

The Blessed Hope!

“Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ;” –(Titus 2:13)

Diamond & Nugget #166

The first six pages of this Blessed Hope are about the Utopian Plan of Prince Charles of Wales, aka the Antichrist of the Bible. These words are the equivalent of the expanded or exploded detail aspects to what the Bible addresses in the Old Testament writings of Daniel the Prophet, and the Apostle John of Revelation.

It is very similar to what takes place when Congress writes and passes a bill, once the bill is passed by a Congressional vote it then goes to a committee that writes the final form of legislation that becomes official law. I watched closely this process back when the Obama administration pushed through the so-call Affordable Health Care Reform Act. The actual legislation that became law differed in so many ways from the initial act that was passed by the Congress in 2010 and many said it was unrecognizable. **The final bill resulted in many physicians leaving their medical practice or selling their practice.** Physician practices had to invest in a government-required computer system that cost at the time around \$50,000. The details of the bill were set also up in a way that a carrot/stick incentive was implemented to get physicians onboard early or face penalties if they delayed getting onboard the government plan.

So as you read the details lay out below, they are “human” side of what we find in the Bible regarding the events of Daniel 9:27 and the book of Revelation. It is best that you have a good understanding of the prophecies revealed by Scripture as you attempt to wade through the “human” details of what transpires the rest of this year.

The “Climate Change” agenda has been politicized for the purpose of imposing global control on the life of every human being. Prince Charles is deluded or has been misled by his sources of science. The fact is that NASA has kept from the public the truth about the source of “Climate Change”. See an article I posted a few days ago at the link below:

[NASA admits Climate Change occurs because of changes in Earth's Solar Orbit, not because of SUVs and Fossil Fuels!](#)

[06/26/23](#)

The truth be known, humans have a very small role in this issue of climate change. It is coming largely from the Earth's Solar Orbital fluctuations over hundreds of years.

That said, we move on in our explaining of what is just ahead, between now and 2030. Craig Bong lays this out for the reader to understand that this is the End Game for World Government just as the Bible foretold us!

PREPARATIONS TO STRENGTHEN THE COVENANT

By December 12, 2023, the World will Strengthen the Paris Climate Agreement for the Final Seven Years Through 2030 at COP28, Dubai, UAE. [This is what President Trump took us out of when he was president, but put back by President Joe Biden.]

These are the updates by the UN ahead of this event to keep you the reader informed on their progress on delivering the deal.

THE ROADMAP AHEAD

[Climate finance roadmap finalized at Paris Climate Summit.](#) The Summit for a New Global Financing Pact saw French President Macron host around 40 leaders, many from the Global South to debate changes to multilateral finance institutions. The discussions scored some notable wins that should tee up greater action before COP28, though some participants were disappointed with progress to address poorer states' debt.

[COP28: "Don't need to wait for Global Stocktake to plan climate response".](#) Attending the Africa Energy Forum in Nairobi, incoming COP28 President Sultan Al Jaber said: *"We must lay the groundwork now — preparing for the highest possible ambition in the negotiated outcomes. We must complement whatever is decided inside the negotiations with an equally powerful action agenda outside the negotiating rooms... in the real world."*

PEACE AND SECURITY

[Carnegie: How climate change will reshape economic statecraft.](#) The Carnegie Endowment for International Peace runs an analysis on the way the fight against climate change will fuel the emergence of new types of sanctions, tariffs, and export controls. In the author's view, in retaliation against these measures, China and Russia could weaponize access to critical minerals, posing a threat to U.S. national security.

[Policy brief: Climate security in Dutch international climate policy.](#) The Clingendael Institute published a report focused on the implementation of climate **security** objectives. This would for example mean including security and conflict risk assessments in climate and resource interventions, expanding military capacity for humanitarian assistance and disaster response and reducing the carbon and resources footprint of humanitarian and military activities and missions.

[NATO and EU discuss impacts of climate change on peace and security.](#) In the lead up to this year's second annual NATO High-Level Dialogue on Climate Change

and **Security** at the Vilnius Summit and COP28 in Dubai, the EU and NATO will seek to identify opportunities to cooperate on new insights and operational information, including to measure greenhouse gas emissions from military activities and installations with the goal of reducing these emissions.

Middle East Institute hosts virtual Climate Week: Looking Toward COP28. The institute will highlight a number of synergistic themes associated with climate change throughout this week, with a focus on the MENA region. Keynotes and presentations will emphasize water management and environmental sustainability, youth activism and climate engagement, the climate-security nexus, the energy transition and green circular economy.

TO SAVE THE EARTH...

Lacking land, Israel to cover its rooftops with solar panels. Israel will soon require all new non-residential buildings to have rooftop solar panels to help it meet renewable energy targets and the electricity demands of a fast-growing population. Although drenched in sunshine, Israel is too small to rely on traditional, land-intensive photovoltaic power plants. It is also unsuitable for wind power and lacks water for hydropower.

KING CHARLES LEADS THE WAY

King Charles activates climate countdown clock with Mayor of London Sadiq Khan

The climate clock has a countdown of six years and 24 days.

King Charles III held round-table talks at London's Guildhall with key leaders on [climate action](#) as part of the lead-up to the Cop28 summit that opens in the UAE in November.

During London Climate Action Week, King Charles presided over the inauguration of a [countdown clock](#) marking the [deadline](#) set in the 2015 Paris Agreement to limit global temperature rises to less than 1.5°C above pre-industrial levels.

[Dr. Sultan Al Jaber](#), UAE Minister of Industry and Advanced Technology and Cop28 President-designate, also attended the event.

The Climate Innovation Forum event with [King Charles](#) also included a private roundtable with representatives of governments, businesses and academia before the ceremony, which was attended by 1,500 delegates in the medieval Great Hall.

As indicated prior to COP27 in 2022, King Charles will likely attend COP28 in Dubai, waiting for the close of the Global Stocktake to Confirm the Covenant as planned by way of his Terra Carta Mandate. The announcement of speakers will come in the coming weeks.

Today King Charles announced the launch of the Astra Carta; a framework, and an ambition for the private sector to embrace the next frontier of sustainability in space.

“Confovere miraculis infinitis mundi” The Astra Carta’s motto – to care for the infinite wonders of the universe – defines the edge of the seal. The seal complements the same typography and has the St Edward’s Crown as does the [Terra Carta seal](#). The structure is similarly defined by sacred geometry, overlaid with astronomical motion. The Earth is at the center, showing the Sun and annular eclipse of the Moon, with the transit of Mercury, dance of Venus and Mars. Symbolic constellations from the night sky in both the northern and southern hemispheres include Cepheus, Orion, Monoceros, Centaurus, Crux, Leo, and **Charles’ Wain** within Ursa Major, as well as the North Star. CELEBRATING THE KING

Ahead of the return of the Terra Carta Design Lab later this year, King Charles' Sustainable Markets Initiative hosted a Creativity & Sustainability event at Goals House yesterday, bringing together voices from the design industry, media world and private sector to discuss the visionary and imaginative ways we can address the biggest threat modern society has ever faced.

Greg Jackson, Octopus Energy CEO, Hani Asfour, Dubai Institute of Design and Innovation’s Vice President of Innovation, Jennifer Jordan-Saifi, MBA, SMI CEO, Lesley White, SMI COO, and Zad Rogers, Atomized’s Founder and Creative Director, came together to highlight the opportunity creativity offers to re-create and discover new paths, to inspire change to accelerate innovation and drive sustainable investment.

The event also featured the winners of the 2021 Terra Carta Design Lab and the new film from RE:TV which celebrates 50 years of the King’s speeches.

The coming of the lawless one is according to the working of Satan, with all power, signs, and lying wonders, and with all unrighteous deception among those who perish, because they did not receive the love of the truth, that they might be saved. And for this reason God will send them strong delusion, that they should believe the lie, which they all may be condemned who did not believe the truth but had pleasure in unrighteousness.

STAND FAST! REJECT THE LIE!

Psalm 119:89-96

89 Forever, O LORD, Your word is settled in heaven.

90 Your faithfulness endures to all generations; You established the earth, and it abides.

91 They continue this day according to Your ordinances, For all are Your servants.

92 Unless Your law had been my delight, I would then have perished in my affliction.

93 I will never forget Your precepts, For by them You have given me life.

94 I am Yours, save me; For I have sought Your precepts.

95 The wicked wait for me to destroy me, But I will consider Your testimonies.

96 I have seen the consummation of all perfection, But Your commandment is exceedingly broad.

King Charles launched the Astra Carta today; a framework, and an ambition for the private sector to embrace the next frontier of sustainability in space.

The Astra Carta builds on the foundation of the Terra Carta to shape a future of responsible and sustainable space exploration, development, and cooperation and proclaims him as King of the Universe. [The Terra Carta is built on the Magna Carta of King John of June 15, 1215 A.D.]

How does this event fulfill Daniel 9:27

Daniel 9:27 ***"Then he shall confirm a covenant with many for one week; But in the middle of the week He shall bring an end to sacrifice and offering. And on the wing of abominations shall be one who makes desolate, Even until the consummation, which is determined, Is poured out on the desolate."***

This verse unveils what will occur in the 70th **seven** years (which I believe is from Fall 2023-2030). **This seven-year period will begin after the Rapture of the church (which will**

consummate God's program in this present Age). The 70th "seven" will continue till the return of Jesus Christ to the earth. Because Jesus said this will be a time of "great distress" -(Matthew 24:21), this period is often called the Tribulation.

A significant event that will mark the beginning of this seven-year period is **the confirming of a covenant**. This covenant will be made with many, that is, with Daniel's people, the nation of Israel. "The ruler who will come" -(Daniel 9:26) will be this covenant-maker, for that person is the antecedent of the word he in Daniel 9:27. **As a yet-future ruler he will be the final head of the fourth empire (the little horn of the fourth beast, Dan 7:8).**

The covenant he will make will evidently be a peace covenant, in which he will guarantee Israel's safety in the land. This suggests that Israel will be in her land but will be unable to defend herself for she will have lost any support she may have had previously. Therefore she will need and welcome the peacemaking role of this head of the confederation of 10 European (Roman) nations. **In offering this covenant, this ruler will pose as a prince of peace, and Israel will accept his authority.** But then in the middle of that "seven," after three and one-half years, he will break the covenant. According to Daniel 11:45, he will then move from Europe into the land of Israel.

This ruler will end... sacrifice and offering. This expression refers to the entire Levitical system, which suggests that Israel will have restored that system in the first half of the 70th "seven." After this ruler gains worldwide political power, he will assume power in the religious realm as well and will cause the world to worship him -(2nd Thessalonians 2:4; Revelation 13:8). To receive such worship, he will terminate all organized religions. Posing as the world's rightful king and god and as Israel's prince of peace, he will then turn against Israel and become her destroyer and defiler.

Daniel was told that **"the ruler who will come"** -(Daniel 9:26) will place abominations on a wing of the temple. Christ referred to this incident: **"You [will] see standing in the holy place the abomination that causes desolation"** -(Matthew 24:15). John wrote that the false prophet will set up an image to this ruler and that the world will be compelled to worship it -(Revelation 13:14-15). But then his end will come (the end that is decreed is poured out on him). With his false prophet he will be cast into the lake of fire when Christ returns to the earth -(Revelation 19:20; cf. Daniel 7:11, Daniel 7:26).

This covenant could not have been made or confirmed by Christ at His First Advent, as amillenarians teach, because:

- (a) His ministry did not last seven years,
- (b) His death did not stop sacrifices and offerings,
- (c) He did not set up **"the abomination that causes desolation"** -(Matthew 24:15).

Amillenarians suggest that Christ confirmed (in the sense of fulfilling) the Abrahamic Covenant but the Gospels give no indication He did that in His First Advent.

As stated, the Antichrist will break his covenant with Israel at the beginning of the second half of the 70th “seven,” that is, it will be broken for three and one-half years. This is called **“a time, times, and half a time”** -(Daniel 7:25; Daniel 12:7; Revelation 12:14). The fact that this is the same as the three and one-half years, which in turn are equated with 1,260 days -(Revelation 11:3; Revelation 12:6) and with 42 months (Revelation 11:2; Revelation 13:5), means that in Jewish reckoning each month has 30 days and each year 360 days. This confirms the 360-day Jewish year used in the calculations in the chart, “The 483 Years in the Jewish and Gregorian Calendars” (near Daniel 9:26). **Since the events in the 69 sevens -(Daniel 9:24-26) were fulfilled literally, the 70th “seven,” yet unfulfilled, must likewise be fulfilled literally.** (Bible Knowledge Commentary~)

Amillennialism teaches that the six references in Revelation 20 concerning a 1,000 year reign of Jesus Christ does not exist. Amillennialism originated with Saint Augustine in the mid-fourth century AD. It has been the dominant teaching of the Roman Catholic and Orthodox Catholic faiths. It continued to be the dominant teaching of the early Protestant Reformation and today most mainline denominations unto the present hold this view. In Blessed Hope #165, I elaborated on this erroneous view of interpretation of Scripture. It came about through ignorance of the Greek Textus-Receptus.

Relative to what the UN and Prince Charles plans over the short period left this year, a fellow pastor posted his remarks in an article posted on June 29, 2023. Christian author Jonathan Brentner raised the issue of this being prophetically significant.

Is the UN’s Proposed Seven-Year Plan Prophetically Significant? – Jonathan Brentner

- <https://www.jonathanbrentner.com/https/jonathan-brentner-g8fgsqspacespacecom/config/2023/6/27/is-the-uns-proposed-seven-year-plan-prophetically-significant>

The UN recently announced that they need “7 Years of Accelerated, Transformative Action to Achieve SDGs.” The SDGs are the seventeen “Sustainable Development Goals” that the UN put in place eight years ago through which they intend to establish a one-world government.

Below is a quote from the UN’s website regarding the upcoming summit during which they hope the leaders of the world will commit to a seven-year initiative to achieve all their SDGs:

“The SDG Summit, in September 2023, must signal a genuine turning point. It must mobilize the political commitment and breakthroughs our world desperately needs. It must deliver a rescue plan for people and planet.”

At the center of this rescue plan, Heads of State and Government must recommit to seven years of accelerated, sustained, and transformative action, both nationally and

internationally, to deliver on the promise of the SDGs. Leaders can show their resolve by adopting an ambitious and forward-looking political declaration at the SDG Summit and presenting global and national commitments for SDG transformation.

Is the fact that the globalists of our day are thinking in terms of “seven years” prophetically significant?

Those who believe that the seventy weeks of Daniel 9:24-27 remain relevant for our day would answer “yes.” They teach that the last week of seven years, as the prophet describes in 9:27, awaits a future fulfillment.

Those that deny the restoration of a kingdom for Israel won’t place any prophetic significance in the UN’s seven-year plan. That’s because they claim that Daniel’s prophecy of seventy weeks is no longer relevant because the church is now God’s kingdom on earth and thus there’s no seven-year Tribulation followed by Jesus’ thousand-year reign described in Revelation 20:1-10.

Which position aligns with the words of Scripture? Let’s examine the evidence.

HAVE ALL OF GOD’S PURPOSES FOR THE SEVENTY WEEKS OF DANIEL 9:24-27 BEEN FULFILLED?

In Daniel 9:24, the Lord revealed all that He intended to accomplish through His “people,” the Israelites, and His “holy city,” Jerusalem, during the seventy weeks:

“Seventy weeks are determined upon thy people and upon thy holy city, to finish the transgression, and to make an end of sins, and to make reconciliation for iniquity, and to bring in everlasting righteousness, and to seal up the vision and prophecy, and to anoint the most Holy.”

Has God achieved all His purposes for His people and city during this extended time? No, He has not.

The Lord has not yet brought ***“everlasting righteousness”*** to the world. Yes, Jesus did atone for our sins upon the cross making ***“reconciliation for iniquity.”*** However, His purposes for the seventy weeks remain incomplete. God has not accomplished all these things through Israel and more specifically, through Jesus, His Son.

Because some would argue that the Lord has brought ***“everlasting righteousness”*** to the world in a spiritual sense through the church, we must continue to examine the words of Daniel’s prophecy.

WHAT DOES DANIEL SAY WILL HAPPEN TO THE TEMPLE DURING THE SEVENTIETH WEEK?

Daniel 9:27 tells us that at the midpoint of the last week, a future prince will desecrate a Jewish temple.

“And he shall make a strong covenant with many for one week, and for half of the week he shall put an end to sacrifice and offering. And on the wing of abominations shall come one who makes desolate, until the decreed end is poured out on the desolator.”

Has this defilement already happened, or does it await a future fulfillment? Some say that a Greek ruler named Antiochus Epiphanes fulfilled this prophecy on September 6, 171 BC when he offered a pig as a sacrifice on the altar of the Jewish temple. But was this a precursor to Daniel 9:27 or its fulfillment?

Those who have calculated the time of the first sixty-nine weeks of Daniel’s prophecy discover that this time period ended on the exact same day that Jesus’ rode triumphantly into Jerusalem, one week before He was **“cutoff”** fulfilling the words of Daniel 9:26. It’s illogical to say that the seventieth week occurred before the previous sixty-nine; that’s similar to saying the number twelve comes before the number five.

Secondly, and most importantly, the Lord Himself said that Daniel’s seventieth week remained unfulfilled in His day, two hundred years after Antiochus defiled the Jewish temple.

JESUS REFERRED TO THE TEMPLE DESECRATION WHEN TALKING ABOUT THE END OF THE AGE

Jesus, in Matthew 24:15, referred to the fulfillment of Daniel 9:27 as a future event:

So when you see the abomination of desolation spoken of by the prophet Daniel, standing in the holy place (let the reader understand).

When asked about the end of the age and His return to the earth, Jesus’ mentioned Daniel’s prophecy of the desecration of the temple as a sign of these things.

In AD 70, a Roman general named Titus destroyed the second Jewish Temple along with much of Jerusalem. This set off a persecution of the Jewish populace that resulted in the deaths of a great many. A great many pastors and Christians teachers/writers today claim that Titus fulfilled Daniel’s seventieth week as well as Jesus’ words in Matthew 24:15-20 at this time.

However, is it credible to say that Titus fulfilled Daniel’s prophecy of the seventieth week? No, it’s not. It’s impossible that Titus could’ve been the desolator of the temple during the seventieth week of Daniel because the what the Apostle Paul said about him.

PAUL PROPHESED THAT JESUS WILL DESTROY THE DESOLATOR OF THE TEMPLE AT HIS SECOND COMING

In 2nd Thessalonians 2:3-4, the Paul identifies the one who will desecrate the temple as the **“man of lawlessness,”** the one we refer to today as the **“antichrist.”**

“Let no one deceive you in any way. For that day will not come, unless the rebellion comes first, and the man of lawlessness is revealed, the son of destruction, who opposes and exalts himself against every so-called god or object of worship, so that he takes his seat in the temple of God, proclaiming himself to be God.”

The apostle tells us that the future desolator will blaspheme the Lord, sit in the **“temple of God,”** and **“proclaim himself to be God.”** This has to be the guy that the prophet talked about in Daniel 9:27 and that Jesus referred to in Matthew 24:15. Who else could it be?

Paul then adds one detail about the one that will commit Daniel’s **“abomination of desolation”** at the halfway point of the seventieth week:

“And then the lawless one will be revealed, whom the Lord Jesus will kill with the breath of his mouth and bring to nothing by the appearance of his coming.” (2nd Thessalonians 2:8)

Jesus Himself will kill the future prince that desecrates the temple at His Second Coming.

Unless one is prepared to argue that Jesus returned to the earth in AD 70 and killed the Roman general at that time, one cannot say that Titus fulfilled Daniel’s prophecy.

If the words of Scripture matter, the events of Daniel 9:27 can’t reach fulfillment until the time just before the Second Coming because the Bible tells us that Jesus will kill the desolator of the temple at His return to the earth.

THE APOSTLE JOHN WITNESSED THE DESOLATOR’S FUTURE DESTRUCTION

Writing in about AD 95, John tells us that the coming beast, whom we identify as the antichrist, will open **“its mouth to utter blasphemies against God, blaspheming his name and his dwelling”** -(Revelation 13:6). This is the guy of Daniel’s prophecy (9:27) as well as the one Jesus referred to Matthew 24:15. He’s also the **“man of lawlessness”** of 2nd Thessalonians 2. Who else could it be?

In Revelation 19:19-20, John provides an eyewitness of the future destruction of this future beast, the very one who will desecrate the Jewish temple at the midpoint of Daniel’s seventieth week:

“And I saw the beast and the kings of the earth with their armies gathered to make war against him who was sitting on the horse and against his army. And the beast was captured, and with it the false prophet who in its presence had done

the signs by which he deceived those who had received the mark of the beast and those who worshiped its image. These two were thrown alive into the lake of fire that burns with sulfur.”

Just as the Apostle Paul prophesied in 2nd Thessalonians 2:8, Jesus will destroy the “**desolator**” of Daniel 9:27 at His Second Coming.

The seventieth week can't be fulfilled until there's again a temple in Jerusalem, the antichrist defiles it, and Jesus kills its desolator at His Second Coming.

IRENAEUS (AD 130-202) REGARDED THE DESECRATION OF THE TEMPLE AS A FUTURE EVENT

Irenaeus, an early church leader, bishop in Lyons, France, and prominent theologian, wrote ‘*Against Heresies*’ in AD 180 to combat the spread of Gnosticism. He was born in Smyrna and received his training in the faith from Polycarp, whom the Apostle John himself disciplined personally .

In ‘*Against Heresies*’, book 5, chapter 30, section 4, Irenaeus wrote these words:

“But when the antichrist shall have devastated all things in this world, he will reign for three years and six months, and sit in the temple in Jerusalem; and then the Lord will come from heaven in the clouds, in the glory of the Father, sending this man and those who follow him into the lake of fire; but bringing in for the righteous times of the kingdom .”

This quote is important for the following reasons:

1. Irenaeus, writing 110 years after Titus destroyed the second temple, believed there would be a future temple in Jerusalem that the future antichrist would defile.
2. Irenaeus said that the antichrist would “*sit in the temple in Jerusalem*” exactly as Paul said he would do in 2nd Thessalonians 2:4.
3. Irenaeus also predicted that Jesus Himself would destroy the antichrist at His Second Coming, again just as Paul predicted.

Although Irenaeus’ words are not Scripture, it’s highly significant that a respected second century AD theologian believed there would be a third temple in Jerusalem in which the still future antichrist would sit and defile.

What’s most relevant for our discussion is that Irenaeus wrote these things at a time when both Israel and a temple in Jerusalem didn’t even exist.

THERE MUST BE A FUTURE SEVENTIETH WEEK OF DANIEL FOR ISRAEL AND JERUSALEM

Let's put together the biblical evidence for placing the desecration of the third temple in the future:

1. Daniel predicted that a coming prince would put an end to temple sacrifices and commit abominations at the temple at the halfway point of the seventieth week of His prophecy -(Daniel 9:26-27).
2. Jesus referred to Daniel's desecration of the temple and placed it at the end of the age, as a sign of His return to the earth -(Matthew 24:3, 15).
3. The Apostle Paul said that the Lord Himself will kill the desecrator of the temple at His Second Coming -(2nd Thessalonians 2:3-8).
4. Writing in AD 95, the Apostle John wrote about a future "beast" who would blaspheme God and His dwelling, the temple -(Revelation 13:6).
5. John witnessed the destruction of this beast, the antichrist, as the Lord allowed the apostle to see events related to His Second Coming -(Revelation 19:20).
6. Since a key event in Daniel's seventieth week of years has not yet occurred, the entire week must also await a future fulfillment.
7. Since it's true that the entire seventieth week of Daniel awaits a future fulfillment, then God's purposes for the nation of Israel and Jerusalem must also remain in effect.

So, is the UN's seven-year initiative prophetically significant? **Yes, it is!** We must not overlook the fact that the globalists of our day are thinking in terms of a seven-year commitment to their objectives. This is relevant not only because the seventieth week of Daniel's prophecy remains unfulfilled, but also because of the convergence of a great many signs pointing to the nearness of the seven-year Tribulation. These things should heighten our curiosity.

Please know that I'm not predicting the Lord will return for us this year with the antichrist using the September UN meeting to put in place the seven-year covenant of Daniel 9:27. I realize we might not be quite that close to the Rapture.

But what if we are? What if Jesus comes for us today, this week, this summer.

Are you ready?

As many Christian authors will attach such disclaimers to their writings, I am not reluctant to state from a mathematical statistical probability, the collective evidence by both Craig Bong and Jonathan Brentner in my mathematical way of analysis goes without need for being apologetic in their premises and conclusions. I'm saying the Rapture is very close and I suggest specific dates we need to be watching!

We are at a point now where we are seeing pushback against the plans of Prince Charles in his own country and those who act on behalf of him, such as Klaus Schwab, Bill Gates, John Kerry, and those who hope to be among the "in crowd!"

THE KING WHO EXALTS HIMSELF

“The king will do as he pleases. He will exalt and magnify himself above every god and will say unheard-of things against the God of gods. He will be successful until the time of wrath is completed, for what has been determined must take place. He will show no regard for the gods of his ancestors or for the one desired by a woman, nor will he regard any god, but will exalt himself above them all.” - (Daniel 11:36-37)

The heraldic achievement here is very symbolic, showing the King's crown over all the Universe looking down upon Earth he supposedly protects. A similar symbolic heraldic achievement is seen with his Terra Carta, the kings' crown over all of creation on earth, for people, planet and nature.

Sustainable Markets Initiative Launches Astra Carta

Building Momentum for Space Sustainability in the Private Sector

London, England: Today the Sustainable Markets Initiative launched the Astra Carta, a framework, and an ambition for the private sector to embrace the next frontier of sustainability in space. The Astra Carta builds on the foundation of the Terra Carta to shape a future of responsible and sustainable space exploration, development, and cooperation. It aims to serve as a roadmap for the global private sector to align their space-related activities with sustainability goals, approaches, and standards in partnership with governments, international organizations and other stakeholders.

The launch of the Astra Carta framework brings to reality a vision for space sustainability outlined by His Majesty King Charles III, in his previous role as Prince of Wales, at the Space Sustainability Summit in 2022. The Sustainable Markets Initiative led the development of the Astra Carta and today at a Space Sustainability reception at Buckingham Palace, **The King unveiled the Astra Carta seal, designed by Sir Jony Ive and is a visual representation of the ambitions of the Astra Carta.**

“Inspired by His Majesty’s vision, the Astra Carta is a collective call to action that seeks to unite the public and private sectors and other stakeholders in a shared commitment to the responsible and sustainable use of outer space. As we embark on this journey we remember to preserve and protect our origins on Earth. Inspired by the Terra Carta, which continues to chart a path towards a more sustainable future for Nature, People and Planet, this transformative framework extends those principles to the realms beyond our world. The Astra Carta harnesses the power of collective will, curiosity, scientific discovery, sustainability, and ethical stewardship to guide us in this new frontier of possibilities.” said Jennifer Jordan Saifi, Chief Executive Officer, Sustainable Markets Initiative. *“This means placing sustainability at the centre of all that we do across the space value chain.”*

The Astra Carta’s framework - similar to the Sustainable Markets Initiative’s Terra Carta - aims to convene the private sector in creating an ambition and momentum in advancing and accelerating sustainable technology and business models. It also recognizes the unique role that space can play in creating sustainable Earth and the need for space-related industries to consider environmental and sustainability impacts both on and beyond our planet. Its ambition encourages a focus on placing sustainability at the core of space activity.

A zero draft of the Astra Carta was released for global consultation. It was created with input and inspiration from space and industry experts, of which Colonel Chris Hadfield, former Canadian astronaut and commander of the International Space Station consulted on the creation of the Astra Carta framework.

“The Astra Carta creates an opportunity to align private sector and other stakeholders with an ambition to place sustainability at the heart of the space industry. Whether its executing activity in the most sustainable way or leveraging all that space has to offer for sustainability here on Earth, the Sustainable Markets Initiative’s Astra Carta is a call to action and convenes those best placed to contribute,” said Hadfield.

The Astra Carta framework is visually articulated through the Astra Carta seal, which was designed by Sir Jony Ive and his collective team at LoveFrom. The Astra Carta seal design complements the Sustainable Market Initiative’s Terra Carta seal which Sir Jony Ive and team designed in 2021.

“We were fascinated by the celestial rhythms that were illuminated during this design process, and how they are profoundly connected to the patterns of life on Earth,” said Sir Jony Ive. *“This feels a crucial time to do more to protect the natural universe in the*

broadest sense, and we are deeply honored to have been able to contribute to this important and pioneering project.”

The Astra Carta's motto – to care for the infinite wonders of the universe – defines the edge of the seal. The seal complements the same typography and has the St Edward's Crown as does the Terra Carta seal. The structure is similarly defined by sacred geometry, overlaid with astronomical motion. The Earth is at the centre, showing the Sun and annular eclipse of the Moon, with the transit of Mercury, dance of Venus and Mars. Symbolic constellations from the night sky in both the northern and southern hemispheres include Cepheus, Orion, Monoceros, Centaurus, Crux, Leo, and Charles' Wain within Ursa Major, as well as the North Star. Deep space and the distant universe are represented by glimmering space dust and infinite blackness.

LoveFrom's references included astronomical charts, astrophotography, and constellation maps. Every element is designed to reinforce the aspiration and authority of the Astra Carta, as well as the sense of awe at the universe it seeks to protect.

King Charles is on top of the pyramid scheme of Freemasonry. That means he is of the highest order---the Order of the Garter.

In world-wide Scottish Rite Freemasonry, all Grand Lodges and members of the 30th-33rd Degrees are sworn to loyal obedience to the Order of the Garter, the equivalent to Papal Authority. In the U.S. there is a Grand Lodge for each State. In Albert Pike's Handbook for Masons, *'Morals and Dogma'*, which contains the rites and rituals of the various degrees of the Scottish Rites of 33rd Degree Masonry, it reveals who Freemasons worship. **In the rites and rituals for the 19th degree, the brother Mason is told that he worships Lucifer and not Adonay of the Bible.**

The apostle Paul tells us that Satan masquerades as an angel of light:

"And no marvel; for Satan himself is transformed into an angel of light" (2nd Corinthians 11:14).

One example of this masquerading is the culture of secret societies that claim to have illumination or light but are in fact full of darkness. Their Gnostic teaching inverts the truth, making Satan the god and God the enemy. The following sources attest to the fact that Freemasonry is Luciferian:

Occultist and author Manly Palmer Hall:

"When the Mason learns that the key to the warrior on the block is the proper application of the dynamo of living power, he has learned the mystery of his Craft. The seething energies of Lucifer are in his hands and before he may step onward and upward, he must prove his ability to properly apply energy" (emphasis added).i

"I hereby promise the Great Spirit Lucifuge, Prince of Demons, that each year I will bring unto him a human soul to do with as it may please him, and in return Lucifuge promises to bestow upon me the treasures of the earth and fulfill my every desire for the length of my natural life. If I fail to bring him each year the offering specified above, then my own soul shall be forfeit to him". Signed...{Invocant signs pact with his own blood}.ii

Eliphas Levi:

*"What is more absurd and more impious than to attribute the name of Lucifer to the devil, that is, to personified evil. The intellectual Lucifer is the spirit of intelligence and love; it is the paraclete [an advocate]; it is the Holy Spirit, where the physical Lucifer is the great angel of universal magnetism".*iii

Albert Pike, 33-degree Freemason and author of *Morals and Dogma*:

"Lucifer, the Light-Bearer! Strange and mysterious name to give to the Spirit of Darkness! Lucifer, the Son of the Morning! Is it he who bears the light, and with its splendors intolerable blinds feeble, sensual or selfish Souls? Doubt it not!"iv

"The devil is the personification of Atheism or Idolatry. For the Initiates, this is not a Person, but a Force, created for good, but which may serve for evil. It is the instrument

of Liberty or Free Will. They represent this Force, which presides over the physical generation, under the mythological and horned form of the God Pan; thence came the he-goat of the Sabbat, brother of the Ancient Serpent, and the Light-bearer or Phosphor, of which the poets have made the false Lucifer of the legend".v

"The true name of Satan, the Kabalists say, is Yahweh (GOD) reversed; for Satan is not a black god, but a negation of God...the Kabala imagined Him to be a "most occult light."vi

"That which we must say to a crowd is—We worship a God, but it is the God that one adores without superstition. To you, Sovereign Grand Inspectors General, we say this, that you may repeat it to the Brethren of the 32nd, 31st, and 30th degrees—The Masonic Religion should be, by all of us initiates of the high degrees, maintained in the purity of the Luciferian Doctrine. If Lucifer were not God, would Adonay whose deeds prove his cruelty, perfidy and hatred of man, barbarism and repulsion for science, would Adonay and his priests, calumniate him? Yes, Lucifer is God, and unfortunately Adonay is also god. For the eternal law is that there is no light without shade, no beauty without ugliness, no white without black, for the absolute can only exist as two gods: darkness being necessary to the statue, and the brake to the locomotive. Thus, the doctrine of Satanism is a heresy; and the true and pure philosophical religion is the belief in Lucifer, the equal of Adonay; but Lucifer, God of Light and God of Good, is struggling for humanity against Adonay, the God of Darkness and Evil".vii

Arthur Edward Waite, 33-degree Freemason

"First Conjunction Addressed to Emperor Lucifer. Emperor Lucifer, Master and Prince of Rebellious Spirits, I adjure thee to leave thine abode, in whatsoever quarter of the world it may be situated and come hither to communicate with me...I command and adjure thee, Emperor Lucifer, as the representative of the mighty living God, and by the power of Emanuel, His only Son..".viii

In 1st John 4:1, we see this command to all Christians: **"Beloved, believe not every spirit, but try (test) the spirits whether they are of God: because many false prophets are gone out into the world."** Thus we see that any religious teaching that does not conform to Scripture is from a "false prophet".

This exercise is not an empty one, for your eternal, precious soul is at stake. Finally, remember two things about Masonry: 1) Superior Masons deliberately lie to their fellow Masons, as those Masons "deserve to be misled"; 2) Explanations given to 95% of all Masons are wrong. Listen to this quote from a Masonic author, Carl Claudy: "Cut through the outer shell and find a meaning; cut through that meaning and find another; under it, if you dig deep enough, you may find a third, a fourth -- who shall say how many teachings?" You have been lied to, as we demonstrate in our many articles. Finally, remember Albert Pike's bold assertion in *Morals & Dogma*, that "Masonry is identical to the ancient Mysteries", which means that all their teachings in all their books are precisely the same as the Ancient, Pagan, Satanic Mysteries! [pg. 624, teachings of the 28th Degree]

In several segments of my Blessed Hope series I have shown the irrefutable evidence to the fact that Prince Charles of Wales, Head of the Order of the Garter, is the Biblical false messiah, also known as "THE ANTICHRIST".

The public has been led to believe the Masonic Order is a fraternity that does good works for their community, but in secret, at the upper ranks, they connive and conjure a different agenda. They are heavily represented in the ranks of law enforcement, the courts, and judicial system, which empower the political world of governments worldwide. An example of how this power is applied can be seen in New England fishermen that follows. Most world leaders are higher-degree Freemasons, but often in secret!

New England fishermen are facing growing regulations—from the amount of fish they are allowed to catch to large sections of ocean they can no longer work because of "offshore wind development."

"The New England fishermen are the most regulated fishermen in the world," Jerry Leeman says. Leeman has been fishing in Maine his entire life. His father, grandfather, and great-grandfather were all fishermen.

The National Oceanic and Atmospheric Administration collects data and determines how much of a certain kind of fish the fishermen are allowed to process, Leeman says,

but the limits have been so greatly reduced in some categories of fish that it is “making it so unviable for us to even make a profit.”

Its forcing boats either out of the industry or forcing them to lease their quota just to make ends meet.

Federal regulations have now reduced the amount of haddock landings for commercial fishermen by more than 80%, Leeman said.

“The reduction in fish that fishermen are allowed to catch and “offshore wind development,” which is taking over “just under 10 million acres” of ocean, prompted Leeman, along with fisherman Dustin Delano, to create the New England Fishermen’s Stewardship Association to advocate for the region’s fishermen.”

The association launched in May to *“keep the resource viable for our heritage, for the next generation to be able to process a resource for the U.S. consumer,”* Leeman says. If something doesn’t change, Leeman says, America will be further *“dependent on other nations to feed us with protein resources.”*

Leeman and Delano join *“The Daily Signal Podcast”* to explain how New England fishermen are being regulated out of their industry, and what they are doing to preserve commercial fishing for the next generation of New Englanders.

Milan Adams writing for the *‘Lew Rockwell Report’* reminds us important words from the Prophet Isaiah. The prophet Isaiah warns us that in the last days God is going to *“turn the world upside down.”* He declares, ***“Behold, the Lord maketh the earth empty, and maketh it waste, and turneth it upside down”*** -(Isaiah 24:1).

According to this prophecy, sudden judgment is coming upon the earth, and it will change everything in a single hour. Within that short span, the whole world will witness fast-falling destruction upon a city and a nation, and the world will never be the same.

If you are attached to material things — if you love this world and the things of it — you won’t want to hear what Isaiah has prophesied. In fact, even to the most righteous of God’s people, what Isaiah says might seem unthinkable. Many would surely ask, “How can an entire world be stricken in one hour?”

If we didn’t believe the Bible is God’s pure Word, few of us would take Isaiah’s prophecy seriously. But Scripture makes it clear: in a single hour, the world is going to change. The church is going to change. And every individual on earth is going to change.

The apostle John gives a similar warning in Revelation. He speaks of destructive judgment coming upon a city and nation: ***“In one day, death, and mourning, and famine; and she shall be utterly burned with fire: for strong is the Lord God who judgeth her.... For in one hour so great riches is come to nought”*** -(Revelation 18:8, 17).

In Isaiah's prophecy, the city under judgment is cast into confusion. Every house is shut up, with no one coming or going. **"The city of confusion is broken down: every house is shut up, that no man may come in"** -(Isaiah 24:10). The entire city is left desolate: **"In the city is left desolation, and the gate is smitten with destruction"** - (24:12). All entrances and exits to the city are gone. The passage indicates that a fire has come, a blast that has shaken the very foundations of the earth (see 24:6).

We who live in New York City know something about this kind of scene. When the Twin Towers were attacked, the ominous fires and smoke could be seen ascending to heaven for miles. Recently, New Yorkers panicked as a mass of steam erupted from below a city street. People ran in all directions screaming, *"Is this it? Is this the end-all attack?"*

Today, multitudes of secular prophets are saying a nuclear attack is inevitable. The target they mention most often is New York, but it could happen in any major city: London, Paris, Tel Aviv, Washington. Neither Isaiah nor John names the city upon which destructive judgment falls. I don't intend this message to frighten anyone.

Let me make clear at this point: I don't intend this message to frighten anyone. Paul tells us that as disciples of Jesus Christ, we have already passed from death into life. We who call on Jesus as Lord should be confident that no matter what happens in this world, his shed blood saves and redeems us.

Therefore, we are not to fear any newscast, but rather to be attentive to what the Lord is doing in the world. Like many people, I hear grievous reports that make me want to tune everything out. But the truth is, God moves in the midst of such times, and through them he speaks warnings to all who would hear his voice. Isaiah's prophecy points clearly to our generation.

I believe, along with many eminent Bible scholars, that Isaiah's prophecy points to the last days. By that, I mean our present time. In short, sudden judgment is coming, and Scripture strongly indicates it is now at the door.

At this point you may be wondering: *"How can we be sure we're the generation this prophecy points to?"* We can know by two reasons that such judgments are imminent:

1. A growing number of prophets warn of an apocalyptic disaster at the door. When I use the word "prophets," I speak not just of those in the church. I'm talking also about "secular prophets."

There are several precedents for secular prophets in Scripture. God used Assyria as his rod of correction with Israel. And he appointed King Cyrus as his servant to assist Israel: **"(The Lord) saith of Cyrus, He is my shepherd, and shall perform all my pleasure"** (Isaiah 44:28).

Likewise today, God uses secular prophets to send warnings. These become “*his prophets*” for a season. And their prophecies can be harder than those delivered by believers. The message I’m writing here is mild compared to the prophecies being delivered by all manner of secular voices. Just check your newspaper or radio reports.

“Surely the Lord God will do nothing, but he revealeth his secret unto his servants the prophets” -(Amos 3:7).

2. Sudden destruction comes when the cup of violence overflows. Sensuality, perversion and greed are running rampant throughout our society. Yet, when God sent the Flood upon the earth, it was because of a worldwide eruption of violence: “*The earth also was corrupt before God, and the earth was filled with violence*” -(Genesis 6:11).

Right now, there are numerous wars and bloody uprisings taking place around the globe. Yet foremost in my mind is the violence being waged against children worldwide:

I think of the sexual violence of pedophiles. Children all over the world are being raped, kidnapped and forced into enslavement in the global sex trade. Recently, a pedophile in the U.S. was discovered running a web site that advises other pedophiles on the easiest places to pick up children. There is no law in place to stop this man. The world’s largest church denomination has spent hundreds of millions of dollars to settle the claims of those who were molested in childhood by clergy. Tell me, how long will God endure the pitiful cries of children who are molested by those who would represent Christ?

Thousands of children in Africa are being slaughtered in tribal wars, hacked to death by machetes. Young boys — even those under ten years of age — are enlisted into tribal militias and forced to murder men in initiation rites.

Here in the U.S., the blood of millions of aborted babies cries out from the ground. Reports of school murders no longer shock many of us but continue to terrorize our children. We may grow hardened to such reports, but God’s heart is grieved by them.

I tell you, there is no worse violence than the brutalizing of children. Heaven is crying out, “**Woe, woe! Your judgments have no cure.**” 1. In one hour, God is going to change the whole world.

A sudden cataclysmic event will strike, the first of the final judgments of God. This great event will cause the earth to reel. And Isaiah says that when it hits, there will be no place to escape: “**The lofty [proud] city, he layeth it low...even to the ground; he bringeth it even to the dust**” (Isaiah 26:5). “**The inhabitants of the earth are burned**” (24:6).

Once this happens, utter chaos will erupt. All civic activities will stop, and society will descend into massive disorder. Government agencies will be helpless to restore any kind of sanity. No state troopers, no national guard, no army will be able to bring order to the upheaval.

You well remember that when the Twin Towers were destroyed, help poured into New York from all over the world. An army of people came to assist in whatever way they could. But the scene in Isaiah's prophecy is different: this calamity is clearly beyond humankind's capacity to respond.

Presidential prodigal son Hunter Biden's transparently sweetheart plea deal consummated with his daddy's Justice Department encapsulates, in many ways, the two-tiered system of justice that conservatives have been decrying at least since then-FBI Director James Comey let then-presidential candidate Hillary Clinton off scot-free for her infamous email server because, in his words, "no reasonable prosecutor" would have brought the case. After a five-year Department of Justice criminal probe, which was rocked in recent months by an IRS whistleblower coming forward to sound the alarm on the feds' all-too-predictable kid-gloves treatment of Hunter, the ex-crack addict and foreign influence-peddler will escape jail time and avoid any punishment at all (other than a two-year probation period) for having brazenly lied on a federal firearms background check form. We no longer live in a Republic, but rather a Tyrannical regime that wants to further enslave every man, woman, and child. The U.S. has become no better than Venezuela.

E. Jeffrey Ludwig in [a recent article](#) attacking the false and selfish values of the World Economic Forum and Agenda 2030 of the United Nations, three of the five pillars of Agenda 2030 were revealed as ideological nothing-burgers. All five terms by which Agenda 2030 is introduced are rhetorical devices used to say nothing but, at the same time, to imply that high-mindedness is the seed of the conception of Agenda 2030.

The five terms are People, Planet, Peace, Prosperity, and Partnership. The first three were mocked and debunked already. This outraged rejection of the U.N.'s plans will now expose the superficiality and vapidness of their ideas of Prosperity and Partnership.

The goal of Prosperity is, incredibly, summed up in one sentence: *"We are determined to ensure that all human beings can enjoy prosperous and fulfilling lives and that economic, social and technological progress occurs in harmony with nature."* Saying prosperity means to *"enjoy prosperous ... lives"* is a circular definition at best. What is happiness? Answer: To be happy is to have a happy life. Is any reader edified by this, or is this English usage that should have been put beyond one's written repertoire by the end of seventh grade?

Then they become more *"expansive"* and state a partiality toward *"economic, social and technological progress."* Yet the globalists consistently communicate the view that economic, social, and technological progress occurring since the Industrial Revolution began, and since Western civilization brought these forms of progress into the world, is a mask for oppression of peoples. This oppression throughout the world includes but is not limited to women, *"people of color,"* homosexuals, transsexuals, queer persons who have erotic tendencies that cannot be captured in any rubric, various parts of the animal and aquatic kingdoms, and poor people in general who have not benefited from

progress as much as they should have. To read their tirades is to believe that nature itself is collapsing under our colossal mismanagement of the world's resources.

Of course, "*abortion rights*" are essential for this anti-human one-world government crowd because of women's health, but also because over-population is draining our resources. Under Karl Marx's labor theory of value, the working poor should have reaped the greatest share of the profits of industrialization but were exploited and did not receive their due.

Notice that the one-sentence definition of prosperity does not say that prosperity should occur in harmony with democratic or republican values such as rights or life or liberty. It does not say that they should be in harmony with classical rationality and logic à la Socrates, Plato, and Aristotle. It does not say they should be in harmony with Judeo-Christian morality or belief in an omniscient, omnipresent, or omnipotent God, Creator of the Universe. No, the prosperity machine should be "*in harmony with nature.*" "*Nature will decide our destiny.*" "*Nature created "the land of the free and the home of the brave."* They force-feed this pap to an ignorant — or, to be kind, naïve — world.

Here, the attraction of certain successful persons to the ideas of Friedrich Nietzsche regarding the "*Übermenschen*" (super-men) is crucial. The supermen appear as advanced products of a morally evolved society. Influenced by Nietzsche's understanding of the "*transvaluation of values*," where what has been considered good is bad, and vice-versa, democratic and nationalistic values, particularly those related to Greek rationality and Judeo-Christian morals, should be set aside. A new type of person must rule, and rule on a global scale.

The "*new person*" supposedly will usher in this new type of prosperity. The new prosperity will not be restrained by past boundaries or morals or rationality. Instead, the world government elite will deliver goods and services under an impulse of unfettered lust for wealth (masquerading as "meeting needs"), and that unfettered urge for wealth will be enforced by a New World Order, a World Government that is portrayed by them as truly free (sic).

The second term in Agenda 2030 that we need to identify and reject is the word "*Partnership.*" Partnership is defined this way: "*We are determined to mobilize the means required to implement this Agenda through a revitalized Global Partnership for Sustainable Development, based on a spirit of strengthened global solidarity, focused in particular on the needs of the poorest and most vulnerable and with the participation of all countries, all stakeholders and all people.*"

This wordy definition is a restatement of the Marxist principle "*from each according to his ability, to each according to his need.*" Putting aside the sexism implicit in the use of the possessive pronoun "*his*" (please forgive the sarcasm), this emphasis on needs in Agenda 2030 replaces the emphasis on rights that was central to the U.N.'s Universal Declaration of Human Rights, which appeared as a founding document in 1948. In that document, the word "*rights*" appeared in almost every section, whereas in Agenda

2030, the word "rights" appears only once, in Section 19 of 91 sections and 17 principles.

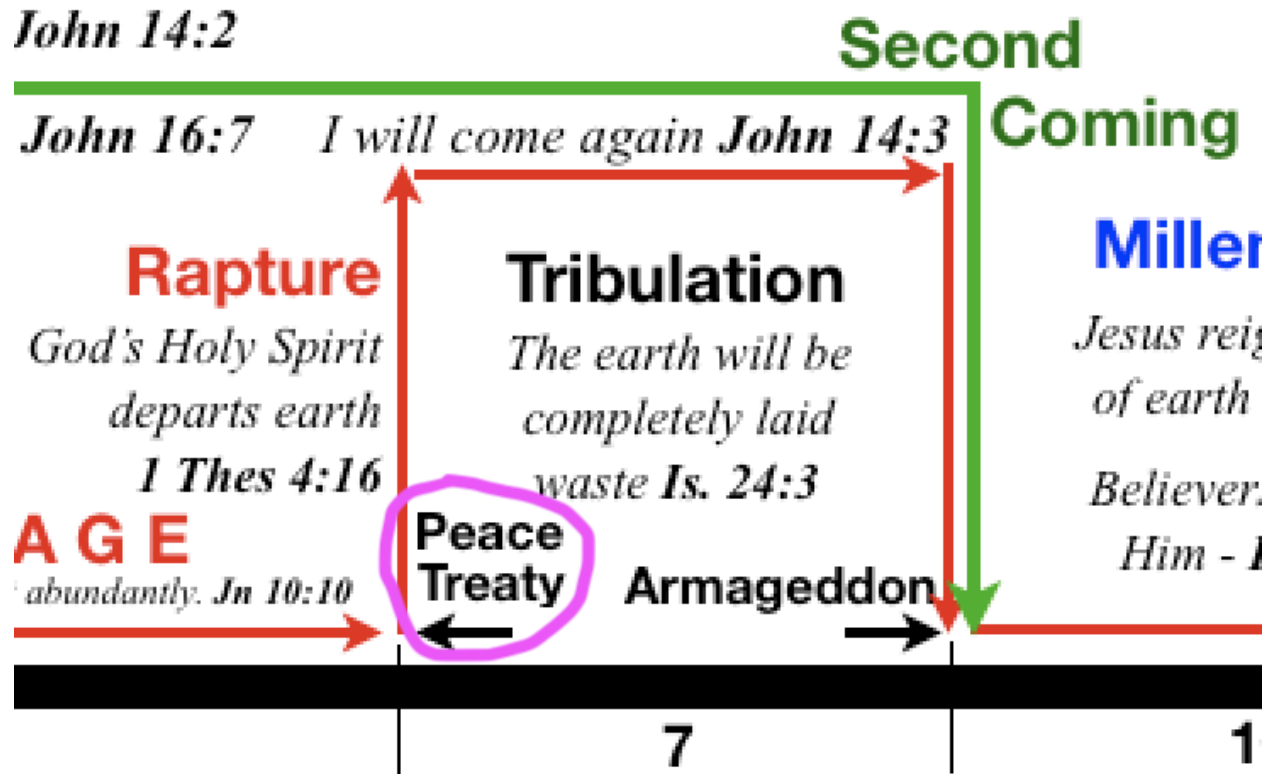

This writer would suggest that global governance to "meet needs" is the updated counterpart of *soviets* ("workers' councils") to meet needs under communist theory. However, as we know, communist theory allows for a dictatorship of the proletariat prior to the advent of workers' councils because the dictatorship will help prepare the people for the supposedly greater meeting of needs and greater freedom that they will enjoy under workers' councils. Workers' councils will provide a refreshing alternative to capitalist oligarchies that deprive people of the true benefits of their labor.

Meanwhile, the poor never had it as good as they have had their lives under capitalism, but don't worry: that happiness is just an illusion that will be revealed once the new communist government is established. In parallel fashion, the capitalism that enhances and works with the nation-state concept leads to wars, which undermine the joy and prosperity of the world. Under a one-world government, wars will come to an end, because the benefits of a uniform world law will dilute the inherent competitiveness of capitalist nation-states, and thereby reinforce peace — peace among men and peace with nature. At the same time, the U.N., which supposedly exists to advance world cooperation and peace has not been able to do more than pass a pitiful resolution against the war in the Ukraine.

We have considered two of the five horribly deceptive terms put forward to inspire readers as they begin to study Agenda 2030. One of my goals is to tear the mask of words off the horrible face of world government. It is a face of greed and lust for power rarely seen since the creation of the world.

Any Bible prophecy student worth their salt knows the Tribulation begins with a 7-Year Peace Treaty. We obviously don't know if this is THE 7-year peace agreement, but it could be since it has all the earmarks of what Daniel says:

“And he will make a firm covenant with the many for one week” (7 years), -Daniel 9:27.

In another report on Tuesday, June 27th, 2023, a Russian government passenger aircraft has flown to Washington DC, Houston, and Chicago to remove Russian diplomats from America and transport them back to Moscow. Great Britain's iNews reported that the Russian airliner is part of the Kremlin's special flight squadron used to transport Vladimir Putin and important Russian government officials.

According to iNews, the flight departed Moscow at 9:27 GMT on Tuesday and took an obscure route avoiding EU airspace. A U.S. State Department spokesperson confirmed to iNews that the flight's purpose was to bring Russian diplomats in America back to Russia. The implications of this for the woke generation, when a nation is prepared to go to war, it withdraws its ambassadors and diplomatic corp.

The late Dr. Chuck Missler once associated the Rapture of the Church as God removing His ambassadors here on Earth, bringing them home before a nuclear war breaks out between Russia, China, North Korea against NATO and the U.S.

This is a 'Must View' video of Prince Charles coming plan to change the world:

[Something Terrifying is Coming from the Middle East in 2023](#)

This hour long video reveals how close we are to the "Seven" year period the Bible refers to as Daniel's 70th Week Prophecy or the Tribulation! The Rapture will take place prior to the beginning of this fulfillment of Prince Charles signing of and the fulfillment of Daniel 9:27!

"And he shall confirm the covenant with many for one week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate." -(Daniel 9:27). How much more explicit could God be in telling us when Jesus Christ "Raptures the Bride" home????

Are you ready for the global CBDC the powers that be are readying to implement? July 26th at 2 PM you will find out how it affects ALL U.S. citizens. More below on this plan. It will hurt savers, those who put their money in the banks.

Based upon what we have learned from Craig Bong's video above, we can narrow the time frame down to between now and September 15th -16th.

The "Key" days are: 9th of Av on July 26th and Rosh HaShanah on September 15th.

<p>Days to July 26th as of 6/30/23 – 26 Days Days to September 15th as of 6/30/23 – 77 Days</p>

Interestingly so, July 26th has another reason for our concern. The Federal Reserve System has 110 banks signed on to a new program to replace our dollars, with the immediate implication of a U.S. Dollar recall on July 26th. In fact, at 2 P.M. on July 26th the White House, the U.S. Treasury and Federal Reserve System will announce a national recall on your FDC Notes and implement the new CBDC [Cashless Economy]. What this means is that the government can control your spending. **After July 26th, 2023, NO ONE WILL BE ABLE TO OPT OUT OF THE NEW CENTRAL BANK DIGITAL CURRENCY.**

How do I know all this and how do I know it to be true. I receive many investment letters that pick investment opportunities. My reason is not to get rich but rather to know what it is and who it is that is driving the markets in the U.S. and elsewhere, where potential exists to increase personal wealth. It was from Porter Stansberry

Investments that I learned that it was Larry Fink CEO of Blackrock and Michael Bloomberg of Bloomberg Media who are spearheading Prince Charles “Sustainable Development Goals” agenda inside the U.S. It was then simply a matter of investigation of how they were influencing (extorting) American companies to comply with the “Great Resetter” himself, Prince Charles aka **The Antichrist of Revelation 13!** Their strategy is to use control of the lending of credit to force compliance to the Antichrist Plan. They sent out letters to all corporations and stated that they would have to comply with Prince Charles “Sustainable Development” Goals or prepare to go out of business. In simple terms, “play ball or don’t expect any bank to advance credit or money to fund whatever a company needs to stay in business!”

The Biden administration quietly authorized an Executive Order launching a study into the CBDC on March 9th of 2022, a sign of what was on the horizon for U.S. citizens. The rise in digital assets creates an opportunity to reinforce American leadership in the global financial system and at the technological frontier, but also has substantial implications for consumer protection, financial stability, national security, and climate risk. The United States must maintain technological leadership in this rapidly growing space, supporting innovation while mitigating the risks for consumers, businesses, the broader financial system, and the climate. And, it must play a leading role in international engagement and global governance of digital assets consistent with democratic values and U.S. global competitiveness. It was precipitated by the U.S. support of the Ukrainian government. Their (U.S.) own words are a confession of their objective!

When the Biden administration placed sanctions on Russia, it froze \$858-billion of Russian assets in U.S. dollars held in Russian bank accounts around the world, denying Russia the ability to do any business world-wide and prevent Russia to spend their U.S. dollars for international business. This then led to what now is going to lead the world into the “cashless economy” referred to in the Bible. I am not going to go into all of the finer details other than to say, when you control people’s money you can control their every aspect of their life!

That is why President Biden signed an Executive Order outlining the first ever, whole-of-government approach to addressing the risks and harnessing the potential benefits of digital assets and their underlying technology. The Order lays out a national policy for digital assets across six key priorities: consumer and investor protection; financial stability; illicit finance; U.S. leadership in the global financial system and economic competitiveness; financial inclusion; and responsible innovation.

The Federal Reserve defines CBDCs as “*a digital form of central bank money that is widely available to the general public.*” A key difference from current forms of digital cash in a bank account or payment app is that the money would be a liability of the Fed and not commercial banks — hence the “*central bank money.*” This means it would be an actual U.S. dollar in digital form, not an investment in a cryptocurrency or a holding in your PayPal account. The down side to CBDCs is many and most of you do not understand how you are being fleeced of all your wealth once the announcement is

made on July 26th, 2023 at 2 PM! CBDCs are built upon what is known as block chain technology. It will leave no one out of the system and your cell phone will function initially as your interface contact before it becomes fully integrated with your personal ID “QR” Code which is basically the “Mark” of the Beast System. Your cell phone app is only one step removed before transitioning to your right hand or forehead! It relies on what is known as ‘Near Field Communications’. Many are already using it with your cell phone to buy items at gas stations or convenience stores! And they never knew they were being lured into the “Mark” of the Beast System of Revelation 13! This is the “bait” part of the “bait and switch” that follows in the shadows!

My source of this information for the Federal Reserve’s announcement date of July 26th at 2 PM comes from another business investment letter, the *‘Palm Beach Letter’*. From my information source, I know how to make millions with a small investment. This information is infinitely more valuable to me in warning folks about the Greatest Reset the world will ever experience. You do not want to become a victim of Hosea 4:6 ~ “My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.”

In some respects, a digital dollar would be similar to our existing printed currency. The Federal Reserve would continue to set policies and interest rates tied to the currency, and people would be able to pay vendors with their existing bank accounts and credit and debit cards.

There are, however, substantial differences. For starters, a digital dollar would, by definition, not exist in print form. Once the transition to a digital dollar is complete, you wouldn't be able to go to the bank or an ATM and get physical cash out of an account that contains your digital currency.

More importantly, a digital currency would likely be designed in a way that would give government and/or the Federal Reserve substantial control over its use and supply. The Federal Reserve could, for example, simply create more digital dollars with a push of a button and distribute them at the drop of a hat. Similarly, it could just as easily take digital dollars away from banks through a variety of monetary tools. Historically, governments steal from the public through taxes and inflation. This has been going on for thousands of years. Recall, it was Jesus who upset the money changers tables at the Temple to steal from the masses. In Matthew 21 and Mark 11 where we learn that Jesus showed righteous indignation with the money changers by upsetting their tables of exchange. The tax collectors shaved the metal of the coins and shekels as a mean to steal for themselves from the worshippers.

In 1933 President Franklin Roosevelt signed Executive Order 6102 requiring Americans to turn in their gold or be fined and sent to jail. The government paid \$20.67 per Troy ounce, but then later turned around and re-valued gold at \$35 an ounce. The theft by the government cost citizens turning in their gold lost 40% of their assets. On January 30, 1934 -- The Gold Reserve Act of January 30, 1934 required that all gold and gold

certificates held by the Federal Reserve be surrendered and vested in the sole title of the United States Department of the Treasury and they changed the value of the dollar in gold from \$20.67 to \$35 per ounce. Could this happen later once the CBDC "Digital Dollar" is in use? My dear friends, you can bet on it to happen!

Digital dollars could easily be tracked by banks, federal agencies and the Federal Reserve. They could also be programmed to control the kinds of things people can buy, how much could be purchased at a single time or any number of other variables.

In short, the development of a digital currency could present the most dramatic expansion of federal power in history, depending on its design. The development of a digital currency should worry Americans everywhere, regardless of their ideological and political views. Once a digital currency is in place, government and/or Federal Reserve officials would have more power than ever to control, track and coerce individuals and U.S. businesses—likely without needing new laws approved by Congress. ***"And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name."*** -(Revelation 13:17).

This past week the Oracle of Omaha, Warren Buffet made another huge donation to the Gates Foundation. Buffett teamed up with Bill Gates and Gates' ex-wife Melinda French Gates to create the 'Giving Pledge' and vowed to donate nearly all of his fortune to charity. Buffet owns Dairy Queen and the BNSF Railroad. There are 5,700 Dairy Queen locations across the nation, not to mention some 27 countries as well.

The BNSF Railroad operates 32,500 miles of railroad in 28 states with three transcontinental lines that virtually reach the entire country. His employees on the BNSF hold different views about the Oracle of Omaha, and I will not share their views but late last year Senator Bernie Sanders called out the Oracle of Omaha over BNSF Railway, which made a record \$6 billion profit last year. U.S. rail workers were threatening to strike over a lack of paid sick leave and onerous scheduling. *"In one day, Mr. Buffett made twice as much money as it would cost to guarantee 15 paid sick days a year to every rail worker in America,"* the Vermont senator said. *"The greed of the rail industry must end."*

Who are the lucky recipients of Buffett's latest largesse?

- The Bill and Melinda Gates Foundation got \$3.5 billion worth of Berkshire Hathaway shares.
- The Susan Thompson Buffett Foundation, founded by his late wife, got \$350 million worth.
- The foundations of his three children pocketed \$250 million apiece.
- **Certainly not his employees on the BNSF Railroad.**

Buffet's not done yet. He has billions more stowed in five foundations and he has his 15% stake in Berkshire Hathaway, one of the world's most valuable companies.

"My will provides that more than 99% of my estate is destined for philanthropic usage," Buffett said.

Forbes estimates Buffett's total donations could eventually exceed \$160 billion.

The facts really show this philanthropy is simply keeping the family in funds to promote and push their Eugenics agenda. They share a common view that there are too many of us. Their billions are used to buy support, in the way of votes at all levels of government to bring about the agenda of Prince Charles and his "Sustainable Development", which when placed under the microscope is a "Depopulation" goal through starvation and a Net-Zero Carbon footprint scam. Every time you visit a Dairy Queen for ice cream you pay a premium for the brand name. A Kentucky Dairy Queen medium dipped cone is \$3.99 in Lebanon, KY, which is off the beaten path in rural Kentucky! A medium milk shake is \$3.89 and I might add it is only half the size of what it was in 2001! A large milk shake is \$4.59 but again it is only half the size of a shake back in 2001. "DQ" follows the typical pattern today of paying more for less!

You can call all this just a coincidence that this Dollar Recall will be announced on July 26th portends of another catastrophe for the Jewish people; however, there is no word for coincidence in the Hebrew language. The fact that this announcement will take place on the 9th of Av in my opinion is hugely significant.

Given the 26 Jewish/Israeli tragedies associated with the 9th of Av it appears there was and still is a continued connection with this day and the ensuing tragedies that befallen Israel. Now, if we add on top of that the already HUGE list of prophetic events converging in our own day, it seems beyond random or coincidence that the Rapture itself is happening sooner, rather than later. Statistical probabilities suggest the odds of such happenings are in the range of the impossible, actually are "off the chart"!

We are coming up on the two-thousandth anniversary of the death, burial, and resurrection of Jesus Christ. This means that from the year 29 AD (earliest) through 33 AD (the latest), plus two thousand years, would land us somewhere between 2029-2033. I think that is the most widely accepted range of dates for Christ's first ministry upon the earth.

The lunar/prophetic calendar as the history for the past two thousand years is well understood.

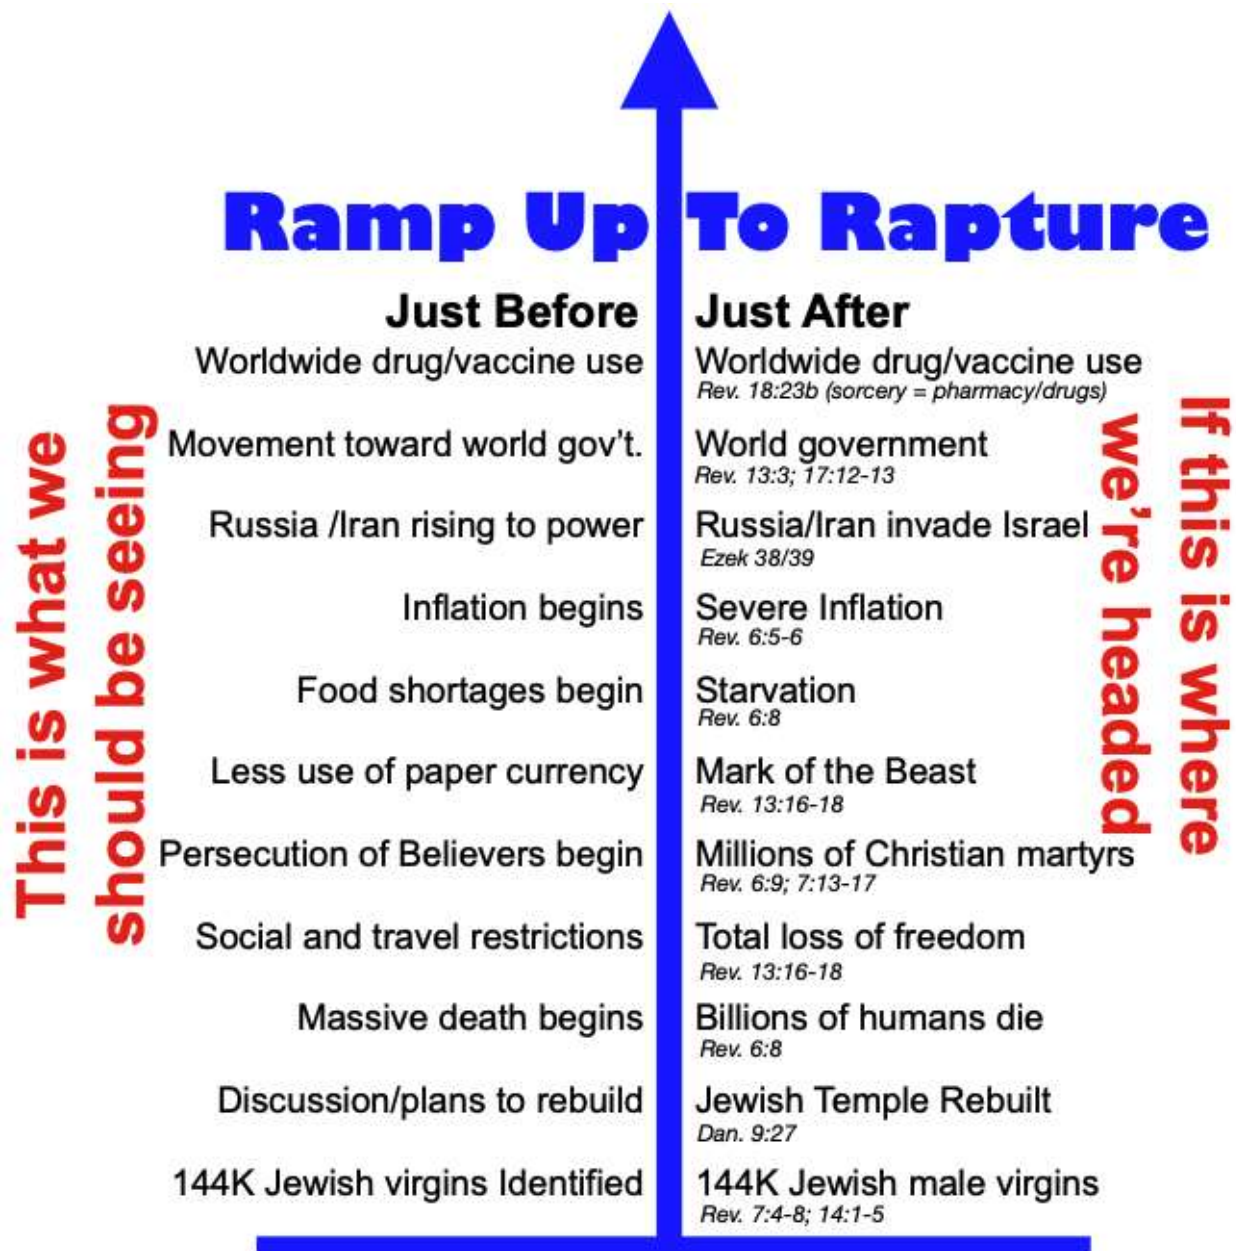

From Adam to Abraham, was 2,000 years.

From Abraham to Jesus Christ, was 2,000 years.

From the start of the Church Age until now, is coming up on the 2,000-year mark.

This equals roughly 6,000 years of human history.

God spread creation out over six days and rested on the seventh. God does not need rest, nor did He need six days to create the universe. God does not do arbitrary or random of anything. God is the Master Mathematician and the Bible provides the evidence in such abundant ways that you have to be blind to not see it.

But you, brethren, are not in darkness, that the day would overtake you like a thief; for you are all sons of light and sons of day. 1Th. 5:4-5

If mankind's timeline follows the Creation Week model (a day for a thousand years) then we are coming up on the end of the sixth day.

We know the Rapture precedes the 70th Week of Daniel (aka...The Seven Year Tribulation)

We believe there is a gap in time between the Rapture and the start of the 70th Week.

We don't know how long that gap is, but it seems to be not more than 100 days.

At a minimum, the Rapture happens seven years before the Second Coming.

The only known date is the Abomination of Desolation, which occurs at the mid-point (or 1,260 days or 42 months) into the 70th Week.

All of the prophetic predictions regarding the end days are in play:

- Israel back in her land -(Amos 9:14-15, Luke 21:24)
- Israel in control of Jerusalem -(Zechariah 12:2)
- The third Temple is ready to be built -(Daniel 9:27, Matthew 24:15, 2nd Thessalonians 2:3-4)
- Technologies necessary to control all buying and selling now exist -(Revelation. 13:16-18)
- Geopolitical players are lining up as the Bible says they will -(Ezekiel 38)
- Knowledge and travel greatly increasing -(Daniel 12:1-2)
- The Church Age turning Laodicean -(Revelation 3:14-22)
- Wickedness being normalized globally -(2nd Timothy 3)
- Man caused birth pangs- Wars, rumors of wars, deception, love growing cold - (Matthew 24)
- Natural birth pangs- Earthquakes, famines, pestilences, etc. -(Matthew 24)
- Scoffers within Christendom abounding -(2nd Peter 3)
- Greed and corruption abounding (James 5:1-6)
- Spiritual blindness upon the Jewish people until the end -(Romans 11:25)

So could the Rapture happen on the 9th of Av?

It could and if it did, it would be a mighty powerful sign to the Jewish people when they begin to connect the dots about what just happened. It certainly brings 1st Thessalonians 4:13-5:9 into greater context and focus.

That said, it could also happen tomorrow. We simply can't know definitively. But what we know from the information in this Blessed Hope, and the one before it we can say our days here are getting short. During my three years in West Germany during the "Cold War" Era, I kept a "short-timers" calendar in my uniform locker! Every soldier kept a "short-timer" calendar to remind us how many days it would be before returning to the land of the Big PX! If you served in the military overseas you will know the meaning of

that statement. This old preacher's "short-timer" calendar is focused on my estimate Rapture time frame on page 27!

Praise God!

Blessings in the Precious Name of Jesus Christ,
