

The NWO globalist cabal really had no choice but to stage the January 6th false flag black operation.

Here's why the Democrat Party colluded with the US Intel Community to deceitfully stage the Jan. 6 Capitol trespass operation.

SOTN Editor's Note: Inasmuch as it has been scientifically proven that election thief Joe Biden never received anywhere near 81.2 million votes, his handlers needed to shut down the 2021 Inauguration Day celebration.

But why?

Because very few Bidenites (and Biden voters) would have ever showed up for the inaugural festivities, the brains behind Biden's stolen election scheme knew that they had to create a pretext to close down the National Mall in Washington, DC. Otherwise the American people would have witnessed a nearly empty Mall ... after being told that POTUS imposter Joe Biden supposedly received the most votes in U.S. election history.

KEY POINTS: By literally hijacking the peaceful protest attended by the Patriot Movement on January 6, 2021, the FEDs and their numerous co-conspirators made sure the Capitol Building was breached so that the meticulously choreographed event

could be deceitfully labelled an 'insurrection'. Once that absurd propaganda was widely disseminated by the CIA's Mockingbird Media, the incoming Biden administration had sufficient justification to cancel most of the inaugural events that are usually attended by the victorious side of the electorate. Erecting massive metal fences throughout, and cordoning off, much of the Washington, D.C. area only served to further send the false message that the Right posed a serious threat to the incoming ultra-liberal administration.

Were the Mall to be nearly empty, such an unparalleled spectacle of extreme embarrassment would have been perceived by the American people as proof positive that the Biden-Harris team outright stole the 2020 presidential election, which they obviously did. This is why the crucial photograph (posted above) of the January 21st Inauguration was so carefully planned out. For this was the only way for the Democrats to further promote their utterly false narrative of a legitimate Biden victory; and to avoid certain ridicule and searing accusations about the most rampant vote fraud EVER!

Any objective analysis of the January 6th black operation conducted by the Democrat Party, FBI, CIA, Capitol Police, etc. will lead the reader to one primary conclusion: Team Biden had to suspend the traditional Inauguration Day ceremonies or else the election theft crime spree would have been exposed—BIG TIME!

N.B. The ridiculous J6 congressional hearings are also being conducted in an attempt to further legitimize the many bogus allegations lodged against Trump, his inner circle and any Patriot who showed up in D.C. on that day. In point of fact, the "Select Committee to Investigate the January 6th Attack" is such a transparent farce and kangaroo court that it has only inflamed the Truth Movement to really find out what happened. This post contributes majorly toward that end, so please widely circulate this exposé—thank you!

Addendum

Now compare the following photo of President Donald J. Trump's Inauguration Day ceremony.....

President Elect Donald Trump arrives on the West Front of the U.S. Capitol on January 20, 2017 in Washington, DC. In today's inauguration ceremony Donald J. Trump became the 45th president of the United States.

...with a photo of Joe Biden's Inauguration Day. The Democrat Party populated the National Mall with flags instead of voters because very few Democrats would have shown up for a brazen election thief. The DEMS aren't stupid; they know Biden and Harris outright stole the election and would not want to have been associated with the greatest vote fraud in U.S. electoral history. However, that's not to say Biden's liberal base was not VERY happy he stole the ballot from Trump.
