## John F. Kennedy: The "Scarlet Pimpernel" of the 20th Century

---

### When Alleged Affairs With Women Were Actually Affairs Of State

#### [State of the Nation](#)

**Scarlet Pimpernel Defined:** "Sir Percy Blakeney, baronet and knight, is the main character of Baroness Orczy's famous novel, The Scarlet Pimpernel. Normally, he is considered to be the most foppish man in London, but also the wealthiest. Best friend to the Prince of Wales, Percy is often the talk of London society for his comical bantering and amazing clothes. However, unknown to nearly everyone, Percy is also the elusive **Scarlet Pimpernel**, a hero who rescues French Aristocrats from death in Revolutionary France. With a band of 19 young men to aid him, he uses his histrionic skill to trick the agents of the French Republic time and time again!" (Per [www.blakeneymanor.com](http://www.blakeneymanor.com))

Difficult though it may be to apprehend or believe, the real story (posted below) behind the MSM-dictated narrative that humanity has been fed for nearly 60 years regarding President John F. Kennedy (JFK) is quite true and authoritatively verified.

This very delicate matter concerns just one facet of the true history underpinning the life and continuing saga of "Jack Kennedy". The focus of this exposé is the annual and very deliberate placement of articles and videos throughout the mainstream media (MSM), which are purposefully designed to undermine the JFK's legacy. The **Khazarian Mafia** has methodically done this via 'selected sordid stories' about Kennedy's personal life during his presidency.

However, what could not be revealed then, for quite obvious reasons, is now being disclosed and made public for all to hear. Bear in mind that what you are about to read also constitutes a big piece of what is well-known as the "Kennedy curse". For many Kennedy family members are well aware of JFK's counter psyop but they are all strictly forbidden from speaking about this raw truth on pain of death. Hence, each Kennedy has been forced to remain silent in the face of many a slanderous allegation and libelous accusation.

### **The Ongoing CIA-Directed Smear Campaign Conducted by the MSM**

In American society, it's quite well known that the most effective way to bring down a politician, a corporate tycoon, a famous athlete or movie star, etc. is to smear them with alleged sex crimes or lurid sexual accusations or both. John F. Kennedy has been such a victim for over almost 60 years, although he knew — exactly — why this must be the case. It was, in point of fact, the only way that he could carry out some of his most important work as POTUS.

What is being clarified here is the little matter as to why JFK has been subjected to 60 years of constant character assassination by way of alleged sexual indiscretions and assorted affairs. Clearly, the many women with whom he liaised had much more in their portfolios than physical beauty and sexual allure, designer clothes and French perfumes.

Upon closer examination of their backgrounds, including Marilyn Monroe's, one will find all sorts of interesting skill sets, knowledge bases, professional experiences, secret affiliations, etc. That because JFK's affairs were, in reality, affairs of state, and some of them especially concerned the very survival of the American Republic.

Marilyn Monroe's relationship with both JFK and RFK were the subject of much rumor and speculation. The true nature of these relationships, especially her interaction as "Masha" with the KGB, proved to be of great help to the Kennedys, particularly in opening up critical channels of information with the Soviet Union prior to and during the resolution of the Cuban Missile Crisis. Marilyn Monroe was assassinated on August 5 by the C.I.A. over 2 months before the worst phase of the crisis occurred in October of 1962.[1]

---

**JFK knew that he was the most closely monitored president in US history up to that point in time. He was not unaware of the massive and sophisticated spying capabilities of the CIA, NSA, FBI, and DIA (which was inaugurated during his presidency). Clueless about the USA's national security and spying apparatus, JFK was not!**

**JFK's father, Joseph P. Kennedy, served as the U.S. Ambassador to Great Britain and was well schooled in the ways of Anglo-American espionage, state of the art surveillance and the use of "honey pots". Therefore, JFK thoroughly understood that his EVERY move was being watched — 24/7 — throughout every single hour of his presidency.**

**Being the most watched person in America, does anyone really think he would even attempt to "stray from the Catholic reservation" for the purpose of having whimsical sexual liaisons?**

---

What is being revealed here is that all of the women with whom JFK actually met with presented his only opportunities to break out of the cage that his White

House controllers had put him in. With these 'liaisons' he was able to receive and give vital and/or classified and/or top secret information which could not be disseminated in any other way. Given this manner of stealthy operation, TPTB (read: **Khazarian Mafia**) knew that JFK could not be controlled and, therefore, he had to go.

But why is the smearing of Kennedy's reputation still so relentless? Most of us know that the victors have the privilege of always writing, or rather re-writing, history in order to promote and further their nefarious agenda(s). In this regard, there was no better way for JFK's enemies to profoundly undermine his true legacy. Since he is no longer here to defend himself, really, anything goes as we all see the fabricated stories getting wilder and more farfetched with each passing year about his so-called presidential trysts.

As a modern day Scarlet Pimpernel[1], JFK clearly knew that he had to sacrifice his personal reputation, family name, political ambition, financial goals, public legacy — and very life — in order to take back the country from those who continue to rape, pillage and plunder it—the ever-treacherous **Khazarian Cabal**.

### **Conclusion**

President John F. Kennedy, similar to Percy Blakeney who was the most popular and charismatic man in England in the novel **THE SCARLET PIMPERNEL**, knew he had his work cut out for him. How else could JFK subvert the presidential prison which he was subjected to in the White House, except to feign liaisons with the very women who would serve as his vital messengers. These very messengers were instrumental for ensuring that JFK's secret agenda was executed in some of the most serious matters of state.

The Cuban Missile Crisis and Bay of Pigs were only two of the various crises which occurred on JFK's watch which were extremely demanding and intentionally manufactured by the Khazarian Cabal. Were it not for incessant backchannel negotiations directly with Nikita Khrushchev himself through Kennedy's surrogates (e.g. Marilyn Monroe as Masha), the Cuban Missile Crisis may very well have escalated much further as the TPTB had originally intended. In fact, there were those who were loyal to the clandestine White House criminal cabal that attempted to control JFK's every move, even as they tried to thwart JFK at every turn of the Cuban Missile Crisis. Thus, JFK's successful use of female proxies provides yet another reason why the adroit resolution of Cuban Missile Crisis was seen by many as a modern-day miracle.

Extricating the USA from the ravages of the Viet Nam War also weighed heavily on JFK, having been first duped by the MIC warmongers to expand it. He felt tremendously betrayed by his generals, national security advisors, and especially the CIA. JFK was willing to assume any role (read: Scarlet Pimpernel) in order to leave a legacy of peace and prosperity, reconciliation and brotherhood. It mattered not to him how his reputation would suffer, as it has repeatedly for the past sixty years under the cloud of lewd and salacious MSM innuendo.
