He then declared: *“Who masters those technologies – in some way – will be the master of the world.”*

*“Ten years from now we will be completely different,”* Schwab said.

*“My deep concern [with] fourth industrial revolution technologies, if we don’t work together on a global scale, if we do not formulate, shape together the necessary policies, they will escape our power to master those technologies.”*

Meanwhile, Twitter boss Elon Musk also spoke at the World Government Summit. However, Musk didn’t exactly tell the globalist attendees what they wanted to hear, as Slay News reported. Musk warned that trying to form a **“single world government”** could cause **“civilization”** to **“collapse.”**

Elon Musk is a mixed bag of tricks and despite his purchase of Twitter, and his release of documents that have provided the Republican-controlled House of Representatives ample material to show the 2020 election was tampered with and other issues that the congress critters can tear into with their teeth, all of that may just be for the purpose of controlled opposition in keeping the Washington Beltway bogged down and distracted from the larger agenda of Prince Charles of Wales and His New World Order.

**The question before us is what will this certain shock event be?**

## **Nuclear War between the major world powers or a deadly pathogen with a high mortality rate!**

From my analysis, what is most threatening on the list of patented viruses listed on page 1 above can be deduced as **Ebola with an 85% mortality rate**. Ebola is under U.S. Patent #20120251502. The first outbreak was Beta-tested in 2013/2014. In the past few months there have been small outbreaks in Africa. Ebola's cousin is Marburg which according to CNN, Uganda has been struggling with an Ebola outbreak for months, and although there have been no suspected or probable Ebola cases identified in the United States, federal and local health officials are working together to prepare for the possibility that the virus will spread across the Atlantic.

Besides, Ebola leaves the infrastructure of the nations' intact as well as unaffected by radiation poisoning from a thermo-nuclear exchange. The Zionist Khazarian Mafia can ride out the time needed to determine when it is safe to consolidate their global government takeover. During the Ebola outbreak in 2013-16, I did an exponential infection rate study to determine how long it would take to infect the world; it would require a minimum of 17 days for the pandemic to engulf the world.

I cannot think of nothing that is so frightening than for it to suddenly appear in a half-dozen countries that would set the world into stark panic. Ten years ago even the mention of the name put fear into the hearts and minds of billions. Uganda health authorities declared an outbreak of Ebola virus disease in September, 2022 and as of early November, 136 confirmed cases, 21 probable cases and 53 confirmed deaths have been identified there, according to the World Health Organization.

Officials at the CDC have been conducting their *"tabletop exercises"* with local health departments deemed to be at higher risk of seeing a case in their jurisdiction, Freeman said.

*"Jurisdictions where the highest probability of cases may be are either because they represent Ugandan communities in this country, or they're near those airports where Uganda travelers are being channeled,"* she said.

Since early October, all passengers arriving to the U.S. from Uganda have been routed to airports in New York; Newark, New Jersey; Atlanta; Chicago; or Washington, DC, for enhanced screening in response to the outbreak.

*"So they will be walking through plans, identifying gaps and concerns,"* Freeman said. *"One of the areas that is the most hard to deal with for Ebola is what to do with a patient once identified and how you sustain quarantine for that person and their close contacts."*

The CDC estimates that 20% of travelers from Uganda will arrive without a cell phone or U.S.-based phone number. As of Monday morning, the CDC has distributed 163 cell phones to people arriving from Uganda who otherwise did not have ways to remain in contact with health officials.

Attorney Todd Callender, a disabled rights lawyer representing some 400,000 clients at the time the military mandated the vaxxes for military service personnel in a law suit. Government insiders informed Mr. Callender that the spike Protein mRNA shots had nano-particles that contained “bomblets” inside the shots that are set to be activated through **5G** wireless EMF/EMR at a frequency of 18-GHz for intervals of three 1-minute blasts. The “bomblets” contain one or more of HIV1, SARS2, Marburg, and one other virus genome. There is reason to believe that Marburg and Ebola are actually one in the same virus.

Mr. Callender stated that there is no doubt that Americans and people around the world are experiencing the ongoing application of a well-planned genocide meant to kill billions — a billion people are likely already dead — and destroy national sovereignty in favor of a world government staffed by homicidal maniacs. After all, in the case the science being followed at the moment is the science of how to commit genocide.

When the Pentagon withdrew the mandate it did not matter since military personnel are required to receive an annual flu shot. According to attorney Todd Callender, all flu shots, insulin shots, contain the spike Protein mRNA. Anyone receiving any injection for any reason are now receiving the spike Protein mRNA nano-particles.

Quoting Dr. Bris at the World Government Conference in Dubai mentioned on page 9 above, these are his exact words:

*“But to me, the big question is how we are going to go through this transformation.”*

*“It cannot be gradual,” he asserted.*

*“It has to be, has to be, driven by a part, by a certain shock that will happen.”*

*“So now we will reconsider this entire...”*

It seems that from what we know, including the statements of Professor Bris that whatever it is they plan to collapse the 194 countries to surrender their sovereignty in short time that they already have the answer of what it will be, and I believe the plan has been in their bag of tricks since 2013. Currently there are no licensed vaccines to prevent Ebola virus disease. However, multiple investigational Ebola vaccines have been tested in numerous clinical trials around the world. NIAID has supported the development of various candidates, including the rVSV-ZEBOV vaccine developed by Merck. This candidate has been administered to people at risk of Ebola virus disease in the Democratic Republic of the Congo (DRC) and was previously tested in NIAID-supported clinical trials in West Africa.

Remember, experimental Covid vaxxes went unquestioned by people seeking protection against the Covid “bioweapon” for more than a year, with a mortality rate of virtually zero for those under the age of 50, and this is from the CDC’s own data below:

Ebola has been around for a decade and while most people know very little about it they know it kills most of its victims, with a mortality rate of upwards, and quoting the World Health Organization: [Ebola virus disease (formerly known as Ebola hemorrhagic fever) is a rare but severe, often fatal, often fatal illness, with a death rate of **up to 90%** in humans ...] The fact that a U.S. Patent has been issued for it is like saying it has the Good Housekeeping Seal of Approval!

In the U.S. at least **262,908,216** people or **79%** of the population have received at least one dose of a Covid-19 vax. Overall, **224,113,439** people or **68%** of the population are considered fully vaccinated, meaning 2 shots. Additionally, **108,806,974** people or **33%** of the population have received a booster dose. In the grand scheme of the Depopulation program, no one knows how many received a placebo shot given to throw investigators off through deception. Jesus Christ said "Deception" would be the hall mark of the End Days!

My guess would be that when an outbreak of Ebola or Marburg takes place that number would be well into the **90%** and above range in a very short time and few will be asking the question, is the vaxx the cure or the kill shot!

I posted an article a few days ago that stated: [The COVID Vaccine Agenda Is A DARPA Funded Depopulation Program](#). Patrick McShay is a contributing author for the web page State of the Nation. There are many articles on my web page validating and confirming the fact that we are in a war and we are the enemy of the State. "Depopulation" has been the world's #1 problem since 1968!

The privately owned Federal Reserve Bank is one giant conflict of interest central planning scam. This criminal institution has not only deliberately been responsible for exacerbating the boom bust cycles since its creation in 1913, distorting the price of money via interest rates, perpetually extracting wealth from We the People via deleterious stealth taxation that is inflation, but has also been funding the majority of

scientific publishing in America well before the COVID-19 “pandemic” that they were closely involved with.

Between the social engineering corporation that is the IRS, which backstops and amplifies the central bankers’ debt-enslavement schemes, and the various One World Government entities like the UN, CFR, WEF, WHO, et al., the techno communist cartel is now accelerating their neo-feudal post human Great Reset endgame; their engineered collapse of their insolvent global financial system has commenced.

The social credit score-tethered CBDC nightmare is now nearing primetime:

The entire global financial system is now essentially a techno communist black ops money laundering crime scene. Central banks, their wall street coconspirators and the major corporations are all colluding in ushering in their hyper-centralized CBDC dystopia. This central bank “currency” will of course be inextricably tethered to the A.I. social credit score.

An in-depth examination of the Fed and its role in funding “trust the science” is forthcoming, but in the meantime the below is an excellent primer on just who is controlling your life-force and the fruits of your labor via unconstitutional monetary policy.

**Who owns the Federal Reserve? Read the story on the role of BIS, the World Bank and IMF in controlling world assets:**

They are the Goldman Sachs, Rockefellers, Lehmans and Kuhn Loeb’s of New York; the Rothschilds of Paris and London; the Warburgs of Hamburg; the Lazards of Paris; and the Israel Moses Seifs of Rome.

Many of the bank’s stockholders reside in Europe.

**The U.S. government had a historical distrust of the BIS, lobbying unsuccessfully for its demise at the 1944 post-WWII Bretton Woods Conference.**

**Instead the Eight Families’ power was exacerbated, with the Bretton Woods creation of the IMF and the World Bank.**

Bretton Woods became a boon to the Eight Families. The IMF and World Bank were central to this “*new world order*”,

The Four Horsemen of Banking (Bank of America, JP Morgan Chase, Citigroup and Wells Fargo) own the Four Horsemen of Oil (Exxon Mobil, Royal Dutch/Shell, BP and Chevron Texaco); in tandem with Deutsche Bank, BNP, Barclays and other European old money behemoths.

Companies under Rockefeller control include Exxon Mobil, Chevron Texaco, BP Amoco, Marathon Oil, Freeport McMoran, Quaker Oats, ASARCO, United, Delta, Northwest, ITT, International Harvester, Xerox, Boeing, Westinghouse, Hewlett-Packard, Honeywell, International Paper, Pfizer, Motorola, Monsanto, Union Carbide and General Foods.

**Their monopoly over the global economy does not end at the edge of the oil patch. According to company 10K filings to the SEC, the Four Horsemen of Banking are among the top ten stock holders of virtually every Fortune 500 corporation.**

So who owns the Federal Reserve and are the stockholders in these money center banks? This information is guarded much more closely.

All queries to bank regulatory agencies regarding stock ownership in the top 25 U.S. bank holding companies were given Freedom of Information Act status, before being denied on “national security” grounds.

This is rather ironic, since many of the bank’s stockholders reside in Europe. One important repository for the wealth of the global oligarchy that owns these bank holding companies is U.S. Trust Corporation – founded in 1853 and now owned by Bank of America. A recent U.S. Trust Corporate Director and Honorary Trustee was Walter Rothschild.

Other directors included Daniel Davison of JP Morgan Chase, Richard Tucker of Exxon Mobil, Daniel Roberts of Citigroup and Marshall Schwartz of Morgan Stanley. J. W. McCallister, an oil industry insider with House of Saud connections, wrote in *The Grim Reaper* that information he acquired from Saudi bankers cited 80% ownership of the New York Federal Reserve Bank– by far the most powerful Fed branch- by just eight families, four of which reside in the U.S.

CPA Thomas D. Schauf corroborates McCallister’s claims, adding that ten banks control all twelve Federal Reserve Bank branches.

He names N.M. Rothschild of London, Rothschild Bank of Berlin, Warburg Bank of Hamburg, Warburg Bank of Amsterdam, Lehman Brothers of New York, Lazard Brothers of Paris, Kuhn Loeb Bank of New York, Israel Moses Seif Bank of Italy, Goldman Sachs of New York and JP Morgan Chase Bank of New York.

Schauf lists William Rockefeller, Paul Warburg, Jacob Schiff and James Stillman as individuals who own large shares of the Fed. The Schiffs are insiders at Kuhn Loeb.

The Stillmans are Citigroup insiders, who married into the Rockefeller clan at the turn of the century. Eustace Mullins came to the same conclusions in his book *The Secrets of the Federal Reserve*, in which he displays charts connecting the Fed and its member banks to the families of Rothschild, Warburg, Rockefeller and the others.

**The control that these banking families exert over the global economy cannot be overstated and is quite intentionally shrouded in secrecy.**

Their corporate media arm is quick to discredit any information exposing this private central banking cartel as “conspiracy theory”. Yet the facts remain.

The House of Morgan story: The Federal Reserve Bank was born in 1913, the same year U.S. banking scion J. Pierpont Morgan died and the Rockefeller Foundation was formed. The House of Morgan presided over American finance from the corner of Wall Street and Broad, acting as quasi-U.S. central bank since 1838, when George Peabody founded it in London.

**Peabody was a business associate of the Rothschilds. In 1952 Fed researcher Eustace Mullins put forth the supposition that the Morgans were nothing more than Rothschild agents.**

Mullins wrote that the Rothschilds, “...preferred to operate anonymously in the US behind the facade of J.P. Morgan & Company”. Author Gabriel Kolko stated, “*Morgan’s activities in 1895-1896 in selling US gold bonds in Europe were based on an alliance with the House of Rothschild.*”

The Morgan financial octopus wrapped its tentacles quickly around the globe. Morgan Grenfell operated in London. Morgan et Co ruled Paris. The Rothschild’s Lambert cousins set up Drexel & Company in Philadelphia. ***The Federal Reserve Cartel: Who owns the Federal Reserve? The House of Morgan catered to the Astors, DuPonts, Guggenheims, Vanderbilt’s and Rockefellers. It financed the launch of AT&T, General Motors, General Electric and DuPont.*** Like the London-based Rothschild and Barings banks, Morgan became part of the power structure in many countries.

By 1890 the House of Morgan was lending to Egypt’s central bank, financing Russian railroads, floating Brazilian provincial government bonds and funding Argentine public works projects. A recession in 1893 enhanced Morgan’s power.

That year Morgan saved the U.S. government from a bank panic, forming a syndicate to prop up government reserves with a shipment of \$62 million worth of Rothschild gold. Morgan was the driving force behind Western expansion in the U.S, financing and controlling West-bound railroads through voting trusts.

**In 1879 Cornelius Vanderbilt’s Morgan-financed New York Central Railroad gave preferential shipping rates to John D. Rockefeller’s budding Standard Oil monopoly, cementing the Rockefeller/Morgan relationship.**

The House of Morgan now fell under Rothschild and Rockefeller family control. A New York Herald headline read, “Railroad Kings Form Gigantic Trust”. J. Pierpont Morgan, who once stated, “*Competition is a sin*”, now opined gleefully, “*Think of it. All competing*

*railroad traffic west of St. Louis placed in the control of about thirty men.”* Morgan and Edward Harriman’s banker Kuhn Loeb held a monopoly over the railroads, while banking dynasties Lehman, Goldman Sachs and Lazard joined the Rockefellers in controlling the U.S. industrial base.

**The Federal Reserve Cartel: Who owns the Federal Reserve? So, who owns the Federal Reserve? In 1903 Banker’s Trust was set up by the Eight Families. Benjamin Strong of Banker’s Trust was the first Governor of the New York Federal Reserve Bank.**

**The 1913 creation of the Fed fused the power of the Eight Families to the military and diplomatic might of the US government.**

If their overseas loans went unpaid, the oligarchs could now deploy U.S. Marines to collect the debts. Morgan, Chase and Citibank formed an international lending syndicate.

The House of Morgan was cozy with the British House of Windsor and the Italian House of Savoy. The Kuhn Loeb, Warburgs, Lehman, Lazard, Israel Moses Seifs and Goldman Sachs also had close ties to European royalty.

**By 1895 Morgan controlled the flow of gold in and out of the US. The first [American wave](#) of mergers was in its infancy and was being promoted by the bankers.**

In 1897 there were sixty-nine industrial mergers. By 1899 there were twelve-hundred.

In 1904 John Moody – founder of Moody’s Investor Services – said it was impossible to talk of Rockefeller and Morgan interests as separate. Public distrust of the combine spread.

**Many considered them traitors working for European old money. Rockefeller’s Standard Oil, Andrew Carnegie’s US Steel and Edward Harriman’s railroads were all financed by banker Jacob Schiff at Kuhn Loeb, who worked closely with the European Rothschilds.**

Several Western states banned the bankers. Populist preacher William Jennings Bryan was thrice the Democratic nominee for President from 1896 -1908. The central theme of his anti-imperialist campaign was that America was falling into a trap of *“financial servitude to British capital”*.

Teddy Roosevelt defeated Bryan in 1908, but was forced by this spreading populist wildfire to enact the Sherman Anti-Trust Act. He then went after the Standard Oil Trust. In 1912 the Pujo hearings were held, addressing concentration of power on Wall Street. That same year Mrs. Edward Harriman sold her substantial shares in New York’s Guaranty Trust Bank to J.P. Morgan, creating Morgan Guaranty Trust.

Judge Louis Brandeis convinced President Woodrow Wilson to call for an end to interlocking board directorates. In 1914 the Clayton Anti-Trust Act was passed. Jack Morgan – J. Pierpont's son and successor – responded by calling on Morgan clients Remington and Winchester to increase arms production.

He argued that the U.S. needed to enter WWI. Goaded by the Carnegie Foundation and other oligarchy fronts, Wilson accommodated. As Charles Tansill wrote in *America Goes to War*, *“Even before the clash of arms, the French firm of Rothschild Freres cabled to Morgan & Company in New York suggesting the flotation of a loan of \$100 million, a substantial part of which was to be left in the U.S. to pay for French purchases of American goods.”*

**The House of Morgan financed half the U.S. war effort, while receiving commissions for lining up contractors like GE, Du Pont, US Steel, Kennecott and ASARCO. All were Morgan clients.**

Morgan also financed the British Boer War in South Africa and the Franco-Prussian War. The 1919 Paris Peace Conference was presided over by Morgan, which led both German and Allied reconstruction efforts. In the 1930's populism resurfaced in America after Goldman Sachs, Lehman Bank and others profited from the Crash of 1929.

**House Banking Committee Chairman Louis McFadden (D-NY) said of the Great Depression, *“It was no accident. It was a carefully contrived occurrence...The international bankers sought to bring about a condition of despair here so they might emerge as rulers of us all”.***

Sen. Gerald Nye (D-ND) chaired a munitions investigation in 1936. Nye concluded that the House of Morgan had plunged the U.S. into WWI to protect loans and create a booming arms industry.

Nye later produced a document titled *The Next War*, which cynically referred to *“the old goddess of democracy trick”*, through which Japan could be used to lure the U.S. into WWII.

**In 1937 Interior Secretary Harold Ickes warned of the influence of “America’s 60 Families”. Historian Ferdinand Lundberg later penned a book of the exact same title.**

Supreme Court Justice William O. Douglas decried, *“Morgan influence...the most pernicious one in industry and finance today.”* Jack Morgan responded by nudging the U.S. towards WWII.

Morgan had close relations with the Iwasaki and Dan families – Japan’s two wealthiest clans – who have owned Mitsubishi and Mitsui, respectively, since the companies emerged from 17th Century shogunates.

When Japan invaded Manchuria, slaughtering Chinese peasants at Nanking, Morgan downplayed the incident. Morgan also had close relations with Italian fascist Benito Mussolini, while German Nazi Dr. Hjalmer Schacht was a Morgan Bank liaison during WWII.

After the war Morgan representatives met with Schacht at the Bank of International Settlements (BIS) in Basel, Switzerland. The House of Rockefeller BIS is the most powerful bank in the world, a global central bank for the Eight Families who control the private central banks of almost all Western and developing nations.

**The first President of BIS was Rockefeller banker Gates McGarrah- an official at Chase Manhattan and the Federal Reserve.**

**McGarrah was the grandfather of former CIA director Richard Helms. The Rockefellers- like the Morgans- had close ties to London.**

David Icke writes in *'Children of the Matrix'*, that the Rockefellers and Morgans were just "gofers" for the European Rothschild's.

The BIS is owned by the Federal Reserve, Bank of England, Bank of Italy, Bank of Canada, Swiss National Bank, Nederlandsche Bank, Bundesbank and Bank of France.

Historian Carroll Quigley wrote in his epic book *'Tragedy and Hope'* that BIS was part of a plan, *"to create a world system of financial control in private hands able to dominate the political system of each country and the economy of the world as a whole...to be controlled in a feudalistic fashion by the central banks of the world acting in concert by secret agreements."*

**The U.S. government had a historical distrust of BIS, lobbying unsuccessfully for its demise at the 1944 post-WWII Bretton Woods Conference.**

**Instead the Eight Families' power was exacerbated, with the Bretton Woods creation of the IMF and the World Bank.**

The U.S. Federal Reserve only took shares in BIS in September 1994. BIS holds at least 10% of monetary reserves for at least 80 of the world's central banks, the IMF and other multilateral institutions.

It serves as financial agent for international agreements, collects information on the global economy and serves as lender of last resort to prevent global financial collapse. BIS promotes an agenda of monopoly capitalism. It gave a bridge loan to Hungary in the 1990's to ensure privatization of that country's economy.

It served as conduit for Eight Families funding of Adolf Hitler- led by the Warburg's J. Henry Schroeder and Mendelsohn Bank of Amsterdam. Many researchers assert that BIS is at the nadir of global drug money laundering.

It is no coincidence that BIS is headquartered in Switzerland, favorite hiding place for the wealth of the global aristocracy and headquarters for the P-2 Italian Freemason's Alpina Lodge and Nazi International.

Other institutions which the Eight Families control include the World Economic Forum, the International Monetary Conference and the World Trade Organization.

**Bretton Woods was a boon to the Eight Families. The IMF and World Bank were central to this “new world order”. In 1944 the first World Bank bonds were floated by Morgan Stanley and First Boston.**

The French Lazard family became more involved in House of Morgan interests. Lazard Freres- France's biggest investment bank- is owned by the Lazard and David-Weill families- old Genoese banking scions represented by Michelle Davive.

***The Federal Reserve Cartel: Who owns the Federal Reserve?***

A recent Chairman and CEO of Citigroup was Sanford Weill. In 1968 Morgan Guaranty launched Euro-Clear, a Brussels-based bank clearing system for Eurodollar securities. It was the first such automated endeavor. Some took to calling Euro-Clear “The Beast”.

Brussels serves as headquarters for the new European Central Bank and for NATO. In 1973 Morgan officials met secretly in Bermuda to illegally resurrect the old House of Morgan, twenty years before Glass Steagal Act was repealed.

Morgan and the Rockefellers provided the financial backing for Merrill Lynch, boosting it into the Big 5 of U.S. investment banking. Merrill is now part of Bank of America.

**John D. Rockefeller used his oil wealth to acquire Equitable Trust, which had gobbled up several large banks and corporations by the 1920's.**

**The Great Depression helped consolidate Rockefeller's power.**

His Chase Bank merged with Kuhn Loeb's Manhattan Bank to form Chase Manhattan, cementing a long-time family relationship.

The Kuhn-Loeb's had financed – along with Rothschild's – Rockefeller's quest to become king of the oil patch. National City Bank of Cleveland provided John D. with the money needed to embark upon his monopolization of the U.S. oil industry.

The bank was identified in Congressional hearings as being one of three Rothschild-owned banks in the U.S. during the 1870's, when Rockefeller first incorporated as Standard Oil of Ohio.

**One Rockefeller Standard Oil partner was Edward Harkness, whose family came to control Chemical Bank.**

**Another was James Stillman, whose family controlled Manufacturers Hanover Trust. Both banks have merged under the JP Morgan Chase umbrella.**

Two of James Stillman's daughters married two of William Rockefeller's sons. The two families control a big chunk of Citigroup as well.

In the insurance business, the Rockefellers control Metropolitan Life, Equitable Life, Prudential and New York Life. Rockefeller banks control 25% of all assets of the 50 largest U.S. commercial banks and 30% of all assets of the 50 largest insurance companies.

Insurance companies- the first in the U.S. was launched by Freemasons through their Woodman's of America- play a key role in the Bermuda drug money shuffle.

***Companies under Rockefeller control include Exxon Mobil, Chevron Texaco, BP Amoco, Marathon Oil, Freeport McMoran, Quaker Oats, ASARCO, United, Delta, Northwest, ITT, International Harvester, Xerox, Boeing, Westinghouse, Hewlett-Packard, Honeywell, International Paper, Pfizer, Motorola, Monsanto, Union Carbide and General Foods.***

The Rockefeller Foundation has close financial ties to both Ford and Carnegie Foundations. Other family philanthropic endeavors include Rockefeller Brothers Fund, Rockefeller Institute for Medical Research, General Education Board, Rockefeller University and the University of Chicago – which churns out a steady stream of far right economists as apologists for international capital, including Milton Friedman.

**The family owns 30 Rockefeller Plaza, where the national Christmas tree is lighted every year, and Rockefeller Center.**

**David Rockefeller was instrumental in the construction of the World Trade Center towers.**

The main Rockefeller family home is a hulking complex in upstate New York known as Pocantico Hills. They also own a 32-room 5th Avenue duplex in Manhattan, a mansion in Washington, DC, Monte Sacro Ranch in Venezuela, coffee plantations in Ecuador, several farms in Brazil, an estate at Seal Harbor, Maine and resorts in the Caribbean, Hawaii and Puerto Rico.

**The Dulles and Rockefeller families are cousins. Allen Dulles created the CIA, assisted the Nazis, covered up the Kennedy hit from his Warren Commission perch and struck a deal with the Muslim Brotherhood.**

Brother John Foster Dulles presided over the phony Goldman Sachs trusts before the 1929 stock market crash and helped his brother overthrow governments in Iran and Guatemala. Both were Skull & Bones, Council on Foreign Relations (CFR) insiders and 33<sup>rd</sup> Degree Masons.

The Rockefellers were instrumental in forming the depopulation-oriented Club of Rome at their family estate in Bellagio, Italy. Their Pocantico Hills estate gave birth to the Trilateral Commission. The family is a major funder of the eugenics movement which spawned Hitler, human cloning and the current DNA obsession in U.S. scientific circles. John Rockefeller Jr. headed the Population Council until his death. His namesake son is a Senator from West Virginia. Brother Winthrop Rockefeller was Lieutenant Governor of Arkansas.

**In an October 1975 interview with Playboy magazine, Vice-President Nelson Rockefeller- who was also Governor of New York- articulated his family's patronizing worldview, "*I am a great believer in planning- economic, social, political, military, total world planning.*"**

But of all the Rockefeller brothers, it is Trilateral Commission (TC) founder and Chase Manhattan Chairman David who has spearheaded the family's agenda on a global scale.

He defended the Shah of Iran, the South African apartheid regime and the Chilean Pinochet junta. He was the biggest financier of the CFR, the TC and (during the Vietnam War) the Committee for an Effective and Durable Peace in Asia- a contract bonanza for those who made their living off the conflict.

Nixon asked him to be Secretary of Treasury, but Rockefeller declined the job, knowing his power was much greater at the helm of Chase.

Author Gary Allen writes in '*The Rockefeller File*' that in 1973, "*David Rockefeller met with twenty-seven heads of state, including the rulers of Russia and Red China.*" Following the 1975 Nugan Hand Bank/CIA coup against Australian Prime Minister Gough Whitlam, his British Crown-appointed successor Malcolm Fraser sped to the U.S., where he met with President Gerald Ford after conferring with David Rockefeller.

The elite's greatest fear is that the rest of the world will one day wake up to how they have been exploited and it has been a race against time for securing their control over the planet. It is in their best interests that the rest of the world be eliminated once and for all.
