## **The Depopulation Agenda Connected to the COVID-19 Lockdowns**

By Dave Hodges on Monday, September 21, 2020

In the next couple pages I am sharing remarks made by Dave Hodges of the “Common Sense News”. Trying to save Dave’s posts often are met with blocking and remarks to the effect, this page cannot be shown or saved. If you are not reading Dave’s articles, you are not up to speed as to what is going on all around you. Why is this relevant kicks in especially since the Rapture is less than six weeks away by my analysis. It hits on the eugenics agenda and depopulation that is coming with 5G when it goes live next month. You can believe me or not but I have the documentation Plan and Agenda for the roll out of 5G, which will be simultaneously “modulated” around the globe to bring a global lockdown with its activation on the spectrum band assigned to the telecom industry. Now Dave’s comments:

Many people have noticed that dating, courtship, marriage and parenting levels have dropped to historic lows. Thanks to Ted Turner who has made it clear what the globalists truly desire, which is extreme negative population growth. In fact, the aware among us know that a 90% depopulation of the population is the ultimate goal.

There are hard kill methods (e.g. war) and there are soft kill methods (e.g. Chromium 6 in the water) and there is spermageddon and this is where the current lack of dating and mating comes into play. In fact, the world has clear data that sperm counts are way down and it has been this way since at least 2010 and was fully discovered in the scientific community with overwhelming evidence in 2015.

This is where Covid-19 lockdown restrictions come into play. Beside curtailing Christian religious practices, the apparent number one goal of the lockdown was to prevent close contact, in a potential dating/mating situation in public places where people ordinarily meet and eventually mate. Here is what America typically witnessed in the lockdown:

1. Big box stores remain open while small business competitors fail (the goal was the economic destruction of the economy of the United States, while preparing for a corporate oligarchy takeover when the Democrats (Bolsheviks take over).

2. Following the economic and religious discrimination, there are no institutions in the lockdowns that have been discriminated against more than bars and health clubs. Both are hotspots for meeting and dating. And of course forcing people to where a worthless facemask exacerbates the "social distance" which inhibits meeting and developing intimacy. When one considers the published depopulation goals of the global elite there is no question that this mass contributor to depopulation in play and it was deliberate. Further, the shutting down of healthclubs also accomplishes another goal related to depopulation as the practice results in less healthy people with weakened immune systems resulting from unnatural isolation. I strongly contend that these were some of the primary goals all along in this pandemic! My belief is bolstered by the fact that the sperm counts of males, as pointed out in an earlier paragraph has been ongoing for sometime. The result of both phenomenon, the lockdown effects and lower sperm counts, is intentional and is designed to significantly reduce the population of the Kissenger-labeled "useless eaters".

This is a striking finding that has profound implications for humanity. For this reason and many other reasons, some questioning if this is the last generation of humans that will inhabit the planet.

Let's examine the subject of reduced sperm counts.

### **What the Data Tells Us**

Research on men in North America, Europe, Australia and New Zealand found that their respective sperm counts are plunging, according to several recent studies. Among the subjects from these recent studies there has been a collective average of over a 50% decline in sperm concentration and a 60% decline in total sperm count over a nearly 40-year period ending in 2015. One study published in the '*Journal of Human Reproduction*', found that the trend was peaking. This is very startling and suggests that we have not seen anything close to the apex.

### **Extraneous Factors**

The globalists have tried to censor the Carlson study which was a meta-analysis of 61 studies that found the same emerging trend as far back as 1992. The most striking variable about the sperm studies is that even the quality, not just the quantity of the sperm is being impacted. The attack on human reproductivity is not confined to the quality and quantity of sperm counts.

Humanity is also attacked from a social and cultural perspective as well. Kindergarten children in Sweden are not allowed to use the pronouns of "he" and "she". Boys can and will marry boys. The same is true for girls. Boys are often taught to wear dresses. And it is not just Sweden. In Canada if one addresses another, even innocently, by a gender pronoun not preferred by the person being spoken to, the offender can be sent to jail. In America, gay marriage (ie one that does not produce offspring) is legal. There are emerging arguments to wrong-headed academia types are embracing the concepts of 97 genders. These same people engage in scathing rebukes of anything resembling masculinity. Homosexuality is glorified in the media, while heterosexual relations are

maligned in nearly every stereotype. Before COVID-19, there is a clearly an agenda of depopulation at work that is both long-term and consistent in its agenda in which non-bearing fertility relationship are glorified, which the traditional ones are not.

There are two intentions here. One, is to divide and conquer by forcing everyone to take a side. Two, the real objective is limit productivity as much as possible. Is it working? A nation needs a 2.1 birthrate to maintain itself. Italy has 1.2, France is 1.5 as is Germany as is most of the EU. What about America? The birthrate has fallen to 1.77. As technocracy expert, Patrick Wood states, *"No nation has ever recovered from falling below 1.8. The entire G20 is well below 1.8!"* To prevent too dramatic of a decline in a nation's functionality that is experiencing a dramatic lessening of the birth rate, millions of immigrants are brought to fill jobs. And over the next decade, AI will provide the robots that will take the place of 3/4ths of humanity in the workplace. As an aside, the immigration issue also serves to "deculturize" a nation from its traditional beliefs (eg one man, one woman, several children), democracy, civil liberties, etc. Have you ever noticed that the G20 is not importing people from anywhere else but violent 3rd world nations? This strategy will erase national boundaries and the true New World Order will be born. Forced immigration, fast kill, slow kill, and spermageddon all are working for the same goal, the eradication of man in God's likeness. David Knight and Sharon Gilbert fully captured this notion.

### **Two Outstanding Transhumanist Presentations**

In 2018 at the Branson GENSIX Conference, I watched David Knight and Sharon Gilbert make their respective presentations on transhumanism. Although both presentations were distinct, there conclusions were the same. There is a decided plot to do away with humans as we know it. From H.G. Wells to Huxley, the intent is the same, create an "enhanced" human being. Many globalists call this the singularity where man is mixed with machine and mankind as we know it will cease to exist. This article is not going to explore all of the details associated with this satanic conspiracy to wipe out God's creation. Let's just say, that we are on the verge of modern societal breakdown with the plunging birth rates which correspond with spermageddon in terms of time frame and Covid-19 was simply an adjunct to the depopulation efforts of the globalists.

### **Conclusion**

This enhanced technology (ie transhumanism) is only for the elite and the chosen few from the lower social classes. The rest are going die from soft kill, slow kill, or spermageddon resulting reductions in live births.

World War III will enhance the process. Watch out for Syria, where Trump just dispatched troops to, and the South China Sea is still a candidate for World War III as well.

If your pastors are not discussing this plot against God almighty, then preach this doctrine and profess these facts for them. David Knight said we do not have 15 years. I feel we are already on the fast track to destruction. For humanity to survive, we all have

to act. The first step in that process is to bring awareness of the problem. Once we convince enough, then meaningful action can pack a real punch.

Covid-19 and depopulation? The connections are unmistakable, and we didn't even discuss the impact of mandatory vaccines on the human life-span....”

Where does Dave Hodges fit into my huge story about the big three here, i.e., **Noah, 5G EMF, and the Harpazo**. You will be surprised, and pleasantly so I believe. My focus on the Rapture and 5G has been somewhat interfered with by the Corona worldwide Plandemic. Bill Gates is spending billions of dollars on putting pressure on people to create the circumstances where people will be begging for his vaccinations, and not just a one time shot but according to his conversation with Donald Trump many injections.

The content of the injections have nothing to do with Covid, difficult enough when the virus itself has not been identified or its cause but it will contain certain DNA altering substances and will incorporate his idea of eugenics by fertility reduction.

Bill Gates TEDtalk address a few years ago was that if we could reduce the world's population by 10 or 15% that would be a good thing. Gates has also said that he wants to vaccinate every single man woman and child on the planet. Governments have disgracefully given into his demands. He has no academic qualifications, remember he dropped out of Harvard in his second year. So much for a computer nerd whose company softare products that perform less than stellar.

The most evil aspect of this whole thing is that the symptoms of 5G are very similar to those of Covid so when 5G gets switched on fully then the reason that the government will give for symptoms is that you are suffering from Covid so that will give another 'reason' for a second wave to be declared with further shutdowns. It is important to understand this mask rule has nothing to do with health and everything to do with obtaining psychological control of the members of the public.

We are being treated like lab rats to see how much abuse we can take; this will be used for the next phase of the Corona experiment when we will probably be told that there is a virulent mutation and we will have to keep indoors.... you know the rest.

Even worse is the implantation of nano-chips which can track us... but that's where the Gates' QuantumDot/Hydrogel ID2020 {the “Mark” of the Beast) comes into play. The global 5G EMF wireless system goes live in just six weeks. Up to this point, three cities were designated as world Smart Cities: Wuhan, China; Seattle, WA; and Milan, Italy. Secretary of State Mike Pompeo let the cat out of the bag back when he made the statement “It is a live exercise!”

Pompeo made a speech on March 20<sup>th</sup> from the White House with President Trump beside him. A google search reveals that this story was reported by AFP on March 20, making it perfectly clear that Pompeo was accusing China of some sort of cover-up in

relation to the virus, and taking only that angle. For example, see US Secretary of State Mike Pompeo tells China to share virus details with 'whole world'.

Pompeo's 'live exercise' mention made during this speech was picked up as a separate story by Shepard Ambellas at Intellihub on March 21, and reissued by Global Research. Here, I am using Makia Freeman's version of the story of March 25, an independent author who follows all aspects of the One World crowd's agenda pretty closely.

Crucially, Trump immediately interjects with this comment during Pompeo's 'we're in a live exercise here' remark: "You should have let us know." Freeman offers the interpretation, no doubt plausible, that Trump was genuine in his statement, i.e. he didn't know about the virus situation being a 'live exercise', and that the Deep State Swamp is certainly running the show. Or, did Pompeo reveal something Trump was indeed in on, and that he was hoping his remark would be picked up in order to distance himself? Trump re-starts his comment when Pompeo takes a natural pause – in order to be heard? Either way, Trump jumping in reveals that Pompeo mis-spoke in some way, thus drawing attention to it. And the main stream media silence on it speaks volumes.

We are in the midst of a live exercise according to U.S. Secretary of State and former CIA head Mike Pompeo, who only a year ago openly boasted that "*we lied, cheat and stole.*"

Pompeo admitted on CNN that "we're in a live exercise here" when referring to Covid-19 during a press conference. This is yet more evidence that the entire coronavirus crisis has been scripted, planned for and orchestrated. The language that Pompeo used – "live exercise" – is eerily reminiscent of language used in false flag operations when the exercise or drill "went live", i.e. when the very scenario that the authorities were planning for actually happened (see 9/11, 7/7 and numerous US mass shootings) as they were in the middle of their exercise.

Pompeo Slips Up and Calls the Pandemic a Live Exercise!

Does this indicate that Trump was not read in until later, reinforcing the idea that presidents and prime ministers don't really run their countries, but are rather told what the plan is, and that they'd better get on board?

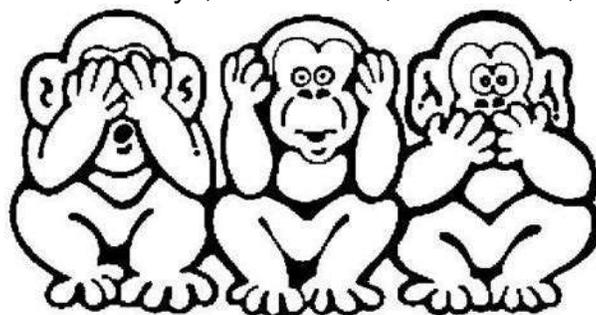

Since that remark was first made on March 20<sup>th</sup>, 2020, I have come away that the "Live Event!" was actually a prelude to (Beta test) unveiling the entire global 5G network that goes live on October 28<sup>th</sup>, 2020. We have no knowledge of the true death account numbers, but it was at least a confirmation that 5G kills, not an unknown virus. Wireless radiation damage can begin to occur at 20-Gigahertz, as the energy is "modulated" up, the damage gets progressively greater as the energy level is increased. As I have shared in previous articles on 5G, at the 60-Gigahertz level, 98% of the oxygen in a person's lungs is consumed by the EMF, and results in instant death! Do you see what is coming?

What I am saying here by implication, China is very much part of a massive global depopulation program of the Illuminati New World Order. On October 28<sup>th</sup>, 2020, when the global 5G network goes live [“modulated” turned up to 60-Gigahertz], hundreds of millions of people will be put down inside five to ten seconds! The test run worked! Before you dismiss my premise, you should go back a number of years when the ‘Earth Summit’ was held.

The Earth Summit was a UN event. The United Nations Conference on Environment and Development (UNCED), also known as the Rio de Janeiro Earth Summit, the Rio Summit, the Rio Conference, and the Earth Summit (Portuguese: ECO92), was a major United Nations conference held in Rio de Janeiro from June 3 to 14 in 1992.

The Earth Summit was created as a response for Member States to cooperate together internationally on development issues after the Cold War. Due to issues relating to sustainability being too big for individual member states to handle, the Earth Summit was held as a platform for other Member States to collaborate. Since the creation, many others in the field of sustainability show a similar development to the issues discussed in these conferences, including non-governmental organizations (NGOs).

A the time of the Rio Earth Summit, Agenda 2021 was revised to Agenda 2030. My memory on this has faded some but I recall one of the central issues was population growth and lowering same. In order to ensure compliance to the agreements at Rio (particularly the Rio Declaration on Environment and Development and Agenda 21), delegates to the Earth Summit established the Commission on Sustainable Development (CSD). In 2013, the CSD was replaced by the High-level Political Forum on Sustainable Development that meets every year as part of the ECOSOC meetings, and every fourth year as part of the General Assembly meetings. 105 countries signed on in support of efforts to reduce the world’s population. The leaders of these 105 countries knew well in advance of the Corona virus plan-demic! They knew of the larger plan but were like the three monkeys, “see no evil, hear no evil, speak no evil,”

**SEE NO EVIL HEAR NO EVIL SPEAK NO EVIL**

You need to wake up to the fact that every one of those leaders of the 105 signatory nations were committed to push the so-called Corona virus and its larger plan to reduce the population of their corresponding country. The master plan behind all of this is 5G Wi-Fi plan to implement the “Silent Weapon for a Silent War” in the form of subsequent Chemtrail spraying of pathogens which when activated through the 5G EMF 60-Gigahertz, will kill hundreds of millions of people without their knowledge and

awareness. The world leaders can claim plausible deniability, like the three moneys, which enable them to control the “Fear” narrative that comes with the herd!

Trick-Or-Treat Is Acceptable but Thanksgiving Dinner Is Out... This is intended as a direct assault on Christianity and other people of faith. That expanded definition of public accommodation will almost certainly include Christian places of worship and Christian institutions. That’s the desired target.

After its credibility took a major beating following its latest confusing shift in its guidance, the CDC has released guidelines for the holiday season that many Americans will likely find a little too cumbersome to manage.

The guidelines urge Americans to limit dinners to immediate family only; celebrations with larger groups of relatives – if they must be held – should be held outside. For most of the country east of the Mississippi, that might be difficult in the bitter December cold.

The agency also cautioned that virtual gatherings are ‘risk free’. Anybody hosting a celebratory gathering should take local restrictions into account. Hell on Earth, It’s Going to Get Real and Nowhere to Hide...

The same governments that barred you from your sister’s funeral, locked you out of Sunday service... have blessed the mightiest mass gatherings we have ever encountered, (BLM, Antifa) Full Throttle Tribulations in Play.

On or about December 25, 2019 Mr. Trump and Benjamin Netanyahu had agreed that the proposed peace agreement would be acceptable, By January 1, 2020 the world was made aware of the peace plan. Netanyahu announced to the world February 1, 2020 that Pres. Trump’s peace plan would be accepted. Tribulations began January 1, 2020 as per the oral agreement between Trump and Netanyahu, of course there are those that will disagree,

God has sent them (The Un-godly) a powerful delusion so that they will believe the lie and so that all will be condemned who have not believed the truth but have delighted in wickedness” -(2<sup>nd</sup> Thessalonians 2:10-12). Simply put, God sends a strong delusion to those who chose not to believe the gospel of Christ. Those who take delight in mocking and rejecting Him, He will condemn.

One of the more bizarre recommendations is for families that absolutely must host Thanksgiving or Christmas (or Hannukah etc) dinners: they should have participants bring their own food, to minimize the sharing of communal food.

Black Friday sales might not be a great strategy for retailers who are struggling to make it through the pandemic. Instead, the CDC recommends alternatives such as virtual Halloween costume contests, or holding a small dinner for household members – as well as shopping online.

Kids – along with many adults – will be happy to learn that Halloween trick or treating can continue almost as normal, since most of the activity takes place outside, and kids can wear masks with their costumes, Bloomberg reports.

The National Confectioners Association, a trade group that represents candy-makers, said in a statement that the new CDC guidance “reinforces that Halloween is happening and provides inspiration for creative and safe approaches to celebrating the holiday.”

The organization also provided a statement from Stephen Ostroff, a former CDC and Food and Drug Administration official who has been working with the industry group “to help Americans take the guesswork out of Halloween.”

*“Halloween is traditionally an outdoor holiday and the one time of the year when kids want to wear a mask,” Ostroff said. “This is fully consistent with the CDC safety guidelines, and with the appropriate physical distancing, trick-or-treating can safely happen.”*

Let’s hope the agency doesn’t retract and reverse the Halloween-related guidance tomorrow, like it did with its latest update to its guidelines.

As the holiday guidelines are released, it’s clear that saving face has become a top priority for the CDC and FDA. The *‘Washington Post’* reported Tuesday afternoon that the FDA is planning to announce tough new restrictions for emergency vaccine approval as Bill Gates and an army of critics slam the CDC and FDA. From my analysis, **Noah**, **5G Wi-Fi EMF**, and the **Rapture** are converging to a point that there is no need to be concerned about Thanksgiving or Christmas observances in this world!

We must return now to the particulars of the Noah narrative and what is surprisingly offers us huge clues about may be the answer to the Rapture event.

The ark landed on Mt. Ararat in Turkey when the storms were over, but those gathered into the covenant of Messiah will land on Mt. Zion of Jerusalem when the storms of the Apocalypse are over. Noah’s seven family members inherited the earth and entered the rest of a new age, but Messiah’s family from seven days enters the Great Sabbath and restores the world after the Great Tribulation. The animals were brought into the ark of salvation by sevens, called out by God’s Spirit, but the Spirit calls the chosen of seven greater days to Jerusalem for the Great Sabbath. God promises the people whom He calls, to His land, that the waters will not overtake them; He will be with them (see Isa. 43:2-16).

For many people it seems evil that God would destroy the ancient world of Noah’s generation, but God is able to give life back and is more concerned with the condition of the soul than preservation of the flesh. The pre-flood world was filled with violence of war. Humankind was falling into a bottomless pit of moral deprivation and rage. That was why the world that then existed was baptized in water, and this is why the world,

which now is, will be baptized in fire. But the meek and believing will again inherit the world as did Noah and his family.

Thus far, I have shown the storm and flood of Noah to be prophetic of the coming Apocalypse. Noah was a type of messianic savior. His family entered into the covenant that God gave him, which foreshadows the works of God in Christ. Noah brought relief from cursed earth and the elect were saved and inherited the earth with him. The ark is symbolic of the Jerusalem Bride- Jews and Christians whom the Lord gathers during the storm, granting them inheritance in Israel when the storm is over.

If someone interprets mysteries or extricates faulty doctrines to clarify the things of God, his or her eschatological teachings should assemble all Scriptural details properly, i.e., if the work is wrought by the Holy Spirit and not mere intellectual pondering. Puzzle pieces which do not fit beckon for the proper picture to be assembled. If someone teaches the things of God, he or she must make sure that what is being taught is fully true, for we are accountable to God for things that lead the people of God astray.

First, we should consider the amount of time that God gave for His Spirit to strive or struggle with man. If the ark is prophetic of the entire work of salvation, which God builds in the world through Messiah, the years of building the ark should foreshadow the work of salvation God has done through the ages and the coming of the Lord during the storm of the Apocalypse.

***“And the LORD said, “My Spirit shall not strive with man forever, for he is indeed flesh; yet his days shall be one hundred and twenty years.”*** -(Genesis 6:3).

Just before the Lord began building His work of salvation through Noah, He appointed 120 years to accomplish the task. The 120 years of striving with mankind are a prophetic ripple of the boundary set on nations, at the coming of Messiah during the Apocalypse.

As for the 120 years, [120 x 50 Jubilees = 6,000 years], it is exactly the amount of years from Adam to the coming of Messiah during the Apocalypse storm; **120 Jubilee Years comes to 6,000 years of Biblical mankind.** When 120 Jubilee Years are complete, all of God’s elect are freed from the powers of the world and are able to proclaim their inheritance in Israel with the Great King. The Great Sabbath is also the *Great Jubilee*. For readers who are not familiar with this Biblical *moedim* (i.e., *appointed time*), Jubilee Years occur every 50th year, wherein servants must be set free, and those who have lost their inheritance in Israel are allowed to reclaim their possessions and tribal land. Fulfilling the shadows of the Jubilee, God offers a greater time when all disinherited and so-called lost tribes of Israel will be able to return to their land with the Lord.

The measurements of the Ark, itself, show prophetic significance of God’s work of salvation through Christ: ***“Make yourself an ark of gopherwood; make rooms in the ark, and cover it inside and outside with pitch. And this is how you shall make it: The length of the ark shall be three hundred cubits, its width fifty cubits, and its height thirty cubits. You shall make a window for the ark, and you shall finish it to***

***a cubit from above; and set the door of the ark in its side. You shall make it with lower, second, and third decks.”*** -(Genesis 6:14-16).

In the ark of Noah, the resounding number is 3; there are 3 floors; it is 30 cubits in height; and the length is 300 cubits. If the Messiah gathers His children from all seven millennial days, why do we find this theme of 3 the measurements that God used for building Noah's ark of salvation? If we continue in the sequence of this theme, we come to the number 3,000. The covenant began at the cross when 4 millennial days were complete. At the cross, people from all seven ages are able to enter into His work of salvation. 3 millennial days remained from the cross to the end of the Great Sabbath. This is why Christ rose in the flesh on the 3rd day, because He comes back in the flesh on the 3rd day since the cross. Yet the Messiah reaches all the way back to Adam. Christ, when He died, went to the unseen prison realm called "Hades" and preached the *Gospel of Salvation* to those who were disobedient and died in the days of Noah (see 1<sup>st</sup> Peter. 3:18-21; 4:6). Every soul must hear the Gospel and its offer of salvation.

***“Come, and let us return to the LORD; for He has torn [Himself], but He will heal us; He has stricken [Himself], but He will bind us up. After two days He will revive us; on the third day He will raise us up, that we may live in His sight. Let us know, let us pursue the knowledge of the LORD. His going forth is established as the morning; He will come to us like the rain, like the latter and former rain to the earth.”*** -(Hosea 6:1-3).

One number remains in the measurements of salvation in the Ark: 50. Not only does 50 point us back to the year of Jubilee, but it also points us to the Pentecost (*Shavuot*); Pentecost, meaning "50", is when the people of the Lord were first gathered together, with people from all nations understanding the good news of God's Master Plan of Salvation. The fire of the Spirit came down upon them and united them in

understanding, even those who spoke a foreign language. (God divided the people of the world by their tongues/languages when they were united against Him and rebelled, but He united by the tongue when they were fulfilling His purposes of salvation.)

Finally, there was a window of 1 cubit and a door *without measure* in the side of the ark. As for the door, Christ proclaimed that He is the **“Door of the sheep.”** He calls His people in and out, and they listen and follow Him. The window in the *Ark of salvation* simply shows that the saved are not called to be blind to the tribulation, but we are given a window of opportunity to see the works of God.

The window was also for releasing the dove and the raven, whereby the dove represents His Spirit. It is like having a heavenly window for granting us heavenly insight, and the measurement of 1 cubit shows that even the smallest measurement in the heavenly vision fits within all His prophetic measurements. The door, being the only feature of the ark that was given without measure, shows that the fullness of the Lord cannot be understood, and those who enter by the “Door of salvation” are assured that their entrance into His salvation is big enough for all. Though 12,000 of each tribe are numbered as a sign of the end time, the people who are gathered into the salvation of the Lord are without measure, as evident in many Scriptures. As we can see, everything about the Ark has prophetic significance for future fulfillment. God left no detail for us that does not contain prophetic meaning.

Besides the prophetic measurements of the Ark of salvation, a few more measurements of time are given by the Lord to assure the readers of the foreshadowing implications in the Great Flood story. Remember, as in the days of Noah, so will be the coming of the Son of Man, when He comes at His appointed time like rain upon the earth.

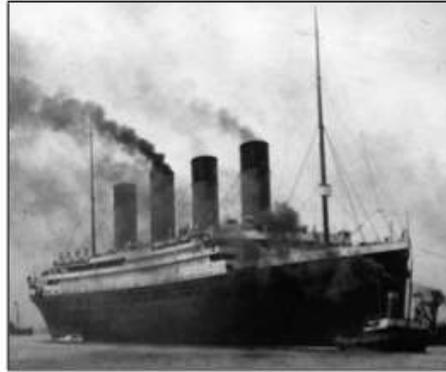

**“For yet seven days, and I will cause it to rain upon the earth forty days and forty nights; and every living substance that I have made will I destroy from off the face of the earth”** -(Genesis 7:4).

Noah and his family realized that they had to enter the ark within seven days, because on the 8th day the storms of the flood would begin. Likewise, seven heavenly days have been appointed to the people of the world to enter the covenant with Messiah and to become part of the New Jerusalem, which is the whole household of God joined to the inheritance of Israel. Blessed are those who enter by the Door into the Great Sabbath, whose seal of salvation is sure against the 8th day cutting away of the Great White Throne Judgment of God. Noah’s Ark is on the 8th millennial day from the very beginning, which was the first world death. The final cutting away is a second death on the 8th day.

Hebrew males are circumcised on their 8th day of birth, and this is a sign of final judgment and the cutting away of unprofitable flesh - Shemini Atzereth. Yes, there is a judgment on the morning of the Great Sabbath, prior to the revelation of the Great King, but many people will live during the Great Sabbath, and nations are called to repentance through the millennium. At the Great White Throne, when the seven

millennial days are complete, there will be no more time left to enter the covenant of salvation.

Circumcision was a covenant sign for man as a sign of his relationship with God. God's meaning for circumcision has been lost in its purpose in a world that sees it as a cruel traumatic act on the male baby. What was originally a religious act became adopted as a public health practice. Long before it became a public health act by the medical world, it was performed on the 8<sup>th</sup> day of birth. Uniquely, on the 8<sup>th</sup> day of life, the male infant is bombarded with Prothrombin vitamin K2, a clotting agent, which by the way prevents an infant from bleeding out on that day. Prothrombin is a protein present in blood plasma which is converted into active thrombin during coagulation. We know that on the 8<sup>th</sup> day of a male baby this process results in the loss of about 75% of the fibre that connects the physical "left" and "right" hemispheres of the brain. This does not occur in a female baby, and is the contributing factor in women being able to multi-task

better than a man. Don't laugh, it is a medical fact. God planned it that way for His reason. We are as the Psalmist writes: ***"I will praise thee; for I am fearfully and wonderfully made: marvellous are thy works; and that my soul knoweth right well."*** –(Psalms 139:14). Philip Yancey and Dr. Paul Brand wrote a wonderful book on this theme, *'Fearfully and Wonderfully Made'* in 1997.

The 40 days of rain, wherein the Ark was rocked about in the storm, is an ***appointed time*** for suffering and refinement and testing for elect people who inherit salvation. The Messiah fasted for 40 days, as did His two anointed witnesses, Moses and Elijah. The sufferings of the elect individuals are a sign of the suffering of the elect generation that entered the inheritance of the Promised Land; they were refined 40 years in the wilderness. The suffering of the elect generation was a picture of the refinement of the elect nation, which was Israel when they suffered for 400 years in servitude to Egypt.

The suffering of the elect nation is a word picture of the elect gathered from all over the world, who suffered under death and the demonic elements of the world until Jesus Christ died for our redemption at 4,000 years. Thus, 40 days of the storm represent the generation that enter into the salvation of the Lord. This is the generation ***"hidden in Christ and God."*** If we are added into the life of Jesus Christ, who lived 33 years on Earth, and the prophetic clock begins again with the 7 years of the Apocalypse, then the generation will be complete and gathered in for the coming of the Messiah, when the sufferings of the Apocalypse are completed. This is the generation that would not pass away before seeing the coming of the Lord. Are you getting the picture yet? We are closing in on the Aha moments of the believer's "Blessed Hope!"

As for the prophetic clock I speak of, it is Daniel's 70 weeks of years, which is 490 years; one week of years was set apart by the prophet for the coming Apocalypse refinement of the people of God, when the times of desolations of the inheritors is fulfilled with all gathered in.

And they went into the Ark to Noah, two by two, of all flesh in which is the breath of life. So those that entered, male and female of all flesh, went in as God had commanded him; and the LORD shut him in.' -(Genesis 7:16). Notice that neither Noah nor his three sons, nor their wives, pulled the door shut; the Lord shut them in. The reason I bring attention to this detail is because it is important to remember during the Apocalypse. Remember that in the parable of the ten virgins, five of them lacked the oil of anointing to light their way to the bridal chamber where the Groom awaited. By the time they could see and went there, the door was shut and the Lord sent them away, saying that He did not know them. There is a national door into the House of David, which is the nation of Israel. This door was opened first to the Jews with the Balfour Proclamation of the British in 1917, revealed in 1920, and it will be opened to the engrafted Gentiles (formerly lost sheep) during the Apocalypse. There will be a gathering east of Jerusalem in the wilderness, as far away as Petra of Jordan. The Lord is the One who opens this door of inheritance into the House of David, and He is the One who shuts it.

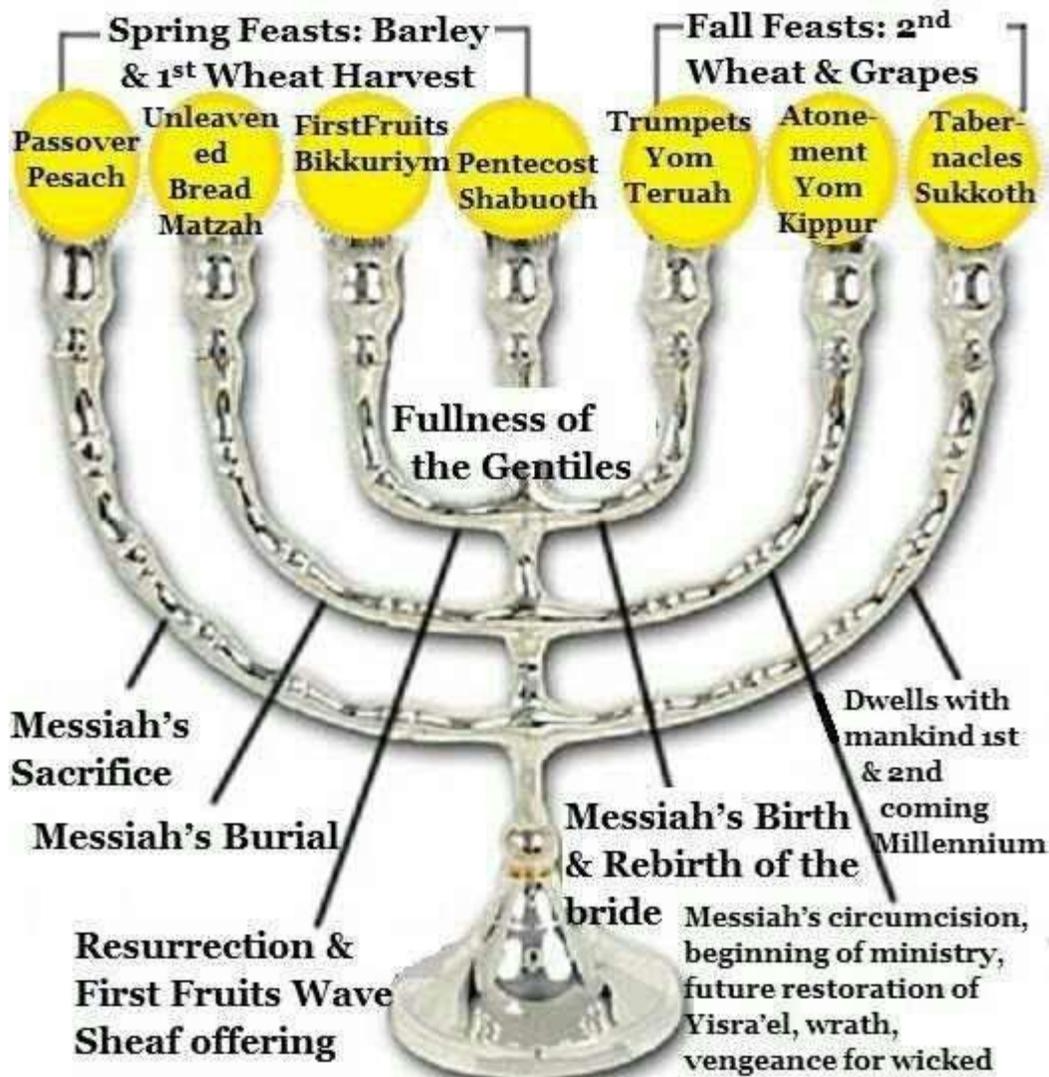

**“And to the angel of the church of Philadelphia write, ‘These things says He who is holy, He who is true, ‘He who has the key of David, He who opens and no one shuts, and shuts and no one opens’: I know your works. See, I have set before you an open door, and no one can shut it; for you have a little strength, have kept My word, and have not denied My name.’” (Revelation 3:7-8)**

After seven days, the waters of the flood began to pour down in the 600th year of Noah’s life. Those times point to the two remaining judgments of God on the world. There is a judgment called the Bema Seat of Christ, which comes at 6,000 years, which Noah’s age is a picture of and there is the 8th day judgment of the Great White Throne. Those who are not saved on that eighth day are cut-off by the purging waters of the Word that they have scoffed at.

After this, the Ark rested on the 7th month on the mountains of Ararat, and the waters abated until the tops of the mountains were seen on the 10th month. Again, this looks to Noah’s rest of Jerusalem coming on the 7th day, which is the 10th day from Israel’s shadow week in the **Moedim Paradigm** of Noah! On the Great Sabbath, the people of God will rest on Mount Zion of Jerusalem. Israel will have a great Day of Atonement (**Yom Kippur**). The receding waters of Noah’s ark were complete on the 17th day of the 7th month; this gives a clue that the 7 and the 10 are joined together as one day at the time of rest from the Apocalypse. The waters of the Word decrease all the way back to the cross, which was the 10th day in the shadow week of Israel.

I am suggesting from all that we have shared in the Noah’s Ark historical and physical event, that we are looking at another **Moedim** paradigm event for Noah! Remembering that the Feasts of the Lord in Leviticus 23 served as a motif of the Lord’s fulfillments of the seven feasts of Passover, Unleavened Bread, First Fruits, Pentecost, Trumpets, Yom Kippur, and Tabernacles. We recognize these seven feasts as **“Moedim”** or God’s appointed times to meet with His people.

The Biblical story of Noah and the Ark has all the features of a **Moedim** for Gentiles, apart from the **Moedims** for the Jews. The Hebrew month of Heshvan is the month in which the events of the Great Flood began. Heshvan is a month that there are no Jewish holidays or events with special religious significance. It is a time of the fall rains that prevail in Israel that lead up to winter. Heshvan is also spelled Chesvan. The prefix “Mar” In Hebrew in this word means “bitter,” which some homiletically connect to the fact that there are no special occasions that occur in this month. The Tribe of Naphtali (Hebrew: **נַפְתָּלִי**, Modern: Naftali, Tiberian: Naṗtālî, **“My struggle”**) was one of the northern most of the twelve tribes of Israel. It is considered as one of the ten lost tribes.
