*“Who is not aware by now that the U.S. Federal Government is nothing but a global international crime syndicate that terrorizes the world community of nations via its worldwide war machine and terrorist network as well as tyrannizes its own citizenry via an institutionalized cultural marxist agenda implemented by the firmly entrenched communist/fascist Uniparty?”*

---

Now, please re-read the previous quote very closely to fully comprehend what the American people, as well as the entire world community of nations, is now dealing with—24/7.

No, it's not a pretty picture at all, but it is the grim reality which every American must face up to sooner or later. Or, they ignore it at their great peril.

Which bring us to this:

**PATRIOT ALERT: The Oct. 1st U.S. Government Shutdown followed by a FEMA Emergency Alert**  
**Test on Oct. 4 is no coincidence!**

In light of the established fact that the U.S. Federal Government has been morphed into the extremely malevolent and dangerous US Corporation, which now operates completely outside of the U.S. Constitution, the American people must beware of any and every major move the BEAST makes.

The COVID-19 *Plandemic* biowar and weaponized Covid 'vaccine' programs proved — BEYOND A SHADOW OF A DOUBT — that the US government working in collusion with *Corporate America* will commit casually genocide, wantonly injure and harm, lie and cover up, cheat and steal, deceive and betray, defraud and dupe, etc.

Therefore, there can be ONLY one conclusion about the October. 4th FEMA Emergency Alert Test scheduled for the 2:00 to 3:00 PM time slot as shown below:

SOURCE: <https://www.fema.gov/press-release/20230803/fema-and-fcc-plan-nationwide-emergency-alert-test-oct-4-2023>

Given the extraordinary degree of pernicious scheming by the US government against the citizenry over many decades, and especially since the Federal Reserve Act of 1913, the well-concealed *Shadow Government* that actually runs the United States has

repeatedly demonstrated there is nothing they will not perpetrate to forever destroy the American Republic.

And, YES!, the genocidal perps will even carry out a crazy scheme like this:

---

*On September 29, a livestream symposium of attorneys, physicians and other experts will discuss the dangers of FEMA's October 4 Emergency Alert Test and other issues related to 5G.*

*"We will present overwhelming evidence that signals from cell phone towers are not only capable of causing grievous bodily harm, but are designed to do so," said attorney Todd Callender, a symposium speaker. "For example, these signals could create a viral hemorrhagic fever outbreak designed to force Americans into quarantine centers and into compulsory experimental 'vaccines.'"*

*What's the critical point of this extreme warning?*

Given what has taken place in the nation's capital (and Capitol) thus far throughout 2023, it ought to be clear that the communist-run Democrat Party is in BIG trouble. The non-stop hearings have revealed a level of naked criminality and brazen corruption at every level of the Executive Branch never seen or heard by the body politic. And, the radioactive revelations and bombshell disclosures just keep on coming ... and getting more damning by the day.

Obviously, this does not bode well for the Democrat's prospects for the 2024 elections—ALL ELECTIONS, NOT JUST POTUS.

Which means the desperate DEMs need to do something very bold and brazen, reckless and scandalous to radically change the Internet conversation that's killing them every second now, particularly on social media. In short, they the ultimate game-changer—a real "shock and awe" game-changer!

Well, *Plandemic 1.0* worked like a charm in so many ways, so why would they not execute according to that same playbook. If Joe Biden can outright steal one election in the midst of a wholly manmade and transparently manufactured pandemic, why can't he steal another one.

Of course, "Old Joe" may very likely not make it to Election Day; nor will his rapidly deteriorating doppelgänger. Hence, the purposefully generated chaos, confusion and conflict of a *Plandemic 2.0* would also serve to, say, get *Big Mike* elected in his stead.

Conclusion

As a long-time cyber-security specialist, I can say with absolute certainty that hidden government IT infrastructure, which has been secretly built over several years, can be

used by ill-intentioned perps during the upcoming Emergency Alert Test to produce exceedingly detrimental effects.

In point of fact, the NWO-directed technicians, who really control this highly advanced and sophisticated technology, can do things with it that would absolutely BLOW YOUR MIND—both figuratively and literally!!!

Part II of this exposé will concern itself with the technical arcana and truly precarious tech state of affairs that currently exists, especially for all smartphone users. Here's a sneak preview: [\*\*Is the Oct. 4th FEMA really a testing of their "Quinary Weapon System"?!\*\*](#)

That follow-up will also explain, where it concerns Oct.4th, why you will want to:  
Absolutely NOT Participate.....  
Turn Off ALL Devices.....  
Unplug ALL Computers.....  
And Disconnect ALL Information  
Technology From WiFi.....  
From 2:00 to 3:00 PM ET  
On Wednesday, October 4th.

---

KEY POINT: You won't know what they're really doing with the triggering frequencies on Oct. 4th by anything that happens...so you don't want to expose yourselves to them—DO YOU?!?!?!
