

The Blessed Hope!

“Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ;” –(Titus 2:13)

Diamond & Nugget #43

The U.S. sends USS Georgia to the Persian Gulf, positioning the guided-missile submarine near Iran. The United States announced the arrival of the nuclear-powered submarine USS Georgia in the Persian Gulf on Monday, December 21st in a notable development in a region where tension is on the rise. None of these types of submarines, which are equipped with Tomahawk missiles, have traveled to the Persian Gulf in eight years, making it a significant ship movement.

The USS Georgia is an Ohio class guided-missile submarine, one of just four in the navy's fleet. The USS Georgia, equipped with up to 154 Tomahawk missiles, was flanked by two Ticonderoga class cruisers as it traveled through the Strait of Hormuz, one of the most significant waterways for commerce in the world.

The photos also revealed a dry dock shelter mounted behind the Georgia's sail. The dock is used primarily for deploying Seals under water. The purpose of the dry dock tank is for deploying SEALS below the surface. The tank is flooded with water for deploying beneath the surface. It is later flooded with compressed air oxygen for the occupants to de-compress in a control manner before re-surfacing later.

The disclosure of the movement was likely meant as a show of force toward Iran, which is located in the Persian Gulf.

The USS Georgia was on the move in the Persian Gulf on Monday, the Navy announced in a rare disclosure of a vessel movement

“The USS Georgia was traveling to the Persian Gulf, where it would be the first guided-missile submarine in eight years ‘USS Georgia is supporting routine maritime security operations in the region,” said Navy Commander Rebecca Rebarich.

“As an inherently flexible maneuver force, capable of supporting routine and contingency operations, Georgia’s presence demonstrates the United States’ commitment to regional partners and maritime security with a full spectrum of capabilities to remain ready to defend against any threat at any time.”

The USS Georgia is equipped with up to 154 Tomahawk missiles, which can be fired at a land target 1,000 miles away. A day or two later an Israeli Dolphin class submarine departed through the Suez Canal out into open waters of the region. The close proximity of an Israeli submarine and the USS Georgia is very unusual and has all kinds of implications in the tension that exists. Israeli forces struck Iranian operations in Syria in the days leading up to the Christmas holiday.

Up to 60 members of the Special Forces can also be on the USS Georgia at any time for surveillance and strategic attacks.

The USS Georgia has been sent to the Persian Gulf by the navy to address tension rising with Iran in the Middle East.

The Tomahawk cruise missiles contained by the USS Georgia – of which there can be up to 154 – can reach approximately 1,000 miles in any direction when launched, creating a wide target range for the submarine.

The Georgia can be used to conduct intelligence, surveillance and reconnaissance along the Iranian coastline as well as through the entire Persian Gulf while remaining shielded from adversaries.

If need be, the Georgia could use its Tomahawks to strike Iran or its proxies while staying hidden below the water's surface and any targets with a 1,000-mile circle around the boat would be within reach of its missiles.

On Sunday night, eight rockets were fired towards the U.S. Embassy in Baghdad, Iraq, according to *'The Hill'*, which the United States is blaming on militia forces backed by Iran.

"As Iraq struggles with COVID-19 and an increasingly dire economic crisis, Iran-backed militias are the most serious impediment to helping Iraq return to peace and prosperity," Secretary of State Mike Pompeo said.

"The same militias targeting diplomatic facilities are stealing Iraqi state resources on a massive scale, attacking peaceful protesters and activists, and engaging in sectarian violence."

January 3rd marks the one-year anniversary of the assassination of General Qassem Soleimani by the United States. Iranian President Hassan Rouhani speaking during a press conference in Tehran last week, *"Iran has denied any responsibility for the rocket launches, which injured a civilian and an Iraqi troop."*

Fears of new tensions with Iran have increased recently due to a significant assassination and an upcoming anniversary.

In November, Iranian scientist Mohsen Fakhrizadeh was assassinated, which the country has blamed on Israel. Fakhrizadeh was believed to be the leader of Iran's nuclear military nuclear program. The details of the attack on Fakhrizadeh's escorted car came at approximately morning rush-hour traffic in a Tehran suburb indicated a well-planned event in broad daylight in morning traffic. There are various stories as to just how many were included in the hit team of Mossad agents. Israel did acknowledge its responsibility for the assassination of Mohsen Fakhrizadeh.

The USS Georgia was launched in November 1982 and commissioned in February 1984. It earned its designation as a cruise missile submarine in 2004.

The Strait of Hormuz is a chokepoint between the Persian Gulf and the Arabian Sea. Above is a space station satellite picture of the area from which more than a third of the world's oil transits to open waters.

The Strait of Hormuz is a strategically important strait or narrow strip of water that links the Persian Gulf with the Arabian Sea and the Gulf of Oman. The strait is only 21 to 60 miles (33 to 95 km) wide throughout its length. The Strait of Hormuz is important because it is the major geographic chokepoint and a main artery for the transport of oil from the Middle East. Iran and Oman are the countries nearest to the Strait of Hormuz and share territorial rights over the waters. Due to its importance, Iran has threatened to close the Strait of Hormuz several times in recent history.

Geographic Importance and History of the Strait of Hormuz

In 2011, nearly 17 million barrels of oil, or almost 20% of the world's traded oil flowed on ships through the Strait of Hormuz daily, for an annual total of more than six billion barrels of oil. An average of 14 crude oil ships passed through the strait per day in that year taking oil to destinations such as Japan, India, China and South Korea.

As a chokepoint the Strait of Hormuz is very narrow – just 21 miles (33 km) wide at its narrowest point and 60 miles (95 km) at its widest. The widths of the shipping lanes however are much narrower (about two miles (three km) wide in each direction) because the waters are not deep enough for oil tankers throughout the strait's width. The narrow area of waterway is visible to the right of center in the satellite photo above.

The Strait of Hormuz has been a strategic geographic chokepoint for many years and as such it has often been the site of conflict and there have been many threats by neighboring countries to close it. In the 1980s during the Iran-Iraq War, Iran threatened to close the strait after Iraq disrupted shipping in the strait. In addition, the strait was also home to a battle between the United States Navy and Iran in April 1988 after the U.S. attacked Iran during the Iran-Iraq War.

In the 1990s, disputes between Iran and the United Arab Emirates over control of several small islands within the Strait of Hormuz resulted in further threats to close the strait. By 1992 however, Iran took control of the islands but tensions remained in the region throughout the 1990s.

In December 2007 and into 2008, a series of naval events between the United States and Iran took place in the Strait of Hormuz. In June of 2008 Iran asserted that if it were attacked by the U.S. the strait would be sealed off in an effort to damage the world's oil markets. The U.S. responded by claiming that any closure of the strait would be treated as an act of war. This further increased tensions and showed the importance of the Strait of Hormuz on a worldwide scale.

Closure of the Strait of Hormuz

Despite these current and past threats, the Strait of Hormuz has never actually been closed off and many experts claim that it will not be. This is mainly due to the fact that Iran's economy also depends on the shipment of oil through the strait. In addition any closure of the strait would likely cause a war between Iran and the U.S. and generate new tensions between Iran and countries like India and China.

Instead of closing the Strait of Hormuz, experts say it is more likely that Iran will make shipment through the region difficult or slow with such activities as seizing ships and raiding facilities. Frankly, we cannot to begin to speculate what Iran might do. The U.S. sanctions on Iran have placed them in precarious state of affairs in many ways. Iran's continued use of client groups like Hamas and Hezbollah as points of attacking Israel has kept the tensions high all these years. Iran continues to ship oil to China, Venezuela, and those risking buying from Iran. Iran's economy is the victim of these sanctions. While the cost of living in Iran is about half of what it is in the U.S., Iran's population live under austere times.

The presence of the USS Georgia and likely close-by the presence of an Israeli Dolphin class submarine may heighten the tension between Iran and the presence of these attack submarines. We have a grandson who is a crewman on a U.S. Coast Guard cutter based in Bahrain so we watch closely the geo-political-military news closely in the Straits of Hormuz.

On December 26th, 2020 Prime Minister Benjamin Netanyahu made a statement that is deeply problematic in my understanding of Satan's Strategy to eliminate the Jewish people. Bibi said, ***"We are starting the week with gigantic news, announced the***

prime minister, predicting that millions of Israelis will receive coronavirus vaccines within a month's time.

On Saturday night after Christmas, Prime Minister Benjamin Netanyahu issued a statement laying out an ambitious road map to administer coronavirus vaccines to the nation's citizens.

"We are starting the week with gigantic news," said the prime minister, continuing, *"I spoke over the weekend with the heads of the companies that are providing us with the vaccines and I told them that our goal by next weekend is to reach 150,000 vaccines a day."*

"This is fantastic [and] such a magnitude is a world record. I asked them to match the rate at which the vaccines are supplied to the pace of the inoculations and they said that they think they can do it."

According to the prime minister, *"Within 30 days of reaching this pace we will have vaccinated 4.5 million citizens. Since everyone needs two injections, after one month we will have vaccinated 2.25 million Israeli citizens. There is nothing like this in the world."*

Netanyahu referred to this period as *"the critical stage"* during which Israel would attempt to vaccinate the "at risk" population, which he identified as *"medical teams"* and *"people over 60."*

With 95% of Israel's coronavirus mortality affecting this demographic, Netanyahu predicted that vaccinating these populations would mean that Israel *"can emerge from the coronavirus, open the economy and do things that no [other] country can do"* within 30 days. *"Afterward, another 4.5 million will come ... but this is the critical stage and we can accomplish it,"* added Netanyahu.

While touting the Israel's *"huge vaccine operation,"* Netanyahu said that the country still needs *"tightened lockdown,"* which is slated to go into effect on Sunday evening.

Why is this so disingenuous to me and what does it have to do with Satan's Strategy. Well, there are many reasons this statement is of imminent concern. First there is no Coronavirus. The virus narrative is collapsing around the world as scientists soon discover that it is all one massive psyop hoax. The fact is that 90% of the world has the antibodies of this particular pathogen which has been alleged to be a virus. The WHO, CDC, NIAID, NIH, and GAVI know it is a hoax. Ireland just declared over the Christmas holiday that the Covid-19 does not exist. I have not read their report but it is likely they have not been able to capture the virus and submit it to the Koch Postulates; the "Gold" Standard of determining a pathogen is "contagious". In the case of Covid-19 is not contagious!

In my email this morning, 12/28/20, I have a letter from a PhD virologist from a university medical center in CA reporting that of 1,500 cases of Covid-19 they studied, not a one had a novel virus but was merely cases of the annual flu. A group of seven university health labs are planning on suing Dr. Anthony Fauci of Covid-19 fraud!

Virtually everything about this virus is lies, from the CDC deciding not to track yearly flu data statistics this year, to useless face masks, which by the way reduce one's oxygen intake by 40%, which leads to a weakened immune system, to the use of the PCR testers, which the inventor said they were not to be used for determining whether a person had a so-called virus.

The Bible relates to us that Satan has a "Strategy" to destroy the Jews as a people. Why so? It was the extinction of the Jewish people to which Satan set out from the very beginning to wipe out.

Why does Satan believe he must destroy Israel from off the face of the earth? For thousands of years Satan has demonstrated an insane and insatiable drive to wipe out the Jewish people, but so far has not been able to fully accomplish his goal. Let's review some of his major attempts:

- When Abraham went to Egypt and lied about Sarah, nearly causing Pharaoh to violate her.
- When Abraham had Ishmael with Hagar, bypassing Sarah.
- When Ishmael ridiculed Isaac, attempting to usurp Isaac's position.
- When Esau attempted to gain Jacob's blessing from Isaac.
- Esau Sells his Birthright to Jacob.
- When Pharaoh ordered all male Hebrew infants to be murdered.
- When Pharaoh attempted to destroy Israel backed up against the Red Sea.
- When Israel decided to worship the Golden Calf at Mt. Sinai.
- When Israel decided to stay in the wilderness rather than go into Canaan.
- When Moab tried to destroy Israel and stop them from entering Canaan.
- When the Canaanites amassed all their armies to destroy the invading Israelites.
- When the surrounding nations tried to destroy Israel during the time of the Judges.
- When the surrounding nations tried to destroy Israel during the time of the kings.
- When the Assyrian army destroyed Israel and much of Judah.
- When the Babylonian army destroyed the Temple and Jerusalem.
- When the refugees from Babylon and Persia were restoring the Temple and Jerusalem
- When Haman attempted to destroy all the Jews throughout the Persian Empire
- Mordecai's Triumph.
- When the Greco-Syrian forces tried to Hellenize Judea under Antiochus Epiphanes
- When the Roman army destroyed Judea and Jerusalem twice (70 AD and 135 AD)

- When the Jewish people were scattered and persecuted throughout the world for 2,000 years.
- When Hitler organized the Holocaust and destroyed over Six million Jews.
- When the Jews attempted to return to Israel against extensive international opposition.
- When Israel declared its independence in 1947 and was invaded by Egypt, Jordan, and Syria.
- When Israel was invaded in 1967 and 1973 by its surrounding neighbors
- When Israel was disrupted by numerous intifadas from Palestinians and Jihadists.
- When Hamas hurled thousands of rockets from Gaza into Israel in 2014.

So we see, for 6,000 years the Jewish people have faced relentless persecution, opposition and attempts to annihilate and destroy them. If it were any of other people, it would seem totally irrational and insane. However, with Israel, there appears to be a certain rational, though Satanic, strategy behind this animosity.

For Satan, the destruction of Israel is a matter of self-preservation. Ultimately, the survival of Israel results in the eternal perdition of Satan. How can this be? Because when Israel repents and nationally invites the Lord Jesus Christ to be their own Redeemer/Messiah, that generation of Israel will be saved, and Satan's plan to destroy the Jews will be finally defeated. Christ will return to the earth, destroy the Satanic Antichrist and his armies at Armageddon, establish His Kingdom over Israel and the world for 1,000 years, and then cast Satan into the Lake of Fire forever and ever.

The key is that Israel must survive to receive Christ nationally as their own Messiah. As Jesus said when He lamented over Jerusalem from the Mount of Olives a few days before He died and rose from the dead at His First Coming:

Jesus left no doubt that He would return recorded in Matthew 23:39: ***“For I say to you, from now on you shall not see Me until you say, ‘Blessed is He who comes in the name of the Lord!’”***

While the remnant of Israel in every generation would receive Him all during the long period between His First and Second Comings (the Church Age), the nation Israel will not receive Him until after the Rapture of the Church and the Seven Year Tribulation. Thus, when Israel receives Christ, this will usher in the events that spell the doom of Satan. If the readers of the Bible miss this, they have lost any accurate understanding of what the Bible is really all about. Much of the Christian world “cherry picks” what they want to read and believe. It exposes the ignorance in attempting to draw conclusions without first having read the entire Bible a few times before self-pontificating.

From Satan's point of view, he must keep Israel from surviving to the point in time when they will be ready to receive Jesus as their long awaited Messiah/Redeemer. They had a great opportunity to receive Him at His First Coming, but as John states:

John 1:11-12: ¹¹***“He came to His own, and those who were His own did not receive Him. ¹²But as many as received Him, to them He gave the right to become children of God, even to those who believe in His name.”***

Israel did not know its great ***“hour of visitation”*** when Jesus came the first time, but when He comes again, the nation of Israel as a whole that survives the Tribulation will at last be ready, willing and eager to receive Him as Savior and Lord.

Thus Satan has strived mightily to destroy Israel through the centuries up until this present time so that there would be no Israel to invite Jesus to return to the earth. Why hasn't Satan been able to accomplish his repeated purpose to kill off this small nation of only a few million people? It is because God has promised to preserve His covenant nation forever, as Jeremiah so eloquently explains:

Jeremiah 31:35-36 ³⁵***“Thus says the LORD, Who gives the sun for light by day, And the fixed order of the moon and the stars for light by night, Who stirs up the sea so that its waves roar; The LORD of hosts is His name: ³⁶“if this fixed order departs From before Me,” declares the LORD, “Then the offspring of Israel also shall cease From being a nation before Me forever.”***

God here states what it would take to destroy Israel. One would have to first destroy the sun, moon and stars. Once that had been accomplished then, and only then, could someone go about destroying Israel. The last time I looked, the sun, moon and stars were still functioning, so that must mean Israel has not ceased being a nation.

Satan wants to destroy Israel so that he can keep God from sending him into eternal perdition, but God will not allow Satan to destroy His Chosen Nation. Israel is the apple of God's eye, so it must survive as a nation before Him for all time.

There are several deceptions in the churches today and one of the most dominant is that Zionism is of the Lord, Zionism means Israel, and we are to protect Israel because those who bless Israel are blessed by the Lord, and those who curse Israel are cursed by the Lord. His words about blessing and cursing Israel are very true, but who is Israel? Is Zionism Israel today?

Most Christians hear the word Zionism and think of Jerusalem. And it was a clever ploy of those who worship Satan to confuse the terminology of their political agendas to lull the people to sleep and get them to agree to their policies because they sound good. Zionism is a political agenda, but when Christians hear it they think of Biblical Zion and Jerusalem.

What most people do not know or understand that as much as 90% of so-called Jews in Israel today are Ashkenazi or of the ancient Khazarian kingdom. Only 10% of Jews in Israel are of the line of Abraham, Isaac, and Jacob or Sephardic heritage. Almost none of the familiar Bible prophecy teachers delineate this division for their audiences; most even discount it as being an important distinction. From the very beginning when the

U.N. permitted the State of Israel to come into existence in 1948, the Zionist movement was tied to the House of Rothschild. If it was not important, then you have a problem explaining away Jesus words in Revelation 2:9 and 3:9. In no way am I denying the Zionist movement of 1897 and Theodore Herzl. The Zionist movement was the work of the House of Rothschild because of their deep pockets and the agenda to establish a political empire, i.e., a global empire. Untying the Zionist movement from Biblical Judaism is a complex and lengthy story in itself. It is because of this complexity that virtually most Bible prophecy teachers go off the rails and ignore this part of Israel's history. ***"I know thy works, and tribulation, and poverty, (but thou art rich) and I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan."*** -(Revelation 2:9). ***"Behold, I will make them of the synagogue of Satan, which say they are Jews, and are not, but do lie; behold, I will make them to come and worship before thy feet, and to know that I have loved thee."*** -(Revelation 3:9).

Zionism became a political agenda of the Bolshevik Illuminati to capture the area of Israel for the Antichrist. In fact, their agenda is to rule the world from Jerusalem. This is a Jesuit/Masonic agenda, and Benjamin Netanyahu is a Freemason of the highest degree. When the Battle of Armageddon takes place the Antichrist gathers all the world's armies to Israel to fight against the Second Coming of Jesus Christ. At that time, the Antichrist is ruling from Jerusalem.

The agenda started back when the Edomite Bolshevik Jews financed Hitler's rise to power in Germany to set up the conditions to establish their own Nation of Israel for Illuminati rule and that is exactly what happened with the Nazi Holocaust. Who was behind the holocaust? The Edomite Jews. Why? Because they wanted to get rid of the Torah believing Jews and establish a Babylonian Talmudic Jewish nation in Israel. And that is what we have today with Zionism. Talmudic Jews ruling, pushing the agenda of the New World Order and Illuminati to set the nation up for the rule of the Antichrist.

Think fake Talmudic Jews hiding behind the Torah-observant Sephardic lineage, which is looked upon almost if they were lepers in Israel. They are a minority and suffer in ways that come as a surprise to Christians when they learn this information.

It is important that we keep Jewry in perspective today which is still under the four curses of Scripture. The tragedy is that both the true blood descendants and what we could call the converted Ashkenazi are lumped together.

When Jesus told the leaders that their kingdom would be taken away from them and given to the Gentiles, the Jews answered, " God forbid." Now it is the end of the "time of the gentiles". We are entering into the end age. Who will receive the inheritance? This is the Curse of Disinheritance.

When Jesus approached the fig tree, a symbol of Israel, He saw no fruit on it. He cursed it and the tree withered. This is the Curse of the Fig Tree.

When Jesus saw Jerusalem rejecting Him as the Messiah, He declared, “ Your house is left unto you desolate.” This is the Curse of Desolation.

When Pilate wanted to set Jesus free, the Jews cried out, “ Crucify Him! Let His blood be upon us and on our children!” This is the Deicidal Curse.

For every curse there is a counter promised prophecy of return. Jesus return is the key to its full return.

So what do we have today? The false Jews in Israel being called real Jews and the real "Jews" not even knowing who they are. We are being led to believe by the churches today that Satan's chosen are Yahweh's chosen people. Now are you ready to scream?

Orthodox, Reformed, and Messianic Jews disown the Jews running Zionism in Israel today. Not only are they Edomite Jews, but they are also known as the Khazar Jews as well. In 692 A.D. the Khazar Kingdom was established.

These were people that had adopted Judaism as their official religion because of the real Jews that lived among them and proselytized them. From that point on they passed themselves off as real Jews with a right to Palestine as their homeland. They are not lovers of Yahweh but haters of Him. They are of the same ancestry of Esau whom the Lord hated. The offspring of serpents of whom the Lord told them straight out were of **"their father the devil."** It was those of this seed-line that instigated His crucifixion.

“If you were Abraham’s children,” said Jesus, ***“then you would do what Abraham did. As it is, you are looking for a way to kill me, a man who has told you the truth that I heard from God. Abraham did not do such things. You are doing the works of your own father.”***

“We are not illegitimate children,” they protested. ***“The only Father we have is God himself.”***

Jesus said to them, ***“They answered and said unto him, Abraham is our father. Jesus saith unto them, If ye were Abraham's children, ye would do the works of Abraham. ⁴⁰But now ye seek to kill me, a man that hath told you the truth, which I have heard of God: this did not Abraham. ⁴¹Ye do the deeds of your father. Then said they to him, We be not born of fornication; we have one Father, even God. ⁴²Jesus said unto them, If God were your Father, ye would love me: for I proceeded forth and came from God; neither came I of myself, but he sent me. ⁴³Why do ye not understand my speech? even because ye cannot hear my word. ⁴⁴Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it. ⁴⁵And because I tell you the truth, ye believe me not. ⁴⁶Which of you convinceth me of sin? And if I say the truth, why do ye not believe me? ⁴⁷He***

that is of God heareth God's words: ye therefore hear them not, because ye are not of God."-(John 8:39-47).

In this passage Jesus seems to be saying clearly that Satan is the father of the Jews. I know a lot of Christians that love Jews, but this verse seems pretty anti-Jewish. Is there some way of understanding this verse to be not anti-Jewish, or are there Christians that do not accept this verse as authoritative?

In the grand plan revealed in Scripture, Satan must destroy the Biblical descendants through provoking a final war that Ezekiel 38/39 goes into substantial detail. I do not know any of the well-known Bible prophecy teachers that sort this out for their audience and so we hear a lot about Christian Zionism, an oxymoron at the minimum! All of this is being orchestrated by the Jesuit-Vatican/Freemasonry/Rothschild Beast System.

Throughout recorded Biblical History, God has thwarted Satan's Strategy by delivering a remnant line descending from Abraham, Isaac, and Jacob. Just as it looked as if Satan had destroyed the Jews, God snatched victory from the jaws of defeat by preserving a remnant to continue the line of Abraham, Isaac, and Jacob.

The late Dr. Chuck Missler labeled this as "Spiritual Warfare". Dr. Chuck identified twenty examples of where God countered Satan's move to exterminate the descendants of Abraham, Isaac, and Jacob:

- Cain's murder of Abel –(Genesis 2)
- Corruption of Adam's line –(Genesis 6)
- Abraham's seed –(Genesis 12, 20)
- Famine –(Genesis 50)
- Destruction of the male line –(Exodus 1)
- Pharaoh's pursuit –(Exodus 14)
- The populating of Canaan –(Genesis 12:6)
- Against David's line –(2nd Samuel 7)
- Jehoram kills his brothers –(2nd Chronicles 21:16)
- Arabians slew all but Ahazariah
- Athaaliah kills all but Joash –(2nd Kings 11:1-3; 2nd Chronicles 22)
- Hezekiah assaulted, etc. –(Isaiah 36, 38)
- Blood curse Jeconiah –(Jeremiah 22:30)
- Thus the Virgin Birth
- Haman's attempts –(Esther 3)
- Joseph's fears –(Matthew 1)
- Herod's attempts –(Matthew 2)
- At Nazareth –(Luke 4)
- 2 storms on the Sea –(Mark 4, Luke 8)
- The Cross
- Summary –(Revelation 12, 13; Ephesians 6:10-18)

If you have comprehended all this, you can see why I see as problematic when Bibi Netanyahu says he is going to vaccinate 2.25-million people next month. While no one knows exactly what is hidden in that vaccine, it offers Satan and his minions the perfect time to kill all of the Sephardic Jews. This would be a perfect opportunity to attempt to check-mate God's Messianic Promise!

If I am correct, the big picture here portends of something really huge breaking with the USS Georgia and an Israeli Dolphin class submarine in Iranian waters, both equipped with nuclear cruise missiles. Might we see an attack on Damascus, and in quick fashion an attack by Gog and Magog and their alliance. Considering the state of turbulence in the U.S. election being stolen, corruption in the political strife, the U.S., to turn the U.S. into a communist state would be vulnerable to an attack from China and North Korea. The bombing of the AT&T central switching station of Nashville is an indicator of the length the leftists will go to get Joe Biden and Kamala Harris certified by the Electoral College. The Supreme Court is controlled by the Illuminati Jesuit coadjutors, which are obligated by their Jesuit oath to declare Joe Biden the president.

A military source reported on December 27th, 2020 that AT&T got a contract to do a forensic audit of Dominion voting machines and those machines were being to Nashville, TN this past week. The former owner of the AT&T building in Nashville, William Kennard, is a board member for Cerberus Capital Management and AT&T. He was also William Clinton's FCC Chair, and Obama's Ambassador to the EU. Dominion voting is owned by Cerberus Capital Management. Cerberus Capital is run by Staple Street Execs. Joe Biden's brother-in-law, Steven Owens, is the co-founder of Staple Street Execs. along with William Kennard (mentioned above). If have been following along with what happened in Nashville a few days ago, you have some interesting coincidences.

As I was telling a friend of mine back in Pittsburgh Sunday night, the days of January, 2021 are looking to be some of the volatile in history, both in the Middle East or here at home. Stay alert, awake, and watch closely. Each day may look grimmer than the day before. Have the proverbial bags packed and ready to depart on short notice!
