

The World's Most Powerful Secret Societies: Who's Really Running the World?

A lot of people dismiss the notion of a “secret society” out of hand. Jesus Christ had this to say about such groups: ***“Jesus answered him, I spake openly to the world; I ever taught in the synagogue, and in the temple, whither the Jews always resort; and in secret have I said nothing.”***—(John 18:20). ***“For there is nothing hid, which shall not be manifested; neither was anything kept secret, but that it should come abroad.”***—(Mark 4:22). ***“For nothing is secret, that shall not be made manifest; neither anything hid, that shall not be known and come abroad.”***—(Luke 8:17).

Even the Apostle Paul declared: ***“Now to him that is of power to stablish you according to my gospel, and the preaching of Jesus Christ, according to the revelation of the mystery, which was kept secret since the world began,”*** Romans 16:25).

To those who dismiss the notion of a “secret society” talk of the Bilderbergs and Freemasons sounds far-fetched, if not outright crazy. But that's partly because it's easier not to believe.

After all, to believe that a small, secretive group of powerful individuals is calling the shots behind the scenes means conceding that our fate, generally speaking, is out of our control.

It means accepting the rich and powerful run the world, and that our very democracy, in many ways, is a sham. Still, these societies really do exist. Are they really puppet masters pulling the strings on the world stage? Only they know. We're left to speculate.

Still, we can at least acknowledge their existence. And maybe, by evaluating the scant information we do have, start to shed light on their influence in global politics.

So let's get started... There are more “secret societies” than you may realize.

The Bilderbergs

In the sleepy town of Watford, England, a caravan of town cars with blacked out windows winds through the hills. Helicopters fly low overhead, landing at The Grove — a centuries-old chateau-turned-resort.

There's a small group of protesters, but they're easily corralled on a grassy knoll by the hundreds of state security agents on hand. Oddly, there's no press. Roads are closed and the perimeter is secured. The entire town was on lockdown.

"I think it's outrageous that the local taxpayer has to pick up the tab for ostensibly a private meeting of trillionaires, probably the wealthiest people in the world," bemoans Watford town Mayor Dorothy Thornhill. "Hertfordshire Constabulary has suddenly got this unexpected budget strain dumped on them at literally a month's notice. It's not on."

It's the 2013 meeting of the Bilderbergs, and all of the world's elite are in attendance: Barack Obama, Hillary Clinton, Ben Bernanke, Paul Volcker, Christine Lagarde, Donald Rumsfeld, Henry Kissinger, Larry Summers, Lloyd Blankfein, Jamie Dimon, Rupert Murdoch, Jeff Bezos, Eric Schmidt, Angela Merkel, George Soros, Warren Buffett, the Rockefeller's, and more...

The goal of their meeting: To determine the fate of the world.

Bilderberg Framework

It may sound like a Dan Brown novel, but it's not. This top-secret, invitation-only meeting has taken place every year since 1954. The inaugural meeting was in Oosterbeek, Netherlands at the Bilderberg Hotel, from which the group got its name. Annual attendees — 80 of the world's most powerful people — are members. The rest are chosen by the group's Steering Committee. Some attendees are invited occasionally because of their knowledge or involvement in relevant topics. Others are first-timers, chosen for their possible later usefulness.

They must come alone. Personal assistants and body guards are quarantined in a separate hall. And the host state provides security to keep outsiders at bay. One-third of attendees are political figures. The others are from industry, finance, academia, labor, and communications. And the meeting follows Chatham House Rules, letting attendees freely express their views in a relaxed atmosphere, knowing nothing said will be quoted or revealed to the public. Most importantly, you must never talk about the meetings.

Bilderberg Agenda

Daniel Estulin investigated the group for 15 years. His book, *'The True Story of the Bilderberg Group'*, was published in 2005.

He describes the cabal as a "shadow world government" — a "private club where presidents, prime ministers, international bankers and generals rub shoulders, where gracious royal chaperones ensure everyone gets along, and where the people running the wars, markets, and Europe [and America] say what they never dare say in public." Estulin describes their agenda thusly:

- One international identity that observes one set of universal values.

- Centralized control of public opinion through propaganda.
- A New World Order with rulers, subjects, and the illusion of democracy.
- A “zero-growth society” without prosperity or progress, only greater wealth and power for the rulers.
- Manufactured crises and perpetual wars.
- Establishing the UN as a de facto world government.
- Making NATO a world military.

The ultimate goal: A One World Government with a single, global marketplace, policed by one world army, and financially regulated by one World Bank.

Bilderberg Partners

The Bilderberg network allegedly controls a number of think tanks and corporations that influence governmental policy around the world. The structure of the meetings is that of a conference – usually held in five star hotels around the world. Attendance at the meeting is strictly by invitation only. As I was entering this article it was announced the Bilderberg Group would be meeting May 30th-June 2nd, on the shore of Lake Geneva, Switzerland at the The 67th Bilderberg Meeting will take place from May 30 – June 2, 2019 in Montreux, Switzerland on the shore of Lake Geneva.

One such institution is the Council on Foreign Relations (CFR), the U.S. nonprofit, nonpartisan center that influences foreign policy and international affairs.

One of its 1921 founders, Edward Mandell House, lived in the White House during Woodrow Wilson’s term as president. House reportedly set Wilson's policies, helped draft the Treaty of Versailles, helped pass the Federal Reserve Act in December 1913 and ratify the 16th Amendment shortly thereafter.

Those actions gave money creation power to bankers and created the federal income tax. David Rockefeller was the honorary chairman of the CFR, as well as the only member of the Advisory Board for the Bilderberg Group, until his death

David Rockefeller also founded the Trilateral Commission (TC), another “discussion group” established to push the Bilderberg agenda. Since 1940, every Secretary of State, except James Byrnes, has been a member of the CFR or TC.

On page 405 of his Memoirs, David Rockefeller wrote:
“Some even believe we are part of a secret cabal working against the best interests of the United States characterizing my family and me as ‘internationalists’ and conspiring with others around the world to build a more integrated global political and economic structure — one world, if you will. If that’s the charge, I stand guilty, and I am proud of it.”

The original meeting was initiated by several people. Polish emigre and political adviser, Joseph Retinger, concerned about the growth of anti-Americanism in Western

Europe, proposed an international conference at which leaders from European countries and the United States would be brought together with the aim of promoting understanding between the cultures of The United States of America and Western Europe.

Many presidential candidates were also CFR members, including Herbert Hoover, Adlai Stevenson, Dwight Eisenhower, John Kennedy, Richard Nixon, Gerald Ford, Jimmy Carter, George Bush Sr., Bill Clinton, John Kerry, and John McCain. The groups are also responsible for spawning a huge number of CIA directors and Treasury Secretaries. So clearly, the Bilderbergs have considerable influence in the United States and the world at large. And they're not the only ones.

Although the agenda and list of participants are openly available to the public, it is not clear that such details are disclosed by the group itself. Also, the contents of the meetings are kept secret and attendees pledge not to divulge what was discussed. The group's stated justification for secrecy is that it enables people to speak freely without the need to carefully consider how every word might be interpreted by the mass media.

Needless to say, this group is constantly surrounded by controversy and conspiracy theories.

The key topics for discussion this year are:

1. A Stable Strategic Order
2. What Next for Europe?
3. Climate Change and Sustainability
4. China
5. Russia
6. The Future of Capitalism
7. Brexit
8. The Ethics of Artificial Intelligence
9. The Weaponization of Social Media
10. The Importance of Space
11. Cyber Threats

The full list of attendees include the following. There are some very surprising names listed this year, since future presidents are often invited in somewhat prophetic patterns. I have **bolded** two of their names.

The Freemasons

They claim to be a fraternal group of men seeking only self-improvement and the betterment of society, but the Freemasons have long been suspected of occult worship and shadow manipulation.

The group got its beginnings 1717 London, where it first attracted the ire of Christians skeptical of the group's religious practices. As an organization, the Freemasons claim to believe in a supreme being, a "grand architect." But not everyone is convinced that architect is the Christian God. Some even believe it's Satan. It could also be Baal, Baphomet, Dajjal, Rahu, Osiris, some combination of these, or an entirely original conception independent of any other earthly religion. The Bible of Freemasonry is called '*Morals and Dogma*' and in the rites and rituals, the author Grand Master Albert Pike, identifies their god as "Lucifer" in the 19th degree of Freemasonry.

It's impossible to know, since the group has been very successful at keeping its rituals secret. As its symbolism suggests, the Freemasons are a pyramid organization. That means a select few at the top know everything, while the majority of members at the base know little. It's not enough to simply join the Masons. You need to work your way up the ranks, proving your usefulness and relying on other members for help. Only then will you learn the truth...

Membership levels were initially first and second degree, but in the 1750s this was expanded to create the third degree which caused a split in the group. When a person reaches the third degree, they are called a Master Mason.

Dollars and Sense

Critics say evidence of the group's occult practices hides in plain sight. The Freemason symbol of a compass and a square form a pentagram. This pentagram is the group's calling card, discretely featured on our money and in the cityscape of Washington D.C.

You have to admit, it seems odd to have a pyramid with an all-seeing eye on our \$1 bill. It's also odd that the words decorating that pyramid read: "Annuity Coeptis Novus Ordo Seclorum," which translates to "Announcing the Beginning of the New World of the

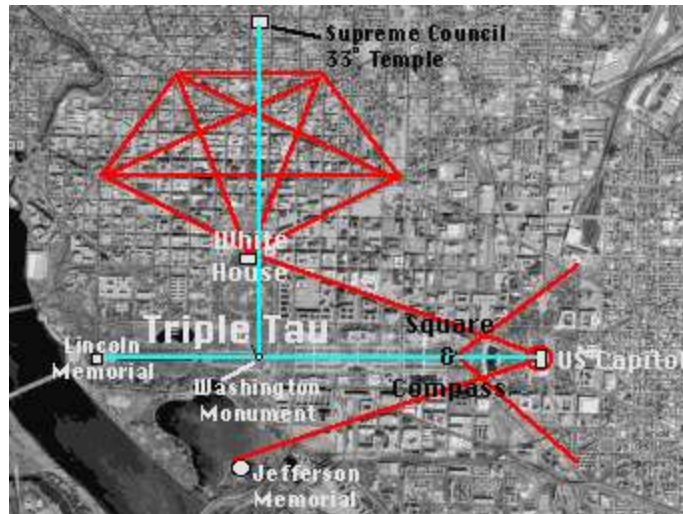

Ages" or "New World Order." And what's more, if you lay a pentagram over the pyramid, the points reach the letters M-A-S-O-N.

In 1790, President George Washington, a Freemason, appointed another Freemason, the French-born Pierre Charles L'Enfant, to design the federal capital.

An aerial view of the city shows the Capitol building, Washington Monument, Lincoln Memorial, and White House form a plane. On that plane, the Capitol building, Jefferson Memorial, and White House form the Freemason compass.

Connected to the compass is the upside down pentagram, formed by DuPont Circle, Logan Circle, Washington Circle, Mt. Vernon Square, and the White House.

The Network

Of course, the Freemasons' aren't just cheeky designers, content to slip their secret symbols into American icons. Their members hide in plain sight, as well.

In addition to George Washington — who earned the distinguished title of Master Mason — 17 other Freemasons made it to the office of President. That includes James Monroe, Andrew Jackson, Teddy Roosevelt, Franklin Roosevelt, Harry Truman, and Gerald Ford, George H.W. Bush, George W. Bush, Barack Obama. We need to recognize that our current President, Donald J. Trump is also a Freemason.

In fact, the Washington Bible, on which many presidents take the oath of office, is a Masonic bible. It belongs to the St. Johns Lodge in New York City. Generals, Supreme Court Justices, and many influential artists, actors, and musicians were Masons, too.

That includes Ben Franklin, Thomas Paine, Paul Revere, Patrick Henry, and Francis Scott Key, J. Edgar Hoover headed the FBI as a Mason. Senators John McCain and Bob Dole ran for president as Masons. And astronauts John Glenn and Buzz Aldrin flew to the moon — or faked it, depending on what you believe — as Masons. Aldrin even brought a Masonic flag to the moon in 1969.

John Wayne, Clark Gable, Harry Houdini, Mark Twain, Oscar Wilde, and Mozart... all Masons. Henry Ford, too. Some even say Jack the Ripper was a Mason.

Architects of the New World Order

Clearly, the group has infiltrated every aspect of society, consolidating power at both the federal and local level.

But what is the ultimate goal?

The accumulation and perpetuation of their power and influence, for one. But maybe more, as well.

The Freemasons are suspected of:

- Plotting the assassinations of John F. Kennedy, Princess Diana, Abraham Lincoln, John Lennon, and Pope John Paul I.
- Rigging the justice system.
- Instituting the income tax.
- Faking the moon landing.
- And orchestrating the Sept. 11 attacks.

So keep your eye out for secret handshakes.

Masons conduct their regular meetings in a ritualized style. This includes many references to architectural symbols such as the compass and square. They refer to God as “The Great Architect of the Universe”. The three degrees of Masonry are: 1: Entered Apprentice, this makes you a basic member of the group. 2: Fellow Craft, this is an intermediate degree in which you are meant to develop further knowledge of Masonry. 3: Master Mason, this degree is necessary for participating in most masonic activities. Some rites (such as the Scottish rite) list up to 33 degrees of membership.

Masons use signs and handshakes to gain admission to their meetings, as well as to identify themselves to other people who may be Masons. The signs and handshakes often differ from one jurisdiction to another and are often changed or updated. This protects the group from people finding out how to gain admission under false pretenses. Masons also wear stylized clothing based upon the clothing worn by stone masons from the middle ages. The most well-known of these is the apron.

In order to become a Mason, you must generally be recommended by a current mason. In some cases you must be recommended three times before you can join. You have to be at least 18 years old and of sound mind. Many religions frown upon membership of the Masons, and the Roman Catholic Church at one time forbid Catholics to join under pain of excommunication. That has not been the case for more than a half-century, since 1965, with Vatican II and literally hundreds of Catholics up to the position of Cardinal have been Freemasons, including Pope Francis.

The Skull and Bones

It's easy to dismiss the Order of the Skull and Bones as a bunch of college kids playing games...

But if you look deeper, it's easy to see how a small group of students at one of the world's most prestigious universities could evolve into a powerful collective of influential policymakers.

At best, Bones is a tightly-knit network of rich and powerful men, and at worst, a demonic organization with ties to the Freemasons and the Illuminati.

The Devil and Don Quixote

The Order of the Skull and Bones was founded in 1832 by William Russell, who had spent a year in Germany fraternizing with members of the mystical and elite clubs he found there. That includes groups that mimicked the Enlightenment-era Illuminati, which was allegedly destroyed in 1785.

The Order of Skull and Bones, a Yale University society, was originally known as the Brotherhood of Death. It is one of the oldest student secret societies in the United States. It was founded in 1832 and membership is open to an elite few. The society uses masonic inspired rituals to this day. Members meet every Thursday and Sunday of each week in a building they call the "Tomb".

When Russell returned, he tapped Alfonso Taft, father of President William H. Taft, as a recruit and co-founder.

Members worshipped Eulogia, a fake goddess of eloquence. They glorified pirates, and reportedly hatched schemes of world domination at the "Tomb," an imposing block of windowless granite, furnished on the interior with fittingly morbid décor such as coffins.

The Tomb is rumored to have a landing pad on the roof for the society's private helicopter. And members conduct initiation rituals in the rear courtyard.

Ron Rosenbaum is a columnist for the 'New York Observer' and Yale classmate of George W. Bush, a Bonesman. He lived next to the Tomb and even managed to secretly record an initiation ceremony.

Here's how he described it...

"There is a devil, a Don Quixote, and a Pope who has one foot sheathed in a white monogrammed slipper resting on a stone skull. The initiates are led into the room one at a time. And once an initiate is inside, the Bonesmen shriek at him. Finally, the Bonesman is shoved to his knees in front of Don Quixote as the shrieking crowd falls silent. And Don Quixote lifts his sword and taps the Bonesman on his left shoulder and says, 'By order of our order, I dub thee knight of Eulogia.' A woman holds a knife and pretends to slash the throat of another person lying down before them, and there's screaming and yelling at the neophytes."

Rosenbaum also said Bonesmen spend much of their time fixating on death, lying down in coffins, and even desecrating human remains.

Legend has it, in 1918, Prescott Bush — George W.'s grandfather — and a band of Bonesmen robbed the grave of the Apache Indian chief Geronimo. They took the skull and some personal relics, including his saddle, and brought them back to the Tomb. Bonesmen claim they're still there in a glass case. Apparently they have not returned it to the Apache Indian tribe as they keep asking for its return.

An Island Unto Themselves

Again, it would be easy to chalk this up to typical collegiate mischief, thrill-seeking, and fraternity, if the group didn't spawn so many powerful members. A look at the Skull and Bones roster reveals a well-connected network of powerful Bonesmen.

They've controlled the fortunes of the Carnegie, Rockefeller, and Ford families, as well as posts in the Central Intelligence Agency, the American Psychological Association, and the Council on Foreign Relations.

In addition to the Taft's and Bushes, the Bones claim...

- Pierre Jay, the first chairman of the Federal Reserve Bank of New York.
- Winston Lord, the Chairman of the Council on Foreign Relations, ambassador to China, and Assistant U.S. Secretary of State.
- David Boren, Governor of Oklahoma, U.S. Senator, and President of the University of Oklahoma.
- Raymond Price, speechwriter for Presidents Nixon, Ford, and Bush.
- Stephen Allen Schwarzman, co-founder of The Blackstone Group.
- FedEx founder Frederick Wallace Smith.
- John Chafee, U.S. Senator, Secretary of the Navy, and Governor of Rhode Island.
- William Donaldson, who was appointed chairman of the U.S. Securities and Exchange Commission by George W. Bush. (President Bush tapped five fellow Bonesmen to join his administration.)
- William P. Bundy, the State Department liaison for the Bay of Pigs invasion.
- U.S. Supreme Court Justice Potter Stewart.
- John Kerry, the U.S. Senator and current Secretary of State who ran against George W. Bush in the 2004 election.
- And Austan Goolsbee, staff director to and chief economist of President Barack Obama's Economic Recovery Advisory Board.

And that's just a small sample. Senators, statesmen, athletes, bankers, captains of industry... even actor Paul Giamatti. The Skull and Bones are everywhere, which is shocking considering the group is relatively small.

Only 15 members are admitted each year, which means there's only about 800 living members at any one time. Yet this small network is politically potent.

It goes without saying that the society itself has amassed its own small fortune. The Bones' assets are managed by the society's alumni organization, the Russell Trust Association. The association was founded in 1856 by William Russell and Daniel Coit Gilman, a Bonesman who later became the president of the University of California, the first president of Johns Hopkins University, and the founding president of the Carnegie Institution.

The Skull and Bones even have their own island — Deer Island, located on the St. Lawrence River by Alexandria, New York. What goes on there, like what goes on inside the Tomb, is a mystery.

According to Judy Schiff, Chief Archivist at the Yale University Library, the names of the members were not kept secret until the 1970s, but the rituals always have been. Both of the Bush presidents were members of the society while studying at Yale, and a number of other members have gone on to great fame and fortune.

The society is surrounded by conspiracy theories; the most popular of which is probably the idea that the CIA was built on members from the group. The CIA released a statement in 2007 (coinciding with the popularity of the film *The Good Shepherd*) in which it denied that the group was an incubator for the CIA.

Espionage, drug smuggling, and elitism—Yale's secret society has it all.

Conclusion

Obviously, the Bilderberg's, Freemasons, and Skull and Bones fraternity have considerable sway in global politics.

Again, it's impossible to say what their agendas really are. We only know that they work towards their own ends, using their insider status and unscrupulous means for their own profit and empowerment.

And these are only the most powerful and secretive of the groups out there that do this. Financiers funnel and hide wealth for billionaires around the globe. Wall St. conspiracies have manipulated interest rates affecting hundreds of trillions of dollars worth of transactions and loans.

Then there are the gold, silver, and currency manipulations, which the elites are trying desperately to throw out of courtrooms, mostly with success. Retirement accounts are being pilfered by managers that collect kickbacks and bonuses from investments designed to underperform, all while double dipping with account fees.

No wonder there is a constantly growing group of people looking to insulate themselves from the politicians, bankers, and corporate executives trying to limit our personal freedoms and hijack our finances.

The following are formidable “secret societies” but less well known as the big ones above.

Rosicrucians

The Rosicrucian order is generally believed to have been the idea of a group of German protestants in the 1600s when a series of three documents were published: *Fama Fraternitatis Rosae Crucis*, *Confessio Fraternitatis*, and *The Chymical Wedding of Christian Rosenkreutz* anno 1459. The documents were so widely read and influential, that the historian Frances Yeats refers to the 17th century as the Rosicrucian Enlightenment. The first document tells the story of a mysterious alchemist (Christian Rosenkreutz) who travelled to various parts of the world gathering secret knowledge. The second document tells of a secret brotherhood of alchemists who were preparing to change the political and intellectual face of Europe. The third document describes the invitation of Christian Rosenkreutz to attend and assist at the “Chemical” wedding of a King and Queen in a castle of Miracles.

Current members of the Rosicrucian Order claim that its origins are far more ancient than these documents. The authors of the documents seemed to strongly favor Lutheranism and include condemnations of the Catholic Church. Rosicrucianism probably had an influence on Masonry and, in fact, the 18th degree of Scottish Rite Masonry is called the Knight of the Rose Croix (red cross).

There are a large number of Rosicrucian groups today – each claiming to be closely tied to the original. Of the two main divisions, one is a mix of Christianity with Rosicrucian principles, and the other is semi-Masonic. The Masonic type tend to also have degrees of membership.

Ordo Templis Orientis

The OTO (Order of the Temples of the East) is an organization that was originally modeled on Masonry but, under the leadership of the self-styled “Great Beast” Aleister Crowley, it took on the principles of his religious system called Thelema. Thelema is based around a single law: *“Do what thou wilt shall be the whole of the law, love is the law, love under the will”* [1904]. Membership is based upon degrees of initiation and highly stylized rituals are used. The OTO currently claims over 3,000 members worldwide.

Crowley created a “Mass” for the OTO which is called the Gnostic Mass. Of the “Mass”, Crowley wrote:

“I resolved that my Ritual should celebrate the sublimity of the operation of universal forces without introducing disputable metaphysical theories. I would neither make nor imply any statement about nature which would not be endorsed by the most materialistic man of science. On the surface this may sound difficult; but in practice I found it perfectly simple to combine the most rigidly rational conceptions of phenomena with the most exalted and enthusiastic celebration of their sublimity.”

The ritual is very stylized and uses virgin priestesses, children, and priests. Many Ancient Egyptian God’s are invoked, as well as the Devil, and at one point the priestess performs a naked ritual.

Hermetic Order of The Golden Dawn

The order of the Golden Dawn was created by Dr. William Robert Woodman, William Wynn Westcott, and Samuel Liddell MacGregor Mathers. All three were Freemasons and members of Societas Rosicruciana in Anglia (an organization with ties to Masonry). It is considered by many to be a forerunner of the Ordo Templi Orientis and a majority of modern Occult groups.

The belief system of the Golden Dawn is largely taken from Christian mysticism, Qabalah, Hermeticism, the religion of Ancient Egypt, Freemasonry, Alchemy, and Theosophy, Magic, and Renaissance writings. William Yeats, and Aleister Crowley are two of the more famous members of the group.

The fundamental documents of the order are known as the Cipher Documents. These were translated into English using a cipher attributed to Johannes Trithemius. The documents are a series of 60 folios containing magic rituals. The basic structure of many of these rituals appear to originate with Rosicrucianism. There is a great deal of controversy surrounding the origins of these documents.

The Knights Templar

The Knights Templar (full name: The United Religious, Military and Masonic Orders of the Temple and of St John of Jerusalem, Palestine, Rhodes and Malta) is a modern off-shoot of Masonry and does not have a direct tie to the original Knights Templar – a religious military group formed in the 12th century. Members of the Masonic Knights Templar do not claim a direct connection to the medieval group, but merely a borrowing of ideas and symbols.

In order to become a member of this group, you must already be a Christian Master Mason. This organization is a distinct one, and is not just a higher degree of

Masonry. Despite Freemasonry's general disclaimer that no one Masonic organization claims a direct heritage to the medieval Knights Templar, certain degrees and orders are obviously patterned after the medieval Order. These are best described as "commemorative orders" or degrees. Nevertheless, in spite of the fraternity's official disclaimers, some Masons, non-Masons, and even anti-Masons insist that certain Masonic rites or degrees originally had direct Templar influence.

The Illuminati

A movement of freethinkers that were the most radical offshoot of The Enlightenment — whose followers were given the name Illuminati (but who called themselves "Perfectibilists") — was founded on May 1, 1776 in Ingolstadt (Upper Bavaria), by Jesuit-taught Adam Weishaupt. This group is now known as the Bavarian Illuminati. While it was not legally allowed to operate, many influential intellectuals and progressive politicians counted themselves as members. Even though there were some known Freemasons in the membership, it was not considered to be endorsed by Masonry. The fact that the Illuminati did not require a belief in a supreme being made them particularly popular amongst atheists. This, and the fact that most members were humanists, is the reason for the widespread belief that the Illuminati wants to overthrow organized religion.

Internal panic over the succession of a new leader, and government attempts to outlaw the group saw to it collapsing entirely in the late 1700s. Despite this, conspiracy theorists such as David Icke and Wes Penre, have argued that the Bavarian Illuminati survived, possibly to this day, though very little reliable evidence can be found to support the idea that Weishaupt's group survived into the 19th century. It has even been suggested that the Skull and Bones club is an American branch of the Illuminati.

Many people believe that the Illuminati is still operating and managing the main actions of the governments of the world. It is believed that they wish to create a One World Government based on humanist and atheist principles.

The Priory of Sion

After the publication of the Da Vinci Code by Dan Brown, a great deal of interest in the Priory of Sion has been created. Unfortunately for those hoping to find and join the Priory, it is, in fact, fictional. It was a hoax created in 1956 by a pretender to the French Throne, Pierre Plantard. Letters in existence dating from the 1960s written by Plantard, de Cherisey and de Sède to each other confirm that the three were engaging in an out-and-out confidence trick, describing schemes on how to combat criticisms of their various allegations and how they would make up new allegations to try to keep the whole thing going. Despite this, many people still continue to believe that the Priory exists and functions to this day.

The authors of the well-known book, *'The Holy Blood and the Holy Grail'*, misled by the hoax, stated:

1. The Priory of Sion has a long history starting in 1099 A.D., and had illustrious Grand Masters including Isaac Newton and Leonardo da Vinci.
2. The order protects certain royal claimants because they believe them to be the literal descendants of Jesus and his alleged wife Mary Magdalene or, at the very least, of king David.
3. The priory seeks the founding of a "Holy European Empire" that would become the next hyper-power and usher in a new world order of peace and prosperity.

Opus Dei

Opus Dei is an organization of the Catholic Church that emphasizes the Catholic belief that everyone is called to holiness and that ordinary life is a path to sanctity. The celibate numeraries and numerary assistants live in special centers, while associates are celibate members living in their private homes. The order was founded in Spain in 1928 by Roman Catholic priest Josemaría Escrivá with the approval of Pope Pius XII.

When Dan Brown's *Da Vinci Code* was published, it claimed that Opus Dei was a secret organization within the Church whose aim was to defeat the Priory of Sion and those who seek to uncover the "truth" about Christianity and the alleged royal bloodline of Christ. Outside of the book, there has been a great deal of controversy over Opus Dei because of the strictness of its religious structure.

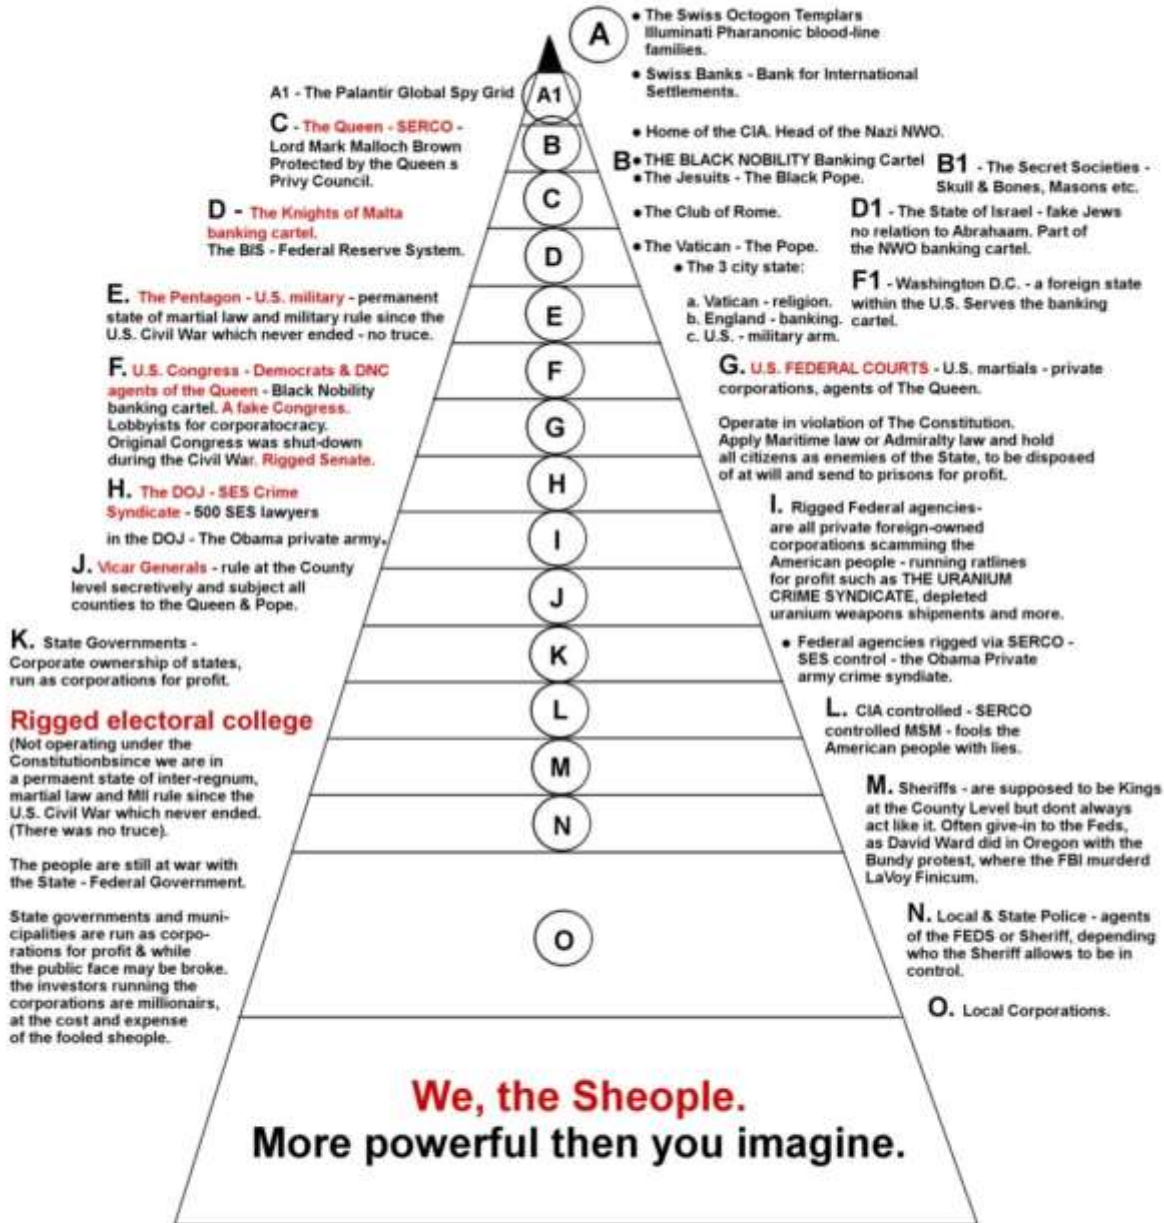

The Catholic Church forbids secret societies and membership in them, and Opus Dei investigators have frequently debunked claims that this organization is acting in secrecy to further a sinister agenda. That said, Opus Dei is a Vatican-sanctioned "secret" society, and a generous benefactor to the Vatican through its wealthy membership.

Below on the next page the reader will have the pyramid of global power and how the United States fits into the larger scheme of the New World Order. I included this drawing in one of the final chapters of *'There Are No Statute of Limitations on Fraud'*. Below the "Pyramid" page is a break-down of how it all works together to control the people.

Since the Bilderberg Group is meeting at the precise time I was preparing this article, my purpose is to provide the reader a general overview of the "Secret" societies that frame the organizational structure. Each of the various "Secret" societies function from behind the public view through a system of rites and rituals. What is known about any of the groups has come from former member who defected and chose to reveal the secrets at great risk to them and their families.

THE U.S. PYRAMID POWER STRUCTURE OF THE N.W.O.

THE COUNCIL OF 13

The Demoncrats - enemies of America
Agents of Soros - The Black Pope

PHARISTOCRACY • SWISS NAZI TEMPLARS

The Power Structure of the New World Order

THE NWO POWER STRUCTURE PYRAMID

The Nazis rule parallel with the **Octagon slave masters**. In fact, they are part of **The Octagon**. The Bank of England rules over the U.S. Federal Reserve Banks, as well as the German Deutsche Bank. These serve **The Bank for International Settlements**.

- Notice how **THE POPE** falls below in hierarchy, under **THE BLACK POPE**, who is above him and more powerful.
- Notice also how The Bank of England and the Rothschild's are also not at the top of the Pyramid, but rather the items as noted below.

This is the basic structure of the NWO folks.

► Here is The NWO pyramid, outlined in text format, extracted from a visual chart (pg. 19):

I. At the top of the pyramid, The Swiss Octogon Templars $\frac{\text{卍}}{\text{卍}}$ (SWS), the Pharanonic bloodline families.

These rule together with **the Nazis**, who claim to be the descendants of Atlantis.

SWS \odot – Works with CIA – Global Spy Grid – AI (TYLER) being implemented for total global control.

II. Next comes The Black Pope ψ , who via The Jesuits \odot , command the NWO Roman empire which never died.

The Black Pope works with the Secret Societies – who work with the CIA and via JTTF with the FBI and US Intel agencies to run the drug trafficking, the depleted uranium weapons shipments, the illegal white phosphorus weapons, the organ harvesting, the pedophilia rings, the car theft rings, the illegal use of the diplomatic containers and more. Human sacrifices, Human trafficking. The secret societies are puppets of the Black Pope. The Black Pope is a puppet of the CIA. The CIA is a puppet of the Swiss Octogon Templars. They hide their money in Bitcoin, which was created by Alice at the CERN LHC laboratories. Bitcoin is run by AI.

► Adolfo Nicolas, THE JESUIT GENERAL, **THE BLACK POPE**. The Jesuit foot soldiers = Jacob Rothschild & Evelyne Rothschild. These are completely subordinate to the Roman empire. In the past, the Jesuit army conducted the kills, such as JFK. Now it is the higher structure of the CIA (who did JFK and trying to kill Trump).

III. The VATICAN

- **The Khazarian Mafia – VATICAN Σ (THE POPE) – The Queen. Ж Three part rule.**
- These three rule together, with the Vatican at the Center.
- The Khazarian mafia Ж are the fake Jews, the Zionists, the illegitimate claimants of Israel
- **The Queen** is a puppet of **The Vatican**. The Khazarian mafia is a puppet of the Vatican. The Vatican is a puppet of the Black Pope, of the CIA of the Swiss Octogon Templars.

IV. THE 3 CITY STATE.

Three part rule. The Roman Empire never died.

- 3 City States that Control the World:

3 City States that Control the World Article.

Video – An interesting short film about three sovereign, corporate “city states” that are not part of the countries they are located in. They have their own laws, and identities, as indicated by their respective flags that clearly control the whole world. This film poses the idea that these city states control the world, and here are their rolls:

City of London

– **FINANCE:**

Receives taxes from their subjects (slaves) in Canada and the United States. They design and control our financial and banking systems.
THE BANK OF ENGLAND.

Vatican City

– **RELIGION:**

The Pope wants to merge all the religions into one, which is absolute nonsense. The Pope broke off from the truth (confusingly referred to as The 'Eastern Church' or 'Eastern Orthodox Church' or 'Orthodox Church' or 'Orthodox') about 1000 years ago.

Washington, DC

– **MILITARY**

Death camps and stacks of black plastic coffins that can hold six to ten bodies each, are piled high in a long train-like fashion, as far as the eye can see, in the United States, today.

THE THREE CITY STATE IS A PUPPET OF ALL THE LEVELS ABOVE IN THE NWO PYRAMID. ▲

► The USA via Washington D.C. fuels the military arm of the 3 city state. The Vicar generals at the County level implement the power of the Vatican and the levels above that.

● The Clinton Foundation serves the CIA. The DNC as well. US Congress serves the CIA and its agendas. The US alphabet agencies – are private foreign-owned corporations that serve the 3 City State, which serves the Vatican. (None of them have a legal charter to be operating on US soil and are thus operating in violation of The Constitution & The Bill of Rights).

Power is given to the Beast via the private Federal Reserve banks control of the currencies of all countries on the planet. The USA has monopoly over the nuclear industry. **THE URANIUM CRIME SYNDICATE IS VALUATED AT 20 QUADRILLION DOLLARS** and is represented by Comey, Mueller, McCabe, the CIA, many members of Congress. The DOD is sucked and drained by the CIA. The CIA also places spies into Congress, such as **THE AWAN BROTHERS**, and the rigged U.S. maritime courts (also operating in violation of The Constitution), protect them. The NWO via this system implements the population control agenda via the UN. The Oil cartels and gas industry cartels control and run Congress. OPEC serves the oil cartel which in turn controls Congress. Saudia Arabia runs the oil cartel and finances the US Deep State operations, such as 9-11, via the CIA private corporation.

V. THE BANKING CARTEL – THE KNIGHTS OF MALTA

- The Rothschild's, Ruckerfeller's are part of the 5 main families which rule and control the world. There are more, but 5 are the main.
- The private U.S. Federal Reserve banks serve **THE BANK OF ENGLAND**, which serves the Bank for International Settlements within the Octogon. The German Deutsche Bank also rules over the other banks and also serves the Octogon Bank for International Settlements.
- The Bilderberg Group forms an integral part of the banking cartel. **The CFR, the PRIVATE FEDERAL RESERVE BANKING SCAM.**
- The Bilderberg group implements the agenda of the NWO, as well as CFR – population control, environmental poisoning, the CDC population control, chem trail spraying, poisoning of the food, water , drugs, Agenda 21, EPA (Poisoning of food, water, vaccines), more.

① **Outline of the Federal System** which serves the Queen and the Vatican via **SERCO – SES.**

② **The rigging of the U.S. media via SERCO.**

③ The rigging of the U.S. justice system via **The Queen Privy Council, the SES crime Syndicate and control of all Federal Agencies via SERCO, agent of the British Crown Corporation.**

④ **The rigged U.S. Congress.** The Emergency Banking Act of 1933 dissolved the U.S. Fed Government. Thus, the current government is **ILLEGITIMATE.**

⑤ **The fake Organic Constitution of the late 1860s** – implemented by the banking cartel.

⑥ The need to **restore The Constitution of 1787.**

⑦ Corporatocracy and State – cities run as private corporations for profit.

⑧ U.S. Inc. exposed as a private corporation.

⑨ Washington D.C. exposed as a foreign state within the U.S., with no true right to jurisdiction and sovereignty over the States, for the power emanates from the bottom up - From The People to the States and then to the Federal Government, per the Constitution. It is not the other way around!!

⑩ **Current Congress** – especially the **DNC – Democrats exposed as the enemy of We The People.**

⑪ U.S. administrative courts of law operating in violation of the Constitution, implementing martial law, military rule and Admiralty law. Citizens to be disposed of at will and sent to prisons for profit.

⑫ **All U.S. Federal agencies rigged by the SES crime Syndicate.**

⑬ **The DOJ rigged by the SES crime Syndicate.** 500 **SES** lawyers work in the DOJ and help rig the Federal Agencies - rig the FBI, CIA, IRS, etc. to serve a private **SES** crime syndicate.

⑭ **Jeff SESSions, Rosenstein, Mueller exposed.**

⑮ **Vicar Generals** ruling at the County level.

The **SES** stands for the **Senior Executive Service**, it represents all active and inactive the Federal Government. Their ranks are filled by some 6,000 members that are above the Federal Pay Grade of GS16 or above. The **SES** system was established during the presidency of James Earl Carter. When a vacancy occurs in government staff personnel, the **SES** provides a personnel bank from which a position can be filled quickly by a sitting president.

When you understand the complex nature and structure of the government, be it city, county, state, or federal, it becomes obvious that not even President Donald J. Trump can change the system. To advance in the system, people are vetted to see that they possess the right credentials, membership, affiliations, and connections. In 1960, my battalion commander in West Germany told me personally that he had to be a Freemason in order to be promoted beyond his rank of Lieutenant-Colonel. He was on the promotion list for full-bird Colonel and a new duty assignment later that year. At the time I was a young 21-year old Specialist E5 and had no idea of the significance of what he shared with me. He was duty officer and I was the duty NCO in charge manning headquarters phones. The evening and night were uneventful but I never forgot what he said about advancement in the officer ranks required one to be a member of a “secret” society in order to be considered by a promotions board in order to advance to the rank of Colonel (O6) and higher.

Even a real estate developer like Donald J. Trump had to be vetted by the elite who facilitated his victory over some 16 or 17 other candidates for the GOP candidate for the Presidency. It was the Rothschild “bankruptcy” expert Wilbur Ross who brought to his employers the potential of Donald J. Trump for which he could serve the House of Rothschild financial interests as President of the USA.
