Medvedev Issues Apocalyptic Warning to West over Ukraine

The former Russian president used a Book of Revelation quote to comment on “*Kiev Security Treaty*” demands.

Western “*half-wits*” from “*stupid think tanks*” are leading their countries down the road of nuclear Armageddon with their hybrid war against Moscow, former Russian president Dmitry Medvedev wrote on his Telegram channel on Tuesday. Endlessly funneling weapons and support to Ukraine while pretending not to be directly involved in the conflict will not work, added the deputy chair of the Russian Security Council.

The “*security guarantees*” proposal unveiled by Kiev on Tuesday was “*really a prologue to the Third World War,*” said Medvedev, calling it a “*hysterical appeal*” to Western countries engaged in a proxy war against Russia.

If the West continues its “*unrestrained pumping of the Kiev regime with the most dangerous types of weapons,*” Russia’s military campaign will move to the next level, where “*visible boundaries and potential predictability of actions by the parties to the conflict*” will be erased and the conflict will take on a life of its own, as wars always do, Medvedev argued.

“*And then the Western nations will not be able to sit in their clean homes, laughing at how they carefully weaken Russia by proxy. Everything will be on fire around them. Their people will harvest their grief in full. The land will be on fire and the concrete will melt,*” Medvedev wrote, before citing a Bible verse from Revelations 9:18.

“*Yet still the narrow-minded politicians and their stupid think tanks, thoughtfully twirling a glass of wine in their hands, talk about how they can deal with us without entering into a direct war. Dull idiots with a classical education,*” Medvedev wrote.

His comments were prompted by Kiev’s publication of a “*security treaty*” proposal, developed under the tutelage of former NATO secretary-general Anders Fogh Rasmussen. The draft envisions the U.S. and its allies guaranteeing Ukraine’s pre-2014 borders with weapons, ammunition, financial assistance and training, as well as committing to maintain sanctions against Russia for as long as Kiev wants, and handing over any assistance and training, as well as committing to maintain sanctions against Russia for as long as Kiev wants, and handing over any confiscated Russian property to Ukraine.

Ukraine's sponsors have been given TWO tough ultimatums; One from Russian Foreign Minister Sergey Lavrov, the other from Russian Council Member Dmitry Medvedev . . .

The one-time success at the front [Last week] is only beautifully shown in the press. The death toll along the entire line of clashes has exceeded ten thousand {Ukrainians}, the wounded fill all hospitals, there is a shortage of ambulances. The [Russian] Allied forces put the Nazis in one fight by the hundreds. And then the political situation deteriorated. There were rumors in Ukraine that it was Russia who "retreated" to make a camouflage maneuver before something grandiose.

While the "patriots" were waiting for a respite, Russia hit the power facilities. Earlier, Commander-in-Chief Zaluzhny reported to Zelensky about the formation of a large naval group of the Russian Navy in the Black Sea, including amphibious assault ships.

The West fears that the failure of the grain scam is to blame.

First, Putin pointed out at the WEF that Russia and poor countries were deceived in the grain deal. Then Erdogan admitted it. The UN Secretary General also had to admit this,

although an attempt was made to wriggle out. In the USA, they said that everything was fine, but soon their experts still recognized the lack of proper effect from the increase in grain on the market.

Ukraine and more of its sponsors, apparently, have been given a tough ultimatum: either grain goes to Africa, and Russia opens an international food market, or the Russian Navy again blocks Ukrainian ports, but this time with the landing of [Russian] troops with the destruction of the entire port infrastructure. In parallel, the entire Ukrainian infrastructure will "lie down". How this will approximately happen has already been shown. It could be said that it was a hint about the consequences if Russia's interests were ignored." -- Sergey Lavrov

While Foreign Minister Lavrov focused on the Grain Scam, where out of 87 Cargo vessels filled with Ukrainian grain, only TWO vessels went to "needy" countries -- the rest went to Europe.

As you have just read, Medvedev is openly warning NATO that if they continue pouring weapons into Ukraine to kill Russians, then the borders of NATO countries will "*disappear*" and the Russian Army will commence operations!

HAL TURNER ANALYSIS AND EDITORIAL OPINION

Medvedev makes no secret of his NUCLEAR threat. When he wrote "*Everything will catch fire around them*" and "*They will literally have the earth burning and concrete melting.*" he is clearly and unambiguously referring to exactly what takes place upon a NUCLEAR explosion.

We in the West are being warned, yet again, that the actions WE are undertaking, will result in the U.S. getting hit by Russian nuclear weapons!

How much more forthright can the Russians be? They are telling us what will happen. They have warned us over, and over, and over again, since their Special Military Operations began in February, yet our Public Servants in government seem to laugh it all off as some sort of "*posturing.*"

In my assessment, it is not posturing - at all. It seems to me the public servants of government here in the USA and over in Europe aren't going to believe they are causing us all the possibility of nuclear annihilation, until an actual nuclear bomb flies through their window and blows their asses to Kingdom Come!

By continuing to supply ever more lethal weaponry to Ukraine, the public servants in government both here in the USA and over in Europe are going to get a lot of us killed. They should stop what they're doing and let Ukraine fall.

There is a rumor that something is going to happen Saturday, September 24, 2022, something that people will remember in the same way that they remember 9/11/2001, and the assassination of John Kennedy on November 22, 1963, both of which I

remember clearly. The alleged rumor appeared to be tracked back to a journalist or media person in Germany before being retracted. Nonetheless that date is only a few days before Rosh HaShanah/Feast of Trumpets. Could it be another false flag like 9/11 and blamed on the Russians? That was my first thoughts and always aware of the late evangelist Hilton Sutton's remarks, "When the bombs are descending, the saints will be ascending." Hilton made that statement on Pittsburgh's Channel 40 back in June of 1996. Those words should not be lost in what we are looking forward to on September 26-27th and it would not be out of character for God's timing to be as close as seconds to minutes in His deliverance of God's people. Many Christians lost focus by seeing #45 as the savior of the nation, when they should have been warning people that the real Savior is the Lord Jesus Christ

Both of those events staged America for massive wars. JFK was going to get the U.S. out of Vietnam after he got re-elected, and he was making certain that Israel did not develop a nuclear weapon. We saw how those things went under LBJ. 9/11 was "the new Pearl Harbor" for "a new American century".

Today the western financial empire, enforced by US/NATO, and with wealth extracted through the \$US being the global trade currency, stands at a precipice, and needs to leap over a chasm. The rest of the world, led by Russia and China, wants to adopt the BRICS global trade regime, to default on \$US debts. The American "petrobuck" is spent into existence by the U.S. government, to fund the military boot on throats around the world. Saudi Arabia has traditionally sustained this relationship, started by FDR, but formalized by Nixon & Kissinger.

The global war will need to be against TROTW, (the-rest-of-the-world). I foresee this being the end of this empire, but nothing this big happens quickly in history. I really wondered if the "dark Biden" TV speech, "the continued battle for the soul of the nation", with the "Red-Sermon" look, and the paid actors as U.S. Marines standing behind "the president" was a signal that war would soon commence. The question is, therefore, who will be sacrificed on this blood-altar for "the soul of the nation", in the interests of global slavery to our dark, shadowy overlords.

Paul Craig Roberts commenting on 9/11 After 21 Years: (Includes the infamous photo of WTC-7 still standing out the window as the newscaster declares that it had just collapsed)

It was obvious to me early that 9/11 was an inside job, a false flag event blamed on Muslims in order to justify two decades of a "war on terror" whose purpose was to destroy Israel's Middle Eastern opponents who were funding Hezbollah, the Lebanese militia that twice drove the vaunted Israeli Army out of Israel's attempted occupation of southern Lebanon. If Hezbollah's supporters—Iraq, Syria and Iran—could be eliminated, Israel could seize the water resource in southern Lebanon. This, and profits and power for the U.S. military/security complex are all the "war on terror" was about.

THE 9/11 READER: The September 11, 2001 Terror Attacks

<https://www.globalresearch.ca/the-911-reader-the-september-11-2001-terror-attacks/5303012>

The Ukrainian/NATO forces organized a counter attack in the Kharkov region in the north of Ukraine with the help of NATO ground forces. An estimated 14,000 mercenaries were involved in the assault of which 20% were Ukrainian. The remainder of the force was largely comprised of Polish and the residual comprising Americans, Canadians and Australians. These forces crossed over into Ukraine from Poland during the night, and the Russians found themselves fighting 5 to 1. Following their counter-offensive, the RF air-force (helicopters) went in during the night and destroyed four Ukrainian/NATO military columns. Based on drone intelligence the enemy lost at least 150 pieces of military armored equipment. We have managed to straightened out the frontline.

The major media are publishing disinformation. The Russian defense has taken out about half of these mercenaries and continues to take down more, the NATO/Ukrainian forces are taking heavy casualties. Yes, the Russians had to regroup and yes, they managed to cover some ground, but they did not manage to overrun any of their fortified areas and the RF has subsequently taken back at least 16 towns within 24 hours. Some of the towns claimed to have been taken by the Ukrainians were not, in other towns where there is ongoing fighting. It's important to note that the majority of the locals had vacated these areas. The Ukrainian/NATO force attempted to encircle Russian troops but failed exhausting themselves in the process. We believe the Ukrainian/NATO forces intention was to invade Belgorod a city located within Russia. BUK-2M are taking out howitzer launched shells with relative ease, providing some protection for the Russian forces.

There is much hype in western media about the Ukrainian forces taking a back a large chunk of Kharkov, if you can believe them either 3000 or 6000 klm's square was acquired in 24 hours. That's like capturing a third of Australia overnight straight after sneaking across the border, doesn't make a lot of sense. Independent intelligence estimates that they managed to puncture the front line by about 51klm with varying degrees of success.

The NATO forces no longer hide their military activities in the Ukraine and now wear their own colors. NATO westerners are generally operating the imported heavy artillery such as the howitzers which are being guided by American satellites. The Germans continue to pump lethal weapons into Ukraine and Russia considers that the Germans have entered into the war on the 12.09.22 and fight for Ukraine. In response to German mercenaries Russia has stopped supplying all hydrocarbons (gas) to the EU and bombed much of Ukraine's energy infrastructure. Ukraine was plunged into darkness for

at least 20 hours. I read an interesting article the other day where an American news outlet stated that the Russian/China combined force is taking out American satellites.

The supply routes to Odessa have been cut, Nikolaevka has been heavily shelled and Odessa has taken heavy fire and is now primed to be taken. Russia forces have terminated approximately 2500 Ukrainian militants in the region this week alone, this number does not allow for the wounded. All military targets within the Odessa ports have been eliminated, the ports have come to a standstill.

The message is don't believe what the western media tells you. Much of it is based on lies and half-truths, they almost never give you the full story about anything. Scott Ritter a few days ago was interviewed by Judge Napolitano and the former U.S. Marine officer who was part of the IAEC commission in the Iraq era stated that the Ukraine War is all but over. Scott Ritter better than most U.S. military experts has called this the end of the Ukraine! Judge Napolitano's interview is out there for folks to read.

The war has commenced in earnest. But more of concern is the fact of just what will Putin do now that it is an open fact that others are fighting the Ukraine's battles for them!

Russia strikes Reservoir Dam; Sends water Surging downstream

[WORLD HAL TURNER](#) 14 SEPTEMBER 2022

The Russian army launched a missile attack on Kryvyi Rih, the hometown of Ukrainian President Volodymyr Zelensky. There were two attacks, the local administration did not announce in which parts of the city the defeats took place.

Military observers tweeted that Tu-95MS strategic (and nuclear) bombers attacked dams and reservoirs in Ukraine with Kh-101 missiles, which have a range of 5,500 km and carry 500 kg of explosive warheads. The deputy head of the presidential administration in Kyiv, Kiril Tymoshenko, announced that a total of 8 rockets were fired at Kryvyi Rih.

Some missiles hit below the waterline of the dam across the Ingulets river. The impact severely damaged the dam and the water level in the Ingulets river is now surging - severely as seen in the videos.

Electricity and fresh water is now cut-off in Kryvyi Rih.

This is now the second large demonstration of what Russia is capable of doing to Ukrainian infrastructure; the first being missile strikes against electrical stations a few days ago.

Unlike the electric grid, which was re-routed, there's no way to make a quick fix to this dam.

If you wonder what is on the horizon, you should be aware of the Biblical events and prophetic markers of time ahead, here is a fairly comprehensive list of things that occur in the last Shemitah cycle, of Daniel's 70th Week Prophecy. These events have not occurred as of yet.

Compass International posted the following a while back on its Web site, and provides insights that may or may not be relevant.

The Case FOR and AGAINST September Rapture—This Year

We have surmised for decades that the Rapture would take place with the blowing of the Last Trump of Rosh Hashanah.

So if our loud and exciting transition happens this year, it will be around sunset, 7:38 PM Israel time, which is 12:38 PM in New York and 9:38 AM in Los Angeles.

As usual, many reading this will immediately email me and quote this verse: ***Matt. 24:36 "But of that day and hour no one knows, not even the angels of heaven, nor the Son, but the Father alone. Matt. 24:36*** To use this verse to say today no one will know the day nor hour makes a classic dispensational application error. You cannot apply this verse to those of us living in the Church Age.

Jesus was talking to the Jews under the Law, pre-cross, not to Believers who live post-cross in a different dispensation/Biblical time period. After the post-cross dispensational change, we see Jesus receiving all knowledge in Revelation 5.

So the statement Jesus made to the Jews pre-cross was true at the time, but He could not make that statement today as He knows full well when He's returning.

Not to mention that Paul (with God-inspired words in Scripture) said:

"But you, brethren, are not in darkness, that the day would overtake you like a thief; for you are all sons of light and sons of day. We are not of night nor of darkness; so then let us not sleep as others do, but let us be alert and sober." 1Th. 5:4-6

"...for you were formerly darkness, but now you are Light in the Lord; walk as children of Light" . Eph. 5:8

A Believer walks in the light and therefore **CAN** be alert to the signs of the times. It would be foolish to try to predict the actual day as there are always two days going on the earth at any moment. Plus, it's embarrassing if you're wrong. □

But as a Believer, you too should be able to discern when the Rapture is growing close. You should have the ability to see the equivalent of the animals being loaded on the ark.

So what do we see today?

The Case FOR Rapture Happening This Year

This year SEEMS to have all the pieces falling into place. So the Rapture could definitely happen in the next 30 days.

We made this chart a few months back that looked at what we should be seeing happening today if the Rapture was going to happen soon.

The chart is an eye-opener, to say the least. Every time I read it I get goosebumps!

Nothing has changed on the chart so MOST of the pieces are in place. Are the animals loaded? Is the Holy Spirit on the Mount of Olives ready to launch? [\(link\)](#) He might be!

However, there are other reasons to believe our exhilarating disappearance may not happen this year.

The Case For Rapture NOT Happening This Year

Despite thinking there's no way we can make it another year, there are reasons the Rapture may not happen this year.

1) Israel's Gold and Silver Not Yet Discovered

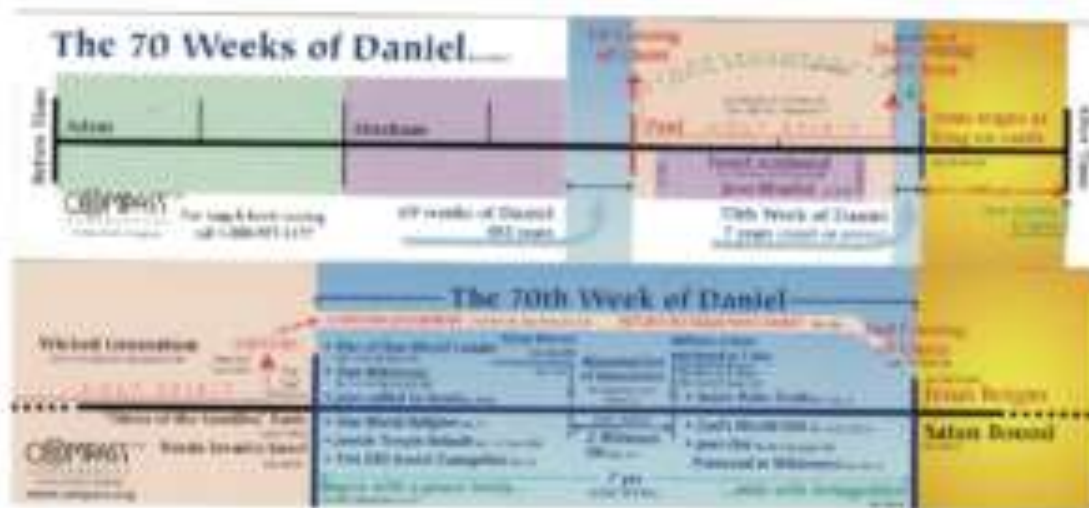

We have said for years that the gold and silver riches buried somewhere in Israel will be discovered prior to the Rapture.

This mind-boggling amount is somewhere north of 80 trillion dollars and we believe the discovery is what entices Russia and Iran to invade.

"Sheba and Dedan and the merchants of Tarshish with all its villages will say to you, 'Have you come to capture spoil? Have you assembled your company to seize plunder, to carry away silver and gold,'..." Ezek. 38:13

So you have worldwide communication where other sovereign countries are asking Russia and Iran if they're invading Israel because they want to capture Israel's gold and silver...but there are no known gold and silver treasures so large that it could cause Russia and Iran to invade. So it's an unfulfilled prophecy.

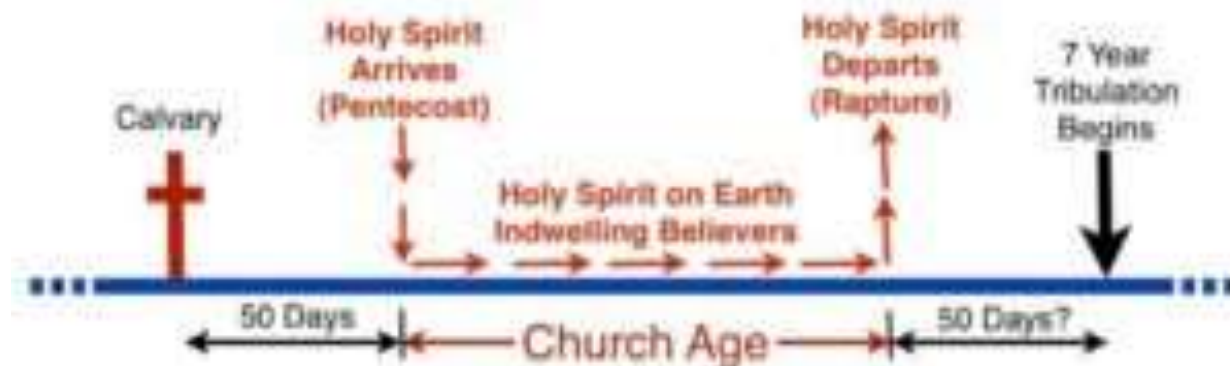

This Ezekiel 38/39 invasion occurs just after the Rapture. God protects Israel in this invasion. Israel staunchly defeats Russia and Iran (Rosh and Persia) as the world watches. If you've not read about this, read Ezekiel 38 and 39.

Later, at the mid-point of the 7-Year Tribulation, Israel is conquered by the New World Leader and the gold and silver are captured. 3 1/2 years later Jesus will restore Israel's wealth in the Millennium.

'For behold, days are coming,' declares the LORD, 'when I will restore the fortunes of My people Israel and Judah.' The LORD says, 'I will also bring them back to the land that I gave to their forefathers and they shall possess it.' Jer. 30:3

We believe the Russian/Iran invasion comes within the 50 days after the Rapture.

The 50-day period leads to the 7-year peace treaty that begins tribulation. Therefore, the massive gold, silver and precious stones discovery SEEMS to necessitate the mind-boggling discovery **prior** to the Rapture.

There are archaeological digs going on all over Israel today. One day, maybe soon, they'll find those treasures.

2) The Church Age Should Last 2000 Years

If you're unfamiliar with the seven, 24-hour creation days being a pattern or model for 7,000 years of human history, it is of Biblical importance.

There is debate whether the Lord died in 30AD or 33AD. Since the Church Age should last about 2000 years (Hos. 6:1-2; Ex. 19:10-11; John 4:40-43), we're getting down to the wire regarding the Rapture and three years makes a big difference!

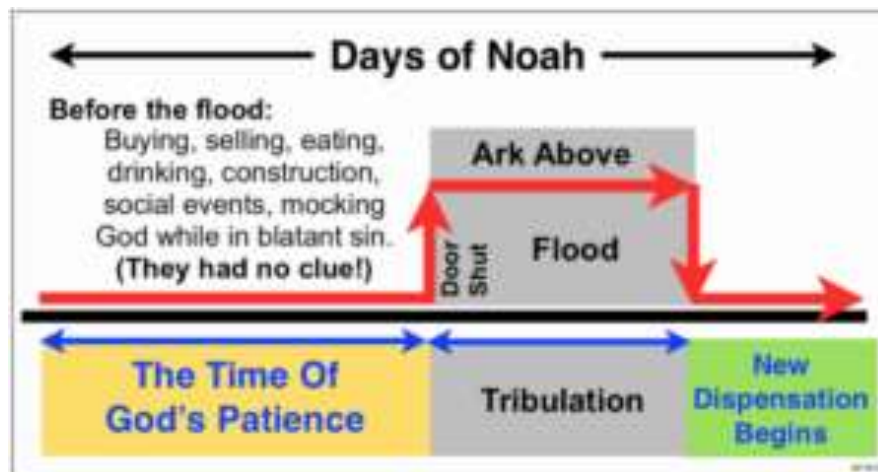

We believe Jesus was crucified in 33AD because He rode the colt into Jerusalem as Messiah 173,880 days (483 years) after the command for the Jews to rebuild their temple, as prophesied in Daniel 9:26.

So if you use 33 AD and add 2000 years it equals 2033. IF you subtract 7 years for the Tribulation, you've got the Rapture in 2026±.

Of course, if we're wrong about the date Jesus died and instead he died in 30 AD, and IF you subtract 7-years of Tribulation, you still end up at 2023—not this year!

And worse case, if the 7-Years of Tribulation is not part of the Church Age but should come after, then the Rapture is in 2030 or 2033.

It is interesting that all of this falls *inside* of the 70-year generation that is prophesied for Israel to get the Temple Mount back. That occurred in 1967 in the 6-Day War. So, 1967 + 70 = 2037. Subtracting 7-years gives you 2030.

"For the coming of the Son of Man will be just like the days of Noah". Matt. 24:37

The only upside to this is that if Rapture is in 2030ish, and we know the days before the Rapture will be "**just like**" the days of Noah when there was buying, selling, building, planting, harvesting, and weddings right up to the flood, which is the Rapture for us, then the conservatives will make a come-back until 2030.

□

However, as we saw in the chart above, we're currently seeing signs that indicate the Rapture is close:

- > The worldwide vaccine deaths continuing to ramp up.
- > Inflation continuing to go higher. (Rev. 6:6)
- > Russia and Iran are now allies. (Ezek. 38:2,5)
- > Food shortages beginning to crop up around the world. (Rev: 6:8)
- > Financial system collapsing. (Rev 6:5-6)

> Civil disruptions dead ahead.

> The open harassment of January 6 attendees who were set up to be charged with insurrection. (Over 900 MAGA Americans have now been tried for petty crimes and sentenced to long confinements.)

(Don't be surprised if they charge President Trump with some non-violent felony to get a conviction so he can't run for President again.)

So it sure looks like the Globalists/Satanists are all-in and not turning back.

These Globalists/Satanists liars continue their normal strategy of accusing others of what they're doing themselves. For example,

- > They're raking in millions from Ukraine, so they accuse Trump of the same thing.
- > They're destroying our democracy, so they accuse Trump of the same thing.
- > They're not defending the constitution, so they're accusing Trump of the same thing.

The latest is calling Trump and all his supporters "Enemies of the State." They're even weaponizing the FBI, Homeland Security and Justice Department against anything MAGA.

No telling what's coming. So all this has a lot of people saying the Rapture has to be this year... and that I'm wrong about the gold and silver needing to be discovered. Well, we'll know soon!

Hey, no doubt, if we ARE here past late October, it will be one wild year ahead! If not, I'll see you on the way up—85 of us will be due east of you coming out of the Holy land. [Bill Perkins is leading a group of 85 tourists to Israel in a day or so.

Pastor Bob's follow up comments to Bill Perkins of Compass International:

I do not agree with Bill Perkins' reasons for the Rapture NOT happening this fall. In addressing his reasons, I will state that we have proven that the Crucifixion was on April 10, 32 A.D. Gavin Finley of End Time Pilgrim.org resolved that issue and I shared that evidence in a recent Blessed Hope.

The stolen 2020 election has for the most part has become so divisive, it is impossible to govern, conduct national business, or maintain civility. The country is on the verge of collapse in every way imaginable. The CIA has waged a campaign of divide and conquer so long now, going back to the early 1950s and that the damage is beyond fixing. Only God's intervention at this point will resolve the divisive nature of the nation. There is well-documented evidence that the leaders of this once great nation colluded decades ago to "Depopulate" rather than to correct its Social Contract with the citizenry. "Depopulation" has been the driving force around the world since 1968 through the use of "Silent Weapons for Quiet Wars."

The Russians are or have been primarily interested in something more than gold, that being the control of “black” gold. Russia became interested in Israel's huge discoveries off the coast of Israel fifteen years ago. Israel represents competition for Russia in the sale and distribution of oil and natural gas and represents an easy perceived conquest for Putin's military. Russia has greater control of the world energy market by removing Israel as competition and the monopolization of energy. Israel's oil and natural gas reserves are estimated to be 200+ years. People need energy to survive, gold is a medium of purchase value, but you can't eat it. Russia has already stated the price of their oil and it is to be paid for in Russian Rubles.

Other points that I believe Bill Perkins is not taking into consideration are related to the idea that this month of September, 2022 is what I call the Trifecta Prophecy of Leviticus.

[A **trifecta** is a **pari-mutuel** bet placed on a horse race in which the bettor must predict which horses will finish first, second, and third, in the **exact** order.] In my use of the term, I am stating that we have three events that will all occur on September 26-27, 2022:

- The Feast of Trumpets this year is on a Shemitah year cycle. (divisible by 7)
- The Jubilee likewise takes place on a Jubilee cycle. (divisible by 49)
- Daniel's 70th Week of Prophecy of Daniel 9:27 will be huge news in the events that are planned for by the UN, WEF, and the recent death of the Queen occurred at the right moment in order for Prince Charles to assume his place on the world stage. The fact that Prince Charles set the official mourning of his mother's death to end on September 26 is somewhat suspicious if not prophetic.

Mark Biltz of “*El Shadi Ministries*” has documented events fitting the Shemitah cycles that go back to the period of the Israeli “Six” Day War of 1967. Those charts were included in a recent Blessed Hope, and for reference, all one only need go back and read Blessed Hope #128, going forward to including this segment. Mark posted this video explaining this two months ago and the link is below.

You have at one time or another heard the phrase, of not seeing the trees for the forest. Sometimes the events or data points have to be gleaned from the big picture. **[STEG-ə-NOG-rə-fee](#)** is the practice of concealing a message within another message or a physical object. In computing/electronic contexts, a computer file, message, image, or video is concealed within another file, message, image, or video. The word *steganography* comes from the Greek *steganographia*, which combines the words *steganós* (**στεγανός**), meaning "covered or concealed", and *-graphia* (**γραφία**) meaning "writing"

The first recorded use of the term was in 1499 by Johannes Trithemius in his *Steganographia*, a treatise on cryptography and steganography, disguised as a book on magic. Generally, the hidden messages appear to be (or to be part of) something else: images, articles, shopping lists, or some other cover text. For example, the hidden message may be in invisible ink between the visible lines of a private letter. Some implementations of steganography that lack a shared secret are forms of security through obscurity, and key-dependent steganographic schemes adhere to Kerckhoffs's principle

The advantage of steganography over cryptography alone is that the intended secret message does not attract attention to itself as an object of scrutiny. Plainly visible encrypted messages, no matter how unbreakable they are, arouse interest and may in themselves be incriminating in countries in which encryption is illegal.

Whereas cryptography is the practice of protecting the contents of a message alone, steganography is concerned with concealing the fact that a secret message is being sent and its contents.

Steganography includes the concealment of information within computer files. In digital steganography, electronic communications may include steganographic coding inside of a transport layer, such as a document file, image file, program, or protocol. Media files are ideal for steganographic transmission because of their large size. For example, a sender might start with an innocuous image file and adjust the color of every hundredth pixel to correspond to a letter in the alphabet. The change is so subtle that someone who is not specifically looking for it is unlikely to notice the change.

The next event is the Pre-Tribulation Rapture of the true church, the Bride of Christ, made up of "born-again" believers. The news media is full of accounts of convergence and acceleration of the pace, similar to the birth pangs of a mother about to give birth. The order of the following events cannot be ascertained chronologically with perfect sequence, we can see by prophecy passages of Isaiah 17:1 and Ezeikiel 38/39, and thus we have to maintain flexibility and that is not dogmatic.

Because of God's principle of Isaiah 28:10 and 28:13, God has intentionally distributed His "Diamonds and Nuggets" throughout all sixty-six books for our searching out its depth as Proverbs 25:2 states: ***"It is the glory of God to conceal a thing: but the honour of kings is to search out a matter."*** Such was the case in the Biblical points identifying the Antichrist in Blessed Hope #126.

This list below is the larger picture of what known events are expected to take place in Daniel's 70th Week of Daniel 9:27. They are not necessarily chronological or even a complete list, they simply are an overview of what the book of Revelation tells us to expect. If God put it there, then you can count on it occurring. This list is intended to serve as a wake-up call to the skeptic to get right with the Lord Jesus Christ.

This list was compiled and maintained over a thirty-five year period and began as an informal study during that period of time. For the most part, 90% of the Christian community has held to the traditional Roman Catholic doctrinal view that there would be NO Rapture of the born-again Bride/Church. The Roman Catholic doctrine on Purgatory is used in refuting of the Biblical doctrine of deliverance before God's judgment and they will never acknowledge Paul's teachings on the Pre-Tribulation Rapture.

The entire idea of Purgatory collapses into pixie dust once the Apostle Paul's words about being with the Lord at death, absence from the body is to be present with the Lord! There are two reference Scriptures on this in 2nd Corinthians 5:6 and 5:8. Since the institutional church uses the "fear factor" as power of Purgatory to raise funds from the relatives wanting their loved ones to be prayed out of Purgatory by a priest or bishop, they put their members at risk for being left behind at the time of the Rapture.

Another factor is that Jesus said there was only "One" way to the Father: ***"Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father, but by me."*** -(John 14:6). This does not include Mary, the mother of Jesus of Nazareth. Large numbers of Roman Catholics will be left behind in the Rapture based upon this statement.

The signs of the times are shouting that we are standing on the threshold of the Tribulation. The message of the Holy Spirit is ***"Come out of Babylon"*** -(Revelation 18:4). That message means for us to separate ourselves from the love of this world and prepare ourselves for eternity. For believers, it means a commitment to holiness. For unbelievers it means a commitment to Jesus as Lord and Savior before He returns as

God's avenger. We can see from the world scene, geo-political realm is dividing along the lines with China, Russia, Iran, and North Korea, plus others of the BRICS Alliance on one side of the equation, and the EU/NATO/USA on the opposite.

Iran has signed a memorandum paving the way to transition from its current observer status to full membership of the Shanghai Cooperation Organization (SCO).

The Middle-Eastern nation, which the U.S. has long sought to undermine with diplomatic isolation and economic sanctions, made a formal step on Thursday September 15th to become the ninth member of the organization. Among the SCO's heavyweights are Russia and China, two major powers that are on Washington's list of geopolitical opponents.

The SCO was created in 2001 as an intragovernmental forum aimed at fostering trust and developing economic and humanitarian ties in Asia.

It currently has eight permanent members: China, India, Kazakhstan, Kyrgyzstan, Russia, Pakistan, Tajikistan, and Uzbekistan. The last is currently hosting the annual summit of the leaders of the member states in the city of Samarkand.

Iran has been an SCO observer since 2005. Its delegation to the summit is headed by President Ebrahim Raisi, who met with senior Uzbek officials on Wednesday.

The memorandum, which spells the commitments that Tehran will undertake to become an SCO member, was signed by Iranian Foreign Minister Hossein Amir-Abdollahian and SCO Secretary-General Zhang Ming, the host country's foreign ministry reported.

Yury Ushakov, a foreign affairs advisor to Russian President Vladimir Putin, said earlier this week that Iran could qualify for being upgraded to full membership before next year's SCO summit in India.

Uzbek President Shavkat Mirziyoyev touted this year's event as a turning point for the organization. He cited the rapidly growing interest of nations in closer involvement with the SCO and said that it served as an example of how a "deep crisis of trust at the global level" can be overcome by parties willing to do so. He also stressed the scale of the group, which accounts for roughly half of the world's population and a quarter of global GDP.

Belarus, also an SCO observer, is set to start the formal process for full membership this year. Egypt and Qatar formally joined the organization as dialogue partners on Wednesday. Saudi Arabia is scheduled to do the same, while Bahrain, Kuwait, the UAE, Myanmar, and the Maldives are expected to begin their respective paths to receiving the same status.

United Nations Secretary General Antonio Guterres held one of his rare press conferences on September 14th ahead of the gathering of world leaders next week in New York for the annual General Assembly high level debate. He delivered an extremely stark message about the state of the world today.

The Secretary General's opening remarks focused on climate change. He painted a *"future of permanent and ubiquitous climate chaos on an unimaginable scale"* unless *"action is taken now, unless funds are disbursed now."* The gloom and doom message went on from there:

"The cost-of-living crisis is hitting the poorest people and communities hardest, with dramatic effects.

The rights of women and girls are going into reverse.

Most developing countries have no fiscal space, and no access to the financial resources needed to recover from the COVID-19 pandemic and protect their people from the devastating impact of climate change.

The solidarity envisioned in the United Nations Charter is being devoured by the acids of nationalism and self-interest.

By a shocking disregard for the poorest and most vulnerable in our world.

By politicians who play to people's worst instincts for partisan gain.

By prejudice, discrimination, misinformation and hate speech that pit people against one another.

By a global financial system that penalizes those with the least.

By fossil fuel corporations killing the planet to rake in the most."

Beyond Ukraine, Secretary General Guterres renewed his call for governments to tax fossil fuel company profits.

Most of the reporters' questions involved the war in Ukraine.

In response to one question, Secretary General Guterres told reporters that he had just gotten off the phone with Russian President Vladimir Putin. He said that the two leaders discussed the prospects for an expansion of exports of vitally needed Russian food and fertilizer and overcoming unspecified obstacles in the way of such expansion. Secretary General Guterres and President Putin also discussed an extension of the initial 120-day term of the Black Sea Initiative mediated by the UN, which has enabled the safe shipment to date of about three million tons of grain from previously blockaded Ukrainian ports. They also touched upon the prisoners of war issue and on allowing the UN fact-finding mission in Ukraine to be able to go wherever it chooses.

When it came to assessing the prospects for a peace deal or even a ceasefire, the Secretary General held out no hope. He said that the chances for a peace deal were *"minimal"* and that it was *"naïve"* to think that even a ceasefire was in sight.

Beyond Ukraine, Secretary General Guterres renewed his call for governments to tax fossil fuel company profits.

He urged Iran to enter into a serious dialogue with the International Atomic Energy Agency (IAEA) to help move negotiations along to bring the disastrous nuclear deal known as the Joint Comprehensive Plan of Action back to life. Evidently, one of the hang ups is Iran's concern with an investigation by the IAEA regarding undeclared nuclear material found three years ago, proving once again that Iran cannot be trusted. The Secretary General said that there were other obstacles to getting the negotiations back on track as well without specifying what they were.

The Secretary General praised the UN's role relating to climate change, which in reality has been to cry chicken little so many times without offering any practical, technology-based solutions.

Despite his gloom and doom about the state of the world, Secretary General Guterres laid out a rosy picture of the UN's overall accomplishments. He started with the UN's humanitarian programs, which do deserve praise. Then he mentioned the UN's *"peacekeeping forces avoiding the worst in several parts of the world,"* without acknowledging serious issues involving the peacekeeping forces. These include sexual harassment allegations against some peacekeepers and resistance to peacekeeping missions in places like the Democratic Republic of the Congo where peacekeepers allegedly opened fire for no apparent reason, killing and wounding several people.

The Secretary General praised the UN's role relating to climate change, which in reality has been to cry chicken little so many times without offering any practical,

technology-based solutions.

He said that the *“UN has been very active, pushing for reforms of the international financial system,”* which would amount to little more than vast wealth redistribution.

“The UN has been very active in several conflict situations, mediating,” citing a negotiated ceasefire in Yemen and the grain and fertilizer export agreements with Ukraine and Russia as examples. These are two positive developments. But there have been notable failures, such as in Africa, Libya, and Syria. The UN has even been unable to secure a commitment from the Taliban to stop harassing the UN’s own female workers in Afghanistan.

Secretary General Guterres managed to skip over entirely the UN’s internal structural problems, including a bloated, inefficient bureaucracy and its dysfunctional Human Rights Council that includes amongst its members some of the world’s worst human rights abusers.

Remember the Antichrist is just a player. Look at Psalm 2. ***“Why do the heathen rage, and the people imagine a vain thing?” The kings of the earth set themselves, and the rulers take counsel together, against the LORD, and against his anointed, saying, Let us break their bands asunder, and cast away their cords from us. He that sitteth in the heavens shall laugh: the Lord shall have them in derision. He shall have them in derision. They are playing right into his plans. He knows and has told us the end for the beginning. Repent! Repent and return to the Lord. Kiss the Son lest He be angry with thee. Be wise now therefore, O ye kings: be instructed, ye judges of the earth. Serve the LORD with fear, and rejoice with trembling. Kiss the Son, lest he be angry, and ye perish from the way, when his wrath is kindled but a little. Blessed are all they that put their trust in him.”***

Author Tim Cohen said the second edition of *'The AntiChrist and a Cup of Tea'* will be released soon, and during a radio interview in Ireland this past weekend confirmed it would be out soon. I doubt I will get to read it since I pre-ordered the book more than four years ago under the impression that it was to be release in 2020. The published date kept being delayed and recently I gave up all hopes of receiving it as I sensed the coming time of the Rapture was getting closer. Tim is a thorough researcher and meticulous one for the finer details often overlooked or missed by writers of important books. Tim is a Jewish believer in our Messiah Yashua / Jesus Christ of Nazareth. However, his belief is that the Church will be here to go through the Tribulation. I whole heartedly disagreed with Tim Cohen on this for the many reasons I have shared in my years of writing articles on Bible Prophecy. I believe that Tim Cohen since writing his book has clarified his remarks by suggesting he was referring to an unbelieving Church represented by many denominations who neither believe in or teach that Jesus Christ is the only way to the God of the Bible.

This photo is of the author's "Special Edition" of *'Bloodline of the Holy Grail'* published in 2001. The first edition was published in 1996. Laurence Gardner wrote a dozen books on the Royal Family. He did more to hype the idea of the Red Dragon that the Royal Family were "Reptilians" and that the Queen was a "shape shifter". Supposedly, the late Princess Diana, wife of Prince Charles was reported to have witnessed on a few occasions to the Queen's shape-shifting facial appearance. I cannot confirm any truth

to the rumors and stories of the Queen as a “reptilian” but after reading the first edition of this book pictured above I purchased every one of Laurence Gardner’s subsequent books in his series. The Royal Family became more than intriguing after I read the above book. It struck me as an extremely powerful effort to discredit the lineage of Jesus of Nazareth as the Jewish Messiah and God Incarnate, for which it was purposed!

It seems to have been most timely for the Queen’s death. It seems fortuitously if not coincidental to what is about to happen in the days just ahead. Watch the short video below by Mark Biltz. His case is made that the Resurrection of the Dead has to occur on September 26-27, and if it does not happen it cannot do so for another Shemitah “seven” cycle. It is short, ten minutes and worth watching several times to grasp the significance of God’s Biblical Calendar. In previous videos by Mark Biltz, he has shown how the Jews did not follow the teachings of the Torah. It was precisely that issue for which God punished the nation of Israel for its disobedience and failure to observe the concept and practice of the Shemitah cycle. The Southern kingdom of Judah was taken captive into Babylon for 70 years as direct punishment for not following the Shemitah cycle in their land.

Now that the Queen has been taken off the world stage and everyone who’s well educated on the New World Order knows this is the end of an era and the beginning of a new one. Things are about to get very crazy very quick and go sideways creating that perfect storm moment for the Masonic world leadership to activate their plan to control the world.

A short video by Mark Biltz recorded only a few months back, sums up the essence of what my Prophetic Trifecta is saying. Here is the link to view and re-view:

Mark **Biltz** makes case for Feast of Trumpets, Rosh Hashanah Rapture/Resurrection in 2022.

“The thief cometh not, but for to steal, and to kill, and to destroy: I am come that they might have life, and that they might have it more abundantly.” -(John 10:10)

Your faith and trust in the Lord Jesus Christ will assure you a place at the table in the Millennial reign of Jesus Christ. The Rapture is a mystery promise but well supported and the Bible amplifys God’s Promises in fulfillment. Revelation 3:10 is our confirmation promise. ***“Because thou hast kept the word of my patience, I also will keep thee***

from the hour of temptation, which shall come upon all the world, to try them that dwell upon the earth.” -(Revelation 3:10).

This confirmation verse (Revelation 3:10) is more than just comforting words for true believers, and so I and multitudes look forward to our Departure on what is the next Feast of the Lord event heretofore that have been next in the sequence of the unfulfilled fall feasts of Trumpets, Yom Kippur(Atonement), and Succot(Tabernacles).

The period from sundown Sunday September 25th until Sundown Tuesday September 27th encompass the One Long Day observance of the new moon Feast of Trumpets or Feast of Rosh HaShanah.

I believe there may be time to do, at most, one additional Blessed Hope on the final days before the Rapture. This week’s “Mass Murder” series will end with #85. The cumulative evidence in a series that has been ongoing for more than a year and a half, and the unequivocal conclusion is that our government wants us all dead. God is about to turn that plan upside down. Hold onto your seats and be ready to be **“Harpazo”**. It is “Departure” time for the Saved Remnant!

If you are a skeptic about all this talk about a Rapture of the Bible-Believing Christian Church, I implore you, do not deliberate until later this month, given that war is eminent now between Russia and NATO/USA. The author of the 1996 book pictured below describes a war in the Greek text of Revelation 17 & 18.

R.A. Coombs was a Greek scholar and Greek instructor, and his 1996 book presents a devastated America that can only occur through a nuclear exchange between Russia and the U.S. With the announcement below, the end is days away!

Russia has given the U.S./NATO a Final Warning this morning September 15, 2022!

The Russian Ministry of Foreign Affairs this morning issued a final warning to the United States and NATO regarding Ukraine: *“If the U.S. decides to supply longer-range missiles to Ukraine, they will cross the red line and become a direct party to the conflict.”*

This final warning was spoken by Maria Zakharova, spokeswoman of the Ministry of Foreign Affairs.

This is now a rapidly developing story.
