MAJOR DEVELOPMENT: NATO Says "Previous Commitments to Russia no longer valid"

BREAKING NEWS 7:48 AM EDT -- Deputy Secretary-General of NATO: The alliance is free from its previous commitments with Russia not to deploy its forces in Eastern Europe.

UPDATE 8:11 AM EDT --

VILNIUS, LITHUANIA -- NATO is no longer bound by past commitments to hold back from deploying its forces in eastern Europe, the US-led alliance's deputy secretary general said Sunday.

Moscow itself has *“voided of any content”* the NATO-Russia Founding Act, by attacking Ukraine and halting dialogue with the alliance, Mircea Geoana told AFP.

Under the 1997 Founding Act, intended to reset the relationship between Russia and the Alliance, both sides agreed to work to *“prevent any potentially threatening build-up of conventional forces in agreed regions of Europe, to include Central and Eastern Europe.”*

“They took decisions, they made obligations there not to aggress neighbors, which they are doing, and to have regular consultations with NATO, which they don't,” said

Geoana, speaking in the Lithuanian capital Vilnius.

“So I think that in fact this founding act is basically not functioning because of Russia,” he added.

Russia, he said, had effectively moved away from the terms of the 1997 agreement. *“Now we have no restrictions to have robust posture in the eastern flank and to ensure that every square inch of NATO's territory is protected by Article 5 and our allies.”*

NATO's article 5 is the one referring to collective defense, which says that an attack on one member is an attack on all of them.

Geoana did not give details of any such planned deployment, but said he anticipated “*a robust, flexible and sustainable presence.*”

In 2017, NATO had already deployed multinational tactical groups to the Baltic States and Poland as a dissuasive measure. After Russia’s invasion of Ukraine at the end of February, it sent reinforcements there.

The Baltic States have called for a greater presence of its allies there, including for the development of brigades to replace the smaller tactical groups.

NATO defense ministers will meet in mid-June to discuss this and other questions, and the leaders of the NATO member’s states will meet to approve any changes at a NATO summit in Madrid at the end of June.

This declaration by NATO is further evidence of factors that are leading to what will be World War 3. This statement came out of NATO’s latest response to the Russian government since it launched its invasion on February 24, 2022. Vladimir Putin and Sergey Lavrov, Minister of Foreign Relations have not backed down one inch in the Ukraine War.

A chilling moment on Russian state TV on Monday saw hosts issue the latest in a long line of threats, this time warning Putin could “*destroy the entire east coast of the US*” with just two missiles.

In footage from Russia's flagship propaganda show, a member of Russia's parliament boasts about the nation's military might, before also labelling 2 million Ukrainians as "incurable."

The politician, Alexie Zhuravlev, was joined on the talk show by fellow MP and Russian-state mouthpiece Yevgeny Popov, the host of the Rossiya 1 channel show. The lawmaker claimed that two of Russia's Sarmat 'Satan 2' missiles would destroy the entirety of America's east coast - before adding it would take just "two missiles for the west coast" as well.

"Four missiles and there'll be nothing left."

"They think the mushroom cloud will be taller than a high rise. That mushroom cloud will be visible from Mexico" said Zhuravlev.

Standing at the colossal height of a 14-story tower block, the 208 ton RS-28 Sarmat missile, also known as the 'Satan 2', is capable of striking targets at almost 16,000mph.

The world-ending nuke can also carry 15 warheads and has the potential to obliterate an area the size of the UK in a single blast.

Putin-cronies have claimed the Russian military could have as many as 50 Sarmat missiles in their arsenal, and have even bizarrely threatened to use them to drown the UK in a radioactive tsunami.

Each of the Sarmat missile's 15 nuclear warheads are over 100 times more powerful than the nuclear bomb dropped on Hiroshima in World War 2.

Russian dictator Vladimir Putin has also said that his Satan 2 missiles *"can break through all modern anti-missile defenses."*

However, while these kinds of threats have become increasingly common on Russian propaganda shows since the invasion of Ukraine, the risk of mutually assured destruction undercuts much of the danger.

As well as threatening to wipe out the United States with their nuclear capabilities, the unsettling conversation also covered the crisis in Ukraine, as the hosts repeated the 'nazification' theme of Russia's invasion. Describing them as "incurable," Zhuralev stated that two million Ukrainians should *"be de-nazified, which means to be destroyed."*

The talk show discussed a study that found 40% of Ukrainians do not support tearing down Soviet-era statues in the nation, which is being carried out in some areas.

Zhuralev claimed that the 36% with "no opinion" on the matter were too afraid to share their opinion, making the case that: *"three quarters of Ukrainians are against tearing down monuments, only 19 per cent support it."*

"If we re-install their brains correctly, 12-15 per cent will also believe it shouldn't be done. So the maximum of 5 per cent are incurable," said the Russian lawmaker, arguing that they must be "destroyed."

The Russian state TV talk show saw the host's claim they could wipe out both coasts of the US with just 4 missiles.

All of this talk of attacks on NATO, the UK, and the U.S. is not idle talk. Putin has been kept apprised of U.S. Pentagon and White House efforts to provide the Ukraine with weapons such as the Harpoon sea-to-sea missiles, intended to destroy naval vessels in the Black Sea.

RUSSIA has staged nuclear missile drills rehearsing how it could destroy the West within minutes in another chilling warning by Vladimir Putin.

Footage shows the massive hypersonic ballistic missile launchers being transported through the forest in the Ivanovo region.

The massive missiles were transported through the forest

The military exercises took place in the Ivanovo region. Russia staged the drills in another warning to the west. Russia staged the military exercises to rehearse how it could destroy the West in minutes.

The Yars and Topol M missiles are some of Russia's deadliest weapons. The terrifying thermonuclear Yars missile can blast targets at 15,000mph and carry six warheads. Putin's warning drills come a day after one of his allies, Dmitry Rogozin, boasted Russia is set to deploy 50 of its "unstoppable" Satan-2 nuke.

Standing at the colossal height of a 14-storey tower block, the 208 ton RS-28 Sarmat missile is capable of striking targets at almost 16,000mph. The world-ending nuke can also carry 15 warheads and has the potential to obliterate an area the size of the UK in a single blast.

Mad Vlad has issued various threats against the West most recently last week when he started deploying nuclear missiles toward its border with Finland. Moscow has made it clear they will suffer the consequences of joining NATO, boasting they could wipe out Finland in "ten seconds".

Meanwhile, Putin's allies have supported his views also by issuing threats.

Yesterday Alexander Lukashenko said the [West risks World War Three](#) by supplying weapons to Ukraine. In a letter to the UN Secretary-General, Lukashenko said Belarus *"calls on the countries of the world to unite and prevent the regional conflict in Europe from escalating into a full-scale world war!"*.

And last week Dmitry Rogozin, head of Russian space agency Roscosmos, boasted to schoolchildren deadly Satan-2 nuke can destroy *"half of the US coast"*. Rogozin made clear that "unstoppable" Satan-2 would "take up combat duty" this autumn.

And Yury Borisov deputy premier in charge of military development said Russia could use new-age laser weapons to disrupt Western satellites or Ukrainian drones.

Borisov said the new mobile system, Peresvet, was already deployed with Moscow's forces.

We are at the precipice of WW3 and most Americans are either asleep or indifferent to what is before us.

1. President Biden finally admitted he was trying to destroy our civilization.

NEWS BRIEF: *"America's Pain at the Pump is Due to the 'Incredible Transition that is Taking Place': Biden Admits"*, American Greatness, May 27, 2022

"During his trip to Asia, earlier this week, Joe Biden seemed to celebrate the skyrocketing gas prices that are causing pain to financially strapped American families, suggesting it is all part of the regime's plan to transition or "reset" the economy from traditional capitalism to a socialistic system with massive Green New Deal-like government programs."

Did you catch that shocking revelation? President Biden is forcing our wonderfully successful Capitalist Economy into the proven failure called Socialism!

Let me illustrate how much more successful Capitalism is to Socialism.

The information below is from the [GNI \(Gross National Index\) report](#) for all nations of the world.

* **United States** -- [\\$20,758,598,149,750](#) - which is \$ [\\$59,928](#) per person

* **China** -- [\\$13,371,980,315,786](#) - which is [\\$16,842](#) per person

* **Russia** -- [\\$1,505,175,390,064](#) which is [\\$25,763](#) per person

Can you see how much more successful Capitalism is to Socialism? America's Gross National Index is more than the GNI of China and Russia combined and the per person income is drastically higher!

Furthermore, when you examine the per GNI amount of all the economies of Central and South America, you will be shocked to realize that all the economies added together equals about \$6.0 trillion, versus America's \$20.7 trillion!

The per capita amount varies between \$8,000 upward to about \$15,000. Can you now understand why people who are desperately surviving in an economy producing so little per person wealth want to come to America?

"Today we are watching the death of civilization"

And, the people leading us into the death of our civilization are mostly native-born Americans and are generally ,multi-millionaires up to multi-billionaires. Well did the Apostle Paul describe our current generation of leaders.

"This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, Without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good, Traitors, heady, highminded, lovers of pleasures more than lovers of God." -(2 Timothy 3)

Shame on all those who are working to undermine the most successful country in all of history, Leftists, Democrats, RINO's! Shame on Senator Mitch McConnell of KY.

2. President Biden declares the Constitution and our Second Amendment to not be sacred.

NEWS BRIEF: *"The Constitution, the Second Amendment Was Never Absolute': Biden "*, Breitbart News, 30 May 2022

"President Joe Biden pushed for more gun control on Monday, even though it was Memorial Day, a national patriotic holiday. 'The Constitution, the Second Amendment was never absolute', Biden said to reporters."

Now you know why Patriots have had such a running battle with Liberals and Leftists and fake Republicans for the past 40 years. Leftists know that they must seize control of privately-held guns before they can establish their New World Order dictatorship of the Masonic Antichrist.

In this opinion, blundering Joe shared an identical opinion with the 20th Century's most brutal dictator:

"The most foolish mistake we could possibly make would be to allow the subject races to possess arms." - Adolph Hitler 1938.

History records that, after seizing privately-owned guns from German citizens, Adolf Hitler promptly starting killing and did not stop until 20 million people were dead at his sword and another 200 million died from the Second World War which he deliberately started!

And, the Masonic Antichrist is prophesied to kill billions! This is the unparalleled disaster which Patriots are attempting to prevent by hanging on to our guns! Even if the Gun Seizure people spout a more flowery rhetoric than we do.

3. The Texas Robb School shooting was clearly orchestrated to produce maximum death toll. Consider:

*** Police and Border Patrol officers ordered to stand outside when they arrived**

NEWS BRIEF: *"Uvalde massacre was a PLANNED STAND DOWN operation – Law Enforcement saved their own children while parents were pepper-sprayed and handcuffed"*, Natural News, May 27, 2022

"It's now 100% clear that the Uvalde mass shooting was a 'stand down operation', meaning law enforcement was deliberately ordered to stand down so that the massacre could take place. The goal? Gun control, of course."

Prepare now to be shocked by the details:

"Uvalde police stood outside school while parents urged them to go inside during shooting ... Go in there! Go in there!" Women shouted at officers as the officers stood there and did not go into the school to intervene and prevent the carnage, according to the AP. The gunman was barricaded in a classroom for 40 minutes, where he murdered 19 children and 2 teachers."

Can you imagine the shock and dismay from the teachers and small children locked inside their classroom, seeing police in force outside, and watching them do nothing while the shooter killed 19 of them in 40 minutes? That killing spree averages to 2 per minute, or one every 30 seconds.

"A father who lost a daughter in the massacre raised the idea of charging in themselves, without weapons, while the police stood idly by. 'Let's just rush in because the cops aren't doing anything like they are supposed to', Javier Cazares said. 'More could have been done'. His daughter Jacklyn Cazares was killed inside"

Stop, it gets worse:

"We also have a story from the left-wing media outlet MSN, declaring, "Uvalde Police Officer Admits Cops Saved Their Own Kids From Robb Elementary Before Stopping Shooter":

"A police officer admitted that the police went inside the school to save their children first rather than stop the shooter ... Video shows devastated parents pleading with officers to enter the school as the cries and screams of the children could be heard inside."

"So wait... the same cops who tackled parents, pepper-sprayed one dad and tackled other parents to prevent them from going in were, themselves, rushing in just to save their own kids?"

*** Police outside prevented parents from storming school**

NEWS BRIEF: *"Parents begged police for upward of 40 minutes to stop Texas school shooter"*, The Washington Examiner, May 25, 2022

"Police stood by for upward of 40 minutes after a gunman stormed into an elementary school in Uvalde, Texas, on Tuesday and killed 19 children and two teachers in a classroom ... Angeli Rose Gomez, a farm supervisor and parent of children in the

second and third grade at Robb Elementary School, said she was put in handcuffs by federal marshals who told her she was being arrested for intervening in an active investigation."

Heroic Border Patrol Officers: *"Raul Ortiz, chief of the Border Patrol, told CNN that more than a dozen on-duty and off-duty agents showed up to stop the shooter. They didn't hesitate. They came up with a plan. They entered that classroom, and they took care of the situation as quickly as they possibly could," he said. A member of the elite Border Patrol Tactical Unit, or BORTAC, has been credited with killing the shooter."*

*** Door was left unlocked - An Inside Job?**

NEWS BRIEF: *"Shock: DPS Reveals Uvalde Shooter Entered Thru Unlocked Door; No Armed School Officer", Breitbart News, 26 May 2022*

"The Texas Department of Public Safety (DPS) revealed Thursday that the gunman who murdered 19 children and two teachers in Uvalde on Tuesday walked into the school through an unlocked door, and did not encounter any school police."

Do you mean to tell me that Uvalde School had paid police security? Then, why didn't one of them take down the shooter from within the school?

The manner in which police handled this disaster resulted in the deaths of 19 small children and 2 teachers. They might as well have lined these 21 people up against a wall and massacred them with police rifles!

Texas School Shooter May Have Been Arrested Four Years Ago: **For Threatening to Shoot Up the High School When He Turned 18**", American Greatness, May 27, 2022
"Salvador Ramos, the teenage gunman behind the mass shooting at Robb Elementary School in Uvalde, Texas, may have been arrested four years ago for threatening to shoot up the Uvalde High School when he turned 18-years-old, according to Texas lawmaker."

"Texas Representative Tony Gonzales, whose congressional district includes Uvalde, told Fox News that he found out on Thursday night that 'the shooter was arrested years ago—four years ago—for having this plan for basically saying, for saying, you know, when I'm a senior in 2022, I am going to shoot up a school'."

Whenever authorities carry out a Government Provocateur Operation , you will see stories like:

* "Intelligence Failure"

* "Authorities mistakenly ..."

* "Unbelievable ..."

4. The Despicable Race card was immediately unleashed:

Black college professor said the reason officers stood outside was that the kids were primarily brown skin.

NEWS BRIEF: *"UPenn Professor Ripped for Suggesting Police Allowed Texas Schoolchildren to Die Because They Were 'Brown',"* Breitbart News, 30 May 2022

"A University of Pennsylvania professor drew ridicule online for suggesting that first responders waited too long to engage the shooter in Uvalde, Texas last week because 'police didn't give a damn' about 'brown kids'."

"In a since-deleted tweet from Friday, U.Penn Religious Studies and Africana Studies Professor Anthea Butler — who is also an MSNBC contributor — suggested that racism was responsible for the police failure to stop a gunman at a Texas elementary school in an attack that left 19 children and two adults dead."

"So since no one else will ask, I will. Did those children die because most of them were Mexican American and the police didn't give a damn about a school with predominately brown kids? I mean, because it's Texas.. and if you think everyone who isn't white is illegal."

The Democrat strategy of dividing America into different categories, such as race, age, abortion, income levels, etc., have proven to pose a most deadly threat to this once-wonderful nation!

5. America is clearly rushing down the road to tired, failed Marxism!

NEWS BRIEF: *"Young Generations, Hopeless Marxists",* Canada Free Press, May 28, 2022

"The west is controlled by globalist Marxism, more powerful than the former Soviet style Marxism. It is a 21st century technocratic Marxism on steroids with the addition of a powerful technocracy that did not exist in the former Iron Curtain countries."

"Transnationalism is the movement of people from their home countries into rich, western nations while borders are dismantled, and sovereignty is destroyed. It is a form of U.N. and government-sanctioned and supported invasion without the drums of war."

America is on the way to Communism, having passed through Progressiveness. Here is a list of the steps through which we are passing right now. These were part of the 25-point Humanist Manifesto of 1933.

- 1. Abolition of property in land and application of all rents of land to public purposes.**
- 2. A heavy progressive or graduated income tax**
- 3. Abolition of all right of inheritance.**
- 4. Confiscation of the property of all emigrants and rebels.**
- 5. Centralization of credit in the hands of the State, by means of a national bank with State capital and an exclusive monopoly.**
- 6. Centralization of the means of communication and transport in the hands of the State.**
- 7. Extension of factories and instruments of production owned by the State; the**

bringing into cultivation of wastelands, and the improvement of the soil generally in accordance with a common plan.

8. Equal liability of all to labor. Establishment of industrial armies, especially for agriculture.

9. Combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country, by a more equitable distribution of the population over the country. (mass forced movement from country to the city, following land confiscation)

10. Free education for all children in public schools. Abolition of children's factory labor in its present form. Combination of education with industrial production.

Right under our noses, and under the banner of Progressiveness, America is throwing off the most successful experiment called Capitalism and is trashing an entire way of life. The U.S. has been lost for some time now but it was confirmed by the verdict against Michael Sussmann. He was found not-guilty of lying to the FBI, evidence to the contrary was ignored by a D.C. jury, many of them had ties with Sussmann. Bill and Hillary have won again. All we can really hope for is Cosmic justice!

While Sussmann was pushing fraudulent information into the open hands of FBI Legal Counsel James Baker, another Clinton campaign contractor, Glenn Simpson from Fusion GPS, was pushing similarly constructed fraudulent information -including the Christopher Steele dossier- into the media and DOJ via Bruce Ohr.

The not guilty verdict simply means the FBI knew, or should have known, Michael Sussmann was delivering the fraudulent Trump-Russia collusion nonsense directly from the Hillary Clinton team. The FBI claims they didn't know, the jury by finding Sussmann not guilty, says the FBI did know.

God has set the choice between His good and evil. His words still resonate today.

"I call heaven and earth to witness against you today, that I have set before you life and death, the blessing and the curse. So choose life in order that you may live, you and your descendants," -(Deuteronomy 30:19)

6. Democrats are said to be concerned that an increase in ObamaCare is going to cost them this Mid-term Election.

NEWS BRIEF: *"Democrats Worry About Spike in Obamacare Premiums Ahead of Midterms"*, American Greatness, 30 May 2022

"As Democrats head into the November midterms with historically low approval ratings, another major factor could arise that will further contribute to the shrinking of their already-slim majorities. As reported by The Hill, the Affordable Care Act – known colloquially as "Obamacare" – could face a significant increase in premiums due to a lapse in special funding provided by the coronavirus aid bill passed last year. That bill, known as the American Rescue Plan, temporarily increased financial assistance for

Americans seeking healthcare through Obamacare; the increase was set to expire just one year after the bill's passage."

"Unless Congress passes a similar extension between now and November, many premiums will rise as a result, and most notices about the increases will be sent out before most voters go to the polls ... Right before the election."

I am still not convinced there will be an election! If my information about Pentecost this coming Sunday, the nation will fall apart with the Rapture of 150-million Americans.

World War III will cement all of President Biden's proposed changes. This coming global war will allow him to dissolve our Constitution, eliminate all our rights and freedoms, and allow for complete government control over EVERYTHING!

"By these three was the third part of men killed, by the fire, and by the smoke, and by the brimstone, which issued out of their mouths." -(Revelation 9:18) This passage makes the point that 2.5-billion people will die in this war that could be within days to weeks. This will be not before Revelation 3:10 states, ***"Because thou hast kept the word of my patience, I also will keep thee from the hour of temptation, which shall come upon all the world, to try them that dwell upon the earth."*** I have additional information on the confusion from Paul's letter to the Corinthians, in 1st Corinthians 15:20-28.

[SOURCES: China preparing for "D-Day" INVASION of the continental United States, with forces to land on the beaches of California, Friday, May 20, 2022 by: Mike Adams](#)

[\(Natural News\)](#) Leaked audio that appears to have originated from a meeting of China's top war generals reveals elaborate plans for a land invasion in the near future, waged by the People's Liberation Army (PLA) and augmented with cyber warfare, orbital space weapons and the activation of CCP civilians currently embedded in corporations and governments around the world.

This is the bombshell that has emerged from the leaked audio out of China, for which a full English translation and transcript has now been [published by whistleblower Jennifer Zeng at this link](#). (The English translation is somewhat rough but still very useful.)

Yesterday I interviewed John Moore ([TheLibertyMan.com](#)) who offered extensive details on this plan. His source, in turn, is JR Nyquist, with whom I spoke yesterday in a private phone conversation. (I am interviewing Nyquist today during the fourth hour of the Alex Jones Show, where I'm a fill-in host. See that at [InfoWars.com](#))

I'm also scheduled to interview Nyquist in much more detail Monday, with that interview to be posted Tuesday next week at my channel on Brighteon.com, which will also post the recent interview with John Moore:

[HR Report channel link on Brighteon.com](#)

Some of the highlights of all this, which I cover extensively in today's Situation Update podcast (see below), including the following conclusions and/or claims. Note that no one can yet *prove* this is the active plan of China at this moment, but it appears that such plans are being actively pursued:

- China's shutdowns of Shanghai and Beijing were actually a cover story to allow the military to use sea port infrastructure to load cargo ships with military supplies in preparation for a large-scale "D-Day" land invasion.
- Although the United States is not specifically mentioned in the leaked audio, the preparations refer to a "Final War" and are deemed far too extensive to merely be targeting Taiwan.
- The invasion forces would cross the Pacific disguised as merchant ships / cargo ships. Once they arrive within short-range rocket range, containers on the top of these ocean vessels would open up and launch short-range rockets, including tactical battlefield nuclear weapons, striking National Guard and military bases in California. Chinese troops would then land on the beaches. They would seize the ports (such as Long Beach), then use the ports to land heavier ships which would offload armor, artillery, and other heavy weapon of war. From there, China would have established a beachhead similar to the way allied forces stormed the beaches of Normandy in World War II.
- Both China and Russia have pre-staged large caches of weapons, uniforms, RPGs, automatic weapons, night vision equipment and other military gear across the United States, county by county. These equipment caches will be activated when the CCP and Russian civilians are told to "go hot" and begin carrying out domestic sabotage operations targeting the US power grid, fuel refineries, railways and other infrastructure targets. From the transcript of the leaked audio, "We should take the way of using civilians to cover and support the military... We will mobilize overseas Chinese and overseas Chinese organizations to actively participate in supporting our military operations."
- China is deliberately stockpiling massive quantities of food supplies (grains), microchips, ammunition, commodities and other items in preparation for being economically cut off by the West, just as the USA and NATO did to Russia. This further implies that China is preparing to attack the West and is anticipating the West's response by watching what the USA and NATO have done to Russia.
- China is actively converting its economy from a normal peacetime operation to a wartime operation, and China's military leaders cite their "success" with covid lockdowns as proof that their command-and-control dominance over domestic operations will keep them in power.
- China is expecting massive riots and civil unrest in the large cities around Hong Kong (Guangzhou and Shenzhen), and they are committed to using special forces from the PLA to immediately execute protesters and instantly quell any uprisings.
- China and Russia have teamed up in this effort to destroy their common enemy (the USA). Russia's operations in Ukraine are essentially a "fixing operation" to cause the USA to commit its military hardware and troops to the Ukrainian theater of war, thereby creating vulnerabilities and lack of military readiness in

the continental United States (CONUS), just as China is preparing to invade the USA in a D-Day-style landing of troops and military equipment.

- From other sources, we also know that China is taking active steps in global currency wars to dump the dollar, dump all dollar / Treasury debt, and prepare for a global dollar collapse.
- This invasion plan has all been aided by Gov. Newsom and the Democrats of California outlawing AR-15s and normal capacity magazines, causing the people of California to be ill-equipped to defend themselves against invading enemy forces.
- California Gov. Newsom is complicit in the entire operation and has been paid off with \$500 million in laundered money that the state of California first transferred to China as part of a \$1 billion “PPE purchase” scheme which resulted in \$500 million going back to Newsom and his treasonous co-conspirators. Newsom literally used taxpayer funds and China money laundering to pay himself half a billion dollars in kickbacks, believed to be denominated in gold, cash and crypto.
- China’s goal is to exterminate every last American in North America, then conquer the fertile farmlands of the Midwest, which are desperately needed by China to produce the crops that will feed its people and support China’s global expansion toward world dominance. The longstanding military posture of China includes a plan to exterminate every last American, including all the illegals who currently reside in the USA.
- China can raise up to 100 million military troops over time, flooding CONUS with a seemingly endless stream of combat troops.

READYING LARGE NUMBERS OF OCEAN TRANSPORT VESSELS FOR THE INVASION

From the leaked audio transcript, you can see China’s preparedness activities involving ocean vessels and how they’re being readied for war:

Commanders! Regarding the formation of the fleet and the distribution of personnel and equipment, we are prepared to arrange it in this way.

First, equip the ships with strong cadres. According to the different support items and specific uses, they are formed into 3 brigades, 45 squadrons, and 135 detachments. We have prepared 231 cadres to accompany the ships, 3 of them are in regimental positions, 45 battalion positions, and 183 other military cadres.

Second, optimize the ship’s militia. Equip them with the main crew, veterans, and equipment in a mixed-mode. The transportation ships are mainly manned with defense forces, medical personnel, and correspondents. Ten thousand-ton ships are equipped with a platoon, thousand-ton ships with a squad, and hundred-ton ships with a squad. Each group of the militia is mainly composed of defense forces and main equipment operators.

*Third, load the ships with high-tech equipment. Follow the latest task needs of the maritime militia, and equip the militia with a variety of unmanned equipment, radar, sonar, and other high-tech equipment. Altogether there are more than 2,000 sets.
End of report!*

The transcript also makes reference to elements of drone warfare, cyber warfare and space weapons, specifically mentioning Huawei as a large company whose resources are needed to support China's war efforts:

As to the 2,000+ pieces of high-tech equipment, 480 drones and 70 unmanned boats are currently secured in place. We need to seize the moment to transfer.

Superiors asked us to mobilize 21 network attack and control detachments, we've mobilized 15, with a current shortage of 6 detachments and 60 people. We also lack 32 attack and control system industry network expert talents. Our advice is to mobilize Qianxin, Huawei, Tencent, and other key high-tech enterprises, and enhance the corresponding distribution to meet the needs of the troops.

In Shenzhen, we can find all satellite supporting enterprises. Can we take the initiative to take advantage of this area to contribute to the participation in the war to support the front?

Commander, at present we rely on Zhuhai Orbita, Shenzhen Aerospace Dongfanghong Satellite Co., Foshan Deliya and Ji Hua Laboratory, and have formed four satellite detachments. We have in total 16 low-orbit satellites, with 0.5 to 10 meters global remote ultra-high optical resolution sensing and imaging capabilities.

In addition, China's war leader make strong reference to the **psychological operations** that will be waged by their government to control the population as they wage war against the West:

First, we need to strengthen the protection in political field. Look at the recent several regional wars, especially the Russian-Ukrainian conflict war situation. If you look at the big picture, the United States and the West will try everything to slander us, smear us, in an attempt to confuse right and wrong, to shake our will to win a just and decisive battle. We must give full play to public opinion, legal struggle, psychological war and militia teams to strengthen the guidance of public opinion and psychological protection, and cohesion of patriotic support for the positive energy of the military front.

ESTIMATED TIMETABLE IS EARLY NOVEMBER OF THIS YEAR

Although the leaked audio does not specifically refer to a calendar date, JR Nyquist told me he believes the planning details point to a rapid timetable, perhaps early November of this year. That would of course help the Democrats avoid any mid-term elections where they would be removed from power due to the overwhelming American frustration with Joe Biden's catastrophic fake presidency and the total destruction

against America that has been unleashed by Democrats who rigged elections in order to steal positions of public office.

An invasion by China would suspend the mid-term elections and place America into a near-instant military dictatorship, commanded by none other than Joe Biden, the Impersonator-In-Chief who can barely command his own lips, much less the entire U.S. military.

Before closing out this Blessed Hope, there is reason to believe that this coming Sunday, June 5th, 2022, the Church will be removed by an event so powerful and visible that the world will weep for what the next seven years will bring them. The Holy Spirit will no longer restrain the forces of evil in the world.

I will bring fresh understanding of 1st Corinthians 13:20-28. Jack W. Langford's insights into *'The Threefold Order of the Resurrection of the Righteous.'*

The holiday of **Pesach**, or Passover, falls on the Hebrew calendar dates of Nissan 15-22. This year **Pesach** 2022 (Passover) began at sundown on Friday, April 15, and ended at nightfall on April 23.

The spring equinox — which marks the official start of the spring season — occurred this year on March 20. But the first full moon of the season did not arrive until Saturday, April 16.

So this year, Christians celebrated Easter Sunday on April 17, because that's the first Sunday after the first full moon of spring. Orthodox Easter, which follows a different calendar, was a week later this year on Sunday, April 24.

The Jewish holiday of Passover is always celebrated in the early spring, but just like the Christian calendar, the Hebrew calendar is tied to the lunar cycles. So this year, Passover started at sundown on Friday, April 15, and ended on the evening of Saturday, April 23. This point is why Jesus could not tell the Disciples of His Second Coming. It all depended on when Passover was determined by the lunar cycle and the spring Equinox.

The start of Passover, which celebrates the Israelite Exodus from Egypt, falls on the same day of the Jewish calendar every year — the eve of the 14th day of the Hebrew month of Nissan. This means each year Passover does not occur on a specific date like our Memorial Day or July 4th.

However, because Jews use a lunar calendar, they must insert a so-called “leap month” every two or three years to keep their holiday cycles in tune with nature’s seasons.

This year of 2022 was one of those years when a 13th month was needed to keep the feast cycles in synch so the month of Nissan started on April 2, and Passover started on April 15.

The Jewish calendar follows the moon, or the lunar cycle. According to the Jewish calendar, a month is the length of time it takes for the moon to revolve around the earth—about 29½ days. Some of the Hebrew months therefore have 29 days, while others have 30.

Twelve months consisting of 29½ days each makes 354 days, the lunar year. The sun revolves around the earth in roughly 365¼ days— a solar year. This means that the lunar year is about 11 days shorter than the solar year. If the Jewish calendar were to exclusively follow the lunar year, it would take a mere four years for Passover to be in the winter. In a few more years, Passover would be pushed all the way back to the fall, then to the summer. This would be inappropriate, as the verse -(Deuteronomy 16:1) clearly states that Passover should be “in the spring.”

The bottom line of this lesson is that Passover is set or fixed by the astronomy related to the lunar calendar. It then determines the feasts for the entire year, since each is based on the Biblical calendar. By that I am saying that the dates on any given year are set in motion by the Biblical Feast of Passover (remembrance of the Exodus event).

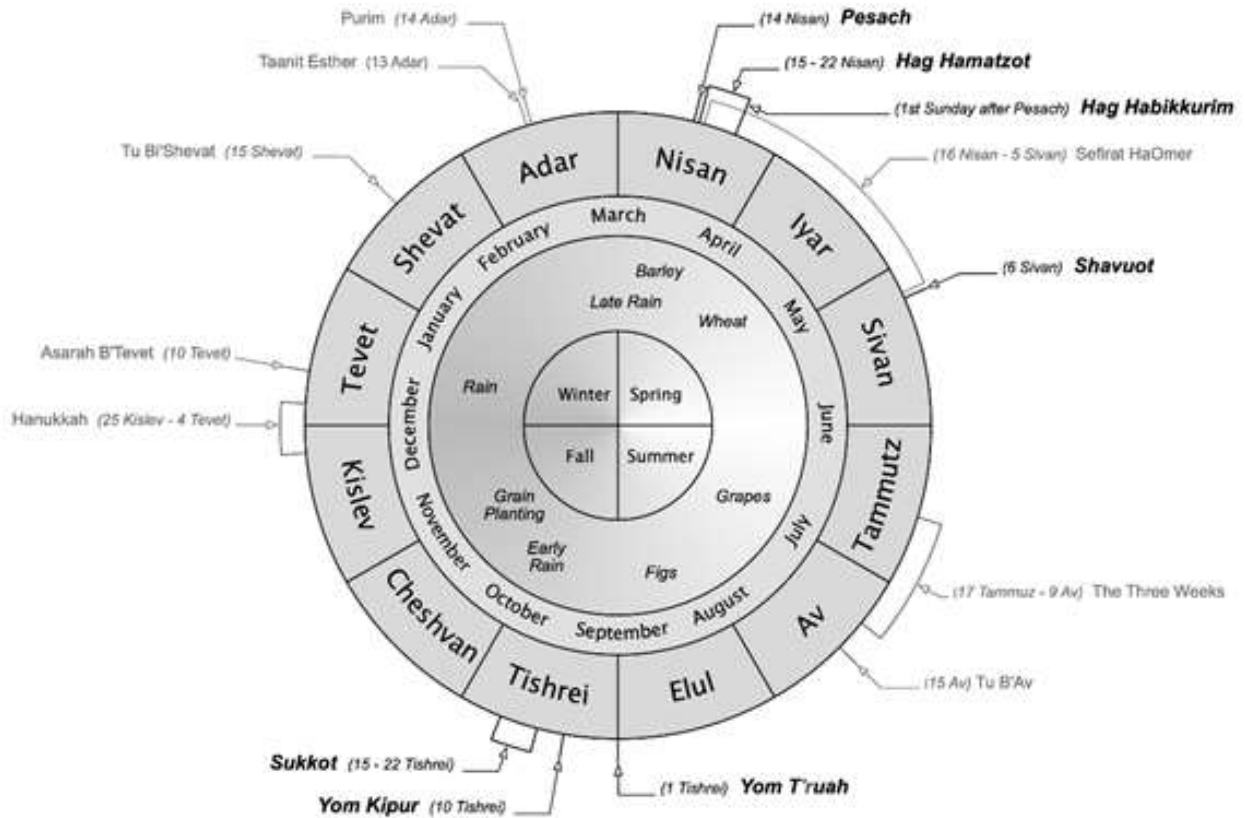

In actuality, aside from the regular seventh day Sabbath observance, there were seven **Mo’adim**, Appointed Times, in Israel’s liturgical calendar (Leviticus 23).

1. The Passover Sacrifice (on the 14th day of the first month)
2. The Feast of Unleaven Bread (15th – 21st day of the first month)
3. The special Wave-sheaf Offering of Firstfruit (on the day after the Sabbath).
4. The Feast of Firstfruits, Weeks or Pentecost (50 days later)
5. The Day of Trumpets (*Shofar*, 1st day of 7th month).
6. The Day of Atonement (*Yom Kippur*, 10th day of 7th month)
7. The Feast of Ingathering, Tabernacles (*Sukkot*, 15th – 22nd day of the 7th month)

Note that only three of these “appointed times” are actually designated as **chag** or **haggim** the literal word for Feast or Festival. Unfortunately, most of our Modern Bibles do not make this clarification. This I dare say begins an error of huge significance in why the modern-day world does not understand the full meaning of Shavuot / The Feast of Weeks – Pentecost.

It is now important for you to understand that Pentecost has been set for June 5th, 2022. Pentecost will be 51 days following the Passover Sacrifice. This date looks promising to be the Rapture of the Church. Sunday, June 5th is just days away! Am I saying that Pentecost Sunday, June 5th is the date of the Rapture. Maybe! The evidence sure

makes it look like it! It could well be we are out of here next Sunday. The balance of this article will address the deeper understanding of **Shavuot** and why Jesus Christ designated this day to be unique to the Church!

What we have learned from Mark Biltz, this year is a Shemitah year; or the last year of a seven year cycle. it is also a year of Jubilee. On September 25/26th the 50th Jubilee will begin the last Jubilee cycle.

C.J. Lovik has confirmed this as well and is suggesting the Tribulation, or Daniel's 70th Week will begin on October 5th, 2022. Both hold the same view that if the Rapture does not occur this year, it cannot occur until another Shemitah 7 years rolls around. They both present evidence that confirms the 50th Jubilee begins with the head of the year, Rosh HaShanah on September 25/26th. This is pattern for synchronized Biblical cycles!

In light of the world events occurring currently, it is unlikely that either a Shemitah cycle or a Jubilee cycle could be that far into the future. The Ukraine War has begun to overflow into Poland and Belarus. NATO has made threats over the Memorial Day weekend which certainly will make clear to Russian Prime Minister Vladimir Putin that NATO has

canceled all previous commitments to peace. The Ukraine is the “bread basket” for much of the world, and Russia has blocked any grain shipments by the Ukrainian government through the Black Sea shipping lanes.

Klaus Schwab and the WEF have just completed their spring meetings in Davos, Switzerland and the New World Order faces pushback around the world. Global instability, war, famine, pestilence, shall we say the Four Horses of the Apocalypse are out of their stalls and trampling the planet!

The Feasts of the Lord did not get a lot of focus in Christian literature until the publishing of Marvin Rosenthal’s book came out back in 1997. It was Kevin Conner’s book on *‘The Feasts of the Lord’* published in 1995 that really began to unpack their meanings and implications. I have a half dozen DVD series on the Feasts of Leviticus.

Five years ago that I purchased two small books by Jack Langford. One was *‘The Pentacostal Rapture of the Church of Jesus Christ’* and *‘The Threefold Order of the Resurrection of the Righteous’*.

On page 23 & 24 of *‘The Threefold Order of the Resurrection of the Righteous’* breaks 1st Corinthians 15:20-28 down into a specific manner that unpacks the order of Shavuot that reveals a different view of the middle feast of Firstfruits of the Lord.

Verse-

20. But now Christ has been raised from the dead, [and has become] the **‘Firstfruit’** of those who have fallen asleep.

21. For since through a man came death, also through a Man came the resurrection of the dead.

22. For as **in Adam** all die, even so **in Christ** shall all be made alive.

23. But each in his own **order** [company or rank]:

1. Christ the ‘Firstfruit,’

2. afterward, those who are Christ’s at His coming,

24. 3. then the end.

when He delivers up the Kingdom to God even the Father,

when He abolishes all rule and all authority and power.

25. For He must reign **‘till He puts all enemies under His feet’** [Psalm 110:1]

26. **The last enemy to be abolished** [or destroyed] is **death**. For **‘He hath put all things in subjection under His feet’** [Psalm 8:6]. But when He says that **‘All things are put in subjection,’** it is evident that He Who put all things in subjection to Him is excepted, But then all things are subjected to Him, then also will the Son, Himself, be subjected to the One having subjected all things to Him, in order that God may be All in All.

In the past week, I have been studying Jack Langford’s exegesis in my J.P. Green’s *‘Interlinear Bible’* to see what else might be there that so many Bible prophecy teachers may have missed. I find it absolutely astonishing that with decades of study, one can still discover for the first time something so significant and so important that may have

been glossed over as if it never existed. Five years went by in my case, from my original purchase of Jack's books before I returned to that passage.

15:20. "But now" Paul broke into song and unconditionally asserted the resurrection of Christ. The ugly consequences of verses 12-19 are untrue because there *is* a resurrection of the dead; Christ *has* been raised. Paul used the perfect tense of the verb *to rise*. Not only did Christ rise, He is alive forever.

Christ's resurrection makes the resurrection of the members of His church inevitable. He is the "firstfruits" of many who shall follow. There is an allusion to the first harvest sheaf of the Passover which was presented in the sanctuary on Nisan 16. The first ripe sheaf was an earnest of the harvest and was consecrated to God and given to Him in thankfulness and anticipation of what was to come.

Christ was not the first to rise from the dead. But the others died again. His resurrection was to a life that knows no death. His is the life and truth that conquered death.

15:21, 22. Christ is identified with those sleeping in death because He is the antitype of Adam. He is the One through whom life comes as Adam was the one through whom death came. When Adam sinned he passed into a new state, one controlled and symbolized by death. But Christ brought life. Christ then is the principle and root of resurrection life.

There is also the suggestion here that death is not a law or necessity of fate. Man brought it on himself by an event in history, and it is removable, in degree, by another event in history: the Resurrection.

Adam is pictured as the natural, earthly founder of humanity of which Christ is the spiritual, heavenly counterpart and the giver of new life. However, Paul was not here linking all the dead, even the sinful dead, with Christ. He was linking the risen Christ with the Christian dead, as yet unresurrected. As death in every case is established in Adam, so life in all cases is established in Christ.

15:23. But while there is a unity in nature and principle, there is a difference in agreement and a distinction in order. Christ was raised as the firstfruit, then at His coming those who are His shall be raised. The thought is of a military division. There is the Captain, above all in His solitary glory; and there is His army, now sleeping, which shall rise at His trumpet's sound -(1st Thessalonians 4:16).

15:24. Christ's second advent, of which the Rapture is a part, concludes the present history of the world. "***Then cometh (is) the end,***" which indicates the end of the drama of sin and redemption. "***Then***" indicates taking place at an unspecified time afterward.

The end will be culminated by Christ's delivering the Kingdom to God the Father before which He shall have abolished all opposition, "*all rule, and all authority and power.*" The two verbs (***paradō*** and ***katargēsē***) indicate distinct but related actions. When every

opposing force has been destroyed, then Christ shall lay His kingdom at the Father's feet.

"To God, even the Father" explains the reason for Christ's act of submission. The thought is not one of loss, but of giving to another what was designed for Him. This does not indicate a demotion of Christ; it is not the cessation of Christ's dominion, but the inauguration of Christ's eternal kingdom; it is not the termination of Christ's rule but of the reign of sin and death. **"All"** is complete.

15:25. There is a compelling necessity about the word *"must."* God decides finally on the matter and no uncertainty is involved. There is a reference to Psalm 110:1 which indicates the Messiah's obligation and power. This general eschatology indicates Christ's kingship and points to the task He fulfills today. His work is a prelude to and notice of the end.

15:26. Paul had spoken of the event occurring at the "end" of earthly history and of the event preceding that, which is the subjection of all rule and power to that of Christ. Death is the last enemy to be totally destroyed. This stands in opposition to the position held by "some" in verse 12. These said there is no resurrection; Paul countered that there is to be no death. Death shall be robbed of all its control and power. It shall be abolished.

This was the climax of Paul's argument. In fact, in experience and in principle, Paul had shown the victory of the Resurrection over death.

15:27. Acting as a supplement to Paul's main thought in verses 20-26, this verse reaffirms the unlimited dominion of Christ and the fact that only through His absolute victory can the kingdom of God be consummated.

There is a reference to Psalm 8, which promised man complete rule over his domain. As man, Christ is the Deliverer and Conqueror for man; He has conquered death. ***"When all things shall be subdued unto him (the Son),"*** His commission will be ended and the travail of His soul will be satisfied -(Isaiah 53:11).

"But" adds a self-evident assertion concerning God the Father. Behind the messianic reign is the absolute supremacy of God.

15:28. The first part of the next verse reaffirms objectively what was issued subjectively as the verdict by Christ himself on His own finished work. When this subjection of "all things" to Christ has been completed, then Christ shall be subjected to God the Father. This simply involves the subjection of Sonship. There is no inferiority of nature or removal of power, but the free submission of love.

This was the spirit that motivated Christ in His earthly ministry. His intention was always to glorify the Father, who in turn glorified the Son. And the purpose of all this is fixed in

conclusion: "**that God may be all in all**"; that God's will may be everywhere observed and His being everywhere immanent.

Most Jewish scholars admit that they have no explanation for the Feast of Firstfruits, or Shavuot, known in the Greek as Pentecost. The reason for their lack of meaning is tied to the fact that they did not recognize Jesus Christ as their Messiah and King. Not until they realize they received the wrong messiah (Antichrist) will the come to the Truth but in the meantime they have a problem for the Feast of Firstfruits. The only thing that can be identified with occurring on the **5th of Sivan** is that Moses builds an altar, makes an offering, and sprinkles the blood of the covenant. (Exodus 24:4-8 Rashi 19:11)

It is The Omer, day 49, week 7 plus 0 days.

In the list of events above, you will see that Enoch was taken to Heaven on Pentecost. By tradition Enoch, one of the patriarchs from Genesis 5, was born on the day known as Pentecost. Enoch's name means "teaching", a primary function of the Church. For this reason many scholars see him as a "type" of the church as well. Genesis 5:21-23 indicates that Enoch was very close to God and was actually taken live (raptured) into Heaven before the Great Flood. Pre-Trib scholars see this event as hinting of a yet future disappearance of the Church before the Great Tribulation. These same traditions also hold that Enoch disappeared from Earth on his birthday. **So what we have here is a word-picture of "Typology" in Genesis 5 of a man identified with the church being born and raptured on the day that would become Pentecost, the day the church was born.**

In the list of events that are recorded to have happened on *Shavuot*, there is multiple word-picture images speaking to the larger picture of what Pentecost represents and is speaking to us in the examples. These "Diamonds & Nuggets" add depth and understanding to the stories in the Bible.

I believe from what I have gleaned from the Scriptures, we are forced to stand back and take a closer look at what God has revealed to us in the deeper message of Pentecost. Jack Langford tells us that he was not the first to see this but acknowledges Hal Lindsey, Dr. Arnold Fruchtenbaum, and a few older Bible scholars.

Jack points out the most important observation that the Feast of Pentecost does not coincide with any historical event in the history of the nation of Israel. He would get no argument from Jewish or Hebrew scholars as I have come to find.

We can find a lot of insights in Jack Langford's two books noted but for the limited time that is before us, I believe that we should be making our selves ready for the call "**to come up hither!**"

In the shortness of time this week, keep looking up for your call!

Blessings from our Lord and Saviour, Jesus Christ.
