## Current Events through a Biblical World View!

**Large-scale geoengineering projects to alter Earth’s climate, once dubbed a “conspiracy theory,” are now expanding globally right out in the open**

By Derek Knauss  
March 23, 2024

What was once just a “*conspiracy theory*” or “*internet myth*” confined to the fringes of society is now becoming official policy to keep the planet from “*warming*” or “*boiling*.”

We are talking about chemtrails and other forms of geoengineering, which those who propagate such things used to deny before eventually admitting that, yes, there are attempts being made to alter the function of the natural order to stop “*climate change*.”

Concepts like “*dumping chemicals in the ocean*” and “*injecting reflective particles in the sky*” are making headlines in prominent media outlets that once denied the existence of such things. Because of the alleged “*climate crisis*,” deranged scientists are coming up with bizarre ideas like *blocking out the sun with poison*, which they claim will protect Earth from melting.

(Related: Last summer, Mexico banned chemtrails and geoengineering after an American startup firm tried to block out the sun with chemicals in Baja California Sur.)

### **Cloud brightening, atmospheric chemicals, dyed oceans**

Just the other day, the *Wall Street Journal* reported on some of these newfangled projects, claiming that they stand to “*reduce greenhouse gas emissions*” at a much faster rate than existing technologies.

In order to stop “*scary*” things like heat waves, thunderstorms and floods, the climate industry is rushing to change the way clouds work and alter the pH levels of the ocean, among other large-scale planetary endeavors.

They still want everyone to stop eating meat and drive electric vehicles (EVs), of course, but those interventions are simply not enough to reach the “*carbon-free economy*” that they want to see take full shape by the year 2030.

One of the newest projects going on right now involves blasting a brine mixture into the sky to create larger, brighter clouds to reflect sunlight back into space. This project is taking place at [Southern Cross University](#) in Australia with funding from the government, other universities and various conservation organizations.

Across the world in Israel, a startup called Stardust Solutions is spending \$15 million in private funding to blast reflective particles into the sky at high altitudes to try to reduce solar radiation. In the “*next few months*,” tests using the proprietary chemical blend will move from an indoor testing facility to the actual outdoors.

In the United States at Martha’s Vineyard, the Woods Hole Oceanographic Institute is planning to dump thousands of gallons of sodium hydroxide dyed with chemical colorings into the ocean to create a so-called “*carbon sink*” to draw carbon dioxide (CO2) out of the atmosphere and into the water.

Then there was the infamous “Make Sunsets” geoengineering effort in California that eventually made its way down to Mexico, prompting widespread criticism and outrage because of the sulfur and other harmful chemicals that were released into the atmosphere.

The climate cult is finally starting to admit that its efforts to reduce carbon are not working, so this is why they are shifting to more extreme measures like trying to block out the sun and recreate atmospheric gas concentrations and ratios to “fix” whatever they think is wrong with the climate.

Over at the United Nations (UN), there is also growing talk that the age of “*global warming*” has actually ended, and now the world is shifting into a period of “*global cooling*.”

“All of this is a clear sign that the ‘climate crisis,’ or rather the ‘climate crisis’ narrative, is entering a dangerous new phase,” warns the *National Pulse*.

“Rational thinking increasingly leads to alarmism and, ultimately, hysteria about impending doom. Under such conditions, the most unreasonable and ill-considered responses will seem reasonable and appropriate.”

More of the latest news about globalist efforts to reconfigure the world in their image can be found at [Geoengineering.news](#).

### GRAPHENE OXIDE (GO) discoveries:

GO fibers are in plastic masks.

GO fibers are on PCR test swabs.

GO is in all Covid-19 vaccines.

GO creates thromboses.

GO causes blood clots.

GO disrupts the immune system.

GO can trigger a cytokine storm.

GO toxicity can instigate pneumonia.

GO creates a metallic taste in the mouth.

GO causes inflammation of the mucous membranes.

GO produces a loss in the sense of taste and smell.

GO is magnetic (especially at the injection site.)

GO blocks detoxification in the body by blocking glutathione.

GO may be activated by 5G frequencies.

GO was already included as an adjuvant in the flu shots in 2019.

GO passes through the blood-brain barrier.

So graphene oxide can act as a solo trigger for most COVID symptoms. This is not a VIRUS or spike protein, but a chemical warfare agent.

### **Lunacy, sheer Lunacy: Senate passes \$1.2 trillion 'minibus' in 74-24 vote!**

March 23, 2024 | The Senate on Saturday morning passed the second half of the nation's annual budget. The upper chamber approved the measure in a 74-24 vote after the House did so 286-134 on Friday. Part of a two-step effort, the legislation follows the first half of the package securing legislative approval earlier in the month. That measure included 460 billion to cover six of the 12 annual appropriations bills that fund the government. The process of finalizing the year's budget has been extended multiple times, due in part to disagreements within the House Republican Conference over whether to seek deeper spending cuts.

[Republicans who supported \\$1.2T spending bill accused of enabling Democratic immigration policies](#) --"You own the continued mass parole of illegal aliens into our country," Roy says to fellow Republicans. | 23 March 2024 | Rep. Chip Roy, R-Texas, argued that the 101 House Republicans who voted in favor of the massive 1.2 trillion spending bill that passed on Friday supported legislation that contradicts their own policy positions on issues like illegal immigration. The final vote was 286-134 with 185 Democrats and 101 Republicans voting in favor of the measure in the House. *"DHS funding contingent on signing H.R. 2 into law, that's what we did last year to make sure our border would be secure; that is punted, so you own it,"* Roy said Friday on the House floor. *"Defunding Alejandro Mayorkas, we did that in our bill, this punts that, it's no longer there, you own it. Prohibiting the mass parole and release of illegal aliens via the CBP one app. We did that in our bill last year. This bill gets rid of it, you own it. You own the continued mass parole of illegal aliens into our country. You own that. That's the truth,"* he added.

[Republican senators introduce bill to block migrants from using Border Patrol app as ID at TSA checkpoints](#) | 22 March 2024 | Senate Republicans introduced a bill on Friday cracking down on the federal government's use of a controversial mobile app to identify illegal immigrants traveling via airplane to the United States. The CBP One app was first introduced during the Trump administration for cross-border transit at

ports, but it was expanded last year by the Biden administration to allow migrants seeking to enter the U.S. to upload data and make appointments to be processed into the U.S. Led by Utah GOP Sen. Mike Lee, the measure, named the VALID Act, would prohibit the TSA from accepting the CBP One Mobile App, a Notice to Appear (NTA), or a Notice to Report (NTR) as legal forms of identification for the purposes of successfully passing through TSA security and boarding a plane.

## **Bet on The CIA Being The Culprit In The Moscow Mass Murders, Just Like They Were In The Las Vegas Concert Massacre, And As They Will Be In The Upcoming Black Swan Events**

By Alan Barton - All News Pipeline

Random Association. Much like Free Association but without the clinical psychology stigma, it allows for the freedom of thought that enables rich imaginations to form. That may be my problem as I do realize that the subject today is only in my imagination and not anything proven. Yet. But it is all possible. Let's just call it a working theory for now.

Last year or the year before sometime I did a story on the Las Vegas mass shooting at a country music festival near the Mandalay Bay hotel in Las Vegas and concluded that what is officially known has NOTHING to do with what actually happened per the numerous first hand reports of the people involved and the few videos that were not confiscated by the authorities but somehow they and the truth did leak out. First, it was NOT a single shooter, it was numerous shooters and it was not from some hotel window but from people inside the venue as well as quick assaults in nearby hotel lobbies and even by helicopter. Who can put together such an attack and still get it all smoothed over to make it seem some poor lackey did it all? Only a large and well-oiled machine, we'll get to that soon.

Supposedly the officially named perpetrator Mr. Paddock killed 58 people and wounded hundreds more before being shot himself, even though the swat teams were outside his door waiting for "*permission*" to enter and put stop to it all for a number of hours. I believe that like I believe Biden is anywhere near competent and Big Mike is female. We are not here to discuss that one, go look up my older column on it for more details. What we are here to discuss is the free, random association beginning that brought the LV false flag to my memory.

Initial reports from the Crocus City Hall music venue in Moscow said at least 40 died, then later 50, and then 60, and 133 now up to 137 as I write this without a final total with hundreds injured by a group of 4 masked terrorist gunmen went right in and slaughtered the young people there, just like happened in Las Vegas according to first hand witnesses. Dressed in combat fatigues and sporting fully automatic rifles, they went through the crowd with efficiency just as if they were highly trained operatives (again, just like in Las Vegas), as can be seen in the videos that are out showing the horrific scene.

Initial reports also claimed no one took responsibility, or at least claimed to be, but very soon after that ISIS claimed to be the perpetrators. One side says blame another and they blame yet another and so forth just as would be suspected in the opening barrages of propaganda and skirting blame or responsibility as is the normal. Some guy named Михайло Подоляк did his best on 'X' to thwart fears that it was Ukraine and said *"there is not the slightest doubt that the events in the Moscow suburbs will contribute to a sharp increase in military propaganda, accelerated militarization, expanded mobilization, and, ultimately, the scaling up of the war"* and that is the whole point of it all, obviously. But I do not accept the absolute that it was not Ukraine either. He did say something that we will get to quickly that *"long before the events in Crocus City Hall, we had heard public warnings from foreign embassies stationed in #Moscow about the possibility of such bloody excesses."*

And of course, Putin claims that it must have been the Ukrainians because why would they attack their own people such as the many Chechen related terrorist mass slaughter attacks in public venues? Anyone that knows anything about Russian history knows that is about as false logic as can be given. And of course, NATO has been blamed as the culprit in order to start WWII as one of their regular false flags. There is one claim however that stands out, and that is this one from our own State Department that was issued BEFORE the attack.

*"U.S. citizens should be advised to avoid large gatherings over the next 48 hours"*, This warning given 2 weeks before the attacks was dated March 7 2024. True, it may have been from intel that something may be up, but it is my contention that it all was well known to the system. OANN reported that *"They act like trained and trained fighters,"* the unnamed witness said. *"At the moment of entering the building, the guards and people standing at the door were killed. Then they blocked the main entrance."*

*"The terrorists are armed with AKM assault rifles,"* they continued. *"Some carry unloads with various ammunition. At least two of the attackers are carrying backpacks, possibly with molotov cocktails"* and that appears to have been the case. Not just any old terrorists, but military efficient ones. Just like CIA operatives maybe?

This line from the above post is what I am considering the most telling, *"the West are the only ones who could possibly benefit from this situation. Putin already has all the support he needs to do whatever the hell he wants"*. That is a true statement, and the final one from that post is this line, *"Would they start WW3 to stop Trump? Absolutely."* Again, an absolute truth.

One of the best descriptions I can remember seeing on just what NATO is and was designed for was that it is not just some post WWII group of nations out to make a joint defensive systems against a communist conspiracy or other foe, but was more likely the then brand new CIA's amalgam of power to make Eisenhower's warning of the evil of the military industrial complex a true to reality freak show. The CIA has been using NATO to start wars all over the globe pretending that somehow gaining control over the Koreans drug and human trafficking was fighting communism. No, they just got a lot

richer as a side benefit to the massive monies made in pushing war production for the corporate controllers and the international bankers. That same scheme that worked so well also worked for Viet Nam and the CIA (what daddy Bush?) had Kennedy murdered to stop the satanic evil of the CIA drug and human trafficking trade. We see the same thing in controlling the Afghan poppy fields, and the control of the drug and human trafficking importation gangs being well armed by the Kenyan (fast and furious ring a bell?). We see it thwarted in the Russian revolution in Cuba but somehow the drug trade was not affected. Iraq was used as a showcase for America's newest military weapons and to help control the drug and human trafficking in that arena as well. The most lucrative business arrangement outside of the central bankers (think Red Shields, the Rothschild's) as an addendum to the war machine factories is in drugs and victims to keep the whore houses busy and the blood donors for the satanic sacrifices for their evil churches.

*"Ukrainian Intelligence" my well rounded ass, that is CIA propaganda network speaking. Nevertheless, the last line "it's about to get ugly" is the working model here. Blame all they want on others, I am convinced my random association of Las Vegas and Moscow is right on track. The powers that be want war, not only to reduce the world's population but to put EVERYTHING under very strict total control and military absolute power. No free will for you miniscule underling punks.*

But then we did have ISIS claiming they did it didn't we. They claim responsibility for many things that they may or may not have done, just to keep the money coffers filled I suppose.

And then there is this one-

*"Mike Benz: I just have to break this down in a video to make it perfectly plain and clear to people what's happening with Hunter Biden and the CIA. Why was I saying a year and a half ago that the reason Hunter Biden is untouchable by the Justice Department is because he was part of a CIA operation. Multiple ones, actually....The NDI is the DNC wing of the National Endowment for Democracy, which is the top CIA cutout used in our tens of thousands of NGO swarms. NED ranks number one. It was created to be the NGO affiliate of the CIA. It was created to do overtly what the CIA was doing covertly and getting in trouble for doing in the 20th century...."*

It appears they (THEY being the NATO/CIA satanic groups) are well on their way to getting just what they want, another massive war. The problem this time is, that it will be almost impossible to contain and likely going nuclear before too long. The international crime syndicates (read as U.S. Government including CIA, Justice Dept, and so forth) money laundering system formerly known as Ukraine and the massive drug/people industry is going absolutely nutz right now.

My money is on the CIA directly being the culprit, just as they were in Las Vegas, let alone all over the world and the upcoming Black Swan events.

## Wolfgang Eggert - Zionists are Behind Moscow Terror Attack

March 23, 2024

World War Three is a replay of WW2 with the Right & Left wings of Freemasonry fighting each other.

Israel and the Zionist West is reprising the Nazis (Israeli gov't is racist & genocidal, Ukraine fosters Nazism) while Freemasons in Russia, China, Iran, radical Islam and the BRICS assume the Communist role.

### German historian Wolfgang Eggert raises questions about the official Russian narrative.

*15 Suspicious Things about the Moscow Terror Attack*  
by Wolfgang Eggert

1. Russia has an alliance with Jerusalem's arch enemies Syria and Iran; Putin's humanitarian support for Gaza and the Hamas after October 7th 2023 nearly crashed the diplomatic relations between the two countries.

Amir Weitmann, the head of the libertarian caucus in Israel's ruling Likud party, promised a bloody revenge on the Kremlin - the 'Russians would pay for supporting the enemies of Israel' he shouted at a stunned reporter of the Russia tv channel RT.

*"Russia is supporting the enemies of Israel. Russia is supporting Nazi people who want to commit genocide on us and Russia will pay the price," Weitmann said. "We're gonna win this war. Afterwards, we're not forgetting what you're doing, we're not forgetting, we*

*will come, we will make sure Ukraine wins. We will make sure that you pay the price for what you have done, you as Russia."*

The waves of emotions were rising again when, on February 16th, Putin invited Hamas and other Palestinian groups for talks to Moscow. Just one week later, on February 22nd, Biden's representative for Ukraine, Israel-firster Victoria Nuland (above photo) promised an *"acceleration of the asymmetric warfare"* against Russia.

Putin would be *"sure to face some nasty surprises"*, said Nuland, who had her hand in the terrorist shootings on Maidan and, as is said, in the bombing of the Eurasian pipeline "Northstream".

Being Jewish - knows its meaning: February 22<sup>nd</sup> matches in the Hebrew calendar with the 13. **adar/ta'anit** Esther, a holy day, that marks Israel's triumph over its enemies.

Two weeks later Nuland announced her political *"retirement"* as Deputy Secretary of State. Hardly anyone expected this move which was confirmed by the Biden Administration on March 6<sup>th</sup>.

Only 24 hours later Russia's secret service FSB announced it had thwarted a planned terrorist attack on a Moscow synagogue.

2. The embassies of the U.S. and Great Britain warned their citizens on March 7<sup>th</sup> that there was an imminent danger of terror attacks on mass gatherings in Moscow - in this context "*concerts*" being underlined.

3. Why did the terrorists choose to drive a conspicuous car (foreign license plate)?

4. Video suggests that there had been more than 4 persons active in the shooting. The getaway car is quite small, so: where is the second vehicle?

5. Why did the terrorists enter the building? A drive-by shooting in front of the building - before or after the concert, would have been far easier for them to manage. All would have been over in a minute, there would have been no hiding grounds for the crowd being targeted (=more casualties, higher anonymity for themselves..) the decision against the "*easy performance*" looks like a demonstration of power. "*We strike the way we want to.*"

6. The terrorists planned to flee from the scene. for this not being identified is a precondition. Why didn't they use balaclavas then? Again they behaved as if they had diplomatic passports in their pockets. and helpers in the management of the concert hall, who switched off all cctv cams.

7. The terrorists didn't look like typical Is-islamists. None of them had a beard, no suicide bombing, no "*alahu akbar*" shouts were heard.

8. The massive stone building caught fire like tinder. Only fire accelerators and lots of gasoline make it ignite that quickly. According to reports by eyewitnesses, the terrorists were carrying large plastic bags with them, that were filled with fluid. Mobilphone videos of the terrorists entering the building are in contrast to these "statements".

**9. Spectators said that, when they tried to flee the concert hall, they found all doors locked. Nevertheless the terrorists (who came late) entered the building without visible problems - and they, this is even more mysterious - were able to leave, when they had finished their bloody work. This indicates, that they had a key or helpers within the security staff.**

10. Police and fire-brigades were late at the scene - although there must have been hundreds of phone calls real time when the shooting started. What is the reason for this delay?

11. The terrorists did manage to leave the scene - untouched and unchased. to go into hiding in Moscow would have been a quick and smart entering wedge for a successful escape.

12. There were two men being shown arrested not too far from the Ukrainian border. They were interrogated on spot. it was said, that their car had been stopped by the police - both men fled into a forest where they were caught. This is a circumstantial evidence for an involvement of the Ukraine. But, why should a mastermind in Kiev take such a risk by telling the terrorists to come this way?

13. The first reports said, that during the arrest "a shot" had been fired. given the fact, that the Moscow terrorists were armed to the teeth, the question arises: why didn't they snow their counterparts under an avalanche of ammunition?

14. The arrests were made "*in the evening of the 22th*". Pictures show, that this happened in daylight. this is not possible: when the shooting started, it was already past sunset in Moscow. who then is/was presented to us there?

15. Why hadn't there been any letters claiming responsibility - being sent on 22th, reaching the addresses the next day? Neither had been expressive threats before, on the part of the Islamic state against Russia, as the direct conflict between the parties is history now, for years.

## **Protocol: 13.6**

**Historian Predicted Cabalist Plot to Exterminate Goyim in 2003**

Lubavitcher *tzaddik* Menachem Schneerson (1902-1994) said Cabalists (Illuminati) would implement Biblical prophecy of Armageddon in order to hasten the return of the Messiah and [establish Jewish supremacy](#). Twenty years ago German historian Wolfgang Eggert warned us that the Rothschild's belong to this fanatical doomsday cult.

*"All human history is about Messianic-satanic Judaism ("Chassidim"); they're "making" it happen. History and politics are a big movie, and they are the directors, bringing old-testament-prophecy into reality."*

Eggert focused on a contrived nuclear war. Neither of us foresaw a contrived pandemic with a bioweapon "vaccine."

Updated from 2003  
by Henry Makow, Ph.D.

A Munich-based historian Wolfgang Eggert, 54, believes orthodox Jews called *Chasidim* want to instigate a nuclear holocaust to fulfill Biblical prophecy.

He thinks these religious fanatics must be exposed. The largest Chasidim group, the Chabad Lubavitcher sect want to hasten Armageddon which they believe is a prerequisite for the Messiah's return. Eggert quotes a Lubavitcher rabbi who says: *"the world is waiting for us to fulfill our role in preparing the world to greet Moshiah"* (i.e. Messiah.)

(Wolfgang Eggert)

*"All human history is about Messianic-satanic Judaism ("Chassidim"); they're "making" it happen. History and politics are a big movie, and they are the directors, bringing old-testament-prophecy into reality. They captured Freemasonry by building up the Illuminati (through Rothschild/Jacob*

*Frank/Weishaupt); they made a pact with the British monarchy when they financed William III to become king; they placed the British royals at the head of the Freemasons; they made the modern banking system and the Fed (through Rothschild); they made Zionism, the world wars, the European Union and so on. They reign through their puppets Rothschild (whose ancestors had been part of the Chassidic cult) and Rockefeller, who were the guiding force behind Bilderberg, the trilateral etc. We are now in the "End Times"; they are trying to foment a "prophesied" Third World War.*

*Eggert believes both Germany and Israel are in the Chasid cross-hairs. "Germany, because the Hassidim are reading from the Bible/Talmud, that this country is an enemy of the Jews and must be killed. Israel has to burn for bringing the prophecy of Armageddon into reality. In addition, they are repeating a Machiavellian, strategic "trick": the sacrifice of the European Jews in the Second World War ("shoah") which brought them their own country- Israel. The sacrifice of the Israeli Jews shall bring them the international approval to be masters of a united world "republic", that will be governed from Jerusalem, which, again, is being "prophesied," by Yahweh."*

#### CHRISTIAN FUNDAMENTALISTS

*While the Chabad Lubavitchers are his focus, Eggert is also concerned about Christian Evangelists like Jack Van Impe, and Timothy LaHaye who believe war is the will of God. *The Books of Ezekiel, and Daniel in the OT, and Revelation* in the New Testament prophesied Armageddon. Their desired scenario includes the destruction of the al-Aqsa mosque, the restoration of the Third Temple on its site; the rising to heaven of the 144,000 Chosen Ones; the battle of Armageddon; mass death among Israeli Jews and the Final Coming of Jesus Christ.*

According to Alison Weir, there are approximately 3,600 Chabad institutions in over 1,000 cities in 70 countries and 200,000 adherents. Up to a million people attend Chabad services at least once a year. Numerous campuses have such centers and the Chabad website states that hundreds of thousands of children attend Chabad summer camps.

*(I. Schneerson in later life.)*

According to the 'NY Times', Schneerson *"presided over a religious empire that reached from the back streets of Brooklyn to the main streets of Israel and by 1990 was taking in an estimated \$100 million a year in contributions."*

Schneerson believes Jews are the acme of Creation: *"The general difference between Jews and non-Jews: A Jew was not created as a means for some [other] purpose; he himself is the purpose since the substance of all [divine] emanations was created only to serve the Jews."*

Jews are the purpose of Creation. *"The important things are the Jews, because they do not exist for any [other] aim; they themselves are [the divine] aim."*

*"The entire creation [of a non-Jew] exists only for the sake of the Jews."*

When Schneerson died in 1994, he was awarded the Congressional Gold Medal for his contribution to *"global morals."* According to Schneerson, Jews are the Priests while the Noahide Laws provide *"a religion for the rank and file."*

Eggert quotes another Lubavitcher rabbi: *"When examining the chain of frightening events [since 9-11] with a Chassidic eye, we see that the U.S. is being pushed toward fulfilling its historic role of teaching the Sheva Mitzvos [i.e. Noahide laws] to the world."*

According to Eggert, Freemasons have always called themselves *"Noachides"* and incorporated the statutes into their Constitution as early as 1723. Twenty years ago German historian Wolfgang Eggert warned us that the Rothschild's belong to a fanatical doomsday cult that is planning to instigate a world war to cleanse the world of non-Satanists. This attack will ratchet up the level of conflict between NATO and the Western powers and Russia. Few people understand this and where it will lead to.

[\(Trump met with Chabad leaders last Monday March 26\)](#) (2017)

If you look, you can find pictures of many major politicians in the West posing with this sect. This [website](#) features more than a dozen of them. In this [YouTube](#), the Chief Rabbi of the Chabad boasted of his rapport with Vladimir Putin. Eggert says Putin's mother is Jewish, which makes him Jewish, and that President Medvedev is Jewish on both sides.

Eggert, who studied History and Politics at universities in Berlin and Munich, is the author of eight books on hidden history. While he believes that modern history is dominated by the Cabalistic plot to fulfill Biblical Prophecy, he is careful to distinguish between the Lubavitchers and other Chasidim called "Satmar" who think it is a crime to *"force God's hand"* and *"hasten the redemption."*

However, the Lubavitchers seem to be the ones in control.

*"Every part of modern history is linked to another and in itself to Zionism, state intelligence, lodges and alike. Without the Balfour declaration, there would have been no revolution in Russia and no American entry into World War One ... We may start at any historical point (even with the American revolution or farther back Oliver Cromwell) [and] we'll see, that the maker (or profiteer) of all this is Cabalistic Judaism. All serve their plan, to implement biblical prophecy."*

Eggert cites World Zionist VP Max Nordau's speech at the 1903 Zionist Convention predicting *"a future World War [and] peace conference where with the help of England a free and Jewish Palestine will be created."*  
(Eggert, *"Israel's Geheimvatikan"* Vol.2, pp.21-22)

He says the Zionists sabotaged Germany in WWI (strikes, revolts) because it wouldn't play ball on Israel. He cites a book in Hebrew, *"The Historical Moment"* by M. Gonzer: *"We even find nations who are slow on the uptake and who find it difficult to understand certain relations unless the Rebbe--that is world history--gives them some sensible bashes which make them open their eyes."*  
(*Israel's Geheimvatikan*, vol. 1, p.47.)

Today (June 3) Eggert cites James Forrestal's diary saying Jewish bankers forced England into WW2----

**December 1945 Pg. 128-129**

Played golf today with Joe Kennedy [Joseph P. Kennedy, who was Roosevelt's Ambassador to Great Britain in the years immediately before the war]. I asked him about his conversations with Roosevelt and Neville Chamberlain from 1938 on. He said Chamberlain's position in 1938 was that England had nothing with which to fight and that she could not risk going to war with Hitler. Kennedy's view: That Hitler would have fought Russia without any later conflict with England if it had not been for Bullitt's [William C. Bullitt, then Ambassador to France] urging on Roosevelt in the summer of 1939 that the Germans must be faced down about Poland; neither the French nor the British would have made Poland a case of war if it had not been for the constant needling from Washington. Bullitt, he said, kept telling Roosevelt that the Germans wouldn't fight, Kennedy that they would, and

that they would overrun Europe. Chamberlain, he says, stated that America and the world Jews had forced England into the war.

First Comment [from Dan Butler:](#)

The Chabad Lubavitch sect was a spinoff of Baal Shem Tov's (c1700-1760) Hassidic movement. Non-Jewish Americans think its a minor 'denomination' of Judaism. In fact, it's the largest Jewish religious organization in the world. It has centers in every important city on Earth. They're as active at recruiting as Scientology or Krishna Consciousness and employ similar inducements. Consequently, they're the fastest growing Jewish religious group as well.

As with the other theocratic juggernauts that move lots of people and money under the cloak of religion, they interlock with the world's consortium of organized crime. There have been many spectacular arrests for such charges as international narcotics, weapons and human trafficking, and of course money laundering. As with the Vatican's international money laundering and pedophile network, nothing sticks.

*Netanyahu and the Rebbe Schneerson, 1990.*

After exchanging amenities Netanyahu said; *"I come to ask your blessing and your help. In all areas, political and personal."* The Rebbe replied, *"Since last time we met many things have progressed. What hasn't changed however is Moshiach still hasn't come. So do something to hasten his coming."* Netanyahu; *"We're doing. We're doing."*

### The Rebbe and Bibi Netanyahu: Politicians For Redemption

Reminds me of scenes from the Godfather. They weren't making small talk. The Rebbe was anxious. It's a Hasidic belief that every generation of Jews has a potential Moshiach who will become THE Moshiach if that generation becomes worthy. That man is known as the Tzadik Ha-Dor, meaning Tzaddik of the Generation. Lubavitchers believed it was "the Rebbe" Menachem Mendel Schneerson. Since he died in 1998, they're waiting for the new generation's Tzadik Ha-Dor to appear and bring on the Messianic Age.

What is the Messianic Age? Yossi Gurvitz explains what it means from the Talmud, here: [When Israel Is Mighty](#)

'Christian' fundamentalism originated from a subversive corruption of Anglicanism called 'Dispensationalism'.

[[The recent attack on a Moscow concert hall was a "false flag" event. The information on this attack that resulted in the death of at least 137 Russian citizens is being used to provoke a war between the Russia and the United States. This is a Rothschild-Zionist/Freemason-Satanic-controlled false flag designed to provoke a global World War 3. The short of this is that it will lead to the Ezekiel 38/39 scenario in which Russia and its alliance with Iran will fight the War of Gog and Magog.

Wolfgang Eggert is far afield from any clear and accurate understanding of the Bible. He erroneously mis-reads the Bible as so many in the world are guilty of. Eggert is unaware of the fact that Bible Prophecy in the Bible cannot be changed or altered since it was and is History told in advance. Eggert's criticism of Dispensationalism is based upon a false view that future outcomes can be changed, and so he errantly blames Christian Fundamentalists like Jack Van Impe and the late Dr. Tim LaHaye.

These two Dispensationalists interpreted and understood the Bible correctly. The Bible writes about things that happened hundreds and even thousands of years before their actual fulfillment. This evidence confirms the Bible's true Author was God, specifically Jesus Christ Incarnate and even states so in Isaiah 46:10 and why so. It would be a serious mistake to not consider the role in all of this by the CIA and Mossad. They work hand-in-hand with the Rothschild's, Freemasonry

**and the Vatican. Critics have proposed that the CIA may be involved as the U.S. funded al-Qeda and former President Barack Obama admitted to training ISIS. It is unlikely that we will ever know the full truth behind this attack. –Pastor Bob]]**

**Mike Adams, the Health Ranger put it this way in his weekend podcast:**

*“Governments from across the world have expressed their condolences and support for the Russian people following the massacre. International organizations, as well as EU and NATO officials, have condemned the terrorist attack. Hundreds of mourners placed flowers at Moscow's diplomatic missions in various countries, including Mexico, Moldova, Serbia, Canada, the U.S., and Argentina. Meanwhile, dozens of Muscovites have been lining up at the city's hospitals to donate blood to the victims of the deadly shooting.*

*Earlier this month, the US issued a warning to its citizens in Russia, urging them to avoid public places and mass gatherings due to "extremists" having imminent plans for an attack in Moscow. Several other embassies followed suit, issuing similar alerts. However, White House adviser John Kirby has said Washington had no specific "advance knowledge" of Friday's shooting.*

#### **More links to Ukraine**

*The investigation into the horrific attack at a Concert Hall in the Moscow region has identified one of the attackers as Rustam Azhiyev, a former Ukrainian soldier who served in 2022. The White Renault automobile seen on dashcam footage outside the concert hall, with men exiting carrying rifles, was captured hours after the attack near Bryansk, Russia. The men inside, who had fled to nearby woods, were identified as citizens of Tajikistan.*

*The rapid development of this investigation has raised questions about why the suspects were traveling toward Ukraine when they are allegedly from Tajikistan and why one of the suspects has ties to the Ukrainian armed forces. As the world mourns the tragic loss of life in this senseless act of violence, it remains to be seen what further information will emerge from the ongoing investigation.*

#### **Huge emotional impact among the Russian people**

*The emotional impact on the Russian population is reminiscent of how the Israeli public felt following the events of October 7, leading many Russians to adopt similar sentiments towards their perceived enemies. Before this attack, Vladimir Putin was already a popular leader with an approval rating of approximately 87%, as evidenced in the recent election that just concluded. However, the tragic incident has only served to bolster his popularity further. The Russian people are likely to attribute this attack to Ukraine and potentially, Ukrainian militants trained by the United States, regardless of who actually carried out the attack.*

*This belief will provide Vladimir Putin with widespread support from the people of Russia, his cabinet members, the Duma, and other key figures such as Medvedev, all of whom are now expected to fall in line behind any actions Putin decides to take. The*

*situation has created an emotionally charged atmosphere in Moscow and among the Russian people, similar to the outrage experienced by Americans after the 9/11 attacks.*

*As tensions continue to rise between Russia and NATO, with French President Emmanuel Macron suggesting sending troops to attack Russia, there is a growing concern that this situation could escalate into a full-blown conflict. If Russian leaders have the opportunity to eliminate Ukrainian President Volodymyr Zelensky with a nuclear weapon, they are likely weighing that option heavily.*

### ***The path of escalation to nuclear war***

*This emotional turmoil has provided Russian leaders such as Vladimir Putin and Defense Minister Shoigu with the necessary leeway to retaliate with more aggressive measures. However, this could be playing into the hands of what the West desires - a nuclear attack by Russia.*

*Since 2014, particularly following the coup in Ukraine, the West has been attempting to provoke Russia into a nuclear attack. This effort has intensified since February 2022 and the start of the special military operation. Over the past two years, there have been numerous attempts by the West to provoke Russia into launching nuclear weapons. The West, led by the United States, desperately needs Putin to nuke Western Europe or even the United States for a variety of reasons related to elections and the approaching collapse of the dollar currency.*

*The reasoning behind this is that the Democrats are losing their grip on power and are expected to lose the election to Trump. The American people are growing increasingly disillusioned with the Democrats' policies, leading to discussions of secession, uprisings, revolts, civil wars, and states like Texas defying the federal government. Florida and other states, such as Missouri, have also taken legal action against the Biden administration over issues related to censorship.*

*The United States' powers that be are losing their grip, requiring a major emergency as a reason to cancel elections and declare martial law. They need a justification similar to what Zelensky did in Ukraine, which involved shutting down dissident media and halting all elections. It is worth noting that there have been no elections in Ukraine recently, making it ironic when Zelensky questions Russia's election legitimacy. According to Ukraine's constitution, there should be elections, but they have been canceled without reason, effectively turning the country into a dictatorship. This is what the Democrats want for the United States.*

*However, they need Putin's cooperation in order to achieve this goal. They want Putin to launch a nuclear attack, which is why the West continues to provoke Russia and push Ukraine to engage in aggressive actions such as flying drones over civilian areas or attacking nuclear power plants. The ultimate aim is to get Putin to react in an escalatory fashion. Unfortunately, a recent mass shooting event has provided ample footage online that could potentially push Putin towards an even more aggressive response. This event serves as a pivotal escalation point towards World War III.*

*It is evident that the United States was aware of this situation, as evidenced by mainstream media news stories dated March 8, which advised all Americans and British citizens to leave Russia immediately due to an imminent threat of an extremist attack targeting crowds, including theaters. Western intelligence agencies knew about this, even alerting the media. Consequently, numerous media outlets published stories around March 8 and 9, warning Westerners to leave Russia urgently. The details of these warnings have now come true, as there was indeed an imminent threat of an extremist attack on crowds in theaters.*

***Russia's response against Ukraine and the West will likely show no mercy***

*Russia's leadership has expressed their suspicion that the West may be behind the terrorist attack in Moscow. The speaker emphasized the importance of finding and eliminating all individuals involved in the terrorist attack, regardless of their ideological inspirations. A list was mentioned, calling for merciless destruction of these terrorists, including officials from the state responsible for the atrocity.*

*As more Russian leaders speak out, claiming that Ukraine conducted the terrorist attack, critical thinkers question whether this could be a false flag operation carried out by Russia against its own civilians to gain public support for their actions. The possibility of Russia potentially wanting to nuke Europe is also considered. Due to the fog of war, it's impossible to know the truth.*

*The question arises: who could be responsible for this incident? Possible culprits include Ukraine, the U.S., or even Russia itself. However, regardless of who is ultimately found to be behind it, the emotional response from the Russian population will likely be the same - outrage and anger.*

*At present, it's probable that many Russians are demanding retaliation against Western cities like Washington DC, Paris, and London. While Putin is generally considered a level-headed leader, he may still face significant domestic political pressure to take dramatic action in response to this event. If Ukraine or the US is discovered as the perpetrator, Putin could find himself caught in an escalation trap, needing to respond in a way that appeases his country's anger and desire for justice.*

*In recent times, Russia has been shaken by a series of terrorist attacks targeting its cultural institutions, such as theaters where innocent civilians gather to enjoy performances. These attacks have had a profound psychological impact on the Russian people, who view themselves as culturally enriched, sophisticated, informed, and with a long historical presence. The recent attack on a theater where innocent civilians were watching a performance highlights this issue, as these individuals were not involved in the war effort and had no connection to military operations.*

*The outrage in Russia over such attacks is immense, as it feels to the Russian people like a direct assault on who they are as a nation. Given the severity of this incident, it is highly unlikely that President Putin will not respond with aggressive retaliatory measures. While it is uncertain whether Russia will resort to using nuclear weapons,*

*they may employ thermobaric weapons against any nation they deem responsible for the attack.*

*In response to these attacks, Russia has initiated an investigation involving their version of the FBI who are collecting evidence, interviewing witnesses, and making arrests. The Russian people are determined to find justice for those affected by these senseless acts of violence.*

### ***France's Macro has put his nation on a suicide collision path with Russia***

*This situation has not gone unnoticed by other nations, particularly France under President Macron's leadership. Macron has threatened to send troops into Russia in an attempt to involve NATO in the conflict and bring the United States into the fray. This strategy is also being pursued by Israel, aiming to draw the US into a war with Iran.*

*Macron's actions demonstrate a grave misunderstanding of the historical relationship between France and Russia, particularly during Napoleon's reign in the early 19th century. The year 1814 stands out as a significant moment when Russian troops occupied Paris after defeating Napoleon, who had invaded Russia. If history is any indication, Russia has the capacity to occupy Paris once again.*

*Germany lacks the military strength to stand against Russia. France may possess nuclear weapons, but their arsenal pales in comparison to Russia's stockpile of over 7,000 nuclear warheads. Furthermore, Russia has developed various types of nuclear weapons, including reentry vehicles, hypersonic missiles with nuclear warheads, and hyperglide vehicles, making them nearly impossible to evade or dodge. Russia possesses a range of nuclear weapons, from small to large, and even those with devastating consequences. If Russia were to use these nukes against France, Paris would cease to exist.*

*President Macron's actions may be inadvertently provoking Russia, which could lead to disastrous consequences. Given the recent events, Macron should issue an apology to Putin and reconsider his approach. If Russian President Vladimir Putin decides to use these weapons against European military bases, command centers, or cities, the consequences will be felt globally, including in North America where radiation fallout could impact oil, gold, and silver prices as well as the euro and dollar values.*

### ***Global consequences of nuclear war with Russia***

*The potential consequences of this incident are severe, with the possibility of destabilizing western civilization and potentially bringing down the United States due to poor leadership decisions. This is reminiscent of World War One, which was sparked by a single assassination when global conditions were ripe for conflict. The attack on the Moscow concert hall feels like a trigger event that could ignite another world war.*

*Moving on to the solar eclipse scheduled for April 8th, multiple U.S. states have issued emergency declarations due to the moon's shadow passing over the country. Local governments are urging citizens to prepare with extra food, water, and emergency*

*supplies just because of the moon's shadow. This has raised suspicions as nightfall occurs across America every night without causing panic or filling hospitals.*

*Some speculate that individuals with insider knowledge might use the solar eclipse as a cover to carry out something sinister, perhaps launching an EMP weapon and blaming it on the sun or executing a cyber attack on the power grid and accusing Russia. The excessive amount of emergency preparation for April 8th has led to concerns that there may be ulterior motives at play.*

*Ideally, the solar eclipse would only last for a few minutes, after which everyone can go home safely. However, fears persist that someone might use this event as an opportunity to cause chaos or incite an uprising, possibly trying to blame President Trump for it. As tensions continue to rise both domestically and internationally, it is crucial for world leaders to work towards de-escalating the situation and finding peaceful resolutions to ongoing conflicts.*

### ***The world is being plunged into conflict***

*With Russia's actions pushing the world closer to the brink of potential nuclear war in Europe, millions of lives are at stake, including those of French, British, German, Polish, and Romanian people due to military bases in their countries. The situation has become increasingly dire as the possibility of World War III looms ever larger on the horizon.*

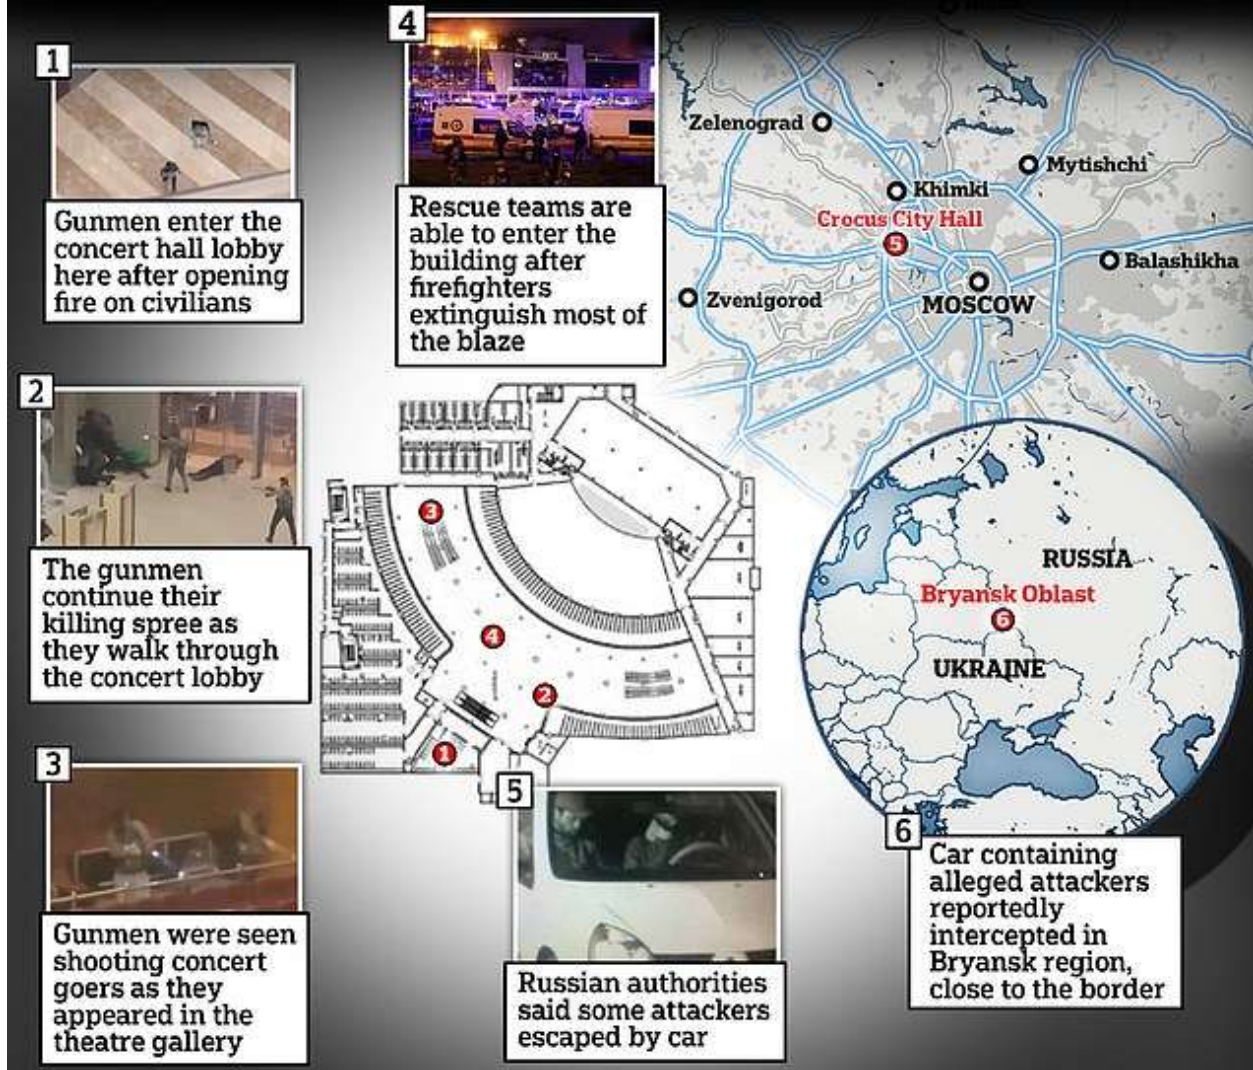

*As nations respond to Russia's actions with their own military force, the potential destruction of Western Europe and Israel becomes a very real possibility. This could lead to chaos in Israel, prompting Iran to consider nuclear attacks on the U.S. Navy. Additionally, China may take advantage of the situation, potentially invading Taiwan or other territories. The world could be on the brink of a domino effect that could lead to the destruction of Western civilization as we know it, all because of an incident in a Moscow concert hall.*

*In light of these developments, experts are urging everyone to remain vigilant and prepare for potential escalations over the next few days. In case of a nuclear war breaking out in Europe, essential items such as iodine, garden seeds, gold, and silver should be stocked up on, as these items will likely become scarce once the conflict begins.*

*As we witness these events unfold, it is crucial that we join together in prayer for divine intervention. Now more than ever, God's hand may be able to make a critical difference in averting disaster. As a nation and as humanity, we must acknowledge our sins against God, life, and creation. However, it appears that many people are still unwilling to accept the teachings of God or change their ways. We live in a world where apathy and disregard for divine guidance have led us down a dangerous path."*

**The Slavland Chronicles** author 'Rurik', agrees Putin and Zelensky essentially work together, pointing out that Ukraine factories are still making parts for Russian military, sent thru 3rd countries. His pessimistic view is that most governments and elites are aligned with each other, against us 'peasants'.

His take is that the oligarchies of Ukraine and Russia are intertwined, significantly Jewish, but also often other non-Russian, non-Ukrainian ethnics, like Azeris. They profit from the war and all the death, Putin & co. not doing what can swiftly end the war, endlessly spilling Slavic lives along with Zelensky.

Rurik adds that there are a large amount of Muslim attacks inside Russia. Per Rurik, Putin & his Russian gov are letting this happen, telling all the 'racists' to be silent, Putin & co. seen by Rurik as undermining Russia, tho more slowly than Ukraine or the USA are being undermined.

Isn't Putin blaming Ukraine right away? Last I heard last night it was ISIS terrorists were fleeing to Ukraine.

It has been suspected that Putin's Russia has used false flags to enter other countries and not just by conspiracists. Never proven though by anyone.

The concert attack is a false flag event. And Putin tried to link it to Ukraine right away? Sounds like he may now be mobilizing more troops as a pretext to put a complete end to the Ukraine war. Sounds like Russia has the most to gain by this false flag then the NATO countries.

A few additional points:

Overlords of the West losing a kinetic war against a Western proxy state? *Check*. A nationalist President wins yet another democratic election in yet another landslide? *Check*. Russian economy healthy while the U.S. and Europe crumble? *Check*. No way of attacking Russian oil tankers without spiking the oil price to the benefit of Russia? *Check*. So the obvious next strategy is...

And which western terrorist organization was used? Isis

And in which nation did the terrorists board their plane to Russia?

Answer: The same nation whose president is a clone of another European leader who infamously attacked Russia in 1939/40.
