

Military Arrests Bill Gates

By Michael Baxter August 21, 2021

The information in this story was first revealed on 'Real Raw News' August 21, 2021; however, there had been rumors and other reports to the same effects of this report about Microsoft founder Bill Gates. I recently tried to download the story and save it to my hard drive but my censor blocked me from saving it.

Bill Gates was interviewed on PBS in the past few weeks and although I did not see the program, it was noted that he was tense when asked about his ties to Jeffrey Epstein, and showed anxiety in his behavior. My issue came about in this story is that we had been told Bill Gates was staying in the background and avoiding too much publicity over recent public concern and displeasure with his ideas about people should live. I am unable to corroborate the essence of the report by 'Real Raw News'. The report sounds credible, and the history of Bill Gates as a sexual pervert goes back decades. He was arrested as a teenager with a minor in the back of a car in New Mexico in December of 1977. (picture on next page). The mug shot is unlikely for driving without a license as some have tried to claim.

Ben Fulford, a Canadian journalist living in Japan has stated, *"Now, look at what is in store for mass murderer Bill Gates and his fellow medical cartel criminals. Here is a famous mug shot of Bill Gates when he was arrested in his younger years. The official story is that he was arrested for a traffic violation. However, CIA sources say the real charge was related to Gates being found in his car with an underage boy in a compromising position in the back seat. Remember this news item about a man being arrested on the Bill Gates estate for kiddie porn? CIA sources say he was in reality*

trying to eliminate incriminating evidence against Gates. They now say Gates was also involved in torturing and killing young children in order to harvest adrenochrome.”

Adrenochrome is harvested from the blood of children, considered an elixir for youth. It is sold on the open market in California at prices as much as \$8K a pint. It's reported to be the cause of the “blackeye” club. Its importance seems to be linked to the method used to enhance it and then extract it. As the authors of this article suggests, Bill Gates was himself a pedophile and even worse.

Although not officially an organization at all, the “Black Eye” club refers to a growing number of politicians, celebrities, business elites, and heads of State who have suddenly and mysteriously wound up with black eyes. Although a few of them have sustained injuries to their right eye, the majority occur on the left. Among those who have succumbed to this affliction are George Bush, Kanye West, and Pope Francis.

But why is this current and periodic rash of Black Eyes? And why has this phenomenon disproportionately afflicted people of considerable power and influence? Even allowing for our modern 24-hour news cycle and tabloid cellphone camera culture, up until the year 2000 I can't recall any publically recognizable figures having black eyes.

It would appear that there are two main categories within the “Black Eye” Club. Those seated firmly into positions of government/politics and those in the entertainment/Hollywood. Are there others in the fields of science, and military? I'm sure there are as former Secretary of State John Kerry was photographed with the shiner! Actors, musicians, politicians, and even the Pope have all been snapped with shiners recently – sparking claims they are members of a secret society. People in the know say the shiners are the result of experimenting with Adrenochrome!

The *'Business Insider'* an Australian business newsletter has written about a Gates high level manager who had been accused of sexual harassment of female employees. Michael Larson, business manager for Cascade Investment, LCC, in 2014.

Cascade Investment was created to manage the Gates' fortune as well as the Bill & Melinda Gates Foundation endowment. The Wall Street Journal published a profile on Larson in 2014, detailing how his job was to *"make Bill Gates richer."*

The sudden rise of Bill Gates and his plans for global vaccine domination were not going unnoticed, even by many in the mainstream media. His agenda was rapidly coming to fruition as states all across the country bait the public into accepting a "new normal" where contact tracing, protective wear, and mandatory vaccination are requirements to participate in the new one world order that is unfolding before our very eyes.

Taking all of that into consideration, it was becoming clear that the new world order had arrived. And every individual will be forced to accept this implantable tech, or else be barred from participating in it. This means no job, no food, and no social interactions of any kind unless you agree to take this collective Mark of the Beast in all of its many components. I became a serious observer of Bill Gates years ago when IBM and Gates partnered up with the precursors of physical ID, and that was shortly after IBM acquired the assets, patents, technology of Digital Angel.

Bill Gates seemed to be inserting himself in many places, politically and medically, that he doesn't belong during the Coronavirus Pandemic. Many people, including myself, are wondering why a former software developer is on every news station telling the American people what is best for us and our families. He has even been announcing the steps we are going to have to follow in order to move towards reopening the economy, and making the case for a mandatory a COVID 19 test, a vaccine, and a microchip to prove we've taken them.

Who is this man, and why should we listen to him?

The media has done a fantastic job, like always, of painting this picture of Bill Gates that simply isn't true. He isn't some underdog entrepreneur who worked his way to the top, he isn't from humble beginnings. In fact, Bill Gate's parents are both from the wealthiest, most powerful families in the world. They are deeply rooted in the satanic elite as are most if not all of their associates.

So let us start from the beginning.

William H. Gates III, Or Bill Gates Jr. isn't just a guy that "invented" something and got lucky like most people believe. He was born into a family with substantial wealth and power in the 1950's. His father William Gates II was an attorney who co-founded Preston, Gates, and Ellis, a law firm that had offices across the United States and China. The family was highly involved in politics, and he associated with many elite

families we still know today. He sat on the board of Planned Parenthood and was heavily involved in the eugenics group before the Infamous Roe vs. Wade decision. He was also the face of an income tax initiative in Washington State. I think it's worth noting, that after his first wife passed he married Meme Gardner, she is fluent in Chinese and served as former director of Asian art at Yale University. Gardner was also a lifelong friend of Teresa Heinz Kerry, the wife of Senator John Kerry.

Bill Gates mother, Mary Maxwell was also born into a family with significant wealth and power. Her father was a prominent banker, and her grandfather was the director of the Seattle Branch of the Federal Reserve Bank. What a coincidence.

Bill Gates went to the prestigious and exclusive Lakeside School in the 1960's. When he first arrived he bragged to his teachers that he would be a millionaire by his late his 30's suggesting he was aware of what was in store for him. Lakeside had a computer on campus which was completely unheard of at the time. As the story goes Bill read the computer handbook and because of his extremely high IQ he taught himself how to code.

While at Lakeside, Bill Gates and Paul Allen were getting paid by huge computer corporations to find bugs in their system and write computer programs. Get this; Bill Gates is credited with making the first computer virus during this time at Lakeside School. How interesting, would you not agree? I believe it's safe to say that this was the point in Bill Gates life where he learned that by creating a problem (computer virus) he could profit from the solution (anti-virus).

Bill Gates was very intelligent, like many of the elite, and he scored a 1590/1600 on the SAT test. Harvard was eager to accept him. However he never graduated. He quit college to expand his computer business with what was, at that time, called Micro-Soft. Gates and Allen envisioned a world with a desktop computer in every home in America, and they saw their dream become reality. We know how the rest of that story goes. In 2018 Paul Allen passed away, but not before he gave the world clear insight on whom Bill Gates really is or was, depending on what this article suggests he said that "Bill was a bully" who tried to cut his share in the company while he was recovering from cancer.

Bill Gates married Melinda French in 1994, daughter of an aerospace engineer. He stepped down as CEO of Microsoft in 2019; he started the Gates Foundation which is the largest private foundation in the world, with his wife, his Father, and Billionaire Warren Buffet. The mission statement claims that guided by the belief that "every life has equal value, from poverty, to health, to education" they want to Improve quality of life for billions of people all over the world. Noble cause right?

Today Bill Gates has/had a net worth of over \$98.9 billion. It is much larger from profits made in Covid and investing in companies he benefits directly from. He's now primarily known as a philanthropist and is heavily involved in politics. He is a member of the world's most exclusive club, Bilderberg Organization; the group's mission is to be a shadow world government, threatening to take away our right to direct our own

destinies. The members of this group are part of the movement started by Gates for billionaires to give away most of their wealth to philanthropic endeavors.

Bill gained most of his wealth through Microsoft stock. In the stock market, price depreciation is not taxable until the shares are sold, so he held onto them for decades to avoid paying personal capital gains taxes. Then to completely avoid the tax altogether he donated the shares to the Gates Foundation. The alleged richest man in the world found and successfully navigated the tax loop hole for charitable organizations to increase his own already substantial wealth.

Bill Gates seemed like an alright guy, who genuinely cares about people and wants to make the world a better place. That is in large part due to the CIA's Operation Mockingbird which they have never claimed to dismantle. They simply claimed to have made the program "voluntary". The media has made Gates out to be a savior of sorts and the masses just blindly believe it, because if it's reported on the news it must be true right? WRONG.

The first thing that needs to be pointed out here is that physical/mental health and Big Pharma are two completely different things. Pharmaceutical companies create dependent patients for profit. Big Pharma and Big Oil are one and the same. Starting

with one of our satanic elite families and co-owners of the federal reserve the Rockefeller's with Standard Oil (the largest oil refinery in the world, at the time).. Keep in mind it was Bill Gates senior who mentored John D. Rockefeller Sr. who built Standard oil, and eventually the Rockefeller Foundation. These elite members of society all hide under the title of philanthropist. This organization has shaped many aspects of modern medicine.

Bill Gates' heroic persona is nothing more than a continuance of the Rockefeller Foundation and their vision of creating slaves through modern medicine. Using their tried and true method of creating problems, waiting for the reaction, then offering a solution! Bill Gates doesn't fix problems; he creates problems that he has the solution to. He doesn't cure people, he infects them. This is a college dropout, tech guy, with no medical degree. In fact he doesn't even have a medical background. If memory serves, I don't recall voting him into any office whatsoever. So I'll ask again, why are we listening to this man?

So let's discuss who Bill Gates really is aside from being a deep state pawn heavily involved with Satanic Elite. In 2013 Bill Gates flew aboard the "*Lolita Express*", the infamous pedophile Jeffrey Epstein's private jet. This was years after Jeffrey Epstein had been charged and convicted of crimes of soliciting sex from under aged girls. At this point, he was a registered sex offender and well known pedophile. When Bill Gates was asked about the nature of that trip he simply refused to respond.

In 2014, a staff member was arrested on Gate's estate for possessing more than 6,000 pornographic images of children. This man got off with a slap on the wrist, simply ordered to stay away from children and sent home.

In 2015, Bill Gates gave a TED Talk where he declared that a Coronavirus like disease was going to come upon us, but never fear, he has all the answers as to what is going to save us all. In this TED Talk he also calls Ebola a naturally occurring virus. That's funny, such a brilliant man who makes billions of dollars each year creating and extinguishing viruses doesn't know the difference between man-made viruses and naturally occurring virus? I find that hard to believe. Any sane person knows that anything with a patent is man-made, viruses are no different.

Interesting side note, Bill Gates funds The Pirbright Institute, the company that owns the patent on the Coronavirus. Because many people are beginning to wake up, the WHO, in their relentless effort to distort and hide the truth from the masses, has changed the wording on the patent. They have almost totally erased all the evidence of the fact that the Gates Foundation funds the company that owns the patent. Remember Operation Mockingbird? The media is designed to push their agenda and will repeat anything they are told to repeat, even without a sliver of evidence.

Bill Gates preaches about how Monsanto is the cure for world hunger despite the fact that this company has been caught running slave labor rings in Argentina. Perhaps, he

pushes this company so hard because he owns 500,000 shares of Monsanto Stock. When he was asked the 500,000 shares, exactly like he did in the Epstein case, He

refused to say anything, that seems to be Bill Gates go to defense when he knows he's caught.

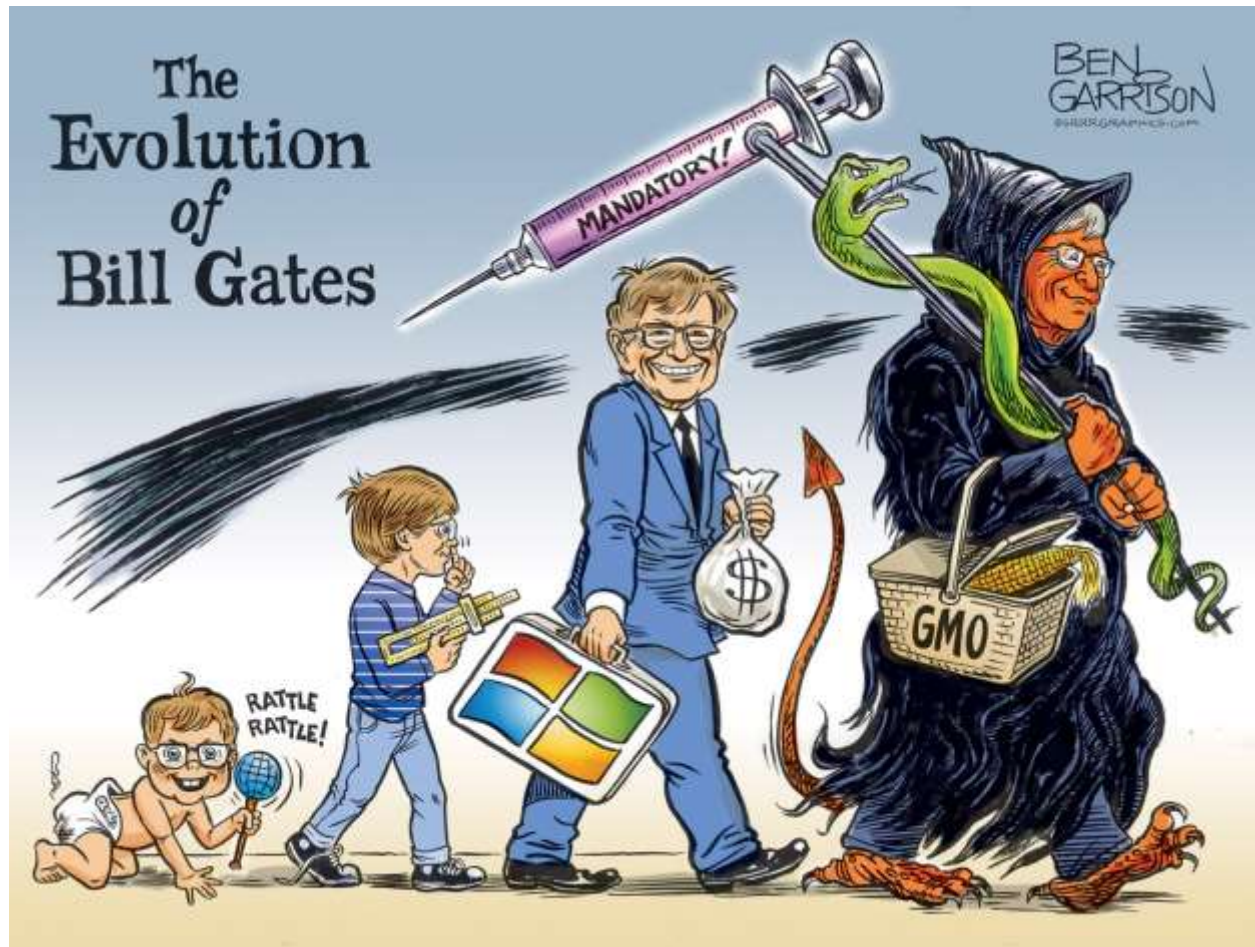

That is the Agenda 2030 logo lapel pin Bill Gates is wearing in the above photo.

Bill Gates has desperately tried, and for the most part has succeeded in the dumbing down of America. The Gates Foundation spent \$400 million to implement common core into every school in America. If you are a parent with a school age child in the public school system you already know what I'm talking about. Not only does common core decrease our children's knowledge of mathematics he's also in his own words "creating a new market" for himself. Bill Gates and company want to see us totally dependent upon the government for everything. They want to have complete control of our world; they can't let anything as trivial as educated people stop them.

Bill Gates also claims he wants to end early childhood death which is why he and his billionaire friends are so committed to having every child in the world vaccinated. However, Bill Gates has said many times that vaccines are being used to *"reduce the population growth."*

And *"produce childhood death."*

When asked about that statement he claims that if women have healthy babies they will not want to have more babies, so they stop getting pregnant, and as a result the population would decrease.

We should all ask ourselves the question, if vaccinations guarantee healthy babies, then why did Bill and Melinda Gates chose not to vaccinate their own children? In fact, none of Bill Gates elite associates vaccinate their children either. In fact, NONE of the elite anywhere in the world vaccinate their children. The wealthiest families in the world will not allow their children to be vaccinated. That should make you question some things.

As parents we should ask what exactly are the ingredients of the vaccines that are injected into our children's body and are supposedly safe for our children.

We know that Bill Gates and his surrogates, GAVI and WHO, made DTP a priority for African babies despite the fact that 50% of those vaccinated babies died before age 5. We know for a FACT that a genocidal infertility chemical that was secretly added to World Health Organization-approved vaccines administered solely to black women in Africa. On the topic of vaccines, I'm going to stop here as we still have much to cover in our overview of Bill Gates. However there is an overwhelming amount of evidence that these organizations are participating in MASS Genocide, I urge you to continue to look into this topic using an uncensored search engine such as DuckDuckGo.

In October 2019 The Gates Foundation hosted a pandemic exercise at John Hopkins University. The event was by-invitation only and had 130 people in attendance. The

purpose was to simulate a global pandemic, in order to educate the participants in the audience, and organize a plan in the event of a pandemic.

Now remember, the tried and true method followed by Gates and all the members of the Bilderberg Group for that matter, create a problem, wait for a reaction (the more fear based the better) then offer the solution which you had before you unleash said problem. This sounds a lot like what we were experiencing the past twenty months with the COVID 19 pandemic. If we look at it logically, knowing what we know about Bill Gates, we are reading the Game Plan!

In late 2019, on the Netflix series “EXPLAINED”, Bill Gates was featured in an episode called “*The Next Pandemic*” in which he predicted a killer virus would originate in China’s wet markets and rapidly infect the world. After the fear based reaction from the public caused by his Friends in the media and the medical field, Bill Gates comes to the rescue, again. He says he’s already working on a vaccine that will be added to early childhood mandatory vaccines, and since this virus is so serious we going to use the microchip which was written into Obamacare, and also throw out with Obamacare when Donald Trump became President, to keep track of who has been tested for the virus, and who has had the vaccine for COVID 19. This is a project Gates has been working on for quite some time which the elite refer to as ID2020.

Both the content and timing of the Netflix series “EXPLAINED” was known in the world of the Freemasons, as “Predictive Programming” or broadcasting in advance their plan. In the dark world of Freemasonry, the Illuminati have a code of ethics (sic) in which they must tell the world what they plan to do to humanity. This was done in the prediction of the 9/11 attack, and we can tell it was planned years in advance by the planners of the attack on the WTC years before with such TV series like the X-Files, the Simpsons, and the movie “Back to the Future”.

In order for you to really understand the importance of this microchip you must understand the Deep States “16 year” plan. Obama was successful in implementing every stage of this plan while he was president, and widely praised for it. Nancy Pelosi let it slip out recently that Barack Obama is running the White House from behind the curtains.

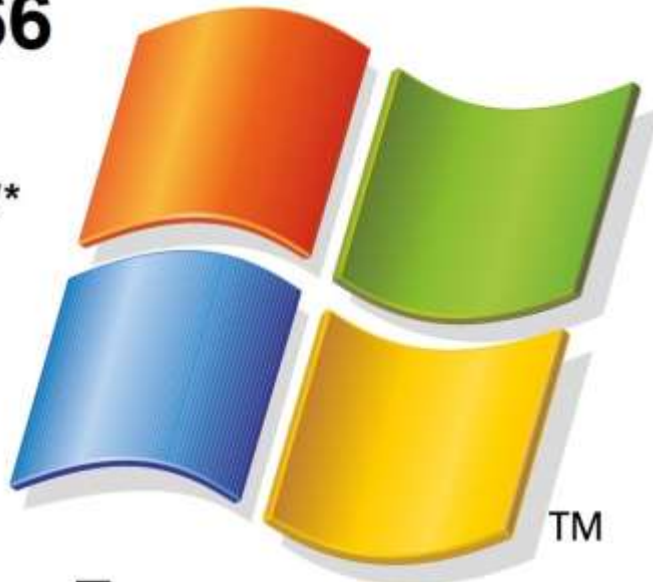

It is also vital to understand their ever present goal to depopulate the world.

With Bill Gates’ microchip! They control every aspect of our lives, they know our every move, they know if a cluster of people are gathered together to possibly try to over throw them, they know how much food to ration, they know and have complete control over your money, they control meeting for religious purposes. You are literally at the mercy of the most evil people in the world. The microchip is an integral part of their plan, and absolute must, and his vaccines are vital to the depopulation of the world. They never thought Hilary would lose.

The Coronavirus was simply a backup plan, an insurance policy if you will. To convince people this virus is so bad you must get the vaccine (and to destroy Donald Trump's economy during an election year, which was the best the world has ever seen) However, they weren't just going to take our word for it, we are to get a quantum dot tattoo, with all our information, it contains a vaccine, and keeps record of who's been tested and vaccinated and who has not. The "Mark" of the Beast is intended to place people's health, financial, and personal data was to be uploaded to the Cloud through the Block Chain "Cashless" Economy.

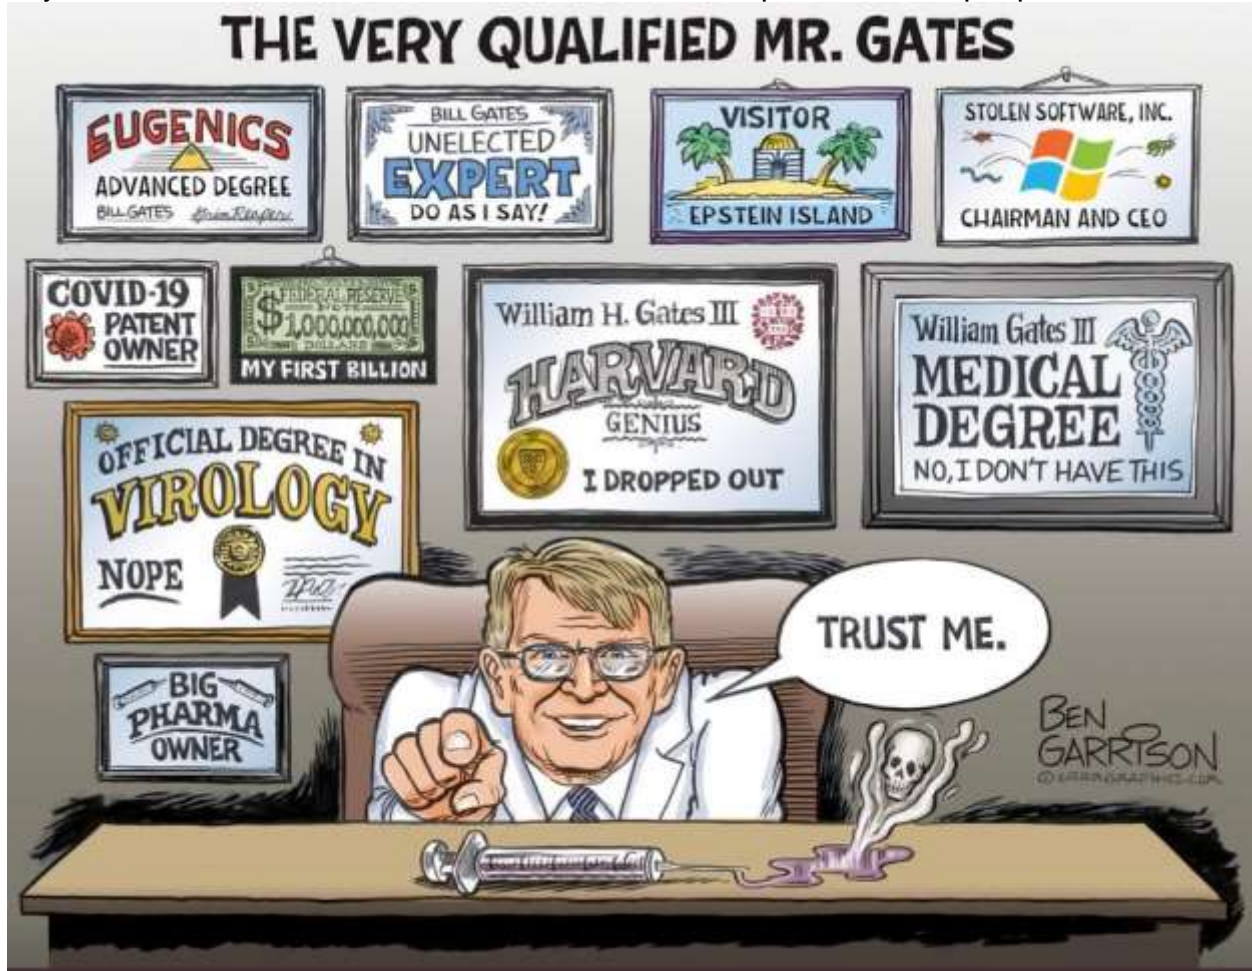

There is plenty of evidence that the Coronavirus is man-made. Scientist say it could have NEVER occurred naturally because of the way it has mutated, and been manipulated but we'll discuss that another time. We have scientific proof that the Coronavirus was engineered into a "bioweapon" with the insertion of 18 fragments of the HIV1 virus.

So by this point you should be pretty confident in the fact that Bill Gates is not who the media portrays him to be. He is not a Good Samaritan using his money a free time to help solve the world's problems. He is one of the most evil among us. If your still not convinced this should do the trick.

On Good Friday (the day Jesus rose from the grave) in the year 2020. Microsoft released a promotional video for their new product featuring none other than the satanic

high priestess, and spirit cooking guru herself Marina Abramovic. In the ad they claim that it is a virtual art exhibit, it's like you're in the room which Marina. Marina says that this product ensures she will remain immortal. The ad was pulled after receiving 24,000 dislikes on YouTube.

If we look at the company he keeps, the people he does business with, the nature of their business, the people he promotes, and the events he attends. I believe it is safe to say that Bill Gates is a Satanic Elitist, he is pushing one agenda. Satan's agenda. He wants what they all want, genocide, because their "religion" calls for human sacrifice. He wants a one world government and from the looks of it he is setting himself up to be the man in charge of that version of government. Can you imagine? A college dropout with a history of horrendous acts against humanity the leader of the world? That's not any kind of world I want to live in and I believe I can speak for most people on that.

Look around at what is happening now. We have Governors all across the United States already taking away our constitutional rights, for the sole purpose of conditioning us. A lot of people still think this is for our own good. It is not. It is designed to desensitize American citizens. Take away our rights for 6 months to a year because of the threat of death by disease and we'll eventually get used to it. Accept it as the "new norm."

Henry Kissinger himself, an elite member of the Bilderberg organization, said it like this in an address to the super-secret meeting in Evian, France on May 21, 1992. It was transcribed from a tape recording made by one of the Swiss delegates.

“Today Americans would be outraged if U.N. troops entered Los Angeles to restore order; tomorrow they will be grateful. This is especially true if they were told there was an outside threat from beyond, whether real or promulgated, that threatened our very existence. It is then that all people of the world will plead with world leaders to deliver them from this evil. The one thing every man fears is the unknown. When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well-being granted to them by their world government.”

As always, we are not asking you to blindly believe the information we have given you. We’re simply presenting you with a new set of facts, so hopefully you’ll start digging yourself. Make your own decisions about what you find. We simply cannot afford to blindly believe our government or the people in positions of authority. The most evil people in the world hide behind the title of philanthropist. We’re lucky that for now we have someone in office that will fight for us. Our President is not one of them, but most other politicians from both parties are involved with the satanic elite. Let’s continue to pray and continue to dig. The more you look into Bill Gates (on a non-censored search engine) the more evil you will find. We continue with the Gates enigma by shifting to what has been alleged to have taken place in the last few weeks.

The U.S. military on Tuesday arrested Microsoft founder Bill Gates, charging the socially awkward misfit with child trafficking and other unspeakable crimes against America and its people.

Sources within the U.S. Navy Judge Advocate General’s Corps told ‘*Real Raw News*’ that the military had spent months trying to find Gates, but the elusive billionaire had used his wealth and Deep State contacts to elude capture, somehow keeping a step ahead of the military’s manhunt.

But on Tuesday, July 27, Gates slipped up, and U.S. Marines were able to apprehend him at a property he secretly owned in Myrtle Beach, South Carolina.

The charges against Gates cover a broad spectrum. He purportedly coerced the FDA into issuing emergency authorization on Covid-19 vaccines, knowing that the potentially dangerous pharmaceutical cocktail would not only endanger recipients but also scramble human DNA. JAG is also investigating whether vaccines contain synthetic nanoparticles manufactured by Microsoft and Swedish biotech company Biohax International. The military alleges that Gates stood to profit massively from vaccine sales. Gates, who has previously denied having a financial stake in the vaccines, earned at least \$10 billion from the joint sales of the Pfizer, Moderna, and Johnson & Johnson vaccinations, according to JAG documents. JAG is holding Gates partly responsible for the deaths of 7,000 American citizens who died within 72 hours of receiving the drug.

Moreover, the military has charged Gates with masterminding a child trafficking ring, which he ran with convicted pedophile Jeffrey Epstein. [As reported by RRN on 20 May, U.S. Navy Seals operating under JAG authority stormed Gates' 492-acre ranch in northwest Wyoming and discovered a subterranean bunker where children had been temporarily housed prior to being sold into slavery.](#) An SD memory card recovered at the scene showed a young girl in pajamas handcuffed to a bed and crying out for her mother. Off camera, a maniacal Gates could be heard encouraging the child to dress in high heels and lingerie so she could better please her “new mommy and daddy.”

That evidence, taken in tandem with Gates' vaccine fraud, prompted the military to launch a global manhunt for the socially awkward but ruthlessly dangerous nerd.

Sources told 'RRN' that Gates' wife Melinda played a crucial role in his arrest.

“Initially she was reluctant to fully cooperate, because she felt that knowledge of her involvement might jeopardize the fortune she aims to get from the divorce settlement, most of which has not been paid. But JAG has evidence proving that she had knowledge of the child trafficking and told her she'd be charged alongside Bill if she didn't cooperate. It turned out that Bill had been spamming her with enciphered emails

only she could decode. He wanted to reconcile. The military used that to its advantage,” our source said.

Melinda finally answered him, our source added, and agreed to a meeting. She told Bill to name the time and place. In response, Bill Gates suggested a house he had owned in Myrtle Beach. Although the military had been conducting surveillance on all known Gates-owned properties, the Myrtle Beach house had escaped military notice, because Gates had purchased it under an alias.

When Gates showed up, the Marines were waiting, our source said.

Bill Gates, whom the U.S. Navy Judge Advocate General's Corps has convicted and sentenced to capital punishment, had been stirring a ruckus at GITMO's Camp Delta Detention block, where he is being held while awaiting his sentence to be carried out. Sources at the nation's most infamous internment camp told Real Raw News that Gates has spent every waking moment decrying his persecution and demanding a retrial on the grounds that his attorney, the ineffable David Baluarte, had inadequately represented Gates.

A military tribunal convicted Gates on September 8 following 5 days of explosive testimony. If anything, Baluarte fought more rigorously than had lawyers who represented other convicted Deep State figureheads, but Bill Gates said Baluarte was a disappointment.

A day after his conviction, Gates was granted an audience with the Guantanamo Bay military review board, an independent group of U.S. Navy and Marine officers tasked with deciding whether an accused person received proper representation or was mistreated during a tribunal.

Gates argued that Baluarte was incompetent, that he didn't challenge key pieces of evidence or witnesses who stood to profit from his conviction. Specifically, Gates said his ex-wife, Melinda Ann French, was an unreliable witness because she had been coerced into testifying against him under threat of being named an accomplice or being deprived of a hefty divorce settlement.

Under oath, Melinda admitted she struck an immunity from prosecution deal with JAG. In exchange for her open and honest testimony, which she swore was correct; the military would not charge her as an accomplice to Gates' criminal deeds. But her testimony played only a marginal role; her statements were supported by other eyewitness testimony and by documents and files obtained from Gates' computers and electronic devices.

The review board spent five days reviewing Gates' petition and concluded he had no grounds for a retrial.

“David Baluarte was given more slack and latitude than other defendants’ lawyers to appear before the Office of Military Commissions. He defended his client to the best of his ability. The tribunal’s decision stands,” a GITMO representative said.

Gates is scheduled to hang by the neck until dead on October 5, 2021.

Bill Gates Hanged at GITMO Ahead of Schedule ... Off With His Head!

By **Adina Kutnicki**

A more deserving monster to lose his head is hard to find — but that doesn’t mean that there aren’t countless contenders. But let’s not digress.

BILL GATES, Satan’s spawn, committed crimes so enormous that its ramifications will reverberate for generations to come.

BUT like all cowards are known to act when stripped of their power and hench-people, Gates didn’t disappointment. Instead of meeting his fate with a semblance of dignity and repentance for all of his massive sins — most heinously, crimes against humanity, pedophilia, child trafficking, and so on — he went out like a sniveling baby and a screaming banshee.

MAY he rot and burn in hell!

REAL RAW NEWS | By Michael Baxter | October 1, 2021

On Friday morning convicted murderer and Microsoft founder Bill Gates got a surprise wakeup call when U.S. Marines entered his Camp Delta cell and informed him that JAG had rescheduled his execution from October 5 to at once. Without giving a reason for the rescheduling, they told Gates an execution detail would soon arrive to escort him to newly erected gallows on GITMO’s southern edge, near to where other Deep State criminals had met the hangman’s noose.

“We built a new one just for you,” one guard purportedly taunted Gates.

Gates refused a last meal, a GITMO source told Real Raw News, and an hour later, just as the sun peeked over the horizon, Gates was taken to a clearing where new gallows had indeed been built to accommodate GITMO’s condemned.

Handcuffed at the wrists, Gates emerged from a Humvee kicking and screaming and accusing the military of betraying its own promises. *“You can’t do this to me. I have four more days. You lied to me! I want to speak to who’s in charge here! I demand it,”* Gates crowed.

The execution detail led by Rear Adm. Darse E. Crandall of the U.S. Navy Judge Advocate General’s Corps gave Gates unwelcome news.

“Stop throwing fits and go out like a man,” Rear Adm. Crandall said. *“Sentencing dates are provisional and conditional and subject to change without notice. You got an hour’s*

notice. Keep up this nonsense and we'll sedate you—then hang you. Is that how you want to meet your maker?"

Unlike earlier Deep State executions, there were no civilian or political emissaries in attendance, only a small assembly of military brass, our source said.

Gates was steered to the platform, and a soldier whose uniform lacked nametags, rank, and insignia fitted and tightened a noose around Gates' neck. A Navy chaplain administered last rites, saying he hoped Gates could find salvation in the afterlife.

Rear Adm. Crandall asked whether Gates had any last words.

"I'm innocent of all charges brought against me," Gates said. "Melinda is a liar. I am a good man. I am charitable, and I've always obeyed the law. Yes, I was arrested in 1975, and again in 1977, for driving without a license and speeding, but those don't deserve a death sentence—"

"I asked if you had any last words. I didn't ask you to write a novel," Rear Adm. Crandall said.

He motioned to the soldier standing beside Gates. The soldier pulled a lever, and a trap door beneath Gates' feet swung open.

But something went wrong. His neck did not immediately snap; rather, he dangled in the air, his legs flailing wildly and his eyes bulging from their sockets as if to burst. A guttural, gurgling sound escaped his lips as his handcuffed arms tried in vain to grab the rope from which he was hanging.

"Rear Adm. Crandall's assistant asked if they should cut Gates down, but the admiral said no, that the sentence would be carried out despite technical difficulties. Gates hung there for about 4-5 minutes, alive, before strangulation killed him. They then cut him down, and a doctor said he was dead. Bill Gates is no more," our source said.

"Real Raw News" reached out to Paul Knoll, a Professor Emeritus at the University of Southern California and expert in medieval executions.

"A successful hanging is no simple task. Variables include the person's height and weight, and the drop distance, and those are taken into consideration when deciding the length of rope needed. If any of those variables are not calculated for, precisely, the hanging can fail and the victim can suffer a very long and painful strangulation," Professor Knoll said.

Since first learning about the arrest of Bill Gates in July, I was looking for any evidence that the story was a hoax. I began a quiet Internet search of Bill Gates recent activities, places where he would be photographed, or spoke, such as events, conferences, and

appearances to confirm his freedom. Other than a recent PBS interview that aired on September 21, 2021 with PBS' Judy Woodruff. Although aired on September 21st, we do know when the program was recorded. That said, we do not know much more about his activities and public appearances since he was alleged to have been taken into custody on Tuesday, July 27, by U.S. Marines were able to apprehend him at a property he secretly owned in Myrtle Beach, South Carolina.

Could it be possible that the interview was pre-recorded a few days before Bill Gate was arrested, but scheduled for a later date that fortuitously served to hide his absence in the media? We will have to see how his presence subsides or is soon forgotten! The Gate's family had a close relationship with the PBS family of philanthropists. The group photo below has a group of well-known Eugenics advocates standing: Bill Moyers, Ted Turner, Bill Gates Sr., David Rockefeller, Judy Woodruff, Dr. Anthony Fauci, Tom Brokaw, George Soros and David McCullough.

Rather than to merely dismiss this as a hoax, I treat it with discernment. We recently learned that the fake doppelganger passing himself off as the illegal president Joe Biden is just a "stand-in" puppet for the shadow Deep State. In my article Blessed Hope #78, I shared several pages of photos that have confirmed that the alleged Biden is an 83-year pit-part movie actor by the name of Arthur Roberts. The real Joe Biden has been comatose brain-dead at Walter Reed Army Hospital since February, 2021.

Since the powers at be are going too such length and deception to hide the truth about Joe Biden's death we should not casually accept or reject this report when it comes to the individual responsible for the QuantumDot/Hydrogel ID2020 "Mark" of the Beast. This individual could just as easily faked his demise and with his wealth, could buy whatever he desired or needed, and so buying silence is certainly well within his means.

After all, what proof do we have to confirm his arrest, prosecution, and supposedly death by hanging. I want to believe it occurred and yet I have my own doubts and reservations. As evil as these people are, we can never forget the fact that when Adolph Hitler supposedly committed suicide in 1945 in a bunker in Berlin, we learned twenty years ago, his death was faked and he lived to a ripe old age in South America. The shock comes in that the U.S. government knew of Hitler's existence all those years is exacerbated by knowing that his biological daughter is today the head of the German Republic.

Angela Merkel's birth, as detailed in the Stasi file, was based on the research of the German Doctor Karl Klauberg. Klauberg was classified as one of the worst Nazi 'Angel of Death' doctors and was convicted by the Soviet Courts as a 'war criminal'. According to the reports, Doctor Klauberg was released by the Soviets after serving only seven years of his sentence in return for turning over to the KGB his hidden files on his Nazi artificial insemination experiments and, more horrifically, the frozen sperm of the former Nazi Dictator, Adolf Hitler.

Hitler's father, who took the name Hitler, was the illegitimate son of Solomon Rothschild's mistress Anna Maria Schicklgruber. Upon receipt of the Nazi files on artificial insemination, along with Hitler's frozen sperm, the Soviet Politicheskoye Buro (Politburo) authorized the experiments to 'resurrect', 'if possible', a child bearing the 'genetic markers' of Adolph Hitler. It was 'reasoned' that the combining of the genes between Hitler's sperm and Eva Braun's closest family would produce for the Soviets a 'near match' of what a child of Hitler and Eva Braun would have been, should one have been born.

Doctor Klauberg brought Gretl Braun to the GDR (Communist East Germany). She was the youngest sister of Hitler's wife, Eva Braun. Gretl Braun was chosen as the 'surrogate' mother of Hitler's offspring using artificial insemination from Hitler's frozen sperm. Gretl Braun was a member of the Social Democratic Party (SPD), whose ideology centered on the principles of Marxism and the interests of the working class and trade unions.

When Doctor Klauberg returned to West Germany, he was promptly imprisoned. He was murdered two years later while still in custody.

Soon after the birth of Hitler's baby girl, an agreement between the Soviets, the Americans and the Vatican was arranged. Hitler's baby was placed under the 'control' of the Catholic Church through its 'connections' with the GDR Lutheran Church which took custody of the baby.

She was given a false date of birth, July 17, and the name Angela Dorothea Kasner, daughter of Horst Kasner, a Lutheran pastor, and his wife, Herlind – an English and Latin teacher. There in the countryside at Templin in East Germany, Merkel was raised about 50 miles north of Berlin, the capital of the socialist German Democratic Republic (GDR).

The central theme of the “agreement” of the Western Allied Powers, the Vatican, and the Soviets was that Hitler’s daughter would be elevated to international power...but her ascendancy to power would not come until “the Vatican also brought to power a German Pope”.

All that said, with Bill Gates’ wealth, he could have created and bought a dozen scenarios permitting him to fade into the fleeting pages of history.
