

# OVERWHELMING PROOF that the COVID-19 *Plandemic* was officially planned and executed by the U.S. Federal Government (and other state actors)

**SOTN Editor's Note:** The following exhaustive investigative research report proves — BEYOND ANY DOUBT — that the COVID-19 *Plandemic* was, in fact, planned out over many decades within the highest echelons of the U.S. government. It also confirms that an extremely powerful shadow government was directing every facet of the vast lobbying efforts and legislative processes necessary to pull off this ongoing crime wave against the American people. Which means that the barbarians have been inside the gate and operating freely at least since the Federal Reserve Act of 1913.

What makes this immense body of evidence so compelling is the extraordinary chronology of official governmental acts and essential legislation from start to finish. It's as though the well-concealed perpetrators designed the perfect one-two punch to first knock down, and then knock out, the U.S. citizenry. The launch of the COVID-19

bioweapon was obviously the “first punch” which perfectly set up the weaponized Covid vaccine “second punch”.

This hard scientific evidence shows that, not only was the COVID-19 bioweapon meticulously bioengineered over several decades, its stealthy release was coordinated with several conspiring nations, especially throughout the Zio-Anglo-American Axis sphere of influence. Clearly, the ultimate intention was the global administration of an exceedingly injurious and often lethal COVID-19 injection in order to depopulate planet Earth.

Of course, there are also volumes of highly authoritative data/info that demonstrate the explicit intent to commit genocide against the American people as well as against other traditionally white Christian nations. There’s only one global crime syndicate and malevolent secret society that possesses both the prodigious power and pervasive influence to carry out such a capital crime spree against all of humanity and effectively cover it up. See: [The World Wars And All Other Cataclysmic Events Were Carried Out By THE TRIAD](#)

In light of these highly consequential statements of historical fact supported with incriminating documentation, it’s absolutely imperative that every attorney working on this case be made aware of the covert “**American Domestic Bioterrorism Program**” delineated in great detail below. Therefore, we ask our great SOTN Patriots to post and send out this link everywhere and anywhere.

**BOTTOM LINE:** There’s no more definitive and legally airtight body of evidence that verifies a highly organized conspiratorial plot to perpetrate both mass murder and injury against the American people. Hence, every single injured and aggrieved party ought to be aware of this extensive and irrefutable report. Thank you for disseminating this vital report far and wide.

## OVERVIEW

I started looking closely at the legal architecture supporting the Covid national prison [panopticon](#) on Jan. 30, 2022, after hearing [Attorney Todd Callender's interview](#), which provided information about the American domestic legal framework; how it fit with the oddly-coordinated pandemic story told by governments worldwide; and how it relates to the World Health Organization International Health Regulations of 2005 at the center.

I wrote up the interview:

[Legal Walls – Short Version](#)

[Legal Walls of the Covid-19 Kill Box; PDF](#)

Prior to that day, I'd spent a lot of time, with increasing confusion and alarm and despair, trying to figure out why the U.S. Constitutional legal system hadn't put a stop to the nonsense as its nonsensicality became obvious to so many people.

Why did it continue, with no end in sight, and not even a glimpse of a path to the end?

Since then, as I've dug into Todd Callender's analysis following the supporting paper trails, I've learned why, and how.

A whole lot of things that once were federal and state crimes and civil rights violations have been legalized by Congress through legislative, statutory revisions to the United States Code, signed by U.S. Presidents, and implemented at the administrative, regulatory level by the Department of Health and Human Services and Department of Defense through the Code of Federal Regulations.

I've reported on those findings in small bits and pieces, connecting the laws to court cases, executive orders, guidance documents for industry and researchers, academic papers, intellectual property patents, regulatory amendments, psychological manipulation programs, geopolitical developments and other facts as they've floated across my field of view.

I think the critical decay began around 1983, when the 'public health emergencies' section was added to the 1944 Public Health Service Act, although the 1944 PHSA itself represented an additional militarization of human medicine in the United States.

Most of the worst laws have been passed since 2000 — just before 9/11 and the U.S. Department of Defense false flag anthrax attacks.

They are listed below, with links to the full text of each law, and a short summary of what I understand about how each one fits into the overall scheme.

The basic goal of the architects, which has been achieved, was to set up legal conditions in which all governing power in the United States could be automatically transferred from the citizens and the three Constitutional branches into the two hands of the Health and Human Services Secretary, effective at the moment the HHS Secretary himself declared a public health emergency, legally transforming free citizens into enslaved subjects.

That happened on [Jan. 31, 2020, in effect as of Jan. 27, 2020](#) through the present day. In other words: **Congress and US Presidents legalized and funded the overthrow of the U.S. Constitution, the U.S. government and the American people, through a massive domestic bioterrorism program relabeled as a public health program, conducted by the HHS Secretary and Secretary of Defense on behalf of the World Health Organization and its financial backers.**

Support may be used to provide supplemental funding to extend the duration of a grant...that was awarded prior to enactment, or to expand the purposes of such a grant; issue awards to research the effects of the current pandemic and potential future pandemics; and provide flexibility on awards to account for facility closures or other limitations during the COVID-19 public health emergency.

COVID-19 injectable bioweapons as case study in legalized, government-operated domestic bioterrorism. Or: why there won't be any civil suits, or compensatory damages for injured victims or survivors of dead victims.

Since first realizing the implications of the many Congressional statutes and Health and Human Services regulations adopted to create and operate the bioterrorism program, mostly between 1997 and the present, I've been intermittently finding the specific citations for each statement while researching related issues.

Some statements are simply logical deductions from the first premise, corroborated by the observable actions and inactions of Food and Drug Administration officials as the observable injuries and deaths mount up in the American people.

Others are specifically written into the laws, but I don't yet have the citations because I've prioritized my research time investigating other issues related to the bioterrorism program.

I'm posting the information as I understand it today [June 9, 2022], despite those limitations, in case it's useful for readers who also follow FDA Vaccine and Related Biological Products Advisory Committee (VRBPAC) reporting by [Toby Rogers](#), [Igor Chudov](#), [Steve Kirsch](#), [Jessica Rose](#), and others.

They continue to rightly raise public awareness and alarm about FDA's ongoing failure to protect the public from the Emergency Use Authorized (EUA) products.

But they don't address the main reason **why** FDA is acting as it is.

FDA is not pulling the EUA products from the market or stopping the 'vaccination' campaign because Health and Human Services Secretary Xavier Becerra and FDA Commissioner Robert Califf are running the US government's bioterrorism program

jointly with Defense Secretary Lloyd Austin, Department of Justice Attorney General Merrick Garland, Department of Homeland Security Secretary Alejandro Mayorkas, Pfizer CEO Albert Bourla, Moderna CEO Stephane Bancel, and World Health Organization Director-General Tedros Adhanom Ghebreyesus.

### **Main Premise**

Use of EUA-covered medical countermeasure (MCM) products including masks, PCR tests, mRNA and DNA injections, and other drugs, devices and biologics, once designated as such by the Secretary of Health and Human Services ([March 10, 2020, retroactive to February 4, 2020](#)) “**shall not be considered to constitute a clinical investigation.**” 21 USC 360bbb-3(k). FDA EUA law, adopted 1997 and amended 2003, 2004, 2005, 2013, 2017.

This is true no matter how untested, unmonitored, unsafe, or ineffective they are, no matter whether their harmfulness to human health and uselessness for infection-control are known before use, or discovered afterward.

Legal implications derived from the main premise:

### **There is no stopping condition.**

EUA products are exempt from laws regulating researcher use of investigational, experimental drugs, devices and biologics on human beings.

EUA products are exempt from laws regulating physician use of approved drugs, devices and biologics as medical treatments for patients.

There are no manufacturers of experimental products (EUA products are not part of any clinical investigation, and therefore not experimental.)

There are no government or private contracts for purchase of experimental products; there are only contracts for [‘large scale vaccine manufacturing demonstrations.’](#)

There is no act of administration of any experimental products.

There are no nurses or pharmacists administering experimental products.

There are no human subjects (of experiments) or patients (of physicians providing treatment) receiving experimental products: no victims.

There is no party responsible for the wellbeing of recipients after administration of EUA products.

There is no treatment group and no control group.

Human beings administering EUA products have no **informed consent** obligations to provide information about ingredients, risks, benefits, alternatives, or the option to accept or refuse the products. See 21 USC 360bbb-3(e)(1)(A)(ii) waiving informed consent for unapproved products (2004); 21 USC 360bbb-3(e)(2)(A) waiving informed consent for unapproved use of an approved product (2004); 21 USC 355(i)(4) waiving informed consent for experimental products classified by HHS as ‘minimal risk’ drugs (2016); 21 USC 360j(g)(3)(D)(i) waiving informed consent for experimental ‘minimal risk’ devices (2016).

Human beings receiving EUA products have no **informed consent** rights to receive information about ingredients, risks, benefits, alternatives, or the option to accept or refuse the products. See citations, bullet point above.  
There are no Institutional Review Boards supervising administration of the experimental products.

There are no safety standards for EUA products.

There are no efficacy standard for EUA products. See 21 USC 360bbb-3(c)(2)(A), 1997, 2003, 2004, re: ‘may be effective.’

There are no clinical investigators studying the effects of EUA products on human subjects.

There are no doctors, nurses, or other treatment providers providing experimental treatment to their patients subject to the Hippocratic Oath (“first do no harm”) using EUA products.

There is no coordinated, public, federal government monitoring of recipients after receiving the products for adverse effects and deaths.

There is no coordinated, public, federal government data collection or analysis.

There is no legal requirement for medical supervision during product administration.

There is no legal requirement for recipient monitoring after product administration.

‘Real world evidence’ — mass administration of products to general public, followed by collection of private/proprietary information about the effects, from health insurance systems, government databases ([Medicare](#), Medicaid, Defense Medical Epidemiology Database, Veterans Health Administration) and other private databases — is authorized for the purposes of FDA regulatory decisions. See 21 USC 355g. 2016.

There is no requirement for individual prescriptions to be written prior to dispensing EUA products, and products dispensed without prescriptions “shall not be deemed adulterated or misbranded.” See 21 USC 360bbb-3a(d). 2013.

Manufacturers, as contractors, are considered HHS employees for purposes of legal immunity under Federal Tort Claims Act. See 42 USC 247d-6a(d)(2)(A).

DOD is authorized to contract with pharmaceutical corporations to conduct 'prototype' experiments on the general public, and under such contracts, is exempt from legal obligation to comply with Good Clinical Practices or other FDA regulations. See 10 USC 2371b (2015), renumbered 10 USC 4022 (Jan. 1, 2021, effective Jan. 1, 2022)

One of the factors to be considered by HHS secretary in making determinations about EUA products (qualified security countermeasures) and use of Special Reserve Fund/Strategic National Stockpile appropriations to procure them is "whether there is a lack of a significant commercial market for the product at the time of procurement, other than as a security countermeasure." See 42 USC 247d-6b (c)(5)(B)(iii)

There are no required standards for quality-control in manufacturing; no inspections of manufacturing procedures; no prohibition on wide variability among lots; no prohibition on adulteration; and no required compliance with Current Good Manufacturing Practices. EUA products, even though unregulated and non-standardized, "shall not be deemed adulterated or misbranded." See 21 USC 360bbb-3a(c). 2013.

There are no labeling requirements regarding the contents or ingredients in EUA products. 21 USC 360bbb-3(e)(2)(B)(ii). 2004.

There is no limitation of administration of EUA products past their expiration dates.

There cannot be clinical trial fraud, because there are no clinical investigations, no investigational drugs, no investigators and no human subjects.

There are no marketing standards.

There cannot be consumer fraud, because the only legal parties to the financial transactions are the US government (DOD) as buyer; the US government (HHS) as regulator authorizing exemptions from consumer protection laws that otherwise apply to medical products; and the pharmaceutical corporations as sellers, contracted to develop and manufacture the products. There are no commercial pharmaceutical products, no commercial marketplace, and no commercial market consumers.

There is no access to courts for judicial review of the facts or law relating to HHS Secretary declarations of EUA products, which are committed to agency discretion. See 42 USC 247d-6d(b)(7). 2005.

There is no access for plaintiffs, to civil courts for judicial review, and no entity to whom civil liability can attach, for injuries and deaths caused by declared covered countermeasures, unless and until FDA/HHS and/or Attorney General/DOJ file enforcement action against manufacturers and prove willful misconduct proximate to injury or death, but HHS and DOJ have operated the EUA product program together

with the manufacturers since inception, and will not prosecute their co-conspirators. See 42 USC 247d-6d. 2005.

Even if there were access to courts for judicial review, and a fact-finder found evidence of harms caused by administration of products to recipients, and even evidence that those who caused the harms, by developing, manufacturing, distributing and/or administering the EUA products, knew the EUA products were toxic and knew their own actions were harmful, “just following orders” is an authorized, legal defense. See 42 USC 247d-6d(c)(4). 2005.

**Summary:**

There are no actions that can be legally classified as crimes or civil torts; there are no medical battery or homicide victims, or plaintiffs; and there are no medical batterers or murderers. Because legally, nothing has been done, and no one has done anything, to anyone else.

The recursive loop can be infinite, as covered countermeasures are developed, authorized and deployed, through HHS Secretary EUA declarations, as treatments for complications from prior countermeasures.

Having read this article several times, one begins to see the shadow back drop of Lucifer behind the long history which led up to the drama of the past three years. The individual is doomed under the scope of totalitarianism. From my own study of “Depopulation” beginning with *‘The Population Bomb’* by Paul Ehrlich in 1967, this comprehensive summary of how government is instrumental through what are nice sounding words and terms, in fact, become a death sentence under the guise of suicide. *“Power tends to corrupt,”* said Lord Acton, the 19th-century British historian. *“Absolute power corrupts absolutely.”* His maxim has been vividly illustrated in psychological studies, notably the 1971 Stanford Prison Experiment, which was halted when one group of students arbitrarily assigned to serve as *“prison guards”* over another group began to abuse their wards.

We are in the final phase of global government tyranny in which the agenda is to steal, destroy, and kill. Humanity is at the mercy of God and we all need to pray that God executes His justice upon a corrupt and evil world.
