

# The Blessed Hope!

*“Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ;” –(Titus 2:13)*

## Diamond & Nugget #180

In the last Blessed Hope #179, I noted four key dates on page 1 that are intertwined as part of the time period just ahead. The one event I did not discuss was saved to share apart from the other three with those who are in any way naïve enough to believe we are not on the threshold of Departure out of this hell that no one in the right mind should be interested in being left behind to experience.

Craig Bong has been an Antichrist watchman longer than I have. His recognition of Prince Charles goes back to the early days when Prince Charles of Wales held his invitation event for world leaders to join him on the **Her Majesty's Yacht *Britannia***, also known as the **Royal Yacht *Britannia***, is the former [royal yacht](#) of the [British monarchy](#). She was in service from 1954 until 1997. That meeting was to launch a plan for their global takeover of the world through the guise of so-called Climate Change.

The Christian world never had an inkling that old “Sausage Fingers” was going to be the Biblical false messiah of Revelation, and even today most people go about life under the delusion this man will save the planet much less save you. A link to Craig’s most recent video post is found near the close of this material Craig is providing the believer to see what all is in the works for the world, and see just how close we are to the Rapture.

**16 WEEKS TO GO!  
ONE HOUSE. ONE MISSION.**

In 2015, the United Nations Member States agreed to a shared blueprint for peace and prosperity for people and the planet.

At its heart were the 17 Sustainable Development Goals, SDGs or Global Goals – an urgent call for action by all countries in a global partnership.

**THE TARGET TO ACHIEVE THESE GOALS IS 2030!**

.....before the end of the next Global stocktake. 'Global stocktake' refers to a proposed **five-yearly review of the impact of countries' climate change actions**. Under the Paris Agreement, every country must present a climate action plan in five-yearly cycles. The Global stocktake is a 2-year process.

**2030 DEADLINE FOR NET ZERO TARGETS  
TIME IS RUNNING OUT!  
CONFERENCE OF THE PARTIES (COP28)  
30TH NOVEMBER – 12TH DECEMBER 2023  
DUBAI, UNITED ARAB EMIRATES**

The 28th session of the Conference of the Parties (COP28) to the UNFCCC will convene in Dubai. COP is an annual international meeting held every year with the goal of working on and developing climate goals and solutions. Leaders from around the world come together to talk about climate topics and their nationally determined contributions to the Paris Climate Agreement.

Goals House at COP28 will host a series of conversations, all crucial in the quest to keep international carbon targets in line with commitments. Goals House gives governments, ministers, voices from the private sector, NGOs, and civil society the opportunity to discuss their progress and whether or not they are meeting the standards that they set for themselves.

Complementing the official COP agenda, our programming will include equity, climate finance, clean energy, water security, food security, and climate vulnerability.

*The 28th session of the Conference of the Parties (COP28) to the UNFCCC will be held in Dubai from 30 November to 12 December 2023. In the coming months, the UAE office selects and shares articles to keep you, the reader, informed on preparations and perspectives from the wider Arabian Gulf.*

## **CONCLUSION**

Take notice of the image and the three dark figures under the "eye". Who do you think they represent? Could it be at COP28 they represent a "trinity" of three evil "personifications"? The Black Prince, the Black Pope and the Prince of Darkness (Satan) will be present in one way or another? Time will tell as this evil agenda, communism repackaged, unfolds at COP28.

In Luke 21:36, Jesus tells us to, ***"Watch therefore, and pray always that you may be counted worthy to escape all these things that will come to pass, and to stand before the Son of Man."*** That He advises us to pray that God will count us worthy suggests we will probably never actually succeed in overcoming all the sin we see in ourselves—and even more, what we do not see. Instead, His words indicate that as long as we remain humble, continue to try to grow, improve, and overcome, our effort and faith in God's grace, given through the sacrifice of Christ for each of us, will cause us to be ***"counted worthy"*** to be saved.

Craig Bong did an earlier video with Janie DuVall which we shared in a recent segment of The Blessed Hope. This is the latest video update with Janie DuVall containing more information of what the Evil One is planning. We thank Craig and Janie for their posting this. We thank God for how much we have to warn humanity of what is just on the horizon pertaining to the Seven Year Tribulation period. Simply click on the link below:
