

Mass Murder

Part 19

Anyone who reads my articles knows by now that I have been saying this long before January, 2020, we are being exterminated through the use of 'Silent Weapons for Quiet Wars!' **Earlier this year Dr. David E. Martin and Dr. Judy Mikovits confirmed that humanity is being mass murdered through a bioweapon.** By using as a pretext of a fake virus, humanity is being genocided, exterminated, and the evidence continues to accumulate in confirming my premise about "Depopulation has been the World's #1 issue."

Dr David E Martin gets into the manipulation of language during this fake pandemic during a Q&A with Dr. Judy Mikovits after a screening of the film, 'Plandemic'.

"One of the most unfortunate things about this story is we've all been given a script. And the script we've been given is actually containing a bunch of falsehoods. And then we ask questions about the falsehoods."

"So let's start at the beginning. SARS Coronavirus. And you heard what I said: SARS. Let's get really precise. SARS Coronavirus and all of its subclades are entirely man-interfered. Let's get precise with this..."

"SARS Coronavirus is a man-manipulated compound. It is a bioweapon. It is not a virus. Listen to what I'm saying and this is so important. We get trapped in saying words that can then be proven false. And if we said the truth precisely, we wouldn't get in the trap..."

"But when we get caught up in their lexicon, that was given to us to confuse us, the bio-weaponization of what's called SARS-Cov-2 took place, funded by Anthony Fauci in a grant in 1999. That's when the bioweapon was built..."

"Anthony Fauci has spent – listen to this number – \$191 billion – not \$3.7 million, not \$30 million – \$191 billion of audited funds for the bio-weaponization of viruses against humanity. And it's your money that has been spent. \$191 billion! And do you think you can get any agency or oversight body or any politician to even take this investigation on, despite the fact that we have every grant recipient, every person – their address, their phone number, their laboratory? We literally have the entirety of where that money went – and not a single investigation agency in this country is willing to look."

"This is a bioweapons program designed to kill us. That's what it is. And it's not just designed to kill us, it's designed to kill massive numbers of the population. We do not have a virus, we have a biological weapon."

Biden's Army Plans for Mandatory Vaccines

July 5, 2021

The 'Army Times' reported that "Commanders will continue COVID-19 vaccination operations and prepare for a directive to mandate COVID-19 vaccination for service members 01 September 2021, pending full FDA licensure." An executive order was sent to the force by Department of the Army Headquarters. Executive orders are utilized when the president directs the defense secretary to execute a military operation.

Pfizer and Moderna have initiated rolling submissions of their biologics license applications for their COVID-19 vaccines, but they have not yet been fully approved by the FDA. If the military is forced to take COVID vaccines, the mandate is likely to shift to the general public.

The United States Army has been notified to plan for mandatory COVID vaccinations to protect against the China virus as soon as September 1st of this year.

Demand for the vaccine has waned over the past couple of months throughout the military as well as the general public. As this happens the federal government seems to be getting more aggressive in its approach to coerce people to receive the experimental COVID jab.

Coincidentally, the new 'delta variant' of the COVID virus has become a topic of concern in the fake news media just as demand for the vaccines is subsiding.

As a historian I will remind you that once the government introduces a mandatory program within the U.S. military, it always becomes implemented into the general population. It does not matter what the situation is, social engineering, medical, racial integration, the military is the primary platform by which the government impose its agenda on the general population. So, even though there are other treatments for this fake virus, once the FDA mandates approval, and fake president Biden issues an order for the military to be vaxxed, they will come after the vaxx resisters. You can bet your life on it. **My suggestion is to NOT open your door to Biden's FEMA teams that will be knocking on your door, trick or treating! Simply saying nothing and closing your door does not give them an opportunity to intimidate you!**

The Delta Variant, the Unvaccinated, the Two Americas & Other Propaganda Fabrications

by Jon Rappoport There is no Delta Variant.

Because there is nothing to vary FROM. In other words, as I've been proving for more than a year, SARS-CoV-2 doesn't exist. It was never proven twenty years ago and it has not been proven to this day.

But the vaccine establishment and public health officials are pumping up the Delta hoax in order to convince more people to take the highly dangerous RNA COVID vaccines (genetic treatments).

Their narrative is a threat: in unvaccinated pockets, the Delta percolates and then breaks out, infecting many...followed by a further spread into communities of the vaccinated, where... It can infect even those people.

Gibberish.

Every covert op starts out with a goal, an objective. Then an action-plan for achieving the goal. Then, the story that will be told to make it seem as if the unfolding actions are *“responses to actual events in real time.”*

The story about the Delta Variant, for example—from the beginning of the fake pandemic, tales of Variants were always part of the plan, in order to move closer to the goal of universal vaccination.

“When we see the scale of the resistance against vaccination, we’ll give them a Variant narrative, to induce more people to take the shot.”

“Right. We’ll say the Variant is more deadly and contagious than the original form of the virus.”

Another current element of propaganda: *“we now have two Americas; the states with high rates of vaccination and those with low rates; this divide is intolerable; we can’t allow it.”*

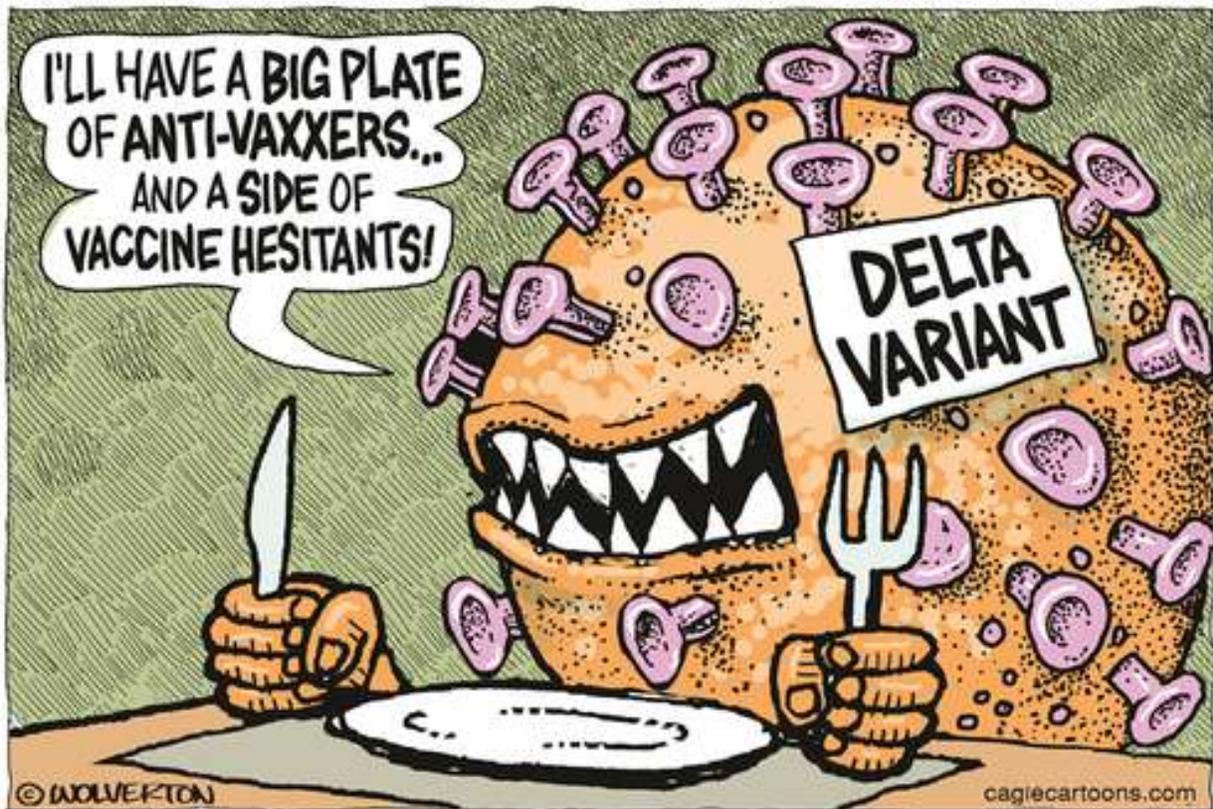

Why not? If millions of ignorant people insist on taking the destructive injection, and a smaller number refuse, and you have bordering states with vastly different vaccination policies and rates, then people have a choice. Live in state A or B.

But choice is not what the establishment wants. THAT’s why they whine and moan and warn about two Americas. And from the beginning of the op, they knew there would be states with very different vaccination rates—and they knew they would be warning against it.

But wait. There’s more. The propaganda describes people/areas where the vaccination rates are low as: uneducated and Republican, or “people of color.”

All along, the planning involved special targeting of these groups. Demonizing the *“uneducated Republicans,”* and sympathizing with *“people of color”* as victims of disinformation.

“You blacks and Hispanics, it’s not your fault you believe the vaccine is dangerous. White anti-vaxxer Devils have been telling you lies.”

The total sum of all this propaganda? *"We don't want to, but in order to save the nation, we may have to institute mandated vaccination."*

The technical term is *"layers of bulls=it."*

In case you've missed the last 10,000 years of human history, political leaders have always called for Unity. It's been their basic con.

Dissent and freedom of speech have always been afterthoughts, as far as these elitists are concerned.

Therefore, "some people vaccinated and some people unvaccinated" has nothing to do with science (especially since, as I've described in dozens of articles, the whole immunization hypothesis is a rank fake). Rather, it has to do with disunity.

"We can't have division. It would destroy the foundation of this great nation. We must censor dissent from the artificial consensus."

"Science" is a basic weapon for canceling and burning the 1st Amendment:

“We know what is true. So we don’t need to permit debate. It’s time-consuming, useless, distracting, and harmful. To be generous, we could say people have a right to be wrong, but why bother?”

Phalanxes of overgrown children emerging from colleges without a clue about logic or investigation have a special need to assert the value of their education. They fulfill this need by demanding everyone must follow the (unthinking) science they’ve mastered.

A minor obstacle like the 1st Amendment can be brushed aside as out of date.

“People used to have a right to argue in the old days, before the truth was established.”

The COVID narrative, from 2019 up to this moment, was planned. The art of propaganda involves making that narrative seem as if it’s composed of in-the-moment responses to unanticipated reactions of the public.

And the plan doesn’t require genius or even extensive data collection and profiling. Any reasonably intelligent person could sketch it out on a napkin during lunch. Why?

Because a hundred years of *Rockefeller Germ Theory* and vaccination lies have tuned up the population to respond to words like “*outbreak*” and “*epidemic*” in predictable ways.

BREAKING DISCOVERY! The ACTUAL CONTENTS Inside Pfizer ...

On July 6th, Dr. Jane Ruby was on the Stew Peters site and has just revealed the contents of a Pfizer Vaxx vial. The sealed contents were given a forensics analysis under police oversight and the findings clearly reveal the Vaxx is a genocidal depopulation effort at destroying one’s reproductive abilities. The link is found at the below URL address.

<https://ncrenegade.com/breaking-discovery-the...>

The Dr. Ruby interview on the Stew Peters' show has gone viral. A Serbian subscriber saw it and put us onto the source, a group in Spain called "La Quinta Columna" ("The 5th Column"), who put out this video by biostatistician, Ricardo Delgado. The site is an excellent Spanish-language resource, along with Orwell city, which did the English-language translation of this video.

Delgado and his team of scientists have concluded that **the symptoms of "COVID-19" are, in fact the symptoms of graphene oxide poisoning** and that the graphene oxide nanoparticles discovered in the Pfizer vials by Dr. Pablo Campra Madrid at the University of Almería are also found in surgical masks, thus confirming of the suspicions of a British doctor, featured last April. Surgical masks produced by Shandong Shenquan New Materials were taken off the market in Spain by the national health authority, Sanidad last April, due to the discovery of **graphene oxide** particles on the masks.

In addition, the 5th Column confirms other videos posted last March, that **graphene oxide** is found in the testing swabs used in both the PCR and the antigen tests, as well as in all the flu shots after 2019.

In other words, everybody using Chinese surgical masks and taking COVID tests has been getting hit with **graphene oxide** – not just the vaccinated people!

This video also mentions that that NAC (N-acetyl cysteine), an antioxidant food supplement that is a precursor to glutathione, counters the toxic effects of **graphene oxide** and has also been shown to cure "COVID" in scientific studies.

Glutathione is found in very high levels in children. Therefore, "COVID" has hardly any impact on the child population. Glutathione levels drop considerably after 65 years of age, which is why "COVID" is more prevalent in older people. Glutathione is an inexpensive supplement, and often comes included with other vitamins such as C and D₃.

Graphene oxide is particularly tuned to absorb electronic frequencies in the same bandwidth of the 5G network, which excites and oxidizes this material very rapidly. This has the effect of attacking our bodies' natural antioxidant glutathione reserves. (This is confirmed by Celeste Solum, a former FEMA manager, included further down in this article on what the Vaxx contains.)

The Fifth Column is providing information that is vital to your health, physical integrity and of your environment.

The masks being used and currently marketed contain graphene oxide. Not only the ones that were withdrawn at the time, as indicated by the media, the testing swabs used in both PCR and antigen tests also contain **graphene oxide** nanoparticles.

All of the major COVID vaccines, AstraZeneca, Pfizer, Moderna, Sinovac, Janssen, Johnson & Johnson, etc. also contain a considerable dose of **graphene oxide** nanoparticles.

These findings are the result of analyses by electron microscopy and spectroscopy, among other techniques used at various public universities in Spain.

The anti-flu vaccine contains **graphene oxide** nanoparticles, as do the new anti-flu vaccines, as well as the new intra-nasal anti-COVID vaccines that they are soon to be released. All contain enormous doses of **graphene oxide** nanoparticles.

Graphene oxide is a poison that causes blood clots. Graphene oxide coagulates the blood. **Graphene oxide** alters the immune system by disrupting the oxidative balance in the body's glutathione reserves. If the dose of **graphene oxide** is increased by any route, it provokes immune system collapse. And subsequent causes a cytokine

storm. **Graphene oxide** accumulates in the lungs and causes bilateral pneumonia by means of its uniform dissemination in the pulmonary alveolar tract.

Graphene oxide causes a metallic taste in the mouth. Perhaps this is starting to make sense to you. Inhalation of graphene oxide causes inflammation of the mucous membranes and as a result, the loss of the sense of taste and partial or complete loss of the sense of smell. These were common symptoms from the earliest of so-called Covid-19 cases.

Graphene oxide acquires powerful magnetic properties inside the body. This explains the magnetic phenomenon that millions of people around the world have already experienced, after various routes of administration of **graphene oxide**, of which the vaccine is but one.

In short, graphene oxide is the alleged SARS-CoV-2, the “novel coronavirus” that supposedly caused the disease known as COVID-19. It is a “bio-chemical” weapon induced by 5G wireless energy!

This is the real reason why we’ve never had real isolation and purification of the novel coronavirus, which is a fact that is recognized at the highest levels of most health institutions in several countries when they were directly questioned about this.

COVID-19, the disease is the result of introducing **graphene oxide** by various routes of administration. Graphene oxide is extremely potent and strong in aerosols, as is the alleged SARS-CoV-2. Aerosols suggests of geo-engineering chemtrail aerial spraying!

Like any material, **graphene oxide** has an “electronic absorption band”. This means that it absorbs a certain frequency that excites and oxidizes this material very rapidly, which attacks our bodies’ natural antioxidant glutathione reserves. It was being induced through wireless energy through 5G Electroporation beamed directly from satellites in orbit above. It was the Spanish scientists’ discovery of the **graphene oxide** which confirms my premise that strengthened 5G wireless energy is inducing the virus symptoms.

This frequency is in the bandwidths of the new 5G network. That is why the deployment of these towers never stopped during the pandemic. In fact, they were among the few services that were maintained, along with the heightened state security around them.

We suspect that during the 2019 anti-flu campaign, **graphene oxide** was introduced in these vials, since it was already being used as an adjuvant. With the subsequent 5G technology trials in different parts of the world, the COVID-19 disease developed in the interaction of the external electromagnetic fields and the **graphene oxide** now in their bodies.

Recall that it all started in Wuhan. This was the first pilot sample city in the world for the 5G technology trial in late November 2019. There's a coincidence in space and time. Both the pangolin and bat soup episodes were used for distraction.

The purpose for the introduction of **graphene oxide** is even more obscure than you might imagine. Therefore, it is more than enough for you to assimilate this information and “reset” everything you thought you knew about the disease up to now.

From the highest governmental institutions telling the population to protect themselves and even forcing them to ingest something that could potentially make them sick with the very illness, itself. Now that we know that the causative or etiological agent of the disease is actually a chemical poison and not a biological agent, we know how to attenuate or lessen it: By increasing glutathione levels. This is essential knowledge for anyone wanting protection from the **graphene oxide** that may have come through breathing in aerosol spraying.

Glutathione is a natural antioxidant present in reserves in the human body. A few details will serve for you to fully understand everything that was poured into the media.

Glutathione is found in extremely high levels in children. Therefore, the disease has hardly any impact on the child population. Glutathione levels drop considerably after 65 years of age. This is why COVID-19 is more prevalent in the elder population. Glutathione levels are very high in the athletic population. This is why only .22% of athletes had the disease.

You will understand now why countless studies in practice have shown that treatment with N-acetyl cysteine (NAC), which is a precursor of glutathione or glutathione administered directly cured COVID-19 disease very quickly in patients, plain and simple because glutathione the levels were raised to cope with the administered toxicant called graphene oxide.

The discovery made here by the 5th Column suggests an ongoing full-scale attack of state bioterrorism – or at least with the complicity of governments – against the entire world population, constituting crimes against humanity. **It confirms what I was saying in the first four months of 2020, that this was/is part of a “Global Depopulation Genocidal Mass Murder” plan.** This is how Agenda 2030 was to eliminate billions!

It is therefore absolutely essential and vital that you make this information available to your family and friends. It should be made known to medical community, physicians, nursing and health services in general, as well as local and regional media and press and those around you. By sharing this article you may bless someone in the name of the King and the Saviour Jesus Christ.

The 5th Column estimates that tens of thousands of people will die every day, in Spain alone when the government implemented the switch to 5G technology. Last week over

2,000 died in the U.S. from the Vaxx, a huge increase from the week before! This is reported in the closing article by Robert F. Kennedy's Children's Health Defense report.

Bearing in mind that it is not only the elderly in nursing homes who are vaccinated with that flu vaccine with graphene oxide but as you know, a large part of the population has been vaccinated – or “graphenated” with gradual doses of **graphene oxide**. Because of the global breakouts virtually simultaneously around the planet the **graphene oxide** was disbursed by military and civilian-equipped aircraft.

We have each and every one of the proofs of what has been described here and as long as the justice system isn't working, people will continue to be pushed off a bottomless cliff. If you are watching the audiovisual material, you will understand that for more than a year, you have been totally and naïvely deceived by the highest institutions. Only now will you understand all of the inconsistencies that you have observed on your television news.

To complement this valuable information, you can access LaQuintaColumna.net or our Telegram channel La Quinta Columna TV, where over 100,000 are already aware of the truth and are not part of the mass deception. Please make this video go viral and let's stop among all of us the destiny that awaits us, the fruit of the Agenda 2030 roadmap. It's up to us. Thank you for your attention. For those unfamiliar of Agenda 2030, I am in the process of doing an update on Agenda 2030.

Biden's Plan to Deploy Federal Teams in Door-to-Door COVID Vaccine Campaign Sparks Backlash

If you have not read the above and watched the conversation between Dr. Jane Ruby and Stew Peters, you should do so and then ask yourself what is it with Joe Biden's rants to get everyone Vaxxed. The CDC reported just 37 deaths nationwide on July 25th, 2021 and 41 deaths nationwide on July 6th, 2021. From that interview takeaway, there are other reasons for being caution. I am old enough to remember another scandal decades ago. It took 5 years to withdraw thalidomide, approved in Europe as “*safe and effective*” for all, after somebody noticed the connection to babies being born without limbs during the early 1960s.

Remember that your doctor may only see pro-vaccine material and may suffer repercussions from an employer or insurance panel for not meeting vaccine goals.

You might ask him some questions, such as what does he think of the [first autopsy report](#) on a COVID-vaccinated patient, who had spike proteins in every organ?

General good advice for life applies here:

1.) Don't fall for the hard sell. If you have to sign up immediately (before you look under the hood), or lose your once-in-a-lifetime opportunity, alarms should go off.

2.) Don't take the word of the anointed "expert" on faith, especially when he won't let others peek behind the curtain. Informed Consent means permission granted in the knowledge of the possible consequences, typically that which is given by a patient to a doctor for treatment with full knowledge of the possible risks and benefits. Less than full transparency does not = informed consent!

3) Remember, the government public health agencies are relying on your ignorance (lack of knowledge), they control the narrative of fear mongering and intimidation.

4) The answer is annoyingly simple on the surface, but when we dig into the motives of those who are actually in power over this situation, we realize just how complex it all is. They — government et al — are pushing the Covid-19 vaccines with everything they have because they're being told to do so. Of course, the first question that people will ask is "Who is telling them to do it?" The second question would be "Why?" And that's where it all gets complicated.

To expand on this point, I encourage you to read my article "**Cui Bono: Why You Should Ask "Who Benefits?"**" In the last 16 months, there are eight or ten new billionaires who profited directly from the fear of Covid-19.

The Biden administration's plan to ramp up efforts to get more Americans vaccinated against COVID by "literally knocking on doors" had some critics suggesting the government should mind its own business.

The illegal president Joe Biden on Tuesday announced plans to ramp up the federal government's efforts to get more Americans vaccinated against COVID under a [new program](#) that includes "literally knocking on doors," as Biden puts it. Speaking from the White House two days after the federal government [fell short](#) of its goal of having 70% of adults get their first [COVID](#) shot by July 4, Biden said:

"So, please get vaccinated now. It works. It's free. And it's never been easier, and it's never been more important. Do it now — for yourself and the people you care about; for your neighborhood; for your country. It sounds corny, but it's a patriotic thing to do."

That statement is full of un-truths, it was not free since the taxpayers paid billions for this "gene" therapy. It does not work, it kills, harms and destroys people's lives. Over 9,000 Americans died from having taken the two-shot vax. Those going door-to-door are being paid by your taxes, and most likely have some sort of sales bonus or commission incentives for every new jab they secure! Enough said! Maybe, but they are not about to tell you that [the virus was made for the vaccine](#). I do recall reporting in this series that the virus was patented a decade prior to it being hatched!

According to data from the CDC, more than 67% of American adults have received at least one shot and more than 157 million are fully vaccinated. That said, only 47.2% have been fully vaxxed.

Under the new program, Biden said the White House will deploy teams of officials from the Centers for Disease Control and Prevention (CDC), Federal Emergency Management Administration and other federal health agencies. Actually, these agencies are involved in a crime of global genocide. Dr. Len Horowitz has produced a scathing report on the Fauci e-mails, linking an international criminal scheme to depopulate on a global scale. **“EXPLOSIVE EXPOSURE of COVID NATIONAL SECURITY ‘CRIME’ SYNDICATE!”**. Dr. Len Horowitz’s explosive report is everything and more than I have reported in my many articles on the Covid-scandemic crimes. You will find it posted on my web page www.pastorbobreid.com for 7/8/21. Dr. Len Horowitz is the author of *‘Emerging Viruses: AIDS And Ebola, Nature, Accident, or Intentional’*, the 1996 block buster exposing the real cause of HIV:AIDS and the scandal that cost the public billions of dollars and created the cash cow for the pharmaceutical industry.

The Biden administration developed a state, county and sub-state level [predictions map](#) of hesitancy rates using the most recently available federal survey data.

Biden [suggested](#) the unique door-knocking approach was needed now that *“we are continuing to wind down the mass vaccination sites that did so much in the spring.”*

The program also will make the vaccine available in more healthcare settings, and will provide more assistance to thousands of pharmacies, doctor’s offices and other medical facilities so they can distribute vaccines, Biden said. Vaccines will also be doled out at sporting events, summer events and religious activities, he added.

Biden said the administration will *“step up efforts to get vaccines to your family doctors and other doctors who serve younger people so that [adolescents ages 12 to 18](#) can get vaccinated and — as they go for back-to-school check-ups or getting ready for their physicals they need for fall sports,”* Biden said. Biden lies and people die! Criminal Joe Biden is further proof that this country is controlled by a criminal cartel.

Biden cited concerns over the COVID [Delta variant](#), which he said is more transmissible and has forced some European countries to return to lockdowns. More lies!

The president did not mention any of the [safety concerns](#) previously noted by the CDC and U.S. Food and Drug Administration, including [blood clots](#) and [heart inflammation](#), associated with the vaccines.

White House Press Secretary Jen Psaki, in a [briefing](#) earlier in the day, said efforts would continue to convince vaccine holdouts, but she ruled out any [federal mandates](#)

for now. September 1st has been mentioned timed with a military mandated vaccination of the military.

The administration will first target communities with lower vaccination rates, Psaki said. The door-to-door outreach efforts will get information about vaccines to people who haven't received them yet. I know all that I need to know to say NO THANK YOU!

In addition to the door-to-door information campaign, Psaki said [other measures](#) would include a "renewed emphasis on getting the vaccines to more primary care doctors," and increasing access for workers at job sites.

"You don't just give up just because you haven't reached every single person," Psaki told reporters. "We're going to continue to apply ... what we've seen have been the best practices over the past several months."

Biden's Plan Sparks Backlash

[Children's Health Defense](#) Chairman Robert F. Kennedy, Jr., criticized the plan, saying it would *"accomplish nothing beyond making Americans fear and despise their government."* I completely agree with Robert Kennedy's statement.

Kennedy said:

"It's a foreboding fork in the road to totalitarianism. We are now moving beyond the propaganda stage into this very coercive program where federal agents appear at American homes with the menacing message: 'We know who you are and where you live. We have you on our list, we have your medical records, we want your neighbors to know that you are dangerous. We don't recognize your property or privacy rights. You must take our untested, [experimental](#) pharmaceutical product. If you want to end this harassment, you must submit to a risky medical intervention made by an [unscrupulous company](#) with no liability and if you die or suffer permanent neurological injury, tough luck!"

Biden's announcement also sparked backlash on Twitter.

Sen. Rand Paul (R-Ky.) tweeted:

No. The government doesn't decide who gets vaccinated. You do!

Do not submit to the fear- mongers. <https://t.co/NDCRUE3wCV>

— Senator Rand Paul (@RandPaul) [July 7, 2021](#)

Texas [Attorney General Ken Paxton](#) chimed in, tweeting:

Not on my watch! <https://t.co/wGaSZelWiq>

— Attorney General Ken Paxton (@KenPaxtonTX) [July 6, 2021](#)

One physician tweeted:

If the "new normal" is federal employees knocking on your door about medical procedures, you better be ready to fight like hell for the "old" normal.

— Scott Jensen (@drscottjensen) [July 7, 2021](#)

Nearly three in 10 Americans (29%) say they are not likely to get vaccinated, including 20% who said they will definitely not do so, according to a [Washington Post-ABC News poll](#) published last week. The 29% who said they are unlikely to get a vaccine is an increase over the 24% who said the same thing in April.

It took 5 years to withdraw thalidomide, approved in Europe as “*safe and effective*” for all, after somebody noticed the connection to babies being born without limbs. In November 1961, thalidomide was taken off the market due to massive pressure from the press and public. Experts estimate that were thalidomide led to the death of approximately 2,000 children and serious birth defects in more than 10,000 children, about 5,000 of them in West Germany.

The body was made by God to be strong, to resist bacteria, parasites, infections, and disruptions of many sorts. For almost 6,000 years we did not have vaccines, invented during the early 1800s by Jesuits Edward Jenner, and Jesuit Louis Pasteur. Biblical cleanliness from the Torah stressed cleanliness, dietary guidelines for humanity for six thousand years.

When we surrender our lives to the lordship of Jesus, the Holy Spirit moves into our hearts, and our bodies become His temple -(1st Corinthians 6:19–20). In light of this, healthcare takes on a spiritual element. We must take care of our bodies because they no longer belong to us. They are the temple of the Lord, and we are responsible for the care of His human temple. That involves seeking good healthcare. We offer healthcare to others as a way of serving them and showing them the love of Christ.

When it comes to overall health, spiritual healthcare will always be a higher priority than physical healthcare. Regardless of how excellent our medical healthcare, our bodies will eventually wear out and die. Believers in this world have this promise: "*Though our outer self is wasting away, our inner self is being renewed day by day*" -(2nd Corinthians 4:16), and in the world to come, resurrection.

Editorial Observations

I have been doing this “Mass Murder” series for almost five months at this point, and we are beginning to see patterns forming from the reporting data, from many different sources. In Bible prophecy, Pattern = Prologue = Prophecy. I discuss this concept elsewhere in articles I write pertaining to Bible prophecy. As to how this concept fits into the Covid-19 scandemic, is very preliminary after 16 months of it being hatched in Wuhan, China. We can say with total certainty that this SARS2-CoV19 is NOT NATURAL!. This is not even debatable at this point. Proof of this can be found in Dr. Len Horowitz’s scathing report on the Fauci e-mails, linking an international criminal scheme to depopulate on a global scale. **“EXPLOSIVE EXPOSURE of COVID NATIONAL SECURITY ‘CRIME’ SYNDICATE!”**. You will find it posted on my web page www.pastorbobreid.com for 7/8/21.

Dr. Len Horowitz is the author of *‘Emerging Viruses: AIDS And Ebola, Nature, Accident, or Intentional’*. The “Indian paper” published, but retracted under pressure of Dr. Anthony Fauci published in March or April of 2020, revealed the virus had 4 insertions of the HIV genome fragments, hence refutes the premise of the CDC, NIAID, NIH, and WHO claiming it was a rogue novel virus! We learned from the Dr. Fauci e-mails, it was Dr. Anthony Fauci who pressured the Indian scientists to remove their paper or lose future finding for research if they did not withdraw their lab findings.

We also know that it is a “Depopulation” genocidal weapon, as the Vaxxes attack the reproductive organs of both male and female, predominantly female. 82% of pregnant mothers who received the Vaxx spontaneously aborted or miscarried.

We also know the highest death rates are among the elderly. Every report from Robert F. Kennedy’s Children’s Health Defense report in *‘The Defender’* reports the average age of those who have died is currently at 74.7 years. If you go back and read each of the weekly reports, the average age of all deaths is consistently in this age range. It has not deviated by so much as a single percentage point as I recall. This may change now that those under 18 are being Vaxxed. We have to wait and see how that changes with the vaccination of children.

My observations here will be updated as need be in the coming weeks. We can only speculate as to who and what the motives are behind this scamdemic, and hell-bent agenda of a “needle in every arm” statement by Klaus Schwab of the World Economic Forum made last year. At this point, we have very little information that we can trust. The statistical data that can be quantified becomes our venue starting point. This is a lead into the next report immediately below from Gordon Duff, Senior Editor of Veterans Today. At the close of his article I will address the significance of it and why it may be of immense importance.

COVID, a Bio-Warfare Weapon against the Elderly...Of course It Is!

By Gordon Duff, Senior Editor, Veterans Today

Key intelligence officials in the US, Britain and Germany allege that the GOP, backed by something they refuse to name, purposefully unleashed COVID 19 on the world. The exact same people responsible for 9/11, a broader plot driven by an insurance scam and two decades of the U.S. running around the world shilling for the Kosher Nostra....

This one is experimental, using a DOD funded virus, created to test what bad people could make if they wanted... so we could be protected from them...and then really unleashing it...if only we were kidding. We are certain this happened.

As of now, the marriage between Russia’s worst, the RKM/KN oligarchs, a murderous gang, the Likuds in Israel who run so many MEGA/MAGA mob funded fake anti-defamation/defense groups to protect powerful mobsters...

...and behind them, the muscle of the CIA, Mossad, MI6 and KGB, all reborn as one, the most powerful and dangerous organization in the world...false flag terrorism, lone gunman shootings, gas attacks, bio-warfare, assassinations...

Partnered now openly, with not only Murdoch and Fox/Carlson and the other idiot media but all of it as well...all 100% theatre as we saw played out on January 6.

Tucker Carlson: "The data show that the median age of death for COVID is often older than life expectancy ... Do you think they hyped COVID a little bit? Yeah, they did."

— Scott Morefield (@SKMorefield) [July 7, 2021](#)

If we learned one thing, it was that Tucker Carlson is the chief spokesman for the Luciferian cabal. One thing I learned is how “Russia” has partnered with the American right. U.S. authorities spent hours laying out the evidence for me. Here is what they contend:

Russia may, at one time, have been the leader, out of real morality but more likely for nefarious purposes of world domination, in the cause of international justice and human rights. However, the new Christian Russia, and church attendance in Russia is far higher than any in the West would believe, has led to a new secret admiration by many in power, in particular the group VT calls the Kosher Nostra oligarchs.

These oligarchs rule Ukraine, Russia, Turkey, Israel and the United States. The nature of the inter-relationship with the KN and RKM goes back centuries, both steeped in worship of Moloch, the supreme being in the Freemason world.

Moloch is Baphomet, the overseer of the Masonic universe. No, we aren't making this up. Ask any Freemason.

This has aligned many of the powerful of Russia and the former communist states with the eugenics policies Adolph Hitler took on for Germany at the behest of his American backers, the Rockefellers, Harrimans, Duponts, Bush and others. Look into who financed Hitler.

Just think of the gift COVID 19 has been for so many.

- **600,000 dead American, mostly elderly**
- Trillions stolen from the U.S. treasury
- A new army of crazy hillbillies worse than the Klan ever was, just like Hitler had WW2
- The total destruction of the U.S. government
- The open ability to deny any election
- The open ability to have 200 members of congress back and lie, no matter how crazy

When analysts look at the results of COVID, they assume the world's economy is real, that currencies even more fake than Bitcoin, like the dollar and pound, are of substance and that the endless trillions of accumulated super-wealth in the hands of the KN/RKM has reason behind it. [KN = Kosher Nostra, RKM = Russian Kosher Mafia]

It doesn't. Money is nothing, wealth is nothing and what most perceive as power is nothing. Always go back to the Matrix film series, now mentioned so often, when assessing exactly how far reality is from what is sold to the enslaved billions.

Gordon Duff, Senior Editor, Veterans Today released a "Truth Bomb" and most of you will not get it unless you understand and recognize that Israel pulls the strings in this final war leading up to the Bible's Great Tribulation, just ahead on the short time line.

Dr. David L. Martin was speaking at a church in Yuba City, CA along with Dr. Judy Mikovits. One of the presentations was titled "**The Illusion of Knowledge**" and the video was 1 hour and 32 minutes in length. I was blown away from viewing it.

Dr David E Martin begins by saying, *"I think every conversation about COVID and every conversation about SARS-Coronavirus is the wrong conversation for humanity to be having. And I think that we have been seduced into a distraction of epic proportions while a greater evil is being done.*

"So I am not gonna fall for it! If you thought this was gonna be the 'Find the Fauci' moment, I've got a little teaser in there, you'll get a little Fauci but that's not what this is about. This is about the illusion of knowledge."

And I have at the bottom of this slide, one of my favorite quotes from [Hosea 4:6](#), "***My people are destroyed for lack of knowledge***"."

In our quest to figure out how this genocidal global CoronaHoax was pulled off, we've looked at the Globalists, the central bankers, the corporatists, the [pedophiles](#), the [Communists](#), the [British Crown](#), the [Tavistock Institute](#), the [CCP](#), the [Illuminati](#), the [Jesuits](#), [Bill Gates](#), the [Rothschilds](#), the [Rockefellers](#), the [Sabbateans](#), the [Bilderbergers](#), [Klaus Schwab](#), the [Satanists](#), the [Freemasons](#) – and even the [Mantids from Hyperspace](#) – but today, we can add another culprit, who the brilliant Dr Dave E Martin informs us,

"For the last 145 years, they have done a wonderful job of making sure you never knew they're behind it all. And by 'all', I mean ALL. And I don't mean 'some of all.' I mean 'All of All.'"

And who might that be?

The life insurance industry.

Yes. We haven't heard a peep from anyone about the insurance companies throughout our dystopian COVID interlude – let alone, ever – but Dr. Martin assures us that it was the insurance companies who actually set up the central bankers to be the "Fall Guy" (!)

Dr Martin says, "It turns out, the thing that makes life insurance work is a thing called 'Term Life Policies'...and what you do is you pay your life insurance premiums and you do that for a long time and after a while, you kind of go, 'I'm paying a lot in and I'm not sure what I'm getting for the return and it turns out that, for most of us, after 17 and a half to 18 and a half years, we stop paying."

*"That's a great business, isn't it? To tax people for 18 years, to offer them nothing and in return for the favor, keep all their money, plus all the money you made on their money and offer them no benefit. Pretty good racket! **Best part about it is they actually figured out that it was important to support the Eugenics Movement.**"*

"You heard what I said, People! Turns out that the thing that throws a curve ball into life insurance policies is people that die when you don't want them to die. That's a curve ball. That means you have to pay out."

"So, surprisingly, in 1904 to 1910, Andrew Carnegie, who was very much affiliated with several of the boards of the life insurance companies decided that we needed to institutionalize medicine...institutionalize health research and pay for it for life insurance companies. Because controlling your death was big business. And people who didn't match the actuarial models were bad for business."

"Lo and behold! What did we start doing? I love it when people tell me that eugenics was a 'Hitler thing'! Hahaha! Nice try! And thank you, once again to the life insurance companies for marketing that piece of bullsh*t – but this particular pursuit of this particular situation was born in 1910."

"Cold Springs Harbor Laboratory...Isn't it funny how we've been sucker-punched into believing that the Bad Guy is a Rothschild or the Bad Guy is a part of this nefarious, Deep Underlord, Dark Underworld, Pentagon-laden, candle ceremony, séance bullsh*t story? Isn't it great to have a cover story, when nobody then asks the right question, which is, 'Hold on a minute, if somebody's marketing a story to me, I wonder if that marketing of a story is so I don't ask any more questions?"

"And by the way, anybody who thinks that the world is run by the Rothschild's has their head up their behinds. And I'm dead serious. The world is actually run by life insurance executives."

"Bad news! And it turns out we're going to get to why that's so damned important..."

"What happened in 1914 is an unforgivable mortal sin...It turns out that World War I was good business for life insurers. You know what happened when we sent...young men to their deaths in Europe? Life insurers pocketed a sh*tload of money. Because it turns out that few people knew how to file claims. The Department of Defense didn't have a mechanism to actually process those things and it turns out that, in fact, the First World War, if you look at it from an economic perspective, the biggest winner of the First World War were life insurance companies."

Dr David E Martin is so incredible and watching this video is like having paid \$60,000 tuition to attend the highest-level university – a hypothetical university that is actually worth that much.

He shares, ***"One of the experiences I had in my life was to be invited into the very heart of the organization that is running this very destruction. And in 1998, you can read about it in my novel, [Coup d'Twelve](#)... I was actually invited to take a very senior role in destroying this planet. And like everything else, the deal was a good deal...but at what price your soul?..."***

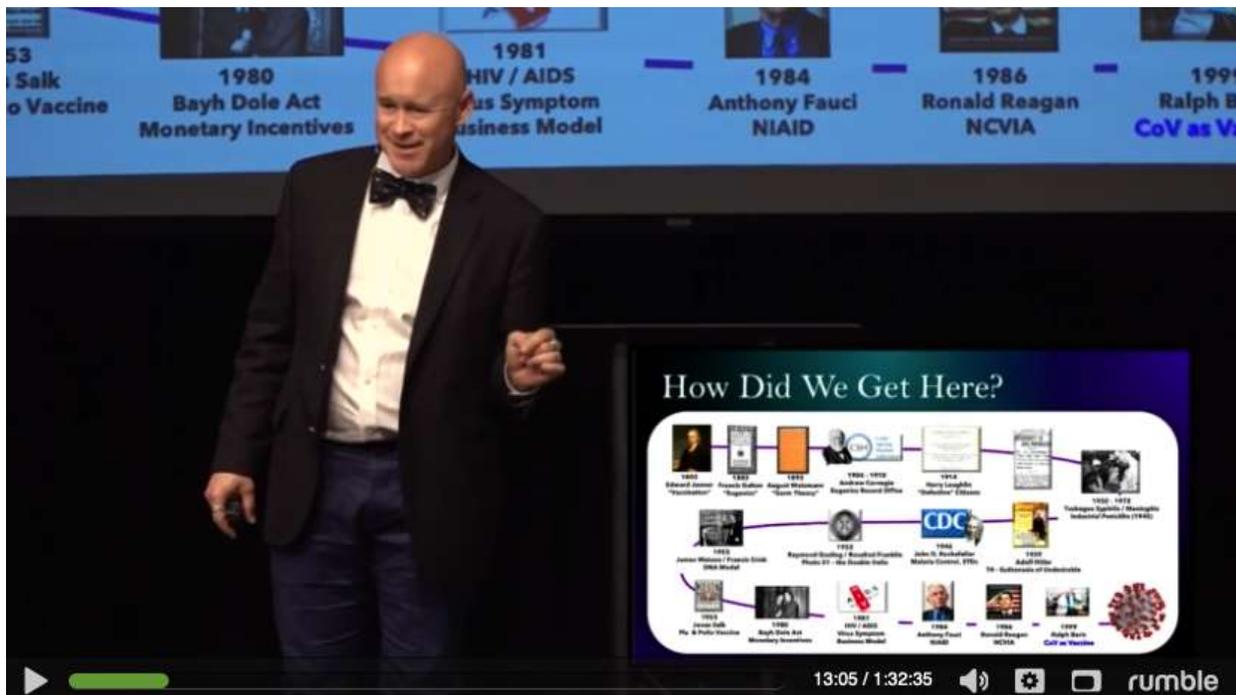

He says that Cabal agents tried bribing him with women, money – you name it – and that if he hadn't been raised as a Mennonite, these might have worked.

"This particular campaign began in 1804. [Edward Jenner](#) who is the person who gave us the opportunity to call a thing a 'vaccine'...decided there was actually an opportunity and a risk to play around with the weaponization of nature. And in 1803, he decided to coin a conversation that lasted for 80 years, which was 'How can we use the plague constructively?'..."

"And in 1883, [Francis Galton](#) came up with the answer to the question – and the answer to the question was these beautiful things called bacterium, viruses, plague could be very interestingly described into a term he decided to publish in 1883 as 'Eugenics' and 'Wouldn't it be interesting if we could actually harness nature to actually be weaponized against humanity?'"

"If we were to examine the business plan that gave rise to what we're experiencing now – and by the way, that business plan included an industry that mysteriously, for the last 15 months, none of us have heard anybody talking about – except a bald-headed, bowtie-wearing idiot from Virginia, you didn't hear about life insurance!"

"Oooh. Now we're gonna get real. Because, it turns out that between 1883 and 1893, the largest growth contributor to the GDP of this country was the trade in the fear of death. The life insurance industry represented more than the combined contribution to the economy of the coal, steel and manufacturing – COMBINED. In the ten years from 1883 and 1893."

"And the reason why none of you're talking about this is because, if you want to know who runs the world, you've got it all wrong, ever since you were fooled into believing that the Federal Reserve was a central bank money-grab by bankers and by the Cabal in 1913, because it turns out, conveniently, insurance companies – not banks – put up banks to be the Fall Guy."

"In 1904, all you have to do is look at who was on the dais (platform) when the President was sworn into to office, the following year, 1905. And you see, quite mysteriously, standing next to the President of the United States were the

executives of New York Life, of Aetna and of the major life insurance companies of America."

I can't transcribe it all – and I don't think you want to read the entire transcript, either but he gets into so many vital riffs, he is an amazing genius thing of wonder. Here's one last point I can't resist sharing:

"Isn't interesting, that we're marching for Civil Rights when we're murdering people? Isn't that a really cool paradox, where our official cover story is all about 'equal access' and 'let's let everybody to the drinking fountain', to 'let's have less people to the drinking fountain,' to the point where we could maybe get nobody to the drinking fountain..."

"Now here's, in my view, the long arc of the insurance companies' story, the Original Sin. And I am going to offend almost everybody in the room with what I'm going to say about science...It turns out, you don't have DNA. You have chromosomes. Nature made chromosomes...DNA is not a product of nature. It is a model of human manipulation. Listen carefully to what I'm saying: DNA is not a product of nature, it is a characteristic, it is a model of human manipulation..."

"Why do you think the Nobel Prize was awarded to the people who didn't even discover the thing (DNA)? They didn't! Watson and Crick had [nothing to do – seriously – nothing to do with discovering anything](#). They happened to be eugenicists who would support a cover story that would tell science, 'Don't look anywhere else, only look to the double helix.'"

"Going to go out on a limb here, for ya. Chromosomes, being paramagnetic, wound, helical coils of conductive material are quite possibly antennae. They're quite possibly not chemistry, at all. And it turns out, I've proven that in the lab."

"If you wonder why the magnet experiment, that you're going to hear about from Dr Carrie Majed is so damned interesting. It's not because of DNA. It's not because of RNA. It's because they are putting an antenna into your body to screw up the transmissions of all of the wisdom of the Cosmos, so that you are detached from being human."

Dr. David L. Martin is a specialist in the research of patent proprietary work, a consultant to the investment world advising on the financial viability of entrepreneurs seeking to secure venture capital to fund their invention projects. He investigates patent applications to see if they do what they say they are supposed to do. When an entrepreneur files for a patent, it may take months, even years before a patent is issued by the U.S. Patent Office, which by the way is managed under contract with a UK company called SERCO. That fact in itself, is an interesting story but for another time. Dr. Martin is a professor at the University of Virginia and has recently issued a 100-page dossier of the crimes of Dr. Anthony Fauci, director of the NIAID and chief adviser to the President on the so-called Vaxxes. The dossier could convict Dr. Fauci of treason and mass murder, if ever prosecuted!

To do a quick summation, Dr. Martin is suggesting that those in the pension fund and life insurance industry were grossly under-funded and culpable for the death of hundreds of thousands being blamed on the alleged Covid-19 virus. The same is true for Social Security and the public service employee pensions. He cites the number one item in the Trump administration's PPP stimulus program Bill was largely bailout funding for the Insurance industry. Employee unemployment and safety-net programs were further down on the Stimulus package list passed in March, 2020. The typical citizen received a \$1,400 dollar stimulus check but would have been closer to \$14,700 had all the borrowed funds been given to the public. Our children and grandchildren are now on the hook for the full amount since this was added to the National Debt. The chart below reveals how the American public was fleeced.

By the time Joe Biden is replaced the National Debt will have likely passed \$35 Trillion. When I checked the National Debt clock this morning it was passing \$28.5-trillion.

It is Social Security that is linked to this issue of reducing the population. Social Security funding is said to be solvent until 2035, but as Gordon Duff, Senior Editor of Veteran's Today is suggesting the government is as much as anyone interested in getting rid of several million receiving Social Security benefits. He alludes to the gift of 600,000 dying, mostly elderly, of the alleged Covid-19, regular flu, or by the Vaxx as a blessing. It becomes relative, and a million deaths are a statistic, but a single death is seen as a tragedy. I will have more observations in next week's report.

Celeste Solum - Graphene Could Turn Us into "Something Unimaginable"

Thursday, July 8th, 2021.

People are unlikely to accept the drastic dystopian destruction of their quality of life envisaged by Agenda 2030. This post by Celeste Solum confirms the discovery of **graphene oxide** report on page 5 above.

Covid vaccines containing graphene are likely a method to control us.

"In a worst case scenario, you will be reduced to a slave with no will, an automaton."

Henry Makow had a source that extracted [the pertinent info from this interview](#) with former FEMA analyst and manager Celeste Solum.

*"Once you are injected with **GBH** it is impossible to remove it as it binds to the body, which is unable to reject it as it is not recognized as a foreign substance. Its structure allows it to invade all parts of the body, including crossing the blood-brain barrier."*

As Solum says, *"In essence, you become a canvas for the pharmaceutical artists to create a synthetic artistic masterpiece subservient to the alien system not resembling anything humanlike whatsoever."*

Researchers at the University of Almeria in Spain reported finding that the Pfizer covid-19 vaccine contains mostly graphene and no mRNA. ([CONTENIDO DE LA VACUNA SEGÚN INFORME PRELIMINAR UNIVERSIDAD DE ALMERÍA \(odysee.com\)](#))

Celeste Solum says that the implications of this could be dire since many governments are considering mandatory vaccinations for citizens.

WHAT IS GRAPHENE?

Graphene is a single-layer form of graphite, a nano-material consisting of carbon atoms arranged in a particular structure.

Graphene is also used to make hydrogels, and has been researched as a vaccine nano-adjuvant, apparently to stimulate increased immunity.

Graphene-based hydrogels (GBH) are currently being used for a wide variety of purposes, from sewage treatment to biosensor technology. Researchers are currently using **GBH** to develop capabilities for the 3D printing of human organs, as the World Economic Forum's infamous *"own nothing and be happy"* video predicted will become widespread by 2030.

[World Economic Forum on Twitter: "This is how our world could change by 2030. Read more: <https://t.co/rkhF5AdSZ3> <https://t.co/9jf3XcmRG2>" / Twitter](#)

GBH is a substance with seemingly endless uses, which makes it all the more dangerous because we have absolutely no idea what the objectives of the pharmaceutical companies and governments are.

We can only assume that it is not for our good because otherwise it would not be kept secret from us.

Once you are injected with GBH it is impossible to remove it as it binds to the body, which is unable to reject it as it is not recognized as a foreign substance. Its structure allows it to invade all parts of the body, including crossing the blood-brain barrier.

GBH is also toxic, with the level of toxicity depending upon the dosage, form, exposure route, and purity. As it degrades within the body it can cause inflammation and various by-products will form, which can lead to a variety of other side effects.

GBH POTENTIAL USES OF INJECTED GBH

Aside from simply making people sick or killing them, **GBH** can be used to transform humans into something "previously unimaginable."

Graphene-based hydrogels may be the next step in trans-humanism. The possibilities are endless, with self-assembling hydrogels able to instantaneously form scaffolds within the body, networks of **GBH** fibres with properties that do not exist in natural life.

According to Celeste Solum, **GBH** can be used to make the human body a living polymer, with a molecular structure consisting of organic-synthetic materials used in plastics and resins, and can replace DNA, blood, cells, organs, as the hydrogel nanoparticles self-assemble.

The result can be all sort of mutations that would never have occurred otherwise. Rather than mutation through genetic modification, **GBH** opens the doors to physically changing the structure of living beings in any way imaginable.

As Solum says, *"In essence, you become a canvas for the pharmaceutical artists to create a synthetic artistic masterpiece subservient to the alien system not resembling anything humanlike whatsoever."*

5G CONNECTIVITY

5G may be used for more nefarious purposes than simply monitoring all digital activities and sickening us with electromagnetic radiation. Thanks to **GBH**, 5G can be used for biosensors to track and monitor our bodies as well. Those injected with **GBH** will become nodes within the "internet of things".

Another possibility is that **GBH** will allow the 5G network to control our bodies and minds. **GBH** is an integral part of Bill Gates QuantumDot/Hydrogel ID2020, or what the Bible calls the "Mark" of the Beast!

Not only does 5G give the elites surveillance over nearly everything we do, but the fact that **GBH** can enter all parts of the body, including the brain, combined with its properties of electrical conductivity means that it can be used to induce muscular contractions and affect thoughts.

In a worst case scenario, you will be reduced to a slave with no will, an automaton.

Controlled by the 5G system, **GBH** can also be manipulated by a process called "electrospinning." New mutations can occur. Your body will no longer be yours, and changes can be made at any given time.

CONCLUSION

The side effects and potential implications of mRNA vaccines were bad enough, but the prospect that the vaccine contains graphene-based hydrogel rather than mRNA adds an even more horrifying dimension to the scamdemic.

Are you willing to voluntarily submit your body and mind to the globalists? This is the question people need to ask themselves before considering taking the so-called covid-19 vaccines.

Related - [In another interview](#), she says that you "are no longer human; you are a synthetic entity." She says all this is acknowledged in the scientific literature. (24 min.) Sherri Tenpenny expects millions will die this autumn. (30 min.)

With the roll-out of every COVID-19 vaccine program around the world, it's now clear that the explicit purpose of the Covid Super Vaccination Agenda was to conduct a slow-motion extermination of the human race.

The European Union database of suspected drug reaction reports is [EudraVigilance](#), which also tracks reports of injuries and deaths following the experimental COVID-19 “vaccines.”

A ‘*Health Impact News*’ subscriber from Europe reminded us that this database maintained at EudraVigilance is only for countries in Europe who are part of the European Union (EU), which comprises 27 countries.

The total number of countries in Europe is much higher, almost twice as many, numbering around 50. (There are some differences of opinion as to which countries are technically part of Europe.)

So as high as these numbers are, they do NOT reflect all of Europe. The actual number in Europe who are reported dead or injured due to COVID-19 shots would be much higher than what we are reporting here.

The EudraVigilance database reports that through July 3, 2021 there are **17,503 deaths** and **1,687,527 injuries** reported following injections of four experimental COVID-19 shots:

Number of Deaths Reported After COVID Vaccines Jumps by More Than 2,000 in just 1 Week, According to VAERS

VAERS data released today by the CDC showed a total of **438,441 reports of adverse events** from all age groups following COVID vaccines, including **9,048 deaths** and **41,015 serious injuries** between Dec. 14, 2020 and July 2, 2021.

Data released today by the Centers for Disease Control and Prevention (CDC) included **9,049** reports of deaths, across all age groups, following COVID vaccines — an increase of more than **2,000** compared with the previous week. The data comes directly from reports submitted to the [Vaccine Adverse Event Reporting System \(VAERS\)](#). As predicted, the deaths each week have been climbing!

[VAERS](#) is the primary government-funded system for reporting adverse vaccine reactions in the U.S. Reports submitted to VAERS require further investigation before a causal relationship can be confirmed.

Every Friday, [VAERS](#) makes public all vaccine injury reports received as of a specified date, usually about a week prior to the release date.

Data released today show that between Dec. 14, 2020 and July 2, 2021, a total of [438,441 total adverse events](#) were reported to VAERS, including [9,048 deaths](#) — an

increase of **2,063** over the previous week. There were [41,015 serious injury](#) reported during the same time period — up 6,950 compared with last week.

Pfizer says boosters will be needed, U.S. federal health agencies, scientists disagree.

As [The Defender reported](#) today, U.S. federal health agencies and the maker of one of the most popular COVID vaccines are publicly at odds over if or when fully vaccinated people will need a third "booster" dose.

Pfizer [announced](#) Thursday it will seek [Emergency Use Authorization](#) from the FDA in August for a third dose of its COVID vaccine. The drugmaker predicted those who have

been fully vaccinated will need a booster shot within six to 12 months of receiving their second dose of the Pfizer vaccine.

But the U.S. Department of Health and Human Services (HHS) hours later issued a [joint statement](#) by the FDA and Centers for Disease and Control and Prevention (CDC) saying, “Americans who have been fully vaccinated do not need a booster shot at this time.”

[CHD Calls on FDA to Take COVID Vaccines Off the Market - Submit a Comment](#)

The HHS statement did not explicitly [mention Pfizer](#), but said “a science-based, rigorous process” headed by the CDC, FDA and the National Institutes of Health would determine when or whether boosters were necessary.

Pfizer’s [assertions](#) about the need for boosters contradict other research, and several experts pushed back against the claim.

“There’s really no indication for a third booster or a third dose of an mRNA vaccine, given the variants that we have circulating at this time,” [Dr. Céline Gounder](#), an infectious disease specialist at Bellevue Hospital Center in New York, [told the New York Times](#). *“In fact, many of us question whether you will ever need boosters.”*

[John P. Moore](#), professor of microbiology and immunology at Weill Cornell Medicine, [told the Washington Post](#):

“No one is saying we’ll never need a booster, but to say we need it now and give the public the impression the vaccines are failing and something needs to be done as a matter of urgency. ... The time isn’t now. The decisions that are going to be made will be made by federal agencies.”

Pfizer and BioNTech are developing a version of their COVID vaccine that targets the [Delta variant](#), [The New York Times reported](#) this week. The companies expect to begin clinical trials of the vaccine in August.

Pfizer and BioNTech reported — based on their own studies that have not been published, nor peer-reviewed, according to the Times — that a booster given six months after the second dose of vaccine increased the potency of antibodies against the original virus and the Beta variant by five- to tenfold.

Vaccine efficacy may decline six months after immunization, the companies said in a [news release](#), and booster doses may be needed to fend off virus variants. The vaccine makers said they will submit their findings to the FDA in the coming weeks, a step toward gaining authorization for booster shots.

17-year-old student required to get vaccinated suffers heart condition.

Concerns around COVID vaccines and [heart inflammation](#), especially in young males, continue to circulate. But according to an [update](#) posted today on the CDC website, the

agency's researchers have concluded the benefits of the vaccine outweigh the risks of myocarditis after vaccination.

European drug regulators today [announced](#) they also have found a "possible link" between a "very rare heart inflammation" and the Pfizer and Moderna vaccines, but sided with U.S. regulators, saying they also believe the benefits of the shots outweighed any risks.

Meanwhile, [The Defender](#) continues to report on teens who have experienced heart issues after taking the vaccines — including a [17-year-old student](#) who developed symptoms of a heart condition about one week after his first dose of Pfizer's COVID and subsequently was diagnosed with a heart condition.

The teen's father, Fabio Berlingieri, [told "Fox & Friends"](#) his son had COVID and recovered, but was required to get the vaccine in order to play soccer.

[Fox News medical contributor](#) Dr. Nicole Saphier, who appeared in the interview with Berlingieri, said the way the 'New York Times' and the CDC are presenting the data regarding the adverse effects of vaccines in adolescents is "irresponsible."

"They cherry-pick the way they present the data. It's an all or none approach. They say either adolescents are fully vaccinated or every single one of them is going to get [COVID-19](#). That's the way they are balancing it right now," Saphier said.

Saphier said more weight should be given to potential adverse effects, like [myocarditis](#) and other [heart inflammation](#) issues, when deciding who should be vaccinated. She also encouraged the FDA to [look closer at vaccines](#) before recommending a universal policy.

Hundreds injured by COVID vaccines turn to GoFundMe for help.

As reports of adverse events to COVID vaccines continue to grow in number, those injured by the vaccines are struggling to pay their medical bills.

As [The Defender reported](#) July 8, more than 180 people injured by COVID vaccines have had to turn to GoFundMe for help with large medical bills and other expenses, including [Emma Burkey](#) — the high school senior who underwent three brain surgeries due to blood clots after receiving J&J's COVID vaccine.

People facing huge medical bills after being injured by COVID vaccines have few options, beyond what their own health insurance covers. That's because under federal law, vaccine makers are shielded from liability.

Those injured by COVID vaccines can only file a claim for compensation through the [Countermeasures Injury Compensation Program](#) (CICP), run by HHS.

Since June 1, the CACP reported 869 pending cases but offered no further information. Since the program's inception in 2010, [only 29 claims](#) have been paid, with an average payout of around \$200,000. The other 452 claims (91.4%) were denied. Ten claims won approval but were deemed ineligible for compensation.

Number of cases among fully vaccinated continue to climb. Reports of COVID breakthrough cases among fully vaccinated people continue to rise, as [The Defender reported](#) earlier this week. As of June 28, the [CDC reported](#) 4,686 breakthrough cases resulting in death and hospitalization.

Nearly 30 people in Louisiana who were [fully vaccinated](#) against [COVID](#) died from the virus, according to the Louisiana Department of Health (LDH). Dr. Joseph Kanter, LDH state health officer and medical director, said 27 people between the ages of 28 and 93 have died with COVID more than two weeks after being fully vaccinated.

According to the [San Francisco Examiner](#), more than 7,550 breakthrough cases have been reported, through June 23, in Californians who were fully vaccinated. Most cases were minor, but 62 people died from COVID, according to the California Department of Public Health.

California's public health agency reported 584 fully vaccinated people had been hospitalized with COVID infection, but hospitalization status wasn't available for 46% of post-vaccination cases. On July 7, state health officials reported 2,013 new infections among all Californians, including 24 deaths.

According to a [report](#) by the Tennessee Department of Health (TDH), breakthrough cases have resulted in 140 hospitalizations and 20 deaths in the state. As of May 1, TDH has not counted all breakthrough cases as the CDC *"asked that only severe outcomes (hospitalization or death) be reported."*

123 days and counting, CDC ignores The Defender's inquiries
According to the [CDC website](#), *"the CDC follows up on any report of death to request additional information and learn more about what occurred and to determine whether the death was a result of the vaccine or unrelated."*

On March 8, [The Defender](#) contacted the CDC with a [written list of questions](#) about reported deaths and injuries related to COVID vaccines. After repeated attempts, by phone and email, to obtain a response to our questions, a health communications specialist from the CDC's Vaccine Task Force contacted us on March 29 — three weeks after our initial inquiry.

The individual received our request for information from VAERS, but said she had never received our list of questions, even though employees we talked to several times said CDC press officers were working through the questions and confirmed the representative had received them. We provided the list of questions again along with a new deadline, but never received a response.

On May 19, a CDC employee said our questions had been reviewed and our inquiry was pending in their system, but would not provide us with a copy of the response. We were told we would be contacted by phone or email with the response.

We have contacted the CDC numerous times since and were told nobody knew the specialist from the agency's Vaccine Task Force who contacted us in March, and our request was still pending in the system. It has been 123 days since we sent our first email inquiring into VAERS data and reports and we have yet to receive a response.

[Children's Health Defense](#) asks anyone who has experienced an adverse reaction, to any vaccine, to file a report following [these three steps](#).

Blessings, Jesus is at the door!
