

The Blessed Hope!

“Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ;” –(Titus 2:13)

Diamond & Nugget #263

The “Mark” of the Beast has been available and arguably so since 2019. This is a follow up supplement to Blessed Hope #263 concerning the demise of the U.S. Dollar and the global shift to a CBDC or Central Bank Digital Currency, essentially a stored computer value that will appear on an individual’s account. The links below deal with the intricacies of its beta testing, tweaking, evaluation, and fine tuning before its full role out.

3. [Project Rooftop by Anthony Patch](#)

The above are printed articles, the first two I wrote about posted in late 2020. The third one is by Anthony Patch, publisher of ‘*Entangled*’ magazine which deals with cutting edge science, and related topics with a Biblical understanding. Project Rooftop contains all the information needed to support what I have been saying the past four years. I began reading ‘*Entangled*’ magazine in late 2019, shortly after the **5G** “Smart” cities were activated on October 31, 2019 in places like Wuhan; China, Seattle; and WA, Milan, Italy; all of which had massive outbreaks of what was called the Coronavirus.

The Coronavirus bears seven identical symptoms of what are labeled Covid-19. The virus does not exist; it is a “bio-weapon” and has been from the very start. It is part of a much larger crime against humanity, in order to transition to the “Mark” of the Beast in the next phase of this plan to merge Artificial Intelligence with bioscience that makes humans into Cyborgs. Those va((ed are literally patented and owned by the people behind this demonic plan. Attorney Todd Callender who appears in the Maria Zee interview in Blessed Hope #262 has revealed the patents to prove this to be the case.

The cruise ship “*Diamond Princess*” was used as the “test” tube case to fear-monger the world about a so-called ‘rogue, novel virus from the wild’. Using the Hegelian Dialectic of Thesis – Antithesis – Synthesis, more commonly known as ‘**problem – reaction – solution**’; the fear-mongering globalists managed to get the public to volunteer to take the va((ines. I have documented hundreds of articles on my web page and have archived in excess of 80,000 documents going back to 2019.

At least 270,227,181 American people or **81%** of the population **have** received at least one dose. **47%** of the world is fully vaccinated. **70.6%** of the world population has received at least one dose of a COVID-19 vaccine. **13.53 billion doses** have been administered globally, more than enough to maim or kill most of the world. This is all about democide, state-sponsored eugenics ~ depopulation. The vaccines were really “gene” therapy to change a person’s DNA through modifying the human genome.

Below are two videos that appeared earlier this summer that address the issue of how they will get people to submit to the Mark of the Beast of Revelation 13:17 ~ ***“And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.”***

[Two Thousand Dollars a Month for a Micro Chip in Your Hand or ...](#)

The point of this report is that the day of reckoning has arrived. I’ve seen reports that the so-called new currency will be in ATM machines as of January 1st, 2024. This may be a bridge or transition move until the government and the Rothschild-controlled Federal Reserve go full CBDC or digital dollar. The major banks are on shaky ground with massive depositor withdrawals over the past few months. An impending global crisis of the financial system would provide an “ideal opportunity” to activate a CBDC (digital dollar) as a replacement for the Federal Reserve Notes we use. The National Debt has reached \$33,924 Trillion as of December 17, 2023; and with an interest payment of nearly a Trillion dollars by next week.

Current US debt to GDP has crossed the Rubicon of 100% well into the 120% range; our deficit to GDP is at 8% and rising; our Net International Investment Position (i.e., piggy bank of foreign assets) is at negative 65%; our public debt is at 34 TRILLION and counting, and according the Congressional Budget Office, Uncle Sam is about to spit out at least another \$20T in US IOUs over the next 10 years, and this modest number (?) is assuming no intervening recession...

But who will buy Uncle Sam’s IOUs to cover his skyrocketing deficits?

According to simple math and hard facts, the answer since 2014 is basically no one but the Fed...

Such facts have the global chief economist at Citi Group worried and wondering, and it’s never a good thing when even the beneficiaries of a Fed-driven debt bubble are worried about the size of that bubble...

Meanwhile, combined public, corporate and household debt in the debt-imprisoned land of the free is around \$100T.

I know how to write this number out, but I can assure you that no one in DC knows how to pay it.

This, of course, is a problem... When it comes to the USD, let's not kid ourselves: The world still needs it. 70% of global GDP is measured in USDs and 80% of global trade is settled in Dollars.

Evidence of increasing de-dollarization post-US-Russia sanctioning (and Dollar-weaponization) is not merely a bearish meme but an open and undeniable reality.

China and Russia are moving ever more toward oil purchases in CNY (which Russia then converts into gold on the Shanghai Gold Exchange/SGE) while an exponentially increasing number of bilateral trade agreements among the BRICS+ nations are now happening OUTSIDE of the USD.

Just as Nixon's de-coupling of the gold-standard in 1971 led to a slow death by a thousand cuts of the USD's inherent purchasing power (a 98% loss when measured against gold), the weaponization of the USD will lead to a similar (but slow) death by a thousand cuts of the USD's global hegemony (when measured against a world turning away from the debt-backed rather than gold-backed USD).

I well-remember the date President Nixon de-coupled from a gold-back dollar in the fall of 1971, and in a matter of days inflation raised the price of goods and services by 10%. I had a contractor lined up to build me a custom-designed home, and within a week of Nixon's actions, my contractor told me he could not build the home unless we get the VA to grant a mortgage that would be \$10,000 over the signed contract. Three months later he said he needed to increase the price by an additional \$20,000. The VA approved the first request. At the point of a second increase I said no and we sued each other. I won but the contractor filed bankruptcy and I was out my earnest money and in a bind since once the ground is opened (in this case the foundation had been built), it becomes impossible to obtain a mortgage in case there are what they call mechanic's liens on the property. It cost me \$700 in attorney fees to win my case but I never collected a dime. It took me four years to build the house by myself after work and on weekends.

For now, however, the USD is still supreme, but I don't see even its relative strength pushing for long. Russia is telling the BRICS nations to abandon the dollar. A year or so ago, there was a quiet agreement to an operation "Sand Man" whereby 100 nations would drop the dollar at the same time.

This is for the simple reason that even Uncle Sam knows that the rest of his global friends and enemies can't afford to pay-back \$14T in Dollar-denominated debt at such a level without having to dump more of their foreign held USTs (about \$7.6T worth), which would crush UST pricing and lead to skyrocketing (and unsustainable) UST yields and rates for Uncle Sam himself.

In short: Even Uncle Sam fears rising rates and a too-strong USD. Such a fear of rising rates along with the reality of growing U.S. deficits (and hence a growing need for more U.S. IOUs) will soon lead to an over-supply/issuance of U.S. Treasuries down the road.

And the only buyers of those USTs to control yields/rates will be the Fed, not the rest of the world. That kind of bond buying with money created out of thin air kills a currency. This means the Fed will have to print trillions of more Dollars to buy its own sovereign bonds, an inherently inflationary policy which weakens rather than strengthens the Dollar longer term.

This is why Fed Chairman Powell's "pause," and now "cutting" in 2024 will eventually be followed, by "mega printing." Inflation will take off like an Elon Musk 'Starlink' rocket launch!

After all, "pause, cut and print" is the pattern of debt-cornered central bankers, and eventually (despite TGA and short-duration bond tricks) Powell will need massive amounts of mouse-click money to monetize Uncle Sam's sickening (and growing) deficits. The money "tightening" and "easing" effort to micromanage debt merely makes inflation worse.

We saw this exact pattern between 2018 (QT) and 2020 (unlimited QE). The end-game is thus more money creation, more money debasement and hence more inflation.

But before then, we are marching into an "official" recession in 2024, and recessions are inherently dis-inflationary if not outright deflationary. Again, the inflation-deflation debate is not a debate but a cycle.

Historically, moreover, the dramatic declines in the M2 money supply ALWAYS result in deflation. Always.

Now if all this does not trouble your mind, the thoughts of being hooked into the cloud by receiving the "Mark" of the Beast ought to shake you in your shoes. I urge you to read the articles linked at the beginning on 'Project Rooftop'. Anthony Patch's article spells it all out on the infamous Microsoft Bill Gates ID plan. This was all revealed five years ago in Bill Gates patent **WO2020060606 - CRYPTOCURRENCY SYSTEM USING BODY ACTIVITY DATA.**

For many this all seems to border on science fiction but I assure it is the new reality. There is a passage in the Bible that has stood out to me as a grave warning for decades. It applies to God's people today as much as it did when written by the prophet Hosea. ***"My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children."*** - (Hosea 4:6)

As a watchman on the wall, I have endeavored to share my learning to prepare folks for what God has in His Master Plan of Redemption. Life as we have known it has changed drastically in my lifetime. We have come to a point where the globalists no longer have need for 7-billion of us little people. I hope you have not forgotten the words on the first command on the former Georgia Guidestones. *"Maintain humanity under 500,000,000 in perpetual balance with nature"* once appeared in 8 languages.

When this monument was partially destroyed on July 6, 2022 by an explosion, the county of Elberton, GA swiftly went in the following day to demolish and removed the reminder of what these huge granite columns represented by the New World Order of

HRH Prince Charles of Wales. The county was in a hurry to remove the remaining 19'3" tall columns of granite serving as a modern-day Moses' Ten Commandments. In recent years they were vandalized with paint and defacing the monument. They were placed there in 1980 by an unknown benefactor who was memorializing the eugenics agenda. Suffice it to say, forty years later this Democide Eugenics plan is being played out by the UN-sanctioned "Depopulation" and they are not denying their plans.

Craig Bong has been keeping the Christian community apprised of what COP28 was all about and as it passes into the waste basket of history, we are anticipating the Christmas message of HRH Prince (king) Charles of the world has to say. Craig Bong has shared a message for those who understand fully the words of the Apostle Paul in 2nd Thessalonians 2:3-8.

"³Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition; ⁴Who opposeth and exalteth himself above all that is called God, or that is worshipped; so that he as God sitteth in the temple of God, shewing himself that he is God. ⁵Remember ye not, that, when I was yet with you, I told you these things? ⁶And now ye know what withholdeth that he might be revealed in his time. ⁷For the mystery of iniquity doth already work: only he who now letteth will let, until he be taken out of the way. ⁸And then shall that Wicked be revealed, whom the Lord shall consume with the spirit of his mouth, and shall destroy with the brightness of his coming:"

From the words of the Apostle Paul, the Apostle to the Gentiles, called by the Lord Jesus Christ to be the evangelist to proclaim the saving message of the Gospel to you and I, may you recognize the implications of the urgency of the few days remaining. I share Craig Bong's post below for your edification and comfort.

IN AN HOUR YOU THINK NOT IS A SERIOUS WARNING

"I will turn your religious festivals into mourning and all your singing into weeping. I will make all of you wear sackcloth and shave your heads. I will make that time like mourning for an only son and the end of it like a bitter day". Amos 8:10

Many preachers have preached about the coming of Our Lord Jesus Christ; but people are not taking it seriously. This is not a joking matter. Very soon it will be over, many people will come up missing and multitudes will be left behind. This is time to think and pray hard searching your soul. You are either translated or left behind to go through the great tribulation period.

There is one chance alone for this meeting in the air. You must qualify to make it. God will not be emotional about leaving anyone behind. The door to escape the horrors of the great tribulation will be closed. Remember Matthew 25:10, the door was shut.

If you are confronted with this situation of being left behind and the question you will be asking yourself is why? The answer is simple: You were never born again. You did not follow or hold firm the Word of God as your guide and did not take heed to all the admonitions of the Word of God. Jesus Christ said, ***“Pray that you may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man”*** (Luke 21:36; Revelation 3:10).

The so-called ministers today are out to build religious empires, teaching false doctrines and preying on the vulnerable, weak and the fearful. Prosperity preaching is one of the traps or tools the devil bandied about by these greedy manipulators to manipulate self-absorbed, simple and unsuspecting people.

Matthew 24:44 reads, ***“Therefore be ye also ready: for in such an hour as ye think not the Son of man cometh.”*** The Lord Himself made this statement while talking to the multitude. Then He turned to his apostles and said ***“Be ye also ready.”*** Even if you are saved, you need to examine yourself to make sure you are in the faith.

Surely the Lord God will do nothing, but he reveals his secrets unto his servants the prophets (Amos 3:7). Everything we need to know about the appearing of the Lord is revealed in Scripture. ***“It is the glory of God to conceal a thing: but the honor of Kings is to search out a matter.”*** Proverbs 25:2

Matthew 25:2-10, makes it clear that part was taken away and part was left behind. ***“But ye, brethren are not in darkness, that that day should overtake you as a thief. Ye are all children of light, and the children of the day, we are not of the night, nor of darkness. Therefore, let us not sleep, as do others; but let us watch and be sober. Let us who are of the day be sober, putting on the breast plate of faith and love; and for a helmet, the hope of salvation”*** (I Thessalonians 5:4-8).

According to Brother Neal Frisby, *“Use this scripture (Matthew 25:10) as a guideline to keep your confidence that the true Church will be translated before the mark of the beast.”* In Revelation 22 the Lord said, ***“Behold I come quickly”*** three times. This shows the degree of urgency of the Lord’s warning of His coming. He said in an hour you think not the Lord will come; suddenly, in a twinkling of an eye, in a moment, with a shout, with the voice, and at the last trump. The hour is drawing to an end. Be ye also ready!

If you are not sure you are ready or even saved, this is the last time to hurry up and resolve these issues before the rapture. Check yourself, acknowledge you are a sinner, and know that Jesus Christ is the only solution for sin.

¹“Now, brothers and sisters, I want to remind you of the gospel I preached to you, which you received and on which you have taken your stand. ²By this gospel you are saved, if you hold firmly to the word I preached to you. Otherwise, you have believed in vain. ³For what I received I passed on to you as of first importance:

that Christ died for our sins according to the Scriptures, ⁴that he was buried, that he was raised on the third day according to the Scriptures," I Corinthians 15:1-4

On Christmas Day, King Charles will deliver his message to the world, and it appears by the opportunity given, he will confirm the covenant agreed upon at COP28 for the next seven years, and take control January 1st as per his press release dated December 12th, 2023.

According to [Focus2030.org](https://focus2030.org), and by all means a close but faulty man-made calendar, there are just a few days until we begin at 7 years, 0 days, 0 seconds, to the countdown to the end of 2030 to transform the world we live in and achieve the SDG's.

The year has come to an end. In an hour you think not is a serious matter! It is a somber warning. It is not a joking affair. Give it a serious thought because time is literally running out. Our Lord said that it is in an hour you think not, suddenly, in a twinkling of an eye, in a moment. You may ask, who is in charge of this event? I AM THAT I AM, THE MIGHTY GOD, THE ROOT AND OFFSPRING OF DAVID, THE MOST HIGH, JESUS CHRIST IS HIS NAME. I came in my Father's name, does that ring a bell to you? Time is short. Please do not be deceived in thinking you have more time, another year or two or three, or 50 years or 500 years but be vigilant, aware of the time.

The Cold Moon of December marks the beginning of winter and completion of harvests. But the timing from harvest to winter also reminds us of our redemption.

"The harvest has passed, the summer has ended, but we have not been saved."
Jeremiah 8:20

Keep looking up! The fact that we are in the dark at the least amount of day light may be a sign of the coming of the Light of the World. December 25th is a Full Moon. I hope that the season will be magnified by our long awaited being called to come up hither. Knowing that HRH Prince Charles is the Antichrist, and his urgency to save the planet and with just "seven" years to save it elevates my interest in what he will say relative to what poetic justice the Lord Jesus Christ has for his Net Zero Carbon!

Most people are naïve to think that the CBDC is a convenient idea without fully understanding its details. Martin Armstrong stated that the "CBDC is The End of Freedom". CBDCs are intended to control our social behavior. This transforms society into a digital prison, which is why the Founding Fathers outlawed Direct Taxation. The rally to Marx at the end of the 19th century led to the introduction of the Income Tax in 1913, and they swore they were going only after the rich. By World War II, they introduced the Payroll Tax because Roosevelt's Marxist agenda was to include Social Security, and we, of course, had to be FORCED to save for our own future. That became a slush fund that was restricted to buying only government debt to fund this Marxist agenda.

You are being imprisoned with every piece of legislation, like reporting \$600 transactions through various cash apps. You have lost ALL your LIBERTY – you don't know it yet. They could simply create some nonsense and prevent you from donating to Trump or RFK and just make up some nonsense charge. The January 6th had unmarked buses filled with federal agents dressed as MAGA supporters before anyone showed up to stage the event so they could charge Trump and use the 14th Amendment to prevent him from gaining the White House. The Democrats refused to let RFK in, and Biden refused to give him Secret Service protection. In Florida, they tried to remove any contender from the ballot to challenge Biden. This is all about creating war. They let the border open to allow terrorists in so they can declare Martial Law and restrict everyone's movement. All FREEDOM has been lost!

What Trudeau did in Canada permitted the bypassing of due process of law, which is the foundation of a free society. Wake up! Digitization of the monetary system will allow them to totally kill all dissent. There will be NOTHING left standing. This is what 2032 is all about. We are the ants beneath their feet. Anyone who thinks they care at all about us is an absolute fool.

We cannot stop it. This is NECESSARY for political change. This is them fighting to retain power when they fully understand that this monetary system is collapsing. They are not that stupid for even the army would rise up against them. This is about total control leaving you with your trinkets.

As this is rolled out, ONLY then will it open the eyes of the masses. Unfortunately, this is also why movements like Transgender, Black Lives Matter, you name it, are all about dividing the people. They MUST keep the people divided and fighting among themselves so they do not unite against the government, where the common denominator is FREEDOM.

It was Julius Caesar who said – “Divide and conquer”. Hitler attacked the Jews BECAUSE they were the bankers, and he needed to blame the hyperinflation on the bankers. He divided the people and then came – Papers, please! That is precisely what they are doing to us with CBDCs. This is the purpose of Gates’ UN-organized digital IDs. To prevent freedom of movement! Digital IDs to vaccine passports are all designed to prevent movement. Europe, as of January 1, 2025, will require visas from Americans to visit, and they will apply your social credit score to determine if you are eligible. Still, they intend to start World War III before that, creating an external distraction to divert people from the loss of liberty. This is the government’s objective- the enemy of freedom – as always, no matter what century or culture to look at.

This move to the CBDC will only be the first of many issues confronting the world in the near term. Those controlling the digital currency will have full power to devalue your assets, determine how you actually can purchase, who you can do business with. I may be a retired pastor but I had a triple major in college: history, business, and pre-ministry so when I first began reading about the forthcoming plan to go cashless in the Bible decades ago, I began to watch for the signs of what would be the foundation of such a cashless society.
