Israeli Rogue Intention's Towards Gaza's Gas Fields

Published on October 27, 2023

Written by Claudio Resta

Preface to Claudio Resta's article. Israel for all intent and purpose is a Secular Atheistic country. The world has been played for centuries to believe all who call themselves Jews are not Jews. 90% identify themselves as Zionists, and claim the promises and blessings of the Biblical Jews. This is why we are called to pray for the peace of Jerusalem. The Lord Jesus Christ exposed this scam in Revelation 2:9 and 3:9. He called them out 1,900 years ago so that Christians would not be caught up their crimes. The Zionists are not our friends; they exploit the Bible to steal from anyone they can. Most Americans are unaware of the Zionists who attacked the USS Liberty, during the Six-Day War of 1967.

On June 8, 1967, an Israeli torpedo tore through the side of the unarmed American naval vessel USS Liberty, approximately a dozen miles off the Sinai coast. The ship, whose crew was under command of the National Security Agency, was intercepting communications at the height of the Six-Day War when it came under direct Israeli aerial and naval assault.

Reverberations from the torpedo blast sent crewman Ernie Gallo flying across the radio research room where he was stationed. Gallo, a communications technician aboard the Liberty, found himself and his fellow shipmates in the midst of an attack that would leave 34 Americans dead and 171 wounded.

The then President Lyndon Baines Johnson, recalled aircraft carrier aircraft that were dispatched by the Fleet Admiral in command to defend the USS Liberty. The remaining crew of the USS Liberty was silenced/gaged from ever saying a word about their ordeal until recent years. They were threatened with prison if they said anything about what happened on June 8, 1967. They were told that if they said anything, they would lose military benefits, pensions, disabilities, they would lose everything. A picture on the next page is that of the USS Liberty, a U.S. Navy electronic intelligence gathering ship.

I pick up with the article by Claudio Resta below:

To understand what one of the objectives of the Israeli attack on Gaza is, you have to go deep, exactly 600 meters below sea level, 30 km off its coast.

Here, in Palestinian territorial waters, there is a large natural gas field, Gaza Marine, estimated at 30 billion cubic meters worth billions of dollars.

Other gas and oil deposits, according to a map drawn up by the U.S. Geological Survey (a U.S. government agency), are located on the mainland in Gaza and the West Bank.

In 1999, with an agreement signed by Yasser Arafat, the Palestinian Authority entrusted the exploitation of Gaza Marine to a consortium made up of British Gas Group and Consolidated Contractors (a private Palestinian company), with 60 and 30 percent of the shares respectively, in which the Authority's Investment Fund has a 10 percent stake.

Two wells, Gaza Marine-1 and Gaza Marine-2, are drilled.

However, they never come into operation, as they are blocked by Israel, which claims to have all the gas at rock-bottom prices. Through former Prime Minister Tony Blair, envoy of the "Quartet for the Middle East", an agreement is prepared with Israel which

deprives the Palestinians of three-quarters of future gas revenues, paying their share into an international account controlled by Washington and London.

But, soon after winning the elections in 2006, Hamas rejected the agreement, calling it a theft, and called for its renegotiation. In 2007, the current Israeli Defense Minister Moshe Ya'alon warned that *"gas cannot be extracted without a military operation that eradicates Hamas control in Gaza."*

In 2008, Israel launched Operation Cast Lead against Gaza.

In September 2012 the Palestinian Authority announced that, despite opposition from Hamas, it had resumed gas negotiations with Israel. Two months later, the admission of Palestine to the UN as a *"non-member observer state"* strengthened the position of the Palestinian Authority in the negotiations.

However, Gaza Marine remained blocked, preventing the Palestinians from exploiting the natural wealth they have at their disposal. At this point the Palestinian Authority took another path.

On 23 January 2014, in the meeting between Palestinian President Abbas and Russian President Putin, the possibility of entrusting the exploitation of the gas field in the waters of Gaza to the Russian Gazprom was discussed.

This was announced by the Itar-Tass agency, underlining that Russia and Palestine intended to strengthen cooperation in the energy sector. In this framework, in addition to the exploitation of the Gaza field, the exploitation of an oil field near the Palestinian city of Ramallah in the West Bank was envisaged.

In the same area, the Russian company Technopromexport was ready to participate in the construction of a thermoelectric plant with a capacity of 200 MW.

The formation of the new Palestinian government of national unity on 2 June 2014 strengthened the possibility that the agreement between Palestine and Russia would have come to fruition.

Ten days later, on 12 June, the three young Israelis were kidnapped and found killed on 30 June: the precise casus belli that triggered the "Protective Barrier" operation against Gaza. Operation which was part of Tel Aviv's strategy, aimed at also taking over the energy reserves of the entire Eastern Basin, including the Palestinian, Lebanese and Syrian ones, and that of Washington which, by supporting Israel, aimed to control the entire Middle East, preventing Russia from regaining influence in the region.

An explosive mixture, whose victims were once again the Palestinians.

Today Israel's search for a casus belli against the Gaza Strip, or for a pretext of serious enough to justify an invasion of this territory and possibly the expulsion of the

Palestinian people who have lived there for a long time, found an answer in the Hamas attack which goes by the name of Operation Al-Aqsa Storm.

Without ever forgetting that Hamas formation was founded by the Mossad as an anti-Al Fatah formation (religious terrorism against secular terrorism) in relation to the Al-Aqsa Storm operation only two hypotheses can be made, in my opinion.

The first hypothesis is that it was a false flag operation whose instigator who instigated the terrorists was the Israeli government.

The second hypothesis is that the Israeli government, even without having been directly the instigator who instigated the terrorists, had nevertheless been informed of the imminent attack by Hamas as shown by the Egyptian services and other informants, which it had necessarily monitored live through the electronic listening devices all along the border wall which would have picked up movements of groups and vehicles and nevertheless had with its voluntary inertia allowed the havoc carried out by Hamas terrorists for a good seven hours before reacting rather than reacting with the utmost promptness.

And this voluntary passivity of the defense of Israel, i.e. the IDF, was motivated precisely by Israel's search for the casus belli against Hamas or a pretext of such gravity as to justify an invasion of the Gaza Strip and possibly the expulsion of the Palestinian people from it.

And perhaps there was also another very dirty motivation for this inaction or there was maybe also the purpose to discourage and weaken Israeli socialism seen as inconvenient and useless by the pro-capitalist faction.

So on that same day, Netanyahu confirmed a so-called "State of Readiness For War." and Israel (October 7, 2023) officially declared an illegal war on Palestine. And a very dirty one too. Don't ever forget that war is a racket as Smedley Butler taught us.

Behind the purpose of retaliation and/or freeing of the hostages Netanyahu masks the real purpose of confiscating Palestine's maritime natural gas reserves as well as and after the expulsion of Palestinians from their homeland and the outright military occupation of Gaza by Israel's IDF forces.

What has been unfolding is the integration of these adjoining gas fields including those belonging to Palestine into the orbit of Israel. It should be noted that the entire Eastern Mediterranean coastline extending from Egypt's Sinai to Syria constitutes an area encompassing large gas as well as oil reserves.

The military occupation of Gaza is intent upon transferring the sovereignty of the gas fields to Israel in violation of international law .What can we expect in the wake of the invasion? What is the intent of Israel with regard to Palestine's Natural Gas reserves?

A new territorial arrangement, with the stationing of Israeli and/or “peacekeeping” troops? The militarization of the entire Gaza coastline, which is strategic for Israel? The outright confiscation of Palestinian gas fields, and the unilateral declaration of Israeli sovereignty over Gaza’s maritime areas?

If this were to occur, the Gaza gas fields would be integrated into Israel’s offshore installations, which are contiguous to those of the Gaza Strip. These various offshore installations are also linked up to Israel’s energy transport corridor, extending from the port of Eilat, which is an oil pipeline terminal, on the Red Sea to the seaport – pipeline terminal at Ashkelon, and northwards to Haifa, and eventually linking up through a proposed Israeli-Turkish pipeline with the Turkish port of Ceyhan.

The last and most complex geopolitical variable to take into consideration is to understand Ankara's reaction in light of this new escalation of tension. The resurgence of a neo-Ottoman expansionist desire has placed Turkey as the new international godmother of the Palestinian cause.

Erdogan's sultanate has repeatedly reiterated the need to reformulate the boundaries of the Exclusive Economic Zones of the Eastern Mediterranean area.

Turkey recently proposed a maritime jurisdiction agreement to the Palestinian Authority, similar to the one signed with Libya in 2019.

Officially, Ankara aims to help the Palestinian people take a leading role in regional border disputes. It is easy, however, to glimpse a clear Turkish nationalistic selfishness aimed exclusively at expanding its political influence in the region.

Don't lose sight of the fact that these are largely Zionist atheistic and secular people who call themselves Jews as Jesus Himself stated in Revelation 2:9 and 3:9.

**From the archives of Pastor Bob's Studies on
Deliverance before Judgment / Pre-Tribulation Rapture
Why The Rapture Occurs Before the Revealing of the Antichrist!**

A common expression among believers in Jesus Christ goes something like this: *"I believe, but help my unbelief"*. This expression is more common among the shepherds of the church than one might suspect. The fact is, this issue is similar to what the Apostle Paul describes in 2nd Corinthians 10:3-5. He said we have been given divine weapons with which to combat this kind of attack. Paul wrote, *"For though we live in the world, we do not wage war as the world does. The weapons we fight with are not the weapons of the world. On the contrary, they have divine power to demolish strongholds. We demolish arguments and every pretension that sets itself up against the knowledge of God, and we take captive every thought to make it obedient to Christ"*.

Our knowledge of God is our divine weapon and that is contained in His Word. For example, 1st Timothy 2:3-4 tells us God wants everyone to be saved and to come to a knowledge of the truth. Ephesians 2:8-9 says we are saved by grace through faith, and the faith is not of ourselves but it is a gift from God. That means, when we asked God to save us, He agreed, and he gifted us with the faith to believe we are saved. That's the knowledge of God we received.

The doubt that comes into our minds comes from the enemy who tries to manipulate us by causing us to question if we are truly saved. But we know God wants us to be saved. As we grow in maturity, our faith increases and we witness how God helps us make adjustments to align more completely with His will. All these experiences build trust and that increases faith. Doubt diminishes while faith increases. This internal makeover helps us appreciate that we are saved.

Therefore, we know the doubt we sometimes feel is not real. It is a deception that competes against our most intimate knowing of God. We can demolish this pretension and take the thought captive by repeating Ephesians 2:8-9. This makes the thought in our minds become obedient to what we know the Lord has done for us.

This is the model Jesus gave us in the wilderness temptation -(Matthew 4:1-11): He used nothing but Scripture to defeat each of Satan's three attacks. Matthew 4:11 reveals the result: *"Then the Devil left him"*. James 4:7 says that if we submit ourselves to God and resist the devil, he will flee from us, just like Satan fled from Jesus. *"All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the servant of God may be thoroughly equipped for every good work"* -(2nd Timothy 3:16-17). The reason Christians hate sin is because we know it is not pleasing to God, and we want to do our best to please God. But for many believers, the desire to sin does not completely disappear. Because we still have a sin nature, we will always be tempted to sin. Even the Apostle Paul said he was unable to completely stop sinning. Then he said, from the Lord's viewpoint it wasn't him but the sin living in him that is to blame -(Romans 7:18-20).

The Lord's death didn't remove the temptation to sin, but it did save us from the penalty of sin. It's important that we express our gratitude to God for saving us by living lives that please Him. When we fall short, we can be comforted in knowing that the moment we accepted the Lord Christ Jesus as our Lord and Savior our inheritance was guaranteed. Ephesians 1:13-14 unequivocally declares our inheritance as being guaranteed. This is not about 'once saved always saved', rather it is about "being in Christ!" There is nothing anyone can do to change that -(John 10:27-30). Many folks I know find that just knowing these things gives them more strength to resist the temptations we all face.

When you grasp this concept of Deliverance before Judgment, you can see why it is that Satan is so determined to take his best shot at fraudulently suggesting that just maybe there is something about us that falls outside the realm of salvation in the Word of God where we are specifically concerned. In the last few months I found my life tied up with health issues caused by healing open blisters on my right leg. I sensed I was confronted with spiritual warfare meant to weaken my faith. This reminded me of a Bible/Biblical Forensics© that I wrote which focused on the Scripture passage concerning being *"Fearfully and wonderfully made"* in Psalm 139:14. Paul stated in Colossians 1:15-17, *"He is the image of the invisible God, the firstborn over all creation. For by Him all things were created: things in heaven and on earth, visible and invisible, whether thrones or powers or rulers or authorities; all things were created by Him and for Him. He is before all things, and in Him all things are hold together."*

I was using a natural product containing Lamina to heal these open wounds. Laminin is the name used for a family of proteins that serve many useful

functions in biology. The most important property of laminins is their ability to easily bind or knit to each other and to other proteins. This makes laminin a critical means of holding tissues and organs together. It has been described as the protein equivalent of human glue, though it functions differently than actual chemical glue will. These proteins have several short arms that bind easily to other laminins and a single long arm that binds easily to other cell structures and membranes. Flattened out, laminins have a shape generally in the form of a cross. It is laminin that forms the epidermis tissue of the outer layer of skin. It takes from 2 to 4 weeks for new skin cells to form on the surface of skin tissue.

Knowing this helped me to exercise patience and discipline as God's natural healing process did its work. Similarly, when we are working towards Christian maturity, there are going to be times when we are faced with trials of one sort or another. Spiritual warfare is always a consideration to be aware of for the believer who desires to serve the Lord wholeheartedly. The enemy can at times provoke health problems and this can be a form of spiritual warfare. My experience is intended to help folks understand that God need not be doubted. We can trust His Word, and when temptation or trials attack us, we merely turn to His Word, and engage our time in study of the promises found in God's Word! Just as laminin helped form new tissue over my wounds, so God works to heal us through the operation of the Holy Spirit by binding His most precious Word to our heart. But, this process requires that we remain patient and disciplined while we allow time for God's Word to apply its healing salve to our spiritual wounds.

The fact is that temptation and trials can be overcome by keeping our life free of strongholds that seek to take control of our thoughts and emotions. We must keep our mind and heart focused on the things of God. When I sense an attack of Satan's temptation, I will usually listen to one of my many DVD's like Grant Jeffrey's 'Signature of God' and watch it to remind me of the evidence of God. At other times, I will read the Psalms and pray for God's strength to counter the temptation. Other times I put a worship music disc into my computer, but all of them help dissipate the aspects of spiritual warfare.

Because Satan has people speaking untruths about God's Word, it is essential that folks have the total truth and evidence that supports the position of *"Deliverance before Judgment"*. The Rapture is going to happen! Make no mistake about it, many people will miss the Pre-Tribulation Rapture. I have no doubt that it will catch a great multitude left behind by surprise, either because they cannot acknowledge their sinful nature so they can repent and ask for forgiveness or because they have not believed that Jesus is their Saviour. Satan uses a number of crafty ways to distract, mislead, confuse and trick people. Without a careful study of Scripture, or taking the time to build an intimate relationship with God, people will be left in the dark with many questions but few answers and thus become vulnerable prey to Satan's lies.

Many in this world find it difficult to comprehend the teaching of a Rapture and others mock or laugh at the very idea of the Rapture miracle. But our Lord and Messiah, Christ Jesus, and the “sealed” born-again believers in Christ will be raptured from the face of the earth before the Tribulation begins. Paul explains, *“in whom also you, hearing the Word of Truth, the gospel of our salvation, in whom also believing, you were sealed with the Holy Spirit of promise,”* - (Ephesians 1:13).

Jesus said: *“Let not your heart be troubled. You believe in God, believe also in Me. In My Father's house are many mansions; if it were not so, I would have told you. I go to prepare a place for you. And if I go and prepare a place for you, I will come again and receive you to Myself, so that where I am, you may be also. And where I go you know, and the way you know. Thomas said to Him, Lord, we do not know where You go, and how can we know the way? Jesus said to him, I am the Way, the Truth, and the Life; no one comes to the Father but by Me.”* -(John 14:1-6).

In this passage, we read about the person, the place, the promise and the plan.

The person: Jesus. *“Let not your heart be troubled. You believe in God, believe also in Me.”* -(John 14:1). Jesus put himself on the same level as the Father in terms of being the object of faith. That would have been blasphemy if He were not God, but He is God. Jesus the God-man will meet us in the sky in the air.

The place: His Father's house. *“In My Father's house are many mansions; if it were not so, I would have told you. I go to prepare a place for you.”* -(John 14:2). This is the New Jerusalem and Christ is the builder, the eternal city of the saints. It's big - 1500 x 1500 x 1500 miles. It has transparent gold. It has jewels all over it and the text of Scripture tells us that the glory of the Lamb shines through it. It shines through the transparent gold and refracts throughout the eternal city as it hits all those glorious jewels. It's possible that John was trying to describe the indescribable. Here's something to think about: Who was the creator of the universe? Read Colossians 1:16; John 1:3; Hebrews 1:2-8; and Revelation 3:14. If you go outside and look at the stars at night, you'll see about 3000 stars on average. They're pretty impressive. Wait till you see the eternal city that Christ has prepared for us.

The promise: *“And if I go and prepare a place for you, I will come again and receive you to Myself, so that where I am, you may be also.”* -(John 14:3). God is a promise keeper. He has never broken a promise. He says he will come again. Count on it! Doubt it not!

The plan: *“Jesus said to him, I am the Way, the Truth, and the Life; no one comes to the Father but by Me.”* -(John 14:6). Jesus is the only way to the rapture. Many Christian leaders are teaching inclusivism and universalism – this is the idea that all paths lead to God. This is what Pope Francis is currently teaching. In fact, that

premise is part of the pope's new global religious initiative to be announced in late September of 2016. But do not believe that heresy from the Jesuit pope. It's simply not true. This means that you can believe in Hinduism or Buddhism. Some people are teaching an opt-out plan, that as long as you do not opt-out of God's salvation, you're automatically saved whether you're a Christian or a Hindu or a Buddhist or anything else. Not so. Jesus is absolutely clear. Jesus is your only ticket to the rapture. That's it. There is only one way in the Word of God. I've preached this passage many times as a pastor and even more as a guest speaker, and I can tell you that these are provocative words such that the unbeliever will waste no time in telling you they reject them.

This means there will be only one fortunate generation of Christians who will never pass through death's door. Imagine the headlines: **Multitudes Missing!** Imagine some churches - some pastors preaching in the pulpit when the rapture happens and they're still there. Or it could be that some of the congregation members are still there. These are those who have not trusted in Jesus Who is the Way, the Truth and the Life. Maybe they think that just going to church makes them a Christian. It doesn't. One must trust in the living Lord, Jesus Christ. He is your one ticket to the rapture.

Alive on earth one moment

Next moment - with Christ in the air

There will be many false stories and speculations about what has happened to those Raptured Christians. The things that are shared in this series are real and will soon be a fact in living reality. Some folks will have a tendency just to brush it off, and merely say "that's crazy?" It may come as a surprise to you but the world of the occult believes in the Christian Rapture but they have already come up with answers to explain away where we have gone. New Age writer Peter Lemesurier wrote a book back in 1982, 'The Armageddon Script', that addresses this issue of how the "Left Behind" will be misled over our sudden disappearance.

Count on those people who were told but were left behind to remember what people like us warned them about. If they are too busy partying to even look into investigating this Rapture warning, consider keeping copies of this series to share with those who are skeptics. Make sure to hold on to this message and remember it. We are in what is referred to "*As in the days of Noah*". Just as he and his family were "*delivered*" before the Wrath of Almighty God, so we will be Raptured (Rescued) before the Great Tribulation's Wrath.

Nobody in their right mind would want to be anywhere on earth after the Rapture, considering what Bible prophecy has to say concerning the future events that will unfold during the Great Tribulation. I wrote a Bible/Biblical Forensic© that names 55 events or so that will take place once we are gone. It is my sincere hope that those who do read this series will recognize the Biblical Truth that so few have

not been able to grasp. This series was written specifically in the hopes that it might be of encouragement for those folks who would come to repentance and recognize there is a “Blessed Hope” available to them through Jesus Christ. Some may view becoming saved an “escapist theology”. Think carefully for a moment - all other views are terminal by any known measurements. We have now entered the Season in Time known as the last of the Last Days. The Rapture is the next BIG event on the prophetic calendar. Are you ready? You should be! Remember, Jesus is your only ticket!

When the Rapture occurs, it is going to be an event that will not be hidden. Almighty God has made sure the concept of the Rapture has already been made known to the masses. Even though it is often met with ridicule and mockery by people in the world, and on the media, God still makes sure the Rapture will be highly publicized before it happens. After the Rapture, a great multitude of people left behind will cry out to the Lord Christ Jesus, and begin to understand the theme of the Bride of Christ in the Bible. Over 750 passages of the Old and New Testament are directly related to the Bride (Church) theme. Scoffers will regret their negligence. It will happen, suddenly, unexpectedly, and with lightning speed. The Bible puts it this way, *“In the twinkling of an eye.”*

As I have noted earlier, most academic institutions today do not teach Bible prophecy. Every academic institution where I was a student were all rated as superior academic schools. Yet, none of them taught Bible prophecy. The reason for this was related to the fact that all of these academic institutions were amillennial, meaning they do not believe in a Millennium, as described in Revelation 20. I will cover the Greek text of Revelation 20 in a future issue. This chapter clearly defines a one-thousand year reign of Christ Jesus.

There are two basic schools of theology used when interpreting Scripture.

The amillennial position is to spiritualize Scripture, or to represent the text symbolically. Amillennialism is the name given to the belief that there will not be a literal thousand year reign of Christ. The people who hold to this belief are called amillennialists. The prefix “a-” in amillennialism means “no” or “not.” Hence, *“amillennialism”* means *“no millennium”*. The amillennial position descends from Roman Catholicism, dating to Augustine in 350 A.D. through the Reformation and has a loose understanding or interpretation of the Word of God. This reasoning is structurally faulty.

The second position is known as Dispensationalism. A dispensation is a way of ordering things—an administration, a system, or a management. In theology, a dispensation is the divine administration of a period of time; each dispensation is a divinely appointed age. Dispensationalism is a theological system that recognizes these ages ordained by God to order the affairs of the world. Dispensationalism has two primary distinctives:

**A consistently literal interpretation of Scripture, especially Bible prophecy, and
A view of the uniqueness of Israel as separate from the church in God's program.**

There is a blessing out of the Rapture that is often overlooked by many folks. Those taken out of this Earth, will be the recipient of a life after the Great Tribulation, that will be as a thousand years in length. Revelation chapter 20 notes this fact not just once, but six times, in this chapter. Repetition of this time span is reflective of something the Lord was emphasizing as being very important. I'm almost 80 and in terms of longevity my time after the Rapture, it will be like being a baby or toddler. The rest of our lives will be spent in a world free of sin, pain, suffering, sickness, illness, heartache, and sadness just for starters. The Rapture offers such incredible promise that I scratch my grey hair why anyone with a grain of intelligence would not want to be part of its promise!

Pastor Bob [From 2016 posting]

Getting to know the progressive symbolism of God's Numbers 1 through 10.

Every number in the Bible has meaning and is useful for interpreting God's Word. See how evidence clearly shows even book, chapter and verse are God assigned Inside....Learn how knowledge of biblical number symbolism provides new insights into our understanding of a Christian's Walk and what the Bible teaches about it.

I have been saying for decades that the Creator was the Master Mathematician through analysis of the Biblical Greek and Hebrew text. Of all the pure sciences, mathematics is perfect; this simply means it can be validated or confirmed through repetitive steps and they will always confirm the same meaning. Mathematics is the science and study of quality, structure, space, and change. Mathematicians seek out patterns, formulate new conjectures, and establish truth by rigorous deduction from appropriately chosen axioms and definitions. Mathematics is both an art and a science, and pure mathematics lies at its heart.

Notice how there is a progression of symbolism through these numbers...They provide us with a roadmap for our lives and steps of understanding we must take in our Christian walk. These definitions are very different and much more meaningful than how Biblical numbers are explained and oversimplified.

'The Bible's Redemption Pattern and Numeric Map' was published in March, 2009 by [Norm Patriquin](#) (Author).

Everything we know about how the Bible was created tells us the Bible's structure (book, chapter and verse organization) was done for man's convenience. The Bible could not possibly be divinely numbered. I told myself the same thing over a couple of years until the evidence simply overwhelmed my ability to deny the perfection any longer. If you can bring yourself to discern the evidence for yourself, at first you will not be able to take it in — but as you see more & more examples, the perfection of numbers and the preponderance of how biblical numbers line up with the text will eventually convince you the only way it could exist is if God himself made it happen. How could this discovery remain hidden for more than 2000 years? I'm convinced it is because God designed it for this point in history and kept it hidden until he wanted it revealed.

Nothing is impossible with God... Jeremiah 32:27 *“Behold, I am the LORD, the God of all flesh; is anything too difficult for Me?”*

This web site is full of evidence of all kinds for the DNA-like perfection of the Bible, and you will want to dismiss example after example as coincidence until...at some point you also will start to realize there's just too much evidence, in too many very strategic Bible locations, to think it happened by chance, or is simply the product of someone's overactive imagination.

Following are some startling examples to make you wonder if this is remotely possible. If you are the curious type, or love discoveries in God's Word, keep looking and be amazed at what God has done. Once you observe the patterns you will never think of God's Word the same again...it truly is a supernatural book.

Australian Senator Drops Serious WEF Truth Bombs

By [Wide Awake Media](#) October 28, 2023

“The plan of the Great Reset is that you will die with nothing.”

Australian senator, Malcolm Roberts, dropping serious truth bombs about Klaus Schwab's World Economic Forum—and its dystopian Great Reset agenda—in the Australian parliament.

“Klaus Schwab's 'life by subscription' is really serfdom. It's slavery. Billionaire, globalist corporations will own everything—homes, factories, farms, cars, furniture—and everyday citizens will rent what they need, if their social credit score allows.”

DEAGEL PREDICTED THAT THE U.S. POPULATION WOULD BE 99 MILLION BY 2025

THE PRESENT POPULATION OF THE U.S. IS 332 MILLION

IF THE U.S. GOVERNMENT CAN GET 70% OF THE
PUBLIC TO TAKE THEIR SHOTS NOW THEY WILL BE
ON SCHEDULE TO ACCOMPLISH THIS GOAL.

70% OF 332 MILLION IS ROUGHLY 232 MILLION.
THESE 232 MILLION WILL HAVE A LIFE EXPENTANCY
OF 3 YEARS AFTER TAKING THE SHOTS.

THAT WOULD LEAVE 99 MILLION

Based upon Edward Dowd's data, author of '*Cause Unknown*' and several other data collectors, the government's agenda is unfolding as predicted!

Unsuspecting customers hit by new 'carbon footprint charge' in UK restaurants

Some restaurants are introducing carbon footprint charges, saddling diners with the cost of the meal's environmental impact.

James Martin is one restaurant owner signed up to the scheme. Some UK restaurants have begun introducing 'carbon footprint charges', saddling diners with the cost of the meal's environmental impact.

Customers have noticed charity donations for a scheme called Carbon Friendly Dining appearing on restaurant bills, on top of service fees.

Backed by retail consultancy Lightspeed, the scheme is aiming to charge £1.23 per person to plant fruit trees in developing countries to tackle global warming.

Celebrity chefs Marco Pierre White and James Martin are among a number of restaurant owners to have signed up.

MP: 'People are more conscious of their carbon footprint'. Carbon Friendly Dining's website says the charge "helps counterbalance the environmental impact" of diners' meals and *"also help some of the poorest communities on the planet"*.

A spokesman said that the new additional charges were "highly visible" and "completely optional" and that diners were given leaflets explaining the initiative's goals. [They will become a mandate following the COP28 implementation of mandates by the Antichrist Prince Charles.]

Diners can ask for the new donation on their bill to be removed. Dozens of restaurants, pubs and hotels across the UK have signed up to the carbon-offsetting donation.

The scheme says it has planted 3.5 million trees so far in countries like Ethiopia, Brazil and the Philippines through the tree-planting scheme Gift Trees. The company estimates that each tree's 40-year lifespan will offset one ton of carbon dioxide.

A similar scheme was launched in 2018 in California, which added a one percent charge to bills to help farmers decarbonize.

Hilton hotels also recently added a climate rating, similar to calorific ratings, to menus to inform diners of the carbon impact of each dish.

It says: *"Your diners are willing to spend more if it means contributing to causes they believe in. Retain eco-conscious customers by instilling a sense of empowerment each time they eat with you."*

Carbon Friendly Dining also supplies clothing, shelter and food to people living in poverty around the world.

It seems these people can't get their story to agree; as Bill Gates is simultaneously promoting the idea of cutting down millions of trees. It is junk science plain and simple. Trees absorb carbon dioxide and make oxygen in the process.

Ignoring the reality of what is coming will not lessen your fear. Your destiny is settled by your choice, and to simply ignore it is to make a choice!

With only five weeks to the COP28 meetings, we are on the threshold of Biblical history and prophecy converging, culminating in a way that most of the world will not be able to come to grips with when millions are removed from the physical realm we know as home. Those left behind will be told that we were taken by ET's for re-education in order to calm folks of what happened at the Rapture. The Antichrist will sell them the idea they can have immortality by following him, worshipping him, and taking his Mark.

When you read and hear that **Damascus** has been "Nuked" you will know that you only have days before the End! When Isaiah 17:1 is fulfilled, Russia will enter the picture that leads to World War III. We were told in advance it would happen! The Bible however does not name a nation or state behind it, could be the U.S. as much as Israel, or precipitated by an unknown client "third party". Russia has multiple business and defense treaty agreements with Syria. The COP28 meetings are still on schedule and the calendar dates below are baked into the cake.

Believers worldwide will be Raptured out of here just before or at least prior to when Prince Charles makes his rare appearance at the COP28 being held in Dubai that will usher in the Great Tribulation of Daniel 9:27. Hanukkah, 2023 offers another possible Rapture date within this time frame!

Count down to 'Confirming the Covenant with the Many'

<p style="text-align: center;">Hanukkah 12/7/23 – 12/15/23 COP28 Begins November 30th as of 10/31/23 – 30 Days Days to end COP28 December 12th as of 10/31/23 – 41 days</p>

Praise God!
