

The Blessed Hope!

“Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ;” –(Titus 2:13)

Diamond & Nugget #29

**"What does the Bible say about fear?"
Courage is not defined as a lack of fear,
It means doing what is right in spite of fear.**

I am addressing the Pre-Tribulation Rapture from somewhat of a different perspective in this “Diamond & Nugget”. The darker this world looks and becomes as it sinks into the depths of a hellish world, it should be expected that events and conditions are becoming more evil by the day as the world spirals out of control into chaos. There is an important message here which should be viewed with a positive mindset. It corroborates Jesus’ own words of the Olivet Discourse. I believe we are weeks away and what I share later in this Blessed Hope is affirming of this as well.

The term “Asymmetrical Warfare” is frequently used to describe what is also called “guerrilla warfare”, “insurgency”, “terrorism”, “counterinsurgency”, and “counter-terrorism”, essentially violent conflict between a formal military and an informal, less equipped and supported, undermanned but resilient opponent. Asymmetric warfare is a form of irregular warfare. –Wikipedia. Many have tried to describe this new type of warfare and many catch-phrases and buzzwords have come and gone: low-intensity conflict, military operations other than war, asymmetric warfare, fourth-generation warfare, irregular warfare.

In any event, while warfare today has taken on a new form and grown to a new level, this type of warfare is not new, as are few of the tactics. The concept of asymmetrical warfare has been around for centuries. Following the teachings of Sun Tzu, all warfare is asymmetric because one exploits an enemy’s strengths while attacking his weaknesses. West Point cadets are required to read Sun Tzu’s ‘*Art of War*’. It was required reading in one of my history classes in college, my professor was a Major in the Pennsylvania Army National Guard’s 28th Infantry Division and a field command intelligence officer.

The Greeks used the Phalanx to defeat a mounted enemy. Hannibal used a feint in the middle of his forces with a double-envelopment to achieve victory over the Romans. Every time a new tactic or invention changed the fortunes and power of one army or

empire over another, an imbalance or asymmetry occurred—the weighting to one side created the conditions for victory.

Cultural Asymmetry Warfare

Cultural asymmetry is one of the hardest concepts to grasp, but it is one of the most crucial in an asymmetric war. Since asymmetric warfare is population-centric, understanding the population - the center of gravity, as identified by Marine General Zinni - cultural asymmetry feeds into all other operations. Understanding of cultural asymmetry also helps identify and prepare for asymmetric threats because analysts should have a better understanding of the enemy's capabilities and motives. Cultural asymmetry is not new to American forces. During the development and reconstruction phase following World War II, when the allies were rebuilding Japan, General Douglas MacArthur exhibited a keen grasp of cultural asymmetry when he allowed Japan to keep its emperor rather than punishing him as a war criminal, even though the concept of an emperor ran counter to American values. We are witnessing asymmetric warfare in Kenosha, WI as I am entering this into my computer.

"I'm going to bring down the U.S. by funding Black Hate Groups. We'll put them into a mental trap and make them blame white people. The Black community is easiest to manipulate." ~George Soros - Nazi

George Soros has stated publicly a number of times that his greatest victory will be the downfall of the U.S. He funds the protestors burning and looting major cities around the U.S. Soros is a great example of what I am referring to as Asymmetrical Warfare.

Dr. Anthony Fauci has been pushing the Moderna vaccine before it has completed tests. So far 80% of the volunteers reported having side effects from the new Moderna virus of choice by the U.S. Department of Health. In researching the background to Moderna, which has never to date produced any efficacious vaccine since it was established, not a single vaccine. It has been discovered that a young Cornell University graduate Dr. Fauci was Moderna's first CEO. If we dig a little deeper into the background of Moderna, it was created by George Soros who managed the German chemical company I.G. Farben during the late 1940s and 1950s. I.G. Farben was originally made up in 1925 by merging four companies: Bayer, BASF, Hoechst, and Agfa, and then later broken up into its original companies, after the Second World War was over.

I remember seeing the huge I.G. Farben complex as we landed at Frankfurt Rhein-Main Airport. American Army-Air Corp pilots were never permitted to bomb the facilities of I.G. Farben; despite they were a major manufacture of chemicals, pharmaceuticals, film, and even Zyklon-B gas used to kill the Jews in the 1940s in the Nazi war efforts. The 8th Air Force for some strange reason was never allowed to target the I.G. Farben facilities in Frankfurt. Following the breakup of I.G. Farben, George Soros created Moderna. A major financial investor in Moderna was none other than Jeffrey Epstein, the convicted sexual pervert, on his plane, which former President Clinton was a passenger to Little Saint James Island in the Caribbean some 27 times. Closely linked financially with Jeffrey Epstein is one William Gates of Microsoft renown! Strange group of business partners particularly in light of the so-called Covid-19 virus.

What is new is that this type of war has reached a global level, and the United States and its allies have found themselves ill prepared to deal with asymmetrical warfare. I'm talking about what we are being subjected to with the false flag event released into the world earlier this year. The forces behind this asymmetrical warfare have exploited ignorance to instill fear in its agenda to reset humanity; and by pitting family members against family, neighbor against neighbor, racial discord, even church members against each other, all over the sign of submission, i.e., the facial mask. There is no way for a nation to win against asymmetrical warfare, if for no other reason than the fact we are simply unprepared to deal with it.

One key difference between the insurgency in Iraq and past examples of insurgency is that the Iraqi insurgency was decentralized. In Vietnam, for instance, all of the direction of the insurgency came from Ho Chi Minh. An asymmetric enemy could use virtually any means to achieve his goal. However, it is important to clearly delineate the difference between a true asymmetric enemy and that enemy's tools. Many people view crime, organized crime, hate crime, disease, drug trade, protests, natural disaster, peaceful civil disobedience or human trafficking as potential asymmetric threats.

These in and of themselves are not the enemy because they fail to meet the Clausewitzian principle of politics through other means. The U.S. military lost Cardinal Spelly's war in Viet Nam because our leaders were ill-equipped to understand *'The Art of War'* by Sun Tzu, the most important and most famous military treatise in Asia for the last two thousand years.

THE GREAT RESET / NEW WORLD ORDER

With Covid-19 and the Antifa/Black Lives Matter "protests", what we've been seeing are the effects of a highly-orchestrated global PSYOP being deployed at every institutional level, from the world's largest corporations to the smallest teachers' unions. This can only indicate a mass-infiltration by globalist operatives of our institutions, who are now performing their pre-assigned tasks.

The Scam-demic and the riots are tools to bring about what the World Economic Forum is calling the "Great Reset", which is a re-engineering of the global financial system and governance system, using the police powers created through the healthcare system to shut down a huge part of the independent economy, worldwide. This is nothing less than the vaunted New World Order we've been hearing about for decades. It is being transformed through the financial system, i.e., withholding of coin change from day to day commerce. The source of hoarding coins is the Rothschild-owned Federal Reserve.

There are five major arenas where the "Great Reset" is being orchestrated and deployed: 1) Political/Legal; 2) Medical; 3) Internet/AI; 4) Legacy Media; 5) Economic and Financial.

We see that George Soros has been instrumental in manipulating all five areas. Soros is a lieutenant for the Vatican/Jesuits/Rothschild's. As we know, George Soros spent millions over the past few years, placing his assets into Congress, as Mayors and Governors and state prosecutors all across the country, ready to do his bidding.

As examples, we see the District Attorneys, Kim Foxx in Illinois and Kim Gardner in Missouri, whose campaigns were financed by Soros. I believe that Michigan Governor Gretchen Whitmer, Nevada Governor Brian Sandoval and Phoenix Mayor, Kate Gallego are all Soros operatives, among many others, who we see uniformly and unilaterally invoking healthcare police powers in this Globalist "Coup d'état", by executing harsh lockdowns, mask mandates, contact tracing, etc. It is they who would impose the forced vaccinations.

The immediate legal goal is to initiate the dismantling the local police and police unions and to replace them eventually with a Globalist police force. This would be after the social workers now being installed fail to stop crime.

This follows the well-worn script of what was done in Yugoslavia in the 1990s and throughout the Middle East over the past 20 years. First, you destabilize a country, such as with these "George Floyd" riots and then you dismantle the police and replace them

with NATO troops or with their equivalent, i.e., the blue helmets of U.N. Peace Keeper. This is exactly what House Bill 7120, the "George Floyd Justice in Policing Act of 2020" does. House Bill 7120 does to the U.S. criminal justice system what the Trans-Pacific Partnership (TPP) intended to do to U.S. trade and to U.S. sovereignty. Happily, Donald Trump withdrew from the TPP in January 2017, in one of his first acts as President. Likewise, this bill will not pass as long as Trump or an America-First president is in office. But you'd better believe that Joe Biden and Kamala Harris (a Soros agent) would pass "George Floyd Justice in Policing Act" in a heartbeat.

- ✓ Besides Soros, there are many UN-backed initiatives that seek to dismantle the U.S. legal system. One of these is known as the "Strong Cities Network," launched in 2015 by then-Attorney General Loretta Lynch, during an address she made to the United Nations General Assembly.

The "Strong Cities Network" (SCN) is a move toward international integration of global law-enforcement agencies. This is antithetical to locally-controlled police, who are a part of, and accountable to the communities they serve. It also violates the Constitution.

The SCN hands over control of local law enforcement to a London-based think-tank called the Institute for Strategic Dialogue. The ISD is focused on abolishing civilian gun ownership (the 2nd Amendment) and local police departments. A quick search of the ISD's website reveals a Board of Trustees comprised of a Who's Who of top-tier Globalist, one-world government, Council on Foreign Relations, Trilateral Commission and Bilderberg Group power brokers.

Forty-six US cities, including New York, Los Angeles, San Diego and Louisville have already signed onto the SCN, which allocates U.S. Taxpayer money to pay the UN to install Human Rights police review boards, because according to the UN, America is a "racist society" in need of UN intervention.

The SCN gives the UN High Commissioner of Human Rights and lifelong Communist, Michelle Bachelet the power to dismiss police as soon as a complaint is filed, without an investigation and to fine the alleged wrongdoers. These fines are then awarded to the State – not to the people who were allegedly injured.

Standing to gain trillions from the COVID vaccines, the medical industry is supporting the political and legal aspects of this financial reset with its suppression of hydroxychloroquine and its approval of the medical martial law now being imposed, with varying degrees of intensity and/or success from jurisdiction to jurisdiction. Are you beginning to get the picture here of asymmetrical warfare that destroys a nation?

A huge funder and orchestrator of the medical aspect of this operation is Bill Gates. He funds and controls both the Big Pharma companies and the regulators that own the patents for the methods of detection and treatment of COVID-19, in addition to the actual SARS-CoV-2 virus, itself. This sex pervert has his hands in the five designated areas of asymmetrical warfare: vaccines, food production/manufacturing, AI, legal,

patents, etc. All from a kid who never wrote a line of code for the Windows software, he stole it, even tried to cheat Paul Allen, co-founder of Micro\$oft. One of the most biting complaints by Allen is his contention that from the very beginning, Gates sought ways to take ownership stakes in Microsoft from Allen for his own gain. Bill Gates ticks all the boxes for a key Illuminati "Change Agent":

- ✓ Pervert
- ✓ Crypto-Jew
- ✓ Thief
- ✓ Genocidal maniac

At this point, it's important to recall that if the novel coronavirus is a natural virus that evolved spontaneously, it would be illegal to patent it. Conversely, if it's bioengineered, then it would violate biological and chemical weapons treaties and laws. Regardless, in SARS-CoV-2, we are dealing with a monstrous crime and fraud; one of malfeasance, cynicism and cruelty that boggles the mind. Whichever is the case, there is massive criminal activities. It is illegal to patent something of nature, unless it has been GMO'd, and that also has ramifications of criminal violation of the Sherman Anti-Trust Act.

Two films came out this past week, which illustrate some of the mechanisms by which this stunning coordination of repressive action by governments and corporations around the world has been deployed.

The first film is 'ShadowGate' by Millie Weaver and the second is 'Plandemic II' by Mikki Willis, both of which are superb and that everyone reading this must view as soon as possible. These two films are must viewing along with 'Plandemic I' which Dr. Fauci destroyed the career of molecular-biochemist virologist Dr. Judy Mikovits.

What we learned in the incredible film, 'ShadowGate' by Millie Weaver is that the "defund the police" movement originated at UNICRI, the United Nations Interregional Crime and Justice Research Institute Centre for AI and Robotics. This is the aspect of the Great Reset that is being managed online and via Artificial Intelligence.

UNICRI was established to advance understanding of artificial intelligence (AI), robotics and related technologies, with a special focus on crime, terrorism and "other threats" to security.

'ShadowGate' shows how Globalist retired traitor generals have been using this technology in Interactive Internet Activities (IIA), which are tactical social media warfare programs that use military grade PSYOP applications to target and influence the populace.

In Bangladesh, hydrogel vaccines containing nano-technology are currently being tested by Bill Gates' GAVI, in collaboration with the ID2020 program. The nano-robots connect with Artificial Intelligence through the Internet of Things, broadcasting your biological data 24 hours a day, seven days a week, and 365 days a year. 5G technology is the "glue" or energy that will control humanity.

The data generated by these nano-robots could spawn quadrillions of dollars of value, which may even form the basis of a new financial system and its associated digital currency. We would be harvested for our data, like dairy cows are for their milk, as surveillance capitalism goes into hyper-drive. (Not that we aren't, already).

It is believed that this nano-technology-hydrogel-artificial-intelligence connection could also receive messages/instructions, akin to Elon Musk's transhumanist Neuralink implants now in development. Even Catherine Austin Fitts called the Gates ID2020 QuantumDot/Hydrogel "microchip" as the "Mark" of the Beast!

Artificial Intelligence is also a major component of the robo-cops and pre-crime algorithms that are scheduled to replace human police officers through the Strong Cities Network. When we look at SCN's partners and funders, we find Big Tech companies like Google and Twitter.

The IIA/online censorship has become so dystopian; it would have been unimaginable just a few years ago. It has snuck up on us and it is now galloping us towards draconian information control similar to that seen in China.

Helping with the disinformation and propaganda efforts, of course is the gas-lighting Legacy Media, which has also become unrecognizable from its former self of a decade ago.

We're looking at the New World Order, a new financial order and literally a "Mark" of the Beast system, in which the new cryptocurrency requires that your wallet be implanted in your body, together with all of your medical records and "Immunity Passports".

The Plan is being rolled-out rather chaotically because our putative owners weren't totally ready, as all of this was supposed to happen with Hillary Clinton in office but now they're using it to get rid of President Trump. Therefore, there's a chance the Globalists may not be able to pull off this diabolical plot. As Catherine Austin Fitts says:

"Our opportunity is to make a difference together now, while the new system is still being prototyped and the factions competing."

We cannot count on anybody saving us. It truly comes down to We the People stopping this horror. Is the concept of asymmetrical warfare settling into your understanding yet?

In my way of thinking, this is the "straw" that breaks the camel's back, necessitating the intervention of the Creator, Himself. By the time you finish this Blessed Hope, you will see why I am elated! Catherine Austin Fitts said August 22, 2020 that "Mr. Big" is going to execute a second lockdown, from 3 to 6 months, anytime now, in order to advance the World Economic Forum's 4th Industrial Revolution, and the cashless economy. "Mr. Big" is Katherine Austin Fitts way of avoiding saying his name, yet people in the know, also know who she is referring to. His picture is below a couple pages.

In 512 B.C., Darius I (Daryavahus) the emperor of Persia advanced with an army of 80,000 soldiers to subdue the Scythian tribesmen who lived in present day southern Siberia and Central Asia. The Persian soldiers chased the Scythians through Central Asia, the Balkans and into Ukraine, but to Darius's frustration the Scythians refused to stand and fight. Knowing they could not defeat the Persians in an open battle, the tribesmen chose to retreat.

Darius became so frustrated that he sent a plaintive message to Idanthyrsus, the king of the Scythians, demanding, *"You strange man, why do you keep on flying before me. Come, let us engage in battle."* Idanthyrsus sent back a disdainful reply: *"That is my way, Persian. We Scythians have neither towns nor cultivated lands, which might induce us, through fear of their being taken or ravaged, to be in any hurry to fight with you. We shall not join battle, unless it pleases us."*

The exchange between the two rulers illustrates the wide chasm that separates regular armies from their irregular foes which pursue asymmetric warfare. Darius, who had a large empire to administer back home, decided to turn back his armies rather than waste time and energy chasing the Scythians. Meanwhile, the tribesmen continued to raid the extremities of the Persian Empire.

Today, 2,500 years later, the technology of warfare has changed but the equation of asymmetry remains the same. The enemies of the modern nation state know that the way to fight a large organized army is through asymmetric warfare in which the targeted nation state is never allowed to deploy its full strength. For instance, the few hundred Maoists in India's 'Red Corridor' in the Himalayas are never going to line themselves up in formation against the might of the Indian Army or the CRPF – they'll strike where the troops are stretched thin and then skulk away into their forest hideouts. The twenty years of U.S. troops in Afghanistan is an excellent case study in Asymmetrical Warfare. Politicians should be first required to risk their lives before sending American lives to the mountains of Afghanistan, really to protect the heroin poppy fields.

The U.S. never learned a thing after the Afghan's were driven out of some twenty years of former Soviet occupation in Afghanistan. People still marvel how Ho Chi Min and his army of flip-flop soldiers were able to drive out the world's best equipped army.

George Soros has provided hundreds of millions of dollars to provoke the terrorism of Seattle, Portland, Chicago, New York, waging an asymmetrical battle to bring down the country under the banner of Antifa/Black Lives Matter. If you don't think it can't happen in the U.S., you are either naïve or stupid or know absolutely nothing about war.

The Bible mentions two specific types of fear. The first type is beneficial and is to be encouraged. The second type is a detriment and is to be overcome. The first type of fear is fear of the Lord. This type of fear does not necessarily mean to be afraid of something. Rather, it is a reverential awe of God, a reverence for His power and glory. However, it is also a proper respect for His wrath and anger. In other words, the fear of

the Lord is a total acknowledgement of all that God is which comes through knowing Him and His attributes.

Fear of the Lord actually brings with it many blessings and benefits. It is the beginning of wisdom and leads to good understanding -(Psalm 111:10). Only fools despise wisdom and discipline -(Proverbs 1:7). Furthermore, fear of the Lord leads to life, rest, peace, and contentment -(Proverbs 19:23). It is the fountain and life -(Proverbs 14:27) and provides a security and a place of safety for us -(Proverbs 14:26).

Thus, one can see how fearing God should be encouraged. However, the second type of fear mentioned in the Bible is not beneficial at all. This is the “spirit of fear” mentioned in 2nd Timothy 1:7: **“For God has not given us a spirit of fear, but of power and of love and of a sound mind”**. A spirit of fearfulness and timidity does not come from God. This ought to be where our internal compass needs to be applied.

However, sometimes we are afraid, sometimes this “spirit of fear” overcomes us, and to overcome it we need to trust in and love God completely. **“There is no fear in love. But perfect love drives out fear, because fear has to do with punishment. The one who fears is not made perfect in love”** -(1st John 4:18). No one is perfect, and God knows this. That is why He has liberally sprinkled encouragement against fear throughout the Bible. Beginning in the book of Genesis and continuing throughout the book of Revelation,

God reminds us to **“Fear not.”** The biblical story of Gideon is confirmation that we need not worry, even if it is Mr. Big and his lieutenants such as George Soros.

For example, Isaiah 41:10 encourages us, **“Do not fear, for I am with you; Do not anxiously look about you, for I am your God I will strengthen you, surely I will help you, Surely I will uphold you with My righteous right hand.”** Often we fear the future and what will become of us. But Jesus reminds us that God cares for the birds of the air, so how much more will He provide for His children? **“So don’t be afraid; you are worth more than many sparrows”** -(Matthew 10:31). Just these few verses cover many different types of fear. God tells us not to be afraid of being alone, of being too weak, of not being heard, and of lacking physical necessities. These admonishments continue throughout the Bible, covering the many different aspects of the “spirit of fear.”

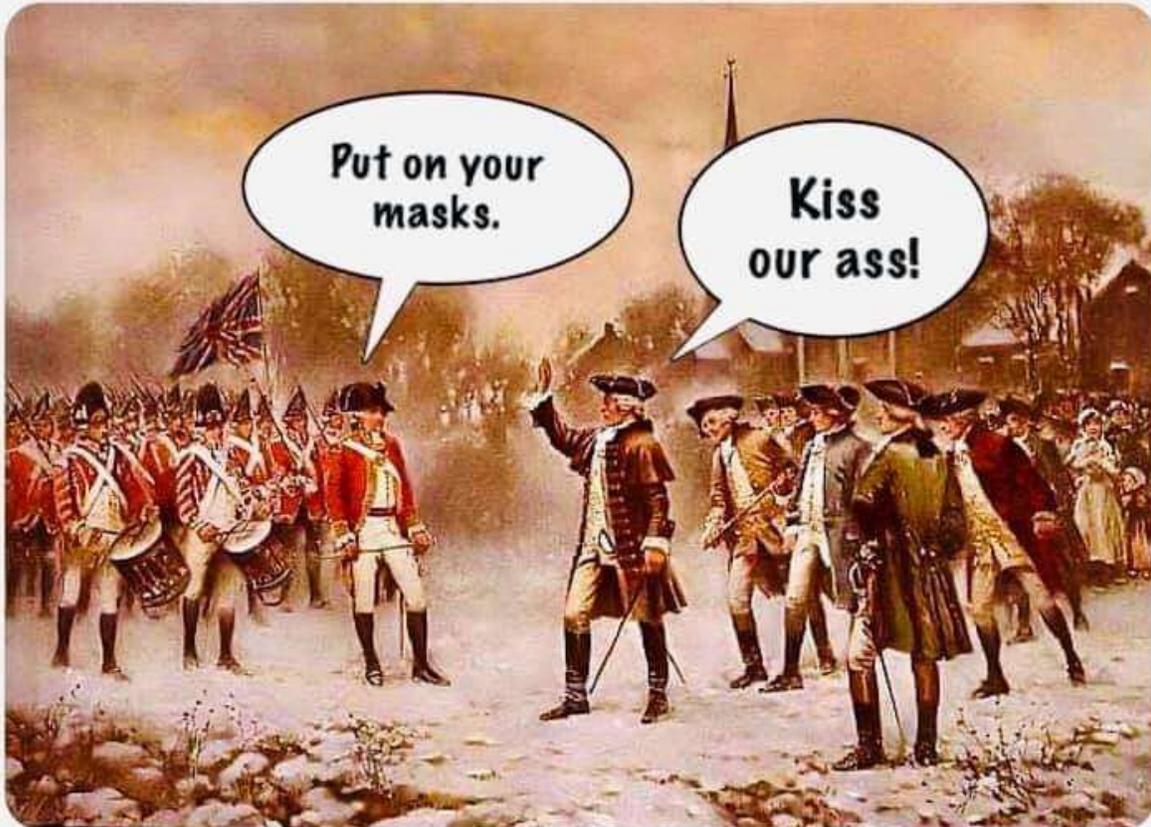

In Psalm 56:11 the psalmist writes, **“In God I trust; I will not be afraid. What can man do to me?”** This is an awesome testimony to the power of trusting in God. Regardless of what happens, the psalmist will trust in God because he knows and understands the power of God. The key to overcoming fear, then, is total and complete trust in God. Trusting God is a refusal to give in to fear. It is a turning to God even in the darkest times and trusting Him to make things right. This trust comes from knowing God and knowing that He is good. As Job said when he was experiencing some of the most difficult trials recorded in the Bible, **“Though he slay me, yet will I trust in him”** -(Job 13:15)

Mr. Big

Once we have learned to put our trust in God, we will no longer be afraid of the things that come against us. We will be like the psalmist who said with confidence "...let all

who take refuge in you be glad; let them ever sing for joy. Spread your protection over them, that those who love your name may rejoice in you” -(Psalm 5:11).

For the past six years I have struggled with trying to decide which is worse ‘fear’ or ‘pain’. My cross the past seven years has been lymphedema and neuropathy. Most everyone sooner or later has to deal with the issues of fear and pain. Sometimes the CBD/Hemp just does not alleviate the discomforting pain. I press on as the Apostle Paul would say, ***“Not that I have already attained, or am already perfected; but I press on, that I may lay hold of that for which Christ Jesus has also laid hold of me.”*** -(Philippians 3:12 NKJV). For me the fear of falling is always there. I’ve had two previous falls that left me unconscious for hours, and two months ago I just missed another where my head hit the concrete of the sidewalk outside my kitchen back door.

Today the man who has become legendary for his predictions on Quantitative Easing and historic moves in currencies and metals warned we are now on the edge of a global financial collapse and panic. He also discussed what you need to do to prepare right now.

So what is the destiny of this Space Oddity with not only central banks having lost control or pretending so of but also governments? We can just take the U.S. as an example since it is the biggest economy in the world and also the most vulnerable. But many countries are in the same situation.

Here are some of the areas which neither Trump nor senile Joe Biden will be able to come to grips with:

- **Covid-19** – Man made virus paralyzing the world, no effective vaccine for long time, if ever
- **Economy** – The precipitous fall is more likely to accelerate than recover
- **Industry** – Will contract rapidly as well as trade
- **Asset bubbles** – Stocks, bonds, property, will crash, massive wealth destruction
- **Dollar** – Will implode leading to hyperinflation
- **Deficits** – Will accelerate for years to support economy, people & the financial system
- **Debts** – Will surge to 200% of GDP quickly, much higher when banks collapse
- **Unemployment** – 20-30% will be the floor, higher likely
- **Social unrest** – Only beginning now, much more to come with empty stomachs
- **Civil war** – Government can't cope with protests now, risk of escalation major
- **Pensions** – Will disappear as asset markets collapse, most people don't have pension
- **Social Security** – Will be insufficient with bankrupt government and hyperinflation
- **Political turmoil** – No party or leader will be trusted – not even coming Marxists

The problems are endless and all of the mess above has been created by humans, even Covid-19, so we are looking at a world falling apart due to human failure and mismanagement – not that this is anything new in history. We are in the month of Elul preceding what is building up to our departure.

The Purpose of The Month of Elul is:

- To Prepare Our Hearts to Repent
 - Teach Us How to Repent
- To Restore Our Relationships With Adonai and Others
 - Teach Us the Stages of Repentance

Fear is the Freedom Killer

People are controlled through fear. It is a tactic as old as time, and it continues to be employed because it works. Fear and Greed are the two most powerful psychological motivating forces. Asymmetrical Warfare exploits it!

Do what I say or you will be punished!

The punishment can be custom-tailored to different people or population groups, depending on what they fear the most. Let us go over some of the main things people fear, which allows for them to be easily controlled.

Fear of Death

Not many people really want to die. However, is being an abused slave really a life worth living? If one does not risk his life for his people's freedom, then he sentences the people he loves to a fate worse than death.

The Celts were such fierce warriors because they inculcated into their warriors a fearlessness in the face of death, because they did not believe that death was the ultimate end.

"The Celts were fearless warriors because they wish to inculcate this as one of their leading tenets, that souls do not become extinct, but pass after death from one body to another..." Julius Caesar

Even some Abrahamic zealots, even though they believed there is only one life to lead, were so convinced that they will be rewarded in the afterlife, that they do not fear dying in this world and become martyrs.

I would say: do not seek death, but also do not fear it. We all must die one day.

Fear of "God"

Supposedly "God" is watching every move we make, like an insane Santa Claus, and so we must carefully try to discern the will of God, so that we do not anger Him. If we are "sinners" in this life, then we will be punished in the afterlife.

Fear of God paralyzes people into inaction or convinces them to take actions that are counter to their own interests. Fear of God is essentially Abrahamic mind control. It is very similar to fear of government, which we are now told is watching everything we do and say. This leads to the next fear.

Fear of Prison

People do not want their freedom taken from them. This is understandable, and this is why laws and punishments are created. The fear of imprisonment can be a tool for maintaining social order.

However, we currently have myriad idiotic laws and regulations, many crafted and implemented by our enemies, which almost no one can fully understand, and so people are afraid to do or say anything "out of line" for fear of being thrown behind bars.

What will threat of imprisonment stop you from doing? Boycotting Israel? Going "bareface" in public? Gathering with friends without social distancing? Exposing the Holocaust and other Jewish lies online?

"Under a government which imprisons any unjustly, the true place for a just man is also a prison." ~ Henry David Thoreau

Do not do anything that goes against your own code of ethics, but to hell with ZOG's tyrannical laws! We are what we believe, our moral code reveals our character.

Fear of Social Ostracization

People do not want to lose friends and families, so they oftentimes keep their mouths shut. It does not feel nice when cast out from "polite society," but sometimes it needs to happen, whether it's being banned from a social network or being kicked out of a friend group.

Also, who knows whether or not a number of people would join with you after being ostracized? Many people agree with the controversial things we believe in, but they are too afraid to say so publicly. Sometime you must stand alone. When we embolden others with our words and actions, we will be able to form new communities that take the place of the old ones. This will lessen the fear people will have of being out on their own in a cold, dark world. When I found myself in the middle of an issue in the United Methodist Church that had nothing to do with me, when I held my ground, my peers abandoned me. They were not risking their careers to take my side, even though they were so-called men of God!

Besides, why fear being ostracized from society, when society is already enforcing anti-social distancing and muzzles?

Fear of Poverty

While some people do not care so much about losing friends, losing a source of income is tough to bear. Living on the streets or under threat of repossession is not fun for anyone.

However, there are usually many ways to make ends meet, and clever people can figure out how to open another door after one closes behind them. Of course our enemies make this especially hard, considering they control the banks (including things like PayPal) and make it hard to even receive money from other like-minded people. Learning to spend less and save more will make one less financially dependent upon the ZOG system. ZOG is an acronym for Zionist Occupied Government.

Fear of Pain

If all other mind control tactics do not work, our enemies often resort to torture, which relies on the fear of pain. No one, besides maybe the ultimate masochists, actually wants to be tortured. This is why heathen women would confess to being witches and why Arabs will confess to being part of terrorist plots, regardless of the truth. The fear of pain (and death) is what finally breaks the will of Winston Smith in *1984*. After being in Room 101, Winston is reconditioned into loving Big Brother and being a good, obedient party member.

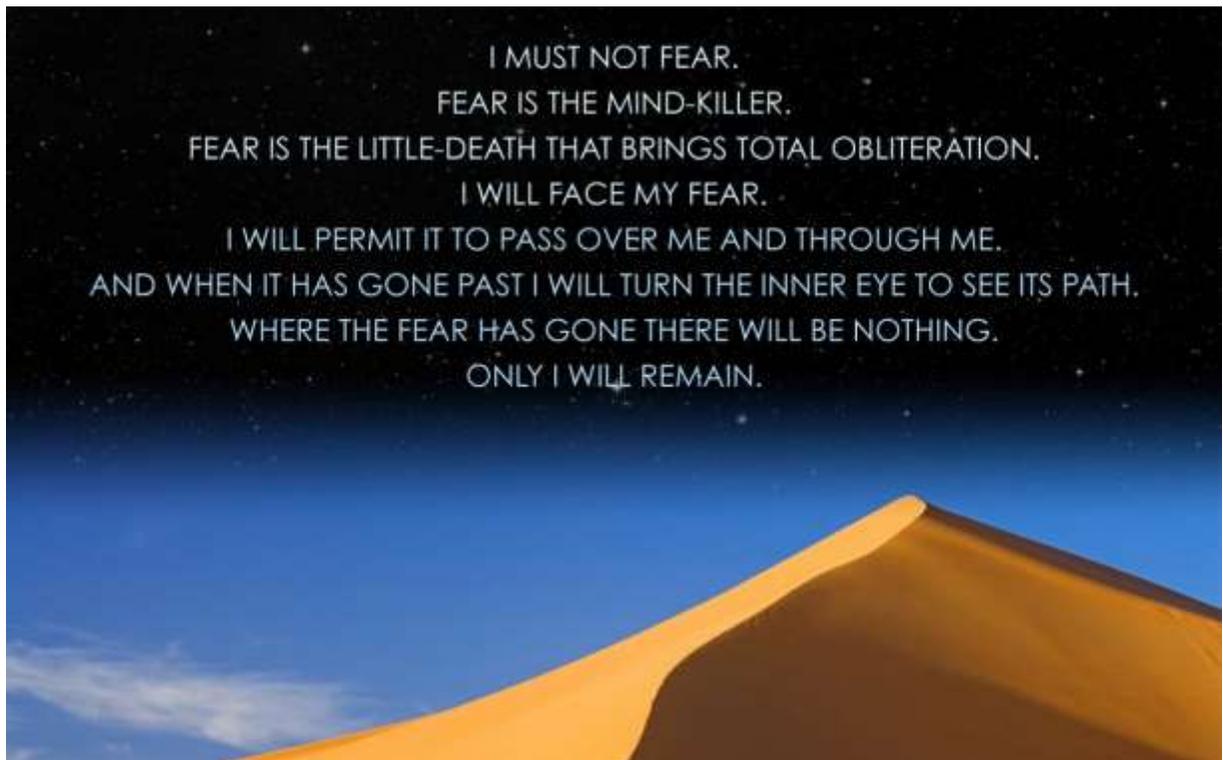

Breaking Free From Fear

We cannot stop fear from coming to us, so we must deal with it and move past it. There is a famous mantra from Frank Herbert's *Dune* series. It is called the litany against fear.

Now just because people are fearless does not mean they are good people. They could also be psychopaths. However, there is great power in being free from the shackles of constant fear, and we would benefit greatly from getting rid of fear from our struggle. The more this happens, the less control over us enemies will exert.

“We have no word for the man who is excessively fearless; perhaps one may call such a man mad or bereft of feeling, who fears nothing, neither earthquakes nor waves, as they say of the Celts” ~ Aristotle

Imagine how much it terrifies our enemies to know that, regardless of all of their money, power, and threats of violence, we do not fear them.

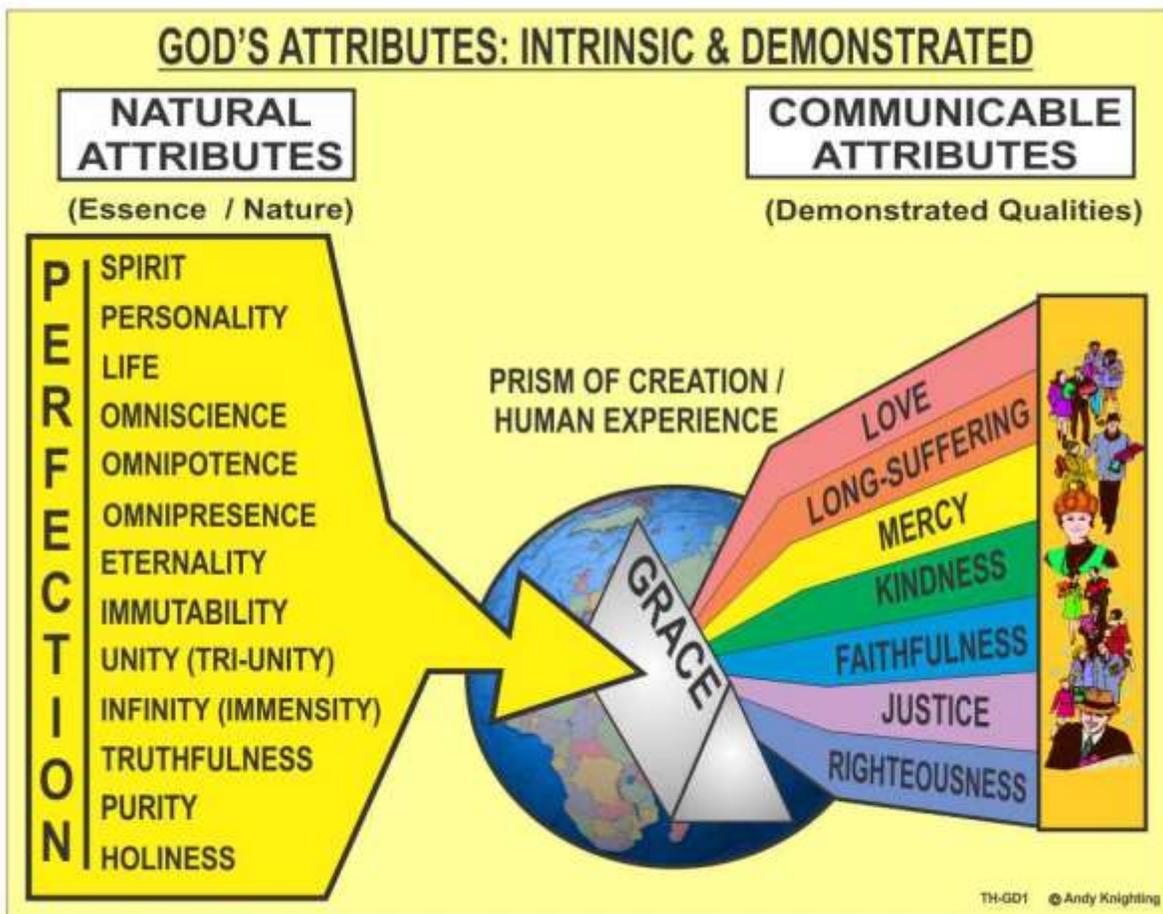

This Blessed Hope was directed to expose much of what is being waged through asymmetrical warfare, and for the most part, how nations cannot handle or understand what is being waged against them by global elitists who want to institute the New World Order. If you understand what is being orchestrated by the World Economic Forum led by Klaus Schwab in Switzerland and his colleague Evelyn D. Rothschild, it becomes abundantly clear we cannot win as a nation; and that Jesus Christ is our only hope at the present time.

Even our government leaders, regardless of political party are salted with the likes of Senator Mitch McConnell of Kentucky, who is married to a Chinese Communist shipping magnate. We long ago saw the dealings of the Clintons, selling all but the White House furniture for campaign donations, putting the country at great risk. It was mid-May when a CIA spy was arrested for selling secrets to the CCP, over a period of 13 years. Hillary

cut a deal to sell the Russians 20% of the U.S. uranium reserves. The Clinton's are bereft of a moral compass unless you include their Foundation's passing the hat for campaign donations.

At this point, all of the aforementioned negative and hopeless information I shared above has a silver lining or better yet a golden lining for you that are watching and waiting and at work and anticipating the Blessed Hope! God has to intervene, it is a given based upon His Attributes! God's righteousness, His promises, His character, His The Attributes of God are expressed in this visual, and further numerated on the next page. Most people, even within the church, have distorted images of the Creator. One of the benefits of a seminary theological education is that you are exposed to a comprehensive study of the Scriptures. In a previous "Diamond & Nugget" I commented about how Biblical Theology is like the glue that binds together the various topics, people, events, places, miracles, all of which establish a Biblical integrity such that one can see all of what is found in the 66 books of the Bible are more than stories or narratives of the Israelites becoming a nation.

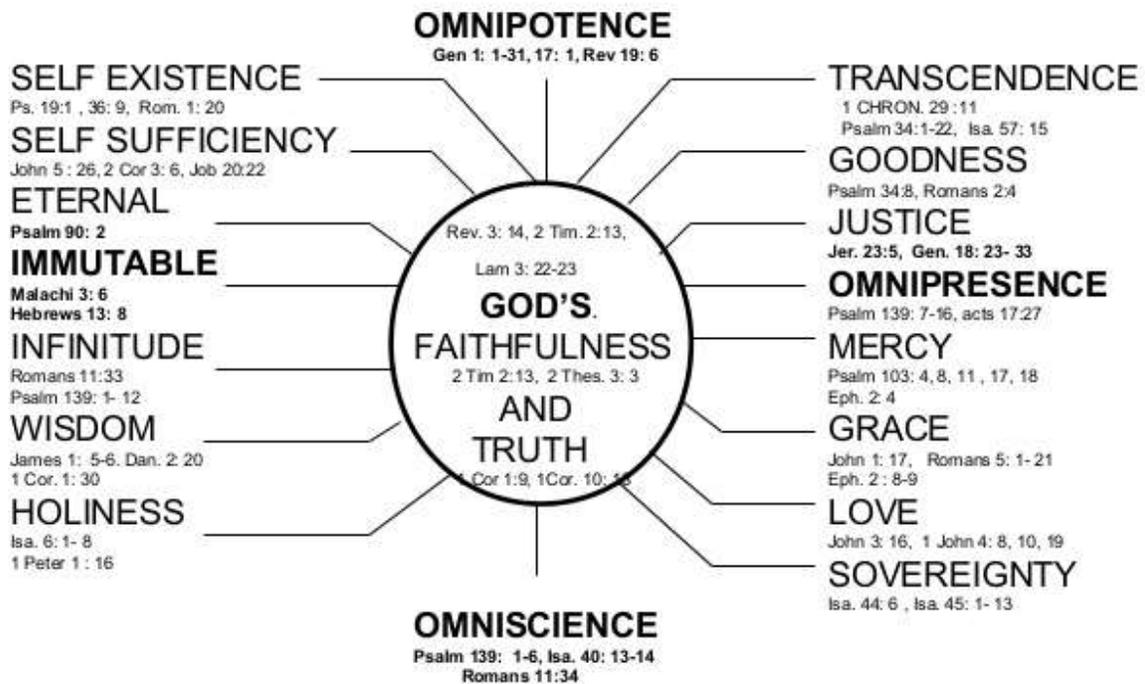

Systematic Theology is the critical foundation of our understanding the Word of God, is very much like building a house. If that foundation is not put-in perfectly square on its concrete footer, then everything in the process of building up that house is going to have issues. The carpenters can only correct for so much to compensate for a

foundation out of square, the point is that the foundation affects every aspect of what goes into building the house.

Every theological seminary has its own content curriculum that is included in how it teaches Systematic Theology. I have attended both Presbyterian, Wesleyan, and non-denominational seminaries. I did my Masters in Theology at a Presbyterian-USA school, and I did my Masters in Divinity at a Wesleyan school, and I did my Masters in Apologetics at a non-denominational school. At Asbury Seminary where I earned my Masters in Divinity, Systematic Theology was a two-semester course, and addressed the three foundational doctrines of: God, Jesus Christ, and the Holy Spirit. My text books for the two semester course were Dr. Thomas Oden's three volumes on each person of the Godhead, i.e., the Trinity. I still have all of my college, seminary, and graduate school textbooks and refer to them regularly now that I am in my 80s and at the end of my life.

ATTRIBUTES OF GOD

SFS JAN 2003

Now, why am I telling this to you? I am building a case here for the Pre-Tribulation Rapture. The Internet has enabled amateur know-it-alls to become pontificators who want you to believe they speak on behalf of the Great I Am. Those who are trained in theology and Biblical Studies can spot their arrogance and ineptitude in the blink of an eye; however, those not so equipped are vulnerable to their lies, and disinformation. I

chose the two visuals here as a means to illustrate matters of consistency, clarity, cohesiveness, coherence, logic, and rational reasoning.

The critics of the Pre-Tribulation Rapture on the Internet are around 30-to-1 and truth seekers immediately get the impression the Pre-Trib view must be errant heresy at worst, simply on the numbers of negative sites. My thought are that the volume of web sites critical of the Pre-Tribulation Rapture are basically Satanic in their foundational grounding which spawns even more “pile-it-on” voices wanting to eat our lunch.

The two visuals above enable the reader to understand that God is not a sick deviant mind but rather has a well-defined essence and attitude towards His Creation, which takes in more than just humans. I have not listed an all-inclusive list of God’s Attributes, but enough so as to illustrate and make a point here, to teach a lesson about our Creator, and even more than that, to illustrate to what length He has gone to make His love for you and I of Himself known to His creation, like you and I.

As Dr. David Reagan recently wrote in the September/October, 2020 *‘The Lamplighter’* “Believers even have the hope of escape from this steadily darkening world of immorality and violence. That hope is called the Rapture of the Church, which will occur before the Great Tribulation begins. Yes, Church Age believers — both the living and the dead — will be taken off this planet before God begins pouring out His wrath on the world’s rebellious nations.”

The following is a list of some of God's known attributes. Since we cannot fully comprehend God completely, we can know what He is like through the verses in the Bible that reveal those attributes. This is not an exhaustive list but more of a springboard to help you get familiar with God's character as He has revealed Himself in His word. Take the time to read a verse or two and meditate on them to comprehend and understand God biblically and more deeply. As you read through the longer list of Attributes of God, think about how each of these Attributes speak to why God would want anyone to believe in the Redemptive process of saving you or I at all if God did a change up throughout the Master Plan of Salvation. Years ago, I heard Chuck Missler expressed it satirically that the bridegroom was going to physically abuse his bride and then take her on a honeymoon. It was an obvious contradiction of terms meaning that the bridegroom in this case, the Lord Jesus Christ, would not permit the church to sustain excessive abuse in this world, leaving it bruised and beaten to a pulp during the Great Tribulation before taking the church home to heaven.

People who do not believe in a Pre-Tribulation Rapture have a masochistic perception of God and derive some sense of self-gratification of pain and abuse. If not that maybe they seek to be a self-style martyr. As noted previously, we don’t look to be a martyr but we should not fear it either. It’s akin to those Catholics in the Philippine Islands at Easter, by having themselves nailed on a cross as somehow an act of penance as a sign of their religious faith.

Infinite of God - God is Infinite (limitless). God is not limited by anything outside of His character. This applies to all of God's attributes. (Example: The goodness of God means God is infinitely good, God is also infinitely just, infinitely immutable, etc...)

God is Personal - God is a self-conscious being capable of thought, will, and interaction with His creation.

Creator - The whole of creation came into existence through the will and power of God.

Life Giver - All of life was and is created by God and is dependent on Him.

Immateriality of God - The state or quality of being immaterial. God's existence is non-physical, and is distinct from His creation.

Self-Existence of God - God has always existed. God does not have a beginning.

Self-Sufficiency of God - God has no needs, cannot improve and does not change. We, on the other hand, as created beings rely completely on God for our every breath.

Omnipresence of God - God is present everywhere at all times.

Omnipotence of God - God can do all things that are consistent with His character. God is all powerful.

Omniscience of God - God has all knowledge.

Sovereignty of God - God created everything and therefore all things are under His sovereign control.

Eternality of God - The Eternality of God refers to his timeless nature. God had no beginning, and will have no end.

Immutability of God - The Immutability of God means He cannot change in His nature, Character or dependability.

Perfection of God - God is completely flawless, lacks nothing and has no moral imperfection.

Holiness of God - God is set apart from His creation.

Wisdom of God - (Omni sapience) By His omniscience, God perfectly knows all possibilities and what would happen if they came to pass. By His Omni sapience, His wisdom is perfect so that He knows which course of action is the best.

Wrath of God - God's moral Character leads Him to judgment and punishment of unrighteousness.

Grace, Mercy and Love of God - God's dealing with His people are based on His goodness, compassion, concern and generosity; instead of what we truly deserve.

Impassability of God - God is without passions. He is not overwhelmed by any emotion, he is not incapacitated or weakened or stifled by any event or any amount of grief or love. Rather, God is totally self-controlled. While God does grieve, and does passionately love, he does so completely on purpose.

God is Truth - Absolute truth has its foundation in God Himself, because God is truth.

Justice of God - All of God's judgments are infinitely and perfectly just.

Freedom of God - The freedom of God, also called divine freedom, designates that God is free and "not constrained by anyone other than himself. He does what he pleases and therefore he is always free... He is not bound to the dictates of anyone else. He does make promises, to be sure, which obligate him to do certain things, but he makes those promises voluntarily."

Jealousy of God - Throughout the Bible, from Genesis to Revelation God always draws His people's attention to Himself - not to personal holiness or social justice or any of the other good things that follow from a good relationship with God, but to Himself. When His people's attention wanders from Him, He's quick to draw them back. This attribute of God is known as His "jealousy". We usually think of jealousy as an ugly emotion, as when we want the success or money that someone else has. But there is also an absolutely right kind of jealousy, and that is the reluctance of someone to allow others what is rightly his and his alone. The classic example is of a husband and wife - each of them is, in the right sense, jealous for the other. Neither will share the other with anyone else: the very idea is abhorrent to them. In the same way, God will not accept the idea that he has to share our passion and affection with anyone or anything else.[1]

Simplicity of God - "The simplicity of God means that God is a unified being, without parts, - He is one essence. God is not composed of a variety of substances. In this sense he is different from humans who are made up of matter and spirit. Jesus is not an exception to this truth. While he took a human body while here on earth he is still absolute spirit in his essence.

Goodness of God - There is such an absolute perfection in God's nature and being that nothing is wanting to it or defective in it, and nothing can be added to it to make it better.

Solitariness of God - There was a time when creation, even heaven, didn't exist, but God's glory did because He is from everlasting. There was a time when neither angels, nor humans were praising Him and He was still altogether wonderful. He is self-contained, self-sufficient, and self-satisfied. He was under no compulsion to create out of necessity or deficiency. He created all things simply to display His glory. God could've very well chosen not to create and He still would be The Perfect One.[2]

Veracity of God - This is that perfection of God in virtue of which He is true in His inner being, in His revelation, and in

His relation to His people. He is the true God over against the idols, knows things as they really are.

Decrees of God - The decree of God is His purpose or determination with respect to future things.

Foreknowledge of God - The fact is that "foreknowledge" is never used in Scripture in connection with events or actions; instead, it always has reference to persons. It is persons God is said to "foreknow," not the actions of those persons.[2]

Patience of God - the Divine patience is the power of control which God exercises over Himself, causing Him to bear with the wicked and forbear so long in punishing them. In Nahum 1:3 we read, "The Lord is slow to anger and great in power,"[3]

Immanence of God - The literal meaning of the immanence of God is "to be within" or "near" in relation to God's creation. Immanence is closely related to God's omnipresence, in that God is always present within the universe, though distinct from it. God is 'within' the universe in that God is its sustaining cause. God is active within His Creation. [4].

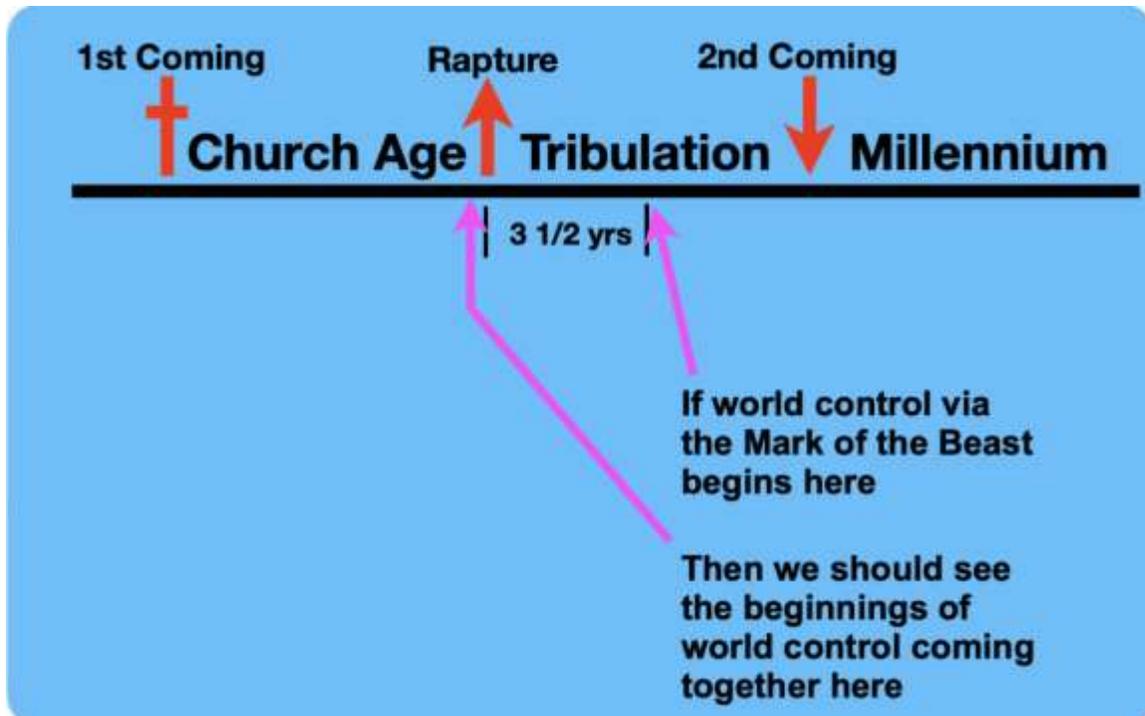

The Majesty of God -Sovereign power, authority, or dignity. It is also a reference to greatness or splendor of quality or character.

It should be straight forward even to a high school student that the Creator has a plan, I like to call it the Master Plan of Redemption, in which His elect, those who have recognized their sinful state on Earth, have repented of their sins, and sought the Lord's forgiveness, and have experienced the New Birth and thus have become new creatures in Christ Jesus. That said, the wrath of man is so evident in what I was discussing

Asymmetrical Warfare against humanity, it becomes overwhelmingly evident that Bill Perkins illustration above is a proper and honest portrayal of what is coming at us in perhaps months at most, then we are that much closer to God telling His Son to go and bring His Bride home.

Compare some of the Attributes of God versus Satan and reflecting on the things that I suggest one take into consideration when it comes to understanding God the Father. I cannot find a single attribute of God that would suggest that the Creator is anything other than a Pre-Tribulation oriented God. In years past, I attempted to be a devil's advocate and give consideration to the Pre-Wrath, Mid-Trib, Post-Trib. Positions. It simply was ludicrous and bereft of even simple plausibility.

The fact is we are so close to Rosh Hashanah and there are major events in the wings of history's global stage, suggesting there are plans afoot to hold a major peace conference or treaty in Jerusalem next month. I have been given information from two sources, and both confirm something that I have kept close to my chest for the past three months.

Before I close off this Blessed Hope, it has come to mind that others have raised questions about the Secretary of State, Mike Pompeo. He is without question, one of the most zealous pro-Zionist Secretary of State we have had in history, and member of the President's cabinet. Questions have been raised by credible scholars, asking, *"Just who does Mike Pompeo work for? The Queen, the Pilgrims Society, the CIA, and/or the SES?"* I would add a few more names to this question, i.e., *"President Trump, Freemasonry, Prince Charles and the Order of the Garter?"*

I am going to go out on a limb here and suggest that Mike Pompeo is doing the bidding of the head of Global Freemasonry, headed up by Prince Charles of Wales, and who is well-connected through this tight network of individuals and groups. I pick up bits and pieces from various sources; all alluding to a "huge" announcement as being forthcoming about a "peace" event, i.e., treaty around the time of Israel's Fall Feasts,

September 18-28th. The huge question that is bouncing around in my mind at the moment is, *“Could we be about to see the fulfillment of Daniel 9:27?”*

Pompeo makes no mention of his membership or associations to the British Pilgrims Society, which he certainly could not have avoided given the deep involvement (the so-called “Five Eyes special relationship”) of British MI6, MI5 and GCHQ with the C.I.A., FBI and NSA intelligence in the Trump-Russia hoax. “Five Eyes” represents five countries who collectively spy for each other: UK, USA, Canada, Australia, and New Zealand. Is Mike Pompeo a Foreign Agent?

This analysis might be simply dismissed and viewed as speculation, were it not for the many threads (noted on page 12) converging in this global picture of that will most likely begin the Great Tribulation, of Daniel’s 70th Week, and the most obvious of all, the forthcoming of the Pre-Tribulation Rapture. All of this mystique and intrigue circles around to what I have had to say about Prince Charles of Wales.
