Fmr. Trump Intel Chief Says Evidence for 'Multiple' Indictments in Durham's Trump-Russia Probe

Who is the real Hillary Clinton? Hard to tell from these pictures. She has been cloned at least 9 times that we know of and lots of doubles & look a likes. Actors...CGI...old footage you name it...they use it all. Here is an example of the fraud right under your nose. Hope they have good finger prints on file of this Cretan when she is booked!

Then-Director of National Intelligence John Ratcliffe speaks at a press conference Oct. 21, 2020.

FEBRUARY 14, 2022 RYAN MORGAN

John Ratcliffe, who served as the Director of National Intelligence (DNI) under President Donald Trump, believes there's evidence to support indictments against "multiple people" who promoted false claims Trump colluded with Russia in the 2016 election.

In an interview on Fox News' "America's Newsroom," Ratcliffe said he expects Special Counsel John Durham to bring "quite a few more indictments" in his investigation into the origins of the Trump-Russia collusion claims.

Ratcliffe's comments came days after Durham alleged in a new court filing related to his ongoing prosecution of Michael Sussman — a lawyer for then-Democrat candidate Hillary Clinton's campaign — that Sussman and an unnamed tech executive worked to infiltrate Trump's servers in an effort to establish an "inference" and "narrative" connecting Trump to the Russian government.

Durham's filing Friday, describes an alleged effort by Sussman and a tech executive, referred to in documents as "Tech Executive 1," to access private and proprietary Internet data to give government agencies the impression of a "covert communications channel" between the Trump organization and Russia.

In particular, Durham alleged Sussman and Tech Executive 1 worked with a U.S. university that already had access to large amounts of Internet data as part of a pending federal government cybersecurity research contract, including non-public Internet data. Durham further alleged Sussman compiled data appearing to show domain name system (DNS) traffic from Trump IP addresses to what Sussman described as a "rare" Russian mobile phone service. Durham said while Sussman characterized the Internet activity between the Trump organization and the Russian phone service as "suspicious," Sussman omitted that more than 3 million U.S.-based DNS lookups for the Russian phone service had occurred between 2014 and 2017, fewer than 1,000 of which came from IP addresses linked to Trump Tower.

"What John Durham's pleading talks about was Hillary Clinton's lawyer, Michael Sussman, took this information from the tech executive and pitched it to the FBI as evidence of Trump-Russia connections that simply weren't true and that the lawyer . . . and the tech executive knew not to be true," Ratcliffe said.

In addition to Sussman, Durham has indicted FBI lawyer Kevin Clinesmith, on a charge of altering an email which was then used to request an extension of a secret government surveillance warrant against the Trump campaign. Clinesmith pled guilty to the charge.

Durham has also indicted Igor Danchenko, a major source of allegations in an anti-Trump dossier prepared by Christopher Steele. Danchenko was charged with lying to the FBI about the source of his information, which ended up in the Steele dossier.

During the interview, Ratcliffe did not specify who else he thought Durham would bring indictments against, but referred back to a set of 2016 notes he declassified in September of 2020, belonging to former CIA director John Brennan. Ratcliffe said Brennan's notes detailed a "Hillary Clinton campaign plan to create fake Russia collusion allegations or a scandal involving Donald Trump."

Ratcliffe said "anyone that was aware that this campaign plan was going to be falsely pitched to the FBI or the CIA or law enforcement or intelligence authorities, would be subject to criminal prosecution for any number of crimes, mail fraud, wire fraud, lying under oath, in congressional testimony, false testimony to prosecutors, all of those things. So it could go broadly and deeply."

THOUSANDS of her documents are now in the hands of our enemies. Hillary refused to use government secured servers for her communications as secretary of state and illegally used a private unsecured email server located at her home subject to hacker access. All done to prevent the government from auditing her activities in a "Pay-to-Play" Scheme using the Clinton Foundation for the "PAY" part in selling her State Department Decisions and Favors "PLAY" part. Many top-secret communications regarding National Secrets were open to hacking and several foreign hackers are known to have had long-term access for up to a year. Investigator General for STATE found she never received approval and violated record keeping laws. + Hillary left STATE without turning over her communications and after prodding returned 4% of her correspondence + After more investigation she finally turned over years later around 30,000 emails and deleted 30,000 illegally, destruction of government secrets and property, from the server. Bring Back the Nuremberg Trials and do it Publicly

By [Dave Daubenmire](#) | February 17th, 2022

Coach Dave Daubenmire

I just got locked up in Facebook jail for saying that Hillary should hang. I've spent more time in jail than her.

Hillary Clinton is a traitor. Now that the evidence clearly shows that's why we're not permitted to demand the law be followed?

But she is not alone. I hope they have built an industrial grade group of gallows in Gitmo.

America has become a third world country when it comes to our government. There cannot be a more corrupt group of politicians in the world than the one's we see "serving" us in Washington D. C.

Many of them should be jailed. A whole cadre of miscreants have turned America into a Banana Republic. It is obvious now. Our "public servants" have been serving themselves.

I grew up in an age when we used to laugh at the media in Moscow. Y'all remember the PRAVDA jokes because everyone outside of Russia could see that they were simply promoting the corrupt government message.

“Those poor Russian people are so deceived. Why can’t they see that their leadership is lying to them?” Those were the types of words we used when we discussed what was going on behind the Iron Curtain.

Well, the joke is on us. Joe American is the biggest fool the world has ever seen. We are slowly waking up to the fact that we have been trapped in our own Lying Curtain.

Yep, Hillary and a whole host of others should be jailed.

Treason is punishable by death. Sadly, we no longer have the stomach for harsh justice. Hillary and her Luciferian cohorts know that. They are counting on the soft under-belly of Christianity to offer them grace.

Well, I want JUSTICE. The Bible teaches us that “Mercy follows justice”, and I believe that the Mercy of Jesus Christ is available to us all...but Justice comes before Mercy. Without justice there can be no mercy.

Treason is defined as *“Whoever, owing allegiance to the United States, levies war against them or adheres to their enemies, giving them aid and comfort within the United States or elsewhere, is guilty of treason and **shall suffer death**, or shall be imprisoned not less than five years and fined under this title but not less than \$10,000; and shall be incapable of holding any office under the United States.”*

What could be more treasonous than spying on the President of the United States? Do you have any understanding of the damage Hillary Clinton has done to our Republic? What if Putin had done what she did? Joe Biden is President because Hillary’s fake Russiagate overthrew the Trump administration. That, my friends, is treasonous.

Who else knew about it? Who else took part in the undermining and eventual overthrow of the US Government? Who helped her? Who covered for her? Who looked the other way?

I bet this GANG OF 8 knew.

Looking the other way is a crime as well. It is called Misprison of treason.

*“Whoever, owing allegiance to the United States and having **knowledge of the commission of any treason against them, conceals and does not, as soon as may be, disclose and make known** the same to the President or to some judge of the United States, or to the governor or to some judge or justice of a particular State, is guilty of misprison of treason and shall be fined under this title or imprisoned not more than seven years, or both.”*

Who knew? Comey? Clapper? Biden? Obama? McConnell? Pelosi? Ryan? Barr? The list is endless. A cabal of accomplices on both sides of the aisle were complicit or

negligent by their silence and cooperation. Silence is compliance. God only knows how many others knew what was going on.

Our Republic stands in the valley of decision. A valley so deep that the very survival of this nation dangles over the abyss.

Spying on a sitting President. Let that sink in. Nixon was a piker.

The United States of America is under siege. We are being defeated from within. Even our **police departments** defend the power of the corrupt government rather than the rights of the people. Look at what is going on in Canada. Cops stealing the truckers diesel fuel so they won't be able to keep warm. Loyal to a dictator Justin Trudeau for a paycheck.

"People need to be held accountable." I hear that crap all of the time. Lady Justice is supposed to be blind but she obviously has her foot on the scales. They spied on the President and rigged an election. Our liberty is slipping through our fingers.

Do you really think that *"the corrupt government"* will hold *"the corrupt government"* accountable?

It all ties together.

Bring back the Nuremberg trials and do it publicly.

Message to the FBI and the Secret Service. I'm not planning any vigilante justice. I make no threats to Hillary and her cohorts. I am simply asking that YOU follow YOUR oath and protect us from ALL enemies...especially the DOMESTIC ones.

I believe in the rule of law. I believe in honest, God-ordained government. The act of treason is punishable by death. I simply call for justice.

Dave Daubenmire is a veteran 35 year high school football coach who was spurred to action when attacked and sued by the ACLU in the late 1990s for praying with his high school football team. After a two year battle for his 1st amendment rights, the ACLU relented and offered coach an out of court settlement. Challenging the "church of the Status Quo", Pass The Salt Ministries is calling Christians to wake up and engage the culture. By taking the fight to the enemy, Coach Daubenmire has become a recognizable voice in the media as he is an unashamed, articulate, apologist for the

Christian worldview. A popular, high-energy speaker, Coach Daubenmire's motivational lectures, laced with powerful and relevant Scripture, is challenging Americans all across the country. **E**Mail: coach@ptsalt.com **W**eb: <http://saltandlightbrigade.org> **W**eb: www.CoachDaveLive.com
