King Charles: 71 facts about His Long Road to the Throne

Everything you need to know about man who became heir to British throne 71 years ago; well maybe not everything since he is soon to be unveiled as King of the Universe, i.e., Lucifer’s man of destiny!

1. Charles was born at Buckingham Palace on 14 November 1948 at 9.14pm, by caesarean section, after a 30-hour labor. His birth was the first of a senior member of the royal family [not to be attended by a senior politician](#) – to ensure that the newborn was a genuine descendant of the monarch – since the 17th century.

2. Philip was not present, and at one point, went to play squash. He is said to have declared that his son [looked like a plum pudding](#).

3. At his christening, Charles was doused with water from the River Jordan. In 2021, when Charles visited the supposed site of Jesus's baptism on the banks of the river, he was given vials of the water for use in future royal christenings.

4. When Charles was one, the Queen and Prince Philip [spent Christmas in Malta](#), where Philip was stationed with the Royal Navy. Charles stayed with his grandparents at Sandringham; his parents missed his first steps and his first teeth.

5. Charles's first word was said to be "*nana*", addressed to his nanny, Mabel Anderson.

6. Seventy-one years ago, when his grandfather died and his mother became queen, Charles became heir apparent at the age of three. He held that title for 70 years – longer than anyone else.

7. As male heir, Charles began receiving the equivalent of £209,000 from his estate. Since then, he and the Queen received payments equivalent to more than £1bn from the duchies of Lancaster and Cornwall, which run portfolios of land across England, [a recent Guardian investigation found](#).

8. When Winston Churchill met him shortly before his fourth birthday, [he observed](#): "*He is young to think so much.*" Catherine Peebles, Charles's governess, [said that he was](#) "*hypersensitive, lonely, excessively shy and given to quiet pursuits like reading and painting*".

9. After a six-month separation from the Queen and Philip on a royal tour in 1954, Charles and his younger sister Anne [were greeted by their parents with handshakes](#).

10. [Charles said](#) in 1969 that as a child he first "*thought of being the proverbial engine driver or something. Then I wanted to grow up to be a sailor ... and, of course, a soldier ... When I started shooting, I thought how marvelous it would be to be a big-game hunter. I went from one thing to the other until I realized I was rather stuck*". He added: "*It's something that dawns on you with the most ghastly, inexorable sense. I didn't suddenly wake up in my pram one day and say; 'Yippee,' you know.*"

11. Charles was the first future monarch to be sent to school rather than being educated by private tutors. He was dispatched to Cheam School to board at the age of eight, where [a British Pathé newsreel](#) said "*his rank will count for little in the rough and tumble democracy of playground and dormitory*".

12. He was said to have little aptitude for sport, but in his last year [captained the football team](#), which scored four goals in the season, and conceded 82. The school newspaper said that "*Prince Charles seldom drove himself as hard as his ability and position demanded*".

13. Charles was then sent to Gordonstoun School, where, at age 14, a trip on the “school yacht” to the Isle of Lewis led to him and a group of other boys taking refuge from tourists in a bar. He was seen [ordering a cherry brandy by a tabloid journalist](#). His personal security officer was fired by the Metropolitan police as a result.

14. At Gordonstoun, Charles was ostracized by his fellow pupils, who made “slurping” noises at anyone who was friendly to him. He [wrote in a letter home](#): “It’s such hell here, especially at night ... The people in my dormitory are foul. They throw slippers all night or hit me with pillows or rush across the room and hit me as hard as they can, then beetle back again.” He reportedly later referred to the school as “a prison sentence” and “Colditz in kilts”.

15. Prince Philip [laughed out loud](#) watching his 17-year-old son play Macbeth (above) in the school play, later telling a tearful Charles that he “*sounded like the Goons*”. Charles also played the cello, and although he said he was “*hopeless*”, he gave recitals at local aristocrats’ homes.

16. Despite his unpopularity he was made head boy, and given his own room in the apartment of the art master.

17. In 1967, despite mediocre A-level results of a B in history and a C in French, [he was given a place at Cambridge](#) without sitting the exam. He was driven to the university in a bright red Mini. He lived in unusually nice rooms for a first year student; [they were decorated by the Queen’s tapestry maker](#).

18. [Time magazine reported](#) that at a university ball in 1968, he “*unbent sufficiently, as one observer put it, ‘to seem intent on kissing an attractive blonde named Cindy, even in the fast dances’*.” That was Cindy Buxton, the daughter of a birdwatching companion of his father’s. Charles also attended a pottery class at night, and played for the university polo team.

19. He became the first heir to the throne to be awarded a university degree – a 2:2 in history. “*This boy has come out with flying colors,*” [the master of Trinity College, Lord Butler, said](#). “*We think it was rather remarkable that he could get a good degree, considering all his other duties.*”

20. When he met Camilla Shand in the summer of 1971, [she is said to have introduced herself by saying](#): “*My great-grandmother was the mistress of your great-grandfather – so how about it?*”

21. In the Palace Papers, Tina Brown writes that Camilla [was said to have](#) urged the sexually “*diffident*” Charles to “pretend I’m a rocking horse”.

22. They fell in love, but were separated when Charles joined the Royal Navy. Some attributed their separation to his great-uncle Lord Mountbatten’s advice that only a virgin could marry the future king: he wrote that “*it is disturbing for women to have experiences if they have to remain on a pedestal after marriage*”. He [also said](#): “*I believe in a case like yours that a man should sow his wild oats before settling down.*”

23. In 1974, [an Observer journalist said to Charles](#): “The Queen is still a youthful monarch. It looks as though you will have to spend many years as Prince of Wales,” and asked: “Should monarchs reign until death? Is there a case for retirement?” Charles replied: “*No, I certainly don’t think monarchs should retire and be pensioned off ... The nature of being a monarch is different. There’s plenty I can do.*”

24. In the same interview, Charles said that he hoped to encourage greater tolerance of diversity, saying: “*The more people understand about the background of the immigrants who come to this country, the less apprehensive they would be about them. To get on neighborly terms with people of other races and countries, you’ve got to get more familiar with them. Know how they live, eat, work, what makes them laugh. And their history.*”

25. Charles has written the forewords to at least 31 books. The first was [a compilation of Goon Show scripts](#) by Spike Milligan, published in 1974. He later [became patron of the Goon Show Preservation Society](#).

26. In 1975, when being installed as Great Master of the Order of the Bath, he [sported a moustache](#) that made him look exactly like Terry Thomas.

27. Charles had been advised by Mountbatten that “*for a wife he should choose a suitable and sweet-charactered girl before she meets anyone else she might fall for*”. In 1977, when he was 29, he met the 16-year-old Diana Spencer.

28. [Tina Brown writes](#) that in 1980, Charles and Camilla kissed at length in front of her husband, Andrew Parker Bowles, himself a serial adulterer, at a polo ball hosted by meat fortune heir Lord Vestey. Andrew said: “*HRH is very fond of my wife, and she appears to be very fond of him.*”

29. In the same year, Charles published a children’s book, *The Old Man of Lochnagar*. At one point, the old man meets the “king of the Gorms”, [who has a “peculiar rubber mat”](#) fastened to his bottom to “prevent him slipping off his throne all the time”.

30. Under pressure to marry, Charles proposed to Diana in February 1981, just before she went on a trip to Australia: “*I thought: ‘Well I’ll ask her then so that she’ll have a chance of thinking it over,’*” he said. Asked if they were in love [in a broadcast interview](#), Charles said: “*Whatever ‘in love’ means.*”

31. Diana [later said](#) they had met 13 times when Charles proposed. In the Guardian, [John Ezard and Alan Rusbridger reported](#) that Harold Brooks-Baker, managing editor of Debretts, said that Diana *“descends five times from Charles II. Four times on the wrong side of the blanket and one on the right side. He had a large number of bastards”*.

32. In an eight-page supplement the day before the wedding in July 1981, [the Guardian published](#) pictures of 14 of his alleged ex-girlfriends.

33. Their wedding at St Paul’s Cathedral was attended by 3,500 people, with 600,000 spectators lining the route of Diana’s procession, and [an estimated television audience of 28 million in the UK and 750 million around the world](#). Diana’s dress had a 25-ft (7.6-metre) train made of ivory taffeta and antique lace. There were 23 official wedding cakes; a slice of one [was preserved and sold for £1,850 in 2021](#). The royal biographer Hugo Vickers [wrote in a diary entry on the day](#): *“The Royal Wedding is no more romantic than a picnic amid the wasps.”*

34. When Prince William was born in 1982, a Buckingham Palace spokesperson said he *“cried lustily”*. [The Guardian reported](#) that when Charles was told a crowd outside the hospital had chanted *“Nice one Charlie, let’s have another one,”* he laughed and replied: *“Bloody hell, give us a chance.”*

35. When Charles was made president of the British Medical Association in 1982, he [made a speech setting out his belief in alternative medicine](#), and criticizing *“the deeply ingrained suspicion and outright hostility which can exist towards anything unorthodox or unconventional”*. A four-page supplement in the Evening Standard promoting unproven cures for cancer appeared in his name a few days later.

36. Charles's belief in unproven treatments was attributed to the man he was said to view as his spiritual mentor, Laurens van der Post, who was later disgraced [by the revelation that he had fathered a child with a 14-year-old girl](#) when he was 46. Van der Post persuaded Charles to record his descriptions of his dreams, which were then subjected to Jungian analysis.

37. For the six weeks before the birth of Prince Harry in 1984, [Diana later said](#) she and Charles *"were very, very close to each other ... the closest we've ever, ever been and ever will be. Then suddenly as Harry was born it just went bang, our marriage, the whole thing went down the drain"*.

38. According to Charles's biographer Sally Bedell Smith, Charles and Camilla's affair resumed in 1986. Diana [told her biographer](#) Andrew Morton that she confronted Camilla in 1989. She claimed Camilla said: *"All the men in the world fall in love with you, and you've got two beautiful children, what more do you want?"* She said she replied: *"I want my husband."*

39. After encouragement from Sir Laurens van der Post, the South African writer, Charles talked to his plants. [He said in 1986 that](#) *"they respond, I find"* and that his fruits and vegetables were *"a damned sight bigger because I instructed them to be"*.

40. In the same year, Charles travelled to the Kalahari Desert with Van der Post, where he felt he saw ["a vision of earthly eternity"](#) in a herd of zebras. He then travelled to the Outer Hebrides and spent three days living in a modest cottage, where he planted potatoes and helped mend fences to learn more about crofting. The Sun [covered the visit with the headline](#): *"A LOON AGAIN: HERMIT CHARLES PLANTS SPUDS ON REMOTE ISLE."*

41. Andrew Morton's book, published in 1992, revealed excruciating details of the breakdown of Charles and Diana's marriage. They separated formally later that year. In 1993, a recording of a conversation between Charles and Camilla, in which he said he would like to be reincarnated as her tampon, caused a sensation. An Italian newspaper [referred to Charles as "Il Tampaccino"](#) when reporting the story.

42. In 1993, Charles took the lead in planning a new development, Poundbury, on Duchy of Cornwall land, according to the principles of architecture and urban planning he advocated. In 2016 the Guardian's architecture critic Oliver Wainwright [wrote that](#) while it had long been mocked as a "feudal Disneyland", "strip away the fancy dress and you find a plan that far exceeds the sophistication achieved by any modern housebuilder".

43. In a biography written by Jonathan Dimbleby with Charles's blessing, [Dimbleby wrote](#): "Prince Charles is far more aware of the prospective burdens of kingship than its pleasures." Charles told him: "The difficulty is most of the time not feeling that one is worthy of it, inevitably."

44. Charles admitted to the affair with Camilla [in a 1994 interview with Dimbleby](#). He said he had been faithful "until [his marriage] became irretrievably broken down".

45. A book by Tom Bower said that Charles, a keen watercolourist, tried to swap one of his paintings for a work by Lucian Freud in 1994. "I don't want one of your rotten paintings," [Freud is said to have replied](#).

46. After Diana's explosive interview with Martin Bashir in 1995, the Queen [sent letters to Charles and Diana advising them to divorce](#). Last year, after new revelations cast doubt over how Bashir had secured the interview and amid briefing that Charles was angry that clips from the broadcast were still shown, [the BBC promised never to air it again](#).

47. When Charles and Diana finally divorced the next year, they [agreed a settlement](#) which saw her receive a lump sum of £17m – equivalent to £41m today – as well as £400,000 a year. They signed non-disclosure agreements prohibiting any discussion of the divorce or their marriage.

48. A poll [published by the Guardian in 1995](#) found that 49% of British people expected to see the end of the monarchy in their own lifetimes.

49. Charles owned a 1987 Aston Martin V8 Vantage Volante, which he was given by the emir of Bahrain on a state visit. It was customized to include a leather-trimmed sugar-lump jar for Charles's polo ponies in its glove box. Charles sold the car in 1995 and gave the £110,000 proceeds to the Prince's Trust. The Guardian [recently estimated](#) that his current luxury car fleet is worth about £6.3m.

50. In his recent memoir 'Spare', Prince Harry remembered that when he was growing up, his father [would perform headstands in his bedroom each morning](#) in an attempt to relieve neck and back pain caused by years of playing polo. Clad only in his boxer shorts, Charles would yell "No! Don't open! Please God don't open!" if anyone approached the door to his room.

51. After Diana's Paris car crash in 1997, Charles broke the news to Harry in his bedroom. He called him his "dear son" and put his hand on his knee but did not hug him, Harry [said in his memoir](#).

52. Harry also said that Charles kept a teddy bear which he had had since he was at Gordonstoun which had "broken arms and dangly threads". [Harry wrote](#) that the bear "expressed eloquently, better than Pa ever could, the essential loneliness of his childhood".

53. In 2002, after the death of the queen mother, Charles flew to Greece to stay at a monastery on Mount Athos for three days. [He travelled with a butler and 43 pieces of luggage](#).

54. In 2004, Charles was reported to have said: "Nobody knows what utter hell it is to be the Prince of Wales."

55. He [once gave Ozzy Osbourne](#), a recovering alcoholic, a bottle of scotch as a get-well-soon present after Osbourne fractured his collarbone.

56. Harry said in 'Spare' that Charles's preferred personal scent was Eau Sauvage, which he would "slather" on "his cheeks, his neck, his shirt". He said it was "flowery, with a hint of something harsh, like pepper or gunpowder".

57. Charles and Camilla’s wedding in 2005 clashed with the Grand National, which was therefore delayed by 25 minutes. Shortly after the ceremony, the Queen stepped into a side room at Windsor Castle to watch the race. She also left the reception to watch it again. Her wedding present for the couple was a broodmare.

58. Since his mother died, Charles has made £2.3m from selling her horses at auction.

59. Honors given to Charles during his lifetime include Sash of Special Category of the Order of the Aztec Eagle in Mexico, Grand Cordon of the Supreme Order of the Chrysanthemum in Japan, Grand Commander of the Order of the Lion in Malawi, and Knight of the Order of the Elephant in Denmark. He also received a special award for the promotion of gardening from the Garden Media Guild in 2011.

60. In 2015, after a 10-year legal battle, [the Guardian published](#) some of the “*black spider letters*” – named for his handwriting – Charles sent to ministers. Among many other suggestions, he wrote to then-environment minister Elliot Morley in 2004 saying that he hoped “*illegal fishing of the Patagonian tooth fish will be high up on your list of priorities because until that trade is stopped, there is little hope for the poor old albatross*”.

61. The law was subsequently changed to provide an absolute exemption for the monarch and all heirs to the throne from freedom of information requests.

62. A ‘*Sunday Times*’ report last year revealed that in 2015 Charles [was given €3m cash in a suitcase and Fortnum & Mason carrier bags](#) by the former prime minister of Qatar. The money was then deposited into the accounts of the Prince of Wales’s Charitable Fund.

63. Tom Bower's biography [claimed that](#) Charles made five outfit changes a day, and travelled with his own orthopedic bed and toilet seat as well as a supply of Kleenex Premium Comfort loo paper. Clarence House made no comment.

64. In 2019, Josh O'Connor took on the part of Prince Charles in *The Crown*. [He said that](#) to perfect the voice, he said "ears" instead of "yes" and spoke through his teeth. [He also said that](#) he drew on Charles's habit of checking his cufflinks and pocket square every time he gets out of a car.

65. Charles's personal fortune [has been estimated by the Guardian at about £1.8bn](#). He receives around £86m a year in public funding, and is technically due another £250m under the terms of a 2011 funding settlement, but has signaled he does not want the extra money. After the death of the Queen, he [paid no inheritance tax](#) on her fortune.

66. Paul Powlesland, a barrister who was threatened with arrest for holding up a blank piece of paper in Parliament Square in protest at coverage of the Queen's death which he viewed as "over the top and mawkish", [also hopes to protest at the coronation](#). Patrick Thelwell, a student who threw five eggs at the new king (but missed), and said that people around him said "Kill him, kick him to death", was found guilty of threatening behavior and banned from carrying eggs.

67. A wreath of flowers, leaves and herbs, some from Charles's own gardens at Highgrove and Clarence House, rested on his mother's casket at her funeral with a note that read: "*With loving and devoted memory, Charles R.*"

68. New research shared with the Guardian [and published last week](#) revealed that Charles's direct ancestors bought and exploited enslaved people on tobacco plantations in Virginia in the 17th century. Earlier this month, in response to the Guardian's

reporting, Charles [signaled for the first time](#) his support for research into the links between the British monarchy and the transatlantic slave trade.

69. Only three in 10 Britons [think the monarchy is “very important” today](#) – the lowest proportion on record. But [a recent YouGov poll](#) found that 58% of the public preferred the monarchy to an elected head of state.

70. Plans for the coronation have been under way for years under the codename “*Operation Golden Orb*”. No budget has been revealed, but it has been estimated that it will cost between £50m and £100m. It [has also been reported](#) that Charles wants it to be “*in line with his vision for a smaller, more modern monarchy*”, with 2,000 guests against the 8,000 that attended the Queen’s coronation and a shorter service. That event cost £912,000 in 1953 – £20.5m today.

71. Charles will leave the ceremony wearing the Imperial State Crown for the first time. It is 12 inches tall, and [decorated with 3,165 diamonds, sapphires, emeralds, and pearls](#). The centerpiece is the Cullinan II diamond. When craftsmen first attempted to cut it, [the first blow broke the knife](#).

PRINCE CHARLES AND THE ISLAMIC MAHDI (THE GUIDED ONE)

The Muslims expect and enlightened, great leader to appear at the end of time, they call him Mahdi, or guided one.

According to their prophecies, he will have the following attributes and things concerning him to identify him. According to these reliable, authentic, and universally accepted narrations, Mahdi will:

Be from among the family of The Prophet (SAW), among the descendants of Fatima(RA);

Have a broad forehead and pointed nose; (note. The great monarch of Europe also described having these features)

Appear in one night; (must mean appear as Mahdi suddenly and take his role as such)

Appear just before the day of judgment; (in other words in the end time period)

Have same name as hazrat Muhammad(SAW); (be linked to or have the name Muhammad- note Prince Charles claims to be descended from Muhammad)

On his mother's side he is.

"ARAB: Queen Elizabeth II descends from the Muslims who created the Arab Andalusian civilization of Spain. Since some of those people sprang from the family of the Prophet, The Queen herself is a descendent either directly or collaterally of Mohammed. When Her Majesty visited Morocco in 1980, the Moroccan media pointed out this Islamic ancestry of Canada's Queen."

see link <http://www.monarchist.ca/archives/ethnic.htm>

He will escape from Medina to Makkah where people will pledge allegiance to him; (have Muslim/ Islamic allegiance given to him- Prince Charles already has this)

Receive pledge and help of Iraqi people; (be linked to Iraqi people and their cause so gaining their support- Prince Charles is very involved with the Iraqi marsh Arabs.)

Fight in battles; (be a head an army- Prince Charles will one day be first in command of the Royal air force, royal marines, royal navy, the British army and even the sas, and all over branches of the British military.- now he has secondary command.)

Rule over the Arabs for seven years according to Sunnah; (become a leader of Arabs)

Spread justice and equity on earth; (i.e., promote Islamic studies and bring a time of Islamic law to end lack of justice- Prince Charles is very active in the promotion of the study of Islamic law in Great Britain in academic capacity in Islamic university schools and English university and schools and had set up Islamic Centres for the study of Islamic law.)

Eradicate tyranny and oppression; (bring at time of peace and justice- like the great monarch of Europe is prophesied to do)

Lead a prayer in Mekkah which Jesus will follow in; (go to Mecca with A false Jesus Christ and appear as to be higher than him)

NOT be the same individual as the Promised Messiah (Jesus). (be distinguished from their false Christ by the Muslims and be greater than their false Christ according to their prophecies, for the false Christ will ask him to pray at Mecca.

The Holy Prophet Muhammad(SAW) has prophesied about several events that will occur just before the advent of the day of judgment. Among these, Rasulullah(SAW) has foretold the advent of one of his descendants, Al Mahdi (the guided one), which will materialize when the believers are severely oppressed in every corner of the world. He will fight the oppressors, unite the Muslims, bring peace and justice to the world, rule over the Arabs, and lead a prayer in Mekkah at which Isa(pbuh) (Jesus) will be present.

Throughout the history of Islam, a few individuals -- driven either by the desperate state of Muslims in their community or a selfish pursuit of power and prestige -- laid claim to being Mahdi and found a following among the uninformed masses who were looking for salvation from the heavens. For some of these individuals (like Bab of Iran or Mirza Ghulam of India) the claim to being Mahdi was just a stepping stone to the development of heretic sects which broke away from the fold of Islam. Thus, it is at least prudent to visit the facts of this prophecy and avoid falling prey to false claimants that will appear from time to time.

As Muslims, we should remember that the prophecy about Mahdi is one that will come to pass. This prophecy, however, does not absolve the Muslim ummah from its duty to strive in the cause of Allah(SWT), oppose injustice, and seek peace and betterment of human condition. Centuries have passes from the time of the holy Prophet(SAW) and there is a good possibility that many more will expire before the advent of Al Mahdi. Muslims who are negligent in their duty hoping for a savior are committing a grave mistake and are not following the divine decrees ordained in Quran or taught by Rasulullah(SAW).

The video link below raises the possibility or question that Could Prince Charles be the Muslim Messiah referred to as the Mahdi in the Koran? In previous Blessed Hope articles we have shared information from HRH Prince Charles own lineage link to Mohammed.

Strange things about King Charles, could he be the next Mahdi?

With the upcoming COP28 event beginning on November 30, 2023 and running through to December 12th, 2023, there may be an element of “unknown” yet to be revealed to the world, with the signing of *“the covenant with the many!”*

From all of what has been revealed in the latest segments of the Blessed Hope series, it obvious if not blatantly clear, the Royals are worshippers of Satan and this picture is no exaggeration or cynical meme.

Seriously, what child at this age makes *this* hand sign?

1991 Document describes what constitutes the New World Order; all nations will be given “quotas for population reduction on a yearly basis”

By [Edward Morgan](#)

November 21, 2023

On 22 September 1991, nine months before the [Earth Summit](#) was held in Rio de Janeiro, a United Nations Midwest Public Hearing on Environment and Development was held in Des Moines, Iowa.

A document from that hearing noted the pressing need to reduce the world's population. *“The immediate reduction of world population, according to the mid-1970s recommendation of the Draper Fund, must be immediately affected,”* the document stated.

The document stated that one of the policies to be implemented was that *“all nations [will] have quotas for population reduction on a yearly basis, which will be enforced by the [UN] Security Council by selective or total embargo of credit, items of trade including food and medicine, or by military force, when required.”*

The Midwest Public Hearing was sponsored by the United Nations Associations (“UNA”) of the United States, Canada and Iowa in cooperation with the 1992 United Nations Conference on Environment and Development (“UNCED”).

The purpose of the hearing was to hear grassroots testimony on issues about energy, sustainable agriculture and institutions. Testimony given at the hearing was then to be forwarded to *“appropriate national leaders who will prepare the U.S. national report that will determine U.S. policy at the 1992 UNCED ‘Earth Summit’ Conference.”*

There have been several environmental conferences over the decades. The 1992 Earth Summit, also called ECO-92 or Rio-92, was the second after the 1972 Stockholm Conference. [One of the documents to come out of the Earth Summit](#) was Agenda 21. A useful article for a concise overview of the various conferences is [‘Environmental conferences: ECO-92, Kyoto Protocol and more!’](#).

According to *The Forbidden Knowledge* website, the document below was passed out at the Earth Summit and provides sufficient information as to the design of the New World Order to reduce the world's population. Below we have reproduced *The Forbidden Knowledge's* webpage.

SECRETARIAT FOR WORLD ORDER

SEPTEMBER 20, 1991

INITIATIVE FOR ECO-92 EARTH CHARTER

[HTTP://MEMBERS.NBCI.COM/ XMCM/TRUFAX/LEARCHIVES/COBDEN.HTML](http://members.nbci.com/xmcm/trufax/learchives/cobden.html)

1. THE PRESSING NEED

A. THE TIME IS PRESSING. THE CLUB OF ROME WAS FOUNDED IN 1968, LIMITS TO GROWTH WAS WRITTEN IN 1971, GLOBAL 2000 WAS WRITTEN IN 1979, BUT INSUFFICIENT PROGRESS HAS BEEN MADE IN POPULATION REDUCTION.

B. GIVEN GLOBAL INSTABILITIES, INCLUDING THOSE IN THE FORMER SOVIET BLOC, THE NEED FOR FIRM CONTROL OF WORLD TECHNOLOGY, WEAPONRY, AND NATURAL RESOURCES, IS NOW ABSOLUTELY MANDATORY. THE IMMEDIATE REDUCTION OF WORLD POPULATION, ACCORDING TO THE MID-1970S RECOMMENDATION OF THE DRAPER FUND, MUST BE IMMEDIATELY AFFECTED.

C. THE PRESENT VAST OVERPOPULATION, NOW FAR BEYOND THE WORLD CARRYING CAPACITY, CANNOT BE ANSWERED BY FUTURE REDUCTIONS IN THE BIRTH RATE DUE TO CONTRACEPTION, STERILISATION AND ABORTION, BUT MUST BE MET IN THE PRESENT BY THE REDUCTION OF NUMBERS PRESENTLY EXISTING. THIS MUST BE DONE BY WHATEVER MEANS NECESSARY.

D. THE ISSUE IS FALSELY DEBATED BETWEEN A POLITICAL AND A CULTURAL APPROACH TO POPULATION AND RESOURCES, WHEN IN FACT, FACED WITH STUBBORN OBSTRUCTION AND DAY-TO-DAY POLITICAL EXPEDIENCY WHICH MAKE MOST OF THE LEADERS OF THE MOST POPULOUS POOR COUNTRIES UNRELIABLE, THE ISSUE IS COMPULSORY COOPERATION.

E. COMPULSORY COOPERATION IS NOT DEBATABLE WITH 166 NATIONS, MOST OF WHOSE LEADERS ARE IRRESOLUTE, CONDITIONED BY LOCALIST "CULTURES," AND LACKING APPROPRIATE NOTIONS OF THE NEW WORLD ORDER. DEBATE MEANS DELAY AND FORFEITURE OF OUR GOALS AND PURPOSE.

CONFIDENTIAL

F. THE UN ACTION AGAINST IRAQ PROVES CONCLUSIVELY THAT RESOLUTE ACTION ON OUR PART CAN SWAY OTHER LEADERS TO GO ALONG WITH THE NECESSARY PROGRAMME. THE IRAQ ACTION PROVES THAT THE AURA OF POWER CAN BE PROJECTED AND SUSTAINED AND THAT THE WAVE OF HISTORY IS SWEEPING FORWARD.

2. PERILS TO BE HEADED

THERE IS A TWO-FOLD OPPOSITION WHICH MUST BE ELIMINATED BY QUICK ACTION. THERE ARE RUMBLINGS AMONG SOME OF THE "SOUTH" REGIONS,

NOTABLY BRAZIL AND MALAYSIA, TO THWART THE AIMS OF THE UNCED EARTH CHARTER AND TO THWART THE INTERNATIONAL GATHERING IN BRAZIL IN JUNE 1992. THERE IS ALSO THE UNFORTUNATE VACILLATION IN OUR OWN RANKS, AN ARGUMENT THAT THE UNCED LEADERS HAVE MADE THE AGENDA "TOO POLITICAL" AND THAT THE WAY MUST FIRST BE PREPARED ON A LESS ABRASIVE CULTURAL BASIS. WE PRESENT ONLY THE MOST RECENT EVIDENCE:

*** GILBERTO MELIO MOURAO, THE BRAZILIAN WRITER, WARNED IN THE AUGUST 4 FOLHA DE SAO PAULO THAT IN MUNICH IN 1938, "IT WON'T AGAINST THE CURRENT TYPE OF ECOLOGICAL EPIDEMIC, UNLEASHED AGAINST OUR COUNTRY, WHICH THREATENS THE STRUCTURE OF OUR CULTURAL, SPIRITUAL AND POLITICAL VALUES, AND AGAINST OUR VERY NATIONAL SOVEREIGNTY ... MESSRS. CHAMBERLAIN AND DALADIER, HEADS OF THE GOVERNMENTS OF ENGLAND AND FRANCE, CALMLY OFFERED THE BRAZILIAN AMAZON TO THE FUEHRER." HITLER REPORTEDLY OBSERVED THAT SINCE THE AMAZON WAS IN SOUTH AMERICA, THE UNITED STATES WOULD CITE THE MONROE DOCTRINE AND REJECT A GERMAN OCCUPATION OF BRAZILIAN TERRITORY. CHAMBERLAIN AND DALADIER RESPONDED THAT THE PROPOSAL HAD WASHINGTON'S BACKING.**

*** THE UN CONFERENCE ON TRADE AND DEVELOPMENT (UNCTAD) ISSUED ITS ANNUAL REPORT SEPTEMBER 16TH, DECLARING, ACCORDING TO BBC, THAT THE LIBERAL FREE MARKET IS NOT AN APPROPRIATE MODEL FOR DEVELOPING NATIONS. FINANCE SHOULD SERVE INDUSTRY, NOT THE OTHER WAY AROUND, AND GOVERNMENT HAS A KEY ROLE TO PLAY IN CERTAIN SECTORS OF THE ECONOMY.**

3. WHAT THE WORLDWIDE FUND FOR NATURE IS SAYING

*** AN OFFICIAL OF THE WORLD WIDE FUND FOR NATURE (WWF) SAID SEPTEMBER 10TH THAT THE GENEVA UNCED RESULTS WERE "ABSOLUTELY A SERIOUS SETBACK." THERE WILL BE NO CONVENTION ON FORESTS BY JUNE 1992 FOR BRAZIL. THE SITUATION HAS REACHED A DEADLOCK. THIS IS THE FIRST CASUALTY FOR THE UNCED PROCESS.**

*** A SENIOR ADVISOR ON ECOLOGICAL AFFAIRS TO BRITAIN'S PRINCE PHILIP SAID SEPTEMBER 15TH THAT ECO-92 ORGANISER MAURICE STRONG HAD "OVER POLITICISED" THE ISSUE OF ENVIRONMENTALISM AND HAD RAISED "RIDICULOUSLY MESSIANIC EXPECTATIONS."**

CONFIDENTIAL

THEREFORE THE FOLLOWING POLICY MUST BE IMPLEMENTED:

A. THE SECURITY COUNCIL OF THE UN LED BY THE ANGLO-SAXON MAJOR NATION POWERS, WILL DECREE THAT HENCEFORTH, THE SECURITY COUNCIL WILL INFORM ALL NATIONS THAT ITS SUFFERANCE ON POPULATION HAS

ENDED, THAT ALL NATIONS HAVE QUOTAS FOR POPULATION REDUCTION ON A YEARLY BASIS, WHICH WILL BE ENFORCED BY THE SECURITY COUNCIL BY SELECTIVE OR TOTAL EMBARGO OF CREDIT, ITEMS OF TRADE INCLUDING FOOD AND MEDICINE, OR BY MILITARY FORCE, WHEN REQUIRED.

B. THE SECURITY COUNCIL OF THE UN WILL INFORM ALL NATIONS THAT OUTMODED NOTIONS OF NATIONAL SOVEREIGNTY WILL BE DISCARDED AND THAT THE SECURITY COUNCIL HAS COMPLETE LEGAL, MILITARY AND ECONOMIC JURISDICTION IN ANY REGION IN THE WORLD AND THAT THIS WILL BE ENFORCED BY THE MAJOR NATIONS OF THE SECURITY COUNCIL.

C. THE SECURITY COUNCIL OF THE UN WILL TAKE POSSESSION OF ALL NATURAL RESOURCES, INCLUDING THE WATERSHEDS AND GREAT FORESTS, TO BE USED AND PRESERVED FOR THE GOOD OF THE MAJOR NATIONS OF THE SECURITY COUNCIL.

D. THE SECURITY COUNCIL OF THE UN WILL EXPLAIN THAT NOT ALL RACES AND PEOPLES ARE EQUAL, NOR SHOULD THEY BE. THOSE RACES PROVEN SUPERIOR BY SUPERIOR ACHIEVEMENTS OUGHT TO RULE THE LESSER RACES, CARING FOR THEM ON SUFFERANCE THAT THEY COOPERATE WITH THE SECURITY COUNCIL. DECISION MAKING, INCLUDING BANKING, TRADE, CURRENCY RATES AND ECONOMIC DEVELOPMENT PLANS, WILL BE MADE IN STEWARDSHIP BY THE MAJOR NATIONS.

E. ALL OF THE ABOVE CONSTITUTE THE NEW WORLD ORDER, IN WHICH ORDER, ALL NATIONS, REGIONS, AND RACES WILL COOPERATE WITH THE DECISIONS OF THE MAJOR NATIONS OF THE SECURITY COUNCIL.

THE PURPOSE OF THIS DOCUMENT IS TO DEMONSTRATE THAT ACTION DELAYED COULD WELL BE FATAL. ALL COULD BE LOST IF MERE OPPOSITION BY MINOR RACES IS TOLERATED AND THE UNFORTUNATE VACILLATIONS OF OUR CLOSEST COMRADES IS CAUSE FOR OUR HESITATIONS. OPEN DECLARATION OF INTENT FOLLOWED BY DECISIVE FORCE IS THE FINAL SOLUTION. THIS MUST BE DONE BEFORE ANY SHOCK HITS OUR FINANCIAL MARKETS, TARNISHING OUR CREDIBILITY AND PERHAPS DIMINISHING OUR FORCE.

END OF DOCUMENT

THE ABOVE DOCUMENT WAS PASSED OUT AT THE ECO MEETING, AND WE EVENTUALLY RECEIVED A COPY AFTER ALMOST TWO YEARS HAD TRANSPIRED. WE FEEL THAT THE ABOVE DOCUMENT PROVIDES SUFFICIENT INFORMATION AS TO THE DESIGN OF THE NWO RELATIVE TO WORLD POPULATION. THE TELEPHONE NUMBER [814-631-9959] WAS ATTEMPTED AND FOUND TO BE ASSOCIATED WITH SENATOR GEPHARDT.

Hunt began his letter by pointing out that the document bears Gephardt's phone number but he didn't believe the contents of the document represented Gephardt's "political mind." Hunt believed it was [Maurice Strong](#) who had insinuated Gephardt as the "creator of this volatile literature."

THOUGH THE PAPER SPEAKS AGAINST MAURICE STRONG, WE HAVE REASON TO THINK PEOPLE IN HIS CAMP DISTRIBUTED THIS RACIST LITERATURE. WHY HE WOULD "SHOOT HIMSELF IN THE FOOT" IS BEYOND ME. AND WHY HE WOULD INSINUATE YOU AS THE CREATOR OF THIS VOLATILE LITERATURE IS STILL ANOTHER PUZZLE OF WHICH, PERHAPS, YOU MAY ALREADY KNOW.

STRONG IS STIRRING UP CONTROVERSY ABOUT THE RIO MEETING. HE WILL PRESIDE AS SECRETARY-GENERAL OF THE CONFERENCE. AN ARTICLE NOT INCLUDED WITH THESE PAPERS QUOTES HIS SPECULATIONS THAT A WORLD FINANCIAL COLLAPSE WILL BE PRECIPITATED BY THE RIO MEETING. MANY ARE WATCHING AND LISTENING AS THIS RIO CONFERENCE UNFOLDS.

OUR COUNTRY HAS BEEN UNDERMINED BY THE SAME SORTS OF PERSONS WHO CONVENED THE DES MOINES UNCED ("UNSAID") CONFERENCE. WE SEEM TO BE POWERLESS TO STOP THEM ... WHEN FOREIGNERS LIKE MAURICE STRONG CAN THWART OUR LAWS AND DISMANTLE AMERICAN SYSTEMS AT WILL (I HAVE PROOF OF THESE STATEMENTS) RIGHT UNDER OUR NOSES AND GET AWAY WITH THEM, ANY DISCERNING AMERICAN CAN SEE "THE FAT LADY RISING UP TO SING."

IT SEEMS YOU AND YOUR COLLEAGUES ARE MUCH TOO BUSY WITH OTHER AGENDAE THAN TO FOLLOW THE MACHINATIONS OF M. STRONG AND HIS EUROPEAN TREASURE HUNTERS, BUT IF STRONG IS TRULY RESPONSIBLE FOR PLACING YOUR PHONE NUMBER ON THIS LITERATURE, YOU MAY HAVE SOME REAL PROBLEMS AT HAND.

[Maurice Strong is dead and not able to answer your questions on what was revealed in the documents; nonetheless was one of the architects of HRH Prince Charles plan to “Depopulate” the Earth going back to the first Rio Summit. In the link at the top of page 20 above you will find a historical listing by date of crimes committed against the American public. The first major application of chemical aerial spraying began shortly after the UN plan was stated. Chem-Trail spraying began in earnest in 1996 and persists to this day.

I purchased the book ‘*Chemtrails Exposed: A New Manhattan Project*’ published in May, 2020 by Peter Kirby. I bought the book on June 5, 2021, and read it over the next month. There is no question to deny that our own government in compliance with the UN directive to lower its population “by any means” has been spraying the public with poisons, which have led to the largest respiratory health issue in history. The only time that aerial spraying does not occur is when the winds are greater than 10mph. Other than the wind factor, chem-trails in the skies can be seen daily. Living in rural Kentucky spraying begins early in the morning. When I lived in Pittsburgh, PA it was common to see chem-trail spraying with the light of the moon at night.

The man behind this “Depopulation” eugenics program, at the very top is and has always been HRH Prince Charles of Wales. His “knighted” servants are carrying out his mandates because they believe there are too many people, or naïve to believe they will be spared in the coming Climate Change Sustainable Development program commences and millions are starved to meet his “Net Zero” policies.

Global Shipping’s \$3.6 Billion Carbon Bill is Just Six Weeks Away

[Bloomberg](#)

By Jack Wittels, Yongchang Chin and John Ainger (Bloomberg) —

Ships sailing to European ports face a combined carbon emissions bill of \$3.6 billion next year, the start of a levy that’s almost certainly going to rise as the continent steps up efforts to combat climate change.

The figure is an estimate of the total price of complying with the [European Union's Emissions Trading System](#) from Drewry Shipping Consultants Ltd.

Under the regulation, which takes effect Jan. 1, vessels going into and out of EU ports must pay for their carbon pollution, affecting deliveries of everything from container loads of finished goods to the liquefied natural gas needed to keep homes warm in winter.

The global shipping industry spewed more than a billion tons of CO₂ into the atmosphere in 2018 and is almost exclusively powered by oil-derived fuels, which are significantly cheaper than low carbon alternatives. Folding it into the ETS is part of the [EU's plan](#) to decarbonize the sector to combat climate change.

[EU's Carbon Price on Shipping Threatens Growth, Nation's Say](#)

Despite stretching into the billions, the bill is a sliver of the revenues generated by international shipping and is unlikely to have a major impact on the prices consumers ultimately pay for goods. Last year, container giant A.P. Moller-Maersk A/S alone enjoyed profit just shy of \$30 billion.

In 2024, a container ship sailing between Europe and Asia could incur charges of [about €810,000](#) (\$887,000) under the ETS, according to a recent estimate from marine classification society DNV that assumes a carbon price of €90 a ton.

Based on Monday's marine fuel price in northwest Europe, that's only about 10% of what the same ship's annual fuel bill would be — meaning swings in the oil price alone could easily outweigh the entire cost of the ETS.

Containers

Similarly, variations in the cost of carrying goods in containers between Europe and Asia in recent years have dwarfed the EU's ETS costs. And the mechanism would make up only a tiny fraction of oil — and gas — freight bills.

The new rules are unlikely to enable clean alternatives like [green methanol](#) to compete on price with fossil fuels in the near future, according to Stijn Rubens, a senior consultant at Drewry.

“Even if the cost of green fuels halves in the next three years, there is more taxation required to level the playing field,” he said. “Green methanol is likely to remain at a considerable cost disadvantage until at least 2026.”

Trading Loopholes

Despite the ETS making up a small part of freight costs, there has already been talk of how traders and companies could exploit loopholes to avoid paying the fees.

Six EU member states — mainly along the Mediterranean coastline — [raised concerns](#) last month that shippers may dodge ETS fees by docking at ports close to, but outside of, the EU. The bloc has already said Egypt’s East Port Said and Morocco’s Tanger Med should be identified as “neighboring container transshipment ports” to prevent evasion.

Another potential way round the charges would be to use ship-to-ship transfers, whereby cargoes are transferred between vessels at sea.

For instance, if an oil tanker sailed from Singapore to just outside a European port area, unloaded via STS transfer, and then sailed back to Singapore, it would not owe anything under the ETS, according to DNV. That’s because it never actually called at an EU port.

“The Commission will closely monitor possible ship-to-ship transfers in the context of the upcoming application of EU ETS to the maritime sector,” a spokesperson for the European Commission said.

“Where appropriate, the Commission would be ready to propose measures to address any evasive behavior, to preserve the integrity and effectiveness of the EU ETS.”

Rising Costs

The costs of complying with the ETS, which [applies to](#) European Economic Area as well as EU ports, may for now be relatively small for an industry as big as shipping. But it will almost certainly get more expensive: while shippers only have to cover 40% of their emissions in 2024, that ratchets up to 70% in 2025 and 100% in 2026 — the [same year](#) methane and nitrous oxide emissions come under the rules.

Using the same assumptions that went into Drewry’s 2024 estimate, which was based on 2022 actual emissions and a price of €100 per ton of CO₂, that would generate a total 2026 bill of \$9 billion.

And assuming ETS compliance does indeed get significantly more expensive, the economic case for using loopholes could grow too.

With only 40% covered next year, the ETS “*may not be seen as high enough to change business patterns,*” said Alain Savary, founder of [Carbonex](#), a consultancy focused on the EU ETS. But this may change in years to come when more emissions are covered, he said.
