

The Satanic Talmud & The Synagogue of Satan

Part 13

I doubt there are many of you who are familiar with the work of former Judge Anna Von Reitz. Judge Anna lives in Alaska and has been on the forefront of exposing the facts that the United States of America is not a country but is a corporation. Her webmaster posted the report below on Sunday, March 22, 2020. Few of you have been researching the Internet as long as I have since 1996, and so most of you are oblivious to the fact that the USA is a corporation, as all of the 50 states are as well, incorporated in the State of Delaware.

American school children have been defrauded of the true history of their country since the establishment of public school education. I did a series on ***"History Not Taught in the Public Schools."*** There are 15 installments in it, and they can be accessed at my archived pages at: <http://jesusisthewaythetruththelife.com/node/22>. Another important series there is my series on ***"Pre-Tribulation Truth"***, there are 19 segments providing a comprehensive coverage of the Pre-Tribulation Rapture, which become extremely relevant at the moment. Listen to me closely, if we should lose the Internet in a week or so, you might find it to your benefit to go to my archived page site and copy all the files there. There are upwards of 300 articles on many topics. All the articles on the Rapture and Dispensationalism, I would download for reading at such time when the Internet is turned off. Any article I have done since Thanksgiving of 2019 can be found on my web page www.pastorbobreid.com. My two volume eBook ***"The Inspired Word of God: Mathematically Proven True!"*** is found on the new web page. Vol. 1 has 23 chapters and Vol. 2 has 11 chapters. These two eBooks have over 500 pages each on the definitive proof that the KJV Bible is God's Holy Word, confirmed mathematically to be so. This proof cannot be refuted and stands on how and what God encoded into the KJV Bible and its source manuscripts. Strange but true, mathematicians appreciate this work more than church leaders and theologians! I have stated that this 2-volume eBook is the greatest proof that God exists and is 98.2% accurate according to God's unique design structure.

Christian book publishers would not touch the project for marketing and public sale. It is too controversial for the religious publishing industry. I offered it free to Methodist and Baptist pastors in CD form. Over the course of about a year I mailed out 500 promotional flyers and got **ZERO** response. This lack of response really indicated there are a lot of pastors who do not believe the KJV Bible to be the Word of God. Sadly, it proves that a large percentage of pastors are being dishonest with their people. What is very important is while our belief in God has to be by faith; God has left us abundant evidence for our faith to be realized.

I would recommend readers download and save to their hard drive this particular series because Evangelicals errantly have championed the causes of Zionism, in belief that it meant

we were that much closer to the return of the Lord. Prophecy teachers taught Scripture in such a way that has misled many to believe they could bring on the Apocalypse quicker or sooner. This is highly misleading. God's Word, or that 28% portion recognized as being prophetic, is simply "history" being told in advance, so that people would recognize events coming to pass when they were being fulfilled in their lifetime. Isaiah 66:8 speaks to the re-establishment of Israel as a State in 1948. It does not tell the reader of the Bible how that was achieved or who was really orchestrating events. That is only revealed in the historical documents of the present day. As I have shown in previous segments of this series, we learn how the Zionists Jews began in 1897, with the financial backing of the House of Rothschild, their return to the land. History tells us that no nation has ever gone into oblivion only to return a second time. Israel is God's time piece in the unfolding of historical events by which we can tell His Return is Near!

Back to Judge Anna Von Reitz's work exposing how President Abraham Lincoln changed the Constitution of the **united States for America** to that of the **UNITED STATES OF AMERICA**. You were not taught this in public or parochial schools.

Since the Act of 1871 which established the District of Columbia, we have been living under the **UNITED STATES CORPORATION**, which is owned by certain international bankers and aristocracy of Europe and Britain; these include: [The Queen of England and the Papacy of the Roman Catholic Church with the House of Rothschild].

In essence, this Act formed the corporation known as THE UNITED STATES. Note the capitalization, because it is important. This corporation, owned by foreign interests, moved right in and shoved the original "organic" version of the Constitution into the trash bin. With the "**Act of 1871**," our Constitution was defaced in the sense that **the title was block-capitalized** and the word "**for**" was changed to the word "**of**" in the title. The original Constitution drafted by the Founding Fathers, was written in this manner.

In 1871 the Congress changed the name of the original Constitution by changing ONE WORD — and that was very significant as you will read.

Some people do not understand that ONE WORD or TWO WORDS difference in any "legal" document DO make the critical difference. But, Congress has known, and does know this.

On February 21, 1871: Congress Passes an Act to Provide a Government for the District of Columbia, also known as the Act of 1871.

With NO constitutional authority to do so, Congress creates a separate form of government for the District of Columbia, a ten mile square parcel of land (see, Acts of the Forty-first Congress," Section 34, Session III, chapters 61 and 62).

The act — passed when the country was weakened and financially depleted in the aftermath of the Civil War — was a strategic move by foreign interests (international bankers) who were intent upon gaining a stranglehold on the coffers and neck of America.

Congress cut a deal with the international bankers (specifically the Rothschild's of London) to incur a DEBT to said bankers. Because the bankers were not about to lend money to a floundering nation without serious stipulations, they devised a way to get their foot in the door of the United States.

THE CONSTITUTION OF THE UNITED STATES OF AMERICA is the constitution of the incorporated UNITED STATES OF AMERICA.

It operates in an economic capacity and has been used to fool the People into thinking it governs the Republic. It does is not!

Capitalization is NOT insignificant when one is referring to a legal document. This seemingly "minor" alteration has had a major impact on every subsequent generation of Americans.

What Congress did by passing the "Act of 1871" was to create an entirely new document, a constitution for the government of the District of Columbia, an INCORPORATED government. This newly altered Constitution was not intended to benefit the Republic. It benefits only the corporation of the UNITED STATES OF AMERICA and operates entirely outside the original (organic) Constitution.

The original Constitution drafted by the Founding Fathers, was written in this manner:

"The Constitution for the united states of America"

The altered version reads: **"THE CONSTITUTION OF THE UNITED STATES OF AMERICA"**. It is the corporate constitution. It is NOT the same document you might think it is. The corporate constitution operates in an economic capacity and has been used to fool the People into thinking it is the same parchment that governs the Republic. It absolutely is not.

Instead of having absolute and unalienable rights guaranteed under the organic Constitution, we the people now have "relative" rights or privileges. One example is the Sovereign's right to travel, which has now been transformed (under corporate government policy) into a "privilege" that requires citizens to be licensed.

By passing the “Act of 1871,” Congress committed TREASON against the People who were Sovereign under the grants and decrees of the Declaration of Independence and the organic Constitution.

The “Act of 1871” became the FOUNDATION of all the treason since committed by government officials.

Judge Anna Von Reitz has been fighting an impossible task to awaken the public up about how we the people have been defrauded of our rights, and national wealth, through “Fraud”.

In my two parts, to date, on *“The Corona Virus is a Hoax”*, the reader has been give the big picture on the reason for the Corona virus. I did not diminish the dangers of COVID-19, but it was a hoax intended to provoke a war between China and the U.S., by the Rothschild owned Pirbright Institute of Surrey, UK. This morning, March 22, 2020, Judge Anna Von Reitz posted the report below. I share this in order that folks gain an understanding of how the Zionist Rothschild’s have orchestrated this attack on China and the rest of the world in the grand plan to depopulate the world and destroy the nation of the U.S. The Judge’s post below contains a link to a PDF document which shows some of the background I have been sharing relative to the 5G 60-gigahertz rollout across the world. The three world cities that were the very first all 5G cities was Wuhan, China; Seattle, WA; and Milan, Italy. These three cities just happen to have the highest number of fatalities being blamed on the Corona virus COVID-19. Is that a coincidence? I would not bet money on it being a coincidence!

The Dow Jones has went from 29,000+ to 18,000+, and you will see it crater to 6,000. This was all orchestrated by the House of Rothschild. President Trump did not deliver on his task to make war on Iran and Syria to get power over their central banks. Iran and Syria still have state owned central banks. The coming New World Order requires a global economic system, a global political system and a global religious system. A “cashless” society is months away, it is only a “flip of the switch” away. The release of the Corona virus was the first step to bring the world to its knees. There will be no economic recovery, and President Trump will not save the economy. 30% unemployment this summer will make him a lame-duck president!

Another question that is coming up a lot is 5G being installed around schools during this lockdown.

<https://www.takebackyourpower.net/5g-biometrics-covertly-installed-during-lockdown/>

Please comment on these two subjects. Please keep your comments on topic.

Maybe it's time to go on patrol in your local community and watch for vans and trucks around schools with equipment that could be used for this installation process. Take your camera or smartphone and take pictures and send them to me. Take lots of pictures and video if you can. Walk right up to these guys and ask them what they are doing if you feel the need. Do it on video. Don't do it alone. Have someone with you to take the video.

As a long time General class Amateur Radio operator I know that 60 Ghz RF radiation can be very dangerous. As one who has experience radiation burns in the past I can say you don't want to be very close to the 60 Ghz signal AT ANY POWER LEVEL.

It's interesting that Wuhan, China was the first city in China to brag they had saturated 5G signal in the city, and it was reported it was turned on just a couple of weeks before this "outbreak".

Sooooo many unanswered questions, just like with everything the elite do. Coronavirus is the most hyped up reporting in the history of news reporting.

Click on the above link ^ to read Judge Anna's PDF report on the people behind the global pandemic or should we call it a "plan-demic" as it is labeled in my two parts about the Corona being a Hoax.

Judge Anna's link to the PDF document also offers a link suggesting that the telecoms – AT&T, Horizon, Sprint, and T-Mobile are using this period when the schools across the country are closed to continue their installation of 5G 60-gigahertz Wi-Fi at schools when children and teachers are at home under lock-down. The national system has essentially shut down all but necessary. In 2019, one California school district with 5G 60-gigahertz Wi-Fi, 4 elementary school students and 2 teachers were diagnosed with brain cancer.

In recent days a couple videos have begun circulating on social media with evidence of apparent installations of 5G and/or biometric systems while children are home due to the COVID-19 lockdown.

We now have the opportunity to confirm (or debunk) reports of these covert installations at schools everywhere. We need your help with this – see the bottom of this post for what to do.

First, on March 16, the YouTube channel "Logic Before Authority" posted a video detailing a message he received from an apparent member of a local school board. This whistleblower detailed how school districts were intending to covertly install 5G equipment in schools during the lockdown, under the direction of the U.S. Department of Education. The companies being

sent in were instructed to act as if they are there to disinfect the schools to stop the spread of the virus.

Watch that video here:

(Also see [Dana Ashlie's summary on YouTube](#))

Following the “Logic Before Authority” video, On March 18 another video began circulating showing a fleet of white work vans behind an unknown school. Although we do not see the name or location of the school, the video clearly shows vans for two companies – Systems Plus Wisconsin and North American Mechanical, Inc. Both companies appear to be headquartered in Madison, Wisconsin.

While American Mechanical, Inc focuses on plumbing and mechanical services, Systems Plus Wisconsin clearly states they install biometric systems. The person filming the video called the school to ask whether the vans were involved with anything related to 5G. The person on the other end of the line then immediately hung up the phone.

Watch the second video here:

YouTube link: youtube.com/watch?v=NeLWc-eVU8

These videos, and others, have since sparked a growing number of social media comments from folks claiming to have seen work vans and/or towers and antennas being installed on school grounds during the quarantines. In fact, TBYP writer Derrick Broze was able to confirm that systems were being installed at Houston area schools during shutdown.

What’s happening in your neighborhood?

Now we need your help gathering more evidence! Most of us have been asked to stay home from work and our children have been indefinitely sent home from school. This absence from the daily grind has provided us with the opportunity to question the narratives that are unfolding around us.

Take a walk or drive to your local school to see if you notice anything unusual, such as work vans or telecom companies on site. If so, call the school and politely ask for more details. Please be courteous, but firm. If it’s the case that the U.S. Department of Education (or other state, federal or local agencies) is indeed working with the telecoms to covertly install 5G and/or biometric systems in schools, parents deserve to know!

Scroll down, and post your details and links to pictures in the comments section below! Once we gather enough credible evidence we are able to accordingly move forward with an organized action.

Then, please write your school board superintendent, school principal, or elected reps! [Here's an example script](#) which is courteous and firm.

Here are some of the initial comments from YouTube and Facebook:

“I went to check my local school after I saw the video you posted on this today — sure enough, 3 telecom vehicles were the only vehicles in sight. Sneaky and evil. “

Where could this all be leading?

Our concern is that 5G could be installed without public knowledge while we are grappling with the fallout of the COVID-19 pandemic, and that the installation of biometric systems could be a part of a more sinister agenda.

Namely, we are concerned that after the COVID-19 pandemic passes we will still be dealing with the repercussions of newly installed 5G 60-gigahertz, biometric systems, thermal imaging cameras or even temperature guns to detect who may have COVID-19.

Even more worrisome is the idea of government-mandated vaccinations; and, for example, that only those who can prove they have received the COVID-19 vaccine (once it's developed) will be allowed back to work, school, public parks, public transportation, etc.

This is even more worrisome when you consider that Bill Gates – a longtime proponent of vaccinations and population control – recently stated:

“Eventually we will have some digital certificates to show who has recovered or been tested recently or when we have a vaccine who has received it.”

What does Gates mean by a “digital certificate”? Could it be tied in to the Global ID2020 or the discussion of a “tattoo” that tells the medical authorities whether you have been vaccinated, for example?

Bill Gates -- Vaccine not Virus Will Cull Humanity – a man with a mission!

"First, we've got population. The world today has 6.8 billion people. That's headed up to about nine billion. Now, if we do a really great job on new vaccines... we could lower that by, perhaps, 10 or 15 percent."

https://www.ted.com/talks/bill_gates_innovating_to_zero/transcript?language=en

William Engdahl: "There is practically no area of the current coronavirus pandemic where the footprints of the omnipresent Gates are not to be found. If that is to the good of mankind or grounds to be worried, time will tell."

William Engdahl states that Bill Gates and his well-endowed foundation have spent years preparing for a global flu-like pandemic. The comments below are from William Engdahl; F. William Engdahl is a strategic risk consultant and lecturer, he holds a degree in politics from Princeton University and is a best-selling author on oil and geopolitics, exclusively for the online magazine "New Eastern Outlook"

"During the Davos World Economic Forum in 2017, Gates initiated something called CEPI, the Coalition for Epidemic Preparedness Innovations, together with the governments of Norway, India, Japan, and Germany, along with the Wellcome Trust of the UK.

Its stated purpose is to "accelerate the development of vaccines we'll need to contain outbreaks" of future epidemics. He noted at the time that "One promising area of vaccine development research is using advances in genomics to map the DNA and RNA of pathogens and make vaccines." We will return to that.

By 2019 Bill Gates and the foundation were going full-tilt boogie with their pandemic scenarios. He made a Netflix video which made an eerie imaginary scenario. The video, part of the "Explained" series, imagined a wet market in China where live and dead animals are stacked and a highly deadly virus erupts that spreads globally.

Gates appears as an expert in the video to warn, "If you think of anything that could come along that would kill millions of people, a pandemic is our greatest risk." He said if nothing was done to better prepare for pandemics, the time would come when the world would look back and wish it had invested more into potential vaccines. That was weeks before the world heard about bats and a live wet market in Wuhan China.

In October, 2019 the Gates Foundation teamed up with the World Economic Forum and the Johns Hopkins Center for Health Security to enact what they called a "fictional" scenario simulation involving some of the world's leading figures in public health. It was titled Event 201.

As their website describes it, Event 201 simulated an "outbreak of a novel zoonotic coronavirus transmitted from bats to pigs to people that eventually becomes efficiently transmissible from person to person, leading to a severe pandemic. The pathogen and the

disease it causes are modeled largely on SARS, but it is more transmissible in the community setting by people with mild symptoms."

In the Event 201 scenario the disease originates at a pig farm in Brazil, spreading through low-income regions and ultimately explodes into an epidemic. The disease is carried by air travel to Portugal, the USA and China and beyond to the point no country can control it.

The scenario posits no possible vaccine being available in the first year. "Since the whole human population is susceptible, during the initial months of the pandemic, the cumulative number of cases increases exponentially, doubling every week."

The scenario then ends after 18 months when the fictional coronavirus has caused 65 million deaths. "The pandemic is beginning to slow due to the decreasing number of susceptible people. The pandemic will continue at some rate until there is an effective vaccine or until 80-90 % of the global population has been exposed."

As interesting as the prescient Gates-Johns Hopkins Event 201 fictional scenario of October, 2019 may be, the list of panelists who were invited to participate in the imaginary global response is equally interesting.

Among the selected "players" as they were called, was George Fu Gao. Notably, Prof. Gao is director of the Chinese Center for Disease Control and Prevention since 2017. His specialization includes research on "influenza virus interspecies transmission (host jump)... He is also interested in virus ecology, especially the relationship between influenza virus and migratory birds or live poultry markets and the bat-derived virus ecology and molecular biology." Bat-derived virus ecology...

Prof. Gao was joined among others at the panel by the former Deputy Director of the CIA during the Obama term, Avril Haines. She also served as Obama's Assistant to the President and Principal Deputy National Security Advisor.

Another of the players at the Gates event was Rear Admiral Stephen C. Redd, Director of the Office of Public Health Preparedness and Response at the Centers for Disease Control and Prevention (CDC).

The same CDC is at the center of a huge scandal for not having adequate functioning tests available for testing cases of COVID-19 in the USA. Their preparedness was anything but laudable.

Rounding out the group was Adrian Thomas, the Vice President of scandal-ridden Johnson & Johnson, the giant medical and pharmaceutical company. Thomas is responsible for pandemic preparedness at J&J including developing vaccines for Ebola, Dengue Fever, HIV.

And there was Martin Knuchel, Head of Crisis, Emergency & Business Continuity Management, for Lufthansa Group Airlines. Lufthansa has been one of the major airlines dramatically cutting flights during the COVID-19 pandemic crisis. Hub airports for Lufthansa were parked with dozens of jetliners taken from service.

All this shows Bill Gates has had a remarkable preoccupation with the possibility of a global pandemic outbreak he said could be even larger than the alleged deaths from the mysterious 1918 Spanish Flu, and has been warning for at least the past five years or more. Bill & Melinda Gates Foundation has also been involved in its funding development of new vaccines using bleeding-edge CRISPR gene-editing and other technologies."

CARONAVIRUS VACCINES

Gates Foundation money is backing vaccine development on every front. He hands out checks from thousands to hundreds of millions of dollars to companies advancing Eugenics and the Depopulation movement literally set in stone at the Georgia Guide Stones.

Inovio Pharmaceuticals of Pennsylvania received \$9 million from the Gates-backed CEPI, Coalition for Epidemic Preparedness Innovations, to develop a vaccine, INO-4800, which is about to test on humans in April, 2020 a suspiciously rapid time frame. In addition Gates Foundation just gave the company an added \$5 million to develop a proprietary smart device for intradermal delivery of the new vaccine.

In addition Gates Foundation monies via CEPI are financing development of a radical new vaccine method known as messenger RNA or mRNA.

They are co-funding the Cambridge, Massachusetts biotech company, Moderna Inc., to develop a vaccine against the Wuhan novel coronavirus, now called SARS-CoV-2. Moderna's other partner is the US National Institute of Allergy and Infectious Diseases (NIAID), a part of the National Institutes of Health (NIH).

Head of NIAID is Dr. Anthony Fauci, the person at the center of the Trump Administration virus emergency response. Notable about the Fauci-Gates Moderna coronavirus vaccine, mRNA-1273, is that it has been rolled out in a matter of weeks, not years, and on February 24 went directly to Fauci's NIH for tests on human guinea pigs, not on mice as normal.

Moderna's chief medical adviser, Tal Zaks, argued, "*I don't think proving this in an animal model is on the critical path to getting this to a clinical trial.*"

Another notable admission by Moderna on its website is the legal disclaimer, "*Special Note Regarding Forward-Looking Statements: ...These risks, uncertainties, and other factors include, among others: ... the fact that there has never been a commercial product utilizing mRNA technology approved for use.*" In other words, completely unproven for human health and safety.

Another biotech company working with unproven mRNA technology to develop a vaccine for the COVID-19 is a German company, CureVac. Since 2015 CureVac has received money from the Gates Foundation to develop its own mRNA technology. In January the Gates-backed CEPI granted more than \$8 million to develop an mRNA vaccine for the novel coronavirus.

Add to this the fact that the Gates Foundation and related entities such as CEPI constitute the largest funders of the public-private entity known as WHO, and that its current director, Tedros Adhanom, the first WHO director in history not a medical doctor, worked for years on HIV with the Gates Foundation when Tedros was a government minister in Ethiopia, and we see that there is practically no area of the current coronavirus pandemic where the footprints of the omnipresent Gates are not to be found. If that is to the good of mankind or grounds to be worried, time will tell.

This underscored statement just above came as a shock to me in my research. This WHO director is not a professional in the medical community, he is merely a politician acting and making comments unsubstantiated by scientific evidence. The likes of Tedros Adhanom and Dr. Anthony Fauci are about to require the nations of the world to inject into every human on the planet with an implantable device to ensure they have received all the vaccines required by the CDC, WHO, NIH, and the greedy politicians of the world.

The top WHO Official Tedros Adhanom Ghebreyesus Won Election With China's Help. Now He is running interference for China on the Coronavirus.

When Danni Askini first came down with the symptoms of the virus — shortness of breath, a fever, a cough and migraines — she was told by a doctor to go to the emergency room. There, she was told she had pneumonia and could go home. She visited the emergency room two more times as her symptoms persisted and worsened before she was finally tested for the coronavirus. Three days later her results showed she had COVID-19.

Keep in mind, if you were to go to a hospital to see if you had the Corona virus, the hospital might still bill you for some huge bills. I saw a *'Time'* magazine report that one young lady was billed \$907 for a COVID-19 test! But the hospital billed her a total of \$34,927.43. This was before President Trump signed congressional measures ensuring free diagnostic testing.

There are numerous sources reporting that the Internet and all communications will be shut down from April 1st to April 10th, 2020. The entire country will be without all forms of electronic communications. We will have electricity, and so one should have things they can do during this absence of the Internet, cell phones, board games, videos, dvds, reading material. There is a passage in Scripture that refers to “three days of darkness” – *“And Moses stretched forth his hand toward heaven; and there was a thick darkness in all the land of Egypt three days:”* -(Exodus 10:22). It is possible that the prophetic message here is April 1st to April 10th are the “Ten Days of Awe” a common Jewish reference to the period from Feast of Trumpets to Yom Kippur or Atonement that occurs in the Fall Feasts. President Trump has been speaking in vey cryptic language for several months.

Some of you may have read my article **“Get Ready for His Second Visitation” Nisan 10 – April 4th, 2020.** My suggestion is that Saturday, April 4th, in two weeks could be our Departure “Harpazo” Rapture out of this global mess. I first wrote about this several months ago as I saw several Biblical parallels with Jesus’ entry on a donkey foal/colt on the 10th of Nisan of 32 A.D. Jesus declared His Kingship/Messiah on Palm Saturday. I noted several examples of how God had previously used this date of Nisan 10 as a template [Pattern = Prophecy], and I believe it was to present a template pattern for a forthcoming event in the period the world refers to as Holy Week in the church.

I may have not convinced you of my premise and circumstantial evidence of what April 4th means; however, there may be clues that I have overlooked in my study. When I learned about the cryptic nature of the President’s recent remarks and forthcoming activities, i.e., the shutdown of the Internet and Wi-Fi, radio and television broadcasting for ten days during the first ten days of April, someone tagged them as the “Ten Days of Awe”, my mind went into overdrive. The “Ten Days of Awe” in the Bible refer to the fall Feasts of the Lord. Dave of X22 Reports used Biblical terms in his Sunday March 22nd report that suggests there may be something of much more profound significance to occur on/or about April 12th, 2020, which is Resurrection Sunday to us, Easter to the pagans. By the way, if you do not know this, there is a huge difference between the two and it is as wide as the Grand Canyon!

The Feasts of the Lord found in Leviticus 23 are God’s plan for dealing with the Israelites, and we know that the Lord Jesus Christ fulfilled the Spring feasts, to the very day, hour, and moment in this template of Pattern = Prophecy. Now I am about to share with you what might seem an unusual theory, and I would not disagree with you. What I am about to suggest and I do not profess to be a prophet, but this came to me in my sleep on Saturday morning March 20th around 3:20 am. I really had no intentions of sharing this with anyone, not even my wife. I was prepared to keep this to myself for obvious reasons. The problem is that as a “Watchman” on the wall, I don’t want your blood on my hands should my dream be the providence of God.

Recall in Part 6 of this series, I named who many believe to be the Antichrist. I provided a huge amount of irrefutable evidence that suggests Prince Charles of Wales is the Masonic Antichrist.

	Passover	Unleavened Bread	Firstfruits	Pentecost or Feast of Harvest	Trumpets	Day of Atonement	Tabernacles
How and Why Feast was Celebrated							
	The Jews of Egypt were saved by the blood of a lamb on their door ways.	Jews were to eat pure unleavened bread for one week.	The firstfruits of the spring harvest were to be sacrificed as the temple	This feast marked the summer harvest when many crops were available	During harvesting the trumpet would sound and all the workers would go to the temple immediately	Atonement will be made to cleanse you	Harvest celebration memorial of tabernacles in wilderness
How God Fulfilled the Feast	FULFILLED Christ God's Lamb has been sacrificed	FULFILLED Christ has paid our sins, we are now clean of sin	FULFILLED Christ has risen the firstfruits	FULFILLED The Holy Spirit has been released	Coming Soon The church will meet the Lord in the air		
		Clean out old leaven... just as you are in fact unleavened			Rapture		

My belief is that the Jews were given an opportunity to accept Jesus as their King and Messiah, but they forfeited their invitation and chose Barabbas. Barabbas is mentioned 11X in the New Testament: Matthew 27:26; Mark 15:7,11,15; Luke 23:18; and John 18:40. Jesus specifically called them out for not knowing the day of their visitation

My belief is that those who call themselves Christians will also have an opportunity to accept Jesus as their King and Messiah in the physical; For believers he has been our Messiah in the spiritual dimension of our faith, but the Pattern = Prophecy; implies some event will take place in such a pattern that will require many who call themselves Christians that they show their true allegiance. How so, I cannot say.

Now we come to my dream theory. I know nothing of the President's travel plans during the next three weeks. As I was coming to this point, I noticed that the Democrats Nancy Pelosi and Chuck Schumer threw another wrench into the President's plan to save the economy and twice blocked the President's proposed financial stimulus to aid the public in the form of a \$1.6-trillion dollar emergency aid package. Their objective was to derail any chance of President Trump's re-election in November, 2020.

I saw where the Israeli Health Minister, Yaakov Litzman said: *"I'm Sure the Messiah will Arrive by Passover."* He made that statement on Monday, March 25th. *"I am sure that the Messiah will come by Passover and save us the same way God saved us during the Exodus and we were freed. The Moshiach will come and save us all."* When I read that it brought me back to my dream theory.

The Messiah that the Health Minister was talking about was noted as Daniel 9:25. The Health Minister's interpretation of that passage could be either referring to Jesus Christ or the Antichrist. The doubt or question here is due to the fact that the Zionist Chabad Jews are looking for the false Messiah or what we call the Antichrist and not Jesus Christ. Let's consider my bizarre dream.

Follow along with my dream and the details of this scenario. President Trump is not a Christian, despite his claims of being a Presbyterian and that his favorite pastor was Norman Vincent Peale, and founder of the Prosperity Gospel. President Donald J. Trump is a Zionist Chabad Jew, as is his daughter and son-in-law. He embraced the LGBTQ (sic) lifestyle, in itself a rejection of God's Word. He has stated he has never asked God to forgive him for his sins since he believes he has not sinned. So, is Trump just another one of those who talks but does not walk the walk? Only God can answer that one.

The President goes to Israel during this period "Days of Awe" – April 1st to April 10th, but for the purpose of meeting with the Messiah and to declare to the world that the Messiah has come to save the world from the Corona virus with a Jewish vaccine that is ready for the world. The President of the U.S. and Israeli Prime Minister will announce the Messiah and he will be introduced, and his name is Prince Charles of Wales, from the evidence that I provided in *"The Satanic Talmudic and the Synagogue of Satan – Part 6"* we know that Prince Charles is NOT the real Messiah, but in fact a pseudo-Messiah.

The timing of this event fits a pattern framework within the "Days of Awe". As the Antichrist is introduced, the real Messiah Christ Jesus sounds the trumpet and calls the dead in Christ and those remaining up in the Rapture. Remember, Nisan 10, in addition to being the day Jesus rode into Jerusalem on a foal/colt of a donkey, of 32 A.D. is full of parallels and patterns of events that occurred on this date in the history of the Israelites. The Israelites crossed the Jordan River on dry ground. The Ark of the Covenant first rested and camped at Gilgal on Nisan 10, and Moses sister Miriam died. The Israelites ate of the fruit of the land. The manna and quail that had sustained them throughout the Exodus journey ceased on this day. Some twenty events of significance in the life of the Israelites occurred on Nisan 10. The point I am

making here is this occurrence of important events in the life of the Israelites supports the premise of a design pattern, and Pattern = Prophecy in God's Master Plan of Redemption.

I do not want to overlook the fact that when Jesus rode that foal/colt of a donkey into Jerusalem on Palm Saturday (not Sunday), the people recognized Jesus as the Messiah by throwing their Palm boughs in the pathway of the procession. Most who talk about the triumphal entry on this day never mention the fact that any man cannot ride a foal/colt of a donkey. If you have been to a rodeo you would know why. Rodeos in Colorado, Montana, and Wyoming have an event for young boys 8-14, where they have to stay on a foal/colt for six seconds. Six seconds in a rodeo is a long time. That colt had heard the voice of the "Great Horse Whisper" the Son of God Who calmed the storm before the disciples when they were out on Lake Galilee.

"For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord." -(1st Thessalonians 4:16-17). The very next passage is a declarative statement: ***"Wherefore comfort one another with these words."***

Our departure (Harpazo) Rapture could occur nearly simultaneous on the 10th of Nisan, Saturday, April 4th (on or about) as the rest of the world will be focused on the events of the Zionist Chabad Jews plan to introduce their false messiah, the Plan-Demic Corona virus, the global economic collapse. We are told to be looking for, waiting on His command, to come up hither. The rest of the disbelieving world along with the deceived Jews will be reveling in excitement and fanfare of their long awaited so-called messiah.

Keep in mind that we know that Prince Charles of Wales is Mr. "666". In addition to what I shared in Part 6 of this series, we knew that from Tim Cohen's book, *'Antichrist and a Cup of Tea'*, and Laurence Gardner's book, *'Bloodlines of the Holy Grail'*. We have Chabad Jews confirming that President Trump converted at some point before his election.

Ben Fulford, an independent journalist who lives in the Far East has been reporting on the Khazar Jews, i.e., the Zionish Chabad Jewish faction. He has been reporting the fake end-times scenario now unfolding in the West will soon get more fantastical, so sit back and enjoy the show. Although it may seem scary at times, the real aim is to create a better world. *"We have defined the duration of the theatre as 20 months,"* says a European royal family source. So far over 30 countries and a billion people are on lockdown as part of the show.

However, at the same time, we are also hearing from esoteric sources that a very real war that has been raging for thousands of years is coming to an end. If humanity is victorious, the quarantine on the planet Earth will be lifted and humanity will be allowed out into the universe, according to sources in the family groups that control monotheism.

Before this is possible though, the old financial control grid has to be collapsed and that means there will be turbulence and some hardship, especially in the West, as the rest of the world stops paying tribute to the Khazarian mob, Asian secret society sources say. Ben Fulford is to my knowledge not a Christian, and his terminology would confirm that to be the case but he addresses the Middle East regularly in his reports. He has been talking about Project Bluebeam a lot recently. Project Bluebeam is understood as a fake invasion from aliens. In regards to this so-called fake invasion, Dr. Werner Von Braun said decades ago that NASA would one day attempt a fake alien invasion. He told his personal secretary, Carol Rosen, not to believe it when NASA tries to scare the world into submission. The world should be aware of Project Bluebeam.

Before this is possible though, the old financial control grid has to be collapsed and that means there will be turbulence and some hardship, especially in the West, as the rest of the world stops paying tribute to the Khazarian mob, Asian secret society sources say.

The controllers of the old system are trying to stay in power by using bio-weapons and 5G electromagnetic attacks to kill large portions of the population and force the rest into submission. The resistance forces are neutralizing the bio-weapons and preventing the installation of 5G towers. In a counter-attack, they are using the ongoing economic disruption to end Khazarian mafia control of the financial system. So far the white hats appear to be winning, Ben Fulford says.

They are saying Italy now has the most deaths from the pandemic and the entire country is on lockdown. However, if you look at the data, it shows the average age of the people dying is 80 and 99% of them had one or usually more pre-existing medical conditions. In other words, all the cabal has working for it, is fear-mongering BS.

I have an article that has been sitting in my files for quite some time to share and so I will be posting it shortly. The House of Rothschild and the Zionist Chabad Jews undoubtedly have a full range of items to wage war on the world.

Michael Pinto said that the Bond Market Crash is dead ahead and this will be so devastating to the U.S. and the global financial system. Forget MAGA, there are too many broken links at this point.

The U.S. National Debt is about to surge like never before along with the rest of the entire planet's gigantic pile of sovereign IOUs. America started with a \$23.5 trillion debt before the Wuhan virus outbreak, with annual deficits running over a \$1 trillion; and projected to be at least that amount for the next dozen years. But then, the stock market and economy crashed due to the catalyst of the COVID-19 pandemic, which pricked the massive bubble in junk bonds and equities that I have been warning about for years.

In addition to the automatic stabilizers that kick in during a recession, like unemployment insurance and food stamps, the Treasury is now buying commercial paper, suspending interest payments on student loans, and writing checks to small businesses. There are also various other bailouts and stimulus packages in the works; the IRS is allowing taxpayers a deferment for three months of up to \$300 billion. Also, the government still might be sending checks to nearly every American, the proposal is for at least \$1,000 for each adult and \$500 per child, per month—around \$500 billion in total. Helicopter money is now coming, and both parties embrace it with alacrity. The total amount of stimulus proposed so far was reported by Bloomberg to be \$1.3 trillion this year alone. Now this is in jeopardy by Nancy Pelosi and Chucky Schumer blocking it twice on March 23rd, 2020.

A global depression is now here, but the question is for how long. A small taste of the miserable data that is to come came from the Empire State Manufacturing Survey for the month of March. The index plummeted by the most in history to an incredible minus 21.5. Since the survey was taken, we have seen entire counties shut down, U.S. schools and corporations shuttered, and at least 50 major retailers are shutting their doors, and that number is growing daily. The retail sector employs a total of 15.7 million people. There will be about 3.5 million jobs that are predicted to be lost if this economic slowdown turns out to be like the average since WWII. However, it is clear this economic contraction will be nothing like the typical recession. Indeed, when was the last time a great portion of the world's population was told to shelter in place. Around 67 million Americans think they will have trouble paying their credit card bills due to the coronavirus, according to WalletHub. And, nearly 80% of Americans are living paycheck to paycheck—we really need this virus to dissipate quickly, but the probability of that outcome is impossible to know.

To give you further insight as to how bad the unemployment numbers could get, let's look at where the jobs are now. In the U.S., most of the jobs created since the Great Recession ended back in 2009 have been in the Leisure and Hospitality sectors. According to the BLS, there are nearly 17 million people employed in those two sectors alone. But now, many of those doors have been closed. Many of these people are 1099 employees and have no access to unemployment insurance. Those that are W-2 employees will see a huge reduction of their income and may not see an immediate request to be rehired once the economy begins to recover.

This is because there will be a serious degradation of consumer and business' balance sheets. Coming into this crisis, there was a record amount of household debt and a record amount of corporate debt both in nominal terms and as a percentage of GDP. There is now a significant shock to the incomes of the public and private sectors, while all the existing debt remains and new debt is being accumulated. Government assistance can help, but it will not make people 100% whole.

But now the major averages have crashed by over 30%, and the Russell 2000 is down just shy of 40% in one month. Not only are all of the gains made last year now gone but the market has given back all the gains made since January 2017. As an aside, I was wondering how all

those C-suite geniuses feel that levered up their corporations in record proportions to buy back stocks at record highs? I also wonder what public or private pension fund will be solvent since there has been no money made in the last three years, and the Benchmark Treasury yield is 1%? These retirement funds need to make at least 7-8% each year to come close to satisfying and meeting their obligations.

To combat these issues, global governments are reacting with massive fiscal and monetary stimulus. We already mentioned what the U.S. Treasury is doing. Also, the Fed cut rates back to zero, is buying commercial paper, openly admitted to launching Q.E. 5, and massively expanded its REPO window facility—which it was supposed to draw down to zero beginning in April. In sharp contrast, Mr. Powell's balance sheet has now exploded to an all-time high of \$4.7 trillion. The Fed may also start buying corporate debt very soon and announced unlimited Q.E. on Monday, March 23rd.

Wall Street now needs a 50% increase in stocks just to get back to where it was a month ago. That's how the math works when you are down about 35%.

At the end of this crisis, we will have an even bigger mountain of debt, interest rates than are even further into the twilight zone and the seeds of runaway inflation that have been fertilized with a gigantic pile of poop from a massive herd of government-fattened brontosaurus. That is the real crash still coming, which will occur after the market soars back to record highs on unprecedented money printing, interest rate manipulation, and debt-fueled stimuli. To be clear, the inflationary/insolvency crash of the bond market is dead ahead.

In the interim, we should continue to see wild swings in asset prices as the market struggles to reconcile with a temporary, yet brutal, depression that is being offset by Helicopter money. PPS models these cycles of inflation/deflation and growth/recession. That is your best chance to increase your standard of living, even during the increasing occasions when Wall Street burns. The price of oil has fallen to \$21 a barrel! This virus Plan-Demic will cost the country \$1-trillion dollars per month, according to the web site "Brass Check". CDC figures show the fatality rate is under 1%, and virtually all of those who have died were elderly with other serious health issues. The media has been in bed with the Democrats in their effort to get President Trump removed from office. The media exaggerates the data coming out of the various public health organizations such as the CDC, WHO, and NIH. The CDC was negligent and late in producing COVID-19 testing equipment and then over half were deficient and inaccurate in use. Covid-19 testing stats – US: 23 tests per million vs. South Korea: 3,692 tests per million.

“The CDC data is basically useless” vs the expert tracking being done in Singapore and Taiwan. They publish daily stats right down to the status of every individual case. The vulnerable should be quarantined and supported by tested caregivers known to be virus free until the healthy population develops herd immunity which comes from CONTACT. There’s no biological logic to banning contact between healthy people. Economically this is a disaster. It is a nation killer!

‘The Epoch Times’ reported a story that suggests how many Chinese died in the Wuhan Corona virus attack. We seem to learn more and more everyday about this Depopulation Plan-Demic.

The number of Chinese cellphone users dropped by 21 million in the past three months, Beijing authorities announced on March 19th. Deaths due to the CCP virus may have contributed to the high number of account closings.

Cellphones are an indispensable part of life in China.

“The digitization level is very high in China. People can’t survive without a cellphone,” Tang Jingyuan, a U.S.-based China affairs commentator, told ‘The Epoch Times’ on March 21. “Dealing with the government for pensions and social security, buying train tickets, shopping ... no matter what people want to do, they are required to use cellphones.”

“The Chinese regime requires all Chinese to use their cellphones to generate a health code. Only with a green health code are Chinese allowed to move in China now. It’s impossible for a person to cancel his cellphone.”

China introduced mandatory facial scans on December 1, 2019, to confirm the identity of the person who registered the phone. As early as September 1, 2010, China required all cellphone users to register phones with their real identification, by which the state can control people’s speech via its large-scale monitoring system.

Furthermore, Chinese people’s bank accounts and social security accounts are bundled with their cellphone plans; apps on Chinese phones check SIM cards against the state’s database to make sure the number belongs to the user.

When a nation shuts down 60% of the economy, it will set off a chain reaction that once out of control an economy will never come back. St. Louis Fed President Bullard stated they wanted a 30% unemployment rate. *“This is a planned, organized partial shutdown of the U.S. economy in the second quarter. The overall goal is to keep everyone, households and businesses, whole... It is a huge shock and we are trying to cope with it and keep it under control.”*

Those were the words of St. Louis Fed President James Bullard explaining to Bloomberg News why he sees the U.S. unemployment hitting 30% in the second quarter as the world grapples

with the Corona virus epidemic, or as I prefer “Plan-Demic”. James Bullard expects to see a 50% drop in the GDP. Unfortunately, President Trump does not realize the power behind the Fed. The Rothschild’s own all the banks that hold preferred shares of the Federal Reserve. If he did know then he allowed himself to be used. For over three years President Trump attacked the Fed as not doing enough to keep the economy strong. Payback came eight months before the next election. The Rothschild’s have shown President Trump who really controls the world. Since President Trump failed to deliver the central banks of Iran and Syria to the Rothschild’s on a silver platter, he wrote his own proverbial death warrant as president. The country is looking at an unemployment rate of 30% by fall, the loyalty of his base will fall by the wayside when people lose their homes, vehicles, and hope. MAGA will become just another political cliché slogan by November 1st.

Twice in one lifetime... How blessed am I?"

We are finally beginning to see the big picture coming into focus now on what lies behind the Wuhan, China “Plan-Demic” and it even more diabolical that first imagined!

Wuhan, China has **5G** fully deployed. The focus now is on recently indicted Harvard Wuhan-consulting Professor Charles M. Lieber and his nanotube delivery systems whose Coronavirus payloads can be targeted to the **5G** phones in our pockets.

Mar. 23, 2020—Researchers believe they have uncovered the motivation behind the Pilgrims Society and its minions' obsession with **5G** in the State Department, DoD, DoJ, DOC, Navy, Army, Air Force, Space Command, Senior Executive Service (SES) and Privy Council.

5G and pathogen-laced nanotubes enable them to release bio-weapons customized down to the individual in their "Internet of Things" death grid. These carbon nanotubes, nanobuds and nanowires also enable them to embed tracking devices in your organs. This technology is much more widely deployed than we knew.

We are beginning to recognize that this is basically, Crimes Against Humanity! There will be a lot more coming in why 5G is being pushed so aggressively at the present, even in spite of the growing opposition from medical, public health, political, and engineering experts. This was addressed in the 2017 book, 'The Invisible Rainbow' by Arthur Furstenberg.
