

If there is a real “Shock and Awe” October Surprise this year, it will most likely be this.

Posted on October 22, 2022 by State of the Nation

SOTN Editor’s Note: Never in U.S. political history has a sitting POTUS (Imposter) and his illegitimately ruling party ever been so desperate to keep their ‘voter-given’ power. In point of fact, the Democrat’s future claim to any majority in Congress is now in such jeopardy that the DNC election thieves will likely do whatever is necessary to steal every election in sight on November 8th. What that really means is that Biden’s well-oiled “Election Theft Cartel” will do what Democrats always do when they must win at all costs—WAG THE DOG. Hence, there is no other place on Earth today like the Ukraine where Team Biden can not only wag the dog to sufficiently shock and awe the American electorate; they evidently have plans for a nuclear “wag the dog” psyop. (See: [Will the Khazarian Cabal carry out a false flag nuclear attack in Ukraine to blame on Russia in order to start WW3?](#)) Also see the following prescient analysis which both dovetails with and details further the same extremely reckless and brazen “wag the dog” scheme.

Devil’s Playground Ukraine Is Crime Cabal’s Last Stand, Resorting to False Flag to Blame Putin for Nukes

Joachim Hagopian

Lately much of the mainstream media focus is emphasizing how the reckless madman from Russia is willing to go nuclear. The Wednesday October 19th headline from the notorious United Kingdom's [Daily Mail](#) reads, "Weak' Vladimir Putin is turning to 'deeply irresponsible' nuclear rhetoric because he has 'few options left,' says British Chief of the Defense Staff." And on Tuesday October 18th a headline from [The Sun](#): "Fears Mad Vlad on brink of detonating nuke over Black Sea in show of force as Defense Secretary scrambles to Washington." This is predictive programming propaganda imminently prepping the world for World War III.

These alarmist disinfo lies are put out exactly at the time the British Defense Minister Ben Wallace suddenly canceled his scheduled Tuesday appearance before the House of Commons Defense Committee in order to attend in person emergency meetings at the Pentagon and White House with U.S. Secretary of Defense Lloyd Austin, who I supervised a half century ago when he was a freshman at West Point. Austin proves the old West Point saying is wrong, "to be a good leader, one must first learn to be a good follower." It's more accurate to say once an ass-kissing order-follower, always an ass-kissing order-follower.

Little Lloyd ended up the typical fat cat bureaucrat politician general, in the same mold as former CIA director General [David Petraeus](#), who typically punch their ticket brown-nosing their way to the top. For three years I was in the same First Regiment as Petraeus and beat his future [father-in-law](#) and NATO commander in a federal court of law – West Point Superintendent General William [Knowlton](#) – for failure to allow the constitutional Fifth Amendment right to [due process](#), becoming the [first cadet](#) ever to successfully, legally challenge an unjust West Point system after 170 years in existence.

[Gen. Petraeus](#) regularly makes the rounds as a favorite CIA controlled mainstream media talking head, verbalizing how certain he is that Putin is growing "desperate," "losing" the war and that his failures are "irreversible" in the face of fighting a superior Ukrainian fighting force, and how the US will destroy Putin's army with nukes if the "Mad Vlad" dares to use a tactical nuke, something Ukraine has demonstrated it's guilty of using already. Again, Ukraine and the US are always falsely accusing the enemy of the same crimes that they commit. An October 2nd [Newsweek](#) article quotes the ex-CIA director Petraeus:

Ukrainian President [Volodymyr Zelensky](#) and the Ukrainian army 'have mobilized vastly better than Russia' and 'recruited, trained, equipped, organized and employed forces incomparably better than Russia has.'

Former FBI counterterrorism taskforce expert [Hal Turner](#) wrote that the fact that UK Defense Minister Ben Wallace had to fly all the way to DC rather than simply use "secure communications," strongly suggests that:

The subject matter is actual nuclear war and they don't want comms intercepted. Armed Forces Minister James Heappey said Mr. Wallace was meeting with his US counterpart for **'the sort of conversations that [are] beyond belief really, the fact we are at a time when these sorts of conversations are necessary.'** A defense source said: 'The Defense Secretary is in Washington DC to discuss shared security concerns, including Ukraine. He will be visiting his counterpart at the Pentagon and senior figures at the White House.'

The powers-that-be are purposely sending the message to the masses that [5 of our near 8](#) billion people on this planet could easily be fried in nuclear radiation fallout as hapless, fated victims of World War III, all because of today's [Hitler](#) – Vladimir Putin. They want us terrified that we've reached the end – [Code Red Def Con 1](#) status, and that nuclear holocaust is imminent. As long as the elites' deceitfully wage war for our mind, manipulating and instilling in us feelings of doom and gloom defeatism and utter sense of powerlessness, the controllers have us exactly where they want us, their power literally feeding off our negativity and fears while the fearful are more easily led obediently straight to the slaughterhouse.

[Reuters](#) top world news story on Tuesday October 18th was:

Russian missiles crashed into infrastructure targets across Ukraine in what looks like a deliberate campaign to destroy electricity and water facilities before winter.

After back-to-back weeks of terrorism committed by the US and Ukraine, explosions on the Nord Stream pipelines and Kerch Bridge, Vladimir Putin is completing his troop mobilization by the end of October and will likely be launching multiple offensives beginning in November to chew up what's left of the Ukrainian armed forces. During the cold winter months manpower attrition will likely deliver victory for Russia and regime change in Kiev. But to attempt to thwart this inevitable outcome, the West is likely to plunge us into a nuclear world war through a false flag incident that will attempt to blame Putin for using a tactical nuke and trigger the larger nuclear war in Europe with US and NATO fighting Russia. This dangerous calamity would also offer Biden the excuse to declare an international emergency that cancels the November 8th election.

Another top news story this week is that Liz Truss resigned her post as UK prime minister on Thursday October 20th, after merely 44 days in office, the shortest PM stint in all of British history. She will remain prime minister for one more week while another British election is held. Despite her apologies, Liz Truss continued to flounder and was hated for 44 days. Last month on September 5th, she went from the warmongering UK Foreign Secretary to the next day as new UK leader replacing reject Boris Johnson's sorry-ass on September 6th, 2022. Truss' poor leadership skills completely backfired with zero trust from her British citizens. From the outset, her record low ratings, similar to her braindead counterpart imposter across the pond, signify the cabal's political puppets will be falling in large numbers worldwide.

As soon as Truss' "mini-budget" bust was announced, wreaking serious havoc on UK's financial house of cards financial market, she hadn't been in office for a month when

queen knighted former British intelligence officer Colonel Philip Ingram MBE told the press that Truss had already committed the cardinal sin of violating a “[phenomenal security breach](#).” Though Truss’ reported breach of security was along similar lines as Hillary allowing public access to her tons of classified email documents, Liz Truss is alleged to have mistakenly made her encrypted personal phone number available to the public, along with 25 phone numbers belonging to key cabinet members, including her Chancellor Kwasi Kwarteng, who became the first domino to be sacked last Friday October 14th after their scandalous budget announcement shook UK’s already shaky economy, tumbling Liz into no-confidence quagmire.

Their £45 billion tax cut package for the rich off the backs of the working class went over like a lead balloon. Chastised by the International Monetary Fund, dropping her approval ratings even more and charged with destroying the credibility of her Conservative Party, she fired Kwarteng and hired [Jeremy Hunt](#), who in effect has been strutting about all weeklong as acting prime minister, having scrapped her entire budget in efforts to restore market confidence and party credibility. This WEF groomed wench is an affront to the struggling global masses. On top of that, she selected only her cronies as her cabinet members rather than on merit, and her free fall was rapid and unrelenting, forced to humiliatingly let go of several of her closest allies this week until she had to off herself yesterday. Feigned apologies won’t do, tax axe cutter for the rich Ms. Lizzie Bordon of Britain. Her downfall of course is also a rebuke of Klaus Schwab, the Rothschild’s and their Nazi fascist globalist takeover.

On February 6th, 2022, media tycoon Rupert Murdoch’s pulp [The Sun](#) ran a juicy sensationalized very revealing article “exposing” the Russian plot just 18 days prior to Putin’s February 24th intervention in Ukraine. The piece reported that a staged false flag in-the-making was stopped that was designed to ostensibly blame the Kiev government in the supposed fake video that surfaced displaying a would-be Ukrainian saboteur preparing a dirty bomb containing radioactive material. This kind of dangerous false propaganda on the eve of Putin’s Special Military Operation in Ukraine, spews forth to the world by the likes of the [papal knighted](#) non-Catholic Jew Rupert Murdoch, while an impending joint invasion by Ukraine-US/NATO into the Donbas region was about to be launched to further engage in ethnic purging, adding to the 14,000 death toll of ethnic Russians killed between 2014 and February 24th, 2022. Though portrayed as an exposed failed false flag attempt, evidence is mounting that Ukraine actually does possess and apparently has even set off [tactical nukes](#) already in the Donetsk People’s Republic. And now the chances are high that we will witness yet another false flag where Ukraine pretending to be the Russian military is likely to launch a nuclear strike. The latest incident reported during a round table Russian media discussion this week reveals one of the commentators disclosing that a Ukraine nuclear bomb threat is reported in [Mykolaiv](#) in the Kherson region to be used as a deceptive US excuse to drop nukes on Russia.

[Speculation](#) is now in overdrive by many geopolitical analysts and independent journalists, myself among them who maintain that the international crime cabal is very likely planning to execute within the next few days a false flag or series of catastrophic

false flag events just prior to the US November 8th midterm election. Rumors based on growing credible evidence are circulating widely on the internet, very concerned that a tactical nuke might be detonated in either Ukraine or somewhere in Europe, of course to falsely blame the Russians. On Thursday October 20th the [New York Post](#) on behalf of the CIA just posted an article claiming that Russia is planning a “false flag’ attack on Kherson dam ahead of battle for the region.” The Russian appointed Kherson governor recorded a video earlier this week stating that Ukraine is “planning to destroy the Nova Kakhovka power station ahead of a ‘large-scale offensive.’ In anticipation of the dam being destroyed and upcoming offensive in Kherson, a week ago on October 14th, [Russian officials](#) urged residents in the region to evacuate immediately, promising them free accommodation in nearby other areas in Russia.

It’s the oldest Khazarian mafia trick in its M.O. playbook, always project onto targeted enemies; whatever crimes the mafia is guilty of committing. The false flag(s) would constitute the incendiary explosion designed to both trigger a hot nuclear World War III used to justify an international emergency as the ruling cabal’s convenient excuse to cancel the US election and permit the illegit imposter Biden regime occupied by Marxist leftist woke totalitarian Democrat Party as neocon Zionist traitors to remain in power to finish the job of totally destroying America from within as the final obstacle to creating their fascist one world government tyranny.

There’s also some degree of speculation that Liz Truss’s political downfall really resulted from a much larger breach of security than the one mentioned about her leaked phone number. A month ago on September 20th, Truss controversially met French President [Emmanuel Macron](#), who Boris Johnson had locked horns with over a French submarine deal gone bad last year. After an agreement with France to construct conventional diesel-powered subs for Australia, the Aussies suddenly cut another deal. A year ago in September 2021, it was announced that Australia had scrapped its French deal in favor of a newly signed US-UK nuclear submarine contract. Despite ambivalence about meeting Macron, making earlier comments about not knowing whether Macron was a friend or foe,” afterwards Truss and Macron were all chummy, separately quoted saying they have moved on as “friends” and allies while she demonized Putin as their common enemy.

Truss and Macron met a second time within a month earlier on October 6th in Prague where Putin in [Ukraine](#) was high on their agenda. The bottom line, Truss and [Macron](#) are both linked to the World Economic Forum. Truss has been wined and dined, groomed by Klaus Schwab in Davos. She even uses the WEF buzzword, claiming “Britain’s economy needs a reset.” During her Macron meeting, in addition to discussing Putin being a major nuclear threat, as an aside, Truss allegedly raised the contentious issue of nearly 8,000 migrants illegally crossed the Channel from France to UK in September alone after the wave of 30,000 arrived in UK during the first 8 months of 2022, already exceeding last year’s total. But then the globalists are actually behind the worldwide refugee crisis, calling it “multiculturalism,” it’s no different from the global economy collapse reframed as their Great Reset.

In any event, it's speculated that Liz Truss' actual breach of security that upset the British Establishment the most that caused her unprecedented downfall as PM is that her loose lips could easily sink the crime cabal ship. She is suspected of sharing with Macron the upcoming US-UK/City of London false flag nuke plan to blame Russia for starting WWIII. That may be what was really behind her "phenomenal breach of security" that forced her resignation. Within a few days after meeting with Truss in Prague, Macron was suddenly sounding off making extremely bizarre statement accusing Putin, of all people, of provoking last month's Azeri attack on Armenia. The last thing Putin would ever want or need is having yet another hotspot war on the Russia's doorstep between two Russian allies, especially right now with his contested Ukraine military operation. Yet if Truss told Macron of the coming false flag blaming Putin for recklessly using a nuclear weapon in Ukraine, it then makes perfect sense why Macron would carry on this way, trying to paint Putin as the demon trying to create World War III using nukes to do it.

The cabal, now commonly referred to as the Zionist [Khazarian mafia](#), consists of the Rothschild central banking cartel along with conspired NWO partnership with the infamous Rockefeller clan, the royal black nobility bloodlines of Europe among other lesser known [Illuminati bloodlines](#) hidden behind powerful occult [secret societies](#) that for centuries have been operating as planetary [overlords](#) backing and creating both sides to every major war, economic depression, every major pandemic outbreak, including the fake Coronavirus and its genocidal kill shot holocaust. The Luciferian power points on earth are the City of London (home of the Rothschild banking cartel), the Vatican (religious controller and pedo-network kingpin linked to aristocratic bloodlines) and Washington DC (i.e., "America, Inc." misused for well over a century as the world bully battering ram for military and economic conquest and unipolar hegemony along with the fiat money controller the Federal Reserve, as Rothschild's central banking cartel embedded in America), NYC's United Nations (template for one world governance), the rigged theft by Wall Street and its Federal Reserve branch, and finally, Brussels' NATO and European Union headquarters. These are all puppet institutions controlled completely by said bloodline overlords.

With Ukraine the current epicenter for [WWIII](#), it also has long been a hi-octane revenue source for the cabal's unchecked, thriving organized crime industry. An out-of-control black budget illegally laundering trillions of dollars annually for the crime cabal is generated from worldwide trafficking of child sex slaves/young women, illegal [and legal] drugs, illegal [and legal] arms and harvested human organs. With the cabal's dozens of bioweapon labs funded by the US Department of Defense located throughout Ukraine having the grimy pedo-Biden crime family fingerprints all over them, and with Coronavirus Ukraine bio labs linked to the Wuhan Virology Institute, which until Putin's Special Military [clean-up] Operation this year, have been an integral part of the mafia's global capital raised from organized crime as the elite's devil's [playground](#) in Ukraine. The Biden family [compound](#) so close to the sex trafficking port Mariupol was raided during predawn hours on January 1st, 2021, confiscating suitcases filled with cash as well as underground tunnels beneath the compound that included evidence of both child sex and heroin trafficking. Of course, [combat zones](#) create large displaced populations

opportunistically preyed upon by sex traffickers that abduct or buy [missing children](#) and despicably exploited to supply child sex slaves to the worldwide trafficking network. My five volume book series [Pedophilia & Empire: Satan, Sodomy and the Deep State](#) exposes this earthly scourge wide open in full sourced detail like no other, including a [chapter](#) on Ukraine and Eastern Europe.

With the aforementioned ruling elite's dirty money generating trillions of dollars suddenly cut off by interloper Putin, the international criminal cabal is being neutered, forced into bankruptcy now. With virtually all the [largest central banks](#) currently [insolvent](#) and death of the fiat U.S. dollar as reserve international currency, the global economic collapse is the cabal's Great Reset now upon us. As the cabal becomes more fully exposed for its worldwide crimes against children and humanity, in response, the death cult stranglehold grip grows tighter as Rothschild Khazarian mafia's last-ditch, desperation attempt grasping at straws to retain its absolute power and control, by the day now slipping away.

Having overreached with Covid-19, the elite is in full swing executing its long plotted genocidal depopulation scheme that cabal frontmen Klaus Schwab and [King Charles III](#) affectionately dubbed their "Great Reset." Their unprecedented perfect storm of deliberately engineered nonstop destabilizing crises converging to implode for maximum effect all at once – the fuse is lit igniting their Armageddon [endgame](#) countdown. Russia and its strategic allied partners [China](#) and Iran are emerging as a multipolar coalition alternative to defeat the centralized bloodline ruled [West](#). At the same time, millions more are dying from their concocted bioweapon poisons, famine and mass starvation are grabbing hold, combined with widespread growing poverty and impoverishment, freezing to death in northern climates during the upcoming long Dark Winter as the mass murderers usher in their global food and energy shortages behind more of their fake climate change/green agenda. Meanwhile, implementation of their World Bank Digital Currency ([WBDC](#)) that with low social credit scores for dissent and noncompliance results in frozen bank accounts amidst outlawed, abolished cash.

With so much at stake and impending disaster to thwart human progress and evolution moving forward, too much is riding on the life and death outcome to remain passive or ignorant. An evil post-apocalyptic nightmare may manifest in the not too distant future unless We the People rise up to oppose these malevolent forces. The New World Order cabal is on the ropes now, but so are we. They are working overtime in an effort to render the human species extinct, replaced by altered DNA, graphene nanoparticle hydrogel filled, electrical conducting [transhuman machines](#), activated by **5G** AI mind control quantum computers. The tools of enslavement are designed and weaponized to drastically reduce humans to a robotic hybrid species, owning nothing with no mind left to be happy, trapped in permanent Satanic dystopian prison planet. We are only months away according to their endgame agenda with an ever-narrowing window to rise up as a unified human species armed with the truth to overcome and defeat these demonic subhuman creatures that have ruled over the divided and conquered earth for far too long.

After the military, Joachim earned a master's degree in Clinical Psychology and worked as a licensed therapist in the mental health field with abused youth and adolescents for more than a quarter century.
