It does not get any more dangerous and deadly for the American Republic than **OPERATION TROJAN HORSE**. Here's why:

KEY POINTS: [Operation Gladio](#) uses the open borders to sneak across terrorists cells who will then carry out false flag terrorist attacks upon being triggered by their CIA handlers. **Gladio** is steadily and surreptitiously building a secret army of foreign mercenaries, criminals, terrorists and other soldiers-of-fortune in every major city in America. Just as Syria was overwhelmed by **Gladio**-directed terrorist groups practically overnight, these strategically positioned terror cells are being readied to spring into action once the *Deep State* traitors push the button on the long-planned American Bolshevik Revolution (aka **CIVIL WAR 2.0**).

See: [OPEN BORDERS & ILLEGAL IMMIGRATION: A Highly Organized Communist Plot to Destroy the USA](#)

***Operation Gladio** is the terrorist arm of NATO often known as the *North Atlantic Terrorist Organization*.

OPERATION TROJAN HORSE

There are actually numerous highly organized conspiratorial plots to destroy these once United States of America being carried simultaneously ever since *Manchurian Candidate* Barack Hussein Obama was first installed in the White House on that darkest of days in January of 2009. However, the communist takeover plan to violently usurp the entire U.S. Federal Government is by far the most devastating to the American Experiment ... because this very stealthy Uniparty scheme forever blows up the laboratory.

Therefore, if there's one VERY important thing that every single Patriot can do in 2023, it is blow the whistle on the rapidly unfolding American Bolshevik Revolution.

Why do you think the vast majority of illegal aliens now invading all of our borders are young fighting age men from countries with LOTs of ant-American angst?

Yes, these foreign mercenaries and soldiers of fortune, terrorists and extremists, anarchists and agitators, criminals and convicts, drug dealers and mules, rebels and revolutionaries, insurgents and insurrectionists are also being transported to all of the sanctuary cities and states to create overwhelming chaos, confusion, and conflict via rampant and violent criminal activity. But that is only the preliminary stage of this NWO-inspired revolution necessary to soften up and scare the local populations, just as the bankster-funded bolsheviks did in Russia prior to the Bolshevik Revolution of 1917.

So, the same illegal alien occupants of this *Trojan Horse* (read Soros-paid transport trains ferrying illegals to the US border) are actually tasked with multiple missions for the privilege of coming to the states.

First, the illegals are methodically supporting the **drug trafficking** industry thereby overwhelming all 50 states with the current fentanyl crisis, as well as other drug-driven public health disasters.

Secondly, they illegals on both sides of the **human trafficking** industry which is heavily involved in child trafficking, sex trafficking and slave trading.

Thirdly, a select group of the more experienced mercs and soldiers of fortune are directly involved in **arms trafficking**.

Fourth, many of the illegal aliens are set up in highly organized **criminal gangs** throughout the big Democrat-controlled cities across America to commit shocking crimes and terrorist acts such as mass murders and mass bombings.

Fifth, the countless Gladio-overseen terrorist cells are operating in complete secret and totally outside of American society ready to execute terror operations whenever programmed to do so. Many of the mass casualty events regularly staged across the USA involve these mind-controlled triggermen and patsies alike. (See: [US tops 500 mass shootings this year](#))

Sixth, the Gladio-directed paramilitary units are being covertly trained in clandestine military bases around the country and which will function as the initial strike force, particularly against Patriots domiciled in the red states and more conservative cities. The Christian South and Midwest are the real targets of this Bolshevik Revolution as the Left Coast and East Coast liberal bastions have already been effectively taken over.

Seventh, many illegal aliens are recruited as soon as they step over the border by the U.S. Armed Forces. The US Government is no longer able to recruit awakened Americans to fight their unprovoked wars of naked aggression and/or forever wars around the world. The absurdly woke U.S. Military has, in fact, so alienated young men and women across the country that they will have nothing to do with the MIC-directed war machine; hence, the 5 fighting services must bribe foreign mercs to join as cannon fodder.

There are several other criminal conspiracies of a highly treasonous order which are also coordinated and choreographed by the well-concealed treasonous cabal of co-conspirators whose primary aim is to collapse this Republic—POST-HASTE! Of course, the detailed planning of the American Bolshevik Revolution is being performed by the U.S. Intelligence Community just as the heavy lifting is being done by the U.S. Armed Forces and NATO.

KEY POINTS: The NWO multiculturalists such as George Soros know that Americans in the Armed Forces will never fire upon their fellow U.S citizens.

The *Deep State* traitors do know that foreign mercs will gladly carry out such a treasonous task. They also know this:

“In internal reports, the WEF plan is to employ immigrants to subjugate the local population of Western countries when they introduce unjust laws like mandatory medical restrictions, movement restrictions, climate change restrictions, ULEZ, food restrictions, farming restrictions, and banking restrictions. It will not be familiar faces forcing you to submit. It will be military age men desperate to do anything for the powers that be in exchange for settling in the designated country.”

Conclusion

None of these treasonous plots and traitorous schemes could be taking place were it not for the imprimatur and active sponsorship of the U.S. government.

If the Executive Branch, the Congress and the SCOTUS were really doing their jobs, none of these things would be plaguing the American people at this exceedingly dire moment.

Of course, not only are these 3 branches of the U.S. Federal Government not upholding their respective oaths to the US Constitution, they are willfully and systematically violating it in the most profound and fundamental ways. Instead of protecting the U.S. citizenry, these brazenly treacherous perps are putting these United States in great peril.

As fate would have it, as bad as those seven bullet points listed above truly are, they don't even compare to the other furtive crime sprees going on in the shadows 24/7 in an effort to further throw this nation into massive chaos and mayhem. See: [13 Reasons Why The Plandemic 2.0 Perps Are Launching The Eris Bioweapon Right Now](#) Which is why a close examination of the 1917 Bolshevik Revolution is so darn instructive. What the history books do not tell US is how many years were diligently spent by the Western banksters funding and financing so many society-destroying schemes, particularly throughout Moscow and St. Petersburg.

Those two cities experienced many fastidiously timed and executed terrorist attacks, carried out by agents of the Central Banking Cartel immediately following the Federal Reserve Act of 1913. This was essential preparation in key Russian cities for the US-UK engineered revolution, just as America has been deliberately thrown into societal chaos and political pandemonium over several years. In point of fact, this is how the **Khazarian Cabal** always does it since it has never failed them.

Then there is this little **Black Swan** on the horizon:

Conclusion

How can any the US government throw well in excess of \$100,000,000,000 at the Ukraine to repel their 'border invasion' when American border invasions are actually encouraged and abetted by the Biden administration?!
