

The Blessed Hope!

“Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ;” –(Titus 2:13)

Diamond & Nugget #222

Alert Time! – The Dominoes Will Soon Fall!

Israel last night (October 22nd) vowed to cut off 'the head of the snake' and launch a military attack against Iran if Tehran-backed terror group Hezbollah joins the war. In an exclusive interview with The Mail on Sunday, Nir Barkat, Israel's Minister of Economy, warned that Iran's Ayatollahs will be 'wiped off the face of the earth' should Hezbollah join the war.

DR. PAUL ALEXANDER
OCT 22, 2023

<https://www.dailymail.co.uk/news/article-12657495/Israel-attack-against-Iran-Hezbollah-joins-war-Hamas.html>

'Tens of thousands of Israeli soldiers are in position on the borders of the territory, where Hamas – which is also backed by Iran – is holding around 200 hostages seized in the violent assault on southern Israel on October 7.

But fears are growing that Israel could be forced to fight on two fronts, with Hezbollah and the Israel Defense Forces last week repeatedly trading fire across Israel's northern border with Lebanon.'

Dr. Paul Alexander has been leading the attack and exposure of the Covid “gene” therapy and a person who has taken a “David against Goliath Big Pharma” position to call it for what the evidence has shown, the vaxxes are poison death jabs! His short post on the accelerating situation in the Middle East resonates what I have been saying for some time.

I should tell you the distance from Tel Aviv, Israel and Damascus, Syria is only 174 miles. In light traffic you can drive it in three hours or thereabouts. Israel has three versions of the Jericho missiles, I, II, and III. Israel has 100 of the short range Jericho I and it has a range of 500 kilometers or 310 miles. This is plenty of what Israel has for its nearby adversaries. The Jericho II and III versions are intermediate range and inter-continental range nuclear-tipped missiles.

KEANE: 'THE NO. 1 THREAT IS HEZBOLLAH': The cross-border attacks by Hezbollah are fueling fears of the war widening to include a second front along Israel's northern border with Lebanon.

On Sunday, retired Gen. Jack Keane, former Army vice chief of staff, said that so far, Hezbollah has not fully mobilized or evacuated its own citizens from the border, but it is still the "No. 1 threat."

"They're a paramilitary force. They have conventional capability. They have 130,000-plus rockets and missiles that the Iranians have given them," Keane said on Fox News Sunday. "They have a significant capability. Israelis have handled them before but struggled with it back in 2006. What we would see here is a very heavy rocket and missile attack that can range all of the major cities."

"But the only thing that is relevant here, so our viewers understand, it's Iran," Keane said. "They will make those decisions, whether they go or not. And that likely has something to do with how things go in Gaza with the Israelis and what the perception is in the international community as well. It's going to be Iran's decision, just as the Hamas attack on Israel was Iran's decision."

MOST SERIOUS CHALLENGE SINCE WWII: *"The United States is facing global security challenges we haven't seen since World War II,"* Keane said. *"We have three geographic areas of vital national interests, Europe, China and Indo-Pacific region, and also in the Middle East. War has broken out in two of those areas, and the third area, China, he's threatening it."*

"This is not happening by accident. They perceive that we don't have the capabilities to deter them anymore, that we've lost some political will. And here, we're reflecting this loss of political will in Ukraine," Keane said. *"The world is becoming a more dangerous place. And the United States's weakness is what they perceived. Whether it's real or not is not — it's irrelevant. They perceived it."*

"This is a dangerous world. And it demands world leadership," former Defense Secretary Leon Panetta agreed in an interview on CNN. *"And it demands world leadership. ... If the United States doesn't provide that leadership, very frankly nobody else will."*

"We're reflecting this loss of political will in Ukraine," Keane said. *"We not only have to support Ukraine — Ukraine's got to win this war. It's related to these other two regions. ... We cannot have Russia win that war. If that happens, China wins, and so do the Iranians."*

With those words from retired Gen. Jack Keane, former Army vice chief of staff, you should not doubt that the Rapture of the church grows imminently closer as the calendar winds down to the COP28 meetings and the important signing of the Covenant with the many.

Russia Smacks Israel: Gives Iran Access to Landing at Khmeimim Air Base, Latakia, Syria

WORLD HAL TURNER 23 OCTOBER 2023

After Israel attacked Damascus and Aleppo Airports in Syria for the third time in a week last night, both airports are out of service. So Russia has decided to allow its Khmeimin Air Base in Latakia, to be used in place of Damascus and Aleppo airports, even for Iranian Military Cargo flights!

It was allegations by Israel that Iran was moving weapons into Syria, which would allegedly (at some later point) be used to attack Israel, that somehow justified Israel attacking Damascus and Aleppo airports. Now what is Israel going to do? Will they dare try to attack a Russian air base?

The air base has extensive air defenses. In fact, one NATO General said in 2015, the base has so much defense, *"We're seeing an A2/AD (anti-access/area-denial) air space forming in the eastern Mediterranean."*

Does anyone care to mull the Biblical aspect of what happens if Israel attacks that Russian Air Base in Syria?

As is well known, Israel has been launching what many call a *"forced displacement"* of Arabs living in the Gaza Strip. Almost non-stop bombing by Israeli fighter jets has already killed of 4,000 Palestinians, and destroyed over 10,500 Housing Units, as the Israeli Air Force drops bombs on apartment buildings to demolish them at the foundation.

The Gaza Strip is also subjected to a siege by Israel, which, for almost the past two weeks, has forbid the entry of trucks carrying even food and water.

It was just yesterday that Israel allowed twenty tractor trailers in, but NONE with fuel, which is desperately needed for hospital electric generators, since the Gaza Power Company ran out of fuel and can no longer generate electric.

Twenty tractor trailers brought in what they could, but to feed a population of 2.3 Million, at least 100 tractor trailers a day are necessary.

So starvation is also on the table for folks in Gaza.

Russia has called a total of THREE meetings of the UN Security Council over the Gaza situation. At one of those meetings a Draft Resolution was put forth by Brazil for an immediate ceasefire; but the UNITED STATES vetoed that resolution!

What human garbage is the U.S. Ambassador to the United Nations that she would veto a resolution for a cease fire in a situation where civilians are being hit by fighter jets?

So now that the Russians cannot seem to get even human behavior at the UN Security Council, they have just upped the ante to Armageddon for the U.S. and Israel. Russia is now opening Khmeimim Air Base to be used in place of Damascus and Aleppo airports, which also means Iran military cargo planes.

If Israel hits that base, Russia will hit Israel in self-defense.

Was It TO Get Russia All Along?

Oh wait maybe that's been the game plan all along? The U.S. has been trying to go to direct war with Russia over in Ukraine, but failed to achieve that. The U.S. Supplied Abrams tanks, MK-140 long-range HIMARS. Millions of rounds of ammunition. Hundreds of thousands of artillery shells. Even U.S. Senator Lindsay Graham said on television it's the best money he's spent; to kill Russians.

Russia didn't take any of that bait.

So now The U.S. seems ready to use Israel to hit the Russian air base, which would logically move us all DIRECTLY into World War 3.

Maybe this is the REAL reason the U.S. put two aircraft carrier strike groups in the eastern Mediterranean Sea off Syria? Because maybe Russia has been their goal all along and the Russian Base at Latakia Syria is right on the Mediterranean Sea, exposed to all the U.S. firepower.

Now we also know why Russian President, Vladimir Putin, politely reminded everyone last week that his MiG-31 jets, patrolling the neutral air space of the BLACK SEA, are armed with Kinzhal, hypersonic missiles. Those missile he said, have a known range of 1,000KM and travel at Mach 9.

What he DIDN'T SAY, but everyone figured out, was that those Russian fighter jets all the way up in the Black Sea, can fire those Kinzhal missiles and hit the U.S. Aircraft Carriers all the way down in the Mediterranean Sea.

While the Kinzhal can be armed with a conventional high explosive, it can also be armed with a Tactical nuke of between 5 and 50 KT.

Those missiles can sink both aircraft carriers and their strike groups. The missiles, if fired from the Black Sea, would take only 6 minutes to arrive in the Mediterranean Sea.

Maybe this is why the crew of the USS Gerald R. Ford, were fed a Steak and Lobster Dinner last night? (**Story Here**)

I wondered aloud if the crew was actually being given a sort of "last meal" because the bosses knew they were all going to get killed.

Now we might be seeing WHY those sailors and Marines got steaks and Lobster last night. The bosses seem to have known they intended to use Israel to hit the Latakia Air Base, which would beget a Russian military response, which would wipe out both aircraft carriers and their strike groups. The whole thing seems already planned!

The Pentagon seems to have sent both aircraft carriers and their strike groups, knowing they intended to get them all killed, to start World War 3, have it go nuclear, and thereby get out of the \$33 TRILLION the U.S. owes around the world through after-war debt forgiveness.

Game. Set. Match.

I think it's all being done on purpose.

MORE:

Why Send THAAD?

In fact, upon more reflection, I think THIS is exactly why US Secretary of Defense Lloyd Austin announced he is sending THAAD (Terminal High-Altitude Area Defense) missiles to the Middle East. The only thing THAAD is good for is intercepting Intercontinental Ballistic Missiles (ICBMs) in their terminal phase, high-up in the atmosphere. THAAD is useless for close-in missiles within 50 miles. So why send them to the Israel-Hamas conflict?

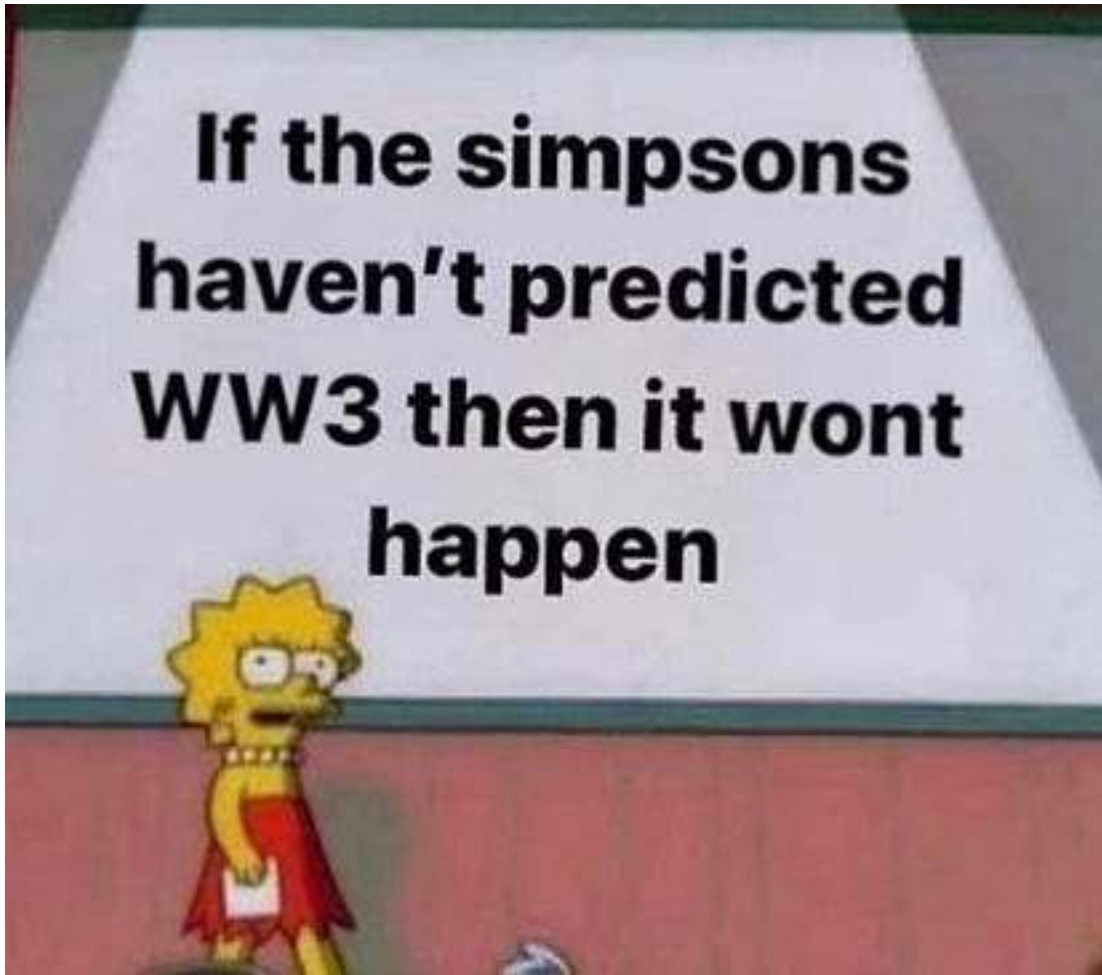

I think they're sending THAAD because they KNOW Israel is already going to hit the Russian Air Base in Syria, maybe with a nuke, and that Russia will respond by Nuking Israel . . . so they want THAAD up and running to try to defend against that!

And if they cannot defend it, and Russian nukes hit Israel, thankfully, there's some really fertile land available in eastern Europe, where almost all the men are already dead from war, which Israel could relocate to: Ukraine.

Gee, How convenient.

[Hal Turner expresses the frustration that many of us understand to be the end of a couple billion people through nuclear war! I have been saying none of us can do a bit about what is on our doorsteps. I use the expression "*It's baked into the cake*" as a clear reference to the fact that the Bible tells us what will happen in advance. Hal Turner posted a second post this morning stating HAMAS SHOOTSDOWN ISRAELI HELICOPTER; 50 DEAD.

Reports are flooding-in this morning claiming HAMAS shot-down and Israeli military helicopter over the Gaza Strip, killing fifty (50) soldiers on board. The Israeli army's CH-53 Stallion (Yasur) Helicopter, which was reportedly destroyed by Hamas with a guided rocket, was pictured on fire in a field seems to corroborate these claims. I can't say it enough, but when Damascus -(Isaiah 17:1) is nuked to dust, you better start listening for the Trumpet call!] Now do you doubt me about the Rapture Promise of Revelation 3:10.

BOMBSHELL intelligence analysis: Israel ordered STAND DOWN to allow Hamas to attack - Jeffrey Prather and Mike Adams

Mike Adams did a Saturday, October 21st, 2023 interview with former retired Army Special Forces Major Jeffrey Prather on the developing situation in Israel. Major Jeffrey Prather shares large amounts of background proof of the Netanyahu sacrificing his people to allow the Hamas terrorists to invade and galvanize public opinion to support Netanyahu's plans to exterminate the people living in the Gaza Strip. Netanyahu called it Israel's 9/11.

This is so evil that words simply cannot began to describe the diabolical plan that lays beneath the entire scenario other than to say it will eventually lead to the death of one third of humanity. Go to Brighteon TV and look for the Mike Adams page for the special Saturday report. The interview portion dealing with the Israeli "False Flag" will escalate to the point that will ultimately devolve into a nuclear exchange. Even Major Prather was reserved in his comments but there is no doubt he knows where this is going. As an Army reserve chaplain, he noted the Biblical picture that is implied from Isaiah 17 and Ezekiel 38/39. Everything I said in a previous Blessed Hope is unfolding into place with I included in the Dr. Robert Malone's post beginning on pages 14-28 of Blessed

Hope #219. Today on Monday, there is rebellion in the State Department. *“It’s quite a dangerous situation,”* a senior administration official said, according to Axios. *“It could all veer off the rails really quickly. The whole region could be in conflict.”*

One Biden administration priority is to apply the brakes to Israel’s announced grand invasion of Gaza so that it can bring more military assets to the region, including air defense systems, Axios quoted sources it did not name as saying. *“The biggest way to see this escalate, see other groups come in, is to go in in a reckless fashion. It’s impossible to say what they’re going to do. The country is absolutely traumatized, as you would expect,”* the official said.

False flag operations historically have been used to galvanize support at home, and all of the previous wars were initiated by the false flag strategy

The powers-that-be understand that to create the appropriate atmosphere for war, it is necessary to create within the general populace hatred, fear or mistrust of others regardless of whether those others belong to a certain group of people or to a religion or a nation

“I know what America is. America is a thing you can move very easily, move it in the right direction. They won’t get in our way.” Benjamin Netanyahu addressing Israeli settlers in the West Bank, (as quoted in ‘*Netanyahu: ‘America is a thing you can move very easily’*’, The Washington Post, July 16, 2010.)

“We must remember that in time of war what is said on the enemy’s side of the front is always propaganda, and what is said on our side of the front is truth and righteousness, the cause of humanity and a crusade for peace.” Walter Lippmann, American journalist, (in ‘Public Opinion’, 1922).

As in any other conflict, it is important to ask the question Cui bono? or who ultimately benefits? It can only be said Netanyahu and the doppelganger claiming to be Joe Biden.

The Huffington Post, citing unnamed officials, reported that *“Secretary of State Antony Blinken and his most senior advisers are overlooking widespread internal frustration.”*

Some department staff said they feel as if Blinken and his team are uninterested in their own experts’ advice as they focus on supporting Israel’s expanding operation in Gaza, where the Palestinian militant group Hamas is based. One State Department official told the outlet that *“there’s basically a mutiny brewing within State at all levels.”*

Revelation 8:11; 9:15; and 9:18 states that a third part of men die in the war that follows the Departure of the Church of Revelation 3:10 and 4:1. ***“After this I looked, and, behold, a door was opened in heaven: and the first voice which I heard was as it were of a trumpet talking with me; which said, Come up hither, and I will shew thee things which must be hereafter.*** –(Revelation 4:1). With most of the world

ignorant of the Bible's message, we can state with reasonable certainty, we are on the precipice of Revelation's 21 Seal, Trumpet, and Vial judgments, of which there is no turning back.

We cannot know for certain that this "false flag" will lead to a global holocaust of 2.3-billion lives; however, when the city of Damascus, Syria is destroyed and flattened, you should recall: ***"And when these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh."*** –(Luke 21:28). For the born-again believer there is no need to fear, the Lord has it all under control. Suffice to say, God's anger is fever hot and the evil sons of Satan will be allowed to destroy each other. He has told us what is going to take place and His incredible narrative has been there from the beginning of time of this history told in advance. Pray for the peace of Jerusalem may have seemed strange to many people and yet the hills of Jerusalem is where Abraham son, ***"And Isaac spake unto Abraham his father, and said, My father: and he said, Here am I, my son. And he said, Behold the fire and the wood: but where is the lamb for a burnt offering?"*** –(Genesis 22:7)

"And Abraham said, My son, God will provide himself a lamb for a burnt offering: so they went both of them together." –(Genesis 22:8) The narrative is a beautiful motif for the typology of the Jesus Christ the Lamb of God. –(John 1:29; 1:36).

Jerusalem is God's land, He loaned it to the Israelites.

"Remember the former things of old: for I am God, and there is none else; I am God, and there is none like me, ¹⁰Declaring the end from the beginning, and from ancient times the things that are not yet done, saying, My counsel shall stand, and I will do all my pleasure:" –(Isaiah 46:9,10).

As I key my remarks here great sadness fills my emotions today because I know what is coming and know how it is coming. There is great joy in knowing that Jesus Christ will Rapture His bride the church, and heavy heart for those unaware that their pride and ego obstructs the mind and thoughts of the scoffers.

BIDEN SUPPLEMENTAL FUNDING REQUEST INCLUDES \$75 BILLION FOR UKRAINE AND ISRAEL

'DEAD ON ARRIVAL': The prospects for the massive funding request are uncertain given the lack of a speaker of the House and the resistance of some Republicans to linking Ukraine aid to military assistance to Israel.

"I think what the president did is completely disgraceful," Sen. J.D. Vance (R-OH) said. *"If he wants to sell the American people on \$60 billion more to Ukraine, he shouldn't use dead Israeli children to do it. It was disgusting."*

"If I have anything to do with it, it will be dead on arrival. And I think that's the emerging position among Republicans in the Senate," said Sen. Tom Cotton (R-AR) on Sean

Hannity's Friday night show on Fox News. *"I think we need to support Israel. We got to control our southern border obviously. We need to reinforce Taiwan, and we can provide needed military aid to Ukraine. We can do all those things. But ... that's not what Joe Biden's proposals do. It provides \$3.5 billion of potential so-called humanitarian aid to Gaza, which we know under current conditions is little more than resupply for Hamas terrorists."*

BRIAN MAST PREDICT'S JOE BIDEN'S \$100B AID REQUEST IS 'DEAD ON ARRIVAL'

MCCONNELL: 'WE'RE GENERALLY IN THE SAME PLACE': But in separate interviews on Fox News and CBS, Senate Minority Leader Mitch McConnell (R-KY) indicated he's willing to work with Biden's request to combine Ukraine and Israel military assistance into a single bill.

"On this issue ... we're generally in the same place," McConnell said on CBS's Face the Nation. *"I know there are some Republicans in the Senate, and maybe more in the House, that think Ukraine is somehow different. I view it as all interconnected."*

"No Americans are getting killed in Ukraine. We are rebuilding our industrial base. The Ukrainians are destroying the army of one of our biggest rivals. I have a hard time finding anything wrong with that," McConnell said. *"And also the notion that the Europeans are not doing enough. They've done almost \$90 billion. They're housing a bunch of refugees who escaped. I think that our NATO allies in Europe have done quite a lot."*

"This is an emergency. It's an emergency that we step up and deal with this axis of evil — China, Russia, Iran — because it's an immediate threat to the United States," McConnell said on Fox News Sunday. *"And so, we'll see what the supplemental looks like. We're going to take a good hard look at it."*

McConnell also repeated the Biden administration argument that while the weapons are going to Ukraine, much of the money is going to U.S. defense contractors. *"A significant portion of it's being spent in the United States, in 38 different states, replacing the weapons that we sent to Ukraine with more modern weapons. So, we're rebuilding our industrial base."* The logic of Mitch McConnell is absolute insanity if you think it will bring peace to the world. The world can forget peace until the Messiah Himself, the Lord Jesus Christ intervenes in the world. No book makes that point more clearer than does the Bible.

Dr. Sherri Tenpenny: More MASS DEATHS From COVID Kill Shots Still To Come

Well-known physician Dr. Sherri Tenpenny has warned of an impending increase of deaths caused by the Wuhan coronavirus (COVID-19) "vaccines" and boosters.

She discussed this matter during an appearance on the "Zeee Media" podcast with Australian independent journalist Maria Zeee. The podcast host remarked that the world is tragically seeing the deaths of young people, alongside an increase in deaths and disabilities among the working population. Zeee also noted that every country highly injected with the COVID-19 vaccines are seeing excess death rates soar.

Dr. Tenpenny, [an osteopathic medical doctor](#), then recounted a 2021 webinar about the dangers of the COVID-19 injections. After that webinar, she has since discovered 20 more mechanisms of injury caused by the vaccines. She then divided these into four categories. (Related: [Dr. Sherri Tenpenny warns of DEATH TSUNAMI caused by COVID-19 vaccines.](#))

The first category is the **acute sudden death of people**, which happens immediately or within two days after injection. Those who fell under this category died of cardiac arrest, pulmonary embolism, blood clots to the lungs and anaphylactic shock. According to Tenpenny, vaccination centers in the U.K. had to have crash carts as people were having anaphylactic shock post-injection.

The second category is the **spike protein disease**, which happens *"anywhere from six months to two to three years after the last shot that people got – whether they got one, two, three or more."* The host of *"The Tenpenny Files, On Your Health"* on [Brighteon.TV](#) elaborated: "It would be three to five years because it takes a while for that spike protein to be generated in your body and to go into your organs and cause all this harm that we are now seeing."

Rise in AUTOIMMUNE DISEASES projected in the next 7-10 years

The third category is **autoimmune disease**, which Tenpenny said will rise in all age groups within the next seven to 10 years. She spoke to two very prominent immunologists – one American and one British – and both warned of "big trouble" caused by the surge in autoimmune diseases.

According to Zeee's guest, autoimmune diseases take time to show up. When they do, people are treated with steroids and different anti-inflammatory-type medications to shut it down.

Zeee commented that these autoimmune diseases are caused by the SARS-CoV-2 spike protein that triggers serious inflammation in the body. Tenpenny agreed, adding that the antibodies created due to the spike protein, hydrogen, lipid nanoparticles and other components are also to blame. Autoimmune diseases involve the body's own immune system attacking its own organs such as the brain, heart and kidneys.

The fourth category is termed **catch-all diseases** and pertain to health issues such as infertility, turbo cancers, Alzheimer's disease, dementia and all the neurological complications that people are seeing. Various experts, including Texas-based cardiologist Dr. Peter McCullough and others, have warned of these vaccine-caused harms.

"That's what makes me dangerous – because I told the truth," Tenpenny told Zeee. "I dug the stuff out of the medical literature. I did my very best to warn people, just like what you did – spent all your time trying to warn people."

Zeee tragically lamented, however, that many did not listen to their warning about the COVID-19 vaccine. Nevertheless, Dr. Tenpenny ultimately called on people to never bow down and be coerced into getting injected with the COVID-19 shot.

IT'S TIME TO PROSECUTE PFIZER CEO & CABAL
'Safe and Effective': Pfizer Excluded Clinical Trial Deaths From FDA COVID Vaccine EUA Request
Altered Pfizer Data Favored Vaccine Approval

By Megan Redshaw October 21, 2023

To obtain emergency use authorization (EUA) for its COVID-19 vaccine, Pfizer and BioNTech submitted a data package in 2020 to the U.S. Food and Drug Administration (FDA) so the agency could evaluate the safety and efficacy of its vaccine. A recently published peer-reviewed study by the DailyClout Pfizer/BioNTech Documents Investigations Team suggests Pfizer excluded known deaths in the vaccine arm of its clinical trial from its data filing and withheld information from the agency that could have resulted in a denial of EUA.

Delayed reporting of the subject deaths into the Case Report Forms (CRFs) obscured the cardiac adverse event signal and allowed Pfizer/BioNTech's request for EUA to proceed unchallenged, according to the study.

As reported by The Epoch Times prior to the study's publication in the International Journal of Vaccine Theory, Practice, and Research, a group of researchers conducted a forensic analysis of Pfizer/BioNTech's early COVID-19 vaccine trial data and found significant inconsistencies between data in the companies' six-month interim report and publications authored by Pfizer/BioNTech trial site administrators.

The forensic analysis showed trial subjects vaccinated with Pfizer's COVID-19 vaccine experienced a 3.7 times increase in cardiovascular deaths compared to placebo controls and that this "significant adverse event signal" was not disclosed by Pfizer when the FDA was evaluating its vaccine for emergency use. Additionally, researchers identified numerous instances where Pfizer/BioNTech attributed potential vaccine-associated deaths to other causes and undermined vaccine safety data.

Altered Pfizer Data Favored Vaccine Approval

Pfizer altered their data at a critical decision point to favor EUA approval, study co-author Corinne Michels, Professor Emerita at Queens College in New York told The Epoch Times in an email. According to the study, Pfizer had a Nov. 14, 2020, data cutoff for its COVID-19 vaccine EUA application. In its filing, the company presented

data showing four deaths in the placebo arm of its clinical trial and two deaths in the vaccine arm, which inflated the positive impact of the vaccine on death outcomes.

On Dec. 10, 2020, one day prior to the FDA granting EUA for Pfizer's COVID-19 vaccine, Dr. Susan Wollersheim, a clinical reviewer with the FDA's Center for Biologics Evaluation and Research, presented data showing only two vaccine deaths during the clinical trial and four placebo deaths, which was used to support the claim that Pfizer's COVID-19 vaccine if authorized, would save lives.

However, Pfizer documents obtained by the Public Health and Medical Professionals for Transparency through a Freedom of Information Act lawsuit and analyzed by the researchers show four additional deaths in the vaccine arm of the clinical trial and an additional death in the placebo arm, none of which were included in the FDA's presentation on the efficacy and safety of Pfizer/BioNTech's COVID-19 vaccine.

Pfizer's "narrative descriptions of the deaths" show that it knew at least two deaths (#11141050 and #11201050) occurred in the vaccine arm of its clinical trial before the EUA data cutoff. However, Pfizer did not report the deaths in its data filing for EUA despite clear evidence it had been notified immediately of the deaths, according to Professor Emerita Michels.

Pfizer's clinical trial protocol states, *"All SAEs [serious adverse events] occurring in a participant during the active collection period as described in Section 8.3.1 are reported to Pfizer Safety on the Vaccine SAE Report Form immediately upon awareness and under no circumstance should this exceed 24 hours."*

Furthermore, all non-serious and severe adverse events that occur during the "active collection period" that begins after obtaining informed consent from the participant are recorded in the adverse event section of the CRF, and the investigator is to "record on the CRF all directly observed and all spontaneously reported AEs [adverse events] and SAEs reported by the participant."

As part of its protocol, Pfizer was to record deaths in the CRFs used to capture clinical trial data and submit the CRFs with its data file to the FDA. Instead, Pfizer delayed recording the deaths despite having knowledge that they had occurred.

"According to the trial protocol, Serious Adverse Events (SAEs) are supposed to have been reported within 24 hours into the Case Report Form upon being notified," study co-author Dr. Jeyanthi Kunadhasan told The Epoch Times in an email. *"Death is the most serious SAE. Had the FDA been in receipt of the data in a timely manner, they would have had to ponder the approval of a drug, of which the first four deaths in the vaccinated arm were in patients in their mid-50s and mid-60s being found dead."*

Cardiac Event Signal' Was Obscured

The Pfizer documents show the first known but excluded death involved a 63-year-old female who experienced sudden cardiac death on Oct. 19, 2020, which was 41 days

after receiving her second Pfizer dose. The death was reported to Pfizer on Oct. 19, and an autopsy confirmed she experienced “sudden cardiac death.” Yet the woman’s death was not reported on the CRFs until Nov. 25, 2020, which was 37 days after the patient’s death.

The second death occurred in a 58-year-old female who died from cardiac arrest on Nov. 7, 2020, which was 72 days after receiving her second Pfizer dose. Yet Pfizer did not enter the death into the CRF until Dec. 3, 2020, which was 26 days after the patient died—despite being informed by her husband of her death on the day she died.

According to the researchers, because Pfizer delayed recording participant deaths in their case report file and did not use the “actual date of death,” these deaths were “not discoverable at a critical juncture of the EUA approval process, and the cardiac event signal was obscured.”

“If Pfizer/BioNTech had reported the actual date of death instead of the date the deaths were recorded in the Case Report Forms, Subjects #11141050 and #11201050 would have been included in the EUA application,” Professor Emerita Michels said. “Given this scenario, there would have been four vaccinated and four placebo subjects who died prior to the November 14th data cutoff date and whose deaths should have been included in the EUA application.”

Of these deaths, four deaths were due to cardiac events in vaccinated subjects compared with two in the placebo group. While the numbers are small, they represent a twofold increase in cardiac events in vaccinated participants.

“The delay in notification of the two critical patient deaths (#11141050 and #11201050) has to be investigated,” Dr. Kunadhasan said. “The patients’ families did the right thing and informed the clinical site immediately. They deserve answers, as do all of us.”

According to the study, if the accurate number of deaths Pfizer had knowledge of were included in its data package and presented during the FDA's EUA Authorization Request meeting, it would have at least shown an equal number of deaths in the vaccine and placebo arms of the clinical trial and thus, no benefit of vaccination.

The Epoch Times contacted Pfizer for comment but has not received a response.
Source: theepochtimes.com

I will repeat a statement that I have included in almost every Blessed Hope since the Hamas invasion of Israel proper began two weeks ago, and that is “When you read or hear that Damascus has been nuked and leveled, get ready to go home, as it will not be too long after that Russia and Iran invade and attack Israel.” Isaiah 17:1 is the proof-text for my statement. Because the Bible tells us ‘History told in Advance’, (we have been told to call it prophecy) but it determines a number of important aspects of the Bible. It’s only taken me thirty years to grasp this important truth about the Word of God and after eleven years of a superior college and seminary education I can state equivocally that no academic ever revealed that essential point in understanding the Word of God.

Most folks will not understand what is happening in the world, and even most church attending people are not taught a word about Bible prophecy in denominations that do not mention the term unless it is in derision. I urge caution about what you hear, read, or see about what is happening right now in the Middle East.

Do not fear what is coming. If you are a believer in the Lord Jesus Christ as your Lord and Saviour, you have nothing to be fearful of. You may not understand all the details, personalities, timing, circumstances, etc. God has your back and keep His Promise on your refrigerator, namely Revelation 3:10: ***“Because thou hast kept the word of my patience, I also will keep thee from the hour of temptation, which shall come upon all the world, to try them that dwell upon the earth.”***

As a confirmation of this you might put Isaiah 46:9-10 on the refrigerator door as well: ***“Remember the former things of old: for I am God, and there is none else; I am God, and there is none like me, ¹⁰Declaring the end from the beginning, and from ancient times the things that are not yet done, saying, My counsel shall stand, and I will do all my pleasure.”***

I will be glad to send anyone a copy of the booklet “Millions Missing?” by Compass International. There is still time, not a whole lot, as I figure. I am expecting an order in a few days. Email me a USPS mailing address and I will send a copy to you or someone you would like to have one! It’s free, I don’t sell anything.

**From the archives of Pastor Bob’s Studies on
Deliverance before Judgment / Pre-Tribulation Rapture
Why The Rapture Occurs Before the Revealing of the Antichrist!**

This series is being introduced a few days into the new year of 2016 which may very well be a transitional year in which the Rapture of the Bride (Church) and the Great Day of the Lord or the beginning of the Great Tribulation occurs. Readers are encouraged to exercise “*Combat Faith*” spoken of by Bible prophecy scholar Hal Lindsey. His book carrying the same title explains: Now more than ever, we must learn to break the “*faith-barrier*” to overcome worry, anxiety, and fear and enter into a new dimension of peace and stability... to claim the invincible inner peace that God has promised each of us... no matter what the circumstances.

According to filmmaker and former BBC reporter Adam Curtis, a new system of political and social control is emerging. This, he argues, can be seen by the recent merging of conceptual arts and politics in the visual world of corporate media and the Internet. The perception management of yesterday is now a 24/7 “*Alice in Wonderland*” visual appearance of reality.

The new cyber control of what equates to ‘appearance’ as opposed to what ‘reality’ actually is relies on the creation of confusion in the minds of people with the consistently present question, “*What is now fake and what is now real.*” In a world so managed and controlled by the uber-elites, their canopy of media outlets, and their corporate control of the mind, what can be trusted or true?

Nothing is what it seems. The Orwellian world is here, and confusion and uncertainty is now the plan of the ruthless, global elite. The vaudeville of contradictions in corporate news reporting and commercialized commodified culture that pounds us daily results in the inability to fathom a coherent narrative to the history we are living and the lies we are being told. This of course, is the plan: immerse the public in confusion.

Much has been written over the past twenty years concerning Bible prophecy, the Bible’s understanding, the signs of the times, etc. Everything written since 1997 has been prepared to support an understanding of the signs of the times, our relationship to the Bible, and to be a beacon for the closeness of the Lord’s Second Coming. There can be no title as appropriate for this series than that which has been chosen to herald the Lord’s return: “*Deliverance before Judgment*”. While Lucifer and his minions are hard at work seeking to undermine the Pre-Tribulation Rapture view and “*The Blessed Hope*”, the goal of this series launches countermeasures to buttress “Combat Faith”. I produced two monthly publications that were published for “seven” years each, even though the length of time for each had nothing to do with the significance of the number “seven”. In the end, the funds to keep them going simply dried up.

Bible/Biblical Forensics began initially, a decade ago as a worship bulletin insert with the focus on teaching an “apologetics” Bible theme based upon Scripture and related disciplines. Its purpose was to educate, affirm, and exalt faith in the Word of God. My wife was a church secretary and organist, seeking a source of Bible content to offset the stream of poorly qualified pastors the church had been receiving during her employment. Thus, Bible/Biblical Forensics© became a tool to teach the laity. It was offered to pastors in general, as an educational piece, which could be used to tutor their folks, about the Bible and theology and to provide evidence for apologetics from wherever God’s truth could be found.

The evidence for God and Jesus Christ is not limited to the Bible, but is revealed in every academic discipline in a liberal arts education. Even our word “history” stands for “His Story”, namely the Lord Jesus Christ. This past September 2015 marked the 6,000th year of recorded human history. This is a significant milestone which few have recognized.

If you learn nothing else, it is important to recognize and understand that in God's Master Plan for Redemption, *"Deliverance comes before Judgment"*. As Lucifer wages last ditch efforts to thwart Christ Jesus in ways that may not be fully recognizable, things are going to be strikingly terminal this year. It often comes as a shock to discover the illiteracy still existing, even among believers in Jesus Christ.

In order to grasp the Bible, one has to think systematically, while simultaneously differentiating between the "Big" picture and the "Little" pictures that seem to get the most focus. In this initial segment of the series, we will begin with the Ark. The larger "Big" picture of Noah's Ark and the family that survived the flood are often portrayed as being unrelated especially as it pertains to the topic of "Typology". The 8th chapter of Genesis prefigures the Ark or a true Type of Christ. ***"And God remembered Noah and every living thing, and all the cattle that was with him in the ark: and God made a wind to pass over the earth that was with them in the ark, and God made a wind to pass over the earth, and the waters assuaged (settled down). The fountains also of the deep and the windows of heaven were stopped, and the rain from heaven was restrained."*** The Hebrew term for 'remember' means to begin again to act on their behalf.

After 150 days of reeling on the water, the ark finally came to rest, most likely on Mount Ararat since it was the highest mountain in the region. (Genesis 8:5). After another seven months (377 days totally) Noah, his family, and the animals exited the ark.

The Bible is full of parallels or "Types". We can see how God arranged the affairs of many Old Testament people and events to provide us with similarities leading us to Jesus Christ, the focal point of the Gospel. Consider the following parallels:

After 5 months of providing refuge and laboring to accomplish its work of saving its occupants from judgment of sin, the ark finished its mission: the work of salvation (cf. John 19:30).

The ark's construction was made to be waterproof and resistant to decay by sealing it with "pitch" inside and out. The Hebrew word for pitch – ***"kosher"*** – means a "covering". But it's also the Hebrew word for 'atonement'. Henry Morris writes: this is the Bible's first mention of 'atonement' - *"It sufficed as a perfect covering for the ark, to keep out the waters of judgment, just as the blood of the Lamb (Christ) provides a perfect atonement for the soul"*.

The Jewish date that the ark rested (Genesis 8:4) and the date Jesus Christ rose from the dead are the same: ***"The seventeenth day of the seventh month"***.

The ark became the bridge from the old, evil world to the present one -(Genesis 7:7; 2 Peter 3:6-7). God would help Noah and his family with their new life in their new world. And God graciously provides deliverance from spiritual death to us through His Son, Jesus. This is symbolized through water baptism -(1 Peter 3:21). He saves us from

God's judgment of sin. He not only gives us the opportunity for a new beginning, but also offers help in our daily walk.

Although Noah wasn't perfect, he is described as a "*righteous man who walked with God*" -(Genesis 6:9). Jesus was the perfect, blameless man who consistently obeyed His Father -(Hebrews 4:15).

Noah was like a "second Adam", since all people come from him (Genesis 8:15-9:17). Jesus Christ is called "*the second man (Adam)*" since He is the only source of eternal life -(1 Corinthians 15:47; Acts 4:12).

Human evil had reached a deplorable high, so God decided to destroy His creation with a flood -(Genesis 6:6-7). In God's timing, He will wipe out His creation again, but this time by fire -(2 Peter 3:12-13) and then re-create it -(Revelation 21:1).

Each of us share some similarities with Noah as we look forward to the removal of sin and its curse.

This lesson from Genesis is a picture of Jesus as a bridge for us to God the Father and a new life. We have the choice to accept or reject God's gracious invitation of new life through Jesus Christ. The entire story of a literal, visual portrayal of Noah, is a representation of the Scriptural truth "*Deliverance comes before Judgment*" in the grand theme of the Bible. As this series will illustrate, God has a plan that provides believers with a provision for deliverance before judgment is executed on an unbelieving world of mankind. This underlying theme encompasses the entire Bible, from Genesis up through the days preceding the Day of the Lord as described in Daniel's 70th week of Judgment upon His people, "*the apple of His eye*".

This is a pictographic image for the Pre-Tribulation Rapture. Others may choose to deny it but the concept of deliverance before judgment is a core theme of the Bible! [Originally posted in 2014]

SIX WEEKS TO GO!

The 28th session of the Conference of the Parties (COP28) to the UNFCCC will be held in Dubai from 30 November to 12 December 2023. In this newsletter, M2S selects and shares articles to keep you informed on preparations and perspectives, with a special focus on the wider Arabian Gulf.

COUNCIL SETS OUT EU POSITION FOR UN CLIMATE SUMMIT IN DUBAI

The Council of the European Union approved conclusions that will serve as the EU's general negotiating position for COP28. The EU advocates for a global tripling of renewables and energy efficiency. Furthermore, the EU will push for a "predominantly fossil-free" global energy sector "well before 2050" and aims for a "fully or predominantly decarbonized energy system in the 2030s".

CLIMATE FUNDS TALKS COLLAPSE AS RICH AND DEVELOPING COUNTRIES CLASH

A major agreement of COP27 on setting up a so-called Loss and Damage Fund fell into disarray after discussions around its mechanisms collapsed. Rich and developing countries clashed over who should provide the money, where the fund should be based, and who would be eligible for support. The fund was supposed to help "the most vulnerable countries" suffering from the effects of global warming.

AMONG 130 COMPANIES TO PUSH COP28 FOR A TIMELINE TO DITCH FOSSIL FUELS

Ikea, Volvo Cars, eBay, Heineken, Godrej Industries and many others have urged world leaders to agree on a timeline to ditch fossil fuels. The companies, which collectively represent nearly \$1 trillion in global annual revenues, wrote this in an open letter. This marks the first time such a large group of companies has collectively urged governments to move away from fossil fuels.

SAUDI ARAMCO: FOCUS SHOULD BE ON CUTTING FOSSIL FUEL EMISSIONS, NOT OUTPUT

The oil giant's CEO emphasized that COP28 should focus on cutting emissions from hydrocarbons through carbon capture and storage technologies, rather than reducing their production. He added that renewables alone cannot shoulder the burden of global energy demand, and that cuts to oil and gas production would result in energy shortages and price spikes.

COUNTRIES ASKED TO SLASH COOLING EMISSIONS BY 68% BY 2050

With climate warming leading to more air conditioning use worldwide, dozens of countries including China, India and the US are being asked to commit to a global pledge that would require at least a 68% reduction in cooling-related emissions by 2050. The Global Cooling Pledge – set to be announced at COP28 – represents a tough request given the cooling industry is only expected to grow.

KING CHARLES III GETS THE GREEN LIGHT TO SPEAK AT COP28 DUBAI SUMMIT

The King intends to make the first major climate change speech of his reign during the climate conference. The government has given provision approval, but plans have not yet been set in stone, not least because of the volatility in the Middle East. It comes a year after Charles was blocked by the UK government from attending the COP27 summit in Egypt. The king will strengthen the outcome of the Global Stocktake by way of his Terra Carta Mandate by December 12, 2023.

POPE FRANCIS MAY ATTEND GLOBAL CLIMATE TALKS IN DUBAI

Vatican sources say Pope Francis wants to attend COP28 to drive home his recent appeal for action to curb global warming. It would be the first time a pope attends a UN climate change conference since these conferences began in 1995. Pope Francis, 86 years old, has made protection of the environment one of the hallmarks of his papacy and met last week with COP28 President Sultan al-Jaber.

UAE TO HOST "REACHING THE LAST MILE FORUM" DURING COP28

The forum will take place on 3 December as part of the **first-ever dedicated health day during a COP**. It will assess progress made in the fight against polio, malaria and other neglected tropical diseases. It will also present evidence on the effects of climate change on human health and infectious diseases. Financing "the last mile", to eradicate such diseases, has turned out to become increasingly difficult.

ROCKEFELLER FOUNDATION-BACKED ALLIANCE TO LAUNCH BATTERY STORAGE PLATFORM

The Rockefeller Foundation-backed Global Energy Alliance for People and Planet is gearing up to launch a global consortium on battery energy storage systems during the upcoming COP28. The consortium will primarily aim to drive down the costs and unlock the value proposition for power distribution companies in terms of embracing battery storage.

COP28 BUSINESS AND PHILANTHROPY CLIMATE FORUM UNVEILS KEY PARTNERS

Led by King Charles III and his Sustainable Markets Initiative, the forum will hold its inaugural meeting on 1-2 December in parallel with the world leaders' World Climate Action Summit. The forum announced partnerships with several organizations that can assist spurring the private sector to help address the annual financing gap of over US\$3 trillion, **under his disposal**, necessary for achieving net-zero emissions, reversing nature loss, and restoring biodiversity.

The ongoing conflict between Hamas and Israel is casting a shadow over the upcoming UN Climate Summit, COP28, which is scheduled to take place in Dubai from November 30 to December 12, 2023. The talks are already fraught with tension, and the current developments in the Middle East may influence the outcome of COP28. The threat of regional instability following Hamas' terrorist attacks in Israel could affect COP28 attendance and its likelihood of success. The Bible says in I Thessalonians 5:3 *"While people are saying, "Peace and safety," destruction will come on them suddenly, as labor pains on a pregnant woman, and they will not escape."*

In other news, despite the ongoing conflict, the "Davos in the Desert" event will continue as planned in Saudi Arabia. [The event emulates the World Economic Forum in Davos, Switzerland, and draws big names thanks to huge potential investments from the kingdom's trillion-dollar Public Investment Fund 4.](#)

GAZA CONFLICT: RUSSIA, IRAN, TURKEY CALL FOR CEASEFIRE AMID ESCALATING VIOLENCE

In the shadow of escalating violence in the Gaza Strip, a poignant triad of nations - **Russia, Iran, and Turkey** - have united in their call for an immediate cessation of hostilities. As both Israel and Palestine continue to exchange increasingly intense missile and rocket fire, these nations have taken a stand, underscoring the urgent need to protect innocent civilians and prevent a further escalation of an already dire situation.

A PLEA FOR PEACE AMID INTENSIFIED VIOLENCE

The Gaza conflict, a convoluted web of geopolitics, religious strife, and historical tension, has seen a surge in violent confrontations in recent days. The Russian President, Vladimir Putin, has advocated for unhindered access for humanitarian aid to enter Gaza, a region grappling with the brunt of the conflict. The United Nations estimates that Gaza, home to 2.4 million people, requires approximately 100 aid trucks daily to meet the needs of its populace. Alarming, only a dozen aid trucks have managed to reach Gaza through the Rafah crossing with Egypt, highlighting the stark disparity between need and assistance.

Israel, in response to Hamas's attack, has cut off most of Gaza's essential supplies - water, food, power, and fuel. This has resulted in severe shortages, pushing an already crumbling health system to the brink of collapse. The Gaza Strip's desperate need for fuel to power water desalination plants, hospitals, and aid distribution trucks underscores the urgency of the situation.

COP28, the conference of the "many" or rather the populace, is set to begin in just 36 days and will produce a 7-year strengthening of the Paris Agreement that, believe me, you do not want to partake in! The climate king is coming to this event to confirm the covenant, with his theme song of Joy to the World! Just check out the royal channel! It is time to look up and wait for King Jesus to thwart their plans at COP28, and catch us away. Amen?

¹“Now we beseech you, brethren, by the coming of our Lord Jesus Christ, and by our gathering together unto him, ²That ye be not soon shaken in mind, or be troubled, neither by spirit, nor by word, nor by letter as from us, as that the day of Christ is at hand. ³Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition; ⁴Who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, shewing himself that he is God. ⁵Remember ye not, that, when I was yet with you, I told you these things? ⁶And now ye know what withholdeth that he might be revealed in his time. ⁷For the mystery of iniquity doth already work: only he who now letteth will let, until he be taken out of the way. ⁸And then shall that Wicked be revealed, whom the Lord shall consume with the spirit of his mouth, and shall destroy with the brightness of his coming: ⁹Even him, whose coming is after the working of Satan with all power and signs and lying wonders, ¹⁰And with all deceivableness of unrighteousness in them that perish; because they received not the love of the truth, that they might be saved. ¹¹And for this cause God shall send them strong delusion, that they should believe a lie: ¹²That they all might be damned who believed not the truth, but had pleasure in unrighteousness.” –(2nd Thessalonians 2:1-12)

When you read and hear that Damascus has been “Nuked” you will know that you only have days before the End! When Isaiah 17:1 is fulfilled, Russia will enter the

picture that leads to World War III. We were told in advance it would happen! Russia has defense treaty agreements with Syria. The COP28 meetings are still on schedule and the calendar dates below are baked into the cake.

Believers worldwide will be Raptured out of here just before or at least prior to when Prince Charles makes his rare appearance at the COP28 that will usher in the Great Tribulation of Daniel 9:27. Hanukkah, 2023 offers another possible Rapture date within this time frame!

Count down to 'Confirming the Covenant with the Many'

Hanukkah 12/7/23 – 12/15/23
COP28 Begins November 30th as of 10/27/23 – 34 Days
Days to end COP28 December 12th as of 10/27/23 – 45 days

Praise God!

**ADMIT THAT YOU
ARE A SINNER.**

**BELIEVE THAT JESUS
PAID FOR YOUR SIN
ON THE CROSS. †**

**CONFESS THAT JESUS
IS LORD AND CALL UPON
HIM FOR SALVATION.**

Blessings in the Precious Name of Jesus Christ, Lord of lords, and King of kings!
