

Satanic Temple Claims Killing Babies in Abortions is a ‘Protected’ Religious Ceremony

The web page “*Harbingers Daily*”, a news site that focuses on World News with Biblical Relevance posted this very disturbing report below. These people were largely in the shadows around the world of child trafficking, pedophilia, pedovores, and satanic ritual abuse; however, this crowd is coming on in ways that only the likes of Jeffrey Epstein, Ghislaine Maxwell, Tom Hanks and Bill Gates dared to travel. Yes Bill Gate has been recently called out on news as being a sex pervert.

The Satanic Temple admitted proudly Wednesday that, in their belief system, killing an unborn baby in an abortion is a religious ritual similar to communion or baptism for Christians.

“The Satanic Temple is proud to announce its Religious Abortion Ritual, a ceremony rooted in our deeply-held beliefs,” the group said in [a video announcement on YouTube](#). “Thyself is thy master. Hail Satan!”

The disturbing announcement is part of the cult’s new plan to overturn pro-life laws using a religious freedom argument.

“Many states have laws that interfere with our members’ ability to practice their religious beliefs,” said Satanic Temple spokesperson Jane Essex. “No Christian would accept a mandatory waiting period before they can partake in communion. No Christian would

tolerate a law that insists state counseling is necessary before someone can be baptized. Our members are justly entitled to religious liberty in order to practice our rituals as well.”

[According to the Friendly Atheist blog](#), the Satanists described their surgical abortion ritual in detail Wednesday. They said it involves two tenets of their religion involving bodily autonomy and adherence to “best scientific practices.”

This is how the Satanic Temple described its “ritual” for slaughtering unborn babies in surgical abortions:

Prior to receiving any anesthetic or sedation, look at your reflection to be reminded of your personhood and your responsibility to yourself. Focus on your intent. Take deep breaths, and make yourself comfortable. When you are ready, say the Third Tenet and Fifth Tenet aloud. You may now undergo the surgery. After the surgery is completed and any anesthetic has worn off, return to your reflection and recite your personal affirmation. Feel doubts dissipating and your confidence growing as you have just undertaken a decision that affirms your autonomy and free will. The religious abortion ritual is now complete.

The Satanists said they believe in “abortion on demand” in the first trimester – meaning without regulations, restrictions or informed consent.

They oppose laws that require abortion facilities to show mothers the ultrasounds of their unborn babies or have they listened to their unborn baby’s heartbeat. They oppose waiting periods that ensure mothers have time to consider informed consent information prior to going through with the abortion. And they want to be exempted from laws that require abortion facilities to bury or cremate the remains of aborted babies.

The cult’s plan is to challenge the pro-life laws based on the Religious Freedom Restoration Act (RFRA), which ensures the government does not unnecessarily interfere with people’s religious freedom.

According to the Friendly Atheist, “By saying abortions in the first trimester are a religious ritual for their members, any states that have their own RFRA laws — and most anti-abortion states have them — would theoretically have to show why their ... restrictions should override the Satanists’ religious freedom.”

So far, all of the Satanic Temple’s lawsuits against pro-life laws have failed. In June, [a federal appeals court rejected their latest attempt at challenging Missouri’s informed consent law](#). In 2019, the Missouri Supreme Court dismissed another one of the Satanic Temple’s lawsuits. But every time they lose, they try again with a new approach.

The Satanic Temple is heavily involved in abortion activism in the U.S. [Breitbart once described its work](#) as a “pro-abortion crusade to come to the aid of America’s largest abortion provider,” Planned Parenthood.

Some of its members attempt to intimidate peaceful pro-life sidewalk counselors through gruesome protests. In 2016, pro-life advocates outside of a Detroit, Michigan Planned Parenthood faced a disturbing scene when a group from the [Satanic Temple arrived to counter-protest wearing baby masks](#) and carrying whips. They held a similar protest on Good Friday in 2017.

Years ago, former Satanist Zachary King told [the Lepanto Institute](#) that [the cult performs satanic rituals inside abortion facilities](#). King said participating in abortions is particularly important for Satanists because it is considered the best way to give an offering to Satan.

He explained: *“In Satanism, killing something or the death of something is the most effective way of getting your spell accomplished. As far as trying to get Satan’s approval, to give you something that you want, killing something is the best way to go. Killing something is the ultimate offering to Satan, and if you can kill an unborn, that is his ultimate goal.”*

Mel Gibson has been dropping Truth Bombs for year regarding the Hollywood pedophile sexual abuse of children, child actors, Disney Land, and the actors’ couch.

This tragic reality has been with 60-million abortions in our national history is so demented and God surely has given them over to a depraved mind. **“Furthermore, just as they did not think it worthwhile to retain the knowledge of God, so God gave them over to a depraved mind, so that they do what ought not to be done.”** - (Romans 1:28). Jesus said: **“But whoso shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea.”** -(Matthew 18:6; Mark 9:42; and Luke 17:2).

We are hearing that pedophilia is bringing down The Royal Family, the CIA, the Deep State, the Vatican, and Hollywood. We should not overlook the politicians that have resigned in recent years, particularly since about the time of Donald J. Trump's election as the President of the USA.

The chart below shows the pyramid organizational chart of child sex abuse and child-trafficking rings around the world. It seems to be pushed aside that the Roman Catholic Institution has paid nearly \$5-billion in legal settlements with victims of women and children that were sexually abused by priests and bishops over the past two decades.

The New York Times recently reported that Justin Bieber appeared to signal his 130 million followers that he had been a victim “of the child-trafficking ring known as PizzaGate. Thousands of comments were flooding in, and there was no evidence that Bieber had seen that message. But the pop star’s innocuous gesture set off a flurry of online activity, which highlighted the resurgence of one of social media’s early conspiracy theories.

For those who may not know what Pizzagate involves, below is an excerpt from Tom Horn’s bestselling book *Shadowland*:

“I was on The Haggmann Report with Steve Quayle a few years ago when for the first time I heard the disturbing allegations involving so-called Pizzagate, which numerous

alt-right bloggers and conspiracy sites in 2016-2017 were inferring involved underage children being trafficked for use by powerful political and underworld figures connected to John Podesta (then Hillary Clinton's campaign chairman), his brother Tony, and Bill and Hillary Clinton (and it doesn't help that the Wikileaks e-mails included one in which John Podesta mentions his close relationship with former Speaker of the House Dennis Hastert, who was sent to prison over sexually abusing boys and whom the judge called "a serial child molester"). Hastert himself, who was released after serving a little over a year of his sentence, may have been linked to the Wikileaks e-mails where dozens of references to "pizza" (149 e-mails) combined with other foods were viewed as a coded system for pedophiles where words like "hotdog" with "pizza" equaled a little boy, "pasta" with "pizza" meant a girl, cheese was for a "little girl" and so on. The reason a conspiracy grew up around this is partly because of Tony Podesta's disturbing, some say occult pedophilic art collection, together with the pizza parties he often cohosted with his friend James Alefantis, a man considered to be one of the fifty most powerful people in Washington and the owner of the pizza and music restaurant named Comet Ping Pong. This restaurant is mentioned a dozen or so times in the leaked e-mails and is the dining establishment where Edgar Welch was arrested for taking an AR-15 rifle and handgun December 2016, where he later told police he was there investigating a story about Pizzagate and Hillary Clinton running a child-sex ring out of the eatery.

Some weeks after Welch was detained, CBS46 evening anchor Ben Swann, whose popular "Truth in Media" website and "Reality Check" program had launched an investigation into the Pizzagate story, also framed the location as possibly connected with a child pornography ring being run out of DC. Swann questioned why authorities had been unwilling to conduct a full investigation into the allegations and pointed to music bands that play at Comet singing songs that joke about pedophilia and depicting artwork that matches known "boy-lover" symbols (numerous Podesta e-mails also mention "pizza" and "handkerchiefs," which are said to be coded language for pedophiles). Swann went on to note that two doors over from Comet Ping Pong is another parlor named Besta Pizza, where their logo matched what a 2007 FBI report depicted as a unique symbol commonly used by pedophiles to express their particular preferences in children—a winding triangle that stands for "boy love." Following Swann's report, Besta Pizza modified its logo.

A few days after his first broadcast on the subject, Swann's Truth in Media site disappeared, as did his Twitter, Instagram, and Facebook accounts.

Did somebody tell him to back off, or was it simply his bosses ordering him to quit the conspiracy-themed reporting?

On the heels of Swann abruptly abandoning the story, Alex Jones was likewise somehow pressured into publicly apologizing for promoting similar commentary involving Pizzagate. Whether he, too, had been threatened by a defamation suit or something else, he read from a prepared statement that to his knowledge, "neither Mr. Alefantis, nor his restaurant Comet Ping Pong, were involved in any human trafficking

as was part of the theories about Pizzagate that were being written about in many media outlets and which we commented upon.”

And then there was Hillary Clinton tweeting about Pizzagate when Michael Flynn was forced to resign, rubbing it in his face and reminding him how his son had once accused her of running a child-sex ring out of Comet Ping Pong. **But the 2016 Inspector General’s IG report included notes written down by the former assistant director of the FBI’s Counterintelligence Division, Randy Coleman, involving “Crimes against Children” that do indeed appear to connect Hillary Clinton, her Foundation, and dishonored former Congressman Anthony Weiner with unexplained events involving underage kids.**

“After obtaining Weiner’s devices, the agent processing their contents discovered ‘within hours’ over 300,000 emails, many of them involving communications between Weiner’s wife, Huma Abedin, and Hillary Clinton.

“The findings were deemed relevant to the FBI’s investigation into Hillary Clinton sending classified information using a private email server.

“From Coleman’s notes, the exact context of the ‘Crime Against Children’ is unclear, as well as the mention of the Clinton Foundation.”

So regardless of denial, there could be some “there” there and one wonders why this has not been widely reported or investigated other than in the new book **Shadowland** and brief mention by Laura Ingraham and Sean Hannity on their programs.

SHOCKING JEFFREY EPSTEIN ORGY ISLAND (SATANISM) EXPOSE!

Regardless of whether everything surrounding this particular conspiracy was overblown and never had any real substance, a series of police raids since on pedophile circles in the US with ties to international child trading illustrates that such crimes are not only alive and well (including among drag queens who’ve been linked to Satanism and occult practices that are given access to children during Drag Queen Story Hour (DQSH) at libraries and schools around the U.S.) but often include members of the so-called privileged class who frequently are shielded from prosecution.

You might recall Deborah Jeane Palfrey, the “DC Madam” (as she was dubbed by the media at the time) who operated a phone-in escort agency in Washington, D.C. She insisted her operation was legal but nevertheless was convicted in 2008 of racketeering and money laundering. Her clients included dozens of Washington insiders, lobbyists, FBI and IRS employees, White House, State Department, and Defense Department officials, and more. **But like Jeffrey Epstein, she was found hanging in a storage shed outside her mother’s mobile home in Tarpon Springs, Florida, ending the investigation and, once again, sparing elitists of being exposed or prosecuted.**

Even so, sometimes people do go to prison, especially when they're not rich and connected and/or have been compromised like Epstein was.

A while back, president Trump responded to one such arrest by holding a press conference in which he announced his plan to bring the "full force and weight" of the US government against this "epidemic of human trafficking." This caused former Congresswoman Cynthia McKinney - who once challenged the elite on the floor of the House about their participation in sex slavery - to warn Trump that if he really did go after pedophiles, he should plan to make arrests of both Republicans and Democrats reaching all the way to the top in Washington DC, something QAnon predicts.

Underpinning her allegation was a 2006 Immigration and Customs Enforcement investigation into the purchase of child pornography that "turned up more than 250 civilian and military employees of the Defense Department - including some with the highest available security clearance." Mysteriously, the Pentagon refused to further investigate these culprits.

One has to wonder why.

Indeed. So widespread is this problem that in July 2019, Representatives Mark Meadows (R-N.C.) and Abigail Spanberger (D-Va.) introduced bipartisan legislation titled "End National Defense Network Abuse" **to stop pervasive use of Department of Defense (DOD) computers that have been procuring and sharing pornographic images of children by thousands of U.S. government employees, exposure of whom could be especially effective at adding to body-count lists wherever the focus includes the seedy underbelly of the world's powerful elite.**

For example, not one but two former GOP senators from Arkansas and Oklahoma were investigating child trafficking involving high profile individuals (including sitting judges) **when in 2019 they were found murdered.** According to numerous reports, Linda Collins-Smith (AR) was about to go public with her findings when she was shot to death in her home. Just two days later former Oklahoma State Sen. Jonathan Nichols who purportedly was also investigating pedophiles and sex-slave traffickers was found dead in his Norman, Oklahoma residence.

In July 2019, the home of Mexican investigative reporter Lydia Cacho Ribeiro (on whom I believe the female heroin in the new *Rambo: Last Blood* movie is lightly based) was similarly broken into. Unidentified individuals killed her two dogs and stole her laptop, recorders, and hard drives "containing information about sexual abuse cases the reporter was investigating."

"It's remarkable Cacho is still alive," wrote Kurt Nimmo at the time. "In 1999, she was beaten and raped in retaliation for her investigations. Despite this, she continued to report on sex rings and the trafficking and murder of Mexican girls."

According to our friend Jaco Booyens, a tireless proponent of the war on human trafficking, the examples above are just the tip of a much larger iceberg. Criminal NESTS and WEBS, as some call them, exist internationally. So far as “Webs,” these involve “big child trafficking rings... and large networks [from] internet trafficking on Back page to cults like NXIVM, Jeffrey Epstein’s networks to Hollywood pedophiles [where] localized fronts that portray themselves as saviors of children... build a nest in their local community that has all the makings of a child trafficking front [that] typically have a skilled IT person, doctor, dentist, psychologist, court connections, law enforcement, foster and/or social workers, foster care families, domestic violence and/or homeless shelters, churches, and family members” who make up child-abduction rings. Beth Breen, a former employee of Arizona Department of Child Services recently breached her gag order and confirmed to Northwest Liberty News that children are often taken from parents and thrown into the state foster system where torturous and sadistic situations unfold, including sex-trafficking, torture, and even murder.

Conversely, WEBS, on the other hand, “are an entirely different beast. These are fronts for several nefarious dealings, such as money laundering, child trafficking, drug trafficking, land resources, and pay-to-play style schemes. Oftentimes a single web consists of several of these actions. These are larger scale networks that often operate across global territories. You cannot research a web without understanding the mind of the elite corrupt players involved, being familiar with their strategies and tactics, and at least having some knowledge of their end game. This is a whole different level of strategy whereby they operate in webs, the planning spans years, and they all have common goals.”

That in mind, while we know Next Top Model (an American reality television series and competition in which aspiring models compete for the title of “America’s Next Top Model”) scout Jean-Luc Brunel flew impoverished 12-year-old triplets in from France as a birthday gift for Jeffrey Epstein to sexually abuse, the truth is that in the United States alone, adults purchase children (sometimes as young as 2-years old, and no, that’s not a typo. Jaco discussed this on a recent SkyWatchTV.com episode) to rape at least 2.5 million times per year! Disturbingly, a report by USA Today reveals these predators most usually appear to be “ordinary” people, meaning quite frankly they could include your friendly neighborhood pals.

How can this be true?

Because, as *Eyes Wide Shut* directly Stanley Kubrick implied in his disquietingly erotic 1999 psychological thriller, most people are content not knowing what is happening around them - they go through life with their “eyes wide shut,” avoiding acknowledgment of immoral accomplices conducting criminal abuse all around them. Or perhaps they do see or suspect what is happening, but due to their “power” relationships where financial or political gain is involved, they - like numerous Epstein acquaintances did - turn a blind eye.

“There is no apparent heroic resistance against the secret society of the power elite,” Norwegian historian Håvard Friis Nilsen’s writes in his essay: *Deterioration of Trust: The Political Warning in Kubrick’s Eyes Wide Shut*. “What we see is an acknowledgment of the futility of control: they can neither control superior powers nor each other; loyalty is never guaranteed; they must be thankful for the moments in which they are awake.” Andrew Whalen for Newsweek thus adds, “How many people in close proximity to Epstein turned away because of this same sensation?”

Beyond the complexities of social and interpersonal agreements between such human beings, if we may call them that, Kubrick’s sordid vision suggested something else in his movie, too, and I believe it’s connected to the Epstein murder, err, I mean, *suicide*.

Often associated with the sexploitation of children is a dark, occult element. A breeding ground where affluent members of secret sex societies - shielded from culpability - indulge their vilest urges at the expense of vulnerable children for satanic reasons.

On few occasions, frightening facts behind this truth have been whispered. When ABC News correspondent Craig Spence left his job in the 80s and began “pimping out children to the power elite in the nation’s capital [including prominent officials in the Reagan and subsequent George H.W. Bush administrations] throughout the 1980s in apartments that were bugged with video and audio recording equipment,” he, like Jeffrey Epstein, had his home “bugged and had a secret two-way mirror, and ... he attempted to ensnare visitors into compromising sexual encounters that he could then use as leverage.” But also like Epstein, he wound up “suicided” at the Boston Ritz Carlton. However, not before he “hinted to Washington Times reporters Michael Hedges and Jerry Seper, who had originally broken the story, that they had merely scratched the surface of something much darker:

All this stuff you’ve uncovered [involving call boys, bribery and the White House tours], to be honest with you, is insignificant compared to other things I’ve done. But I’m not going to tell you those things, and somehow the world will carry on.”

One shudders to think what Spence was alluding to. Could it be his dark forces took him into the same gloomy corridors Epstein’s did? ‘

Recently unveiled Epstein travel logs of his aircraft reveal have confirmed, despite former President Clinton’s denial, that Bill Clinton flew on the “Lolita Express” 26 times, at least two in the accompany of two underage girls. Jeffrey Epstein’s girlfriend may in fact be the real head, if not partner-in-crime, of the St. James Island operation. Her father was Robert Maxwell, a major Israeli secret agent. What we know so far is that Israeli Mossad used the Caribbean Island as a “honey pot” operation to trap celebrities, politicians, etc. engaged in activities with under aged girls for blackmail purposes. Supreme Court John Roberts named appeared on the passenger logs, and as I have suggested previously in another article, may explain why he has voted in favor of so-called progressive legislation, including ruling in favor of former President Obama’s Health Care Reform Bill, which mandated people buy health care insurance under the

Obama bill. Roberts was photographed getting out a car in front of the Knights of Malta headquarters in Rome the next day. I included that photo in another article, as somewhat suspicious, given that the Knights of Malta is a Roman Catholic deep-pockets secret society that support the papacy. Take a close look at the photo below of Pope Francis and the circled vestments of the pope. His robe and vestments are decorated with the logo of a pedophile that prefers young boys as his sexual preference. Does that shock you? Read on for the proof of this statement.

Pope Francis is a pedophile, and worse. His robe sends a message to other perverts that he prefers little boys for his sexual indiscretions. He sits at the head of the international pedophile rings of the world.

I know this seems so sick and repulsive but it is true and much more than you can ever imagine. The simple point of this is that they are all Satanists, and Pope Francis is the chief of them all. They are members of the "Red Shoes" Club and the "Black Eye" Club. Their elixir is adrenachrome, obtained from aborted babies, and young children. This

FEDERAL BUREAU OF INVESTIGATION
INTELLIGENCE BULLETIN
Cyber Division, Internet Images National Institute

11 January 2007

(U) Symbols and Logos Used by Pedophiles to Identify Sexual Preferences

(U) FOIA: This intelligence bulletin addresses Critical Incident Against Children Standing Intelligence Requirements set contained in Q-FBI-1200-001-06, 0000, CAC, V1.4.5.

(U) (S) Pedophiles, to include those who sexually abuse children as well as those who produce, distribute, and trade child pornography, are using various types of identification logos or symbols to recognize one another and distinguish their sexual preferences. To specifically indicate the pedophile's gender preference, members of pedophile organizations encourage the use of descriptors such as "boylove," "girllove," and "children." These symbols have been used over rings and formed into pendants, and have also been found engraved on coins.

(U) The Boy Love logo (BLlogo) is a small blue inverted triangle surrounded by a larger triangle, whereby the small triangle represents a small boy and the larger triangle represents an adult man. A variation of the BLlogo is the Little Boy Love logo (LBLlogo), which also includes a small inverted triangle within a larger triangle; however, the corners of the LBLlogo are rounded to resemble a smiling boy. Images of the BLlogo and LBLlogo symbols are depicted below.

(U) The Girl Love logo (GLlogo) depicted below is a small heart surrounded by a larger heart, which symbolizes a relationship between an adult male or female and minor girl.

(U) The Child Love logo (CLlogo), as shown below, resembles a butterfly and represents non-professional gender child abuse. The Children Online Watch Activism Logo (COWAL) also represented below, is a ground pyramid logo used by individuals who use online media such as blogs and webcams.

(U) (S) FBI investigations in several cities have uncovered several symbols used by pedophiles to promote their attraction to children. After a review of a subject's computer in connection with an Internet Images case in the Jacksonville Division, a European Family Response Team forensic examiner came across an advertising symbol that was associated with a Web site banner named "ATSOYS.COM" where the "A" in "ATSOYS" was actually the Boy Love symbol and written as follows:  ATSOYS.COM. It was further determined that "ATSOYS" is an acronym for "Attracted To Boys." These pedophile symbols also appear on Web sites such as one of the banners advertised on www.kidstudies.com, shown below.

(U) (S) In another incident, FBI Sacramento was alerted by the California Department of Justice about an unusual marking on a coin. Review of the marking revealed that the Boy Love logo (BLlogo) was impressed on the front of the coin, and the phrase "Little Love Pinks" was impressed on the back of the coin. (Color showing the BLlogo and pinked on page one.) The appearance of the BLlogo on coins is another method used by pedophiles to announce their sexual preferences.

(U) Pedophile symbols on jewelry, coins, Web sites and other effects are indicative of advertisement methods used by child sexual predators to promote their cause. Pedophile activities advocate for the social acceptance of sexual relationships between adults and children. These organizations seek to deteriorate social relationships between adults and children and to legalize child pornography based on their belief that children have the ability to consent to sexual acts.

(U) (S) Identical or similar jewelry and symbols as described in this intelligence bulletin should raise suspicion of possible pedophile activity when found during searches. Investigators should also be attentive to pedophile symbols advertised on Web sites. During examinations of suspect files, investigators should be conscious of subjects who try to conceal child pornography by labeling them with symbols instead of the typical suggestive explicit names.

David Rockefeller died at the age of 101, three months short of what would have been his 102nd birthday. He had reportedly had seven heart transplants the last just months before his death.

The Millennium Report posted a week ago this report: “PEDOGATE 2020: Massive Update – <http://themillenniumreport.com/2020/pedogate-2020-massive-update/>

I have been following for three years the report that President Trump was going to investigate the global problem of human trafficking and child sex abuse. There has

been a growing list of Federal Indictments, as of May 1, 2020, the list contained 166,378 sealed indictments. There are nearly 18,000 Unsealed Indictments and the entire 184,000 cases will take two years to prosecute.

The larger story is that most of those on the Sealed Indictment list are sexual predators, pedophiles, child pornography, Satanists, and those conducted child sacrifice. Although the publicity on this has been very low-key under the radar as they say, I have been reading numerous reports from all over the world where pedophile rings have been busted and arrested. Quietly around the world there are busts of child pornography, and child abuse rings. At least once a week I see another ring being arrested around the world.

committee found that about 1,600 children die each year due to abuse and neglect, reported the David Zublick Channel.

Consider that bit of news, as we are also reminded of the fact that Senator Nancy Schaefer (R-GA) was murdered, along with her husband, after completing a documentary about pedophilia and child abuse in the Child Protective Services (CPS) foster care system.

Another crime plaguing America's children is satanic ritual child abuse and child sacrifices reportedly throughout the world and especially here in the US. The crimes are so prevalent in the U.S., that Russia's President Vladimir Putin publicly stated that many U.S. officials are pedophiles, and for that reason, Russia stopped allowing Americans to adopt Russian children.

America has stooped to the lowest levels of criminal activities.

Thomas Rando at Stanford University completed some experiments with "young blood," which revealed signs of age reversal in mice. The elite picked up on this treatment, called parabiosis, and they reportedly pay large sums for the blood of children, \$8,000 a liter in California.

The founder of Pay Pal, Peter Thiel, didn't mention in the video above [link removed] that he, for one, is receiving parabiosis. He reportedly told *'Inc'* that he is infusing himself with young blood, according to Zublick.

If the rumors/reports are true, the mega rich are infusing themselves with the blood of children to fight aging, but from whom are they receiving their "young blood?"

Understand the implications here.

Luciferians strike terror in their victims before killing them, then they reportedly extract adrenochrome from their victim's adrenal gland – and drink it! Adrenochrome, which is produced in the adrenal gland after the victim suffers terror, reportedly brings a euphoric high when ingested, an addictive high. Those who practice the abomination are said to be so addicted they are constantly seeking victims to terrify and kill for their adrenochrome!

Investigators are reportedly arresting thousands of pedophiles under President Trump's campaign to "drain the swamp." These arrests are common reports in the UK media press, but in the U.S. are quietly ignored.

This is almost as bad as burning them alive on the ancient god Moloch! Speaking of Moloch, didn't Hillary mention that god in one of her emails?

HILLARY'S EMAIL MOLOCH

This is reportedly at least one of the reasons Luciferians sacrifice children, many of whom are also pedophiles. Put these two crimes together and we are talking about abominations at the very lowest level! Larry Nicols, a former Clinton staff member once said that Hillary brought question to why she went to California every Friday to meet

with her Witch coven in Los Angeles that he had to keep coming up with explanations to feed the media's questions.

Thousands of years ago, men abused and murdered children, and the Word of God tells of child sacrifices to the fires of Moloch (also Molech, Leviticus 18:21); and the Wisdom of Solomon (Apocrypha, which books were included with the canonized Bible prior to the 1611 King James Version), speaks of the murder of children and feasts of blood; it is satanic, pure evil, and the servants of Satan have increased doing those vile things today, as we approach the Lord's return.

“The way of darkness is crooked and full of cursing, for it is the way of eternal death, with punishment, in which they that walk meet those things that destroy their own souls; such are: idolatry, confidence, pride of power, hypocrisy, double-mindedness, adultery, murder, rapine, pride, transgression, deceit, malice, arrogance, witchcraft, covetousness and the want of the fear of God. In this walk those who are the persecutors of them that are good; haters of truth, lovers of lies; who know not the reward of righteousness, nor clung to anything that is good; who administer not righteous judgment to the widow and orphan, who watch for wickedness, and not for the fear of the Lord; from whom gentleness and patience are far off, who love vanity and follow after rewards, having no compassion upon the poor, nor take any pains for such as are heavy laden and oppressed; ready to evil speaking, not knowing Him that made them; murderers of children; corrupters of the creatures of God, that turn away from the needy, oppress the afflicted, are the advocates of the rich, but unjust judges of the poor, being altogether sinners. It is therefore fitting that learning the just commands of the Lord, which we have before mentioned, we should walk in them, for he who does such things shall be glorified in the Kingdom of God; but he who chooses the other part shall be destroyed, together with his works; for this cause there shall be both a resurrection, and a retribution” –(Barnabas 15).

“It was Your (God's) will to destroy by the hands of our fathers, both those old inhabitants of Your holy land (Canaanites), whom You hated for doing most odious works of witchcraft and wicked sacrifices, and also those merciless murderers of children and devourers of man's flesh and the feasts of blood, with their priests out of the midst of their idolatrous crew, and the parents that killed with their own hands, souls destitute of help” –(Wisdom of Solomon 12:3-6).

The Lord said, **“Iniquity shall abound and the love of many shall wax cold” in the last days**” -(Matthew 24:12).

The “Black eye” is a side effect of adrenochrome. The black eye club theory seems sound... that people get a buildup of adrenochrome related compounds in the eyes, and need to have an operation to have it cleared... and somewhere along the way, they get a black eye.

Adrenochrome isn't just some drug people are keenly acquiring. Adrenochrome is the drug: The drug of choice for the elite and ruling class. The elixir sought by our pedophile

occult rulers who hide in the shadows, pulling the strings of global tyranny. The drug that makes the world go round. The drug every celebrity in this club is currently on withdrawals from due to the global slowdown over Coronavirus. Or at-least that's what the theory says. And Adrenochrome is currently involved in all the great internet conspiracy theories currently eating away at the brains of millions.

If you ever watched the movie *"Fear and Loathing in Las Vegas"*, or read the book by Hunter S. Thomson. Well if you did either, then you would be familiar with a specific scene. In the scene, one of the characters mentions that a Satanist gave it to him as a form of payment, he continues with, *"This stuff makes pure mess seem like ginger beer"*, referencing a *"brown colored bottle"* that was filled with "Adrenochrome".

What is Adrenochrome? Adrenochrome is an organic chemical substance which is produced by the oxidation of the adrenal gland, they are located on top of each kidney. Adrenaline is believed to be produced when a person is excited or is undergoing an "adrenaline rush."

The compound can cause hemostasis or is anti-hemorrhagic in nature. Sale or usage of Adrenochrome as a drug is highly controlled and regulated by the FDA. Now this is where it gets crazy. . .

To make Adrenochrome it has to be harvested, this associates the drug to human sacrifice, the elite (the cabal) and Hollywood. It is believed that Adrenochrome makes a person retain his/her youth, users experience a unique euphoria feeling.

Origins of Adrenochrome

Adrenochrome is known as the 'Fountain of Youth' Serum. There are references that Adrenochrome is linked to Satanism or other secret cults. The cults are highly secretive and they operate their organizations in secret. The cults are often deathly evil.

Sacrifices are known throughout history to have been conducted during the ancient times. Some civilizations that were regularly sacrificing humans were the Egyptians, the Mayan and the Aztecs. These Civilizations were deeply seeded in the process of killing, extracting and consuming Adrenochrome.

Adrenochrome is said to remove the life energy of the victim, and when the consumer ingests the drug they then receive the victim's life energy.

Adrenochrome is said to cause mental disorders, derealization, and euphoria.

How is Adrenochrome Harvested?

Adrenochrome is said to be harvested from kidnapped children under the age of 9 (the drug is more potent). The children need to be at their most fearful in order to extract

potent adrenaline/epinephrine from their pineal gland. It has the combined effects of both super strong speed and LSD.

The adrenaline/epinephrine is extracted quickly as the adrenaline is not as potent over time. The subject is sometimes kept alive for numerous extractions. The way it's done is through a needle being punctured into the eye to secrete adrenaline/epinephrine from the brain stem.

Adrenochrome Harvesting and The Elite

The Elite are said to run massive child trafficking rings all around the world, buying and selling children for their own pleasure. Children are heavily used since they experience a huge spike of adrenaline from the pineal gland. **In 2018, NCMEC reports 424,000+ missing children every year in America.**

A lot of the Elite are addicted to the substance. They participate in what is called 'Spirit Cooking' and have parties surrounding on the subject of human sacrificing. These people sacrifice children, eat the bodies, drink the blood and worship dark gods. This stuff tends to be quite addicting. Many who try the drug tend to have a hard time coming off it.

One prime example of the Elite and the famous drug is the example of Al Gore. Al Gore while using the airport was said to be carrying suitcases filled to the brim with blood.

How Addictive Is Adrenochrome?

The compound has several effects on the human brain. Ingestion of this drug can give a mental high like no other, but may cause other psychotic reactions like hallucinations and even cause schizophrenia in some cases.

In fact, Adrenochrome is as addictive as heroin. There are risks to this drug if engaged in recreational use; your own adrenaline production completely shutting down through homeostasis and negative feedback loops.

What this means is that if a constant supply of Adrenochrome isn't administered and someone decides to come off it cold turkey, you will have very severe withdrawal symptoms. Withdrawal symptoms that are far worse than that of alcohol, hard core drugs, opiate, or benzodiazepine withdrawals.

How Long Do The Effects of Adrenochrome Last?

Originally, the effect was discovered by administering overaged adrenaline preparations containing adrenochrome and adrenaline. Abram Hoffer and Humphry Osmond consider the effect to be similar to LSD and mescaline (psychotomimetic, now called psychedelic), an excerpt from the study

"Schizophrenia arose in an individual when too much adrenochrome was formed, [therefore] adrenochrome then interfered with brain function as would LSD, and that created the essential stage for the formation of schizophrenia."

According to Hoffer and Osmond, the hallucinogenic effect of Adrenochrome could last for weeks or lead to flashbacks and would be accompanied by paranoid-depressive reactions. They put the thesis on the Adrenochrome in mental disorders, such as schizophrenia, might play a role. This “adrenochrome hypothesis” was later developed into the Aminochrome hypothesis by Hoffer and Osmond.

I need to come back to the Executive Orders issued by President Trump at the beginning of his administration. Early on in the President’s tenure, he set about quietly to bring these evil people to justice. Anyone studying the President knows that he does not broadcast his actions in advance. However, when former NSA Admiral Mike Rodgers, early on went to President Trump’s office at Trump Tower, to report on the Obama administration spying to then candidate Donald J. Trump.

Admiral Mike Rogers traveled to Trump Tower on November 17, 2016 to brief then President-elect Donald Trump that communications from the building were being tapped. He did not notify his superior, then Director of National Intelligence James Clapper, beforehand.

Former U.S. Attorney and FISA Court Judge Joe DiGenova said, *“There’s a hero. His name is Admiral Mike Rogers. He was the head of the National Security Agency (NSA).”* On that same day, the Trump transition team abruptly announced they were leaving Trump Tower and moving their operations to Trump National Golf Club in Bedminster, New Jersey.

Two days later, the Washington Post reported that James Clapper and Defense Secretary Ash Carter had recommended the removal of Mike Rogers from his NSA position. That didn’t happen, but Rogers announced his retirement on January 5, 2018...after heading the National Security Agency for nearly four years. Between November 17, 2016 and January 5, 2018, huge things began to take place.....

The tweet below here is what President Trump put out March 4, 2017:

“Terrible! Just found out that Obama had my "wires tapped" in Trump Tower just before the victory. Nothing found. This is McCarthyism!”

— Donald J. Trump (@realDonaldTrump) March 4, 2017

ADRENOCROME:

The Occultist Elite's Drug of Choice

A special report by Courtney Barrett 3/20/2020

Adrenochrome is a chemical compound with the molecular formula $C_9H_9NO_3$. It is produced by the oxidation of adrenaline (epinephrine). Psychoactive effects of Adrenochrome may include euphoria, confusion, and a change in the train of thought, lack of judgment, poor insight and inability to concentrate.

Author Hunter S. Thompson mentions Adrenochrome in his book *Fear & Loathing in Las Vegas*. In the book, the drug comes from a living donor's adrenal gland and therefore it is deemed exotic and intense. A child male victim named Paul Bonacci that grew up in an orphanage home for boys claimed that he was being prostituted in the Franklin Child Prostitution Ring to high-level politicians and celebrities. He specifically identified Hunter S. Thompson at Bohemian Grove and said that he saw him participating in a game with a group of men that involved hunting down and killing children in the woods with firearms. Wikipedia reports this event as a conspiracy theory.

Adrenochrome has scientifically tested regenerative abilities in the rejuvenation of human tissue, restoration of nerve responsiveness and cognitive function. This has dubbed it the "Fountain of Youth" for the global elite. Adrenochrome especially concentrates on the body during times of high "fight or flight" response conditions. Scientists have discovered that Adrenochrome, better known as "pink adrenaline," has the power to turn back the clock, so to speak. It restores the youthful function of the human body in parts such as the nervous system and with glandular functions. These glandular functions determine how rapidly you age.

In 1946, a study was performed in which Adrenochrome was used to bring a frostbitten rabbit's ear back to life. In 1939, Adrenochrome was found to regenerate and restart a frog's heart. Word of this substance's property and the regeneration power spread quickly to the global elite who craved pink adrenaline no matter the cost.

Inside the human brain, there is a little gland called the pineal gland (as pictured above which is located inside the Vatican). This is also referred to as the third eye. Its appearance is similar to that of a pine cone. This is what the Adrenochrome is derived from once it is concentrated. John Podesta mentions "Walnut Sauce" in his notorious emails which are available on WikiLeaks. Walnut Sauce is said to be derived from the pineal gland of a living donor which when cut into, resembles a walnut.

Adrenochrome is harvested from the pineal gland. Therefore tying into Pedogate, the Luciferian elite kidnap, rape, and torture innocent children. This is to increase the concentration of adrenaline and then ultimately harvest the Adrenochrome from the glands while the child is still alive. They generally sacrifice the child after this. However, sometimes they keep the child alive to continue their traumatization for repeated extractions.

Adrenochrome is undeniably real. It is at the top of its sales from buyers on the black web. Scientists have written, "*There are few who doubt that Adrenochrome is in animals or in man, and it is now included among the family of compounds known as hallucinogens— compounds like mescaline and LSD-25 capable of producing psychological changes in man.*"

The potency of Adrenochrome declines with age, so, unfortunately, the younger the better. Apparently, if one exposes themselves repetitively to an adult's Adrenochrome, the side effects include mental and physical, such as epileptic seizures, Parkinson's symptoms, schizophrenia, and delusional psychosis. Adrenochrome is much like heroin. If you engage in recreational use, your own adrenaline production will shut down. This means that if don't have it, you will go into withdrawals. The kind of withdrawals that you would get from alcohol, opiates, or benzodiazepine.

"Many of us have heard of the excretion Adrenochrome, the Satanists remove the children's adrenal glands right after they have been terrorized and killed in rituals to extract this Kool-Aid the elites use to sustain their youth and extend their lives."
-A statement made by Kristy Allen at the ITNJ seating in June 2018
Kristy Allen is an MK Ultra, SRA survivor: MK Ultra was the CIA program for "mind control" experiments.

Extracting the blood from the child involves using a needle that is then plunged into the eye to extract Adrenochrome from the brainstem without cutting into the skull. Scientists claim that long term exposure to Adrenochrome may cause schizophrenia. Interestingly, Zionists are 30X more likely than the general population to suffer from a mental disorder.

The following post from April La June states it best:

Wake up, people! The elite are kidnapping your children not only sexually abusing them, but they are also traumatizing them in order to harvest their blood so they can get high and achieve "immortality".

According to sources that are familiar with certain dark material, there is a severe snuff film that features no other than Demo-RAT Hillary Clinton and Huma Abedin raping and mutilating a prepubescent girl. This video is apparently on the dark web. According to theoutline.com, in the video, they take a little girl and filet her face, according to reports, and then take turns wearing the little girl's face like a mask. It is believed that they were terrorizing the young girl, deliberately causing the child's body to release Adrenochrome into her bloodstream before bleeding her out and drinking the blood during a satanic ritual sacrifice.

Johnny Depp has been a subject of speculation as of late with people attributing his downward spiral to lack of Adrenochrome. Everything from mumbling his lines on set, confusion, sudden fits of violence... all signs point to someone dealing with a major mental decline. The late truth investigator Max Spiers (died July 16, 2016) said that Helena Bonham Carter is actually a Rothschild and is married to director Tim Burton who is a CIA backed MK Ultra handler of Johnny Depp. Depp now performs out on the road with Alice Cooper's appropriately named, Hollywood Vampires.

This is not to say that all of Hollywood is "on one". The late SOUNDGARDEN front man, Chris Cornell and the late Link in Park front man, Chester Bennington were apparently about to unravel the occultist elite's pedophile ring and though suicide was claimed, theorists believe that they were murdered by a pedophile ring run by elites out of Washington D.C.

One current ongoing theory presented that the white hats tainted the elite's Adrenochrome supply with their own COVID-19 virus. Right-wing journalist, Liz Crokin

recently posted a video in which she speculated that celebs like Tom Hanks contracted the virus by drinking a laced version of Adrenochrome. See link below:

[Liz Crokin on COVID-19 and Adreno](#)

Epstein Island, better known as Pedo-Island belonged to Jeffery Epstein. He is a convicted child sex offender. Many of the elite were known to travel there via the “Lolita Express”. Flight logs show that Bill Clinton was a passenger numerous times. This includes Hillary too. Bill denies ever being on the island. In July 2019, Epstein was arrested and charged with operating a sex trafficking ring out of New York and Florida, involving girls as young as 14. Some of the people who reportedly visited the island include Naomi Campbell, Ghislaine Maxwell—Epstein’s former girlfriend and Madam, Lord Mandelson, Victoria Secret’s Les Wexner, Stephen Hawking, and Prince Andrew. It was said that there were a number of young girls walking around half-naked regularly on the island. Apparently, Pedo-Island gained a reputation as being an Adrenochrome bar for the elites.

There is a temple on Epstein Island and it’s purported use for satanic worship. A temple is a building reserved for prayer and sacrifice. Epstein’s temple is atop a mountain and there are many tunnels and underground levels below. The theory among QANONS is that this is the comeback of the Canaanite cult of the child sacrificing Moloch. There is also said to be confiscated videos from Epstein Island filled with naked children beneath

the satanic temple. Of course, in April 2018, Epstein spent \$29 million on burying the tunnels underneath, although material witnesses and evidence still exist.

In August 2019, Epstein was found dead [allegedly, and certain facts contradict that fact] in his cell with the chief medical examiner of New York ruling that it was a suicide. Now there are new claims that his death was most likely a homicide, and not, a suicide. This raises many questions. Was Pedo-Island not only an elite hang out, but also a place of satanic worship and child sacrificing rituals involving Adrenochrome? Was Epstein murdered to keep this bombshell under-wraps? Did Epstein have footage of the elite doing horrific things and use them for blackmail before ultimately getting arrested?

On October 16, 2019, Marines as well as Navy Seals rescued 2,100 caged children that were found in underground tunnels. These were located underneath China Lake Naval Facility which is located in Southern California. Children and teens were said to be part of a CIA mind control program. The kids had been sexually abused and tortured, however, some were also killed to collect the Adrenochrome they produced. Many of the elites appear to be addicted to this substance. The rescues of these children and the arrests of these criminals have been tied to an International Child Sex Trafficking, Gun and Drug running rings prescribed by various mafias which are funded by CIA Mind Control Program, US INC, Queens Bank of London, Vatican Bank and Central Banks around the globe.

When politicians, celebrities, and business elites mysteriously wind up with black eyes they are now being put in a category known as the black eye club. Among those who have gained recognition from the said affliction are George Bush, Kanye West, and the Pope. This could mean that the industry is using occult rituals as theorists claim OR it could mean that the Adrenochrome is oxidized in their systems causing excess buildup.

To sum it all up, Adrenochrome is widely used and abused by the elites and the findings are quite serious. What's more, there are many interviews where celebrities like The Rock claim to eat babies. The agenda is hidden in plain sight. The question remains

what will it take to stop these psychopaths? Will the world see the day when there is an end to pedophilia being ok.

The term “Deep State” has largely been thought to be the huge list of staffers that are members of the Senior Executive Service, of which about 10,000 civil servants that are drawn upon by elected officials to fill staff positions in either party, with a higher than GS-15 in the civilian staff that conducts day-to-day government operations.

President Trump’s use of the term “Deep State” appears to have a different meaning, and when the President mentions “draining the swamp” or uses that term, he is hinting at the work underway in stealth fashion to build the cases for indictment and future prosecution of the those involved in pedophilia, child trafficking, and sexual crimes against children. Just a few days ago, President Trump reported that he would be out of the public sight for a while due to what may be related to assassination attempts.

Those in power will NEVER surrender their power willingly. Donald Trump is flying in the face of people so corrupt that they would not hesitate to have him assassinated somehow, be it a plane or car crash or under the pretense of some minority who gets amazing access. This is standard operating procedure and it is dominant throughout history from ancient times to the present. They will stop Donald Trump one way or another. They cannot afford to lose control of their money machine. The press is part of the establishment, for you can see they have received their orders to portray Trump as dangerous. No individual can reverse the direction of corruption. Yet the practice of assassination is historic, they create an accident. The “establishment” does not appear willing to accept Trump under any conditions.

Maverick, Pres. Donald Trump doesn’t need anyone’s help. That means he doesn’t care what the media says. He doesn’t care what the corporate elites think. That makes him very dangerous to the entrenched interests. That makes Trump a huge threat to those people. Trump can ruin everything for the bribed politicians and their spoiled slave masters.

It’s no coincidence that everyone has gotten together to destroy Donald Trump. It’s because most of the other politicians are part of the a good old boys club. They talk big, but they won’t change a thing. They are all beholden to big-money donors. They are all owned by lobbyists, unions, lawyers, gigantic environmental organizations, and multinational corporations like Big Pharma

They are owned lock, stock and barrel by foreigners, like George Soros owns Obama or foreign governments own Hillary with their Clinton Foundation donations.

These run-of-the-mill establishment politicians are all puppets owned by big money. But there’s one man who isn’t beholden to anyone. There’s one man who doesn’t need foreigners, or foreign governments, or George Soros, or the United Auto Workers, or the teacher’s union, or the Service Employees International Union, or the Bar Association to fund his campaign.

Trump is the guy who publicly questioned Obama's birth certificate. He questioned Obama's college records and how a mediocre student got into an Ivy League university. Now, he's doing something no Republican has the chutzpah to do. He's questioning our relationship with Mexico; he's questioning why the border is wide open; he's questioning why no wall has been built across the border; he's questioning if allowing millions of illegal aliens into America is in our best interests; he's questioning why so many illegal aliens commit violent crimes, yet are not deported; and he's questioning why our trade deals with Mexico, Russia and China are so bad.

The possibility that somebody may have already carried out the first assassination attempt on the life of Donald Trump during the 2016 election campaign. The repeated attempts are known to number 14. In his article, Kouri mentions how Trump's personal Boeing 757, on its way from New York to Little Rock, Arkansas, had to make an emergency detour and landed at Nashville International Airport after the plane's captain reported he was experiencing problems with one engine. Fortunately, the plane landed safely.

In the CFR-controlled America, political assassination has become a common occurrence. The CFR conspirators have been very successful in assassinating anybody they see as a potential threat to their globalist designs.

CFR psychopaths inside the U.S. government have actively participated in the assassination of foreign leaders, among them Colombia's leader Jorge Gaitán, Italy's oil executive Enrico Mattei and Prime Minister Aldo Moro, the Dominican Republic's President Rafael Trujillo, Panama's Omar Torrijos, Chile's President Salvador Allende, Congo's Patrice Lumumba, South Vietnam's Ngo Dinh Diem, Sweden's Olof Palme, Pakistan's Ali Bhutto and, more recently, Venezuela's Hugo Chavez,[3] and Poland's President Lech Kaczynski.

They also planned and carried out the assassination of American leaders, such as General George S. Patton, Admiral James Forrestal, U.S. Senator Joseph McCarthy, President John F. Kennedy and his brother Robert, civil rights leader Martin Luther King, and probably even FBI Director J. Edgar Hoover.

They also carried out the assassinations of people who, for one or another reason, they have considered a potential threat to their plans. Among them are singer John Lennon, Chief of Naval Operations Admiral Jeremy Boorda, ex-CIA director William Colby, Clinton's secretary of commerce Ron Brown, San Jose Mercury News' journalist Gary Webb, George W. Bush's biographer J.H. Hatfield, editor of George magazine and presidential hopeful John F. Kennedy, Jr., U.S. Army corporal and football star Pat Tillman, computer hacker and activist Aaron Swartz, journalist Michael Hastings, publisher Andrew Breitbart, members of SEAL Team 6, comedian Joan Rivers, and perhaps even authors Tom Clancy and Michael Crichton, just to mention a few.

The CFR globalist conspirators have always use assassination as a tool to control U.S foreign and domestic policy, and the CIA has been their main executor. Proof of this is that in 1976 President Gerald Ford signed Executive Order 11905 banning assassinations. It clearly stated: "No employee of the United States Government shall engage in, or conspire to engage in, political assassination."

Currently, the same people who told us that Saddam Hussein was stockpiling weapons of mass destruction in Iraq are now desperately trying to delegitimize Trump by claiming that the Russian government influenced the results of the election. Moreover, impostor Barry Soetoro has declared that he plans to stay in Washington D.C. with Michael in order to create a "shadow government" to fight President Trump. Now, given the fact that Soetoro is a mentally-retarded moron, one has to conclude that his "shadow government" will be fully under the control of the Invisible Government controlled by the Wall Street bankers, oil magnates and CEOs of transnational corporations ensconced at the Council on Foreign Relations in Manhattan.

Nevertheless, we should not be surprised by the globalist conspirators' knee-jerk reaction. They have plenty of reasons to be scared to death.

It is evident that one of Trump's goals is to disassemble the New Homosexual World Order machinery the globalist conspirators have so carefully been assembling during the past hundred years. An investigation of Obama's true place of birth may bring him to a long vacation in a federal prison and will automatically invalidate all his executive orders and maybe even his nominations to the Supreme Court. An investigation into Hillary's shady deals through her Foundation may send her to join Obama. An investigation of McCain's activities at the Hanoi Hilton may uncover his dirtiest secret. An investigation of the roles of George W. Bush, Dick Cheney and other CFR members in the 9/11 events may bring stiff penalties to them and their accomplices. Even worse, an investigation of the treacherous role of the Council on Foreign Relations may result in its destruction.

STILL WEARING AN ANKLE MONITOR:
HER SHOW FACING SEXUAL ASSAULT ACCUSATIONS:

The Epstein and Maxwell story remains a hot bed of legal efforts to squelch any evidence of documents coming to light. Recent ranglings in court led to a judge ordered that the documents be unsealed.

Business reports and investigations into the background of Jeffrey Epstein raised suspicion about where Epstein got his “seed” money to begin with. The trail of evidence leads back to Israel’s Mossad. Front money for the St. James Island operation were provided by the Israeli Mossad to create a “honey pot” to lure individuals to the Epstein Island for fun and games, that led to video filming and blackmail of celebrities, business tycoons, politicians, and probably Supreme Court Justices such as Justice John Roberts.

It is a dirty sic topic to expose but it important that parents and grandparents be aware of it in order to protect their children and grandchildren. A few days ago at the time I was entering this article, my wife shared a Facebook report about a 9-year being abducted outside a convenience store in McKeesport, PA. It was a store camera that got the license plate number of the man who grabbed the child. He was a 31-year old man from Monroeville, PA, a Pittsburgh eastern suburban community some 12 miles away.

Since I entered this story just above, two more incidents of abducted children were reported in two other communities on the Internet news sights. All I care to say comes as a warning to anyone who endangers or harms a child’s life should be executed by the justice system. I saw the many pictures on the Millennial Report and they are a product of depraved minds in an evil world that goes unpunished. Such crimes do not get exposed in the media because of the nature of this form of evil, and that it would affect the sale of newspapers, according to police detectives. Such pagan satanic activity is not what we should expect in a civilized society, and such sic minds are evil to the core. I have known for decades the evil of Lucifer’s hijacked religious institution so while I am not surprised, I find it so repulsive that Pope Francis remains silent on abuse of children by his own priests, archbishops, and bishops.
