

He is Back

Promising A New Virus Next Year!

On April 3, 2023, the now retired Dr. Fauci made an appearance at a town hall discussion with Jim Acosta at James Madison University. In the discussion, Dr. Fauci states that *“there will absolutely be an outbreak of another pandemic.”* He then suggests it could be *“next year”* or it could be in our *“grandchildren’s lifetimes.”* Given his track record on predicting outbreaks, this *“absolutism”* should not be taken lightly. I can already hear the mail-in ballot printers firing up!

Dr. Fauci infamously predicted a *“surprise outbreak”* during the Trump administration back in 2017, as he gave a presentation at the [Center for Global Health Science and Security at Georgetown University Medical Center](#).

Biden regime publicly [affirmed](#) their commitment to a *“legally-binding”* accord in a press release in February, which gives away American sovereignty during a pandemic and hands over control of U.S. Policies to the WHO.

I pulled up from my files the window sign (below) that was posted in 2020 as a reminder of how corrupt our government and big pharma are when it comes to hoaxing viruses. The State of the Nation posted an expose on the [The Ultra-Secret American Domestic Bioterrorism Program EXPOSED](#) The comprehensive report stated that there is more than enough evidence to arrest, indict, and prosecute Dr. Anthony Fauci. The problem is he will never be arrested for as much as a single death. Even if you don’t have the time to read that document, it would be well worth downloading it and saving it for your next of kin!

The document [The Ultra-Secret American Domestic Bioterrorism Program EXPOSED](#) is definitive proof that our government wants everyone dead; it tracks a century of our government’s crimes against its own public citizens by one administration after another. It’s been a legal ‘rope a dope’ trick to destroy the American public through decades of incest between the healthcare industry, politicians in big government, greedy big pharma and a big enforcement stick to one day bury us in paperwork, obfuscation, deceit, leading to futility and exhaustion. A nation of law can be so twisted that its laws and judicial system become the oppressors of those meant to protect.

As Attorney Todd Callender has come to find out in his representing active duty military and retired veterans, no one will be held responsible for the crimes against the victims,

military veterans, or the general public, these perps have indemnified all the parties involved in that the federal government has contractual relationships protecting the pharmaceutical industry and healthcare alliance from being sued!

That a fake Joe Biden has surrendered your National Sovereignty in what he has called a "legally-binding" accord is tantamount to saying "you are a slave and you will do exactly what the United Nations' World Health Organization tells you to do." I will never submit or comply! I do not live in fear of those who have sold their soul to Lucifer. Don't get me wrong, I am not a hero. My integrity, dignity and self-respect will not allow me to grovel to these tyrants.

Dr. Paul Alexander wrote in a sub stack article about how the U.S. government was so deeply involved in a “Depopulation” agenda,

“I think by now it should become clear that the “5th gen warfare” is not just the use of psyops and total control of social media by the FBI and CIA (that’s so last century!) It’s also not “profits over safety”, “bad FDA overlooked myocarditis” or “big pharma pays politicians for election campaigns”. We are way, way past that. I keep pointing out that if the motive were JUST PROFIT, then the most profitable strategy would have been to ship placebo. They would not be violating any laws by doing so, there would be no adverse events and deaths, the product would look perfectly cGMP compliant, while Covid would have gone away quickly by itself. Yet, the governments (plural)-pharma cartel insists on killing and injuring millions of people, obviously limiting the profit potential by doing so.

The current war is the war of the global governments (plural) that only pretend to be at odds with each other, marketing themselves as “left”, “right”, “communists”, “green”, “capitalists”, “socialists”, “populists”, “conservatives”, etc. etc. in a never ending clown show of the political theater. Behind the scenes, the “official enemies” are partners and co-investors into “joint ventures” against us, people of the world. They use taxpayers’ money to fund, develop, then “approve”, purchase and deploy prohibited bio-warfare

agents for killing and injuring their own civilian population, their own armed forces, first responders, healthcare workers, pregnant women and children. To stop this every one of us must start using correct precise language, start calling things what they really are'."

'When a **known weaponizable tech** is given a liability-free, extrajudicial status shielded from all regulations, it's not hard to put 2 and 2 together. The national security, DoD and Intelligence officials absolutely knew all of this. They went ahead and authorized a \$10 billion purchase order of this weaponizable tech from the Fosun-Pfizer-BioNTech

enterprise (backed by numerous foreign governments including the Chinese), to deliver and deploy it onto Americans, **during the time of war.**

Dr. Lee Merritt was discussing how mRNA Vaccines killed animals during testing and how MRNA Vaccines could be used to kill millions of people by first injecting people with the So Called Vaccine and then... releasing a counterpart even years later to be killed at will - She calls this a Binary Poison (as it's in two parts); we have never made it with this type of mRNA vaccine for this type of virus

Dr. Alexander pointed out we have no idea today what is in the vaccine, none! Could we as a nation, a globe been set up with a binary weapon, where we got the shot, and then some point in the future, they release the virus (similar) and we have catastrophic massive antibody-dependent enhancement (ADE) of infection and disease. Could this happen? Neither you nor I have any idea what is in the shot. These beasts at Moderna and Pfizer, etc. could have pre-programmed the shots and have so many poison pills in it. That they can turn on with a release of a pathogen in the future. In short, they may have killed millions already, that the vaccinated are 'walking dead', vaccinated now and there is pre-programmed death????

So when Dr. Fauci states that *“there will absolutely be an outbreak of another pandemic.”* He then suggests it could be *“next year”* or it could be in our *“grandchildren’s lifetimes.”* I was reflecting this morning on a video from the evening before. Dr. Lee Merritt and Dr. Paul Alexander comments as more than two years ago I recognized the possibility of doing something along the line of a “binary weapon”. It could be activated by frequency modulation, which Attorney Todd Callender noted in 2022. A single vile of vaxx could contain an infinite number of pathogens timed to activate randomly or specifically keyed to specific frequencies of wireless energy.

Attorney Todd Callender has been representing 400,000 active duty, reserve and National Guard military personnel and veterans in a legal suit against the Pentagon DoD mandate. As a result of that relationship, whistleblowers inside the military had informed Attorney Callender of classified leaks confirming that the Vaxxes are pre-loaded with several other pathogens including HIV1, SARS2, Ebola, Marburg, and E-Coli. These walking “bomblets” as they are described will rupture at a future unknown time once activated by **5G** Wi-Fi EMF/EMR at the 18-GHz frequency and at an interval of three times spaced one minute apart. No one will be the wiser when the “switch us thrown!”

The specific 18-GHz frequency will cause the nanoparticles to boil and rupture, thus releasing their “kill shot” pathogens into those already vaxxed with the mandatory vaxxes. Attorney Callender pointed out that after the House of Representatives threatened to block passage of the military budget if the mandate was not withdrawn; that it was a toothless gesture, since all military personnel are mandated to take a yearly flu shot. Attorney Callender has stated that all injectable medicines now contain the mRNA spike protein that will wear down the human immune system.

When the “switch is thrown” at an unknown date on sufficient **5G** roll out, the die-off will appear naturally and begin to exponentially explode with no warning on what is about to happen. Death and illness will unleash the panic of the vaxxed!

As of early April, 2023, there are 132,000 **5G** base stations around the world. The last time I checked a little more than a year ago there were 85,000 facilities worldwide. The role out of **5G** has been unaffected by the hoaxed Covid virus that is really a “bioweapon” being used as a feint distraction from the larger asymmetrical steps of war. The definition of a “feint”: is a mock attack or deceptive movement that you make to distract or confuse an opponent. A feint is used in sports like football or basketball; however, but its greatest use is found in war time on the battlefield!

Even with 80% of the world’s population being vaxxed to this point in time, there is no way of telling how many or how few received either a placebo or none of the nano-particles that have been found by scientists. Former CIA Dr. Joseph Diordano is on record by saying you can create so much havoc and confusion by poisoning a small group here and there over an entire city, or state, or country. Like what the military insiders have leaked to Attorney Todd Callender the victims’ distribution is or could be so randomly selected to cause no alarm throughout the general population. In the U.S. we know that at least **269,965,210** people or **81%** of the population have received at least one dose. Overall, **230,368,815** people or **69%** of the population are considered fully vaccinated.

The element of **5G** EMF/EMR wireless energy remains elusive to most of the world and becomes like a snake in the grass ready to strike its unsuspecting victims.

Do Not Vaccinate Cartoon from 1892. Even back then they knew it was poison.
