Bill Gates and Jeffrey Epstein

Bill Gates — the Power Behind the WHO Throne — Palled Around With Epstein and Flew On His Lolita Express

The would-be Emperor of the World sought out Epstein's friendship AFTER the later was convicted of sexual misconduct

“In March 2013, Mr. Gates flew on Mr. Epstein’s Gulfstream plane from Teterboro Airport in New Jersey to Palm Beach, Fla., according to a flight manifest. Ms. Arnold said Mr. Gates — who has his own \$40 million jet — hadn’t been aware it was Mr. Epstein’s plane.”

Jeffrey Epstein, the convicted sex offender who committed suicide in prison, managed to lure an astonishing array of rich, powerful and famous men into his orbit. There were billionaires ([Leslie Wexner](#) and [Leon Black](#)), politicians (Bill Clinton and Bill Richardson), [Nobel laureates](#) (Murray Gell-Mann and Frank Wilczek) and even royals ([Prince Andrew](#)).

Few, though, compared in prestige and power to the world's second-richest person, a brilliant and intensely private luminary: Bill Gates. And unlike many others, Mr. Gates started the relationship after Mr. Epstein was convicted of sex crimes.

Mr. Gates, the Microsoft co-founder, whose \$100 billion-plus fortune has endowed the world's largest charitable organization, has done his best to minimize his connections to Mr. Epstein. *"I didn't have any business relationship or friendship with him,"* [he told](#) *'The Wall Street Journal'* last month.

In fact, beginning in 2011, Mr. Gates met with Mr. Epstein on numerous occasions — including at least three times at Mr. Epstein's palatial Manhattan townhouse, and at least once staying late into the night, according to interviews with more than a dozen people familiar with the relationship, as well as documents reviewed by *'The New York Times'*. Employees of Mr. Gates's foundation also paid multiple visits to Mr. Epstein's mansion. And Mr. Epstein spoke with the Bill and Melinda Gates Foundation and JPMorgan Chase about a proposed multibillion-dollar charitable fund — an arrangement that had the potential to generate enormous fees for Mr. Epstein.

"His lifestyle is very different and kind of intriguing although it would not work for me," Mr. Gates emailed colleagues in 2011, after his first get-together with Mr. Epstein.

Bridgett Arnold, a spokeswoman for Mr. Gates, said he *"was referring only to the unique décor of the Epstein residence — and Epstein's habit of spontaneously bringing acquaintances in to meet Mr. Gates."*

"It was in no way meant to convey a sense of interest or approval," she said.

Over and over, Mr. Epstein managed to cultivate close relationships with some of the world's most powerful men. He lured them with the whiff of money and the proximity to other powerful, famous or wealthy people — so much so that many looked past his reputation for sexual misconduct. And the more people he drew into his circle, the easier it was for him to attract others.

Mr. Gates and the \$51 billion Gates Foundation have championed the well-being of young girls. By the time Mr. Gates and Mr. Epstein first met, Mr. Epstein had served jail time for soliciting prostitution from a minor and was required to [register as a sex offender](#).

Ms. Arnold said that "high-profile people" had introduced Mr. Gates and Mr. Epstein and that they had met multiple times to discuss philanthropy.

"Bill Gates regrets ever meeting with Epstein and recognizes it was an error in judgment to do so," Ms. Arnold said. "Gates recognizes that entertaining Epstein's ideas related to philanthropy gave Epstein an undeserved platform that was at odds with Gates's personal values and the values of his foundation."

At Jeffrey Epstein's Manhattan mansion in 2011, from left: James E. Staley, at the time a senior JPMorgan executive; former Treasury Secretary Lawrence Summers; Mr. Epstein; Bill Gates, Microsoft's co-founder; and Boris Nikolic, who was the Bill and Melinda Gates Foundation's science adviser.

The First Meeting

Two members of Mr. Gates's inner circle — Boris Nikolic and Melanie Walker — were close to Mr. Epstein and at times functioned as intermediaries between the two men.

Ms. Walker met Mr. Epstein in 1992, six months after graduating from the University of Texas. Mr. Epstein, who was an adviser to Mr. Wexner, the owner of Victoria's Secret, told Ms. Walker that he could land her an audition for a modeling job there, according to Ms. Walker. She later traveled to New York and stayed in a Manhattan apartment building that Mr. Epstein owned. After she graduated from medical school, she said, Mr. Epstein hired her as a science adviser in 1998. In 2015, Gates and Nikolic founded a \$120 million genome editing company, Editas Medicine. Ms. Walker later met Steven Sinofsky, a senior executive at Microsoft who became president of its Windows division, and moved to Seattle to be with him. **In 2006, she joined the Gates Foundation with the title of senior program officer.**

At the foundation, Ms. Walker met and befriended Mr. Nikolic, a native of what is now Croatia and a former fellow at Harvard Medical School who was the foundation's science adviser. Mr. Nikolic and Mr. Gates frequently traveled and socialized together.

Ms. Walker, who had remained in close touch with Mr. Epstein, introduced him to Mr. Nikolic, and the men became friendly.

Mr. Epstein and Mr. Gates first met face to face on the evening of Jan. 31, 2011, at Mr. Epstein's townhouse on the Upper East Side. They were joined by Dr. [Eva Andersson-Dubin](#), a former Miss Sweden whom Mr. Epstein had once dated, and her 15-year-old daughter. (Dr. Andersson-Dubin's husband, the hedge fund billionaire Glenn Dubin, was a friend and business associate of Mr. Epstein's. The Dubins declined to comment.)

The gathering started at 8 and lasted several hours, according to Ms. Arnold, Mr. Gates's spokeswoman. **Mr. Epstein subsequently boasted about the meeting in emails to friends and associates. "Bill's great," he wrote in one, reviewed by The Times.**

Mr. Gates, in turn, praised Mr. Epstein's charm and intelligence. Emailing colleagues the next day, he said: *"A very attractive Swedish woman and her daughter dropped by and I ended up staying there quite late."*

Mr. Gates soon saw Mr. Epstein again. At a TED conference in Long Beach, Calif., attendees spotted the two men engaged in private conversation.

Later that spring, on May 3, 2011, Mr. Gates again visited Mr. Epstein at his New York mansion, according to emails about the meeting and a photograph reviewed by The Times. The photo, taken in Mr. Epstein's marble-clad entrance hall, shows a beaming Mr. Epstein — in blue-and-gold slippers and a fleece decorated with an American flag — flanked by luminaries. On his right: James E. Staley, at the time a senior JPMorgan executive, and former Treasury Secretary Lawrence Summers. On his left: Mr. Nikolic and Mr. Gates, smiling and wearing gray slacks and a navy sweater.

A Vast Charitable Fund

Around that time, the Gates Foundation and JPMorgan were teaming up to create the Global Health Investment Fund. Its goal was to provide "individual and institutional investors the opportunity to finance late-stage global health technologies that have the potential to save millions of lives in low-income countries."

Mr. Gates in 2012 with Mr. Nikolic. The two men frequently traveled and socialized together. Mr. Nikolic befriended Mr. Epstein after Ms. Walker introduced them.

As the details of the fund were being hammered out, Mr. Staley told his JPMorgan colleagues that **Mr. Epstein wanted to be brought into the discussions**, according to two people familiar with the talks. **Mr. Epstein was [an important JPMorgan customer](#)**, holding millions of dollars in accounts at the bank and referring a procession of wealthy individuals to become clients of the company.

Mr. Epstein pitched an idea for a separate charitable fund to JPMorgan officials, including Mr. Staley, and to Mr. Gates's adviser Mr. Nikolic. He envisioned a vast fund, **seeded with the Gates Foundation's money that** would focus on health projects around the world, according to five people involved in or briefed on the talks, including current and former Gates Foundation and JPMorgan employees. **In addition to the Gates money, Mr. Epstein planned to round up donations from his wealthy friends** and, hopefully, from JPMorgan's richest clients.

Mr. Epstein thought he could personally benefit. He circulated a four-page proposal that included a suggestion that he be paid 0.3 percent of whatever money he raised, according to one person who saw the proposal. If Mr. Epstein had raised \$10 billion, for example, that would have amounted to \$30 million in fees.

Ms. Arnold said Mr. Gates and the foundation had been unaware that Mr. Epstein had been seeking any fee. She said Mr. Epstein *"did propose to Bill Gates and then foundation officials ideas that he promised would unleash hundreds of billions for global health-related work."*

In late 2011, at Mr. Gates’s instruction, the foundation sent a team to Mr. Epstein’s townhouse to have a preliminary talk about philanthropic fund-raising, according to three people who were there. Mr. Epstein told his guests that if they searched his name on the internet they might conclude he was a bad person but that what he had done — soliciting prostitution from an underage girl — was no worse than “stealing a bagel,” two of the people said.

Some of the Gates Foundation employees said they had been unaware of Mr. Epstein’s criminal record and had been shocked to learn that the foundation was working with a sex offender. They worried that it could seriously damage the foundation’s reputation.

In early 2012, another Gates Foundation team met Mr. Epstein at his mansion. He claimed that he had access to trillions of dollars of his clients’ money that he could put in the proposed charitable fund — a figure so preposterous that it left his visitors doubting Mr. Epstein’s credibility.

Melanie Walker, who had known Mr. Epstein since 1992, joined the Gates Foundation as senior program officer in 2006

Flying to Florida

Mr. Gates and Mr. Epstein kept seeing each other. Ms. Arnold would not say how many times the two had met.

In March 2013, Mr. Gates flew on Mr. Epstein's Gulfstream plane from Teterboro Airport in New Jersey to Palm Beach, Fla., according to a flight manifest. *[That's the Lolita Express route!]* Ms. Arnold said **Mr. Gates — who has his own \$40 million jet —** hadn't been aware it was Mr. Epstein's plane. *[How do you hitch a ride on a *private* jet without knowing who the owner is, and why not simply fly your own?]*

Six months later, Mr. Nikolic and Mr. Gates were in New York for a meeting related to Schrödinger, a pharmaceutical software company in which Mr. Gates had a large investment. On that trip, Mr. Epstein and Mr. Gates met for dinner and discussed the Gates Foundation and philanthropy, Ms. Arnold said.

And **in October 2014, Mr. Gates donated \$2 million to the Massachusetts Institute of Technology's Media Lab. University officials described the gift in internal emails as having been "directed" by Mr. Epstein.** Ms. Arnold said, *"There was no intention, nor explicit ask, for the funding to be controlled in any manner by Epstein."*

Soon after, the relationship between Mr. Epstein and Mr. Gates appears to have cooled. The charitable fund that had been discussed with the Gates Foundation never materialized. Mr. Epstein complained to an acquaintance at the end of 2014 that Mr. Gates had stopped talking to him, according to a person familiar with the discussion.

The relationship, however, wasn't entirely severed. At least two senior Gates Foundation officials maintained contacts with Mr. Epstein until late 2017, according to former foundation employees.

Ms. Arnold said the foundation was not aware of any such contact. "Over time, Gates and his team realized Epstein's capabilities and ideas were not legitimate and all contact with Epstein was discontinued," she said.

Days before Mr. Epstein supposedly **hanged himself***["hanged himself"]* in a Manhattan jail cell on Aug. 10, he amended his will and named Mr. Nikolic as a fallback executor in the event that one of the two primary executors was unable to serve. (Mr. Nikolic has declined in court proceedings to serve as executor.)

Mr. Nikolic, who is now running a venture capital firm with Mr. Gates as one of his investors, said he was "shocked" to be named in Mr. Epstein's will. He said in a statement to The Times: *"I deeply regret ever meeting Mr. Epstein."*

Ever since the Epstein little black book revealed over a thousand names and their personal cell phone numbers and contacts were revealed, we have had reason to wonder about Bill Gates and his ties to Epstein and others that have questionable “relationships” with Gates.

Flight records reveal that Gates flew with Epstein from Teterboro Airport in New Jersey to Palm Beach on March 1, 2013, one of the few flights that year where pilot Larry Viskoski recorded the name of a passenger.

A representative for Gates did not respond to a request for comment, and the pairing of Gates and Epstein appears odd on the surface considering the work Melinda Gates and the couple’s foundation claims to do for young women around the world.

A Daily Mail [report](#): The pair had spent time together previously, most notably at the annual Edge Dinner, which each year welcomes billionaires from around the world to come together and discuss advancements they are working in on the worlds of math, science and technology.

In fact, the 2013 dinner took place just two nights before they flew to Florida, though neither of the men are pictured attending that year’s event.

Epstein did claim he worked as a financial adviser to Gates for some time, but that claim was later shot down by the Microsoft founder’s representative.

The two men do, (or once did) however both own property in southern Florida, where Epstein had two homes including a \$12 million Palm Beach mansion and Gates owns a five-property compound in Wellington that he purchased for a total of \$40 million.

Flight records: Epstein, who was found dead in his jail cell on Saturday morning, had told people in the past that he was a financial adviser to Gates (flight data above)

In a biography that was published on the website for Edge, but later deleted, it is noted that Epstein “founded the Jeffrey Epstein VI Foundation in 2000 to fund and support cutting edge science around the world.”

He is also said to be 'one of the largest supporters of individual scientists, including theoretical physicist Stephen Hawking and Nobel Laureates Gerard 't Hooft, David Gross and Frank Wilczek.'

In an alarming addition, the biography then states that Epstein has taken 'an active role in supporting education across the United States as well as philanthropy in the US Virgin Islands, where the foundation is based.'

He traveled to the 2002 dinner with guests including architect David Rockwell, author Michael Wolff, journalist Richard Cook, and literary agent John Brockman – who was also the editor of the Edge website.

Gates was not the only famous name to hop aboard Epstein's plane either, with the serial pedophile also welcoming famed newsman Walter Cronkite, architect Peter Marino and a passenger identified as John Roberts.

He flew with Epstein on at least two occasions according to flight records, from March 22, 2010 and February 10, 2011.

In 2010 the plane with Roberts traveled from Palm Beach to Oakland, and the following year from Palm Beach to Teterboro.

This in addition to the already noted famous guests such as Bill Clinton, Naomi Campbell, Kevin Spacey, Chris Tucker and Prince Andrew.

Two of Jeffrey Epstein's 'sex slaves' claim that they engaged in sexual acts with Prince Andrew – one of whom was underage at the time.

Virginia Roberts, whose defamation case against Epstein's alleged Madame Ghislaine Maxwell is the source of these unsealed documents, provides a photo of her with Prince Andrew and Maxwell at the later's [London](#) home in one court filing.

She was 17 at the time the photo was taken of the three.

The documents were released Friday morning just moments after the U.S. Court of Appeals for the Second Circuit upheld the decision to make public over 2,000 pages of court filings that had previously been under seal.

Those documents reveal in great detail the three-year period in which Roberts claims she was Epstein and Maxwell's 'sex slave.'

'One of the individuals Ms. Giuffre was trafficked to was Prince Andrew – trafficking that took place in Defendant's own townhouse in London,' states the filing, which was in response to a Motion to Dismiss from Maxwell's attorneys.

'There exist flight logs evidencing Ms. Giuffre flying to London alongside Defendant and Epstein on Epstein's private plane, and a photo of Ms. Giuffre, Defendant, and the Prince, without Defendant ever offering a legal reasonable explanation for that photo being taken, or for traveling with a 17 year old girl overseas.

What the hell is going on with Trump? He's hired two of Epstein's lawyers, Alan Dershowitz and Ken Starr, to represent him in the impeachment trial.

Of all the tens of thousands of lawyers, he had to pick those most known recently for representing Jeffrey Epstein?

Could this be a kind of signal; that Trump has the goods on the various Senators that were likely recipients of Epstein's strange fruit?

Speaking of which ... **apparently Bill Gates is far more connected to the Epstein/Maxwell child sex trafficking ring than was earlier known.**

The same year that Bill Gates was flying around on Jeffrey Epstein's "Lolita Express," his "personal engineer" was arrested for having over 6,000 pictures and videos of child pornography at Gates' mansion.

You never read anything about that, have you? It wasn't reported in the media for an entire year, then it was a quick story between Christmas and the New Year, then it was never reported on again.

***Exposing Bill Gates, His "Terroristic Threatening," and His Criminal Psychopathology:
An Opinion/Editorial by Dr. Leonard G. Horowitz and Sherri Kane***

Introduction

On April 27, 2018, the '[Business Insider](#)' published a widely circulated primer to persuade people to expect a mass killing. The article by [Kevin Loria](#) was titled "Bill Gates thinks a coming disease could kill 30 million people within 6 months — and says we should prepare for it as we do for war." The pitch featured the Jack Taylor/Getty Images photo below showing the aging Bill Gates curiously showing only his lower teeth during speech—**body language indicative of a compulsive liar.**

Gates is NOT a doctor

Gates is NOT an epidemiologist

Gates is NOT elected

Gates dropped out of Harvard

We are at war with pure evil #NWO #WakeUpAmerica

- *The next deadly disease that will cause a global pandemic is coming, Bill Gates said at a discussion of epidemics promoting the Deep State's depopulation agenda.*
- *We're not ready, Gates said, hiding his family's and Big Money backers' plan to loose another most profitable depopulating agent like HIV/AIDS that has killed 40 million people and counting.*
- *An illness like the pandemic 1918 influenza could kill 30 million people within six months, Gates said, adding that the next disease might not even be a flu, but something we've never seen, like a lab combined H5N1 and H1N1 that complicit scientists have already engineered threatening an outbreak that might kill as many as 60 percent of those infected.*
- *The world should prepare as it does for war, Gates said, hiding the fact that his father was among America's leading racists and eugenics advocates, and his mother officiated for banks and IBM that made a fortune with the Nazis of WWII.*

"If there's one thing that we know from history, it's that a deadly new disease will arise and spread around the globe," Gates was said to herald, according to Loria's Business Insider advisement. But also, "if there's one thing that we know from history," there are lairs in high-power positions controlling the "Deep State."

President Nixon was one example who, like Gates, had more than upper teeth concealed during speeches. (This is shown in the adjacent image taken during Nixon's Watergate resignation speech.) **The man could "lie through his teeth" without any remorse. Bill Gates's body language reveals much the same, as explained by [body language analyst](#) Maddie O'Brian.**

Gates's population culling outbreak could [happen easily within the next decade](#), the *'Business Insider'* reported.

But who owns the *'Business Insider'?* [Axel Springer SE](#). This is the largest digital publishing house in Europe, with numerous multimedia news brands, such as [Bild](#), [Die Welt](#), and [Fakt](#). It generated total revenues of about €3.3 billion in 2015. The enterprise is central to the Deep State's propaganda output.

Bill Gates, who is worth more than \$100 billion, made his money through Microsoft computer software programs. How did he become an expert on diseases and bioterrorism? Why was he

on the Fox News Sunday program telling Americans how to live? Why was he on CNBC on Thursday discussing when to reopen the economy? Why does he write columns for the 'Washington Post' telling our elected officials what to say and do? Who does he think he is? China produces most of the vaccines for cost savings!

A SPECIAL PUBLICATION TO COMMEMORATE THE FIRST AXEL SPRINGER AWARD

GREETING

**BILL &
MELINDA
GATES**
foundation

Bill Gates, co-founder of the Bill & Melinda Gates Foundation

Doing good

I'm excited that the first Axel Springer award is being given to my friend Mark Zuckerberg. Mark, you and Priscilla are leading the way for a new generation of philanthropists. This generation is applying its entrepreneurial spirit, talents and energy to achieving goals once thought impossible: inventing new medicines, reducing poverty and hunger, and making sure every child has an education.

The vision that you and Priscilla have laid out is ambitious and admirable. I know from the success you've had as an entrepreneur and innovator that you're willing to take risks that others can't or won't. Applying that courage to advancing human potential and promoting equality will transform the lives of millions.

You share our conviction that people who have been blessed with so much have a responsibility to give back to society. And you see that technology and innovation are vital to bridging the economic and social divide.

I really enjoy working with you, Mark. Getting to talk to you and seeing your new way of looking at things in philanthropy really stimulates me. I've had one other relationship in philanthropy that has really engaged me and that's with Warren Buffett. And it's kind of amazing: Warren is about 25 years older than me, I'm a little more than 25 years older than you. I get a lot of wisdom and thoughtfulness from Warren, hopefully he gets some energy and new ideas from me. And so I hope we

can have that same kind of relationship as we make this journey together.

You're doing some amazing work. For your generosity, your vision, and your commitment, both Melinda and I salute you. You've done a great thing establishing the Chan Zuckerberg Initiative. Congratulations on this award.

This racketeering enterprise wields substantial leverage, and Gates is a major player in this mob. The association is proven by the image below. It shows the Bill & Melinda Gates Foundation vaccine trafficker and founder, Bill Gates, arguably the most murderous man in the world today, congratulating Facebook's complicit entrepreneur, Mark Zuckerberg, for their alliance.

Loria continued for Axel Springer without mentioning that Gates has been heavily financed by Warren Buffett's \$30 billion depopulation "donation" to the Gates's "humanitarian" Foundation.

"Bill Gates told listeners [his doomsday prediction] at a [discussion about epidemics](#) hosted by the Massachusetts Medical Society and the New England Journal of Medicine." He claimed, "we're not ready." He said he was "usually the optimist in the room." He reminded people that he lifts children "out of poverty around the globe."

"But 'there's one area though where the world isn't making much progress,'" Gates said, 'and that's pandemic preparedness.'

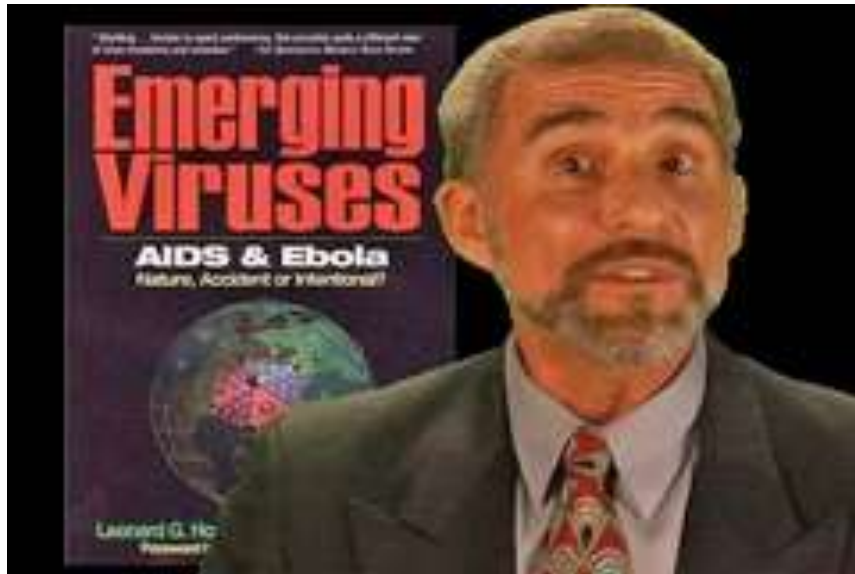

"The likelihood that such a disease will appear continues to rise. [New pathogens](#) emerge all the time as the world population increases and humanity encroaches on wild environments. It's becoming easier and easier for individual people or small groups to create [weaponized diseases](#) that could spread like wildfire around the globe."

Fraudulent Concealment and Terroristic Threatening

Notice that Gates said nothing about the "small groups" of Deep State-controlled (criminally complicit) scientists in labs generating scores of "weaponized diseases." All of this is ongoing under the guises of "cancer research" and "vaccination prevention." Gates's terroristic threatening, all propaganda, persuades We The People to blame our dismal fate on wildlife, air travel, encroachments on rain forests, and lacking "preparedness." But never on the most obvious threat—massive amounts of biological weapons called "viral recombinants" produced to vaccinate and eradicate people, like animals in risky experiments. Gates's primary purpose is to divert from GMOs laced with poisonous chemicals and heavy metals—the main ingredients in his genocidal weapons of mass depopulation called "immunizations."

"According to Gates, a small non-state actor could [build an even deadlier form of smallpox](#) in a lab," Loria wrote.

What total crap! How many "small non-state actors" can build, outfit, and administer a biocontainment level 3 or 4 facility capable of recombinant biotechnology or even crude genetic engineering in microbiology? NONE!

So what is Gates really concealing here? What virologists are actually doing in labs? They are creating deadly biotechnologies for genetic assaults in favor of the financial elite controlling the Deep State. The future of civilization depends on diagnosing their fraudulent concealments, and their terroristic threatening campaigns driving genocides just as we saw with HIV/AIDS.

This foundational fraud and threat to biology is what Dr. Horowitz exposed powerfully in his national bestseller, *Emerging Viruses: AIDS & Ebola—Nature, Accident or Intentional?* that Gates and allied devil-doers find taboo. They, and their media, only divert from and fraudulently conceal key operators in the Deep State’s virology biotechnology movement to sicken and enslave populations using new biological weapons capable of mass depopulation profiting firms such as Litton Bionetics. This military bioweapons contractor, according to [Special Virus Cancer Program](#) secreted reports vetted by Dr. Horowitz, produced the [mutant viruses we now call HIV/AIDS and Ebola](#). Dr. Anthony Fauci was part of this HIV scam.

Propaganda for Depopulation

Loria’s *Business Insider*’ article even evidenced that truth—the impossibility that a “small non-state actor” could manufacture the hyper-weaponized strains of germs, such as we witnessed with the [Anthrax Mailings](#), or H5N1 Avian Flu fright. Loria’s link actually evidences fraudulent misrepresentation. Clicking that link takes you [HERE](#), to a large “state actor” not a “small non-state actor.” Loria’s link provides scientific evidence detailing the sophistication of procedures used in labs financed by the National Institute for Allergies and Infectious Diseases (under grant NIAID NOI-AI-15436) to produce new strains of germs. This evidence also shows how criminally complicity, or insane and “evil obedient,” Loria and his NIAID lab workers are for threatening the world with new mutant viruses and their outbreaks.

(Editor’s Note: This Deep State-captured NIAID is directed by the leading HIV/AIDS genocidalist and “Pharmawhore,” Anthony Fauci, who Dr. Horowitz royally exposed along with Gates and

Dr. Oz in a 3 part series of videos after the devil-doers spread the H1N1 Swine Flu fright to sell their drugs and developing vaccines. Dr. Horowitz's illuminating video, Part 1, is [SHOWN HERE](#).) "And in our interconnected world," Loria continued speciously diverting from two important facts, "people are always hopping on planes, crossing from cities on one continent to those on another in a matter of hours." The two omitted facts are: (1) That air travel diverts from the guilty labs and live-viral vaccines sourcing the risks to air travelers; and (2) Bill Gates [applauds depopulation](#) that can be blamed on air travel, or anything other than his Deep State colleagues' eugenics depopulation agenda. This media and message, therefore, operates as an effective protection racket hiding deadly commercial crimes.

Loria continued his "news" coverage of Gates's presentation using "a simulation by the Institute for Disease Modeling that found that a new flu like the one that killed 50 million people in the 1918 pandemic would now most likely kill 30 million people within six months."

Reading between the lines, modern improvements in hygiene, nutrition, and pure hydration would account for better general public protection. But Loria, a purported "medical science writer," recklessly neglected this most important fact.

The "Disease Modeling" Gates promoted is a form of propaganda and population persuasion that shows graphically the misrepresented threat used to legitimize Gates's crimes, which include consumer fraud and physician-assisted mass murder (i.e., iatrogenocide). This is like spreading false intelligence (through persuasion graphics), like consumer fraud, to condition people to accept vaccines. Legislators are persuaded to finance this genocide with taxpayers' money when shown these "Disease Modeling" slides. The Deep State's false flag bio-warfare depopulation operation underlies these graphics.

"And the disease that next [takes us by surprise](#) is likely to be one we see for the first time at the start of an outbreak," Loria added, "like what happened recently with SARS and MERS viruses." According to Dr. Horowitz, SARS may be recalled as a deadly example of this kind of "false flag" outbreak and hoax. Horowitz reported extensively about the SARS "pandemic" from ground zero—Toronto—while the fright was unfolding, as published [HERE](#).

Profitable Outbreak Propaganda

"If you were to tell the world's governments that weapons that could kill 30 million people were under construction right now, there'd be a sense of urgency about preparing for the threat, Gates said."

This is FALSE. The vast majority of countries are controlled by the central banks and "banksters" through the World Bank. They are largely disinterested in preventing a massive die-off that would only further secure ruling officials. Dr. Horowitz personally experienced this sad fact when he appealed directly to Ali Bongo Ondimba, the current ruler of Gabon. Ondimba is the half-brother of Pascaline Bongo who invited Dr. Horowitz on several occasions to speak on various topics that concerned her and the good citizens of Gabon. Dr. Horowitz personally met

with Ali Bongo Ondimba at the request of Jermaine Jackson who set up the meeting. Ondimba was, at the time, the Commander of Gabon's military. Ondimba frankly admitted he was not interested in curing AIDS because of \$75 million the ruling family expected to receive annually from the World Bank so long as his family agreed to vaccinate the military and the country's people as much as possible. So long as Ondimba's military depended on his government's drug cocktails, the Bongo family stayed secure against military revolts, Ondimba explained to Horowitz.

"In the case of biological threats, that sense of urgency is lacking," Gates said, omitting and misrepresenting the aforementioned circumstances political impositions. *"The world needs to prepare for pandemics in the same serious way it prepares for war,"* the war profiteer and Big Pharmawhore argued.

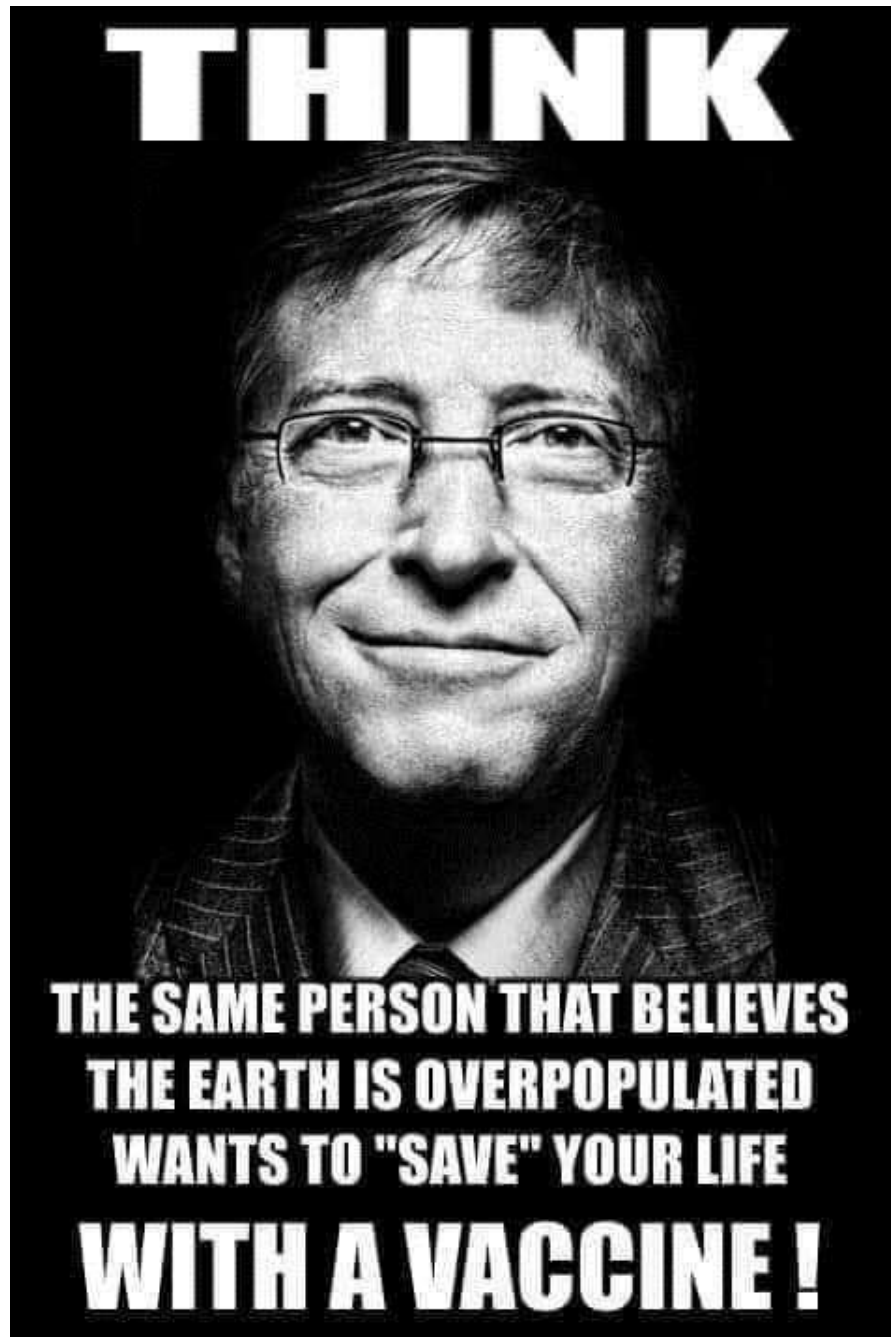

During "emergencies" you are told to tune-into the media broadcasting "civil defense" instructions. Bill Gates, Warren Buffett and their fellow Deep State players control this too. They make a lot of money with propaganda and terror. How so?

Gates, for example, is the CEO of Microsoft ("MS"). That is the "MS" in MSNBC. And you think there is "fair competition" in the multi-national corporate-controlled media? Not at all. Fox News, that is highly critical of MSNBC and CNN, is controlled by the Murdoch family that is [heavily invested in vaccination corruption](#). This was witnessed and reported by Dr. Horowitz during the H1N1 Swine Flu fright years after SARS struck. Meanwhile, CNN's founder, Ted Turner, has similarly advocated for massive depopulation, [recorded here](#) justifying global depopulation because, *"Too many people are using too much stuff."*

Turning on televisions sells more drugs, in case you haven't noticed. Vaccine side effects sells drugs too, but this fact is concealed.

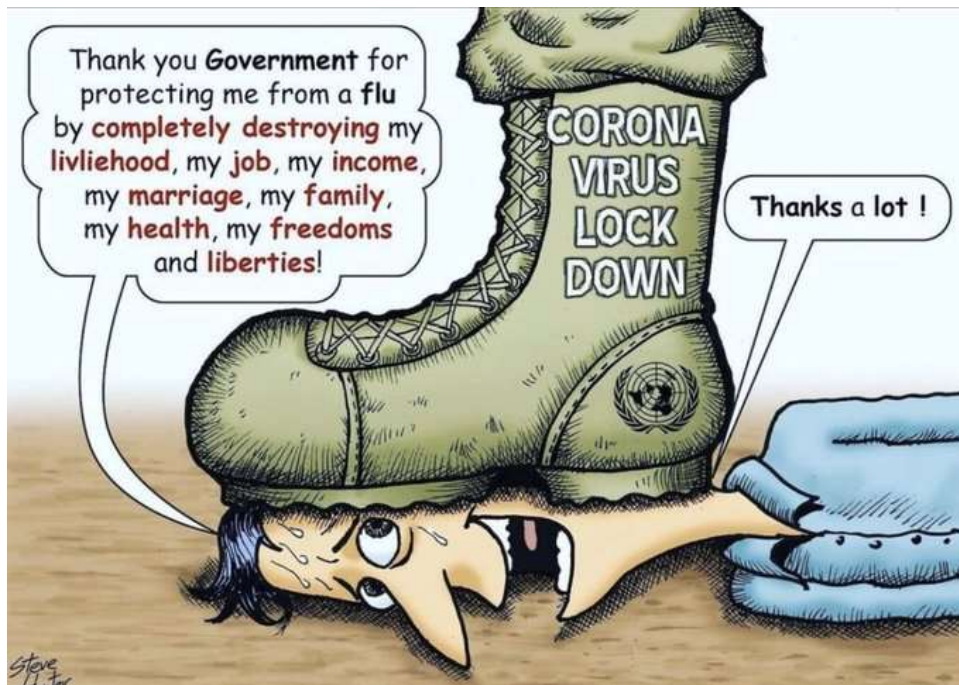

Even giving Gates, Buffett, Murdoch, Turner and their ilk the benefit of doubt, their statements and justifications on bio-preparedness, vaccinations, and depopulation are transparent and murderous.

History shows these Deep State agents and their companies are most threatened by popular uprisings and revolutions. Revolutions might overthrow their corporations, and convert their families' wealth to a people's revolutionary government. This is much like the one Donald Trump promised on behalf of American workers in his surprising victory over Hillary Clinton. Assuming the "swamp" in the Justice Department was drained, as Trump envisioned, federal prosecutors have the power to arrest Gates as a criminal psychopath who justifies his murderous enterprise, and abuses his ilk's media, by convincing people they are to blame for all the world's "overpopulation" and environmental pollution.

Gates, like his father, blames parents for not getting their children vaccinated with genetically-altered viruses. Gates claims these "anti-vaccinationists" and "resisters," are disrupting "herd immunity," and risking public health and safety. Just the opposite is true. All the while Gates recklessly neglects natural immunity, the damages vaccine side effects are having, and the risks genetic engineering of lethal viruses pose to civilization. Gates's fraudulent concealments and [terroristic threatening](#) wielding his media propaganda facilities like weapons of war profits Gates and his fellow Big Pharma investors in violation of [18 U.S.C.2332\(b\)](#).

This is largely the "swamp" that requires draining that captured the Justice Department and Robert Mueller's allegiance (in, for instance, the ["Anthrax Mailings" attacks and CIPRO sales scam](#) on Capitol Hill) long ago, best explaining why Gates's illegal acts of terroristic threatening and assaults with poisonous chemicals in vaccines are permitted by willfully blind law enforcers.

Gates's mother tied the knot in the global conspiracy to depopulate the planet most profitably by terroristic threatening that spurs markets for vaccineide. Mary Gates was a prominent Seattle businesswoman. Her father, Willard Maxwell, was a vice president of Pacific National Bank, which later became First Interstate. These Gates family banking connections preceded the current "Deep State" monopoly and conspiracy evidenced by the same top institutional

investors and banking firms partnered in Microsoft, Google, and IBM, each with intimate connections to the CIA and National Security State.

Mrs. Gates helped her son, William H. Gates 3d, “get the contract that led to a lucrative relationship with I.B.M. for his fledgling Microsoft Corporation,” according to her [‘New York Times’](#) obituary.

Gates’s Deadly Delusional Hypocrisy

Bill Gates’s hypocrisy is most obvious, troubling, and delusional. The “double sided” message Gates outputs generates “cognitive dissonance.” That is, a “belief behavioral inconsistency” justifying the diagnosis of “criminal psychopath.”

Simply stated, on the one hand, Gates, Turner, Buffet, and their ilk invest in eliminating billions of people, as is obvious from their rhetoric and depopulating programs. This includes “RU 486”—the “morning after birth control pill.” To “86” something means to kill it. Are you for 86ing life with this patented pill licensed by Planned Parenthood?

On the other hand, Gates claims his vaccines have helped save millions of lives. Why would the crazy man care if more un-vaccinated people were to die when he claims to cherish fewer people?

Gates’s entire propaganda campaign is purposely confusing to hide its absurdity. Gates’s rhetoric argues that healthier infants who live longer as adults will somehow reduce world populations while improving the quality of life for everyone. But there is no science backing this ridiculous thesis. The only people whose quality of life will be secured and enhanced by vaccinations containing heavy metal poisons and GMO carcinogens are the ultra-rich as all the peasants die off in pain. This *“vaccinate to live longer thus depopulate” notion doesn’t even measure up to “pseudo-science.”* That means it is pure nonsense. It doesn’t even merit a thesis, or being output as a theory. It is pure hogwash.

This mass mediated con job is much like Gates manufactures while claiming that vaccines are “safe and effective.” The safety of vaccinations has never been proven. Solid proof doesn’t exist without large double-blind studies conducted over generations to compare cancer rates or morbidity and mortality data for the two groups—vaccinated vs. un-vaccinated people. So vaccination advocates who smear vaccine risk whistleblowers, like Dr. Horowitz; and who claim anti-vaccinationists all suffer from pseudo-scientific delusions, are the only ones who are actually delusional. Vaccine advocates subscribe to Gates’s pseudo-scientific hogwash.

In this case, given Gates’s resulting mass murders, his and his followers delusional arguments—hogwash—is criminal, and arguably treasonous.

Supposedly Stopping the Next Pandemic

"The one time the military tried a sort of simulated war game against a smallpox pandemic, the final score was 'smallpox one, humanity zero,'" Gates was quoted as saying.

"But he reiterated that he's an optimist, saying he thinks we could better prepare for the next viral or bacterial threat," Loria continued, preparing us for the drug sales pitch.

"In some ways, we're better prepared now than we were for previous pandemics. We have antiviral drugs that can in many cases do at least something to improve survival rates. We have antibiotics that can treat secondary infections like pneumonia associated with the flu." Three glaring omissions in this single quotation are:

- (1)** antiviral drugs and antibiotics produce massive deadly side effects and seriously damage the environment through polluted groundwater;
- (2)** silver hydrosols, especially OxySilver, make all vaccines and antibiotics obsolete by protecting people with no serious side effects and without damaging the environment; and
- (3)** Bill Gates profits by selling drugs and vaccines.

The major institutional investors in Microsoft (besides IBM) are shown in the adjacent screenshot. Notice Gates's major partners, serious stockholders, are each heavily invested in Big Pharma. The leading suspects in pan-genocide are (always) Blackrock and the Vanguard investment banking firms. Note key names of the Eugenics Cabal below.

“We’re also getting closer to a universal flu vaccine; Gates announced [at the meeting, and] that the Bill and Melinda Gates Foundation would offer \$12 million in grants to encourage its development.”

“And we’re getting better at rapid diagnosis too — which is essential, as the first step toward fighting a new disease is quarantine. Just this week, a new research paper in the journal Science [touted the development of a way](#) to use the [gene-editing technology Crispr](#) to rapidly detect diseases and identify them using the same sort of paper strip used in a home pregnancy test.”

Terrific sales propaganda.

“But we’re not yet good enough at rapidly identifying the threat from a disease and coordinating a response, as the global reaction to the latest Ebola epidemic showed.”

Incredibly, the 2014 “Ebola Emergency” was preceded by severe censorship of Dr. Horowitz’s ‘Origin of Ebola’ determinations providing probable cause to indict Gates and his colleagues at Google/YouTube and Wikipedia (i.e., the “National Security State”) for the African genocide. Google/YouTube disappeared 157 videos from Dr. Horowitz’s channel a few weeks before the Ebola outbreak, and at the same time Wikipedia struck the doctor’s biography abused since 2008 to discredit Horowitz’s works. Evidence for complicity in this anti-trust monopoly between Gates and Google, et. al. is shown below, again recording the Vanguard Group and Blackrock, Inc. as complicit racketeering enterprise stockholders. In fact, both Google and Microsoft share the same top six institutional investors.

The public does not know about the harm Bill Gates brought to India, sterilizing Indian girls with the HPV vaccine. This horror vaccine is pushed on young pre-teen and teen girls in the U.S. that has a terrible record for harming young girls in the U.S. The CDC would have parents believe the HPV vaccine will protect against sexual diseases and cancer. Nothing could be more dishonest.

According to Wikipedia—known to be edited by Central Intelligence Agency (CIA) agents, “on August 10, 2015, Google announced plans to reorganize its various interests as a [conglomerate](#) called [Alphabet](#). Google became Alphabet’s leading subsidiary, and will continue to be the umbrella company for Alphabet’s Internet interests.

“On September 1, 2017, Google Inc. announced its plans of restructuring as a [limited liability company](#), Google LLC, as a wholly owned subsidiary of XXVI Holdings Inc., which is formed as a

subsidiary of Alphabet Inc. to hold the equity of its other subsidiaries, including Google LLC and other bets.”

Getting back to Gates, *“There needs to be better communication between militaries and governments to help coordinate responses, Gates said. And he thinks governments need ways to quickly enlist the help of the private sector when it comes to developing technology and tools to fight an emerging deadly disease.”*

“Melinda Gates [recently said](#) that the threat of a global pandemic, whether it emerges naturally or is engineered, was perhaps the biggest risk to humanity.”

Given the aforementioned facts, including the ongoing censorship of Dr. Horowitz’s works, *Business Insider’s* quote of Melinda Gates’s acknowledgment that “engineered” viruses pose the “biggest risk to humanity” *is probable cause to indict her and Bill, and every single one of the Bill & Melinda Gates Foundation donors and partners in global genocide, for commercializing in public frights, consumer fraud, and vaccines at are all produced by genetic engineers manufacturing viruses posing “the biggest risk to humanity.”*

Bill and Melinda Gates are not stupid people. They are smart enough to know the vaccines, drugs, and media industries they promote are engineering millions, probably billions, of human casualties and tragedies.

There are two crucial solutions. The first is these criminal psychopaths need to be arrested, tried and convicted for genocide and treason. They need to be imprisoned for what they do, and have done, under the guise of philanthropy. Their estates, including their vast wealth in Microsoft, needs to be confiscated and liquidated as is done with other money laundering and racketeering enterprises. That wealth can be best used to increase natural healthcare for the needy. The trouble with this urgently needed solution is that there is really [“no one home” at the FBI and Justice Department](#) to deliver this remedy. And even if heroes were to step forward under the Private Attorney General Act as authorized by Congress to represent society and the United States of America in a RICO action against Gates et. al, at minimum charging “terroristic threatening,” the FBI and Justice Department, along with the courts, have been so heavily “captured” by the Deep State that this effort would unlikely bear fruit.

That leaves crucial solution two—Self Defense. The wisdom in this article encourages personal, family, and community preparedness in the most natural, safe, effective, and affordable ways to boost natural immunity and combat infectious diseases. For this, beyond recommending [OxySilver stockpiling](#), Dr. Horowitz led the field of natural medicine with his book, [Healing Celebrations: Miraculous Recoveries Through Ancient Scripture, Natural Medicine, and Modern Science](#). He prescribes: (1) Detoxification; (2) Re-hydration and Alkalization; (3) Nutritional Remineralization; (4) Oxygenation exercises and therapies; and (5) “Energy Medicine”—that is, besides “faithful prayer,” bio-electric methods of “zapping” viruses and restoring the natural harmony and frequency resonance of health and happiness. He and Sherri Kane developed [528Radio.com](#) to help deliver “Medicinal Music” for “energetic healing” in the [528Hz frequency](#)

of buzzing bees vibrating in sync with chlorophyll's greenish-yellow color at the heart of sunshine. Dr. Horowitz's [528 Key Movie](#) beautifully presents his paradigm shattering discoveries. A free hour-long radio archive delivering this knowledge is also playing [HERE](#).

By personally improving your health, and sharing the benefits of your experience with friends and families in your community, you can help save lives. Likewise, by spreading this warning about the criminal psychopathology of Bill Gates and the Deep State's 30 million people death plot unfolding, you can be a hero.

Trump Administration Opposes Bill Gates' Vaccine Tracking System on 'Personal Liberty' Grounds

Gates wants a "Mark of the beast" digital tracking system for vaccines.

The Trump administration [has come out against a proposed digital tracking system](#) that could tell authorities about an individual's vaccination history.

The Orwellian measure has been proposed by technocratic oligarch Bill Gates, who is attempting to exploit the coronavirus pandemic to inch closer toward mandatory vaccinations. *"Eventually we will have some digital certificates to show who has recovered or been tested recently or when we have a vaccine who has received it,"* Gates said [during an "Ask Me Anything" appearance on Reddit](#) about the coronavirus.

The Trump administration [has come out against a proposed digital tracking system](#) that could tell authorities about an individual's vaccination history.

The Orwellian measure has been proposed by technocratic oligarch Bill Gates, who is attempting to exploit the coronavirus pandemic to inch closer toward mandatory vaccinations. “Eventually we will have some digital certificates to show who has recovered or been tested recently or when we have a vaccine who has received it,” Gates said [during an “Ask Me Anything” appearance on Reddit](#) about the coronavirus.

Attorney General Bill Barr is skeptical of Gates’ idea to tag people with these mark-of-the-beast implants. He said he is concerned about “the tracking of people and so forth, generally, especially going forward over a long period of time.” Barr also said that he is “very concerned about the slippery slope in terms of continuing encroachments on personal liberty.”

Are Democrats and the Fake News Media rooting for the Wuhan coronavirus to destroy the economy to remove Trump?

However, Barr said he did feel like “appropriate, reasonable steps are fine.” This leaves the door open for some sort of government action in order to enforce vaccine compliance. The Bill & Melinda Gates Foundation bankrolled research by the Massachusetts Institute of Technology that [advocated essentially tattooing vaccine data “directly into the skin” of children](#).

“Along with the vaccine, a child would be injected with a bit of dye that is invisible to the naked eye but easily seen with a special cell-phone filter, combined with an app that shines near-infrared light onto the skin. The dye would be expected to last up to five years, according to tests on pig and rat skin and human skin in a dish,” a Dec. 2019 *Scientific American* article wrote about Gates’ scheme.

Gates has been aggressively propagandizing on behalf of vaccines throughout the coronavirus pandemic. He has made it clear that he wants countless shots administered to supposedly stop the spread of coronavirus.

“Our foundation works a lot on diagnostics and vaccines,” Gates said during a recent interview with CBS News. He added that vaccine makers are the only entities *“that can really get things back on track where we’re not worried about large public gatherings.”*

Gates said that *“there’s a lot of dialogue between our foundation experts and the government”* about how to get the world back to normal using his vaccines.

“Which activities, like schools, have such benefit and can be done in a way that the risk of transmission is very low? And which activities, like mass gatherings, may be – in a certain sense – more optional? And so until you’re widely vaccinated, those may not come back at all,” he said.

This all comes back to Gates’ primary goal with his foundation and its funding: depopulation *“Now if we do a really great job on new vaccines, health care, reproductive health services, we*

lower than [the population] by perhaps 10 or 15 percent,” he said in a 2010 TED (Technology, Entertainment, and Design) conference.

Gates could not have planned a crisis any better than the coronavirus panic to push his vaccination and depopulation agendas.
