

# The Real Purpose for the Vaccines “A Trojan Horse”

The Trojan Horse is one of history's most famous tricks. The Greeks were laying siege to the city of Troy, and the war had dragged on for ten years. They built a wooden horse, which they left outside the city. The Trojans believed the horse was a peace offering and dragged it inside their city.

The Greeks hid inside the wooden horse including Odysseus. The construction of huge wooden horse took place during Trojan war. Greeks in order to enter the city plotted to construct a horse and hid inside it and attack at once. So along with a selected force Odysseus they entered the city.

A Trojan, or Trojan horse, is a type of malware that conceals its true content to fool a user into thinking it's a harmless file. Like the wooden horse used to sack Troy, the "payload" carried by a Trojan is unknown to the user, but it can act as a delivery vehicle for a variety of threats. If your computer is exhibiting these symptoms, it's possible a Trojan virus has managed to sneak its payload onto your computer. I recommend that anyone with a computer have antivirus software to see if it has uncovered a malicious file.

**The issue of vaccines being used as a Trojan horse is nothing new. The polio vaccines of the 1950s and 1960s were laced with SV-40 or Simian 40, a cancer**

**causing pathogen that shortened life for between 65 and 90 million people. Then two decades ago researchers discovered Nagalase in early childhood vaccines that were not natural or examples of the enzyme blocker Nagalase. Nagalase is an enzyme that prevents Vitamin D receptors (VDR) from being activated on the surface of the macrophages. As a result, macrophages are not “activated” leaving your immune systems depleted and not being able to properly respond to invaders in your body.**

If you have watched the (The Doctors Who Knew Too Much I & II), you now realize just how important Vitamin D is to the health and function of our immune system. These holistic doctors knew about nagalase, GcMAF and Vitamin D, and were in a position to be able to use the information to cure disease naturally.

That the element (nagalase) which is put into vaccines impairs, or nullifies the function of GcMAF and Vitamin D in our body, means one thing – Vaccines do more to destroy immune function than support it. Many doctors have died mysteriously because of what they discovered in their research.

The element nagalase being put into vaccines by the manufacturers promotes cancers, Alzheimer’s, diabetes, autism, and more, and they know it. Nagalase and SV-40 are modern-day Trojans. Mycoplasma is another one of those dirty secrets of the Vax industry. It has evidence to support that it was in vaccines given before the U.S. military deployed to Iraq during the first Gulf War in 1990.

**As a retired pastor, I believe in the old “trust but verify” policies of Ronald Reagan, and with three strikes against the Pharmaceutical industry: 1. SV-40, 2. Nagalase, and 3. Mycoplasma; no one will get me to suicide by Vaxx!**

The vaccine manufacturers have a tremendous lobby and astonishing clout. Recently with one phone call, they managed to get Robert De Niro to stand down, from a powerful personal mission – opening a debate about vaccines. He wound up pulling the film VAXXED, from his NYC Tribeca Film Festival a few years ago.

Vaccine manufacturers have gotten the U.S. government to declare them IMMUNE from judiciary reprisal. That is, you can’t sue them. This is the only true immunity they represent. You are censored for saying anything that threatens vaccine uptake (Big Pharma’s cash cow).

Then the vaccine manufacturers managed to get the European plant to close down which was producing GcMAF; the miraculous element that you learned in the videos, was key to disease prevention and cure.

What the Vaccine Manufacturers cannot do is suppress all information at all times for all people. From these videos the public learned, or were reminded, that Vitamin D is essential for a healthy and effective immune system. Many of us have known that for

years, but what you may have not put together is that Vitamin D is a fat soluble vitamin; ergo a low fat diet is going to be D deficient.

Now, think about that. What purely American phenomenon has been driven down our collective psyche for the last 30 years, since well... shortly after the feminist revolution. Well, of course you guessed it. The FAT FREE DIET!

IF you don't eat certain fatty foods you are not getting or storing Vitamin D (Or A, or K, or E). But try even finding anything in the grocery store refrigerators today which is not 'LOW Fat' or 'NO' Fat. In Europe food is served mostly 'whole', and the opposite of the USA, had only a limited number of 'low fat' products to be found. My mother's parents came over from Germany. Do you know how she used to keep us well? Cod Liver Oil. And we see here that Cod Liver Oil tops the chart for Vitamin D! They knew a lot back then didn't they?

So, you may say "Why not just get my vitamin D from milk? After all most Canadian and American dairies offer milk supplemented with Vitamin D.

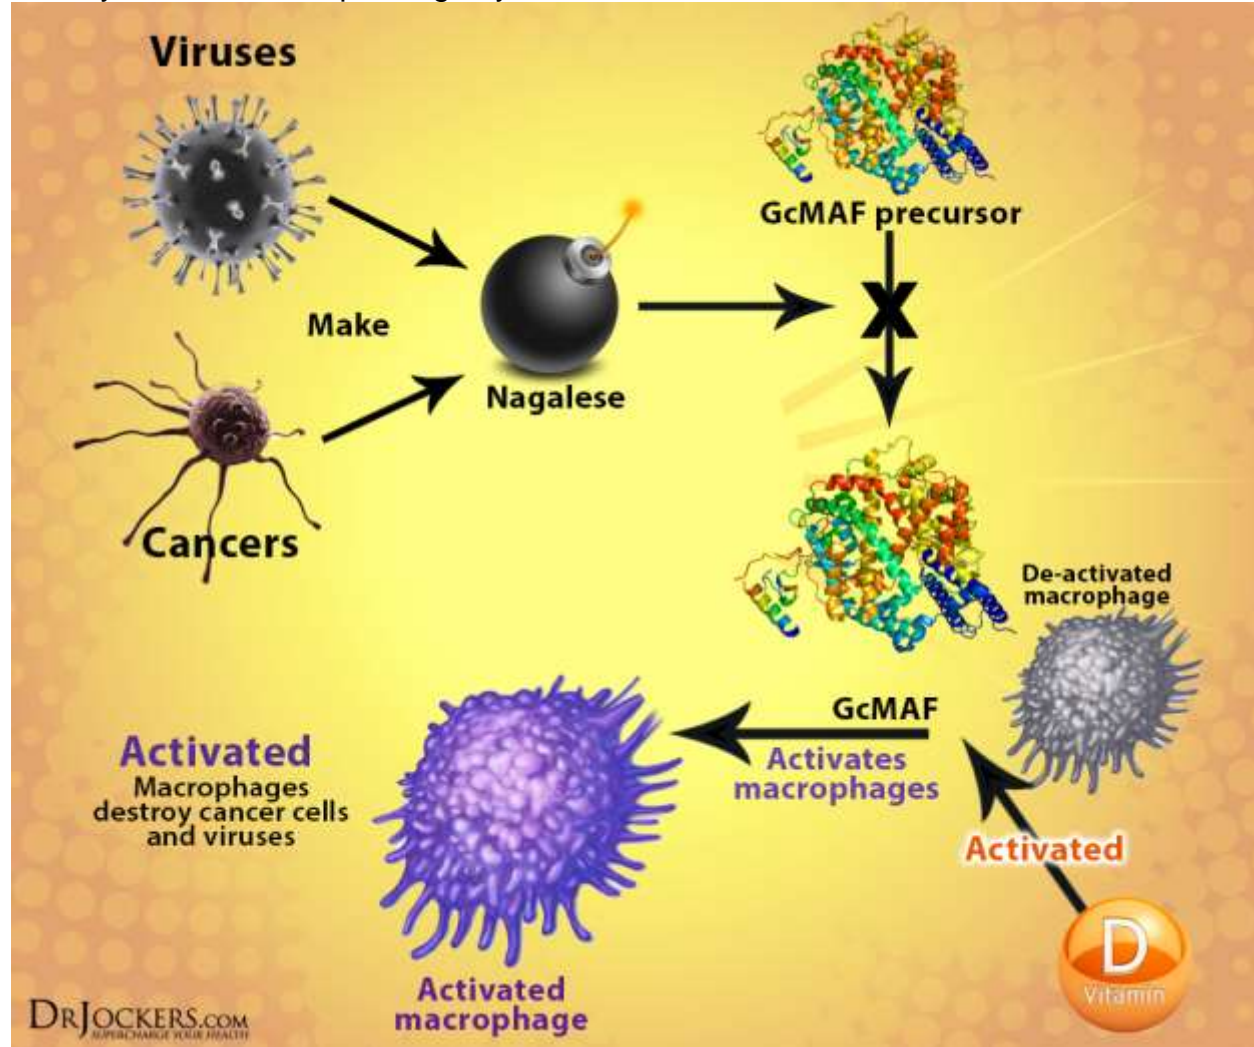

The reason is that due to its toxicity in overdoses, dairy companies do not put very much Vitamin D in their milk. If you look at the chart above, a serving of milk has only 1/10th of the Vitamin D from a tablespoon of Cod Liver Oil. And where our mothers used to give us a tablespoon, we'd have to drink a gallon of milk each day to achieve a like dose.

To supplement Vitamin D, I recommend researching what your best dosage is, and then getting a quality supplement from either Cod liver oil, or a vitamin pill, from which you can regulate your dosage. Even the government's own RDA for Vitamin D is only 400 IU, is way too low for our needs. Last year I shared a physician's survey list of what they recommended and what they used personally. Virtually all recommended and used personally was between 4,000 and 5,000 IUs. So even the FDA's RDA is about 10% of what one should take of Vitamin D.

I learned the importance of Vitamin D<sub>3</sub> from the late Dr. Stanley Monteith. Dr. Stan Monteith was an author and a retired orthopedic surgeon. He operated Radio Liberty, which was aimed at "Bringing you the Story behind the Story, the News behind the News," I began listening to Dr. Stan's "Radio Liberty" back in 1996. Dr. Stan went to be with the Lord in 2014.

I have included an illustration of what Nagalase did to its victims when they received this Trojan in vaccines given as infants. I have often wondered whether there was collusion in the removal of Vitamin D from milk and cereals that once included Vitamin D. Many milk producers did return to offering Vitamin D in milk when the public complained. As I have read, too much Vitamin D is not good for anyone with Kidney disease. It has been stated that most people are Vitamin D<sub>3</sub> deficient much of the year. Certainly if you live above the 30<sup>th</sup> parallel, you are Vitamin D<sub>3</sub> deficient during the months from September through March.

In the past sixteen months censorship has abounded almost as if we live in a Fascist country, and with each passing day it becomes so evident to the entire nation.

You are censored for saying anything about the death and suffering COVID vaccines are causing in magnitudes above what any other vaccine in history has.

You are censored for saying anything about the horrible fallout from lockdowns, or the lives it has destroyed or stolen.

You are censored for saying anything about the Paid and biased “Fact Checkers” who are now the authority ... even when their bias and loyalties are called out.

You are censored for discussing the blatant theft of the voice of We The People with the most corrupt and seditious Presidential Election ever in modern history.

You are censored for saying the truth about the takeover of America by a treasonous radical left, who bases their power on convincing America that conservatives (especially white males) are a massive threat to our Republic (???)

You are banned, your information deleted, or tagged with erroneous bull to indicate to others that you are either lying, severely compromised by bad influences, or just plain dumb.

You are censored if you believe God created us male and female.

[The Battle For Humanity](#) says: “This may be the most important video you will ever watch in your life!” The active ingredient in the Moderna vaccine which alters our RNA or DNA is called “Luciferase”. Is that code for “Lucifer erase” humanity?

[Dr. Carrie Madej](#) warns in the film that the COVID injections have two purposes:

1. **To reprogram our DNA to make us human-AI hybrids that are easier to control**
2. **To implant a Digital Vaccine ID that will allow total control over each person**

The site warns:

*“There is a battle raging for humanity. Dr. Carrie Madej reveals how Big Tech collaborates with Big Pharma to introduce new technologies in the vaccines that will alter our DNA and turn us into hybrids. This will end humanity as we know it, and start the process of transhumanism: HUMAN 2.0.*

*The plans are to use vaccines to inject nanotechnology into our bodies and connect us to the Cloud and artificial intelligence. This will enable corrupt governments and tech giants to control us without us being aware of it.”*

While a growing number of scientists and doctors have been warning about the dangers of the COVID injections (as shown below), Dr. Madej is unique in explaining that the real purpose of the shots is to turn human beings (Human 1.0) into transhumans merged with Artificial Intelligence (Human 2.0) without our knowledge or consent. That technology will be used to control each person on levels never possible before. Dr. Madej explains that we are at the most pivotal time in human history now. She shows that this is WWIII, a spiritual war of mind, heart, and soul. She explains how we can win now.

### **Four Fundamental Facts COVID “Health” Policies Being Ignored**

The COVID-19 “health” policies ignore the following four critical facts:

- 1 – The CDC statistics show COVID-19 poses little risk for most people.
- 2 – [There are four inexpensive potential treatments for COVID.](#)
- 3 – [The COVID injections do not meet any of the five criteria for vaccines.](#)
- 4 – [There have been many injuries and deaths from the COVID “vaccines”.](#)

**COVID Shots Killing Large Numbers of People**

[World Renowned Conventional Doc Blasts The COVID JAB-Erwocks](#) links to an interview with Dr. Peter McCullough, Vice Chief of Internal Medicine, Baylor University Medical Center. The article says Dr. McCullough “might be the world’s top cardiologist, who also holds an MPH degree and is a professor of medicine. His work/background is totally stunning, and seems [impossible for one person](#). ...Even better, he’s also world famous. Meaning...he has the exceptional intelligence to analyze and dissect the COVID VAX atrocity. The measured way in which he delivers this bombshell is also remarkable.”

Dr. McCullough discusses the blood clots for which the J&J product was halted and points out that the blood clots caused by the mRNA vaccine are “*probably 30 times that*” — but it has not been halted. Dr. McCullough says “...*keep in mind that the NIH is a co-owner of the Moderna patent.*”

### **COVID Injections Are NOT Vaccines**

- [Dr. Steve Hotze: COVID-19 Injections Are NOT Vaccines, But Dangerous Experimental Gene Therapies \(Video\)](#)
- [Dr David Martin explains that COVID injections are not vaccines but medical devices \(Video\)](#)

[Dr. David Martin](#) and [Dr. Judy Mikovits](#) were featured in the [Plandemic: Indoctrination](#) films that went viral last year. Dr. Martin explains why the COVID injections are not “vaccines”. Dr. Mikovits warns the COVID shots can cause Multiple Sclerosis, Lou Gehrig’s disease, Alzheimer’s, and accelerated cancer.

### **What Does It Mean To Be Human?**

In [Alex Newman Interviewing Dr. Carrie Madej – COVID Shots, DNA & Transhumanism](#), Dr. Madej explains that she gained this information at scientific and business meetings. She says, “*The truth shall make you free*”. She says we need to have knowledge about the truth so we can make important decisions for ourselves and for humanity.

Dr. Madej says the most important question now is “*What does it mean to be human?*” because challenges to our humanity are happening at light speed. She explains that our genome is comprised of DNA that provides the information and blueprint which makes us human and separates us from all other organisms. There are 135,000 terabytes of information in one human genome.

So, if your DNA is changed with synthetic DNA, are you still human? Changing even one protein of our DNA can cause disastrous results. The DNA is read into RNA which creates the proteins that build our bodies. So, the RNA is a key go-between. Dr. Madej points out that the COVID-19 “vaccines” are a gene-modification technology. The COVID shots include the unprecedented mRNA technology which has never been used in any other vaccine and has not gone through years of testing required of vaccines.

## **This Is The Most Pivotal Point In Human History**

Dr. Madej explains that we are at the most pivotal point in human history because this is the advent of transhumanism which is a merger of humanity with Artificial Intelligence.

## **What Is The Future of Humanity?**

Dr. Madej shows a National Geographic cover depicting “Human 2.0” based on transhumanism. Scientists are putting nanobots in our bodies to create a global superbrain, a collective consciousness or “Hive Mind”. The nanobots will connect directly to the cloud rather than to a cellphone.

Dr. Madej discusses [Ray Kurzweil](#), a scientist at Google who is a leading proponent of transhumanism. He believes that all human beings should be merged with AI by 2030 to achieve eternal life by uploading our memories and downloading them into avatars. The goal is for humans to become Avatar-like holograms by 2045.

## **COVID-19 “Vaccines” Transhumanism Connection**

Dr. Madej shows that unlike normal vaccines, the COVID-19 injections are not based on an identified virus. Instead they are based on an AI generated combined DNA. She explains how the shots teach the body to attack itself. The AstraZenica shot is known to increase the incidence of HIV. Australians who got that injection have tested positive for HIV. No one knows the ramifications of the synthetic code Pfizer and Moderna put in the forefront of the RNA. mRNA technology can cause permanent changes. This is how genetically-modified plants and animals are created. Moderna brags on its web page that its COVID “vaccine” is like a computer operating system or an app.

The U.S. Supreme Court ruled that human beings cannot be patented. However, the synthetic DNA implanted by the COVID shots can be patented. The RNA in the vaccines can change your DNA. So, whoever owns the patent to that synthetic DNA owns that part or all of the people who get the COVID injections! The COVID “vaccines” suppress the immune system which can cause disastrous results including cancers and many kinds of autoimmune diseases.

## **COVID-19 “Vaccines” Implant Nanotechnology**

Dr. Madej says she learned in scientific and business meetings that there is another agenda for including hydrogel (nanotechnology) in COVID “vaccines”. The hydrogel can

send and receive data wirelessly through your phone. It goes through 5G to a super computer which analyzes it and can give you cryptocurrency based on your actions.

Dr. Madej reports that in March 26, 2020, Microsoft patent 060606 was released . She says Microsoft has patented a cryptocurrency mining system that leverages human activities, including brain waves and body heat when performing online tasks such as using search engines, chat bots, and reading ads. This technology allows the people who control it to know everyone’s thoughts, emotions, location, whether they’re drinking alcohol, having sex, ovulating, etc. In business meetings Dr. Madej attended, it was announced that this technology will be implemented soon without telling the public.

This is a total loss of autonomy and privacy with plans to use the technology as “predictive policing” as in [The Minority Report](#). In July 2020, Bill Gates introduced the Digital ID in West Africa based on vaccination history. People there who got the COVID shots have hydrogel (nanobots) in them. Gates is proud that this is being connected to predictive policing. Dr. Madej explains that once this technology is perfected in West Africa, it will go to all developed countries. Bill Gates is talking about controlling human behavior around the world. This is the real reason he insisted that the world get the rushed COVID injections — not to protect anyone from a “deadly pandemic”.

### **Profusa’s Nanotechnology**

Dr. Madej says the goal of the COVID-19 agenda is to change human beings (Human 1.0) into Human 2.0 (transhuman). She explains that this technology can be tied to a social credit system like the one in China and such a system was discussed for Atlanta, Georgia where she lives. People who have low social credit scores might not be able to get a good home mortgage, get into a good school, or get good food. However, they wouldn’t know why this was happening and might conclude they had bad luck.

Dr. Madej recommends that people learn about [Profusa](#) which is introducing hydrogel nanotechnology as the next step after FitBits:

### **This Is World War III**

Dr. Madej explains that we are in WWIII now — a war of the mind, heart, and soul. She says this is a “frequency and energy war” because authorities are keeping most people in constant fear to make us forget who we are. These scientists believe that humanity can evolve only through Artificial Intelligence rather than spiritually. Dr. Madej says they brag about being atheists and have a very Satanic agenda. It’s a corrupt medicine and corrupt science that we should not trust.

Dr. Madej says we can win if we remember that we are powerful Light Beings and eternal souls. Our hearts, minds, thoughts, and words have an amazing scientifically-documented power. Dr. Madej explains that [Dr. Masaru Emoto](#) showed that our words and intentions powerfully affect the shape of water crystals. Since we are 80% water, our thoughts, words, intentions affect us and others. The video [Masaru Emoto – Water Experiments](#) explains that water comprises over 70% of our bodies and the planet. It is the source of all life.

Dr. Madej says we can stop this terrible agenda now if we unite and stand up for our rights.

### **Dr. Madej: This Is The Most Pivotal Point In Human History**

Dr. Madej raises key questions about the COVID “vaccines” in her [interview](#) for the *Planet Lockdown* documentary. It is only by hiding this information that millions of Americans have volunteered to be part of this unprecedented, dangerous, unnecessary experiment. They are getting the shots without the informed consent required by the Nuremberg Code. Unfortunately, some schools and employers are mandating these injections.

[Catherine Austin Fitts](#) shows that the reason the COVID injections are called “vaccines” is to allow them exemption from liability. Also, calling them vaccines allows them to be issued under the *Emergency Use Authorization* which can be used only for vaccines. Even if these shots were vaccines, the EUAs for these shots are still illegal since there are at least four COVID treatments.

Dr. Madej shows that the shots inject nano-technology to gather data and create patented people. Who owns them? She says the technology injects biosensors which will be the basis of cryptocurrencies people get. The “vaccinated” people will be hooked up to the Internet of Everything where their biometric data is fed to supercomputers. This is how authorities are getting implants in people — without their knowledge or consent. Many people would have resisted an implant as the Mark of the Beast — especially one that determines how they can buy and sell — because the Bible warns against that. So, by calling this technology a “vaccine” authorities are tricking people into being chipped. Dr. Madej mentions Bill Gates’ [ID 2020](#) which is a plan for every person to have an ID.

So, the COVID-19 “health” policies have been a multi-faceted Trojan Horse that people welcomed to save them from a “deadly pandemic” but which is not only crippling and killing people on a large scale, but is also enslaving them in multiple ways. It is a campaign based on a multi-faceted deception. Dr. Madej says that these policies are not based on sound science and make clear that there is a global agenda that involves surveillance and control of every human being. She says this is the ultimate in enslavement because the technology provides control of bodies and minds.

### **The Battle and The Hope**

Dr. Madej says this is the most pivotal point of human history. She says, *“If we don’t have our freedom, what do we have?”* She says we are in a Grand War — the War between Good and Evil and a Grand Awakening is happening now. *“We are awakening now to what has been happening in the world for a long time — the deceit and lies, the oppression and enslavement on different levels. The line has been drawn. Which side are you on? What else is there but freedom and love?”*

Dr. Madej encourages people to check out the [Heart Math Institute](#) which found that the energy of the heart goes out six feet. So, that’s probably why the social distancing requires people to stay 6 feet apart — to prevent heart-to-heart connection just as the masks undermine emotional connections.

Dr. Madej says, *“We can make it better. We need to remember who we are. Once we do that, we will see shiny, happy people, the Light coming from everybody. What a wonderful world — but we have to go through the ugliness first to see what we have been hypnotized by, brainwashed by, oppressed by. It’s hard, we all know that — but the good thing is that there’s a good ending. We get to come back to our natural, true self which is a beautiful, shining Light Being. It’s just that little fire that we need to light in everybody to get them to remember.”*

I have followed Dr. Madej since the summer of 2020. I am always on the watch for her latest comments and viewpoints. All of my articles on this topic have been written more from a technical and functional approach. I have done many on Bill Gates and his QuantumDot/Hydrogel ID2020. What I found interesting is that Dr. Madej brings the feminine perspective dimension to this evil technology. Notwithstanding Dr. Madej’s remarks about winning this war, we need to remember who won the Trojan War.

The Greeks, being unable to penetrate the walls of the city, found a way to have the Trojans invite them in, unknowingly. They built a huge wooden horse and disappeared within it. The Trojans, on finding the horse and seeing no Greeks, assumed the horse was a gift from the gods who had struck down all their enemies in the night. They brought the horse back within the city walls where the Greeks climbed out in the dark of night and burned down the city of Troy. Only a few Trojans escaped.

The Vaxxes were the first stage of a takedown of the United States. Once the FDA gives an official authorization to those given initial EUA, the Pentagon will require the

troops to be given the vax which will result in weakening of the military. A second bioweapon will be launched, and a race war will be provoked simultaneously. When the CCP sees the internal collapse of the U.S. and when the 2<sup>nd</sup> Amendment is nullified by a Presidential Directive or Executive Order, it will be precipitated followed by a power-grid failure. The Zombie apocalypse will follow. The elite globalists of the world are committed to Eugenics and world Genocide. The globalists moved up their agenda because of the 2016 election not going their way. The globalists were forced to up their entire plan, and they have exposed their plans as a result. We are facing a biological neutron bomb. What that means is that the CCP want the land of the U.S. without destroying its valuable farm land. This is a fight for the national survival. What you have known most of your life is over! The government is a criminal organization and has been such for a very long time; and the absence of trust by We the People commenced long ago.

This past week, the Federal Reserve spent nearly \$1 trillion in one night in the reverse repo market. The Fed does not want rates to fall below zero, and on the other end, it is spending \$120 billion a month (at least) not allowing rates to rise too much in the repo market. Got that? Just know something is very wrong at the Fed when they have to spend \$1 trillion in a single night. There is no fix that is going to happen. They are just going to keep it going until it blows sky high. Our only hope is in Jesus Christ and not Donald J. Trump. The Rapture draws near! Our Blessed Hope is the promise of Revelation 3:10 – ***“Because thou hast kept the word of my patience, I also will keep thee from the hour of temptation, which shall come upon all the world, to try them that dwell upon the earth.”***
