

# Order Out of Chaos

## (Ordo Ab Chao)

In previous articles I have mentioned the name of President Woodrow Wilson, and how his love letters became the leverage used by Zionist Jews to get their man on the U.S. Supreme Court. The leverage did not end there, as he also gave us the Rothschild's Federal Reserve System a few days before Christmas in 1913. And then there is the matter of the Income Tax in order to make the working man pay for the interest on the national debt from government borrowing. Wilson was rewarded by putting his face on the \$100,000 bill, used only between Federal Reserve branches to settle accounts. This is one of many Wilson quotes:

*"Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. They know there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive that they had better not speak above their breath when they speak in condemnation of it."* –(Woodrow Wilson)

There is a strange belief system which has been around for a long time. It has been considered the notion of the lunatic fringe of philosophy until recently. The theory is spelled out in different ways depending on what discipline is speaking. You will understand what I am talking about in relatively short order. A meteorologist named Edward Norton Lorenz is the father of the "Chaos Theory". Back in the 1960s chaos theory started to catch on in scientific circles. Scientists soon encountered other unpredictable natural systems that looked random even though they weren't: the rings of Saturn, blooms of marine algae, Earth's magnetic field, the number of salmon in a fishery, etc. It became more popularly called "the butterfly effect".

Witchcraft believes that rebellion against the order of God will result in true freedom and joy. Libertarians believe that total liberty, such as legalizing all drugs, will make men truly free.

The One World Order system and Freemasonry teaches that the total replacement of God with Lucifer will bring in the most exalted era. Freemasonry is the first user of the title -- "Ordo Ab Chao."

United Nations gurus, along with the Aspen Institute, the Club of Rome, and Maurice Strong, call for death by uncontrolled epidemics to reduce the world to "chaos," thus bringing their New World Order.

If you can understand these theories, you might be demon-possessed, for it requires an exact opposite of the teachings of the Word of God to come to these

conclusions. It will help you to sort this out if you can see how the "chaos" theoreticians are presently working out their convictions in everyday life. The most deadly area today is in the governments of the world, for, through Cecil Rhodes and the Yale scholars known as the Round Table group, "chaos" has come to be the dominating theory beginning in the twentieth century.

### 1. Art and Music.

Art is not thought of first in such a list. War or economics usually come first, only because we are greedy and hate to see the golden goose of Capitalism destroyed. I think art and music are one of the first and best measures of the theory of "chaos." Music is beyond sick. Dissonance has been the order of the day in, a. Rock music where percussion dominates and music is not heard, and, b. New Age music, where the traditional order of music is systematically violated. Art is in total chaos now to the point that, if the painter's signature is missing, it is impossible to tell which way to hang the painting. A chimp throwing paint onto a canvas will likely be considered art in many circles.

The theory of "chaos" dictates that when order is totally violated in music and art, we will then arrive at absolute beauty and inner harmony. New Age music is also referred to as "Space Music." This accompanies the paganized mind of evolution which sees the heavens, not as the revelation of the Glory of God, but this music promotes the notion that the heavens are in perpetual chaos, out of which came our world.

New Age music is now common in the bedrooms of teenagers in Bible believing homes. Christian parents are deceived into thinking that it sounds almost classical and answers the need for a substitute for Rock Music. I have found that the average pastor knows absolutely nothing about New Age music. Dissonance harms the brain and ear drum.

### 2. Economics.

The rulers of the world are now working on the theory that inflation and massive national debts will eventually bring the world under the control of those who can rule best. Governments are not to be trusted. It is best to encourage a country to go deeply into debt, thus making certain that that country will not be able to pay off the debt, and, in the end, they will become enslaved to those above who know what is best for them. Thus, the whole world is slowly sinking into orchestrated designed chaos, and those who know the end of the age from Bible prophecy can discern that this chaos will finally be addressed by the Prince who shall come-- The Antichrist and his mark of new world order.

### 3. War.

It is believed that war will solve all problems and eventually force all nations to agree and work together. Thus, the United Nations encourages small wars, and this will continue from now on around the clock every day of the year until the Antichrist arrives. It is believed that out of these wars will come a world tired of war and ready to submit to those above. We have had several wars which ended in nothing but "chaos" for all

involved-- Korea, Vietnam, Desert Storm, Somalia, Haiti, and Bosnia. Afghanistan and Iraq are the latest ongoing wars. Watch for another hot spot to soon develop for the leaders of the New World Order to treat with a large dose of "chaos." It will likely be Iran, and/or Syria. America has been at war 93% of the time - 222 out of 239 years - since 1776. It's pretty much true that the U.S. is engaged in some military effort of some sort or another at nearly any given time.

#### 4. Everyday life social "chaos"

Policies are chosen which seem insane to the ordinary man, but these are by strict design. Illegal immigration is allowed to go nearly unchecked. This is so that the national identity of nations can be destroyed. Refugees from the wars of the UN are left in the countries to which they flee, thus diluting the sovereignty of the "host" nation. What the past three years brought to Europe is coming to America.

Debtor nations are forced by the IMF and the World Bank to restructure their economies to come in line with world policy. This means that the bulk of revenue is used to service the nation's debts, and the people of that country will starve and suffer horribly. These deaths are seen as blessed progress by the Aspen Institute and Jimmy Carter's old friends like Henry Kissinger. Vince Foster, a bag man for the Clinton's was found dead in the park, may well have been simply a pawn in the chaotic aspirations of certain One Worlders.

We saw this high placed "chaos" for ourselves in Ethiopia where the United States sponsored a Marxist government to destroy the best friend the United States had in Africa. Why? Ethiopia was not in debt to the One Worlders, and Emperor Heilie Sallassie would not borrow from the World Bank. Ethiopia went through extreme "chaos" and terror, and the end result is that Ethiopia is now de facto economically colonized by the One Worlders. The U.S. as the world's policeman is nothing more than a regime change hammer for the Bilderberg Group, the CFR, and the Trilaterals.

Speed limits are raised, thus making "chaos" on the highways. The emergence of gender identity and the LGBTQ+P insanity causing confusion among pre-school children is nothing more than child abuse. Colleges and universities undergoing social engineering with no benefit to society. The efforts to establish androgyny as normal to blur the distinction between male and female. This psychological abuse is the spiking instrument in teen and children suicide.

People are tempted into deeper debt to get toys so that both parents must later leave the home to pay their debts. This brings "chaos" to the family, and it enables the social services people to enter the home to "correct" traditional beliefs. Welfare is doled out generously to those living in the city, not by stupidity, but this is done to bring cities into "chaos." Eventually, those above will have to take over the cities and rule them.

The net effect on the family is that the mother leaves the home to work off the debt instead of "keeping the home," the children rule the parents by terrorizing them with child protection "chaos" threats, and the father becomes the slave of all in the

home instead of ruling it under Christ. Promise Keepers, in the Name of the Carpenter of Nazareth, has been very helpful to encourage the father to run off the enjoy "male bonding" with a bunch of queers while his family flies apart. "Chaos" on all sides. Cities such as San Francisco, Los Angeles, Detroit, are the disgrace of collapse of society.

Building codes, safety rules, property regulations, Indian burial grounds, wetlands, ranching control regulations, vehicle requirements, and a thousand other areas, are targeted to regulate people until they either go crazy trying to hold the old value systems, or they give in and accept "chaos" as normal. The Conservancy, Audubon Society, and the Sierra Club scream for the owls and frogs to have the civil rights to enslave people, while God wants man to take dominion over the garden. Ranchers are regulated off their land, resulting in ugly ranches where too few cattle graze. New Jersey began taxation of rain water of property owners.

#### 5. AIDS:

AIDS was developed by U.S. Army research labs and distributed in small pox vaccine by the World Health Organization in order to bring the world, Africa in particular, into total health "chaos." The One World elite could then take over by rescuing the victims from disaster. The first director of the World Health Organization was an ex-Nazi, so you should be able to figure out why Africans needed to be eliminated-- they are inferior racially.

Sodomites in San Francisco were given the virus on purpose in the Hepatitis B vaccine. Why? Sodomites do not reproduce, so there is no one to pay their social welfare bills as they get old. Someone simply gave the order to kill them all, and it is working. I could never understand why sodomites in the Bay Area didn't figure this out. The public panic over Measles seems to matter more than illegals entering the country with contagious diseases such as TB, Typhus, and Typhoid, diseases that were eradicated decades ago. There is an Ebola virus that was most likely manufactured in the US-funded Kenema bioweapons lab, with links to elites Bill Gates and George Soros. Fundamental Baptists want you to get right with God, get "saved, and LIVE." The One Worlders want you DEAD. So who do you hug? And, who do you hate?

### **WHERE DID THIS ALL BEGIN?**

In the garden of Eden Lucifer told Eve that if she would violate the law of God and enter the world of "chaos," she would be "like God." Her lusts were stimulated, and she went for the "chaos" theory. She got "chaos," but it was terminal and death resulted. The "chaos" scholars and theoreticians really believe they can beat the odds. They are now introducing "chaos" as the origin and end of the universe. Mathematicians are now promoting "chaos" as the ultimate key to all mathematics. When I was in school in the 50s, if we had tried that, we would have been sent to the office for a "tongue lashing and given detention for a week".

### **CONFUSED?**

If you are a born-again Christian, and you read your Bible as the absolute source of revelation and truth, I expect that you may not even understand what I am writing about. "Chaos" as the definition of all eventual order is so alien to the Bible that it could drive you lunatic trying to figure it out. The elite orchestrate their "mind games" to confuse and disrupt the moral compass of modern society.

Here is "chaos" in a nutshell. The second law of Thermodynamics is known as Entropy, Entropy, says, *"All systems and forms are breaking down from higher order to lower order."* This law was created in this world and universe by God, and it is observable in the laboratory of everyday life. Evolution has been saying that things can go from lower to higher order. This is scientific insanity, and many reasoning unsaved scientists know that evolution could not take place on its own. So, some explanation had to be given for the reality of Entropy. The explanation now is that "chaos" is in reality a process where Entropy eventually destroys all order, especially God, and replaces it with heavenly "chaos." Out of this new "chaos" comes the New Order.

All "One Worlders" agree on one thing-- God must be destroyed by Entropy. The faster Entropy progresses, the sooner God is out of our hair, so make the "chaos" greater and more vicious. The death and destruction of millions is a small price to pay to get rid of God once and for all. Several years ago Bill Gates was caught on video saying that *"if we did our job of vaccinating good, we could reduce the world population by 15%."* Gates also did not permit his children to be vaccinated! According to 'LifeSiteNews', Target department stores are not only offering clothing and accessories celebrating the gay lifestyle to adults and children, but the company has also pledged to donate \$100,000 to a nonprofit that trains students and teachers in LGBT politics and advocacy.

By the way, you boys in the Militia-- Have you bought into the notion that a revolution and anarchy will result in liberty and freedom? Are you thinking? Are you brain dead? Ask the folks in Uganda how it worked out when they brought their nation "chaos" by rebellion back in the 1970s. They got Idi Amin for their New Order!

### **YOU STILL DO NOT UNDERSTAND, DO YOU?**

Great, you must be sane, and, chances are, you are living by the Faith in the Lord Jesus Christ. You also believe real things you can observe, and you like order in your life. You have faith that God is absolutely in control of the universe, and you like it that way. God's laws give you comfort, right?

The only thing you need to understand is this. As this age comes to an end, and as the return of Jesus Christ comes very near, Satan is working flat out to destroy all sense of order. It is very clear, to those who take a literal future view of the book of the Revelation, that God is going to let mankind have the "chaos" they so dearly want. They will have it until they cry for God to kill them, but He won't. He will heap their "ecosystem" and their "greens" and their "fauna" and their dear "flora" on them until they scream for rocks to fall on them. Entropy? Yes, and in massive doses I dare say.

## **TO THOSE IN REFORMED AND RECONSTRUCTIONIST GROUPS**

A word of warning. You fools cannot fix it. Satan will have this his own way soon, and those who serve him will go to the limits of Satanic terror and then get the wrath of God for dessert. You would do much better to simply preach the Gospel of the Lord Jesus just like He told you to. But most of you will buck the system and be devoured by the "chaos" rather than take precious souls to the Glory with you. Fools - fools all.

I have a friend who long ago abandoned his dispensational heritage to go over to the Reformed system. He, with a straight face, claims that the world is getting better and better. This shows that it is possible to fool a saint into thinking that "chaos" is bringing in the Kingdom. What does this say for Jesus Christ? What a lovely gift to Him upon His arrival!

### **"CHAOS" IS NOW ENTERING CHRISTENDOM**

Doctrinal truth is out, and "caring" and "unity" and "feeling" are in. Bach and the old hymns are out, and the long haired sodomite boogie boy is up front crooning into the mic or blasting you with a rock guitar. Exalted worship is out, and dog barking "holy laughter" and mindless bar-room brawling is now the "order of worship." Rather than one Bible with absolute authority, there are now nearly 200 versions in English, the language of the New World Order. The King James Version has become the target of all scholars of all seminaries, and it is a night and day battle to bring "chaos" to the Word of God. Those who resist are defined clearly as the enemy. Just remember, the King James Bible is *'The Inspired Word of God: Mathematically Proven True!'*

The book of Revelation, along with the book of Daniel, teaches that the world will be gathered into one single valley in Israel, Armageddon, for one last push for absolute "chaos" and for their false christ, Satan. This war will not end in order because of them, rather; in spite of them. Christ will arrive in "power and great Glory" to slash them all to pieces just before HE introduces absolute order. Hallelujah-- Even so come Lord Jesus.

### **WHAT SHALL WE DO?**

We cannot reverse the overall flow of this "chaos" in the world or in these maniac jerk-water church settings. We must go back to the homes for our church life. We must hold to the faith once delivered, and we must do so in the place where we can still submit to the sovereignty of God - our homes. The house church will soon be the ONLY place where there will be order and "the beauty of holiness." Our children must hear daily from us as we reject and mock the "chaos" principles in their world and ours.

If our Lord chooses not to return for a number of years, our children will have to survive a worse world than we are now experiencing. We must resort to God's Word regularly as the absolute authority in every area of life. We must eagerly prejudice our

children, and we must encourage our children to be evangelists of both the Gospel of Jesus Christ as well as the orderly Laws of God in His creation. We must encourage our children to destroy the faith in "chaos" which they hear in their neighborhood friends. We must undermine, at every opportunity, all propaganda of "chaos" which we hear in the market place, at the school board meeting, and in the Lord's Church. Militant? Yes, but not for political policy. We must be daily at war with the mind of Satan on the left hand and on the right. Remember this, there are 6,500 genes that differ between a male and a female, that distinguish each as unique, ***and "I will praise thee; for I am fearfully and wonderfully made: marvellous are thy works; and that my soul knoweth right well."*** -(Psalm 139:14). Genetic researchers have studied the 20,000 genes that each of us are made up of and no amount of chaos excrement can change what God made as male and female!

### **Order out of Chaos**

Our society is run by insane people for insane objectives. I think we're being run by maniacs for manical ends and I think I'm liable to be put away as insane for expressing that. That's what's insane about it. Watch Nancy Pelosi try to speak when giving a statement to the press or in the congress.

Will the Brotherhood actually play the fake alien invasion card? No one knows for sure what the future will bring, but based on their history, the elites doubtless hope to continue their process of "Order out of Chaos," to further centralize and globalize their control.

This term "*Order out of Chaos*," in Latin "***Ordo ab Chao***", is the slogan of the 32<sup>nd</sup> and 33rd degree of Freemasonry.

"Secret Societies have a great motto (sic), 'Ordo Ab Chao' meaning 'Order Out of Chaos'. Agendas are formulated designed to give the powerful more power. Chaos is created, and media blitzed. Then cries go out for solution. Laws are passed which could never have been passed without the chaos. The order, has reigned through deception of the masses, and the agenda is accomplished."

The Latin inscription on the banner around the Judaic eagle's head (below the Star of Moloch) "E Pluribus Unum" ("From the Many – the One") In other words, first they combined all the ancient stellar cults, now they're going to combine the world's governments, militaries, currencies, banks into one.

The New World Order can and will be defeated through a world wide awakening. Once the world's population understands the information presented in this book, secret society rule will by necessity be phased out. As the populations awaken, the Brotherhood and their conspiratorial control mechanisms that have worked to enslave mankind for thousands of years will quickly crumble.

We must shun secret societies and shame on their members. Shame on the world's "royalty," their knights and vassals, shame on their spineless lapdogs. It is high time for free humanity to make a stand. Support smaller government. Don't buy their pharmaceuticals, don't drink their fluoridated water, and don't take their vaccines.

Don't eat their junk, genetically modified, nutrient starved food. Buy from local businesses and not from huge corporations and department stores. Drink distilled water. Don't watch their "programs" or tune in to their "channels." Don't buy into their "news," their magazines, or expert opinions. Don't be scared of their bogeymen, fall for their patsies, or accept their "problem-reaction-solutions." The EPA recently declared that glyphosate is safe, despite scientific evidence linking this chemical to cancer. Monsanto has been found guilty in three cases of cancer of greens keepers who used "Roundup" for years.

Refuse RFID chips and the big brother surveillance society. As they phase from fiat currency to their cashless credit based system, we phase into precious metals and old-fashioned trade with locals. The key to overcoming the conspiratorial, oppressive world system is by focusing on and improving your own local systems.

We've given our responsibility away and it's time to reclaim it. The price has been too high to bear.

*"One of the penalties for refusing to participate in politics is that you end up being governed by your inferiors."* –(Plato)

The biggest obstacle in overcoming the conspiracy is information. The most important thing to do is **continue educating yourself** and start awakening others to the global conspiracy. Educate your friends, family, neighbors and coworkers.

Don't be silent or scared. It is now or never if free humanity is going to overthrow the global elite and their world governance systems. Speak up, speak out, be active and creative. Write articles, post on internet message boards, speak at community meetings. Question authority. Question consensus reality. Only trust your own third eyes.

*"The conspiracy can be defeated. The Insiders are not omnipotent. It is true that they control important parts of the federal government, high finance and the mass media. But they do not control everything, or the vise would already have been closed. We might say the conspiracy controls everything but you.*

*You are their Achilles heel if you are willing to fight. There is an old cliché in sports that quitters never win and winners never quit. We need a million Americans who are not quitters, but, moreover, who have the will to win!"* –(Gary Allen, 'None Dare Call it Conspiracy')

**Problem – Reaction – Solution**

One of the methods used by the elite to incrementally implement their New World Order agenda is known as “Problem-Reaction-Solution” or the “Hegelian Dialectic” from the 19<sup>th</sup> century German philosopher Friedrich Hegel.

Hegel proposed that all spiritual, intellectual and historical development (whether negative or positive) progressed from the outcome of two opposing ideals. Thesis clashed with antithesis and this produced synthesis. The modern day application of the dialectic is used by the ruling elite to create mass groupthink that enables them to further their agenda without opposition. In its simplest form, it is brainwashing. In the past, the dialectic has been used to manufacture war. It's behind the attack on the 2<sup>nd</sup> Amendment rights of the people to possess arms to protect.

Both the Bolsheviks and the Nazis were funded and supported by the global elite. These two forces were then made to clash in order to foment the chaos of World War Two. The widely used term amongst researchers today is ‘Problem-Reaction-Solution’ and the tactic is mainly used to oppress populations, advance the police state and further the geopolitical aims of the New World Order.

First a problem is created and designed to elicit a certain reaction out of the public.

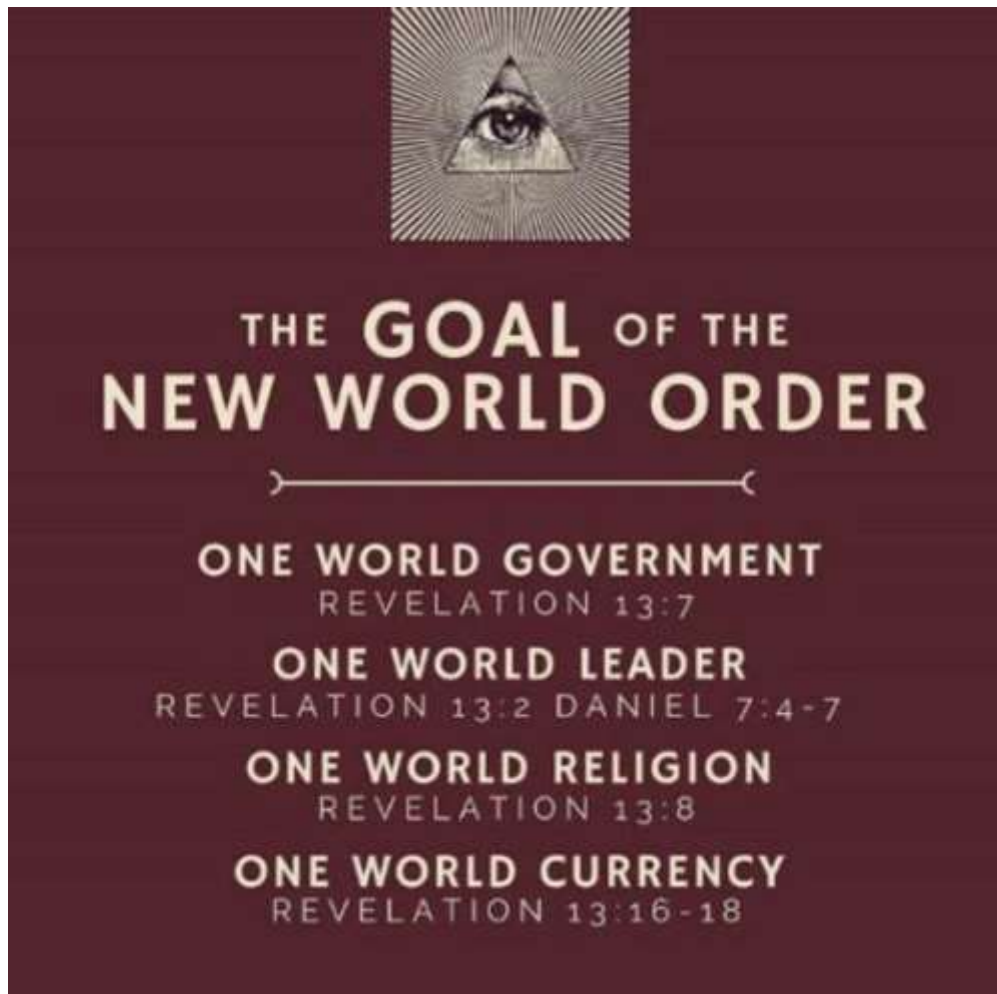

Then the people demand something be done about the problem and willingly accept the preplanned NWO solution; a solution that always involves actions or legislation that never would have passed under normal circumstances.

It works like this – the manipulating body covertly creates a problem and then directs the media to incessantly focus on it without recourse. Remember, you only need to control the top of the pyramid – most media coverage is an exercise in regurgitating what the big newspapers and T.V. stations are reporting.

The problem could be anything – a war, a financial collapse, a rash of child abductions, or a terrorist attack. The power of the media can create the false perception that a big problem exists, even if it doesn't ... The most recent problem has been the Measles scare. Once you have created this problem you make sure that an individual, a group or an aspect of society is blamed. This then rallies the population behind the desperate lunge for a solution to the problem. ‘Something must be done!’ they cry in unison.

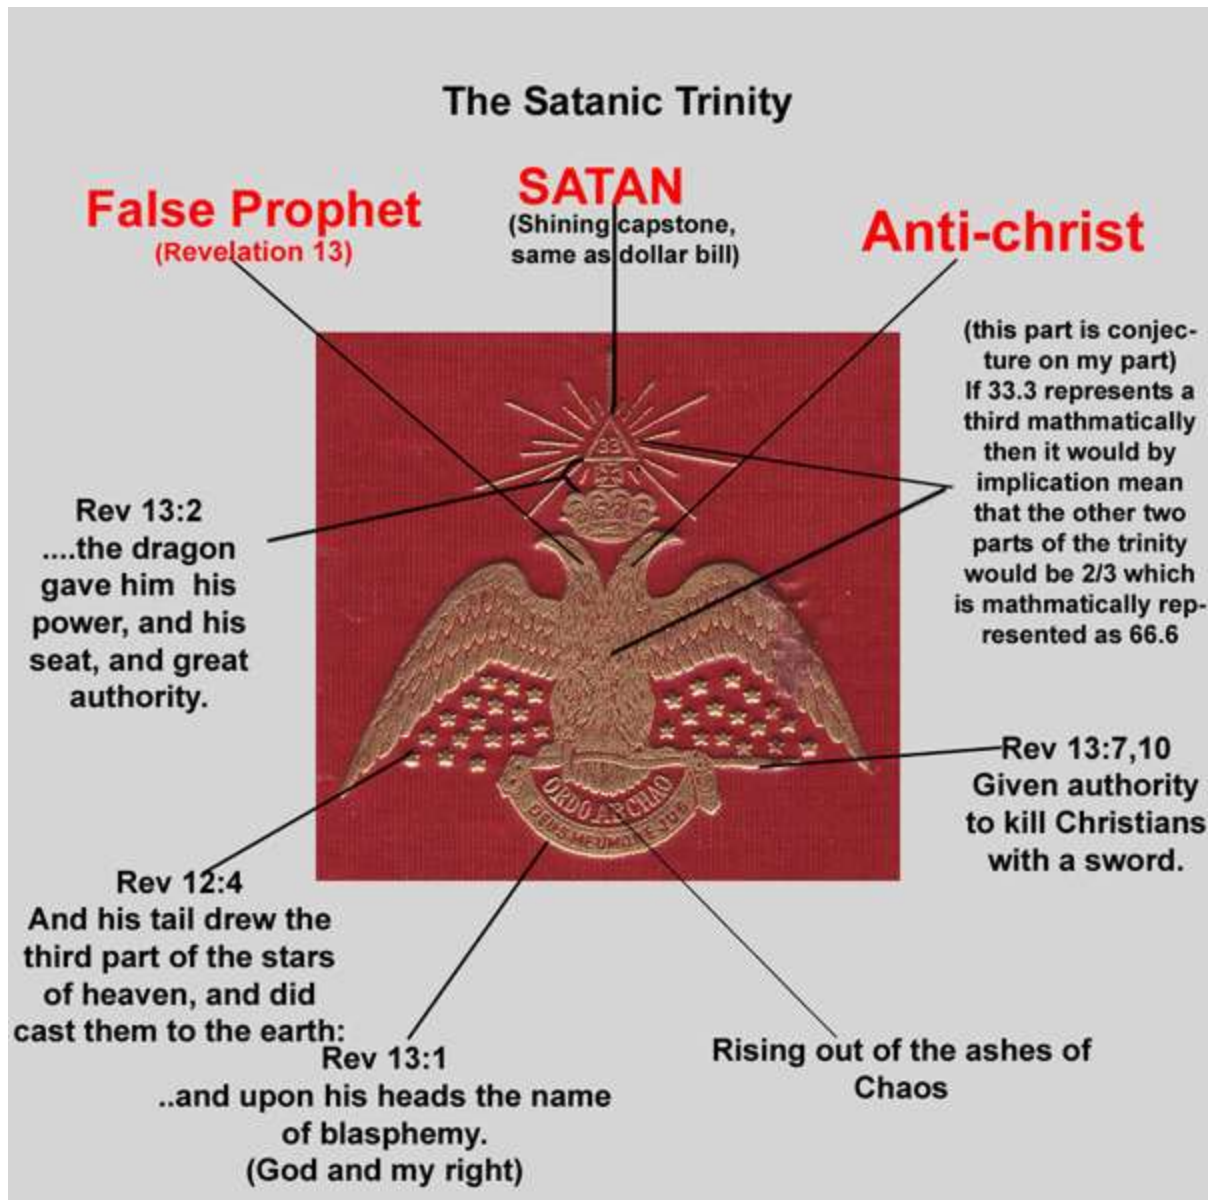

The people that created the problem in the first place then come back in and offer the solution that the people demand. Remember – the people screaming for a solution do not know that the problem was artificially created in the first place. The solution to the problem is always a further curtailment of freedom and an advancement of one or more aspects of the New World Order agenda – whether that is geopolitical expansion, new laws or the implantation of new societal worldviews.”

The Hegelian dialectic of “problem-reaction-solution” leads to enslavement. Attack yourself, blame your enemies, and tell the public you can protect them if they give up their freedoms.

Of the many symbols and phrases of Freemasonry, a few mottoes are important enough to be prominently, and sometimes publicly displayed on flags, seals, or regalia. The phrase “Ordo Ab Chao,” is the motto of the 32nd and 33rd degree, which can be found on the grand decorations of the Order of the Sovereign Grand Inspectors General, one of the highest honors and roles which can be bestowed upon a Mason. It is also featured on other seals and flags representing various Orders.

This phrase being depicted so prominently, particularly in relation to the 32nd and 33rd degrees, indicates a tremendous importance to Freemasonry. Indeed, “Ordo Ab Chao,” translated to “Order from Chaos,” is also associated with another Latin phrase, “Lux In Tenebris,” which translates to “Light from Darkness.” Why is the idea of Order from Chaos or Light from darkness so significant to Freemasonry?

According to Manley P. Hall, 33<sup>rd</sup> Degree Freemason, what is being depicted in this most important symbol is actually a double-headed Phoenix, not an eagle, he says:

*“Among the ancients a fabulous bird called the Phoenix is described by early writers ... in size and shape it resembles the eagle, but with certain differences. The body of the Phoenix is one covered with glossy purple feathers, and the plumes in its tail are alternately blue and red. The head of the bird is light in color, and about its neck is a circlet of golden plumage. At the back of its back the Phoenix has a crest of feathers of brilliant color ... The Phoenix, it is said, lives for 500 years, and at its death its body opens and the new born Phoenix emerges. Because of this symbolism, the Phoenix is generally regarded as representing immortality and resurrection ... The Phoenix is one sign of the secret orders of the ancient world and of the initiate of those orders, for it*

*was common to refer to one who had been accepted into the temples as a man twice-born, or reborn. Wisdom confers a new life, and those who become wise are born again.” [pg. 176-77]*

Below is the logo of the Bilderberg Group, the foremost globalist organization of puppeteers that first began meeting in 1954. Note the “Ordo Ab Chao” and the two-headed Phoenix image below. This year they kept secret their 2019 meeting until the week before the annual gathering of world names in politics and business. It was announced on May 28<sup>th</sup>, 2019 that they would convene this year’s gathering from May 30<sup>th</sup> to June 2<sup>nd</sup> and it would be in the Palace in the Swiss town of Montreux. Interestingly so, the President’s son-in-law Jared Kushner has been invited to attend this year’s meeting. Montreux is on the shores of Lake Geneva, Switzerland. World leaders desire to be briefed on President Trump’s “Deal of the Century” anxious to hear from the lips of the Zionist-Chabad-Jew Jared Kushner how he plans to bring “peace and security.”

The phoenix is symbolically rising out of the "ORDO AB CHAO" banner meaning "Order Out of Chaos." Which is how they intended to bring about the Luciferian system i.e., out of chaos. Read this quote from Albert Pike about the coming of the Luciferian system, note also that this symbol appears on the cover of his book *'Morals and Dogma'*. Remember, in the rites and rituals of Freemasonry, it is in the 19<sup>th</sup> degree that the Lodge brother learns that he worships "Lucifer"!

*"The Third World War must be fomented by taking advantage of the differences caused by the "agentur" of the "Illuminati" between the political Zionists and the leaders of Islamic World. The war must be conducted in such a way that Islam (the Moslem*

*Arabic World) and political Zionism (the State of Israel) mutually destroy each other.” Meanwhile the other nations, once more divided on this issue will be constrained to fight to the point of complete physical, moral, spiritual and economical exhaustion. We shall unleash the Nihilists and the atheists, and we shall provoke a formidable social cataclysm which in all its horror will show clearly to the nations the effect of absolute atheism, origin of savagery and of the most bloody turmoil. Then everywhere, the citizens, obliged to defend themselves against the world minority of revolutionaries, will exterminate those destroyers of civilization, and the multitude, disillusioned with Christianity, whose deistic spirits will from that moment be without compass or direction, anxious for an ideal, but without knowing where to render its adoration, will receive the true light through the universal manifestation of the pure doctrine of Lucifer, brought finally out in the public view. This manifestation will result from the general reactionary movement which will follow the destruction of Christianity and atheism, both conquered and exterminated at the same time.” –(Pike's Letter to Mazzini).*

In Revelation 13 you will notice that the functions of Dragon, 1st beast (Anti-christ) and second beast (The False Prophet) are a counterfeit of the functions of the Father, Son, and Holy Spirit. Here is a brief overlook of this:

THE TRINITY OF GOD:

God the Father  
God the Son  
God the Holy Spirit  
Brings glory to the Son

THE TRINITY OF SATAN:

Satan (or the dragon)  
The Antichrist (or beast)  
The False Prophet  
Brings glory to Satan

The image of the two-headed eagle represents Satan giving authority (crowning) this team with his authority and power:

In Revelation 13:12 the dragon gave him his power, and his seat, and great authority. This same authority applies to the false prophet as well: Revelation 13:12 ...And he exerciseth all the power of the first beast before him.

The sword in the talons of the bird is, representative of the primary focus of both these beasts, that is the systematic killing of Christians, also note that that's exactly what Albert Pike said in the earlier quote would be the fruit of the deception that brought about the manifestation of the doctrine of Lucifer.

Revelation 13:7-10 ***“And it was given unto him to make war with the saints, and to overcome them: and power was given him over all kindreds, and tongues, and nations. And all that dwell upon the earth shall worship him, whose names are not written in the book of life of the Lamb slain from the foundation of the world. If any man have an ear, let him hear. He that leadeth into captivity shall go into captivity: he that killeth with the sword must be killed with the sword. Here is the patience and the faith of the saints.”***

The banner underneath the Phoenix, the one that is supposed to be announcing the name of the bird reads, "DEUS MEUMQUE JUS" This would be consistent with what we read in Rev 13:1 ***"and upon his heads the name of blasphemy."***

This is why some people think the Latin phrase is blasphemous. Albert Pike gives solid evidence of Freemasons worship of Satan on the cover of *Morals and Dogma*. Below the seal of "God", Pike writes a Latin phrase, which proves to be a typical Satanic phrase. One look at this phrase would alert any Satanist that the contents of this book are Satanic! What is this phrase? "DEUS MEUMQUE JUS" The literal meaning is God and My Right.

What is being depicted in this symbol is the Satanic Trinity, Satan (here represented as the shining capstone, much like on the back of the one dollar bill) The anti-christ, (one of the heads of the Phoenix), And The False Prophet, (the other head.)

A former Satanist, Doc Marquis (recently passed away) says this statement is a very characteristic one within Satanism. It has two meanings. First, this phrase means that the Freemason can depend upon their God, Lucifer, to determine their Right and Justice. Secondly, since the God of Freemasonry is Lucifer, Masons are saying that they are "using occult methods", through Lucifer, to achieve their Rights and Justice. Furthermore, in Freemasonry, nearly everything has a double meaning or message; one for the enlightened Lodge member and one for the outside world, or as Pike said, one for the initiate and one for the profane.

Marquis says that this phrase is very powerful and very dangerous within Satanism. If a Satanist sees this phrase in Latin on Pike's book, he knows the material within is Satanism! The Mason seeks power even the power to control the forces of Nature. This is typical of the Luciferian worshipper. Way back in the Garden of Eden, Satan, posing as the beautiful Serpent, convinced Eve that she needed the same knowledge that God had finally convincing her to eat from the forbidden Tree of the knowledge of good and evil. Ever since sin came into the world, those who practice it seek selfish power to control others and the world around them.

The stars under the bird could represent the 1/3 of the stars (angels) that the dragon draws to earth with his tail as he is fallen: Revelation 12:4 ***"And his tail drew the third part of the stars of heaven, and did cast them to the earth:"***

As far as the number 33 we can only conjecture, but in light of the other signals that this is talking about the satanic trinity the 33 represents Satan in the capstone, and that he is 1/3 of the trinity which would be expressed as 33.33333 and that would make by association, the double headed bird (the other 2/3 of the trinity) 66.66666 Revelation 13:18 ***"Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six."***

**Historical Artifact, or Essence of the Craft?**

One theory about the origin and significance of this phrase has mostly to do with Masonic history in the United States. In the early 1800s, there was some division and conflict between the Northern and Southern jurisdictions of the Scottish Rite, in the US. According to this theory, when the Rite being practiced in the North it was found to be a fraud, and the conflict resolved in the restoration of the original Rite, this was where the original use of the phrase emerged.

But more than that, Albert Pike has been called the Pope of American Freemasonry and has gone down in history as well as for the sharing of Mazzinian ideals also for his Satanic veneration. "Born in 1809 in Boston, he became one of the most famous lawyers in the South. With almost superhuman intellectual faculties he spoke and wrote 16 languages. He entered Freemasonry in 1850, in 1859 he became Grand Master of the Ancient and Accepted Scottish Rite namely the supreme head of American Freemasonry "writes Estonian scholar Juri Lina on page 196 of his book '*Architects of Deception: The Occult History of Freemasonry*'. Juri Lina dedicated a life to deepening international plots and because of his clear opposition to Communism in 1979 he was exiled from his country. Even other scholars of American history agree that Pike, after the election of Abraham Lincoln in 1860, through his Masonic hegemony, was among those who directed the insurrection of the South that led to the bloody US Secession War (1860 -1865). A few years earlier, in 1854, one of his close collaborators, Judah Benjamin, formed the "Knights of the Golden Circle" (Knights of the Golden Circle). Their first operations consisted of the paramilitary training of terrorists throughout Central America, with the aim of provoking a war between the United States and Spain, which ruled that area. To note the curious coincidence that they acted in the South American countries a few years after the guerilla actions carried out there by the Italian Mason Giuseppe Garibaldi before his return to Italy.

Perhaps the most dismissive theory, in this case the "*Order from Chaos*" was simply the order restored from the chaos of the schism between jurisdictions, and all other meanings commonly attributed to it are purely speculative.

While it's important not to rule out such an explanation simply because it's only historically interesting, it's hard to believe that the motto would be considered so significant if it didn't have a deeper symbolic meaning. What are some other possible meanings?

### **The Universal Phoenix?**

The first clue to the more profound meaning and significance of this phrase is the origin of its correlate, "*Lux in Tenebris*." This phrase comes to us from the Latin translation of the Gospel of John, in which it is said "***The Light shone in the darkness, and the darkness did not comprehend it.***" While "*Ordo Ab Chao*" can be traced to the early 19th century, this other phrase is obviously much older, and carries similar meaning. Mazzini was the founder of the revolutionary group known as the Italian Mafia.

What is meant when we say to bring Light from darkness, or Order from chaos? Much as the operative Masons of old took the rough stone of the natural world and hewed and smoothed it in such a way as to be fit for the construction of elaborate and pristine structures such as cathedrals, so the speculative Masons of today apply the same discipline, and even the metaphor of the builder's tools, to draw forth Order from the Chaos of their own lives and minds. Just as God is said to have made a Light to shine in the darkness which comprehended it not, so are we to be as Lights of knowledge and integrity in the darkness and ignorance of the world, even when it does not understand that Light.

On an even deeper level, what is this universe made of? There are many ways to answer that, and one of them is that it is made of gradients of Order and Chaos. We can see in history and in our own lives that these are not two separate things, but are both a continuum, and a dynamic process of change. As Chaos ensues, old orders are broken down to allow new ones to emerge. Like Ying and Yang, death and rebirth, Order and Chaos follow from and give birth to one another, in an ever-renewing cycle of creation and evolution.

Note carefully this point: The Cabalists (Freemasons, Satanists) in charge believe in destroying everything that is good in order that their evil dispensation may arise from the ashes. Cabalists are determined to foment another world war to establish a world Communist dictatorship. They need to turn the world upside down so that Satan, who represents their own demented megalomania and perversion, can be on top. The insanity displayed by the Masonic leaders of the West can only be explained by the occult. They are deliberately instigating a wider war; Albert Pike presented his plan or "vision" for three world wars to exhaust humanity to the point it would willingly submit to a New World Order. The first two of the three world wars were precisely as World War I and II occurred. This third world war is soon to commence and engulf the Middle East.

Henry Makow Ph.D. states that The Cabalist "Doctrine of Destruction" provides a key to understanding world events. America has been at war 93% of the time – 222 out of 239 Years – Since 1776. This fact can be understood as the consequences of Vatican-Jesuitism orchestrating events through the workings of Freemasonry.

According to the Cabala, which is the secret doctrine of Judaism and Freemasonry, *"Evil and catastrophe [are] endemic factors in the process of creation. Without evil there could be no good, without destruction, creation could not take place."* (*'Kabbalah: An Introduction to Jewish Mysticism'*, by Byron L. Sherwin, pg. 72).

Cabalists believe the Old (Christian) Order must be ruthlessly destroyed before the New (Satanic) World Order, based on the Kabbalah, can be built. 9/11 was precisely such an event. Freemason Jonathan Cahn used his novel *'The Harbinger'* in magnifying "Ordo Ab Chao" and the Kabballah. Cahn is a man steeped in Kabballah and the Zohar flaunting the message of "Ordo Ab Chao!" Naïve Christians revere him as if he was a modern day prophet! In reality, he is a "snake in the grass!"

Hence, the Illuminati motto: "*Order Out of Chaos.*" Hence, the Communist Manifesto advocates the destruction of nation, religion and family and the transfer of all private wealth to the Illuminati bankers, in the guise of the state.

The Doctrine of Destruction explains why war and revolution have been characterized by gratuitous genocide, terror and destruction. The bombings of Dresden, Germany is an atypical example. Hiroshima and Nagasaki came months after the Emperor of Japan had sued for peace!

It explains the banishment of God from public discourse and the widespread acceptance of obscenity, pornography and the occult. It explains the attack on gender and the promotion of homosexuality to heterosexuals. It explains the spate of false flag terror that is a hallmark of modern life. The LGBTQ+P is not about tolerance, it is about destroying Christianity, and the church wants to help it become considered normal!

It explains why humanity seems cursed by never-ending crises and catastrophes. They are engineered by the Illuminati to attack and destroy anything that smacks of the healthy divine order -- spiritual or natural. In the expanded edition of '*Under the Sign of the Scorpion*' (2002), Estonian writer Jüri Lina unearths Cabalist (Masonic) Jewish authors who take credit for Communism, and by extension World Government. While long suspected, this has rarely been confirmed by Jewish sources.

The Bolshevik Revolution "was brought about through the hands of the Jews," M. Kohan wrote on April 12, 1919 in the newspaper Kommunist (Kharkov).

Juri Lina cites a Zionist (i.e. Masonic) document found on the body of a Jewish Communist Battalion Commander published in an Estonian newspaper on Dec 31, 1919 that suggests Communism in fact was a disguised economic, race and religious war:

*"Sons of Israel! The time of our final victory is near. We stand at the beginning of our world dominion and our renown.... We have transformed Russia into an economic slave and taken nearly all of its riches..."*

*"We must eliminate their best and most talented individuals... We must provoke class war and dissension among the blind peasants and workers [and] ...annihilate the cultural values the christian peoples have acquired... faithful sons of Israel hold the highest posts in the nation and rule over the enslaved Slavs." -(pg.162).*

While many in the west are still in denial, Juri Lina's books provides substantial support for the view (which I share) that mankind is the victim of a long-term Satanic (Cabalist Jewish, Masonic) conspiracy to enslave and despoil it.

The Masonic & Zionist-Jewish central banking cartel used the rhetoric of Communism (class warfare & public ownership) to conquer Russia and China. These were basically foreign (Jewish, Masonic) invasions disguised as "revolutions."

Talk of reform was a ruse. The New World Order is an extension of the same force to embrace the whole planet. Naturally, the Communists didn't want this connection made. They outlawed "anti-Semitism" on pain of death. Russian patriots were regarded as "anti-Semitic" and exterminated. People in possession of the "Protocols of Zion" were executed on the spot. Ironically, we are currently seeing a concerted effort to ban anti-Semitic as a hate crime, to punish the BDS movement by many Protestant denominations [BDS = boycott, divest, and sanction]. Our first Jewish President, Donald J. Trump has lent his name in support of such dangerous legislation.

The fact that Communist atrocities are soft pedaled here in the West and "hate laws" introduced, confirms that the same power is in control here. Based on their track record, unless they have changed, we could be in grave danger. Communist executions were published in the Cheka's weekly newspaper. In 1917-18, 1.7 million people were executed.

Juri Lina's books '*Under the sign of the Scorpion*', 2002 and '*Architect of Deception*', 2004 are not easy to come by these days. I purchased my copies from a UK bookseller in 2007. Both of Juri Lina's books unmask Freemasonry in Europe. Juri Lina claims that the USSR was ruled by Jewish gangsters. Soviet "anti-Semitism" was the spin they put on their gang wars. Marxist ideology was a smokescreen. Josef Stalin was a Jew who spoke Yiddish and married Jewish women. He was diagnosed as a "paranoid hysteric" by a doctor he murdered for revealing this.

He had an inferiority complex due to being only five foot one inch tall and employed a stand-in for public appearances. He murdered his second wife in 1932 when she accused him of genocide. Like Lenin, another Jew (who died of syphilis) Stalin was also bisexual. (pgs. 284-286). These are the freaks the Illuminati bankers put in power. Adolf Hitler was a secret closet Rothschild descendant.

Stalin was under the influence of another Jew, Lazar Kaganovich (and married his sister.) Kaganovich played on Stalin's paranoia to murder over 20 million Communist party leaders, functionaries, and army officers, especially those aware of his nefarious deeds. Stalin and Kaganovich were after their rivals' gold.

During the Great Terror of 1934-38, NKVD Officers began wearing a new symbol on their sleeves, a sword and serpent. *"This symbolized the struggle of the cabbalistic Jews against their enemies,"* Lina writes. *"There is no devil according to the Talmud. Satan and God are united in Yahweh."*

## THE ILLUMINATI

The present day Illuminati grew out of the satanic "Sabbatean-Frankist" Jewish heresy in the 17th and 18th centuries. The bankers and half the Jews of Europe adopted this pestilence and spread it to the Gentile elites through Freemasonry. Thus, Illuminati Jews characterize the "Jewish" role in terms of the destruction of civilization. For example, in the book '*You Gentiles*' (1924) Maurice Samuel writes:

***"In everything, we are destroyers--even in the instruments of destruction to which we turn for relief...We Jews, we, the destroyers, will remain the destroyers for ever. Nothing that you will do will meet our needs and demands. We will forever destroy because we want a world of our own."*** (pg. 155).

In 1928, Marcus Ravage, a Jewish Rothschild biographer wrote an essay entitled, "The Real Case Against the Jews."

***"You have not begun to appreciate the real depth of our guilt. We are intruders. We are disturbers. We are subverters. We have taken your natural world, your ideals, your destiny, and played havoc with them. We have been at the bottom not merely of the latest great war but of nearly all your wars, not only of the Russian but of every other major revolution in your history. We have brought discord and confusion and frustration into your personal and public life. We are still doing it. No one can tell how long we shall go on doing it."*** -('THE CENTURY MAGAZINE', JANUARY 1928, Vol. 115, No. 3, pgs. 346-350.). Zionist Jews epitomize everything that is evil in society today, from pornography, to sexual depravity, to drugs, debauchery of every form imagined. Jerusalem today is the capital of homosexuality, mocking God's plan for male and female.

Most Jews (and liberals/leftists in general) are unaware of this cabalistic plot. They have been duped by spurious appeals to ideals of "social justice" and "equality."

### **WHY THE CABALA IS SATANIC**

Religio means "to go within" i.e. "to know and obey" God. In any true religion, God comprises absolute spiritual ideals -- love, truth, justice, goodness, beauty, harmony -- pure and unalloyed. God is nothing if not Moral - i.e. Good.

Evil is the absence of God, just as darkness is the absence of light.

The Cabala says God is unknowable and has no form. This is Satanism. You cannot obey God if you cannot know Him.

*"To the Cabalist, God is an infinite Sea of Being (Ein Sof) without any limit; hence without any qualities, without desire or will of any kind. He is totally incomprehensible."* (Jacob Angus, 'The Meaning of Jewish History' -(1963 pg. 286.)

In fact, God is perfection, the form necessary for human evolution. ***"Be ye therefore perfect as your Father in heaven is perfect."*** -(Mathew 5:48)

True religion assumes God is present in the human soul. Obeying this voice, conscience is what makes us human. Anyone who denies the existence of God is a Satanist, not an atheist.

*(Cabalists Trump and his dad)*

The Cabala is satanic because it says evil is part of God: *"God has two sides; [both] are essentially one thing; what we experience as evil is as Divine as what we experience as good."* Freemasonry lodges reflect this in their dual nature or checkerboard floor pattern in the Lodge worship halls. Freemasonry is a religion where the Ying and Yang are equal in power. Obviously, this is antithetical to Christianity of the Bible.

Hence the expression gaining currency today: "It's all good." The Cabalist exegesis continues:

*"Many texts in the Kabbalah, including the Zohar, say that the task is not to destroy evil but to return it to its source -- to "include the left within the right," in the Zoharic metaphor, "to uplift the fallen sparks" in the Lurianic one. In Chabad Hasidism, it is stated that evil exists as part of the Divine revelation itself. Indeed, to think that evil really is separate from God is, itself, the essence of evil, which is precisely the illusion of separation."*

This is evident in the writings of the Talmud, the Zohar, and Kabballah, and these are Satanic through and through! Consider the implications of what these writings mean to a Zionist Chabad Jewish President as we now know to be the case!

"Letting go of the reality of separate evil, and really accepting that the "sitra achra" (impurity, occult, evil) is a side of Divinity, is easy on paper and very difficult in reality. ... Still, to the extent it is possible to do so, the notion is indeed life-changing. Everything is a flavor of Divinity."

Cabalists also believe in "redemption through sin" i.e., deliberately flaunting the Old Law by doing evil (adultery, incest, pedophilia.) The destruction of civilization (i.e., chaos) will provoke the return of the Messiah (the anti-Christ) who will rebuild the world according to Kabbalist specifications, with the Illuminati bankers playing God.

This is all Satanism. God is inherently good. In a true religion, you do not obey God by doing evil, or by pretending evil is part of God.

When any nation can no longer judge between good and evil, right and wrong, and light and darkness, its people are reprobates.

The phrase "reprobate mind" is found in Romans 1:28 in reference to those whom God has rejected as godless and wicked. They **"suppress the truth by their wickedness,"** and it is upon these people that the wrath of God rests -(Romans 1:18). The Greek word translated "reprobate" in the New Testament is **"adokimos"**, which means literally "unapproved, that is, rejected; by implication, worthless (literally or morally)."

### SATANICALLY POSSESSED

Call it illuminism, secularism, luciferianism, humanism, paganism or the occult: It's all Cabalah. It does not matter whether it is spelled with a "C" or "K".

*(Cabalists seal deal with Masonic handshake)*

Modern Western civilization has no moral legitimacy (and no future) because it is based on a rebellion against God, who represents the path of our spiritual development. Humanity had been hijacked by psychopaths intent on destroying the "old order" and building a bizarre, solipsistic, violent, depraved dystopia in its place.

These psychopaths control our government's credit and the mass media. Thus, they are able to purchase our leaders and dupe society into embracing its own downfall.

The two paths to Masonic Jewish (Illuminati) world government seem to be Communism (George Soros, Obama etc.) on the Left and Zionism (Netanyahu, Trump) on the Right. There are no conservative nationalist parties that are anti-Zionist, not a single one. All national elections are controlled opposition, it is the modus operandi for the deep pockets of the Rothschild's.

David Elias Goldberg has confirmed for those who placed their hopes in Donald J. Trump and his election in 2016 that Donald J. Trump is an "insider" with Zionist Chabad Judaism. David Goldberg is a Jew but showed in his revelation about the forthcoming war on Iran that he is not without a conscience. Being pro-Jew did not hinder his sense of humanity to warn the world of the impending war on Iran and we need to be aware of the impending danger to humanity.

When David Goldberg mentioned that President Trump had converted to Zionist Chabad Judaism, my heart sunk, realizing that those who had placed their hope in and voted for Donald J. Trump had been suckered by a Rothschild-chosen opposition candidate. This is not to say had the election went the other way that things would be better. To the contrary, we have been warned. You should be aware that we are fast approaching the days when we will see Isaiah 17:1-2 come to pass; and, in close succession the events of the Ezekiel 38/39 war.

The influence of Zionist Chabad Judaism is not limited to the President of the U.S. What I am about to share in this "Order Out of Chaos" is another bizarre aspect of the radical Chabad power being applied to confuse the world at large.

Has Chabad "taken on outsize importance" in the Trump-Russia scandal? That's a claim of a recent 'Politico' article detailing a web of connections between Donald Trump, Vladimir Putin and a vast network of Zionist Chabad-Lubavitch benefactors and their associates.

It's long been known that a set of Russian oligarchs are also Chabad mega-donors, helping seal a mutual admiration society between Chabad leaders in Russia and Vladimir Putin. There was a 'Politico' article, published under the simultaneously blithe and misleading headline, "*The Happy-Go-Lucky Jewish Group That Connects Trump and Putin*," adds that those same oligarchs and their associates have worked with Trump, and charts more of their connections to Chabad. The article also sketches out personal links between the oligarchs and Ivanka Trump and Jared Kushner — who also support Chabad in more ways than one.

## Before you put your faith in Donald Trump, consider this: He is a **Jewish puppet** like every other candidate

He supports Israeli psychopath and terrorist, Bibi Netanyahu.  
He was grand marshal of NYC annual Salute to Israel Parade.  
His organization is filled with Jews in executive positions.  
His daughter Ivanka converted to Judaism (2009) before marrying Jewish media filth, Jared Kushner (owner and publisher of New York Observer).  
His son, Eric married Jewish media filth Lara Yunaska (2014).  
His is very cozy with many Wall Street con men and has even stated that he intends to bring in these Wall Street scumbags if elected president.  
He supported the Jewish Wall Street banking bailout in 2008.  
He's a friend of convicted Jewish pedophile pimp, Jeffrey Epstein.

It's clear from the article that Chabad is a common thread between Putin allies and the Trump family and its business partners — in the sense that support for Catholic charities is a common thread among politicians attending the Al Smith Memorial Foundation Dinner. But the article never actually shows what Chabad has to do with any of the ties between Trump and Russia.

Did Chabad influence any of the business deals or relationships between Putin's oligarchs, their friends and Trump? The article never reports any influence. Did Trump meet any of his Russian business partners through Chabad? Not according to the article. Did Chabad play a role in Kushner's success shepherding Trump's presidential campaign? If it did, the article doesn't say so.

Despite the article's info-dump on ties between Trump, Putin and Chabad benefactors, Chabad's connection to the story emerges as nothing more than incidental. Although the article shows that Trump and Putin allies support Chabad, it does not prove that Chabad has any meaningful role — let alone an "outsize importance" — in the Trump-Russia affair. Nor does it refute the importance of Chabad.

Yes, Trump attended a bris at Rabbi Menachem Mendel Schneerson's graveside — a bris arranged by oligarch Lev Leviev, a Chabad supporter. Yes, Jared and Ivanka now attend a Chabad synagogue. Yes, Jason Greenblatt met with Berel Lazar, the Chabad chief rabbi of Russia and a Putin ally. But Trump's bris appearance was a result of his deal-making with Russian oligarchs — not the cause of it. And Kushner's Chabad support far predates his connection with the Trump clan, going back at least through his college days. The Lazar meeting is important to the Trump-Russia affair, but only to the extent that Lazar is a Putin ally, not because he's a Chabad rabbi.

The article attempts to buttress its case by spuriously calling Chabad “Trump’s kind of Jews,” betraying a lack of knowledge regarding Chabad, its goals and how it operates. The article’s description of Chabad is misinformed, inaccurate and vague. Most glaringly, the article never quotes any representative of Chabad, or any experts on Chabad, all of whom are easily accessible.

Instead, it bases its claims on quotes from the following people: Mort Klein, the head of the U.S.-based Zionist Organization of America; Ronn Torossian, a Jewish PR guy with ties to Israel’s right; and Shmuley Boteach, the celebrity rabbi who used to belong to Chabad, broke with the movement decades ago and has since built up his

public profile through TV shows and books. It's not clear what makes any one of them an expert on Chabad or its ethos.

Here are a few of the article's biggest errors on Chabad: It says Chabad "lacks in numbers" and has a "small size." The movement's core number of Chabad Hasidim might be relatively small, but in fact, its thousands of emissaries (and the supporters they attract) comprise one of the most widespread Jewish organizations in the world, one that has challenged and at times conflicted with older local Jewish communities across the globe. The fact that it's hard to tally Chabad's following speaks to its loose organizational structure, not its lack of supporters.

*(Vladimir Putin meeting with Chabad Chief Rabbi Berel Lazar of Russia)*

The article also repeatedly suggests that Chabad is some kind of third way between full-on Orthodox Judaism and lack of observance. This is incorrect. First of all, Chabad is a Haredi Orthodox movement led by Haredi Orthodox married couples that promote Orthodox observance. It boasts large communities in New York and Israel. It is one facet of the sprawling Orthodox Jewish world, not a separate category. True, as Boteach suggests, many of the Jews who take part in Chabad religious services and activities like camp and Hebrew school are not themselves Orthodox. But the fact that the movement is open to Jews across the religious spectrum doesn't mean it isn't itself Orthodox.

The article then suggests, without evidence, that this “third way” is somehow Trumpian. It quotes Torossian saying, somewhat inexplicably, that “Chabad is a place that tough, strong Jews feel comfortable [in]” — but never explains why that would make Chabadniks “*Trump’s kind of Jews.*”

In fact, Chabad’s intended emphasis on welcoming all Jews doesn’t really convey toughness and strength. It conveys friendliness and openness. If there is one thing that Trump and Chabad have in common, it is a knack for effective branding. But Trump enterprises are very much a one-man show; Chabad emissaries, or “shluchim”, must build their own bases of support in whatever communities they are dispatched to, with little support from the main Chabad institutions in Brooklyn and New Jersey.

And even if Chabad represents a third way, Trump’s overarching message isn’t exactly one of compromise and non-judgmental acceptance.

So yes, it’s valuable to know that a web of Trump and Putin associates also bankroll Chabad centers. But it’s a step too far to suggest that Chabad has played a meaningful role in the Trump-Russia affair, or that there is a causal relationship between Chabad supporters and the global political or business worlds they can be found in, or to claim that the movement itself is Judaism’s answer to Trumpism.

From 2000, when Putin became a new President of Russia, the oil prices have risen considerably and Russian economy received more than 2 trillion dollars from oil and gas trade. Not a cent of this money has been invested into real Russian economy. Part of the oil money goes on imported goods and the rest vanished in the pockets of Jewish bosses who sit on the oil pipe. The Russian economy has been in decline, and almost nothing is done. Everything is purchased from abroad, even military equipment, although the Soviet Union is a leading exporter. Russia has become a third world country, a raw materials appendage of the industrialized world. It is not wise to be too curious about how the rich got their fortune, but many Russians wonder why they are so poor? The eternal question is: “Who Lives Well in Russia?” At different times, they were different people, but now everyone knows that life is only good for the super-rich oligarchs, mostly Jews.

After oil prices collapsed, Russian GDP has shrunk so much, that it is no longer the world's eighth largest economic power, instead, Putin's Russia now carries less economic weight than South Korea or Spain.

Vladimir Putin for 16 years was an officer in the KGB, rising to the rank of Lieutenant Colonel and he does not even try to hide his communist views. Vladimir Putin reinstated the Soviet-era red star as the Russian military's official emblem--in the latest reincarnation of Communist symbols that has sparked fears of a return to the repressive past... On Putin's initiative, the Russian parliament earlier resurrected the music of the old Soviet anthem, albeit with new words, and brought back the Soviet-era red banner as the military's flag. Portraits of Lenin and Stalin were openly paraded through Russian streets to mark Defender of the Fatherland Day.

Putin is also a Jew. Just look at Putin's face and ears closely he is no more a Christian than Benjamin Netanyahu. He is just another crypto Jew, having conveniently converted to Orthodox Christianity. How convenient. As the 'New Republic's' Julia Loffe notes, a number of his closest confidants, as well as the Judo teacher who served as a mentor and surrogate father, are Jews. Moreover, Putin's closest associate and prime-minister of Russia, Dmitriy Medvedev is also a Jew. Israel's Chief Sephardic Rabbi Yitzak Yosef confirms Putin is a Jew back in 2014.

**Putin's passport proves that he is a Jew. Now we know why the Chabad Lubavitch call him 'rabbi'. He is without-a-doubt a leader of the supremacist/communist ideology. Let's keep this in mind when we listen to those who praise him. Don't let them deceive you anymore.**

**Circled in Red:** Shelomova Maria Ivanovna, Jew (“евр” is short for “евреи”/Jew or “еврейка”/ Jewess). Full name is Maria Ivanovna Shelomova.

**Underlined in Blue:** Name Putin, Vladimir Spiridonovich, “рус” from Russian Full name Vladimir Spiridonovich Putin

On the left side it reads: “Application for the issuance (change/replacement) of a passport”

Putin’s maternal grandfather was a Jew involved in the Bolshevik revolution, his paternal grandfather worked all his life as the chef of Lenin and Stalin. His paternal grandfather, Spiridon Ivanovich Putin (1879–1965), was employed at Vladimir Lenin’s dacha at Gorki as a cook, and after Lenin’s death in 1924, he continued to work for Lenin’s wife, Nadezhda Krupskaya. He would later cook for Joseph Stalin when the Soviet leader visited one of his dachas in the Moscow region. Spiridon later was employed at a dacha belonging to the Moscow City Committee of the Communist Party of the Soviet Union, at which the young Putin would visit him.

His other grandfather was a Jew from a Ukrainian village and a Bolshevik activist. Putin was put into power by the Federation Of Jewish Organizations In Russia. The Jewish Chairman of this organization Abramovich stated in a 2005 interview that Putin

could obtain Israeli citizenship if he wanted as an ethnic Jew. And that his mother was a Jew Shelomova. This makes Putin full Jewish by Jewish law.

Putin traces his earliest connection to Judaism back to his early childhood in Leningrad, now St. Petersburg, when he befriended a Jewish family that lived in his apartment block. In his 2000 autobiography, Putin wrote that the unnamed family loved him and that he used to seek its company.

*“They were observant Jews who did not work on Saturdays and the man would study the Bible and Talmud all day long,”* Putin wrote. *“Once I even asked him what he was muttering. He explained to me what this book was and I was immediately interested.”* Can anyone believe that Jews let goyim read their holy books?

Russia's chief rabbi, Berel Lazar, (pictured on page 25) said, Russia has in Vladimir Putin its *“most pro-Jewish leader,”* whom he credits with *“fighting anti-Semitism more vigorously than any Russian leader before him.”*

Zvi Gitelman, a professor of Judaic studies at the University of Michigan who studies the relationship between ethnicity and politics in the former Soviet Union, said *“Chabad, with the help of Putin, is now the dominant religious expression of Judaism in a mostly nonreligious population.”*

Besides, Israel and its media were always friendly to Putin's Russia, and completely ignored political position of U.S. and European countries towards Russian president. Moreover, Putin is just a Zionist pawn. Ukrainian nationalists were a major force in a Euromaidan revolution in Ukraine. They openly declared their anti-Zionist and anti-Communist views. In that situation, Zionist masters ordered Putin to punish Ukraine. And he has started the war against that country. He explained his actions during a March 4, 2014 news conference, when he called the anti-Yanukovich protesters “reactionary anti-Semitic forces.” Then Putin has repeatedly cited the alleged anti-Semitism of Ukrainian nationalists in justifying Russia's 2014 annexation of the Ukraine-controlled Crimea. After the Kremlin has started the war in the Eastern Ukraine, thousands of Ukrainian civilians were killed, millions have lost their homes and flee to the other countries.

Natalia Pieriewierzewa (Miss Russia) made remarks that paint a different picture of Russia today than what has been the case:

“My Russia – is a never ending Caucasian war. It is two angry nations, which previously told the same language that is forbidden to learn at schools.

My Russia – it is the major artery, on which sits a few ‘chosen’ and sucking its wealth.

My Russia – it is a poor, vast, suffering country, cruelly torn apart by greedy, dishonest, nonbelievers.

My Russia – is just a beggar”.

The first question that comes to mind is – would any pro-White leader surround himself with Jews? Of course not! So why is Putin? Because Putin is one of ‘their’ boys. Natalia Pierewierziewa (Miss Russia) suggests an interesting side of Putin not common in the West.

Is this man looking out for the interests of his people? Has Russia rejected the Jewish-based usury/fiat currency? Are the Russian people freed-up from this Judaic curse, just like Iceland? No, no, no. Yet Putin paid off the Russian national debt to the Rothschild’s central bank and succeeded to throw them out of Russia a few years ago.

Under his governing as president, Russia has morphed into a Jewish-controlled capitalist society.

Private debts of the Russian people due to Jewish usury amounted to 7 trillions of rubles, comparing to 12,886 trillions of rubles of input to the Russian federal budget of 2013.

That was Hitler’s first move in curing Germany of the disease of Judaism; getting rid of usury and setting up a ‘independent’ labor-based currency. Within 3 years Germany was back on its feet – hence Germany was demonized by the Jewish mainstream media. Similar is the case for Iceland. So why has Putin not applied this obvious policy to enhance the quality of life for his people?

Why has Putin engaged in ‘diplomatic’ pally talks with Netanyahu in the criminal state of Israel? The seeds for the impending Ezekiel 38/39 invasion begin to take form if you are following my train of thought here. We do not have any indicators of discord between Netanyahu and Putin; however, we cannot rule out a power rivalry in this relationship. That fact is hinted in the book, *‘The Samson Option’* by Seymour Hersh. It is one of the most intriguing books, the author noted that Israel could bring down the world powers if it felt its very existence was in danger. Israel had the technology back then to precipitate a nuclear war between Russia and the U.S. through its ability to hack both nuclear power states computer cyphers and codes.

The Samson Option is a term used to describe Israel’s alleged deterrence strategy of massive retaliation with nuclear weapons as a “last resort” against nations whose military attacks threaten its existence, and possibly against other targets as well. *‘The Samson Option’* was published in 1991, and the book is a gripping narrative of how Israel would defend itself. Israel refuses to admit officially that it has nuclear weapons - a policy known as “nuclear ambiguity” or “nuclear opacity.” This despite government officials inferring repeatedly - and occasionally admitting - the fact. And despite Israeli nuclear whistle blower Mordechai Vanunu making public smuggled photographs of nuclear weapons, and production equipment in the 1980s. Israel now may have as many as 400-450 atomic and hydrogen nuclear weapons, as well as the ability to launch them via long range missiles, submarines and aircraft. It can use them in a second

strike even if its military is devastated.

Originally a strategy of last resort retaliation - even if it means Israel's annihilation - it has developed into being a nuclear bullying strategy to further Israel's territorial goals through threats and blackmail. Israel has bullied not only Arab and Muslim nations, but the United States and Russia with its Samson Option threats. Mordechai Vanunu has alleged that Israel uses for purposes of blackmail its ability to *"bombard any city all over the world, and not only those in Europe but also those in the United States."*

**"THE SAMSON OPTION - ISRAEL IS THE GREATEST THREAT TO THE ENTIRE WORLD!"** Many a world leader has made that statement in the halls of the UN building in New York City.

Netanyahu is a mass murdering criminal, and the head of a criminal state. One simply does not engage in business with these criminals. They need to be outed from the political equation. With their controlled voice, the sane world should not include them in any discussions whatsoever. You shouldn't even sit at the same table as this monster, unless you're spitting in his face – not smiling and shaking hands. You don't do business with the devil.

1. Russia supposedly supplied Israel with oil and components for their jet fighters.

Why, why, why, would anyone in their right mind supply mass murders who have a record in slaughtering innocent peoples, with military components??? Is it just business? Of course not! Again, you do not do business with the root cause of the world's evil. Especially so when supplying an important element like fuel. Supplying these murderous thieving usurpers with fuel is indirectly helping to kill Palestinians and others around the world! And what direct help has Putin provided the Palestinians with anyway?

2. Putin attended the Victory Monument in Israel.

On June 25, 2012, Vladimir Putin attended the unveiling of the Victory Monument in Netanya in Israel, an unprecedented joint-state venture between Israel and Russia; to honor the Red Army, including the half million-plus Jews who fought against Nazi Germany during World War II.

3. Putin denies 9/11 false flag and supports the Bush version of that attack.

4. Dumbing down of Russians.

Between 2005-2010, 12,377 schools ceased to exist in Russia, including 10,089 in rural areas. This fits neatly into the JWO agenda.

5. Enforced immigration policy.

Russia takes the 2nd place (globally) in respect of the number of foreign workers; yet at the same time there is massive unemployment in Russia

#### 6. Depopulation program.

In the period of the last 15 years the number of native Russians has diminished to 6 million people. Russian cities took 40% of places in the international rating of most dying off cities on global scale (e.g. 5th Nižnyj Nowgorod -11,76%, 6th Saratow - 11,54%, and so on).

#### 7. Putin the oligarch.

Putin himself is an oligarch and a billionaire, and the figure of billionaires in Russia has risen several times during the presidency of Putin. Simultaneously the minimal wage of the ordinary worker since January of 2013 has only risen to the level of 5,205 roubles (\$150). According to official data of Rosstat, in the 1st quarter of 2012, 13,5% of Russians (19 million of people) have earnings under the social minimum.

#### 8. Suicides under Putin's presidency.

Russia takes 1st place in respect of number of suicides committed by youths and children (9-15) (data from Petersburg, "health commission" member, Swietłana Ryzkowa). These statistics of his presidency are not in alignment with someone who is one of the good guys.

#### 9. Putin accepts Agenda 21 martial law.

On 23th of May, 2007, Putin signed agreement (no 4100940-4) concerning the future intervention of NATO in Russia, in the event of civil disturbances, natural and technological disasters.

Spring of 2012 – his government purchased 6,809 tasers (AIR-107U) to suppress civil protests.

Yeah, that sounds like one of good guys to me.

#### 10. Putin opens mausoleums in memory of famous Jews who slaughtered millions of Gentiles.

- Renovation of mausoleum of Lenin/Blank in Moscow. On 7th of Nov 2012 it was officially opened (Petersburg).

- On 11th of Sep. 2012, a monument of Bolshevik Jew, first head of Cheka (NKVD) Dzierzynski (real name, Rufin) was officially opened (Tumen)

And many others.

#### 11. Putin bans free speech.

Russia has passed a law which forbids certain 'extremists' websites. "It can be that there are sites of opposition organizations and independent media written in that list" (RIA Novosti). "Not even one 'extremist' excess (website) shouldn't go unpunished" ~ V. Putin ("RIA Novosti")

#### 12. Putin the accused Murderer.

Alexander Valterovich Litvinenko (officer of Russian FSB secret service who specialized in tackling organized crime) accused Putin of ordering the October 2006 murder of Russian journalist Anna Politkovskaya.

#### 13. Acceptance of microchips.

Since 2013 in Russian Federation there will be implemented electronic identification card system (UEK), the same as RFID. This is officially admitted by administration of Chabarovsk.

14. Putin always supported Israel in the UN and Russian representative in UN voted for sanctions against Iran. They were punishing them for their non-existent nuclear program.

The picture above is that of Vladimir Putin's palatial estate overlooking the Black Sea. It does not seem to be an estate of a leader that would execute the Ezekiel 38/39 War. This \$1-billion value sits on a hill overlooking the Black Sea below.

The Russian Wikileaks has posted pictures of Vladimir Putin's secret palace on the Black Sea. Soon after the pictures went up at ruleaks.net, the site was blocked by Russian authorities.

A letter from Russian a whistleblower claims the Prime Minister has been building a palace on the Black Sea since 2006 that has cost close to \$1 billion. Dr. Sergey Kolesnikov accuses Putin of paying for the palace through bribery and theft. Putin's office maintains that he has nothing to do with this palace.

Vladimir Putin's personal wealth is estimated at \$70-billion U.S. dollars in 2018. Last year, Hermitage Capital Management CEO Bill Browder told the Senate Judiciary Committee that he believes the Russian president is "the richest man in the world" with a net worth of \$200 billion. Browder has some bona fides to back up his Russia connections; the financier's firm was once the largest portfolio investor in Russia. The reason that I share this is to point out inconsistencies as to why Gog would choose to invade Israel. It can't be for booty or spoils per se. ***"Sheba, and Dedan, and the merchants of Tarshish, with all the young lions thereof, shall say unto thee, Art***

***thou come to take a spoil? hast thou gathered thy company to take a prey? to carry away silver and gold, to take away cattle and goods, to take a great spoil?"***

-(Ezekiel 38:13). I'm not suggesting that Putin is not Gog, I am suggesting that his rational to invade Israel might be based upon other than financial reasons alone.

As to whether President Putin's wealth is \$70 billion or \$200 billion, it is unlikely that Gog's motives are strictly financial, and I do believe Gog refers to the "king" of the region due north of Israel as Magog.

It is the Jews who believe they are the only true humans, the master race, the slave masters of all the gentiles, who are merely animal souls granted a human body temporarily by Yahweh to make them better suited to serve the Jews in a more articulate fashion. As a gentile I am held only to be a sub-human demon whose only destiny is to be imprisoned in hell for ever when the Jewish Messiah (Jesus) comes. Israel's Shas Party leader Rabbi Ovadia Yossef, teaches:

The sole purpose of non-Jews is to serve Jews, according to Rabbi Ovadia Yosef, the head of Shas's Council of Torah Sages and a senior Sephardi adjudicator. *"Goyim were born only to serve us. Without that, they have no place in the world – only to serve the People of Israel."*

Few in the Christian West have an inkling of what I have shared. Vladimir Putin has been an enigma for the West. He is a Jew by birth, but presents himself as a strict and observant Orthodox Catholic. Contrast this with Donald J. Trump, a Jew by birth but a "token" Presbyterian.

it was in Ancient Babylon, while the Jews were captive during their 70 year exile, that the Kabballah was first introduced into Jewish culture. Kabballah, Talmud and the Zohar continued to grow once the Jews returned to Israel and completely infested the Pharisees and Sadducees of the 1st century.

By the 13th century, Kabballah/Zohar and the Talmud had become so complicated and bloated, it threatened to destroy the Jewish people. Fortunately, even some Jews who had not yet come to the Messiah, began to finally see how Satanic the teachings first brought from ancient Babylon were.

Avi Ben Mordechai and James Trimm, respected "elders" in the Messianic movement, both teach and support Kabballah. Kabballah is a so-called "way to interpret the Torah using mystic Jewish understanding" and its supporters claim they are led by the Ruach ha Kadosh. The issue that seems to be problematic for Christians and Jews is the delineation of Torah as God-given, whereas Talmud is man-given. The Talmud, the Zohar, and Kabballah are extra-Biblical writings just as much as the pseudepigraphical writings of the early centuries of the church.

Kabbalah teaches, among other things, that eventually you can become so godlike, so close to YHVH that you no longer need Torah; and that you no longer need to obey YHVH. That you can basically be YHVH yourself. Utter blasphemy.

It is no coincidence that Satanists, witches, warlocks and other pagans love Kabbalah and use its teachings and incantations often. Many Christians have interest in their Hebrew roots became advocates of Christian Zionism without a full understanding of Judaism and Zionism, and there is a huge difference between them.

There was even a Messianic pastor in southern California, tutored and instructed by Avi Ben Mordechai, who became so wrapped up in Kabbalah, Talmud and the Zohar, that he began using wands, casting spells and even erected a mirrored pentagram in the main sanctuary. YHVH struck this pastor with cancer and he perished, but Avi Ben Mordechai continues to peddle his black-magic teachings cloaked in the guise of Hebrew-roots and Torah teaching.

I suppose it is inevitable that Satan, desperate to stop the rising surge and tide of Truth, would pull out his darkest and most evil strategy -- reviving the Kabbalah.

The Talmud, which has now been codified, contains so many blasphemous instructions, so many rules AGAINST the written Torah -- NO ONE should ever study it. The Kabbalah is FAR WORSE than the Talmud. The Zohar is just as bad as the Kabbalah. Christians should steer clear of anyone who is a teacher of the dark message of the Talmud, the Zohar, and Kabbalah. This includes Jonathan Cahn who came on the religious messianic scene around 2011 or 2012 with his novel, *'The Harbinger'*. Christians flocked to Cahn as if he were God's prophet for today!

Many Messianic Jews and Hebrew-Christians, along with other Israelites and other Torah-keeping movements, think it is beneficial to study the Talmud. Wrong! The Talmud is wholly darkness and ought not to be learned.

While there are some Jewish traditions which are harmless -- such as observing Hanukkah or placing a seat for Elijah at Passover -- most of them are so steeped in Satanism, witchcraft and darkness that no one should ever even read the Talmud.

If you have a Talmud, any books on Kabbalah (such as those written by Avi Ben Mordechai), or any reference to the Zohar -- you should BURN THEM. They will lead you into perdition.

To the Torah and the Prophets should have been the rallying call of the Messianic movement. Unfortunately, those who do not even bother to keep Torah, but are merely watered-down versions of pagan Christian churches, have lost their savor. However, those who are serious about keeping Torah tend to get trapped in the Talmud trap, the Zohar and Kabbalah. It is time to return to ONLY the Torah and the Prophets. They are breathed with the Ruach and, as the Renewed Covenant authors did, can be used to understand our Messiah Jesus Christ even more.

As always with the Arab-Israeli (or Iranian-Israeli) conflict, the real danger isn't the regional conflict, but how it might escalate beyond the Middle East. In the 1973 war, the Soviets threatened to send troops to Egypt unless Israel agreed to a cease-fire. The United States responded by going on nuclear alert.

Could Israeli air strikes in Syria trigger war between Israel and Russia?

Israel remains determined to continue pounding Iranian forces in Syria in a bid to keep Tehran's forces away from Israel's northern border. At the same time, Russia has thousands of troops in Syria that could be caught in the crossfire - or even become belligerents if Moscow tires of its Syrian ally being pummeled.

And if Israel and Russia come to blows, would Israel's big brother - the United States - feel compelled to intervene?

Not that Jerusalem or Moscow is eager for such a fight. *"Neither of us desire a military confrontation,"* a senior Israel Defense Forces (IDF) official stated during a recent interview in Jerusalem. *"It would be detrimental to both sides."*

Yet Israel's policy boils down to this: it will do whatever it sees as necessary to eject Iranian forces from Syria. If Russia doesn't like it; then that's just the price of ensuring that Syria doesn't become another Iranian rocket base on Israel's border. Relations between Jerusalem and Moscow are far warmer than during the Cold War. The result is a strange embrace reminiscent of the U.S.-Soviet detente of the 1970s. On the surface, there is a certain friendliness and desire for cooperation. Yet beneath the smiles is wariness, suspicion and a clash of fundamental interests.

*"No one in Israel is confused about who the Russians are and who they are aligned with,"* said the IDF official, who spoke on condition of anonymity. *"The Russians are not our allies, to put it mildly. We have one ally, and that is the United States. The Russians are here for totally different objectives. They are supporting a regime [Syria] that has an outspoken goal of annihilating Israel if it only could. They are also part of a coalition that supports Iran."*

Just how easily Israeli military operations can trigger an incident became evident during a September 2018 strike on ammunition depots in western Syria. Anti-aircraft missiles launched by Syrian gunners allegedly accidentally shot down a Russian Il-20 surveillance aircraft, killing fifteen people. Israel denies Russian accusations that it deliberately used the Russian plane as cover, or failed to give Moscow sufficient warning of the raid. Yet Russia still blamed Israel for the mishap and retaliated by supplying advanced S-300 anti-aircraft missiles to Syria.

Nonetheless, Israel sees value in Russia as a potential restraint on Iran, and a possible lever to get Iranian forces out of Syria. After a February meeting between Prime Minister Benjamin Netanyahu and President Vladimir Putin to mend fences after the Il-20 incident, Israeli officials claimed Putin had agreed that foreign forces should withdraw from Syria. For Moscow, friendly relations with Israel offer more influence in the Middle East even as America may be scaling down its presence in the region. Still, the Kremlin has denounced Israeli strikes in Syria as "illegitimate." We need to remember that Syria has been a Russian ally for more than fifty years, and it was Russian air strikes - along with Iranian and Hezbollah troops - that saved Syrian president Bashar al-Assad's faltering regime from ISIS and other rebel groups. At least 63,000 Russian troops have served in Syria since 2015. Though Putin has promised

since 2016 that Russian forces would withdraw, Russia currently retains more than 5,000 troops and private military contractors in Syria, backed by several dozen aircraft and helicopters. Putin's suspicions and precautions are likely to see Russian troops remain in Syria for the duration.

And Russia is in Syria to stay. The Syrian port of Tartus is Russia's only naval base in the Mediterranean: in 2016, Moscow and Damascus signed a forty-nine-year agreement that allows nuclear-powered Russian warships to operate from there. In addition, Russian aircraft and surface-to-air missiles, including the long-range S-400 air defense system, operate from at least two air bases in western Syria.

Israel can live with the Russians next door - but not the Iranians. Israeli officials warn of Tehran's plan to station 100,000 Iranian and allied troops in Syria. Hezbollah, with its estimated arsenal of 130,000-plus rockets, already menaces Israel's Lebanon frontier. Syria joining Lebanon as a second Iranian rocket base is the stuff of Israeli nightmares.

*"We can – and we intend to – make it as difficult as possible and inflict a price tag that the Iranians aren't willing to pay,"* the IDF official said. And the Israeli Air Force has been just doing that, attacking Iranian and Hezbollah targets hundreds of times,

Netanyahu announced after a devastating attack on Iranian arms depots near Damascus International Airport in January:

*"We continue to implement our plans,"* the IDF official replied when asked if Russia would deter Israeli raids into Syria. *"Our activities suggest that, despite everything, we enjoy significant freedom of action."* But more telling was his one-word response when asked how willing is Israel to fight for that freedom of action. *"Willing."*

Which leaves the question: Can Israel target Iran in Syria without triggering a clash with Russia?

There are de-confliction mechanisms in place, including a hotline between the Israeli and Russian militaries. *"We are very strict about informing the Russians about our activities and that their operational picture is up to date,"* said the IDF official. Yet those procedures were not sufficient to avoid a downing of a Russian plane. They could become the straw that breaks the camel's back, should Israel nuke Damascus as Isaiah 17:1 makes clear of its demise!

Perhaps that ill-fated Il-20 was just at the wrong place at the wrong time. Still, it is not hard to imagine a multiplicity of equally fatal scenarios. Russian advisers or technicians caught in an Israeli raid on an Iranian or Syrian installation; An errant Israeli smart bomb that hits a Russian base, or a Russian pilot or anti-aircraft battery spooked by a nearby Israeli raid into opening fire. Or, perhaps Russia will just feel obligated to support the prestige of its Syrian ally and its shaky government. Just how incendiary Syrian skies are for everyone became evident in December 2017, when U.S. F-22

fighters fired flares to warn off two Russian Su-25 attack jets that breached a no-go zone in eastern Syria.

To be clear, the IDF is neither boastful nor belligerent about its capabilities versus Russia, a former superpower with the largest nuclear arsenal on the planet. The IDF official likened Israel to “The Mouse that Roared,” the classic novel of a tiny nation that challenges the United States.

But if Israel resembles any mouse, it’s Mighty Mouse: small, powerful and not afraid to use its fists. In fact, what makes a potential Israel-Russia battle so dangerous is that it is not all that hypothetical. After the 1967 Six-Day War, Soviet fighters were sent to Egypt. This led to a notorious July, 1970 incident when in a well-planned aerial ambush over the Suez Canal, Israeli fighters shot down five Soviet-piloted MiG-21 jets in three minutes.

On the other hand, Russia doesn’t need to fight Israel to hurt Israel. Indeed, the IDF official seemed less concerned about a physical clash between Israeli and Russian forces, and more concerned that Russia could choose to supply advanced weapons—such as anti-aircraft missiles—to Israeli enemies such as Syria and Iran. In the early 1970s, the Soviet Union supplied numerous air defense missiles and guns to Egypt and Syria, which inflicted heavy losses on Israeli planes in the 1973 October War. If it wants to, Russia can make Israeli air operations very expensive.

As always with the Arab-Israeli (or Iranian-Israeli) conflict, the real danger isn’t the regional conflict, but how it might escalate. In the 1973 war, the Soviets threatened to send troops to Egypt unless Israel agreed to a cease-fire. The United States responded by going on nuclear alert.

Were the Israelis and Russians to come to blows, or if Moscow were to seriously threaten military force against Israel, could the United States risk a grave loss of prestige by not intervening to back its longtime ally? Could Russia - whose Syrian intervention is a proud symbol of its re-born military muscle and great power status - not retaliate for another downed Russian plane or a dead Russian soldier?

Which leads to the ultimate question: could tensions between Israel and Russia lead to a clash between American and Russian troops? In the end, somebody will have to back down. But Iran isn’t about to give up its outpost on Israel’s border, and Russia probably can’t force them to. Then there is Israel, which is grimly determined to stop Iran.

As the IDF official said, *“We have proven over more than 70 years as a sovereign state that you don’t push us around.”* That said, we cannot ignore the Masonic motto “Ordo Ab Chao” which works from behind the scenes to bring about Albert Pike’s third world war! Least of all, we now have to factor a Jewish President who has promised to war against Iran! Tick tock!

It was a year ago, April 13, 2018, that Professor emeritus of Russian studies at Princeton University and New York University Stephen Cohen told Tucker Carlson Thursday night he's "more worried" than he's "ever been" at the prospect of nuclear war with Russia.

"If Russians die, if Damascus is attacked (the capital of Syria), Russia will retaliate with its excellent weapons, every bit as good as ours...some people say in some regards the missile technology better," Cohen said.

"Russia will strike, Americans in Syria will die," he said.

"We will be where we have never, ever, ever been with Russia, killing each other...bearing in mind that both nations are laden with Nuclear weapons," Cohen continued.

"So, I am more worried than I have ever been in my life, at least since the Cuban missile crisis."

Professor Cohen is not the only scholar who expresses grave concerns about where we are today. A Chicago-area scholar, Christopher Jon Bjerknes, 53, thinks he knows what plagues mankind and believes his knowledge is necessary to stop Armageddon.

He says a heretical cult, the "Sabbatean Frankists," controls organized Jewry, including Zionism and Freemasonry. They began as followers of Sabbatai Zvi (1626-1676) and later Jacob Frank (1726-1791.) They believe Sabbatai was the Messiah (God) and his soul has transmigrated down to the Rothschild dynasty, who are now the "King of the Jews."

According to their messianic system, Redemption requires that the Rothschild's become God, i.e. King of the World. This will see the sacrifice of 2/3 of all Jews and the destruction and enslavement of the rest of mankind. Bjerknes believes this demented creed actually is the motive force behind history including all wars, and "world government."

Bjerknes (B-YERK-NES) is proud of his Norwegian part-Jewish heritage, (maternal grandfather, a famous musician, was Jewish.) He has written two massive books-- one about Albert Einstein as a plagiarist and another about the Sabbatean inspired Armenian Genocide - that include hundreds of pages of suppressed Jewish history. They can be found as PDFs at his web site <http://www.jewishracism.com/>

His message is compelling and consistent with the Protocols of Zion where the author (whom I suspect is Lionel Rothschild) talks about coming into his "kingdom."

The Sabbateans believe their king is duty bound to restore the Jews to Israel and exterminate the Gentiles. They believe the Messiah won't appear until the world

succumbs to evil and are determined to make this prophecy self-fulfilling. Thus evil is good. In Bjerknes' view, this constitutes a "Jewish war against humanity."

The Sabbateans are often sexual degenerates who engage in wife swapping, orgies and incest. They often pretend to be Christians or Moslems to worm their way into Gentile society in order to destroy it. (*'Jewish Genocide of Armenian Christians,'* pgs. 64-65.)

Bjerknes cites Deuteronomy as an example of this Jewish supremacism: ***"the LORD thy God hath chosen thee to be a special people unto himself, above all people that are upon the face of the earth."*** (7-16) ***"And all people of the earth shall see that thou art called by the name of the LORD; and they shall be afraid of you."*** (28:10)

He points to Zachariah [13;8-9] as evidence that Jews will be slaughtered: ***"And it shall come to pass, that in all the land, saith the LORD, two parts therein shall be cut off and die; but the third shall be left therein."***

***"And I will bring the third part through the fire, and will refine them as silver is refined, and will try them as gold is tried: they shall call on my name, and I will hear them: I will say, It is my people: and they shall say, The LORD is my God."*** (He also cites Ezekiel 5:12-13 to this effect.)

On pgs. 43-46 of *'Jewish Genocide'*, Bjerknes cites references from the Talmud and the Old Testament to the plan to exterminate and enslave Gentiles.

For example, Genesis 25:23, and 27:38-41 promises the Gentiles to the Jews as their slaves and slave soldiers, and gives an incentive to exterminate the Gentiles simply because they dare resent their fate.

## **ROTHSCHILD'S FOLLOW BIBLICAL BLUEPRINT**

At the beginning of the 19th century, the Rothschild's started campaigning to return the Jews to Israel, purchasing land there and scheming to break up the Ottoman Empire. They later bought the Suez Canal to project their power into the Middle East. Bjerknes writes:

"The ruin of the Turkish Empire and the mass murder of the Armenian Christians were one step on the long and tumultuous Jewish march toward the death of mankind. The ruin of the Russian empire was another, followed by the repeated destruction of Europe, particularly Germany in the World Wars this Jewish cult created in an attempt to artificially fulfil Messianic prophecy and force the Jews of Europe against their will to flee to Palestine."

According to Bjerknes, Jewish support was the only thing lacking in the Rothschild's plan to establish a world government in Jerusalem, with them as king:

"They could bankrupt Egypt and Turkey. They could bring Russia to ruins. They could buy Jewish ne'er-do-wells. They could even buy the Pope but the only way to force Jews in large numbers to Palestine was to put Hitler and Stalin in power and persecute Jews on a massive and unprecedented scale."

### **CHRISTIANS ARE BEING DUPED**

Bjerknes has a poignant warning to Christians:

"In the Jewish dominated media of today, we find many Jews preaching to the public that the end times are coming and that Christians ought to view their own destruction in a positive light as if it were the divine fulfillment of Christian and Jewish prophecy. Many Christians have been duped by these charlatans...the destruction of the world and its nations is occurring as the result of the deliberate intervention of immensely wealthy Jews and not as the result of God's will. These Jewish leaders view the Hebrew Bible as a plan, which they are deliberately fulfilling....

In an email, Bjerknes writes that intermarriage is part of the "Jewish" strategy:

"I believe that powerful Jewish interests have been deliberately attempting to fulfill Jewish messianic prophecy for 2,500 years and have duped many Gentiles into helping them obtain their objectives. They have also recruited many Gentiles through intermarriage, friendship and selfish interests, who are not dupes but commit inhuman acts out of greed, vanity, or for other immoral reasons. Do they believe that what they are doing is evil? I suspect some do."

Lately Bjerknes seems focused on Donald Trump.

"It is truly shameful that we Americans tolerate this Jewish media which not only tries to train and brainwash Trump to stop speaking out for Americans' best interests, but in doing so, and in countless other ways, is training and brainwashing Americans to abandon our own best interests in favor of those who would destroy us."

He also thinks Putin, far being a defender of Christianity, is controlled by the "Jews." Today, the Russian Soviets are controlling ISIS to bring about communist revolution in Islam and war. They will pretend to fight ISIS so as to enter these nations with military presence and to gain all the intelligence of the opposition. The Soviet Jews will then have complete control over the process of bolshevizing Islam and surrounding Israel with Jew State control over all human activity.

The Jews are also destroying the White Race in this endeavor to bolshevize Islam. They are flooding our countries with hostile anti-Whites, wrecking our economies

with the thievery of Communist China and providing the Chinese with our industrial and military secrets. They have begun to flood our nations with Asians and KGB propaganda and are threatening us with nuclear war from their communist States."

Sadly, we are heading towards global communism faster than most of us are even aware. Only, that this time the Gulags won't be just in Siberia and the former USSR - their previous Zionist creation...

**Just Beware, Trump and Putin are both Chabad members and Freemasons!**

### **WHO IS THEIR MESSIAH?**

Their Messiah is what Christians call "Satan"... And what people who lack religious beliefs know as Communism. One World Government in which they enslave humanity is something like Communism.

Should you be a skeptic you would be surprised by an article posted by '*Wake the Church*'. I found this to be most disturbing, and saw it as something that Christians should be aware of and so I added it below.

Pastor Bob, [EvanTeachr@aol.com](mailto:EvanTeachr@aol.com)

Zionist Israel and Jerusalem is outwardly becoming one of the most wicked nations on earth. While they profess to be highly religious and zealous for the Holy City of God, and state of Israel, like their forbearers they are replete with hypocrisy and unrighteousness as this verse in Isaiah demonstrates.

Christians in America, thinking that the modern state of Israel is a fulfillment of Biblical prophecy fail to recognize that modern Israel is anything but religious and righteous. Israel today is as sinful and wicked as any point in their entire history.

To associate with a wicked Israel is to partake in their sins of the past and present, but most Christians and pastors give them a pass as God's Chosen people so they can do no wrong. God didn't give them a pass during the time of Moses, the Judges, the Assyrian, Babylonian, and Roman occupation; nor did Jesus, when he pronounced judgement on Jerusalem towards its utter destruction in 70 AD.

No, Jerusalem historically speaking has been a city of intense wickedness, and it is no different today.

**Here is an incomplete list of the modern evils of the modern state of Israel.**

**Filled with Atheist Jews**

Studies show that Israel is one of the most irreligious nations on earth, just next China. This is because Jews invented Atheistic Communism as a means to collapse the power structure of Russia in WWI, Germany and Europe in WWII, and now through democratic socialism in the United States.

Atheism has been weaponized by Zionists, and has a historical connection to Sadduceeism during Jesus' times. The Sadducees didn't believe in the afterlife and were hugely racist, hedonistic and power hungry, just like today's Zionists.

*"In Israel, though, that global proportion is reversed, with just 30 percent saying they are religious and 65 percent saying they are either not religious or convinced atheists (the proportion of self-identified atheists is just 8 percent however)." (Haaretz)*

### **Sodomite Capital of the World**

Israel is home to some of the largest sodomite parades and gatherings in the world. The culture in big cities like Tel Aviv embraces these Biblically condemned lifestyles rather than rebuke it like the Bible instructs.

*"Everything in Tel Aviv is gay, inherently gay," said Leon Avigad, who owns two very chic boutique hotels with his partner Nitzan Perry. "The people are creative, open-minded, liberal, accepting, and daring. Tel Aviv is very open to new forms of art, new musical styles, everything is very accepting." The long-standing rule of thumb is that 10 percent of the population is gay, give or take. The estimate by officials in Tel Aviv is 25 percent of its population is gay. I'm no Johann Carl Friedrich Gauss, but according to my remedial math skills and the calculator on my iPhone, if the population of Tel Aviv is 420,000, that means 105,000 people in the city identify as LGBT." (Boston Globe)*

### **Pedophile Haven**

Israel is so desperate to attract diaspora Jews from all over the world to come and live in Israel, they notoriously overlook any and all criminal history, including that of pedophiles and criminals.

*"The Law of Return is basically why it's so easy for people to come here," says Shana Aaronson, the chief operating officer of Jewish Community Watch — an advocacy group for victims of child sexual abuse everywhere in the Jewish world, with offices in the United States and Israel. "There is certainly more focus on whether or not the person is Jewish than there is on a possible criminal record," she charges, alleging that criminal background checks run on individuals looking to immigrate are not as thorough as they should be." (Haaretz)*

### **Free State Paid Abortions**

Abortion is state funded in Israel, and is approved in all forms.

*"The recent passage of a law in Alabama restricting almost all abortions has once again generated fierce debate in the US and indeed around the world on this sensitive issue. vs. Yet in the Jewish state, abortion is noticeable perhaps for the very absence of debate*

*over it, especially bearing in mind the fierce battles fought over women's divorce rights, and discrimination against women in the public domain. Recommended by But in Israel, abortion is legal, easily accessible and state-funding for it is widely accessible, although the state nevertheless does not automatically grant the right to terminate a pregnancy." (Jerusalem Post)*

### **International Organ Trafficking Hub**

Israel has become a vector center for organ trafficking, and has featured some very high-profile cases lately that demonstrate the greed, racism and inhumanity common among Zionist in Israel. They seek to profit off the goyim gentiles at every turn and do not hesitate to carve people up for money.

*"Israel has become increasingly involved in the world transplantation industry in the last decade. This comes a few years after India, which until the 1990s was the global center of the organ trade, enacted legislation prohibiting transplants using organs acquired from living people." (Haaretz)*

### **Capital of Organized Crime**

Read the linked article out of the *Tablet Magazine* to get a full picture of the many Israeli crime-cartels that are behind drug running, terrorism, weapons smuggling, human trafficking and more the world over.

*"Working under the codename Case Number 512, the police and the prosecution have recruited seven key witnesses whose job is to bring down three of the country's mightiest crime organizations. Of those, Abergil's is considered the largest, the wealthiest, and the cruelest. Abergil's indictment could keep several Hollywood screenwriters busy; it provides a frightening peek into the expansion of Israel's organized crime to the rest of the world, including forays into the global trade in cocaine and ecstasy, extortion, gambling, money laundering, a string of unsolved murders, mysterious explosions, and innocent people paying with their lives along the way.*

...

*Witnesses who agree to collaborate with the authorities are murdered under mysterious circumstances time and again. One of the most famous such cases, which surfaced as part of the investigation into Case Number 512, was the story of Yoni Alzam, a crime organization foot soldier who was supposed to provide incriminating testimony about a murder allegedly committed by one of Abergil's men. Alzam was held in solitary confinement under heavy guard in a maximum security prison. In 2005, he was found dead in his cell one day before he was supposed to testify, after he ingested some cyanide that was somehow smuggled to his cell. Alzam's death sent a chilling message to other potential witnesses: There's no place where you are safe from the bad guys." (Tablet Magazine)*

### **Wars of Aggression and Espionage**

Whether digital espionage, creating proxy armies like ISIS, or creating false flag attacks on the scale of 9/11, Israel is one of the most ruthless nations on the planet.

Israel without a doubt knew about 9-11, and not only failed to report the attacks, but was also busted documenting and celebrating the event as it unfolded on that fateful day. Just learn about the “*Dancing Israelis*” who were arrested on 9/11 as Mossad agents. These Mossad agents admitted they were set up to document the first strike of the WTC towers, indicating they knew well in advance and had prior knowledge that could have stopped the attacks, but didn’t.

Read about and watch videos pertaining to the *Dancing Israelis* here, *“In the days after 9/11, while Ground Zero continued to smolder, millions heard Dan Rather and various media outlets repeat vague and unconfirmed reports of arrests that took place that day. These rumors held that Middle Eastern men, presumably Arabs, were arrested in explosive-packed vans in various places around the city on September 11th, and that some had even been photographing and celebrating those events. What most do not realize is that those reports were not mere rumors, and we now have thousands of pages of FBI, CIA and DOJ reports documenting those arrests.”* (Corbett Report)

### **Apartheid and Zionist Settlers**

The Ten Commandments state in Exodus 20:17, “*Thou shalt not covet thy neighbor’s house...*” Israel apparently never got the memo. Take a look at these charts demonstrating how Israeli settlers have gradually over time stolen land from the Palestinians for a century.

*“...the settlement issue as such a dire threat to the viability of a future Palestinian state, you need to grasp two important things. The first is that the entire area of land we’re talking about here, which encompasses both Israel and the Palestinian territories, is incredibly tiny. This is why even the smallest settlements can cause a major backlash, especially when they’re located in places that, if they were to remain, would break up a future Palestinian into disconnected chunks of land and prevent it from being a contiguous state. The second is the explosive growth of both the settler population and the number of settlements over the past several decades. The scale of the growth is just staggering, especially in such a relatively tiny area of land and given that Israel’s total population is estimated to be just 8.3 million people.”* (Vox)

### **Conclusion**

Christians are blinded to the unholy wickedness of Israel. In their eyes they can do no wrong. They literally believe that despite the outright evil they have unleashed in the world that if we ignore all of their evil God will Bless them. They believe we are to Stand with Israel no matter what. Well I have news for you that God never stood for them when they were committing sinful rebellion in ancient times and he won’t stand for it now in our modern Times.

This nation has embroiled the U.S. in so many wars of aggression on its behalf, it has become impossible to track the deaths, and mayhem associated with their evil actions.

Essentially the reason Israel is responsible for so much evil, is because their Talmudic religion literally views gentiles as subhuman. Here is a Jewish source admitting that this is true and saying that this thinking has heavily influenced Zionist policy.

*"Shahak's book is an overview of Judaism and Zionism, which focuses on Jewish anti-Gentile traditions. Though he recognizes that many of these teachings are no longer authoritative, Shahak believes that they have, nonetheless, had a profound influence on the development of Jewish identity over the centuries. Most importantly, he believes that they have seeped into Zionist ideology and have affected the way Israel interacts with its non-Jewish citizens and neighbors.*

*Shahak, a Holocaust survivor who died in 2001, was for many years a professor of chemistry at the Hebrew University in Jerusalem. He also led the Israeli Civil Rights League from the mid-1970s until 1990. In Israel, he was a controversial figure, but he was revered by the international left as a tireless advocate for human rights." (My Jewish Learning)*

This is a fact, this is the core issue, and until the racist hate for the rest of the world is addressed and squashed by world leaders, their wicked policies towards the rest of the world will never change.
