## **'UKRAINE WILL BURN'**

Top Putin ally Dmitry Medvedev threatens NUCLEAR strikes as Russia 'preparing 500k soldiers' for new assault on Ukraine. This was announced on February 4, 2023.

**A TOP Russian official and Putin ally has warned that all of Ukraine "will burn" if Kyiv uses longer-range missiles to attack Russia.**

Dmitry Medvedev, deputy chairman of Russia's Security Council, made the chilling threat of nuclear "retaliatory strikes" today on a Russian military-owned TV channel.

Dmitry Medvedev, a prolific mouthpiece for the Russian propaganda machine warns that 'the whole of Ukraine' will 'burn'.

Medvedev enjoys a close relationship with Vlad remaining his coveted position in the Security Council since 2020.

*"There will be no negotiations in this case, only retaliatory strikes,"* the [Putin](#) ally told Russian journalist Nadana Fridrikhson.

*"The whole of Ukraine remaining under Kyiv's rule will burn... Our response may be anything."*

The top official then went onto explicitly refer to Russia's nuclear doctrine as part of this "anything" response with "all types of weapons".

His claims follow the Pentagon's announcement of a new \$2.175 billion aid package for Kyiv on February 3.

Within this package, the U.S. promised new precision long-range missiles with double the range to strike Russia deep behind their frontlines.

**The greatest weapon in Ukraine's arsenal was the collective international unity in support of Ukraine said a Downing Street Spokesperson**

Medvedev continued his diatribe: *"The president of Russia made this quite clear. We do not set ourselves any limits and, depending on the nature of the threats, we are ready to use all types of weapons."*

*"In accordance with our doctrinal documents, including the Fundamentals of State Policy on Nuclear Deterrence."*

The former president of Russia's thinly veiled threat implies using nuclear weapons against Ukraine - a warning Putin has relied on throughout the war to provoke fear in the West.

Clause 19 of Russia's State Policy on Nuclear Deterrence claims they may use nuclear weapons *"in the event of aggression against Russia with the use of conventional weapons, when the very existence of the state is threatened."*

Today, Putin continued this tactic at an event to commemorate the Soviet triumph over Nazi Germany in World War II at Stalingrad.

The brutal warmonger slammed Germany's decision to send Leopard tanks; just as Portugal this week joined Spain and other NATO allies in delivering tanks and other new arms to Ukraine.

Echoing Medvedev, Putin said Russia has an *"answer"* to any country that threatens it, adding: *"It's unbelievable but true. We are again being threatened by German Leopard tanks."*

As the anniversary of Russia's invasion of Ukraine draws nearer on February 24, Kyiv is fearing a new Russian offensive using a newly-drafted mass conscript army.

Ukraine's defense minister, Oleksii Reznikov, warned that their assessment of troops on the border suggests the numbers are nearing 500,000 preparing to attack in the east and south.

*"We think that, given that [Russia] lives in symbolism, they will try to try something around February 24,"* he said on Thursday to French media.

*"We tell our partners that we too must be ready as soon as possible,"* Reznikov said.

Medvedev has not been keep quieting. On Friday, he wrote on Telegram that the West will watch the *"death"* of Ukraine as a state. Devastated by war and hunger, he claims Russia will easily turn it into a colony.

*"The possibility of the complete bankruptcy of the Ukrainian state and an inevitable end has become more evident,"* he boldly alleged.

Absent from his propagandist tirade is any reference to his country's blunders on the battlefield.

After eight months of relentless fighting, Russia still does not have control of the symbolic eastern city of Bakhmut, which is starving Putin of a significant military victory he has been desperately searching for since the summer.

The ability of Ukrainian forces to hold onto, albeit scarcely, what they call "*Fortress Bakhmut*" has led to "*Bakhmut holds*" become a battle cry resounding throughout the nation.

Today, speaking at an EU summit, Ukrainian President Zelensky vowed to defend Bakhmut as he renewed calls for long-range missiles.

*"Nobody will give away Bakhmut. We will fight for as long as we can. We consider Bakhmut our fortress."*

As winter marches on, Moscow has failed to gain total control of any of the four regions they claimed to have annexed back in September.

A startlingly evident fact that even Putin's staunch propagandists are struggling to deny following the liberation of Kherson in November.

Another puncture to Russia's war machine is their soaring death toll, with estimates that the number of dead or wounded is soon to reach 200,000.

The Ukrainian casualty figures are difficult to estimate due to the Kyiv's secrecy surrounding their wartime losses.

In a call with Zelensky today, Rishi Sunak said that he would ensure Britain's promised military aid would reach Ukraine imminently.

Ukrainian troops in the UK are already being trained on how to use Challenger 2 battle tanks, of which Britain has supplied a whole squadron.

In Blessed Hope #139 I proffered a hypothetical scenario that Super Bowl Sunday on February 12, 2023 might be an idea event that God might call Christian believers home in the Rapture. While my reasoning was not necessarily Biblical, it contained many reasons why God would want to consider taking advantage of the greatest number of sports fans and the general public would be glued to their large screen TVs. Put aside the nonsense of a "secret" rapture, it seems to me that God may have reasons of His own to want to make a point with the unbelieving world about His existence and take advantage of surprise to express His love of humor as a tactic to say "I told you so!"

Well, to my utter surprise there is a YouTube video titled **“Superbowl 2023: The Date with a Destiny”** that speaks symbolically to a major event that is a potential fulfillment of a message of predictive programming. It is linked to the Yale University Skull & Bones secret society group associated with Freemasonry. The **#322** is the lodge number and is based upon **Genesis 3:22 - “And the LORD God said, Behold, the man is become as one of us, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and live for ever:”**

The link to this video can be found just below and I share it for your viewing in relation to what I see as dovetailing to my hypothetical premise that the Rapture event would be a supernatural way of God to announce the Rapture event when the greatest number of people would be watching an event with supernatural significance. Watch the first few moments closely and note how the world of the occult do things by the numbers as part of their “Predictive Programming” method of communicating their messages and that are “hidden in plain sight!”

The Super Bowl of 2023 would seem to have several predictive programming tags pointing to it and those tags are not looking good for the world. It is the first time that the Superbowl occurs on February 12th since its inception and February 12th holds a special significance for a specific secret society that have claimed responsibility for

several world-changing events. With tension mounting between Russia and the West, and with Russia having deployed several nuclear-capable naval vessels that are now sailing in the Atlantic, the stage is set. The only question on everyone's mind is: When? Are you ready if something happens on Super Bowl Sunday?

This Blessed Hope is going to be shorter than previous ones but due to the shortness of time until Super Bowl Sunday, urgency is the operative term here!

**ADMIT THAT YOU  
ARE A SINNER.**

**BELIEVE THAT JESUS  
PAID FOR YOUR SIN  
ON THE CROSS. †**

**CONFESS THAT JESUS  
IS LORD AND CALL UPON  
HIM FOR SALVATION.**

The clock is winding down fast and when the call comes to “*Come up hither*” the door will be closed and those left behind are likely to die for their faith in the final “Seven Weeks of Daniel 9:24-27!”
